**DISCIPLINARY GUIDELINES:**

Section 459.015(1)(x), Florida Statutes (2016-2018): Rule 64B15-19.002(27), Florida Administrative Code (revised March 27, 2012)

SECOND OFFENSE: From probation, to revocation, or denial of licensure, and an administrative fine ranging from \$2,500.00 to \$5,000.00.

**PRELIMINARY CASE REMARKS: SETTLEMENT AGREEMENT:**

On or about March 13, 2017, Patient S.K., a then seventy-five-year-old female, presented to Respondent, a Board-certified otolaryngologist, for complaints of clogged ears, ear problems and nasal congestion. During her visit on or about March 13, 2017, Patient S.K. complained of moderate, bilateral clogged ears and nasal passage blockage. Her symptoms commenced a month prior to her visit, were caused by an unknown event, and were worsening. Respondent conducted a physical exam of Patient S.K. which found the left external ear canal had cerumen impaction and the right tympanic membrane was retracted. The audiologic evaluation found the left ear was normal whereas the right ear was flat, and hearing loss was noted. Respondent diagnosed Patient S.K. with impacted cerumen of the left ear and unilateral chronic secretory otitis media of the right ear. Respondent treated Patient S.K. by cleaning the left ear canal with a wire loop and prescribed Prednisone. On or about March 23, 2017, Patient S.K. presented with complaints of constant, moderately clogged right ear to Respondent. During the visit on or about March 23, 2017, Respondent conducted a myringotomy and surgically placed an ear tube in Patient S.K.'s right ear, based

upon Respondent's diagnosis of recurrent otitis media of the right ear. From on or about March 13, 2017 through on or about March 22, 2019 (hereinafter the "treatment period"), Respondent examined, assessed, and treated Patient S.K. during at least twenty-four visits where she presented with complaints of mild to moderate right ear problems, intermittent pain, and other symptoms. During the treatment period, Respondent examined, assessed and treated Patient S.K. for right ear chronic secretory otitis media, dysfunction of both eustachian tubes, and/or unilateral and bilateral impacted cerumen. During the treatment period, Respondent performed four myringotomies with ear tubes placed in Patient S.K.'s right ear which resulted in limited or no improvement of symptoms on or about March 23, 2017; October 18, 2017; July 19, 2018; and February 4, 2019. During the treatment period, as symptoms persisted or worsened, Respondent did not attempt to, or failed to document the attempt to, determine the event that triggered Patient S.K.'s adult onset right ear problems by conducting specialized diagnosis, such as nasal endoscopy to assess the nasopharynx and eustachian tube, cultures of the otorrhea, and/or a radiological exam.<sup>1</sup> During the treatment period, Subject's medical records for Patient S.K. did not consistently document which primary anatomic area or side was being examined and/or lacked consistent historical timelines. On or about April 10, 2019, Patient S.K. presented to Dr. D.M. for a second opinion with complaints of moderate right ear problems and ear ache. A CT scan of Patient S.K.'s right ear temporal bone was ordered. On or about April 19, 2019, Patient S.K. underwent a CT scan which revealed a large tumor centered in the right sphenoid bone of her skull which extended towards her right middle cranial fossa bone near her ear. Fluid or soft tissue was also identified within Patient S.K.'s right middle ear cavity by the CT scan.

**TERMS OF SETTLEMENT AGREEMENT:**

- Letter of Reprimand;
- Administrative fine of \$7,500.00, to be paid within thirty (30) days from the date the Final Order is filed;
- Reimbursement of the Department's costs not to exceed \$6,306.98 to be paid within thirty (30) days from the date the Final Order is filed.

---

<sup>1</sup> Nasal endoscopy of the nasopharynx and eustachian tube is considered medically necessary in adults for recent origin, unilateral middle ear otitis media with effusion to rule out a mass, tumor, or other source of blockage in the ears.

- Laws and Rules Course within one (1) year from the date the Final Order is filed, Respondent shall complete an FMA sponsored laws and rules course, which can be completed online;
- Continuing Medical Education – "Clinical Assessment" – Within one (1) year from the date the Final Order is filed, Respondent shall complete a one-hour CME in the clinical assessment of ear disorders, which can be completed online;
- Continuing Medical Education - "Risk Management" – Within one (1) year from the date the Final Order is filed, Respondent shall complete a three-hour CME in risk management, which can be completed online. In the alternative, within one (1) year from the date the Final Order is filed, Respondent may attend one full day of disciplinary hearings at a regular meeting of the Board. In order to receive such credit, Respondent must sign in with the Executive Director of the Board before the meeting begins and sign out with the Executive Director at the end of the day.

**CONSIDERATIONS IN SUPPORT OF SETTLEMENT:**

- Subject has been licensed in Florida since 3-16-94;
- Subject has cooperated with the investigation and disciplinary process;
- The Laws and Rules Course is intended to educate Respondent on his legal obligations and should reduce the likelihood that he will repeat the conduct in the future;
- The two (2) course requirements are tailored to address the specific types of violations allegedly committed by Subject and will provide Subject with the knowledge and tools needed to avoid committing these types of violations in the future.

**DOH Case No. 2019-24923**

**CRAIG STEVEN SHAPIRO, D.O.,**

**Respondent.**

\_\_\_\_\_ /

**SETTLEMENT AGREEMENT**

Craig Steven Shapiro, D.O., referred to as the "Respondent," and the Department of Health, referred to as "Department," stipulate and agree to the following Agreement and to the entry of a Final Order of the Board of Osteopathic Medicine, referred to as "Board," incorporating the Stipulated Facts and Stipulated Disposition in this matter.

Petitioner is the state agency charged with regulating the practice of osteopathic medicine pursuant to section 20.43, Florida Statutes, and chapter 456, Florida Statutes, and chapter 459, Florida Statutes.

**STIPULATED FACTS**

1. At all times material hereto, Respondent was a licensed osteopathic physician in the State of Florida having been issued license number OS 6777.

2. The Department charged Respondent with an Administrative Complaint that was filed and properly served upon Respondent alleging violations of chapter 459, Florida Statutes, and the rules adopted pursuant thereto. A true and correct copy of the Administrative Complaint is attached hereto as Exhibit A.

3. For purposes of these proceedings, Respondent neither admits nor denies the allegations of fact contained in the Administrative Complaint.

### **STIPULATED CONCLUSIONS OF LAW**

1. Respondent admits that, in his capacity as a licensed osteopathic physician, he is subject to the provisions of chapters 456 and 459, Florida Statutes, and the jurisdiction of the Department and the Board.

2. Respondent admits that the facts alleged in the Administrative Complaint, if proven, would constitute violations of chapter 456 and/or 459, Florida Statutes.

3. Respondent agrees that the Stipulated Disposition in this case is fair, appropriate and acceptable to Respondent.

### **STIPULATED DISPOSITION**

1. **Letter of Reprimand** – The Board shall issue a Letter of Reprimand against Respondent's license.

2. **Fine** – The Board shall impose an administrative fine of **Seven Thousand Five Hundred Dollars and Zero Cents (\$7,500.00)** against Respondent's license which Respondent shall pay to: Payments, Department of Health, Compliance Management Unit, Bin C-76, P.O. Box 6320, Tallahassee, FL 32314-6320, within thirty (30) days from the date of filing of the Final Order accepting this Agreement ("Final Order"). **All fines shall be paid by cashier's check or money order.** Any change in the terms of payment of any fine imposed by the Board **must be approved in advance by the Board.**

**RESPONDENT ACKNOWLEDGES THAT THE TIMELY PAYMENT OF THE FINE IS HIS/HER LEGAL OBLIGATION AND RESPONSIBILITY AND RESPONDENT AGREES TO CEASE PRACTICING IF THE FINE IS NOT PAID AS AGREED IN THIS SETTLEMENT AGREEMENT. SPECIFICALLY, IF RESPONDENT HAS NOT RECEIVED WRITTEN CONFIRMATION WITHIN 45 DAYS OF THE DATE OF FILING OF THE FINAL ORDER THAT THE FULL AMOUNT OF THE FINE HAS BEEN RECEIVED BY THE BOARD OFFICE, RESPONDENT AGREES TO CEASE PRACTICE UNTIL RESPONDENT RECEIVES SUCH WRITTEN CONFIRMATION FROM THE BOARD.**

3. **Reimbursement of Costs** – Pursuant to section 456.072, Florida Statutes, Respondent agrees to pay the Department for the Department’s costs incurred in the investigation and prosecution of this case (“Department costs”). Such costs exclude the costs of obtaining supervision or monitoring of the practice, the cost of quality assurance reviews, any other costs Respondent incurs to comply with the Final Order, and the Board’s administrative costs directly associated with Respondent’s probation, if any. Respondent agrees that the amount of Department costs to be paid in this case is **Four Thousand Three Hundred Six Dollars and Ninety-eight Cents (\$4,306.98), but shall not exceed Six Thousand Three Hundred Six Dollars and Ninety-eight Cents (\$6,306.98)**. Respondent will pay such Department costs to: Payments, Department of Health, Compliance Management Unit, Bin C-76, P.O. Box 6320, Tallahassee, FL 32314-6320, within thirty (30) days from the date of filing of the Final

Order. All costs shall be paid by cashier's check or money order. Any change in the terms of payment of costs imposed by the Board must be approved in advance by the Board.

**RESPONDENT ACKNOWLEDGES THAT THE TIMELY PAYMENT OF THE COSTS IS HIS/HER LEGAL OBLIGATION AND RESPONSIBILITY AND RESPONDENT AGREES TO CEASE PRACTICING IF THE COSTS ARE NOT PAID AS AGREED IN THIS SETTLEMENT AGREEMENT. SPECIFICALLY, IF RESPONDENT HAS NOT RECEIVED WRITTEN CONFIRMATION WITHIN 45 DAYS OF THE DATE OF FILING OF THE FINAL ORDER THAT THE FULL AMOUNT OF THE COSTS NOTED ABOVE HAS BEEN RECEIVED BY THE BOARD OFFICE, RESPONDENT AGREES TO CEASE PRACTICE UNTIL RESPONDENT RECEIVES SUCH WRITTEN CONFIRMATION FROM THE BOARD.**

4. **Laws and Rules Course** – Within one (1) year from the date the Final Order is filed, Respondent shall complete an FMA sponsored laws and rules course, which can be completed online.

5. **Continuing Medical Education** – **"Clinical Assessment"** – Within one (1) year from the date the Final Order is filed, Respondent shall complete a one-hour CME in the clinical assessment of ear disorders, which can be completed online.

6. **Continuing Medical Education** - **"Risk Management"** – Within one (1) year from the date the Final Order is filed, Respondent shall complete a three-hour CME in risk management, which can be completed online.

## **STANDARD PROVISIONS**

1. **Appearance** – Respondent is required to appear before the Board at the meeting of the Board where this Agreement is considered.

2. **No Force or Effect until Final Order** – It is expressly understood that this Agreement is subject to the approval of the Board and the Department. In this regard, the foregoing paragraphs (and only the foregoing paragraphs) shall have no force and effect unless the Board enters a Final Order incorporating the terms of this Agreement.

3. **Continuing Medical Education** – Unless otherwise provided in this Agreement Respondent shall first submit a written request to the Board for approval prior to performance of said CME course(s). Respondent shall submit documentation to the Board of having completed a CME course in the form of certified copies of the receipts, vouchers, certificates, or other papers, such as physician’s recognition awards, documenting completion of this medical course within one (1) year of the filing of the Final Order in this matter. All such documentation shall be sent to the Board, regardless of whether some or any of such documentation was provided previously during the course of any audit or discussion with counsel for the Department. CME hours required by this Agreement shall be in addition to those hours required for renewal of licensure. Unless otherwise approved by the Board, such CME course(s) shall consist of a formal, live lecture format.

4. **Addresses** – Respondent must provide current residence and practice addresses to the Board. Respondent shall notify the Board in writing within ten (10) days of any changes of said addresses

5. **Future Conduct** – In the future, Respondent shall not violate chapter 456, 459 or 893, Florida Statutes, or the rules promulgated pursuant thereto, or any other state or federal law, rule, or regulation relating to the practice or the ability to practice medicine to include, but not limited to, all statutory requirements related to practitioner profile and licensure renewal updates. Prior to signing this agreement, the Respondent shall read chapters 456, 459 and 893 and the Rules of the Board of Osteopathic Medicine, at Chapter 64B15, Florida Administrative Code.

6. **Violation of Terms** – It is expressly understood that a violation of the terms of this Agreement shall be considered a violation of a Final Order of the Board, for which disciplinary action may be initiated pursuant to chapters 456 and 459, Florida Statutes.

7. **Purpose of Agreement** – Respondent, for the purpose of avoiding further administrative action with respect to this cause, executes this Agreement. In this regard, Respondent authorizes the Board to review and examine all investigative file materials concerning Respondent prior to or in conjunction with consideration of the Agreement. Respondent agrees to support this Agreement at the time it is presented to the Board and shall offer no evidence, testimony or argument that disputes or contravenes any stipulated fact or conclusion of law. Furthermore, should this Agreement not be accepted by the Board, it is agreed that presentation to and consideration of this Agreement and other documents and matters by the Board shall not unfairly or illegally prejudice the Board or any of its members from further participation, consideration or resolution of these proceedings.

8. **No Preclusion of Additional Proceedings** – Respondent and the Department fully understand that this Agreement and subsequent Final Order will in no way preclude additional proceedings by the Board and/or the Department against Respondent for acts or omissions not specifically set forth in the Administrative Complaint attached as Exhibit A.

9. **Waiver of Attorney's Fees and Costs** – Upon the Board's adoption of this Agreement, the parties hereby agree that with the exception of Department costs noted above, the parties will bear their own attorney's fees and costs resulting from prosecution or defense of this matter. Respondent waives the right to seek any attorney's fees or costs from the Department and the Board in connection with this matter.

10. **Waiver of Further Procedural Steps** – Upon the Board's adoption of this Agreement, Respondent expressly waives all further procedural steps and expressly waives all rights to seek judicial review of or to otherwise challenge or contest the validity of the Agreement and the Final Order of the Board incorporating said Agreement.

**ADMINISTRATIVE COMPLAINT**

Petitioner, Department of Health, by and through its undersigned counsel, files this Administrative Complaint before the Board of Osteopathic Medicine against Respondent, Craig Steven Shapiro, D.O., and in support thereof alleges:

1. Petitioner is the state agency charged with regulating the practice of medicine in the state of Florida pursuant to section 20.43, Florida Statutes; chapter 456, Florida Statutes; and chapter 459, Florida Statutes.

2. At all times material to this Complaint, Respondent was a licensed osteopathic physician within the state of Florida, having been issued license number OS 6777.

Exhibit  
A

3. Respondent's address of record is 500 North Hiatus Road, Suite 101, Pembroke Pines, Florida 33026.

4. On or about March 13, 2017, Patient S.K., a then seventy-five-year-old female, presented to Respondent, a Board-certified otolaryngologist, for complaints of clogged ears, ear problems and nasal congestion.

5. During her visit on or about March 13, 2017, Patient S.K. complained of moderate, bilateral clogged ears and nasal passage blockage. Her symptoms commenced a month prior to her visit, were caused by an unknown event, and were worsening.

6. Respondent conducted a physical exam of Patient S.K. which found the left external ear canal had cerumen impaction and the right tympanic membrane was retracted. The audiologic evaluation found the left ear was normal whereas the right ear was flat, and hearing loss was noted.

7. Respondent diagnosed Patient S.K. with impacted cerumen of the left ear and unilateral chronic secretory otitis media of the right ear.

8. Respondent treated Patient S.K. by cleaning the left ear canal with a wire loop and prescribed Prednisone.

9. On or about March 23, 2017, Patient S.K. presented with complaints of constant, moderately clogged right ear to Respondent.

10. During the visit on or about March 23, 2017, Respondent conducted a myringotomy and surgically placed an ear tube in Patient S.K.'s right ear, based upon Respondent's diagnosis of recurrent otitis media of the right ear.

11. From on or about March 13, 2017 through on or about March 22, 2019 (hereinafter the "treatment period"), Respondent examined, assessed, and treated Patient S.K. during at least twenty-four visits where she presented with complaints of mild to moderate right ear problems, intermittent pain, and other symptoms.

12. During the treatment period, Respondent examined, assessed and treated Patient S.K. for right ear chronic secretory otitis media, dysfunction of both eustachian tubes, and/or unilateral and bilateral impacted cerumen.

13. During the treatment period, Respondent performed four myringotomies with ear tubes placed in Patient S.K.'s right ear which resulted in limited or no improvement of symptoms on or about March 23, 2017; October 18, 2017; July 19, 2018; and February 4, 2019.

14. During the treatment period, as symptoms persisted or worsened, Respondent did not attempt to, or failed to document the attempt to, determine the event that triggered Patient S.K.'s adult onset right ear problems by conducting specialized diagnosis, such as nasal endoscopy to assess the nasopharynx and eustachian tube, cultures of the otorrhea, and/or a radiological exam.<sup>1</sup>

15. During the treatment period, Subject's medical records for Patient S.K. did not consistently document which primary anatomic area or side was being examined and/or lacked consistent historical timelines.

16. On or about April 10, 2019, Patient S.K. presented to Dr. D.M. for a second opinion with complaints of moderate right ear problems and ear ache. A CT scan of Patient S.K.'s right ear temporal bone was ordered.

17. On or about April 19, 2019, Patient S.K. underwent a CT scan which revealed a large tumor centered in the right sphenoid bone of her skull which extended towards her right middle cranial fossa bone near her ear. Fluid or soft tissue was also identified within Patient S.K.'s right middle ear cavity by the CT scan.

---

<sup>1</sup> Nasal endoscopy of the nasopharynx and eustachian tube is considered medically necessary in adults for recent origin, unilateral middle ear otitis media with effusion to rule out a mass, tumor, or other source of blockage in the ears.

18. During the treatment period, the prevailing professional standard of care required Respondent to:

- a. adequately assess Patient S.K.'s complaints and symptoms;
- b. perform nasal endoscopy of the nasopharynx and eustachian tube of Patient S.K.;
- c. appropriately diagnose Patient S.K.'s condition;
- d. identify and pursue the appropriate plan or procedure for Patient S.K.'s condition; and/or
- e. reevaluate Patient S.K.'s planned treatment, assessment, or diagnosis commensurate with persistent or changed conditions and symptoms.

**COUNT I**  
**Violation of § 459.015(1)(x)1., F.S.**

19. Petitioner re-alleges and incorporates by reference paragraphs one (1) through eighteen (18), as if fully set forth herein.

20. Section 459.015(1)(x)1., Florida Statutes (2016–2018), subjects a licensed osteopathic physician to discipline for committing medical malpractice as defined in section 456.50, Florida Statutes.

21. Sections 456.50(1)(e) and (g), Florida Statutes (2016–2018), define medical malpractice as the failure to practice medicine in accordance with the level of care, skill, and treatment recognized in general law related to health care licensure per the standard of care specified in section 766.102, Florida Statutes.

22. Section 766.102(1), Florida Statutes (2016–2018), provides that the prevailing professional standard of care for an osteopathic physician shall be that level of care, skill, and treatment which, in light of all relevant surrounding circumstances, is recognized as acceptable and appropriate by a reasonably prudent similar physician.

23. Respondent fell below the prevailing professional standard of care in one or more of the following ways:

- a. by failing to adequately assess Patient S.K.'s complaints and symptoms;
- b. by failing to perform a nasal endoscopy of the nasopharynx and eustachian tube of Patient S.K.;
- c. by failing to appropriately diagnose Patient S.K.'s condition;

- d. by failing to identify and/or pursue the appropriate plan or procedure for Patient S.K.'s condition; and/or
- e. by failing to change the plan, treatment, assessment, or diagnosis commensurate with Patient S.K.'s persistent or changed condition and symptoms.

24. Based on the foregoing, Respondent has violated section 459.015(1)(x)1., Florida Statutes (2016–2018), by committing medical malpractice.

WHEREFORE, the Petitioner respectfully requests that the Board of Osteopathic Medicine enter an order imposing one or more of the following penalties: permanent revocation or suspension of Respondent's license, restriction of practice, imposition of an administrative fine, issuance of a reprimand, placement of Respondent on probation, corrective action, refund of fees billed or collected, remedial education and/or any other relief that the Board deems appropriate.

## **NOTICE OF RIGHTS**

Respondent has the right to request a hearing to be conducted in accordance with section 120.569 and 120.57, Florida Statutes, to be represented by counsel or other qualified representative, to present evidence and argument, to call and cross-examine witnesses and to have subpoena and subpoena duces tecum issued on his or her behalf if a hearing is requested.

A request or petition for an administrative hearing must be in writing and must be received by the Department within 21 days from the day Respondent received the Administrative Complaint, pursuant to Rule 28-106.111(2), Florida Administrative Code. If Respondent fails to request a hearing within 21 days of receipt of this Administrative Complaint, Respondent waives the right to request a hearing on the facts alleged in this Administrative Complaint pursuant to Rule 28-106.111(4), Florida Administrative Code. Any request for an administrative proceeding to challenge or contest the material facts or charges contained in the Administrative Complaint must conform to Rule 28-106.2015(5), Florida Administrative Code.

Mediation under section 120.573, Florida Statutes, is not available to resolve this Administrative Complaint.

## **NOTICE REGARDING ASSESSMENT OF COSTS**

Respondent is placed on notice that Petitioner has incurred costs related to the investigation and prosecution of this matter. Pursuant to section 456.072(4), Florida Statutes, the Board shall assess costs related to the investigation and prosecution of a disciplinary matter, which may include attorney hours and costs, on the Respondent in addition to any other discipline imposed.

21. Sections 456.50(1)(e) and (g), Florida Statutes (2016–2018), define medical malpractice as the failure to practice medicine in accordance with the level of care, skill, and treatment recognized in general law related to health care licensure per the standard of care specified in section 766.102, Florida Statutes.

22. Section 766.102(1), Florida Statutes (2016–2018), provides that the prevailing professional standard of care for an osteopathic physician shall be that level of care, skill, and treatment which, in light of all relevant surrounding circumstances, is recognized as acceptable and appropriate by a reasonably prudent similar physician.

23. Respondent fell below the prevailing professional standard of care in one or more of the following ways:

- a. by failing to adequately assess Patient S.K.'s complaints and symptoms;
- b. by failing to perform a nasal endoscopy of the nasopharynx and eustachian tube of Patient S.K.;
- c. by failing to appropriately diagnose Patient S.K.'s condition;

- d. by failing to identify and/or pursue the appropriate plan or procedure for Patient S.K.'s condition; and/or
- e. by failing to change the plan, treatment, assessment, or diagnosis commensurate with Patient S.K.'s persistent or changed condition and symptoms.

24. Based on the foregoing, Respondent has violated section 459.015(1)(x)1., Florida Statutes (2016–2018), by committing medical malpractice.

WHEREFORE, the Petitioner respectfully requests that the Board of Osteopathic Medicine enter an order imposing one or more of the following penalties: permanent revocation or suspension of Respondent's license, restriction of practice, imposition of an administrative fine, issuance of a reprimand, placement of Respondent on probation, corrective action, refund of fees billed or collected, remedial education and/or any other relief that the Board deems appropriate.

## **NOTICE OF RIGHTS**

Respondent has the right to request a hearing to be conducted in accordance with section 120.569 and 120.57, Florida Statutes, to be represented by counsel or other qualified representative, to present evidence and argument, to call and cross-examine witnesses and to have subpoena and subpoena duces tecum issued on his or her behalf if a hearing is requested.

A request or petition for an administrative hearing must be in writing and must be received by the Department within 21 days from the day Respondent received the Administrative Complaint, pursuant to Rule 28-106.111(2), Florida Administrative Code. If Respondent fails to request a hearing within 21 days of receipt of this Administrative Complaint, Respondent waives the right to request a hearing on the facts alleged in this Administrative Complaint pursuant to Rule 28-106.111(4), Florida Administrative Code. Any request for an administrative proceeding to challenge or contest the material facts or charges contained in the Administrative Complaint must conform to Rule 28-106.2015(5), Florida Administrative Code.

Mediation under section 120.573, Florida Statutes, is not available to resolve this Administrative Complaint.

## **NOTICE REGARDING ASSESSMENT OF COSTS**

Respondent is placed on notice that Petitioner has incurred costs related to the investigation and prosecution of this matter. Pursuant to section 456.072(4), Florida Statutes, the Board shall assess costs related to the investigation and prosecution of a disciplinary matter, which may include attorney hours and costs, on the Respondent in addition to any other discipline imposed.

Regarding: DOH v CSS Complaint No. 2019-24923

Dear FL Department of Health, PSU,

This case involves alleged practice below standard of care.

1. I do not know the Subject, the Complainant nor do I have direct knowledge of the circumstances surrounding the case.
2. I currently perform the examination/test/procedures and prescribe the medications that are at issue in this case.
  - a. I was performing and prescribing the same at the time the incident occurred.
  - b. I am currently Board Certified in Otolaryngology by the American Osteopathic Association, American Osteopathic Board of Otolaryngology.
3. In my opinion, the Subject *did not* meet the applicable standards of care outlined in the Florida Statutes in his examination, diagnosis, and treatment of the patient.
4. In my opinion the Subject *did not* adequately assess the patient's complaints and symptoms.
  - a. The complete assessment of the patient's condition was *incomplete* regarding testing and documented examinations.
  - b. A complete and proper history and physical examination was documented by the Subject.
5. In my opinion, the Subject's diagnosis of the patient's condition was initially appropriate and adequate, and while initially accurate, similar/overlapping symptoms persisted or worsened and were not adequately addressed, assessed, nor were options provided.
6. In my opinion, the patient's complaints/condition and changes to such mandated the use of specialized diagnosis being performed (nasal endoscopy to assess the nasopharynx and eustachian tube, cultures of the otorrhea, or less often, possible radiology testing), but was not considered, performed or ordered. *This represents practice below standard of care.*
7. In my opinion, an appropriate plan and treatment for the patient's initial condition was identified and pursued by the Subject, but with time the conditions (symptoms) persisted or changed, without a commensurate change of plan or treatment.

8. In my opinion, the Subject did not prescribe, dispense, inject, or administer legend drugs or any substance to the patient that was inappropriate.
9. In my opinion, the medical records maintained by the Subject *do not accurately and completely document and justify the course of treatment utilized in the care of the patient.*
  - a. The patient's history and examination are *incomplete* for the working diagnosis.
  - b. All the test results, records of drugs prescribed, dispensed or administered and consultation reports are included in the patient's medical records. Hospitalization was not involved.
  - c. *There are identifiable deficiencies and problems with the medical records* maintained by the Subject: inconsistent documentation of the primary anatomic area being examined, lack of consistent historical timelines, lack of laterality in some records.
  - d. Subject's entries in the medical records are legible.
10. Billing records were enclosed for my review.
  - a. Fees appear to be within acceptable ranges.
  - b. There is no indication of fraud in this practice of medicine.
11. In my opinion, several reasonable steps could have been taken to assess for the patient's persistent symptoms and findings.
  1. Endoscopic nasal examination to assess for nasopharyngeal mass or obstruction, and eustachian tube function. This would not likely change the course of this patient's care. This procedure is considered Standard of Care and was not performed.
  2. Radiologic testing (generally CT) of the temporal bone/mastoid to assess surrounding structures of the ear could potentially have been. If ordered initially (2017), it would not have changed the course of this patient's care. This test is not Standard of Care and is an optional test as per physician discretion.
12. A Subject response on behalf of the Subject was included in the materials for my review. It did not add any new or different information but rather a summary of the timeline, and request for dismissal.

This case is a difficult one, as there seems to be 2 different concerns.

The first is regarding the source of the complaint, that the Subject breached standard of care by not diagnosing a large intracranial tumor at any point during his care of the patient. In my opinion, there is no evidence that an intracranial evaluation or scanning was warranted by the patient's condition and as such there is **no evidence that the Subject violated standard of care with the patient, SK, with regards to misdiagnosis of a brain tumor.**

The second is regarding the 2-year care of an adult patient with otitis media with effusion. In my opinion, **there is a cause for concern regarding initial and accurate workup of this patient that represents practice below standard of care.** Adult onset otitis media with effusion, unilaterally, is considered uncommon. Standard of care is to perform a physical examination and audiometric examination, which was documented. It is also indicated to perform nasal endoscopy to evaluate the nasopharynx and eustachian tubes for neoplasm, infection, or obstruction. There is no evidence that

this was performed or considered. This simple standard procedure, typically taking less than a minute to perform is all that's required to meet standard of care.

\*\*\*\*\*

The patient (SK) presented with a RIGHT unilateral middle ear effusion in March, 2017. SK was treated appropriately, and after medical treatment failure, a tympanostomy tube was surgically placed, a procedure eventually repeated 4 separate times over 2 years. She was appropriately treated with medications during the course of her visits. In my opinion, during the initial course of her therapy with the Subject, additional items should or could have been performed. Firstly, nasal endoscopy to evaluate the nasopharynx and eustachian tube is considered medically necessary in adults for recent origin, unilateral middle ear effusion. This is primarily to rule out a mass/tumor or other source of blockage and should have been done the first visit, especially considering her secondary complaint of nasal stuffiness. Subsequently, there is no record that further workup for the unilateral effusion was considered at any time. **For this secondary concern, precisely a failure to completely evaluate the patient for a new onset unilateral middle ear effusion, the Subject violated standard of care.**

Secondly, radiologic testing to assess the mastoid or temporal bone could be considered in a patient with persistent or worsening symptoms, although this is neither a necessity nor medically necessary. Of note is that neither of these tests would have changed the course of treatment nor the eventual intracranial diagnosis, especially if performed in 2017 at the patient's first or second visit.

Despite the complainant's admonition, there is no evidence that the findings on the CT were the proximate cause for the patient's death. The death certificate did not show this as a cause of death, and no autopsy was performed to refute the medical examiner's diagnosis. The CT report refutes the primary source of the tumor as coming from the temporal bone. It originates from an area more centrally located in the brain and had extended out to the temporal bone and other extracranial areas at the time of its identification. There is no way to document rapidity of growth, other than to note that the mass was very large at its identification and was likely present for more than 6 months. It should also be noted that multiple other physicians had evaluated this patient over this timeframe with no indication that testing was ordered.

It should be clear that in my opinion the standard of care was lacking ONLY in the proper assessment of a unilateral middle ear effusion and recurring symptoms lasting more than 2 years. It is my opinion that there is no direct correlation between the Subject's actions of 2017-2019 and the eventual intracranial diagnosis or the patient's death.

Alleged Violation: SS 459.015(1)(g)(o)(x)(pp), 456.072(1)(k)(dd), F.S. and Rule 64B15-15.004, F.A.C.

Synopsis: This investigation is predicated upon a complaint (Case Summary and attachments, Exhibit #1), from M.K., the son of 76 y/o female patient, S.K., who began seeing SHAPIRO in March 2017 with complaints of pain, ringing, hearing loss, and fullness in her ear. S.K. presented to SHAPIRO 24 times from 03/13/2017 and 03/22/2019. Alleges that SHAPIRO failed to order appropriate testing and failed to diagnose and treat a tumor that started in S.K.'s ear then spread to her brain. S.K. died on 04/27/2019.

## INVESTIGATIVE DETAILS

INTERVIEW OF M.K. (Source)

On 07/01/2019 M.K. returned this Investigator's call and essentially stated:

- His mother, S.K., did not have any major medical ailments. The only medication his mother was taking was aspirin as needed. She had "some arthritis, hearing loss, and ringing in her ears," and the symptoms she complained about for approximately 2 years were consistent with a tumor; "if one had googled it that would show." The diagnosis showed the tumor grew in S.K.'s inner ear and towards the brain. "If found out early, this could have been treated."
- S.K. did some traveling to various family activities prior to her demise. She had back pain, and never had any surgery except for cataract.
- He went with S.K. on her second to last visit to see SHAPIRO, and SHAPIRO told S.K. there was nothing else he could do for her, if she wanted she could get a hearing aid. S.K. told SHAPIRO no, she would go to see a different doctor.
- On 04/10/2019, M.K. went with S.K. to see Dr. DANIEL MORSE, who is also in Memorial Healthcare System, and who confirmed a CT Scan should have been done. He ordered the scan which was done on 04/19/2019; and the following Monday MORSE called and told S.K. he was sorry to tell her there was a tumor, and it was "massive." S.K. had a follow-up visit with MORSE and he explained his findings to her.
- MORSE had referred S.K. to see an oncologist and a neurosurgeon the following week; however, she died a few days after getting the news from MORSE, and the appointments with the specialists were canceled.
- S.K. "never had a chance to live," and SHAPIRO "took the opportunity away; her life was entrusted to him, she could have died from effects of the tumor."
- M.K. is the trustee of the estate (Exhibit #1), and no autopsy was done on S.K. SHAPIRO was negligent and he is concerned and hopes S.K.'s experience with SHAPIRO will "not happen to someone else."

Investigator's Notes: On 08/29/2019 this Investigator received a request from M.K. for a copy of the investigative file. He was informed this would not be possible. M.K. also requested the opportunity to speak with the PSU attorney assigned to review this case.

STATEMENT OF CRAIG STEVEN SHAPIRO, D.O. (Subject/Exhibit #12)

Licensure Address:

500 N. Hiatus Road, Suite 101  
Pembroke Pines, FL 33026  
(954) 438-7171

On 07/12/2019, this Investigator received a Letter of Representation from MARC P. GANZ, Esquire, on behalf of SHAPIRO (Exhibit #11). On 08/15/2019, this Investigator received a Letter of Response with an attached copy of SHAPIRO'S Curriculum Vitae (Exhibit #12). Pursuant to the Curriculum Vitae, SHAPIRO received his doctoral degree in Osteopathic Medicine in June 1989, from Southeastern University of Health Sciences, North Miami Beach, FL. He completed his internship in 1990, at Botsford General Hospital, Michigan. SHAPIRO completed his residencies in surgery and otolaryngology at Northeastern University, Philadelphia, Pennsylvania, and the Osteopathic Medical Center of Philadelphia in 1994. SHAPIRO is Board Certified and is a fellow of Florida American Osteopathic College of Otolaryngology – Head & Neck Surgery, and a

Diplomat of National Board of Examiners Osteopathic Physicians and Surgeons. SHAPIRO has held various offices, and the position as Chairman with Memorial Hospital Systems.

GANZ/SHAPIRO provided a summary including the assessments and plan of care for S.K.'S visits to SHAPIRO'S office from 03/13/2017 through to April 2019. GANZ/SHAPIRO stated S.K. had "a very rare and unusual tumor and her complaints were not consistent with concern for this rare and unusual occurrence. Her complaints were more consistent with her noted diagnoses..." GANZ/SHAPIRO denied providing inappropriate care and treatment to S.K., and requested that the case be dismissed.

Dear Ms. Stinson:

This will confirm that we represent Craig Steven Shapiro, D.O.. We will be providing a response on behalf of Dr. Shapiro to your June 28, 2019 correspondence. All further communications in this matter should be directed to our attention.

Based upon the date of Dr. Shapiro's receipt of your June 28, 2019 correspondence, we have calculated the 45 day period to expire on August 15, 2019. **If we are incorrect in this regard, please advise us immediately.**

Pursuant to Florida Statutes, please provide us with a complete copy of the Department's investigative file in this matter, including any expert witness opinions obtained by the Department in this matter. Dr. Shapiro will maintain the confidentiality of this information in accordance with Florida Statutes.

Thank you for your prompt attention in this regard.

Very truly yours,

*Marc P. Ganz*

RE: DOH v. Craig Steven Shapiro, D.O.  
DOH Case Number: 2019-24923  
Our File Number: 5.19059

Dear Ms. Stinson:

In follow-up to our prior communication, the following will serve as a response to your notice of investigation in this matter.

**OVERVIEW**

According to your June 28, 2019 correspondence, this matter was initiated as a result of a complaint filed by patient/decedent's son. The son provided an outline of his theory as to why his mother was not properly treated and suggested that Dr. Shapiro's care was not appropriate. According to the attachments to your June correspondence, it is alleged that if the allegations are correct, Dr. Shapiro failed to practice within the standard of care, maintain adequate records, otherwise failed to perform statutory or legal obligations. While Dr. Shapiro sympathizes with the loss of the complainant's mother and was devastated to hear of the loss of his long-term patient, his care and treatment provided to patient, S.K., was appropriate and met the prevailing standard of care. This patient, unfortunately, had a very rare and unusual tumor and her complaints were not consistent with concern for this rare and unusual occurrence. Her complaints were more consistent with her noted diagnoses and are contrary to the son's understanding of the course of events, especially since his only direct involvement with any visit was the visit of March 7, 2019. As the care was appropriate, this matter should be dismissed accordingly.

**CRAIG S. SHAPIRO, D.O.**

Dr. Shapiro received his Osteopathic Medical Degree from Southeastern University in 1989. He thereafter completed an internship at Botsford General Hospital in Farmington Hills, Michigan, followed by residencies in surgery and otolaryngology at Northeastern Hospital, followed by Osteopathic Medical Center of Philadelphia. He is Board Certified by the American Osteopathic Board of Ophthalmology and Otolaryngology and he is an Assistant Professor at the Department of Ears, Nose and Throat at Nova Southeastern University. A copy of Dr. Shapiro's curriculum vitae is attached as Exhibit "A" for further reference.

**MEDICAL SUMMARY**

**South Florida ENT Associates**

**March 13, 2017, Visit #1**

S.K. presented for initial eval. She was 77-years-old. She lived in Pembroke Pines. She was a widow. She was referred by Dr. Robert Perry. Her son, M.K., was listed as her emergency contact. Her primary insurance was Medicare with Blue Cross as her secondary.

She was seen by Dr. Craig Shapiro for c/o ear problems, nasal congestion and clogged ears. The symptoms started one month earlier. She c/o gradual onset of constant episodes of moderate, bilateral, clogged ears. She felt like she was on a plane. She **denied earache** or ear discharge.

Vitals: BP 142/80. Weight 150lbs. Height 5'6".

Her medications included ASA 325mg, Dymista 137-50mcg nasal suspension and Zyrtec.

ROS revealed hearing loss but **no earache**.

She had a past medical history of arthritis, osteoporosis and spinal stenosis.

PE revealed she was in no distress. Head and face normal. No enlargement or tenderness of the salivary glands. Facial strength normal. Otoscope exam of the left ear revealed cerumen impaction. The right tympanic membrane was retracted. Eyes normal. No swelling or deformity of her neck. No palpable cervical lymphadenopathy. Normal facial nerves.

**Assessment:**

1. Impacted cerumen of the left ear.
2. Chronic secretory otitis media of right ear.

**Plan:**

1. Start Prednisone 10mg bid x 5 days, then qd x 5 days.
2. Removal of impacted cerumen done using a wire loop to clean the canal. She tolerated the procedure well with no complications.

Ms. Sylma C. Stinson  
August 13, 2019  
Page 3

3. Tympanometry done. Right tympanometry: flat. Left tympanometry: normal.
4. Follow up in 10 days.

**March 23, 2017, Visit #2**

S.K. was seen by Dr. Craig Shapiro for f/u. She c/o ear problems and clogged ears. The symptoms started three months earlier. She c/o gradual onset of constant episodes of moderate, bilateral, clogged ears. Associated symptoms included hearing loss but **no discharge or earache**.

Vitals: BP 110/78.

Her medications included ASA 325mg, Dymista 137-50mcg nasal suspension and Zyrtec.

ROS revealed hearing loss but **no earache**.

She had a past medical history of arthritis, osteoporosis and spinal stenosis.

PE revealed she was healthy and in no distress. Head and face normal. No enlargement or tenderness of the salivary glands. Facial strength normal. Eyes normal. Otoscopic exam revealed the external canals were clear. The tympanic membrane was intact with no middle ear effusion. No swelling or deformity of her neck. No palpable cervical lymphadenopathy. Facial nerves normal.

Assessment:

1. Chronic secretory otitis media of right ear.

Plan:

1. Myringotomy with tube insertion, right ear. Phenol topical anesthesia was administered. Clear fluid was suctioned from her right ear. She tolerated the procedure well with no complications.
2. Tympanometry done. Right tympanometry: flat. Left tympanometry: normal.
3. Follow up in 1 week.

**March 30, 2017, Visit #3**

S.K. was seen by Dr. Craig Shapiro for surgical f/u. She was s/p myringotomy with tubes and right tube.

PE revealed the right PE tube was patent and dry.

Plan:

1. Re-check in 2 months.

**June 29, 2017, Visit #4**

S.K. was seen by Dr. Craig Shapiro. She c/o nasal congestion and ear problems. The nasal symptoms started three weeks earlier. She c/o gradual onset of frequent episodes of moderate, bilateral, nasal passage blockage. Associated symptoms included clear nasal discharge, but no cough. She c/o gradual onset of constant episodes of moderate right ear problems. The episodes started 2 weeks earlier and were worse. Associated symptoms included hearing loss but **no tinnitus, vertigo or discharge from the ear**. Her ears did not feel full.

Vitals: BP 130/80.

Her medications included ASA 325mg.

ROS revealed hearing loss and nasal discharge, **but no earache**.

She had a past medical history of arthritis, osteoporosis and spinal stenosis. She had a past surgical history of myringotomy with ventilating tube insertion.

PE revealed she was healthy and in no distress. Head and face normal. No enlargement or tenderness of the salivary glands. Facial strength normal. Eyes normal. Otoloscopic exam of the right tympanic membrane revealed a PE tube in place. The tube was patent. There was rhinorrhea from both nares. The nasal mucosa was congested bilaterally. No mucosal lesions, abnormal secretions or deformities of the oral cavity. No swelling or deformity of her neck. No palpable cervical lymphadenopathy. Facial nerves normal.

Assessment:

1. Chronic secretory otitis media of right ear.
2. Allergic rhinitis, unspecified allergic rhinitis trigger.

Plan:

1. Start Azelastine HCL 0.15% nasal solution, 2 squirts twice daily.
2. Follow up in 3 weeks.
3. Instructed to return sooner than scheduled appointment if symptoms did not improve or worsened.

**July 21, 2017, Visit #5**

S.K. was seen by Dr. Craig Shapiro. She c/o nasal congestion and ear problems. She c/o gradual onset of intermittent episodes of left hearing loss. The symptoms started 3 weeks earlier. She had a tube in her right ear. Associated symptoms included **no tinnitus or vertigo**.

Her medications included ASA 325mg and Azelastine nasal solution.

ROS revealed hearing loss and nasal discharge, **but no earache**.

She had a past medical history of arthritis, osteoporosis and spinal stenosis. She had a past surgical history of myringotomy with ventilating tube insertion.

PE revealed she was healthy and in no distress. Head and face normal. No enlargement or tenderness of the salivary glands. Facial strength normal. Eyes normal. Otoloscopic exam of the left external canal revealed cerumen impaction. The right tympanic membrane revealed a PE tube in place. The tube was patent. No mucosal lesions, abnormal secretions or deformities of the oral cavity. No swelling or deformity of her neck. No palpable cervical lymphadenopathy. Facial nerves normal.

Assessment:

1. Chronic secretory otitis media of right ear.
2. History of impacted cerumen of left ear.
3. Impacted cerumen of left ear.

Plan:

1. Renew Azelastine HCL 0.15% nasal solution, 2 squirts twice daily.
2. Removal of impacted cerumen from left external ear canal using a wire loop to clean the canal.
3. Follow up in 3 months.

**October 17, 2017, Visit #6**

S.K. was seen by Dr. Craig Shapiro. She c/o ear pain, ear problems and allergies. She c/o gradual onset of constant episodes of moderate bilateral ear problems. The episodes had started 2 weeks earlier and the symptoms were worsening. Associated symptoms included hearing loss and ear fullness. **No tinnitus, vertigo, ear discharge or sore throat.**

Her medications included ASA 325mg and Azelastine nasal solution.

ROS revealed hearing loss and nasal discharge, **but no earache.**

She had a past medical history of arthritis, osteoporosis, spinal stenosis and impacted cerumen of the left ear. She had a past surgical history of myringotomy with ventilating tube insertion.

PE revealed she was healthy and in no distress. Head and face normal. No enlargement or tenderness of the salivary glands. Facial strength normal. Eyes normal. Otoloscopic exam of the left external canal revealed cerumen impaction. The right external canal had cerumen impaction and a PE tube. No mucosal lesions, abnormal secretions or deformities of the oral cavity. No swelling or deformity of her neck. No palpable cervical lymphadenopathy. Facial nerves normal.

Assessment:

1. Chronic secretory otitis media of right ear.
2. Bilateral impacted cerumen.

Plan:

1. Removal of impacted cerumen from both ear canals using a wire loop to clean the canals.
2. Audiologic eval. Bilateral tympanometry: shallow peak. Left tympanometry: normal.
3. Follow up in 4 months. Instructed to return sooner than scheduled appointment if symptoms did not improve or worsened.

**October 18, 2017, Visit #7**

S.K. was seen by Dr. Craig Shapiro for c/o clogged ears and ear problems. She c/o moderate right ears clogged described as dull, non-radiating that had started 2 weeks earlier. Associated symptoms included hearing loss, but **no discharge, earache, tinnitus or vertigo.**

Her medications included ASA 325mg.

ROS revealed hearing loss and nasal discharge, **but no earache.**

She had a past medical history of arthritis, osteoporosis, spinal stenosis and impacted cerumen of the left ear. She had a past surgical history of myringotomy with ventilating tube insertion.

PE revealed she was healthy and in no distress. Head and face normal. No enlargement or tenderness of the salivary glands. Facial strength normal. Eyes normal. Otoscopic exam revealed the right tympanic membrane was retracted. No mucosal lesions, abnormal secretions or deformities of the oral cavity. No swelling or deformity of her neck. No palpable cervical lymphadenopathy. Facial nerves normal.

Assessment:

1. Chronic secretory otitis media of right ear.

Plan:

1. Myringotomy with tube insertion, right ear. Phenol topical anesthesia was administered. Clear fluid was suctioned from her right ear. A grommet ventilation tube was placed in the right ear through the myringotomy site. She tolerated the procedure well with no complications.
2. Follow up in 1 week.

**December 21, 2017, Visit #8**

S.K. was seen by Dr. Craig Shapiro for c/o rare episodes of mild bilateral ear problems. The episodes started 3 months earlier. The symptoms were **improving (no noise doing well).** Associated symptoms included **no tinnitus, vertigo, hearing loss, discharge, ear fullness or swollen glands.**

Vitals: BP 130/70. Weight 140lbs. Height 5'6".

Her medications included ASA 325mg.

ROS revealed hearing loss and nasal discharge, but **no earache**.

She had a past medical history of arthritis, osteoporosis, spinal stenosis and impacted cerumen of the left ear. She had a past surgical history of myringotomy with ventilating tube insertion.

PE revealed she appeared healthy and in no distress. Head and face normal. No enlargement or tenderness of the salivary glands. Facial strength normal. Eyes normal. Otitoscopic exam revealed the external canals were clear. The tympanic membranes were intact with no middle ear effusion. No mucosal lesions, abnormal secretions or deformities of the oral cavity. No swelling or deformity of her neck. No palpable cervical lymphadenopathy. Facial nerves normal.

Assessment:

1. Bilateral impacted cerumen.

Plan:

1. Instructed to return sooner than scheduled appointment if symptoms did not improve or worsened.
2. Follow up in 6 months.

**February 6, 2018, Visit #9**

S.K. was seen by Dr. Craig Shapiro for c/o ear problems. She c/o gradual onset of moderate bilateral ear problems that had started 2 weeks earlier. Associated symptoms included hearing loss, full feeling, **ear plugging but no tinnitus, discharge, otalgia, sore throat or swollen glands**.

Her medications included ASA 325mg.

ROS revealed hearing loss and nasal discharge, but **no earache**.

She had a past medical history of allergic rhinitis, arthritis, osteoporosis, spinal stenosis and impacted cerumen of the left ear. She had a past surgical history of myringotomy with ventilating tube insertion.

PE revealed she appeared healthy and in no distress. Head and face normal. No enlargement or tenderness of the salivary glands. Facial strength normal. Eyes normal. Otitoscopic exam revealed the right and left external canals had cerumen impaction. No mucosal lesions, abnormal secretions or deformities of the oral cavity. No swelling or deformity of her neck. No palpable cervical lymphadenopathy. Facial nerves normal.

Assessment:

1. Bilateral impacted cerumen.

Ms. Sylma C. Stinson  
August 13, 2019  
Page 8

2. Dysfunction of both Eustachian tubes.

Plan:

1. Removal of impacted cerumen from both canals using a wife loop.
2. Instructed to return sooner than scheduled appointment if symptoms did not improve or worsened.
3. Follow up in 3 months.

**May 8, 2018, Visit #10**

S.K. was seen by Dr. Craig Shapiro for c/o ear problems. She c/o gradual onset of intermittent episodes of mild right ear problems. Her symptoms caused by no known event and **were improving**. She was doing well after right myringotomy with tube placement and resolution of aural clogging/pressure. She denied otalgia or otorrhea. **Associated symptoms included no hearing loss, otalgia, ear plugging or drainage.**

Her medications included ASA 325mg.

ROS revealed no problems.

She had a past medical history of allergic rhinitis, arthritis, osteoporosis, spinal stenosis and impacted cerumen of the left ear. She had a past surgical history of myringotomy with ventilating tube insertion.

BP 120/80. Weight 135lbs.

PE revealed she appeared healthy and in no distress. Head and face normal. No enlargement or tenderness of the salivary glands. Facial strength normal. Eyes normal. Otoscopic exam revealed the external canals were clear, tympanic membranes intact and no middle effusion. The right tympanic membrane had a tube in place that was patent. No mucosal lesions, abnormal secretions or deformities of the oral cavity. No swelling or deformity of her neck. No palpable cervical lymphadenopathy. Facial nerves normal.

Assessment:

1. Dysfunction of both Eustachian tubes.
2. Chronic secretory otitis media of right ear.

Plan:

1. Follow up in 2 months.

**May 21, 2018, Visit #11**

S.K. was seen by Dr. Craig Shapiro for c/o ear problems, pain and discharge. She c/o gradual onset of moderate right ear clear discharge that started one week earlier. Symptoms were worsening. Associated symptoms included no ear fullness, itching or cervical adenopathy.

Her medications included ASA 325mg.

ROS revealed hearing loss and nasal discharge, but no earache.

She had a past medical history of allergic rhinitis, arthritis, osteoporosis, spinal stenosis and impacted cerumen of the left ear. She had a past surgical history of myringotomy with ventilating tube insertion.

Vitals: BP 120/60.

PE revealed she appeared healthy and in no distress. Head and face normal. No enlargement or tenderness of the salivary glands. Facial strength normal. Eyes normal. Otoscopic exam revealed the right tympanic membrane had a PE tube in place that was patent and draining. No mucosal lesions, abnormal secretions or deformities of the oral cavity. No swelling or deformity of her neck. No palpable cervical lymphadenopathy. Facial nerves normal.

Assessment:

1. Chronic secretory otitis media of right ear.

Plan:

1. Start Gentamicin Sulfate 0.3% *Ophthalmic solution*, instill 3 drops twice a day.
2. Instructed to return sooner than scheduled appointment if symptoms did not improve or worsened.
3. Follow up in 1 week.

**May 31, 2018, Visit #12**

S.K. was seen by Dr. Craig Shapiro for f/u of ear problems and discharge. She c/o gradual onset of constant episodes of mild right ear, clear discharge that started three weeks earlier. Symptoms were unchanged. The right ear was still draining. She was using eardrops. Associated symptoms included ear fullness, but **no pain, ear pulling, ear swelling or dizziness.**

Her medications included ASA 325mg and Gentamicin Sulfate

ROS revealed no problems.

She had a past medical history of allergic rhinitis, arthritis, osteoporosis, spinal stenosis and impacted cerumen of the left ear. She had a past surgical history of myringotomy with ventilating tube insertion.

Vitals: BP 120/84.

PE revealed she appeared healthy and in no distress. Head and face normal. No enlargement or tenderness of the salivary glands. Facial strength normal. Eyes normal. Otoscopic exam revealed the right external canal had discharge. The right tympanic membrane had a PE tube in place with whitish otorrhea. Had right CSF powder placed in it (dry-powder antibiotic treatment in

Ms. Sylma C. Stinson  
August 13, 2019  
Page 10

managing chronic otitis media and otitis externa. Powders are able to adhere to moist surfaces and have a longer dwelling time than liquid preparations.) No mucosal lesions, abnormal secretions or deformities of the oral cavity. No swelling or deformity of her neck. No palpable cervical lymphadenopathy. Facial nerves normal.

Assessment:

1. Chronic secretory otitis media of right ear.

Plan:

1. Start Neomycin-Polymyxin-HC Otic suspension. Instill 3 drops twice a day.
2. Follow up in 1 week.

**June 7, 2018, Visit #13**

S.K. was seen by Dr. Craig Shapiro for f/u of ear problems and discharge. She c/o gradual onset of mild right ear clear discharge that started 2 months earlier. **Symptoms were improving.** She still had right ear clogging and clear discharge a few hours after using eardrops. Associated symptoms included ear fullness, **but no itching, pain, ear pulling or swelling.**

Her medications included ASA 325mg, Gentamicin Sulfate *Ophthalmic solution* and Neomycin-Polymyxin Otic suspension.

ROS revealed no problems.

She had a past medical history of **allergic rhinitis**, arthritis, osteoporosis, spinal stenosis and impacted cerumen of the left ear. She had a past surgical history of myringotomy with ventilating tube insertion.

Vitals: BP 140/82.

PE revealed she appeared healthy and in no distress. Head and face normal. No enlargement or tenderness of the salivary glands. Facial strength normal. Eyes normal. Otoscopic exam revealed the right tympanic membrane had a PE tube in place. The PE tube was draining. Had right CSF powder placed in it. No mucosal lesions, abnormal secretions or deformities of the oral cavity. No swelling or deformity of her neck. No palpable cervical lymphadenopathy. Facial nerves normal.

Assessment:

1. Chronic secretory otitis media of right ear.
2. Dysfunction of both Eustachian tubes.

Plan:

1. Renew Neomycin-Polymyxin-HC Otic suspension. Instill 3 drops twice a day.
2. Follow up in 2 weeks.

**June 19, 2018, Visit #14**

S.K. was seen by Dr. Craig Shapiro for c/o ear problems, ear discharge and clogged ears. She c/o gradual onset of moderate right ear problems that started 2 months earlier. Symptoms were unchanged. Associated symptoms included ear discharge, but no tinnitus, vertigo, ear fullness or sore throat.

Her medications included ASA 325mg, Gentamicin Sulfate and Neomycin-Polymyxin Otic suspension.

ROS revealed hearing loss and nasal discharge but **no earache**.

She had a past medical history of allergic rhinitis, allergic rhinitis, arthritis, osteoporosis, spinal stenosis and impacted cerumen of the left ear. She had a past surgical history of myringotomy with ventilating tube insertion.

Vitals: BP 110/76.

PE revealed she appeared healthy and in no distress. Head and face normal. No enlargement or tenderness of the salivary glands. Facial strength normal. Eyes normal. Otoloscopic exam revealed the right tympanic membrane had a PE tube in place. The PE tube was patent. No mucosal lesions, abnormal secretions or deformities of the oral cavity. No swelling or deformity of her neck. No palpable cervical lymphadenopathy. Facial nerves normal.

**Assessment:**

1. Chronic secretory otitis media of right ear.

**Plan:**

1. Start Cipro 0.2-1% Otic suspension. Instill 3 drops in ear twice daily.
2. Start Tobramycin-Dexamethasone 0.3-0.1% Ophthalmic Suspension, 3 drops twice a day.
3. Follow up in 1 week.

**June 28, 2018, Visit #15**

S.K. was seen by Dr. Craig Shapiro for c/o ear problems and clogged ears. She c/o gradual onset of rare episodes of mild right ear clogged, described as dull. The episodes started 2 months earlier. Associated symptoms included no ear discharge, earache, tinnitus or vertigo.

Her medications included ASA 325mg, Cipro Otic suspension and Tobramycin-Dexamethasone Ophthalmic Suspension.

ROS revealed hearing loss and **nasal discharge but no earache**.

She had a past medical history of allergic rhinitis, arthritis, osteoporosis, spinal stenosis and impacted cerumen of the left ear. She had a past surgical history of myringotomy with ventilating tube insertion.

Vitals: BP 140/80.

PE revealed she appeared healthy and in no distress. Head and face normal. No enlargement or tenderness of the salivary glands. Facial strength normal. Eyes normal. Otoloscopic exam revealed the right tympanic membrane had a PE tube in place (dry). The PE tube was patent. No mucosal lesions, abnormal secretions or deformities of the oral cavity. No swelling or deformity of her neck. No palpable cervical lymphadenopathy. Facial nerves normal.

Assessment:

1. Chronic secretory otitis media of right ear.

Plan:

1. Instructed to return sooner than scheduled appointment if symptoms did not improve or worsened.
2. Follow up in 1 month.

**July 19, 2018, Visit #16**

S.K. was seen by Dr. Craig Shapiro for c/o clogged ears. Right ear no change. No discharge. Her ear felt clogged. Associated symptoms included **no ear discharge or earache.**

Her medications included ASA 325mg.

ROS revealed hearing loss and nasal discharge but **no earache.**

She had a past medical history of allergic rhinitis, arthritis, osteoporosis, spinal stenosis, impacted cerumen of the left ear and pre-hypertension.

She had a past surgical history of myringotomy with ventilating tube insertion.

Vitals: BP 130/80. HR 67.

PE revealed she appeared healthy and in no distress. Head and face normal. No enlargement or tenderness of the salivary glands. Facial strength normal. Eyes normal. Otoloscopic exam revealed the tube was out, removed. No mucosal lesions, abnormal secretions or deformities of the oral cavity. No swelling or deformity of her neck. No palpable cervical lymphadenopathy. Facial nerves normal.

Assessment:

1. Chronic secretory otitis media of right ear.

Plan:

Ms. Sylma C. Stinson

August 13, 2019

Page 13

1. Myringotomy with tube insertion, right ear. Phenol topical anesthesia was administered. A grommet ventilation tube was placed in the right ear through the myringotomy site. Clear fluid was suctioned from her left ear. She tolerated the procedure well with no complications.
2. Audiologic eval. Right tympanometry: flat. Left tympanometry: normal. Right tone audiometry: severe conductive hearing loss. Left tone audiometry: moderate.
3. Refer to PCP for BP outpatient exam and treatment.
4. Follow up in 2 weeks.

August 2, 2018, Visit #17

S.K. was seen by Dr. Craig Shapiro post-op. She was s/p myringotomy with tubes.

BP 110/76.

Her medications included ASA 325mg.

PE revealed the right PE tube was patent and dry.

Assessment:

1. Chronic secretory otitis media of right ear.

Plan:

1. Instructed to return sooner than scheduled appointment if symptoms did not improve or worsened.
2. Follow up in 1 month.

September 6, 2018, Visit #18

S.K. was seen by Dr. Craig Shapiro for c/o ear problems. She c/o moderate right ear problems starting 2 weeks earlier. **She was doing well.** Associated symptoms included **no ear discharge, no full feeling, and no sore throat.**

Her medications included ASA 325mg.

ROS revealed hearing loss and nasal discharge but **no earache.**

She had a past medical history of allergic rhinitis, arthritis, osteoporosis, spinal stenosis, impacted cerumen of the left ear and pre-hypertension. She had a past surgical history of myringotomy with ventilating tube insertion.

Vitals: BP 130/80.

PE revealed she appeared healthy and in no distress. Head and face normal. No enlargement or tenderness of the salivary glands. Facial strength normal. Eyes normal. Otolaryngologic exam revealed

Ms. Sylma C. Stinson  
August 13, 2019  
Page 14

the right tympanic membrane had a PE tube in place. The PE tube was patent. No mucosal lesions, abnormal secretions or deformities of the oral cavity. No swelling or deformity of her neck. No palpable cervical lymphadenopathy. Facial nerves normal.

Assessment:

1. Chronic secretory otitis media of right ear.

Plan:

1. Instructed to return sooner than scheduled appointment if symptoms did not improve or worsened.
2. Follow up in 6 weeks.

### **January 11, 2019 Visit #19**

S.K. was seen by Dr. Craig Shapiro for c/o clogged ears and tongue abnormalities. She c/o **sudden onset** of moderate clogged right ear, described as dull and non-radiating. The episodes started 3 weeks earlier. **She was on a flight mid-December without any ear difficulties.** Associated symptoms included no ear discharge, no earache, and no hearing loss. She had a sudden onset on constant episodes of moderate midline tongue abnormalities. The episode started 3 months earlier. She had tongue burning x 2-3 months and a lump in the middle of her tongue. She had tried 2 different rinses prescribed by her PCP with moderate improvement. She had been on a Vitamin B supplement. Associated symptoms included change in surface pattern but no tongue pain, swelling or coated tongue.

Her medications included ASA 325mg and Magic Mouthwash.

ROS revealed no problems.

She had a past medical history of allergic rhinitis, arthritis, osteoporosis, spinal stenosis, impacted cerumen of the left ear and pre-hypertension. She had a past surgical history of myringotomy with ventilating tube insertion.

Vitals: BP 120/70, P 72. Weight 135.

PE revealed she appeared healthy and in no distress. Head and face normal. No enlargement or tenderness of the salivary glands. Facial strength normal. Eyes normal. Ooscopic exam revealed cerumen impaction in the right external canal. The right tympanic membrane had a PE tube in place. The PE tube was patent. No mucosal lesions, abnormal secretions or deformities of the oral cavity. No swelling or deformity of her neck. No palpable thyroid mass. No palpable cervical lymphadenopathy. Facial nerves normal.

Assessment:

1. Chronic secretory otitis media of right ear.

Plan:

1. Cerumen removed from the right ear canal using wire loop. The tympanic membrane was visible after the cerumen was removed.
2. Instructed to return sooner than scheduled appointment if symptoms did not improve or worsened.
3. Follow up in 3 months.

**January 25, 2019 Visit #20**

S.K. was seen by Dr. Craig Shapiro for c/o clogged ears, ear pressure and tongue abnormalities. She c/o gradual onset of a moderate clogged right ear, described as dull and non-radiating with mild pain. Associated symptoms included **no ear discharge, no earache, no tinnitus, vertigo or ear pain**. She had a gradual onset of moderate right ear pressure, described as dull and non-radiating. The symptoms started 2 weeks earlier. Associated symptoms included no tinnitus or vertigo.

Her medications included ASA 325mg and Magic Mouthwash.

ROS revealed hearing loss and nasal discharge but no earache.

She had a past medical history of allergic rhinitis, arthritis, osteoporosis, spinal stenosis, impacted cerumen of the left ear and pre-hypertension. She had a past surgical history of myringotomy with ventilating tube insertion.

Vitals: BP 120/80, P 64. Weight 135.

PE revealed she appeared healthy and **in no distress**. Head and face normal. No enlargement or tenderness of the salivary glands. Facial strength normal. Eyes normal. Otoscopic exam of the right tympanic membrane revealed a PE tube in place. The tube was removed and her hearing was better. No mucosal lesions, abnormal secretions or deformities of the oral cavity. No swelling or deformity of her neck. No palpable thyroid mass. No palpable cervical lymphadenopathy. Facial nerves normal.

**Assessment:**

1. Dysfunction of Eustachian tubes.
2. Tongue irritation.

**Plan:**

1. Biotin and yogurt every day.
2. Instructed to return sooner than scheduled appointment if symptoms did not improve or worsened.
3. Follow up in 10 days.

**February 4, 2019 Visit #21**

S.K. was seen by Dr. Craig Shapiro for c/o clogged ears, ear problems and tongue abnormalities. She had a gradual onset of frequent episodes of moderate tip and midline tongue abnormalities.

Ms. Sylma C. Stinson  
August 13, 2019  
Page 16

The episode started a month earlier. She reported that the tip of her tongue felt raw. Associated symptoms included no tongue numbness, no tongue pain, swelling and no color change to white. She c/o gradual onset of intermittent episodes of a moderate clogged right ear, described as dull and non-radiating. She was still having right ear clogging without significant change from her last visit. **Associated symptoms included no ear discharge, no earache, no hearing loss and no vertigo.**

Her medications included ASA 325mg and Magic Mouthwash.

ROS revealed no problems.

She had a past medical history of allergic rhinitis, arthritis, osteoporosis, spinal stenosis, impacted cerumen of the left ear and pre-hypertension. She had a past surgical history of myringotomy with ventilating tube insertion.

Vitals: BP 130/70.

PE revealed she appeared healthy and in no distress. Head and face normal. No enlargement or tenderness of the salivary glands. Facial strength normal. Eyes normal. Otoscopic exam of the right external canal revealed impacted cerumen. The right tympanic membrane had a PE tube in place. The tube was patent. No mucosal lesions, abnormal secretions or deformities of the oral cavity. No swelling or deformity of her neck. No palpable thyroid mass. No palpable cervical lymphadenopathy. Facial nerves normal.

Assessment:

1. Tongue irritation.
2. Dysfunction of Eustachian tubes.

Plan:

1. Myringotomy with tube insertion, right ear. Phenol topical anesthesia was administered. A grommet ventilation tube was placed in the right ear through the myringotomy site. Clear fluid was suctioned from her left ear. She tolerated the procedure well with no complications.
2. Audiologic eval. Bilateral tympanometry: flat. Left tympanometry: normal.
3. Instructed to return sooner than scheduled appointment if symptoms did not improve or worsened.
4. Yogurt and Biotin.
5. Follow up in 1 month.

#### **February 20, 2019 Visit #22**

S.K. was seen by Dr. Craig Shapiro for c/o clogged ears and ear problems. She c/o a moderate clogged right ear. No change with the tube. Associated symptoms included hearing loss and pain in the ear. No ear discharge, no earache, no tinnitus or vertigo.

Her medications included ASA 325mg and Magic Mouthwash.

ROS revealed no problems.

She had a past medical history of allergic rhinitis, arthritis, osteoporosis, spinal stenosis, impacted cerumen of the left ear and pre-hypertension. She had a past surgical history of myringotomy with ventilating tube insertion.

PE revealed she appeared healthy and in no distress. Head and face normal. No enlargement or tenderness of the salivary glands. Facial strength normal. Eyes normal. Otoloscopic exam of the right tympanic membrane had a PE tube in place. The tube was patent. No mucosal lesions, abnormal secretions or deformities of the oral cavity. No swelling or deformity of her neck. No palpable thyroid mass. No palpable cervical lymphadenopathy. Facial nerves normal.

Assessment:

1. Chronic secretory otitis media of right ear.

Plan:

1. Renew Tobramycin-Dexamethasone 0.3-0.1% Ophthalmic Suspension. Instill 3 drops twice daily.
2. Follow up in 2 weeks.

**March 7, 2019 Visit #23**

S.K. was seen by Dr. Craig Shapiro for c/o clogged ears and ear problems. She c/o a mild clogged right ear, described as dull and non-radiating. The episode started 6 months earlier. **It was improving.** Associated symptoms included no ear discharge, no earache, no tinnitus or vertigo.

Her medications included ASA 325mg.

ROS revealed hearing loss and nasal discharge, but **no earache.**

She had a past medical history of allergic rhinitis, arthritis, osteoporosis, spinal stenosis, impacted cerumen of the left ear and pre-hypertension. She had a past surgical history of myringotomy with ventilating tube insertion.

Vitals: BP 140/80. P 70.

PE revealed she appeared healthy and in no distress. Head and face normal. No enlargement or tenderness of the salivary glands. Facial strength normal. Eyes normal. Otoloscopic exam of the right tympanic membrane had a PE tube in place-dry. The tube was patent. No mucosal lesions, abnormal secretions or deformities of the oral cavity. No swelling or deformity of her neck. No palpable thyroid mass. No palpable cervical lymphadenopathy. Facial nerves normal.

Assessment:

1. Chronic secretory otitis media of right ear.

Plan:

1. Change Tobramycin-Dexamethasone 0.3-0.1% Ophthalmic Suspension, instill 3 drops twice daily to Tobramycin-Dexamethasone 0.3-0.1% Ophthalmic Suspension instill 1-2 drops into affected eyes 4 times daily.
2. Follow up in 1 month.

**March 22, 2019 Visit #24**

S.K. was seen by Dr. Craig Shapiro for c/o clogged ears, ear pain and ear problems. She c/o moderate clogged right ear, described as dull and non-radiating. The episode started 3 months earlier. Symptoms were unchanged (noise boom boom). Associated symptoms included ear pain, but no discharge, earache, tinnitus or vertigo.

Her medications included ASA 325mg and Tobramycin-Dexamethasone 0.3-0.1% Ophthalmic Suspension.

ROS revealed hearing loss and nasal discharge, but no earache.

She had a past medical history of allergic rhinitis, arthritis, osteoporosis, spinal stenosis, impacted cerumen of the left ear and pre-hypertension. She had a past surgical history of myringotomy with ventilating tube insertion.

PE revealed she appeared healthy and in no distress. Head and face normal. No enlargement or tenderness of the salivary glands. Facial strength normal. Eyes normal. Otoscopic exam of the right tympanic membrane had a PE tube in place. Removed tube. No mucosal lesions, abnormal secretions or deformities of the oral cavity. No swelling or deformity of her neck. No palpable thyroid mass. No palpable cervical lymphadenopathy. Facial nerves normal.

Assessment:

1. Chronic secretory otitis media of right ear.

Plan:

1. Follow up in 10 days.

**April 10, 2019 Visit #25**

S.K. was seen by Daniel Morse, MD for c/o ear problems. She c/o a sudden onset of constant episodes of moderate right ear problems. The episode started 3 weeks earlier. She c/o right ear discomfort for 3 weeks. She had fullness of the ear and difficulty hearing. She had multiple vent tubes in right ear for year.

ROS revealed earache.

She had a past medical history of allergic rhinitis, arthritis, osteoporosis, spinal stenosis, impacted cerumen of the left ear and pre-hypertension. She had a past surgical history of myringotomy with ventilating tube insertion.

Her medications included ASA 325mg and Tobramycin-Dexamethasone 0.3-0.1% Ophthalmic Suspension.

Vitals: BP 141/85, P 73. Weight 135lbs.

PE revealed she appeared healthy and in no distress. Head and face normal. No enlargement or tenderness of the salivary glands. Facial strength normal. Eyes normal. Otoscopic exam of the right middle ear showed a serous middle ear effusion. No mucosal lesions, abnormal secretions or deformities of the oral cavity. No swelling or deformity of her neck. No palpable thyroid mass. No palpable cervical lymphadenopathy. Facial nerves normal.

Audiologic eval revealed hearing loss. Right tympanometry: flat. Left tympanometry: normal. Right middle ear effusion. Right tone audiometry: severe mixed hearing loss. Left tone audiometry: mild downward sloping, sensorineural hearing loss.

**Assessment:**

1. Chronic otitis media.
2. Dysfunction of right Eustachian tube.
3. Sensorineural hearing loss of right ear with restricted hearing of left ear.

**Plan:**

1. Audiogram.
2. CT temporal bone w/o contrast.
3. Tobacco use assessment-completed.
4. Tympanometry.
5. Instructed to return sooner than scheduled appointment if symptoms did not improve or worsened.

**April 19, 2019**

S.K. underwent a CT scan of the temporal bone without contrast at Memorial Pembroke as ordered by Daniel Morse, MD due to chronic otitis media.

**Impression:**

Large, destructive lesion centered within the right sphenoid wing measuring approximately 5.6 x 3.6 x 3.2cm. The mass extended superiorly with intracranial extension into the right middle cranial fossa and right temporal lobe with surrounding vasogenic edema in the right temporal lobe and effacement of the temporal horn of the right lateral ventricle. The mass extended inferiorly into the right masticator space. Erosion of the anterior wall of the right carotid canal was also noted.

Fluid or soft tissue was identified within the right middle ear cavity as well as a right mastoid effusion. Likely related to right Eustachian tube obstruction secondary to the destructive neoplasm.

Most likely differential considerations include metastatic disease or primary osseous aggressive neoplasm.

Dr. Morse was notified of the findings.

**April 22, 2019 Visit #26**

S.K. was seen by Daniel Morse, MD for c/o ear problems. She had a right destructive temporal bone tumor with intracranial extension. Associated symptoms included otalgia, ear plugging and ear pressure.

ROS revealed earache and hearing loss.

She had a past medical history of allergic rhinitis, arthritis, osteoporosis, spinal stenosis, impacted cerumen of the left ear and pre-hypertension. She had a past surgical history of myringotomy with ventilating tube insertion.

Her medications included ASA 325mg.

Vitals: BP 140/66, P 46. Weight 135lbs.

PE revealed she appeared healthy and in no distress. Head and face normal. No enlargement or tenderness of the salivary glands. Facial strength normal. Eyes normal. Otitis exam revealed the right tympanic membrane was retracted. Exam of the middle ear showed a serous middle ear effusion. No mucosal lesions, abnormal secretions or deformities of the oral cavity. No swelling or deformity of her neck. No palpable thyroid mass. No palpable cervical lymphadenopathy. Facial nerves normal.

**Assessment:**

1. Chronic secretory otitis media of the right ear.
2. Intracranial mass.

**Plan:**

1. Start Hydrocodone-Acetaminophen 5-325mg, 1 tab q4-6hrs prn pain.
2. MRI of brain with/without contrast. Script given.
3. Tobacco use assessment-completed.
4. Referral to Neuro-Surgery.
5. Referral to Oncology.
6. Referral to Radiation Oncologist.

**April 23, 2019**

Christina Hernandez spoke with S.K. She had bloodwork done on 4/17/19 and a BUN/Creatinine were included. It was explained to her that since she did not bring the lab results with her to her appointment with Dr. Morse, she would have to take the results with her to her MRI appointment or they would not do the MRI.

**April 24, 2019**

S.K. underwent an MRI of the brain with/without contrast at Memorial Pembroke due to right temporal bone tumor.

Bilateral avidly enhancing lesions along the course of the trigeminal nerves with the lesion on the right side demonstrating its epicenter in the foramen ovale with cephalad extension into the middle cranial fossa and related mass effect on the temporal bone and uncus impinging the midbrain and with erosive feature in the skull base including the carotid canal and trans-spatial extension to the masticator space. Post-obstructive changes of the petromastoid air cells.

The left trigeminal nerve lesion also exerted mass effect on the brainstem.

Results discussed with Dr. Morse.

**ANALYSIS**

As previously indicated, Dr. Shapiro provided the appropriate care and treatment to patient, S.K., and this matter should be dismissed accordingly. As previously indicated, the patient's visits were inconsistent with the possibility of this rare and unusual sphenoid tumor. The patient's complaints on most of the visits were consistent with clogged ears, with no reported complaints of pain, pain out of proportion, dizziness, headaches or other symptoms one would suspect with the possibility of a mass or tumor. While there were some visits where she claimed some discomfort, once there was a review of symptoms and examination, most of her complaints were more with difficulty in hearing as a result of the clogged ears. While we recognize the son made a comment in his complaint that he believed the patient presented every time with complaints of pain and ringing in the ear, this is not consistent with the medical records. The son was not present at all the visits and was only present at one visit in March of 2019. The records reflect that the patient presented on return visits with relief from the treatments provided, including the placement of myringotomy tubes. The patient would have relief once there was drainage of fluid and again this is inconsistent with what one would expect for the type of tumor eventually found. There simply was no clinical basis for Dr. Shapiro to order additional studies, like a CT scan, to evaluate a patient with routine complaints of clogged ears and cerumen removal without any of these more significant clinical findings. Again, the patient was not presenting with headaches, vision disturbances, pain out of proportion or unrelenting pain. While clearly we recognize that on CT scan in April of 2019 this rare and unusual tumor was diagnosed. However, the standard of care cannot be based solely upon a retrospective review. It is known that sometimes rare and unusual occurrences are not diagnosed prospectively and that does not equate with deviation from the standard of care. If there had

Ms. Sylma C. Stinson  
August 13, 2019  
Page 22

been any of these other symptoms, as previously outlined, inconsistent with a patient with typical allergy related clogged ears who usually presented with nasal congestion or nasal rhinitis, then Dr. Shapiro would have initiated further evaluations. Dr. Shapiro fully regrets the loss of his long term patient but a retrospective conclusion that somehow that tumor should have been diagnosed sooner is inappropriate and inconsistent with what is expected of the standard of care. While, again, Dr. Shapiro sympathizes with the son for his loss, the care and treatment was appropriate and met the required prevailing of care. Again, as such, this matter should be dismissed accordingly.

### CONCLUSION

Based upon the foregoing, we respectfully request that the Department's investigation of Dr. Shapiro be dismissed. **In the event that this matter is not dismissed, we respectfully request the right to review the Department's complete investigative file, including reports of any expert witnesses consulted by the Department prior to the possibility of an adverse determination in this matter by the Probable Cause Panel.** We also request the opportunity to supplement this response after reviewing the Department's investigative file.

Very truly yours,

*Marc P. Ganz*

CR

Final Order No. DOH-10-1368-<sup>3</sup>-MQA  
FILED DATE: 6-15-10  
Department of Health  
By: Angelo Soudes  
Deputy Agency Clerk

**STATE OF FLORIDA  
BOARD OF OSTEOPATHIC MEDICINE**

**DEPARTMENT OF HEALTH**

Petitioner,

vs.

Case No: 2009-07943  
License No.: OS 6777

**CRAIG STEVEN SHAPIRO, D.O.**

Respondent.

\_\_\_\_\_ /

**FINAL ORDER ACCEPTING SETTLEMENT AGREEMENT**

This matter appeared before the Board of Osteopathic Medicine (hereinafter "Board") pursuant to Sections 120.569 and 120.57(4), Florida Statutes, at a duly-noticed public meeting on May 15, 2010, in Tampa, Florida, for consideration of a Settlement Agreement (attached hereto as Exhibit "A") entered into between the parties in this cause and incorporated by reference into this Final Order. The Department of Health (hereinafter "Petitioner") was represented by Tobey Schultz, Assistant General Counsel, with the Department of Health. Craig Steven Shapiro, D.O., (hereinafter "Respondent") was present and was represented by Gregory A. Chaires, Esquire.

The Petitioner filed an Administrative Complaint against the Respondent on November 16, 2009, (attached hereto as Exhibit "B" and incorporated by reference into this Final Order).

Upon consideration of the Settlement Agreement, the documents submitted in support thereof, the arguments of the parties and otherwise being advised in the premises, the Board accepted the Settlement Agreement. The parties and Board note there is a scrivener's error in Paragraph 5 (community service) in the Stipulated Disposition

section. Specifically, this section should correctly reflect that the Respondent shall submit a written plan for performance and completion of the community service and the affidavits detailing the completion to the Chair of the Board. Costs are assessed in the amount of nine-thousand one-hundred seven dollars and twenty-seven cents (\$9,107.27) and payable within thirty (30) days from the filing date of this Final Order.

WHEREFORE, the Board hereby accepts the Settlement Agreement, settling all matters in this case consistent with the terms of the agreement between the parties, and Respondent is hereby ORDERED to abide by the terms of the Settlement Agreement. This Final Order shall be placed in and made part of the Respondent's official records.

This Final Order shall become effective upon filing with the Clerk for the Department of Health.

**DONE AND ORDERED** this 14 day of June, 2010.

**BOARD OF OSTEOPATHIC MEDICINE**

Christy Robinson, acting Executive Director  
*on behalf of* Joel B. Rose, D.O., CHAIR

## CERTIFICATE OF SERVICE

**CASE NO. 2009-07943**

**CRAIG STEVEN SHAPIRO, D.O.,**

**RESPONDENT.**

---

**SETTLEMENT AGREEMENT**

Craig Steven Shapiro, D.O., referred to as the "Respondent," and the Department of Health, referred to as "Department" stipulate and agree to the following Settlement Agreement and to the entry of a Final Order of the Board of Osteopathic Medicine, referred to as "Board," Incorporating the Stipulated Facts and Stipulated Disposition in this matter.

Petitioner is the state agency charged with regulating the practice of osteopathic medicine pursuant to Section 20.43, Florida Statutes, and Chapter 456, Florida Statutes, and Chapter 459, Florida Statutes.

**STIPULATED FACTS**

1. At all times material hereto, Respondent was a licensed osteopathic physician in the State of Florida having been issued license number OS 6777.

2. The Department charged Respondent with an Administrative Complaint that was filed and properly served upon Respondent with violations of Chapters 456 and 459, Florida Statutes, and the rules adopted pursuant thereto. A true and correct copy of the Administrative Complaint is attached hereto as Exhibit "A".

3. Respondent neither admits nor denies the allegations of fact contained in the Administrative Complaint for purposes of these proceedings only.

**STIPULATED CONCLUSIONS OF LAW**

1. Respondent admits that, in his capacity as a licensed osteopathic physician, he is subject to the provisions of Chapters 456 and 459, Florida Statutes, and the jurisdiction of the Department and the Board.

2. Respondent admits that the facts alleged in the Administrative Complaint, if proven, would constitute violations of Chapters 456 and 459, Florida Statutes, as alleged in the Administrative Complaint.

3. Respondent agrees that the Stipulated Disposition in this case is fair, appropriate and acceptable to Respondent.

#### **STIPULATED DISPOSITION**

1. **Letter Of Concern** - Respondent shall receive a Letter of Concern from the Board of Osteopathic Medicine.

2. **Fine** - The Board of Osteopathic Medicine shall impose an administrative fine of five thousand dollars (\$5,000.00) against the license of Respondent, to be paid by Respondent to the Department of Health, Compliance Management Unit, Bin C76, Post Office Box 6320, Tallahassee, Florida 32314-6320, Attention: Board of Osteopathic Medicine Compliance Officer, within thirty (30) days from the date of filing of the Final Order accepting this Settlement Agreement. All fines shall be paid by certified funds or money order. The Board office does not have the authority to change the terms of payment of any fine imposed by the Board.

RESPONDENT ACKNOWLEDGES THAT THE TIMELY PAYMENT OF THE FINE IS HIS LEGAL OBLIGATION AND RESPONSIBILITY AND RESPONDENT AGREES TO CEASE PRACTICING IF THE FINE IS NOT PAID AS AGREED TO IN THIS SETTLEMENT AGREEMENT, SPECIFICALLY: IF WITHIN FORTH-FIVE (45) DAYS OF THE DATE OF FILING OF THE FINAL ORDER, RESPONDENT HAS NOT RECEIVED WRITTEN CONFIRMATION THAT THE FULL AMOUNT OF THE FINE HAS BEEN RECEIVED BY THE BOARD OFFICE, RESPONDENT AGREES TO CEASE PRACTICE UNTIL SUCH WRITTEN CONFIRMATION IS RECEIVED BY RESPONDENT FROM THE BOARD.

3. Reimbursement Of Costs - Pursuant to Section 456.072, Florida Statutes, Respondent agrees to pay the Department for any costs incurred in the investigation and prosecution of this case. Such costs exclude the costs of obtaining supervision or monitoring of the practice, the cost of quality assurance reviews, and the Board's administrative cost directly associated with Respondent's probation, if any. The

agreed upon amount of Department costs to be paid in this case is currently *eight thousand, one hundred, seven dollars and twenty-seven cents (\$8,107.27)*, but shall not exceed *nine thousand, one hundred, seven dollars and twenty-seven cents (\$9,107.27)*. Respondent will pay costs to the Department of Health, Compliance Management Unit, Bin C76, P.O. Box 6320, Tallahassee, Florida 32314-6320, Attention: Board of Osteopathic Medicine Compliance Officer within thirty (30) days from the date of filing of the Final Order in this cause. Any post-Board costs, such as the costs associated with probation, are not included in this Settlement Agreement.

**RESPONDENT ACKNOWLEDGES THAT THE TIMELY PAYMENT OF THE COSTS IS HIS LEGAL OBLIGATION AND RESPONSIBILITY AND RESPONDENT AGREES TO CEASE PRACTICING IF THE COSTS ARE NOT PAID AS AGREED TO IN THIS SETTLEMENT AGREEMENT, SPECIFICALLY: IF WITHIN FORTY-FIVE (45) DAYS OF THE DATE OF FILING OF THE FINAL ORDER, RESPONDENT HAS NOT RECEIVED WRITTEN CONFIRMATION THAT THE FULL AMOUNT OF THE COSTS**

**NOTED ABOVE HAS BEEN RECEIVED BY THE BOARD OFFICE,  
RESPONDENT AGREES TO CEASE PRACTICE UNTIL SUCH  
WRITTEN CONFIRMATION IS RECEIVED BY RESPONDENT  
FROM THE BOARD.**

**4. Continuing Osteopathic Medical Education -**

Respondent shall attend at least eight (8) hours of approved Continuing Osteopathic Medical Education by no later than May 30, 2011. This continuing education requirement shall be satisfied by Respondent's attendance at either the American Osteopathic College of Ophthalmology and Otolaryngology-Head and Neck Surgery Foundation Meeting, May 4<sup>th</sup> through May 8<sup>th</sup>, 2010, in Arizona, or his attendance at courses at the 2010 Annual Meeting of the Florida Society of Otolaryngology-Head and Neck Surgery, November 12<sup>th</sup> through November 14<sup>th</sup>, 2010. These hours shall be in addition to all hours required for biennial license renewal. In addition, Respondent shall submit documentation in the form of certified copies of the receipts, vouchers, certificates, or other papers, such as osteopathic physician's recognition awards, documenting completion of this continuing education requirement

to the Department of Health, Compliance Management Unit, Bin C76, P.O. Box 6320, Tallahassee, Florida 32314-6320, Attention: Board of Osteopathic Medicine Compliance Officer, within (12) twelve months of the date of filing of the Final Order incorporating this Settlement Agreement.

5. **Community Service** - Respondent shall perform twenty (20) hours of community service, within one (1) year of the date of filing of the Final Order. Community Service shall be defined as the delivery of medical services directly to patients, or the delivery of other volunteer services in the community, without fee or cost to the patient or the entity, for the good of the people of the State of Florida. Community service shall be performed outside the physician's regular practice setting. Respondent shall submit a written plan for performance and completion of the community service to the Probation Committee for approval prior to performance of said community service. Affidavits detailing the completion of community service requirements shall be filed with the Board as required by the Probation Committee.

6. **Lecture/Seminar** – Within one (1) year of the date of the filing of a Final Order in this cause, Respondent shall present a one (1) hour lecture/seminar on, "Lymphadenitis with Sepsis – Abscess or Necrotic Metastatic Carcinoma? Early Diagnosis, Care and Treatment." The lecture/seminar shall be presented to medical staff at an approved medical facility. Respondent shall submit a written plan to the Board for approval prior to performance of said lecture/seminar. Respondent shall also provide written documentation to the Board that said lecture/seminar has been completed within one (1) year of the date of filing of the Final Order in this case. Said documentation shall consist of a letter from the Risk Manager of the approved medical facility indicating that the lecture/seminar has been completed.

#### **STANDARD PROVISIONS**

1. **Appearance**: Respondent is required to appear before the Board at the meeting of the Board where this Settlement Agreement is considered.

2. **No force or effect until final order** - It is expressly understood that this Settlement Agreement is subject to the approval of the Board and the Department. In this regard, the foregoing paragraphs (and only the foregoing paragraphs) shall have no force and effect unless the Board enters a Final Order incorporating the terms of this Settlement Agreement.

3. **Continuing Osteopathic Medical Education** - Unless otherwise provided in this written Settlement Agreement Respondent shall first submit a written request to the Probation Committee for approval prior to performance of said continuing medical education course(s). Respondent shall submit documentation in the form of certified copies of the receipts, vouchers, certificates, or other papers, such as physician's recognition awards, documenting completion of this medical course within one (1) year of the date of filing of the Final Order in this matter. All such documentation shall be sent to the Board of Medicine, regardless of whether some or any of such documentation was provided previously during the course of any audit or discussion with counsel for the Department. These

hours shall be in addition to those hours required for renewal of licensure. Unless otherwise approved by the Board, said continuing medical education course(s) shall consist of a formal, live lecture format.

4. **Addresses** - Respondent must keep current residence and practice addresses on file with the Board. Respondent shall notify the Board within ten (10) days of any changes of said addresses.

5. **Future Conduct** - In the future, Respondent shall not violate Chapter 456 or 459, Florida Statutes, or the rules promulgated pursuant thereto, or any other state or federal law, rule, or regulation relating to the practice or the ability to practice osteopathic medicine. Prior to signing this Settlement Agreement, the Respondent shall read Chapters 456 and 459, and the Rules of the Board of Osteopathic Medicine, at Chapter 64B8-15 Florida Administrative Code.

6. **Violation of terms considered** - It is expressly understood that a violation of the terms of this Settlement Agreement shall be considered a violation of a Final Order of the

Board, for which disciplinary action may be initiated pursuant to Chapters 456 and 459, Florida Statutes.

7. Purpose of Settlement Agreement - Respondent, for the purpose of avoiding further administrative action with respect to this cause, executes this Settlement Agreement. In this regard, Respondent authorizes the Board to review and examine all investigative file materials concerning Respondent prior to or in conjunction with consideration of the Settlement Agreement. Respondent agrees to support this Settlement Agreement at the time it is presented to the Board and shall offer no evidence, testimony or argument that disputes or contravenes any stipulated fact or conclusion of law. Furthermore, should this Settlement Agreement not be accepted by the Board, it is agreed that presentation to and consideration of this Settlement Agreement and other documents and matters by the Board shall not unfairly or illegally prejudice the Board or any of its members from further participation, consideration or resolution of these proceedings.

8. **No preclusion of additional proceedings** -

Respondent and the Department fully understand that this Settlement Agreement, and subsequent Final Order incorporating same, will in no way preclude additional proceedings by the Board and/or the Department against Respondent for acts or omissions not specifically set forth in the Administrative Complaint attached as Exhibit "A".

9. **Waiver of attorney's fees and costs** - Upon the

Board's adoption of this Settlement Agreement, the parties hereby agree that with the exception of costs noted above, the parties will bear their own attorney's fees and costs resulting from prosecution or defense of this matter. Respondent waives the right to seek any attorney's fees or costs from the Department and the Board in connection with this matter.

10. **Waiver of further procedural steps** - Upon the

Board's adoption of this Settlement Agreement, Respondent expressly waives all further procedural steps and expressly waives all rights to seek judicial review of or to otherwise challenge or

contest the validity of the Settlement Agreement and the Final Order of the Board incorporating said Settlement Agreement.

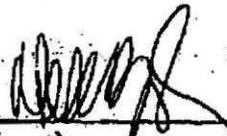

SIGNED this 10 day of March, 2010.

**CASE NO. 2009-07943**

**Craig Steven Shapiro, D.O.,**

**RESPONDENT.**

---

**ADMINISTRATIVE COMPLAINT**

COMES NOW Petitioner, Department of Health, by and through its undersigned counsel, and files this Administrative Complaint before the Board of Osteopathic Medicine against Respondent, Craig Steven Shapiro, D.O., and in support thereof alleges:

1. Petitioner is the state department charged with regulating the practice of Osteopathic Medicine pursuant to Section 20.43, Florida Statutes; Chapter 456, Florida Statutes; and Chapter 459, Florida Statutes.

2. At all times material to this Complaint, Respondent was a licensed osteopathic physician within the State of Florida, having been issued license number OS 6777.

3. Respondent's address of record is 500 N. Hiatus Road, Suit 101, Pembroke Pines, Florida, 33026.

4. On or about March 13, 2007, Patient M.R., a sixty-four (64) year old male, presented in the Emergency Room of Memorial Hospital West, Pembroke Pines, Florida, with complaints of right sided neck pain and swelling for two (2) days.

5. On or about March 13, 2007, Patient M.R. underwent a physical examination by Marc Kaprow, D.O., an Emergency Room Physician at Memorial Hospital West.

6. On or about March 13, 2007, Patient M.R. advised the Marc Kaprow, D.O., that he was allergic to Epinephrine.

7. On or about March 13, 2007, Dr. Marc Kaprow, D.O., noted that Patient M.R. was allergic to Epinephrine on the Physician's Order sheet on Patient M.R.'s Memorial Hospital West patient chart.

8. On or about March 13, 2007, Patient M.R. was also seen by Steven Katz, M.D., an Emergency Room Physician at Memorial Hospital West.

9. On or about March 13, 2007, at approximately 1:25 p.m., Steven Katz, M.D., ordered Patient M.R. to undergo a CT scan of the neck with contrast.

10. On or about March 13, 2007, at 3:29 p.m. Patient M.R. underwent a CT scan of the neck with contrast at Memorial Hospital West.

11. On or about March 13, 2007, at approximately 4:19 p.m. Patient M.R.'s CT scan of the neck with contrast was read and interpreted by Marty McGraw, M.D.

12. On or about March 13, 2007, Marty McGraw, M.D.'s impression of Patient M.R.'s CT scan of the neck with contrast was the following:

IMPRESSION: LARGE NECROTIC-APPEARING LYMPHNODES OR NECROTIC MASS RIGHT SIDE OF THE NECK JUST ABOVE THE CAROTID BIFORCATION AS DESCRIBED WITH EXPANSION OF THE RIGHT STERNOCLEIDOMASTOID MUSCLE AND PLATYSMA. SKIN THICKENING RIGHT SIDE OF THE NECK WITH INFLAMMATORY STRANDING OF SUBCUTANEOUS FAT AND NUMEROUS ENLARGED LYMPH NODES RIGHT SIDE OF NECK AS DESCRIBED ABOVE. WHILE THIS COULD BE DUE TO INFECTIOUS OR INFLAMMATORY PROCESS, NACROTIC METASTATIC LYMPH NODES/TUMOR CANNOT BE EXCLUDED.

13. On or about March 13, 2007, at approximately 4:35 p.m., Marty McGraw, M.D. discussed his impression of Patient M.R.'s CT scan of the neck with contrast with Steven Katz, M.D.

14. On or about March 13, 2007, after Patient M.R. underwent the CT Scan with contrast, Steven Katz, M.D., ordered that the ENT doctor on call for Memorial Hospital West be called to see Patient M.R.

15. On or about March 13, 2007, Respondent was the ENT on call for Memorial Hospital West.

16. On or about March 13, 2007, at approximately 6:30 p.m., Patient M.R. was first seen by Respondent in the Emergency Room of Memorial Hospital West.

17. On or about March 13, 2007, Respondent's Diagnosis of Patient M.R.'s right neck swelling was right neck mass / cellulites lymphadenitis.

18. On or about March 13, 2007, Respondent did not review Patient M.R.'s CT Scan with contrast.

19. On or about March 13, 2007, Respondent did not write any medical Orders for Patient M.R.

20. On or about March 13, 2007, Patient M.R. was admitted to Memorial Hospital West by Marc Kaprow, D.O. with an admitting diagnosis of lymphadenitis with sepsis.

21. On or about March 14, 2007, at approximately 2:00 p.m., Respondent next saw Patient M.R.

22. On or about March 14, 2007, at approximately 2:00 p.m., Respondent performed an Incision and Drainage on Patient M.R.'s right sided neck mass at his bedside.

23. On or about March 14, 2007, at approximately 2:00 p.m., Respondent used 1% xylocaine with epinephrine on Patient M.R. during the Incision and Drainage of his right sided neck mass.

24. On or about March 14, 2007, at approximately 2:00 p.m., Respondent aspirated approximately three (3) cc of material from Patient M.R.'s right sided neck mass.

25. No culture and sensitivity was done on the three (3) cc of material aspirated on or about March 14, 2007, from Patient M.R.'s right sided neck mass.

26. On or about March 15, 2007, Patient M.R. was discharged from Memorial Hospital West by Marc Kaprow, D.O.

27. On or about March 27, 2007, Patient M.R. saw Respondent in his office for follow-up medical care and treatment.

28. On or about March 27, 2007, Patient M.R. was examined and treated by Respondent for continued complaints of swelling in the right side of his neck and follow-up care of the abscess that Respondent had treated at Memorial Hospital West March 13, 2007, through March 15, 2007.

29. On or about March 27, 2007, Respondent documented that his impression was that Patient M.R. had a right neck abscess.

30. On or about March 27, 2007, Respondent documented that he would see Patient M.R., "in two weeks to consider a CT scan if the neck [was] not completely normal at that time."

31. On or about April 11, 2007, Respondent again examined and treated Patient M.R.

32. On or about April 11, 2007, the right side of Patient M.R.'s neck was not completely normal.

33. On or about April 11, 2007, on examination of Patient M.R., Respondent noted that the juglodigastric area of the neck revealed somewhat of a mass effect. Respondent's impression was

that this was possibly left over from the abscess versus a benign brachial cleft-like cyst.

34. On or about April 11, 2007, Respondent did not send Patient M.R. for a CT scan of the neck.

35. On or about April 11, 2007, Respondent documented that he would see Patient M.R. again in three (3) weeks to consider CT scan.

36. On or about May 9, 2007, Respondent again examined and treated Patient M.R.

37. On or about May 9, 2007, on examination of Patient M.R., Respondent noted that the abscess had improved, but that Patient M.R. was left with a lump that Respondent thought was brachial cleft cyst.

38. On or about May 9, 2007, Respondent performed an Incision and Drainage on Patient M.R.'s lump and aspirated three (3) cc of purulent material.

39. Respondent did not send all, or any part, of the three (3) cc specimen of purulent material aspirated from Patient M.R.'s right

neck lump on May 9, 2007, for either cytological or pathological examination.

40. On or about May 16, 2007, June 14, 2007, and June 28, 2007, Respondent continued to examine and treat Patient M.R. for an abscess on the right side of his neck.

41. On neither May 16, 2007, nor June 14, 2007, nor June 28, 2007, did Respondent send out any specimens of any material obtained from the mass on the right side of Patient M.R.'s neck for either cytological or pathological examination.

42. On neither May 16, 2007, nor June 14, 2007, nor June 28, 2007, did Respondent order a CT scan of Patient M.R.'s neck.

43. On or about July 9, 2007, Respondent again examined and treated Patient M.R. for the mass on the right side of his neck.

44. On or about July 9, 2007, Respondent wrote a prescription for Patient M.R. to have a CT scan of the neck with contrast.

45. On or about July 9, 2007, Respondent's office scheduled Patient M.R. for a CT scan of the neck with contrast at Memorial Hospital West for Thursday, July 17, 2007.

46. On or about July 16, 2007, Respondent's office re-scheduled Patient M.R. for a CT scan of the neck with contrast at Memorial Hospital West for Thursday, August 2, 2007.

47. On or about August 2, 2007, Patient M.R. underwent a CT scan of the neck with contrast at Memorial Hospital West.

48. On or about August 3, 2007, the results of Patient M.R.'s August 2, 2007, CT scan with contrast were given to Respondent's office.

49. From March 13, 2007, through December 12, 2007, Respondent continued to examine and treat Patient M.R. for an abscess on the right side of his neck.

50. From March 13, 2007, through December 12, 2007, the mass on the right side of Patient M.R.'s neck never healed or resolved:

51. From March 13, 2007, through December 12, 2007, Respondent never ordered, or performed, an excisional biopsy of the mass on the right side of Patient M.R.'s neck.

52. On or about December 12, 2007, Respondent performed an excision of Patient M.R.'s right neck mass.

53. The pathology report on the right neck mass excised from Patient M.R. on December 12, 2007, confirmed metastatic poorly differentiated squamous cell carcinoma.

54. Section 459.015(1)(x), Florida Statutes (2006 - 2008), provides that the Board of Osteopathic Medicine may take disciplinary action for committing medical malpractice as defined in Section 456.50.

55. Section 456.50, Florida Statutes (2006 - 2008), defines medical malpractice as the failure to practice medicine in accordance with the level of care, skill, and treatment recognized in general law related to health care licensure.

56. The level of care, skill, and treatment recognized in general law related to health care licensure means the standard of care specified in Section 766.102.

57. Section 766.102(1), Florida Statutes (2006 - 2008), defines the standard of care to mean, ". . . [t]he prevailing professional standard of care for a given health care provider shall be that level of care, skill, and treatment which, in light of all relevant

surrounding circumstances, is recognized as acceptable and appropriate by reasonably prudent similar health care providers. . .”

55. Respondent failed to practice Osteopathic Medicine with that level of care, skill, and treatment which is recognized by a reasonably prudent similar osteopathic physician, in one or more of the following ways:

- a. Failing to properly diagnose Patient M.R.;
- b. Failing to properly treat Patient M.R.;
- c. Failing to send out a specimen of the purulent material aspirated from Patient M.R.'s neck on May 9, 2007, or at any time thereafter, for cytological and or pathological examination;
- d. Failing to order, and perform, timely and appropriate diagnostic tests on Patient M.R., including, but not necessarily limited to, failing to order a CT scan on Patient M.R.'s neck prior July 9, 2007;
- e. Failing to timely perform an excisional biopsy of the mass on the right side of Patient M.R.'s neck prior to December 12, 2007;

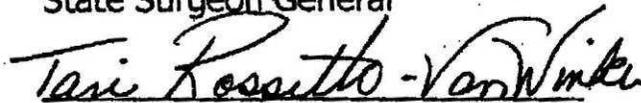

f. And prescribing medications containing epinephrine for Patient M.R. when he knew, or should have know, that Patient M.R. was allergic to epinephrine.

56. Based upon the foregoing, Respondent violated Section 459.015(1)(x), Florida Statutes (2006 - 2008), by failing to practice osteopathic medicine in accordance with the level of care, skill, and treatment recognized in general law related to health care licensure.

WHEREFORE, Petitioner respectfully requests that the Board of Osteopathic Medicine enter an order imposing one or more of the following penalties: permanent revocation or suspension of Respondent's license, restriction of practice, imposition of an administrative fine, issuance of a reprimand, placement of the Respondent on probation, corrective action, refund of fees billed or collected, remedial education and/or any other relief that the Board deems appropriate.

SIGNED this 30<sup>th</sup> day of November, 2009.

Ana M. Viamonte Ros, M.D., M.P.H.

### NOTICE OF RIGHTS

Respondent has the right to request a hearing to be conducted in accordance with Section 120.569 and 120.57, Florida Statutes, to be represented by counsel or other qualified representative, to present evidence and argument, to call and cross-examine witnesses and to have subpoena and subpoena duces tecum issued on his or her behalf if a hearing is requested.

### NOTICE REGARDING ASSESSMENT OF COSTS

Respondent is placed on notice that Petitioner has incurred costs related to the investigation and prosecution of this matter. Pursuant to Section 456.072(4), Florida Statutes, the Board shall assess costs related to the investigation and prosecution of a disciplinary matter, which may include attorney hours and costs, on the Respondent in addition to any other discipline imposed.

**Disciplinary Guidelines:**

Section 456.015(1)(b), F.S. (2017)

FIRST OFFENSE: Imposition of discipline comparable to discipline that would have been imposed in Florida if the substantive violation occurred in Florida to revocation or denial of the license until the license is unencumbered in the jurisdiction in which disciplinary action was originally taken, and an administrative fine ranging from \$5,000.00 to \$10,000.00.

Section 456.072(1)(w), F.S. (2017)

FIRST OFFENSE: \$2,500.00 fine.

**PRELIMINARY CASE REMARKS:**

This case involves a two-count administrative complaint alleging Respondent violated section 459.015(1)(b), Florida Statutes (2017), by having a license or the authority to practice osteopathic medicine acted against by the licensing authority of any jurisdiction and section 456.072(1)(w), by failing to comply with the requirements for profiling and credentialing..

On or about September 25, 2017, the South Carolina State Board of Medical Examiners issued a Final Order publicly reprimanding Respondent for violating the Medical Practice Act and requiring Respondent to pay a \$3,000 fine. Respondent

also failed to timely update his practitioner profile to reflect the South Carolina Final Order.

**Terms of Settlement Agreement:**

- 
- Reprimand;
- Fine of \$2,000 to be paid within 30 days from the date of the filing of the Final Order;
- Costs not to exceed \$3,117.62 to be paid within 30 days from the date of the filing of the Final Order.

**Mitigating/Aggravating Conditions**

- The terms are similar the terms imposed by the South Carolina Final Order.
- Respondent has not had discipline since his prior Florida discipline in 2013.

**DOH Case No. 2017-18967**

**THOMAS EDWARD HAWKEY, D.O.,**

**Respondent.**

---

**SETTLEMENT AGREEMENT**

Thomas Edward Hawkey, D.O., referred to as the "Respondent," and the Department of Health, referred to as "Department," stipulate and agree to the following Agreement and to the entry of a Final Order of the Board of Osteopathic Medicine, referred to as "Board," incorporating the Stipulated Facts and Stipulated Disposition in this matter.

Petitioner is the state agency charged with regulating the practice of osteopathic medicine pursuant to Section 20.43, Florida Statutes, and Chapter 456, Florida Statutes, and Chapter 459, Florida Statutes.

**STIPULATED FACTS**

1. At all times material hereto, Respondent was a licensed osteopathic physician in the State of Florida having been issued license number OS 6267.
2. The Department charged Respondent with an Administrative Complaint that was filed and properly served upon Respondent alleging violations of Chapter 459, Florida

Statutes, and the rules adopted pursuant thereto. A true and correct copy of the Administrative Complaint is attached hereto as Exhibit A.

3. For purposes of these proceedings, Respondent neither admits nor denies the allegations of fact contained in the Administrative Complaint.

#### **STIPULATED CONCLUSIONS OF LAW**

1. Respondent admits that, in his capacity as a licensed osteopathic physician, he is subject to the provisions of Chapters 456 and 459, Florida Statutes, and the jurisdiction of the Department and the Board.

2. Respondent admits that the facts alleged in the Administrative Complaint, if proven, would constitute violations of Chapter 456 and/or 459, Florida Statutes.

3. Respondent agrees that the Stipulated Disposition in this case is fair, appropriate and acceptable to Respondent.

#### **STIPULATED DISPOSITION**

1. **Reprimand** – The Board shall issue a Reprimand against Respondent's license.

2. **Fine** – The Board shall impose an administrative fine of *Two Thousand Dollars and Zero Cents (\$2,000.00)* against Respondent's license which Respondent shall pay to: Payments, Department of Health, Compliance Management Unit, Bin C-76, P.O. Box 6320, Tallahassee, FL 32314-6320, within thirty (30) days from the date of filing of the Final Order accepting this Agreement ("Final Order"). **All fines shall be paid by cashier's check or money order.** Any change in the terms of payment of any fine imposed by the Board **must be approved in advance by the Board.**

**RESPONDENT ACKNOWLEDGES THAT THE TIMELY PAYMENT OF THE FINE IS HIS LEGAL OBLIGATION AND RESPONSIBILITY AND RESPONDENT AGREES TO CEASE PRACTICING IF THE FINE IS NOT PAID AS AGREED IN THIS SETTLEMENT AGREEMENT. SPECIFICALLY, IF RESPONDENT HAS NOT RECEIVED WRITTEN CONFIRMATION WITHIN 45 DAYS OF THE DATE OF FILING OF THE FINAL ORDER THAT THE FULL AMOUNT OF THE FINE HAS BEEN RECEIVED BY THE BOARD OFFICE, RESPONDENT AGREES TO CEASE PRACTICE UNTIL RESPONDENT RECEIVES SUCH WRITTEN CONFIRMATION FROM THE BOARD.**

3. **Reimbursement of Costs** – Pursuant to Section 456.072, Florida Statutes, Respondent agrees to pay the Department for the Department's costs incurred in the investigation and prosecution of this case ("Department costs"). Such costs exclude the costs of obtaining supervision or monitoring of the practice, the cost of quality assurance reviews, any other costs Respondent incurs to comply with the Final Order, and the Board's administrative costs directly associated with Respondent's probation, if any. Respondent agrees that the amount of Department costs to be paid in this case is *One Thousand One Hundred Seventeen Dollars and Sixty-Two Cents (\$1,117.62), but shall not exceed Three Thousand One Hundred Seventeen Dollars and Sixty-Two Cents (\$3,117.62)*. Respondent will pay such Department costs to: Payments, Department of Health, Compliance Management Unit, Bin C-76, P.O. Box 6320, Tallahassee, FL 32314-6320, within thirty (30) days from the date of filing of the Final Order. **All costs shall be paid by cashier's check or money order.** Any

change in the terms of payment of costs imposed by the Board **must be approved in advance by the Board.**

**RESPONDENT ACKNOWLEDGES THAT THE TIMELY PAYMENT OF THE COSTS IS HIS LEGAL OBLIGATION AND RESPONSIBILITY AND RESPONDENT AGREES TO CEASE PRACTICING IF THE COSTS ARE NOT PAID AS AGREED IN THIS SETTLEMENT AGREEMENT. SPECIFICALLY, IF RESPONDENT HAS NOT RECEIVED WRITTEN CONFIRMATION WITHIN 45 DAYS OF THE DATE OF FILING OF THE FINAL ORDER THAT THE FULL AMOUNT OF THE COSTS NOTED ABOVE HAS BEEN RECEIVED BY THE BOARD OFFICE, RESPONDENT AGREES TO CEASE PRACTICE UNTIL RESPONDENT RECEIVES SUCH WRITTEN CONFIRMATION FROM THE BOARD.**

#### **STANDARD PROVISIONS**

1. **Appearance** – Respondent is required to appear before the Board at the meeting of the Board where this Agreement is considered.
2. **No Force or Effect until Final Order** – It is expressly understood that this Agreement is subject to the approval of the Board and the Department. In this regard, the foregoing paragraphs (and only the foregoing paragraphs) shall have no force and effect unless the Board enters a Final Order incorporating the terms of this Agreement.
3. **Continuing Medical Education** – Unless otherwise provided in this Agreement Respondent shall first submit a written request to the Board for approval prior to performance of said CME course(s). Respondent shall submit documentation to the Board of having completed a CME course in the form of certified copies of the receipts,

vouchers, certificates, or other papers, such as physician's recognition awards, documenting completion of this medical course within one (1) year of the filing of the Final Order in this matter. All such documentation shall be sent to the Board, regardless of whether some or any of such documentation was provided previously during the course of any audit or discussion with counsel for the Department. CME hours required by this Agreement shall be in addition to those hours required for renewal of licensure. Unless otherwise approved by the Board, such CME course(s) shall consist of a formal, live lecture format.

4. **Addresses** – Respondent must provide current residence and practice addresses to the Board. Respondent shall notify the Board in writing within ten (10) days of any changes of said addresses

5. **Future Conduct** – In the future, Respondent shall not violate Chapter 456, 459 or 893, Florida Statutes, or the rules promulgated pursuant thereto, or any other state or federal law, rule, or regulation relating to the practice or the ability to practice medicine to include, but not limited to, all statutory requirements related to practitioner profile and licensure renewal updates. Prior to signing this agreement, the Respondent shall read Chapters 456, 459 and 893 and the Rules of the Board of Osteopathic Medicine, at Chapter 64B15, Florida Administrative Code.

6. **Violation of Terms** – It is expressly understood that a violation of the terms of this Agreement shall be considered a violation of a Final Order of the Board, for which disciplinary action may be initiated pursuant to Chapters 456 and 459, Florida Statutes.

7. **Purpose of Agreement** – Respondent, for the purpose of avoiding further administrative action with respect to this cause, executes this Agreement. In this regard, Respondent authorizes the Board to review and examine all investigative file materials concerning Respondent prior to or in conjunction with consideration of the Agreement. Respondent agrees to support this Agreement at the time it is presented to the Board and shall offer no evidence, testimony or argument that disputes or contravenes any stipulated fact or conclusion of law. Furthermore, should this Agreement not be accepted by the Board, it is agreed that presentation to and consideration of this Agreement and other documents and matters by the Board shall not unfairly or illegally prejudice the Board or any of its members from further participation, consideration or resolution of these proceedings.

8. **No Preclusion of Additional Proceedings** – Respondent and the Department fully understand that this Agreement and subsequent Final Order will in no way preclude additional proceedings by the Board and/or the Department against Respondent for acts or omissions not specifically set forth in the Administrative Complaint attached as Exhibit A.

9. **Waiver of Attorney's Fees and Costs** – Upon the Board's adoption of this Agreement, the parties hereby agree that with the exception of Department costs noted above, the parties will bear their own attorney's fees and costs resulting from prosecution or defense of this matter. Respondent waives the right to seek any attorney's fees or costs from the Department and the Board in connection with this matter.

10. **Waiver of Further Procedural Steps** – Upon the Board's adoption of this Agreement, Respondent expressly waives all further procedural steps and expressly waives all rights to seek judicial review of or to otherwise challenge or contest the validity of the Agreement and the Final Order of the Board incorporating said Agreement.

Re: Department of Health v. Thomas Hawkey, D.O.  
Case No.: 2017-18967

Dear Sarah:

I am enclosing with this correspondence a signed Settlement Agreement for case No.: 2017-18967. If at all possible, I would request this matter be scheduled for a Board meeting in either Jacksonville, Florida or Tampa, Florida.

Should you have any questions with regard to the enclosed document, please do not hesitate to contact me.

Best regards,

SISCO-LAW

ELECTION OF RIGHTS

Please sign and complete all of the information below:

I received the Administrative Complaint on the following date: 2-17-2018

PLEASE SELECT ONLY 1 OF THE 2 OPTIONS.

OPTION 1. I do not dispute the allegations of material fact in the Administrative Complaint. I request a hearing be conducted pursuant to Section 120.57(2), Florida Statutes, where I will be permitted to appear, if I so choose, and submit oral and/or written evidence in mitigation of the complaint to the Board.

OPTION 2. I do dispute the allegations of material fact contained in the Administrative Complaint and request this to be considered a petition for formal hearing, pursuant to Sections 120.569(2)(a) and 120.57(1), Florida Statutes, before an Administrative Law Judge appointed by the Division of Administrative Hearings. Pursuant to the requirement of Uniform Rule 28-106.2015(5), Florida Administrative Code, I specifically dispute the following material facts (identified by paragraph number and fact disputed) in the Administrative Complaint:

Administrative complaint - Paragraphs # 9
COUNT TWO # 15 # 17 # 18 # 19

In the event that you fail to make an election in this matter within twenty-one (21) days from receipt of the Administrative Complaint, your failure to do so may be considered a waiver of your right to elect a hearing in this matter, pursuant to Rule 28-106.111(4), Florida Administrative Code, and the Board may proceed to hear your case.

PLEASE NOTE: Regardless of which option you choose, you may be able to reach a settlement agreement with the Department in your case. Please contact the prosecuting attorney if you wish to do so.

**CASE NO. 2017-18967**

**THOMAS EDWARD HAWKEY, D.O.,**

**RESPONDENT.**

\_\_\_\_\_ /

**ADMINISTRATIVE COMPLAINT**

COMES NOW, Petitioner, Department of Health, by and through its undersigned counsel, and files this Administrative Complaint before the Board of Osteopathic Medicine against Respondent, Thomas Edward Hawkey, D.O., and in support thereof alleges:

1. Petitioner is the state department charged with regulating the practice of osteopathic medicine pursuant to Section 20.43, Florida Statutes; Chapter 456, Florida Statutes; and Chapter 459, Florida Statutes.
2. At all times material to this Administrative Complaint, Respondent was a licensed osteopathic physician within the state of Florida, having been issued license number OS 6267.

3. Respondent's address of record is 2730 Mohican Drive, Sumter, South Carolina 29150.

4. The South Carolina State Board of Medical Examiners is the licensing authority of the practice of osteopathic medicine in the state of South Carolina.

5. Respondent's South Carolina license is number 309.

6. On or about September 25, 2017, the South Carolina State Board of Medical Examiners issued a Final Order.

7. The Final Order publicly reprimanded Respondent for violating the Medical Practice Act, and required Respondent to pay a \$3,000.00 fine.

8. Respondent's South Carolina license or the authority to practice osteopathic medicine is revoked, suspended, or otherwise acted against.

9. Respondent failed to timely update his practitioner profile to reflect the Final Order issued by South Carolina State Board of Medical Examiners on or about September 25, 2017.

### **COUNT ONE**

10. Petitioner realleges and incorporates paragraphs one (1) through nine (9), as if fully set forth herein.

11. Section 459.015(1)(b), Florida Statutes (2017), provides that having a license or the authority to practice osteopathic medicine revoked, suspended, or otherwise acted against, including the denial of licensure, by the licensing authority of any jurisdiction, including its agencies or subdivisions, constitutes grounds for disciplinary action. The licensing authority's acceptance of a physician's relinquishment of license, stipulation, consent order, or other settlement offered in response to or in anticipation of the filing of administrative charges against the physician shall be construed as action against the physician's license.

12. Respondent had a license to practice osteopathic medicine revoked, suspended, or otherwise acted against by the licensing authority of any jurisdiction when the South Carolina State Board of Medical Examiners issued a Final Order on or about September 25, 2017, which publicly reprimanded Respondent, and required Respondent to pay a \$3,000.00 fine.

13. Based on the foregoing, Respondent violated Section 459.015(1)(b), Florida Statutes (2017), by having a license or the authority to practice osteopathic medicine revoked, suspended, or otherwise acted

against, including the denial of licensure, by the licensing authority of any jurisdiction, including its agencies or subdivisions.

**COUNT TWO**

14. Petitioner realleges and incorporates paragraphs one (1) through nine (9), as if fully set forth herein.

15. Section 456.072(1)(w), Florida Statutes (2017), provides that failing to comply with the requirements for profiling and credentialing, including, but not limited to, failing to provide initial information, failing to timely provide updated information, or making misleading, untrue, deceptive, or fraudulent representations on a profile, credentialing, or initial or renewal licensure application constitutes grounds for disciplinary action.

16. Respondent is licensed pursuant to Chapter 459, Florida Statutes, and is a health care practitioner as defined in Section 456.001(4), Florida Statutes (2017).

17. Section 456.042, Florida Statutes (2017), requires that a practitioner must submit updates of required profile information within 15 days after the final activity that renders such information a fact.

18. Respondent failed to timely update his practitioner profile to reflect the Final Order issued by South Carolina State Board of Medical Examiners on or about September 25, 2017.

19. Based on the foregoing, Respondent violated Section 456.072(1)(w) Florida Statutes (2017), by failing to comply with the requirements for profiling and credentialing by failing to timely provide updated practitioner profiling information.

WHEREFORE, the Petitioner respectfully requests that the Board of Osteopathic Medicine enter an order imposing one or more of the following penalties: permanent revocation or suspension of Respondent's license, restriction of practice, imposition of an administrative fine, issuance of a reprimand, placement of the Respondent on probation, corrective action, refund of fees billed or collected, remedial education and/or any other relief that the Board deems appropriate.

## **NOTICE OF RIGHTS**

**Respondent has the right to request a hearing to be conducted in accordance with Section 120.569 and 120.57, Florida Statutes, to be represented by counsel or other qualified representative, to present evidence and argument, to call and cross-examine witnesses and to have subpoena and subpoena duces tecum issued on his or her behalf if a hearing is requested.**

**A request or petition for an administrative hearing must be in writing and must be received by the Department within 21 days from the day Respondent received the Administrative Complaint, pursuant to Rule 28-106.111(2), Florida Administrative Code. If Respondent fails to request a hearing within 21 days of receipt of this Administrative Complaint, Respondent waives the right to request a hearing on the facts alleged in this Administrative Complaint pursuant to Rule 28-106.111(4), Florida Administrative Code. Any request for an administrative proceeding to challenge or contest the material facts or charges contained in the Administrative Complaint must conform to Rule 28-106.2015(5), Florida Administrative Code.**

**Mediation under Section 120.573, Florida Statutes, is not available to resolve this Administrative Complaint.**

## **NOTICE REGARDING ASSESSMENT OF COSTS**

**Respondent is placed on notice that Petitioner has incurred costs related to the investigation and prosecution of this matter. Pursuant to Section 456.072(4), Florida Statutes, the Board shall assess costs related to the investigation and prosecution of a disciplinary matter, which may include attorney hours and costs, on the Respondent in addition to any other discipline imposed.**

Re: Thomas Hawkey License No. OS 6267

I am writing to inform you that the SC Board of Medical Examiners recently disciplined me for unethical behavior. Specifically, I was charged with solicitation. That charge was reduced to a breach of peace charge for which I paid a \$55.00 fine. Although I reported the charge to my counselor through a recovering professionals program who reports to the Board of Medical Examiners, I neglected to directly report to the Board.

Attached is the order which provides for a public reprimand, a \$3000.00 fine and a \$400.00 assessment for the costs of the investigation. I continue to practice internal medicine at Sumter Internal Medicine Associates in Sumter, South Carolina where I enjoy the confidence and respect of my patients.

Please contact me should you have further questions regarding this matter.

**SOUTH CAROLINA DEPARTMENT OF LABOR, LICENSING AND REGULATION  
BEFORE THE STATE BOARD OF MEDICAL EXAMINERS FOR SOUTH CAROLINA**

**IN THE MATTER OF:**

**THOMAS HAWKEY, D.O.**

License No. MDO.309

OIE # 2016-243

Respondent.

**FINAL ORDER  
(PUBLIC)**

This matter came before the State Board of Medical Examiners for South Carolina ("Board") for a hearing on August 7, 2017, to consider the Memorandum of Agreement and Stipulations ("MOA") signed by the above named respondent ("Respondent") on July 14, 2017.

In the MOA, Respondent acknowledged the State was prepared to file a Formal Complaint, and Respondent waived the authorization and filing of a Formal Complaint as well as formal hearing procedures and elected to dispose of the matter pursuant to S.C. Code Ann. § 1-23-320(f) (1976, as amended) in lieu of, *inter alia*, a Panel Report of the Medical Disciplinary Commission. Additionally, in the MOA Respondent waived the right to thirty days' notice of the hearing.

A quorum of the Board was present. The hearing was held pursuant to S.C. Code Ann. §§ 40-1-90, 40-47-116 and the provisions of the Administrative Procedures Act, S.C. Code Ann. § 1-23-10 *et seq.* (1976 as amended), to determine what sanctions, if any, were appropriate. After due consideration, the Board decided to impose the sanctions stated in this Order.

Megan Flannery, Esquire, Assistant Disciplinary Counsel, represented the State. Respondent appeared and was represented by Sherri A. Lydon, Esquire.

The Board considered the facts stipulated in MOA, the admissions of violations in the MOA, the testimony of Respondent, and an Affidavit of an Investigator with the Office of Investigations and Enforcement, South Carolina Department of Labor Licensing and Regulation, of a good faith estimate of investigative costs incurred in the investigation of this matter.

State's Exhibit #2: Affidavit of Costs  
Respondent's Exhibit #1: Letters in Support of Respondent

<sup>1</sup> Exhibits referenced herein were identified and admitted into evidence for the Board's consideration during the final order hearing, but are not attached hereto.

## FINDINGS OF FACT

1. Respondent stipulated in the MOA to the facts stated below, which the Board adopts:
  - a. Respondent graduated from the University of Osteopathic Medicine and Health Sciences in Des Moines, Iowa, in 1988. Respondent was issued a South Carolina medical license on July 1, 1992, and practices Internal Medicine at Sumter Internal Medicine Associates in Sumter, South Carolina.
  - b. On or about February 28, 2012, the Board issued a Final Public Order with respect to a disciplinary matter against Respondent in Case # 2010-190. In Case #2010-190, Respondent was arrested for dispensing Hydrocodone, Oxycodone and Tylenol with no record of the prescription, no patient medical histories, and no documented justification for the prescriptions for approximately two years to a patient with whom Respondent was engaged in a consensual, sexual relationship. Respondent diverted drugs from the patient. Respondent voluntarily surrendered his DEA license. The Board issued a public reprimand, suspended Respondent's license with stay upon payment of costs, ordered Respondent to pay a civil penalty of ten thousand dollars (\$10,000.00) and costs associated with the case in the amount of one thousand three hundred and twenty-seven dollars (\$1,327.00), among other conditions.
  - c. On or about April 14, 2016, Respondent was arrested during a Sumter County Sheriff's Office undercover operation and charged with soliciting sex through a website called BackPage. This charge was ultimately reduced to breach of peace, and Respondent was ordered to pay a fine of \$55.00. Respondent paid the fine and the matter has been resolved.
  - d. Respondent mistakenly neglected to inform the Board of his actions.
2. At the hearing, Respondent apologized for the incident and testified that he has always complied with directives from the Board. He also submitted letters from members of the community expressing support for him.

## CONCLUSIONS OF LAW

1. Respondent admitted that the aforementioned acts of Respondent present grounds for disciplinary action pursuant as alleged in the following particulars:
  - a. S.C. Code Ann. § 40-47-110(B)(9) in that Respondent engaged in dishonorable, unethical, or unprofessional conduct that is likely either to deceive, defraud, or harm the public; and

- b. S.C. Code Ann. § 40-47-110(B)(22) in that Respondent failed to report to the Board any adverse disciplinary action by another United States or foreign licensing jurisdiction, a peer review body, a health care institution, by any professional or medical society or association, a board-approved credentialing organization, a governmental agency, a law enforcement agency, including arrest, or a court, including indictment, for acts or conduct similar to acts or conduct that would constitute grounds for disciplinary action [ . . . ].

2. The Board has jurisdiction in this matter and, upon finding that a licensee has violated any of the provisions of S.C. Code Ann. § 40-47-110 and 40-1-110 (2011), has the authority to cancel, fine, suspend, revoke, issue a public reprimand or private reprimand, or restrict, including probation or other reasonable action, such as requiring additional education or training or limitation on practice, the authorization to practice of a person who has engaged in misconduct. Additionally, the Board may require the licensee to pay a fine of up to twenty-five thousand dollars. S.C. Code Ann. § 40-47-120 (2011).

3. Additionally, the Board may require the licensee to pay the costs of the disciplinary action. S.C. Code Ann. §§ 40-1-170 and 40-47-170 (2011).

4. The Board concludes that Respondent's actions in this matter constitute violations of the Medical Practice Act as set forth above. The Board concludes that it is appropriate to publicly reprimand Respondent for his conduct. The Board further concludes that Respondent should incur a fine of Three Thousand and 00/100 (\$3,000.00) Dollars and should be taxed the costs of Four Hundred and 00/100 Dollars (\$400.00) incurred in the investigation of this matter within six (6) months of the date of this Order.

5. The sanctions imposed are consistent with the purpose of these proceedings and have been made after weighing the public interest and the need for the continuing services of qualified medical doctors against the countervailing concern that society be protected from professional ineptitude and misconduct.

6. The sanctions imposed are designed not to punish the physician, but to protect the life, health, and welfare of the people at large.

**NOW, THEREFORE, IT IS ORDERED, ADJUDGED, AND DECREED that:**

1. The MOA is accepted.
2. Respondent has violated the Medical Practice Act.
3. Respondent is hereby publicly reprimanded.
4. Respondent must pay the costs of Four Hundred 00/100 Dollars (\$400.00) incurred in the investigation of this matter within six (6) months of the date of this Order.

5. Respondent must pay a fine in the amount of Three Thousand and 00/100 Dollars (\$3,000.00) within six (6) months of the date of this Order.

6. Respondent must comply with any other conditions known to him and the Board.

7. Respondent's failure to comply with any of the above-mentioned conditions may result in the immediate suspension of Respondent's license.

**AND IT IS SO ORDERED.**

Petitioner,

vs.

Case No: 2012-04186

License No.: OS 6267

**THOMAS EDWARD HAWKEY, D.O.**

Respondent.

\_\_\_\_\_ /

**FINAL ORDER**

This matter appeared before the Board of Osteopathic Medicine (hereinafter "Board") pursuant to Sections 120.569 and 120.57(4), Florida Statutes, at a duly-noticed public meeting on November 2, 2012, in Jacksonville, Florida, for consideration of a Settlement Agreement (attached hereto as Exhibit "A") entered into between the parties in this cause and incorporated by reference into this Final Order. The Department of Health (hereinafter "Petitioner") was represented by Michael G. Lawrence, Jr., Assistant General Counsel, with the Department of Health. Thomas Edward Hawkey, D.O., (hereinafter "Respondent") was not present nor represented by counsel.

The Petitioner filed an Administrative Complaint against the Respondent on July 12, 2012, attached hereto as Exhibit "B" and incorporated by reference into this Final Order.

Upon consideration of the Settlement Agreement, the documents submitted in support thereof, the arguments of the parties and otherwise being advised in the premises, the Settlement Agreement was rejected. The Board voted to offer a Counter Settlement Agreement which the Respondent was given fourteen days to accept. By correspondence

dated December 10, 2012, Respondent accepted the Board's Counter Settlement Agreement.

The Counter Settlement Agreement incorporates the Original Settlement Agreement with the following amendments:

Paragraph 4 of the Stipulated Disposition. The costs set forth in Paragraph 4 of the Stipulated Disposition shall be set at \$676.56.

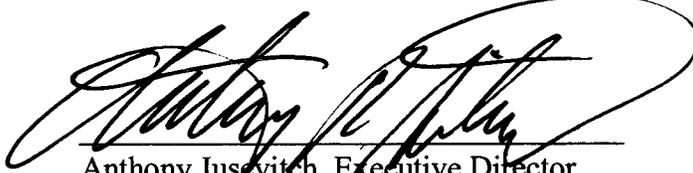

Paragraph 5 of the Stipulated Disposition. Respondent's license to practice osteopathic medicine in the State of Florida is hereby SUSPENDED until such time as he demonstrates to the Board the ability to practice osteopathic medicine with reasonable skill and safety. Such demonstration of skill and safety shall include an evaluation by the Professionals Resource Network, Inc. (PRN), compliance with PRN's recommendations, and the Respondent is required to appear before the Board. The Board reserves jurisdiction in this matter to impose additional terms and conditions, including a period of probation, with said terms and conditions of said probation to be determined by the Board at the time of reinstatement of Respondent's license to practice osteopathic medicine.

IT IS HEREBY ORDERED AND ADJUDGED that the Settlement Agreement as submitted be and is hereby approved and adopted *in toto* and incorporated herein by reference with the amendments set forth above. Accordingly, the parties shall adhere to and abide by all the terms and conditions of the Settlement Agreement as amended.

This Final Order shall become effective upon filing with the Clerk for the Department of Health.

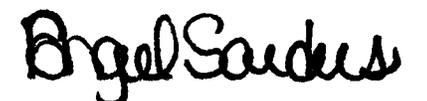

DONE AND ORDERED this 17 day of December, 2012.

BOARD OF OSTEOPATHIC MEDICINE

**SETTLEMENT AGREEMENT**

Thomas Edward Hawkey, D.O., referred to as the "Respondent", and the Department of Health, referred to as "Department" stipulate and agree to the following Settlement Agreement and to the entry of a Final Order of the Board of Osteopathic Medicine, referred to as "Board", incorporating the Stipulated Facts and Stipulated Disposition in this matter.

Petitioner is the state agency charged with regulating the practice of osteopathic medicine pursuant to Section 20.43, Florida Statutes, and Chapter 456, Florida Statutes, and Chapter 459, Florida Statutes.

**STIPULATED FACTS**

1. At all times material hereto, Respondent was a licensed osteopathic physician in the State of Florida having been issued license number OS 6267.

2. The Department charged Respondent with an Administrative Complaint that was filed and properly served upon Respondent with violations of

Chapter 459, Florida Statutes, and the rules adopted pursuant thereto. A true and correct copy of the Administrative Complaint is attached hereto as Exhibit "A".

3. Respondent neither admits nor denies the allegations of fact contained in the Administrative Complaint for purposes of these proceedings only.

#### **STIPULATED CONCLUSIONS OF LAW**

1. Respondent admits that, in his capacity as a licensed physician, he/she is subject to the provisions of Chapters 456 and 459, Florida Statutes, and the jurisdiction of the Department and the Board.

2. Respondent admits that the facts alleged in the Administrative Complaint, if proven, would constitute violations of Chapters 456 and/or 459, Florida Statutes, as alleged in the Administrative Complaint.

3. Respondent agrees that the Stipulated Disposition in this case is fair, appropriate and acceptable to Respondent.

#### **STIPULATED DISPOSITION**

1. **Reprimand** - The Board shall reprimand the license of Respondent.

2. **Appearance** - Respondent is not required to appear before the Board at the meeting of the Board where this Settlement Agreement is considered.

3. **Fine** - The Board of Osteopathic Medicine shall impose an administrative fine of two thousand five hundred dollars (\$2,500.00) against the license of Respondent, to be paid by Respondent to the Department of Health, Compliance Management Unit, Bin C76, Post Office Box 6320, Tallahassee, Florida 32314-6320, Attention: Board of Osteopathic Medicine Compliance Officer, within

thirty (30) days from the date of filing of the Final Order incorporating this Settlement Agreement. All fines shall be paid by certified funds or money order. The Board office does not have the authority to change the terms of payment of any fine imposed by the Board.

**RESPONDENT ACKNOWLEDGES THAT THE TIMELY PAYMENT OF THE FINE IS HIS LEGAL OBLIGATION AND RESPONSIBILITY AND RESPONDENT AGREES TO CEASE PRACTICING IF THE FINE IS NOT PAID AS AGREED TO IN THIS SETTLEMENT AGREEMENT, SPECIFICALLY: IF WITHIN FORTY-FIVE (45) DAYS OF THE DATE OF FILING OF THE FINAL ORDER, RESPONDENT HAS NOT RECEIVED WRITTEN CONFIRMATION THAT THE FULL AMOUNT OF THE FINE HAS BEEN RECEIVED BY THE BOARD OFFICE, RESPONDENT AGREES TO CEASE PRACTICE UNTIL SUCH WRITTEN CONFIRMATION IS RECEIVED BY RESPONDENT FROM THE BOARD.**

4. **Reimbursement Of Costs** - Pursuant to Section 456.072, Florida Statutes, Respondent agrees to pay the Department for any and all costs incurred in the investigation and prosecution of this case. Such costs exclude the costs of obtaining supervision or monitoring of the practice, the cost of quality assurance reviews, and the Board's administrative cost directly associated with Respondent's probation, if any. The current estimate of the Department's costs in this case is three hundred, eighteen dollars and fifteen cents (\$318.15), but this amount will increase prior to the Board meeting where this Settlement Agreement is presented.

Respondent will pay costs to the Department of Health, Compliance Management Unit, Bin C76, P.O. Box 6320, Tallahassee, Florida 32314-6320, Attention: Board of Osteopathic Medicine Compliance Officer, within thirty (30) days from the date of filing of the Final Order in this cause. Any post-Board costs, such as the costs associated with probation, are not included in this Settlement Agreement.

**RESPONDENT ACKNOWLEDGES THAT THE TIMELY PAYMENT OF THE COSTS IS HIS LEGAL OBLIGATION AND RESPONSIBILITY, AND RESPONDENT AGREES TO CEASE PRACTICING IF THE COSTS ARE NOT PAID AS AGREED TO IN THIS SETTLEMENT AGREEMENT, SPECIFICALLY: IF WITHIN FORTY-FIVE (45) DAYS OF THE DATE OF FILING OF THE FINAL ORDER, RESPONDENT HAS NOT RECEIVED WRITTEN CONFIRMATION THAT THE FULL AMOUNT OF THE COSTS NOTED ABOVE HAS BEEN RECEIVED BY THE BOARD OFFICE, RESPONDENT AGREES TO CEASE PRACTICE UNTIL SUCH WRITTEN CONFIRMATION IS RECEIVED BY RESPONDENT FROM THE BOARD.**

5. **Suspension** – The license of **Thomas Edward Hawkey, D.O.**, is suspended and shall remain suspended until such time that the Respondent enters into the Professionals Resource Network (PRN), and complies with any and all terms and conditions imposed by PRN. The Respondent shall comply with all conditions of the PRN Contract or he will be in violation of the Board Order.

### **STANDARD PROVISIONS**

1. **No Force or Effect Until Final Order** - It is expressly understood that this Settlement Agreement is subject to the approval of the Board and the Department. In this regard, the foregoing paragraphs (and only the foregoing paragraphs) shall have no force and effect unless the Board enters a Final Order incorporating the terms of this Settlement Agreement.

2. **Continuing Medical Education** - Unless otherwise provided in this Settlement Agreement, Respondent shall first submit a written request to the Board Chairman for approval prior to performance of said continuing medical education course(s). Respondent shall submit documentation in the form of certified copies of the receipts, vouchers, certificates, or other papers, such as physician's recognition awards, documenting completion of this medical course within one (1) year of the date of filing of the Final Order incorporating this Settlement Agreement. All such documentation shall be sent to the Department of Health, Compliance Management Unit, Bin C76, P.O. Box 6320, Tallahassee, Florida 32314-6320, Attention: Board of Osteopathic Medicine Compliance Office, regardless of whether some or any of such documentation was provided previously during the course of any audit or discussion with counsel for the Department. These hours shall be in addition to those hours required for renewal of licensure. Unless otherwise approved by the Board, said continuing medical education course(s) shall consist of a formal, live lecture format.

3. **Addresses** - Respondent must keep current residence and practice addresses on file with the Board. Respondent shall notify the Board within ten (10) days of any changes of said addresses.

4. **Future Conduct** - In the future, Respondent shall not violate Chapter 456, 459 or 893, Florida Statutes, or the rules promulgated pursuant thereto, or any other state or federal law, rule, or regulation relating to the practice or the ability to practice osteopathic medicine. Prior to signing this Settlement Agreement, the Respondent shall read Chapters 456, 459 and 893 and the Rules of the Board of Osteopathic Medicine, at Chapter 64B15, Florida Administrative Code.

5. **Violation of Settlement Agreement Terms** - It is expressly understood that a violation of the terms of this Settlement Agreement shall be considered a violation of a Final Order of the Board, for which disciplinary action may be initiated pursuant to Chapters 456 and 459, Florida Statutes.

6. **Purpose of Settlement Agreement** - Respondent, for the purpose of avoiding further administrative action with respect to this case, executes this Settlement Agreement. In this regard, Respondent authorizes the Board to review and examine all investigative file materials concerning Respondent prior to or in conjunction with consideration of the Settlement Agreement. **Respondent agrees to support this Settlement Agreement at the time it is presented to the Board and shall offer no evidence, testimony or argument that disputes or contravenes any stipulated fact or conclusion of law.** Furthermore, should this Settlement Agreement not be accepted by the Board, it is

agreed that presentation to and consideration of this Settlement Agreement and other documents and matters by the Board shall not unfairly or illegally prejudice the Board or any of its members from further participation, consideration or resolution of these proceedings.

7. **No Preclusion of Additional Proceedings** - Respondent and the Department fully understand that this Settlement Agreement and subsequent Final Order incorporating same will in no way preclude additional proceedings by the Board and/or the Department against Respondent for acts or omissions not specifically set forth in the Administrative Complaint attached as Exhibit "A".

8. **Waiver of Attorney's Fees and Costs** - Upon the Board's adoption of this Settlement Agreement, the parties hereby agree that with the exception of costs noted above, the parties will bear their own attorney's fees and costs resulting from prosecution or defense of this matter. Respondent waives the right to seek any attorney's fees or costs from the Department and the Board in connection with this matter.

9. **Waiver of Further Procedural Steps** - Upon the Board's adoption of this Settlement Agreement, Respondent expressly waives all further procedural steps and expressly waives all rights to seek judicial review of or to otherwise challenge or contest the validity of the Settlement Agreement and the Final Order of the Board incorporating said Settlement Agreement.

SIGNED this 11 day of Sept, 2012.

**CASE NO. 2012-04186**

**THOMAS EDWARD HAWKEY, D.O.,**

**RESPONDENT.**

---

**ADMINISTRATIVE COMPLAINT**

COMES NOW, Petitioner, Department of Health, by and through its undersigned counsel, and files this Administrative Complaint before the Board of Osteopathic Medicine against Respondent, Thomas Edward Hawkey, D.O., and in support thereof alleges:

1. Petitioner is the state department charged with regulating the practice of osteopathic medicine pursuant to Section 20.43, Florida Statutes; Chapter 456, Florida Statutes; and Chapter 459, Florida Statutes.

2. At all times material to this Administrative Complaint, Respondent was a licensed osteopathic physician within the state of Florida, having been issued license number OS 6267.

**12121**

3. Respondent's address of record is 2730 Mohican Drive, Sumter, South Carolina 29150.

4. The South Carolina State Board of Medical Examiners is the licensing authority of the practice of osteopathic medicine in the state of South Carolina.

5. Respondent's South Carolina license is number 309.

6. On or about February 28, 2012, the South Carolina State Board of Medical Examiners issued a Final Order.

7. The Final Order publically reprimanded Respondent, required Respondent to pay a \$10,000.00 fine, and Respondent's license was suspended indefinitely.

8. Respondent failed to timely update his practitioner profile to reflect the Final Order issued by South Carolina State Board of Medical Examiners on or about February 28, 2012.

### **COUNT ONE**

9. Petitioner realleges and incorporates paragraphs one (1) through eight (8), as if fully set forth herein.

10. Section 459.015(1)(b), Florida Statutes (2011), provides that having a license or the authority to practice osteopathic medicine revoked,

suspended, or otherwise acted against, including the denial of licensure, by the licensing authority of any jurisdiction, including its agencies or subdivisions, constitutes grounds for disciplinary action. The licensing authority's acceptance of a physician's relinquishment of license, stipulation, consent order, or other settlement offered in response to or in anticipation of the filing of administrative charges against the physician shall be construed as action against the physician's license.

11. Respondent had a license to practice osteopathic medicine revoked, suspended, or otherwise acted against by the licensing authority of any jurisdiction when the South Carolina State Board of Medical Examiners issued a Final Order on or about February 28, 2012, which publically reprimanded Respondent, required Respondent to pay a \$10,000.00 fine, and Respondent's license was suspended indefinitely.

12. Based on the foregoing, Respondent violated Section 459.015(1)(b), Florida Statutes (2011), by having a license or the authority to practice osteopathic medicine revoked, suspended, or otherwise acted against, including the denial of licensure, by the licensing authority of any jurisdiction, including its agencies or subdivisions.

## COUNT TWO

13. Petitioner realleges and incorporates paragraphs one (1) through eight (8), as if fully set forth herein.

14. Section 456.072(1)(w), Florida Statutes (2011), provides that failing to comply with the requirements for profiling and credentialing, including, but not limited to, failing to provide initial information, failing to timely provide updated information, or making misleading, untrue, deceptive, or fraudulent representations on a profile, credentialing, or initial or renewal licensure application constitutes grounds for disciplinary action.

15. Respondent is licensed pursuant to Chapter 459, Florida Statutes, and is a health care practitioner as defined in Section 456.001(4), Florida Statutes (2011).

16. Section 456.039(1)(a)8, Florida Statutes (2011), provides that each physician who applies for license renewal under chapter 458, chapter 459, chapter 460, or chapter 461, except a person registered pursuant to Sections 458.345 and 459.021, Florida Statutes, must, in conjunction with the renewal of such license and under procedures adopted by the Department of Health, and in addition to any other information that may be

required from the applicant, furnish a description of any final disciplinary action taken within the previous 10 years against the applicant by the agency regulating the profession that the applicant is or has been licensed to practice, whether in this state or in any other jurisdiction, by a specialty board that is recognized by the American Board of Medical Specialties, the American Osteopathic Association, or a similar national organization, or by a licensed hospital, health maintenance organization, prepaid health clinic, ambulatory surgical center, or nursing home. Disciplinary action includes resignation from or nonrenewal of medical staff membership or the restriction of privileges at a licensed hospital, health maintenance organization, prepaid health clinic, ambulatory surgical center, or nursing home taken in lieu of or in settlement of a pending disciplinary case related to competence or character. If the applicant indicates that the disciplinary action is under appeal and submits a copy of the document initiating an appeal of the disciplinary action, the department must state that the disciplinary action is under appeal if the disciplinary action is reported in the applicant's profile.

17. Section 456.042, Florida Statutes (2011), requires that a practitioner must submit updates of required profile information within 15 days after the final activity that renders such information a fact.

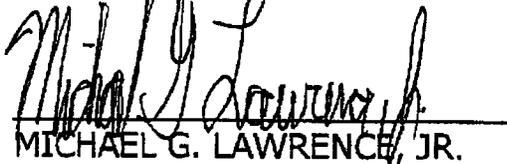

18. Respondent failed to timely update his practitioner profile to reflect the Final Order issued by South Carolina State Board of Medical Examiners on or about February 28, 2012.

19. Based on the foregoing, Respondent violated Section 456.072(1)(w) Florida Statutes (2011), by failing to comply with the requirements for profiling and credentialing by failing to timely provide updated practitioner profiling information.

WHEREFORE, the Petitioner respectfully requests that the Board of Osteopathic Medicine enter an order imposing one or more of the following penalties: permanent revocation or suspension of Respondent's license, restriction of practice, imposition of an administrative fine, issuance of a reprimand, placement of the Respondent on probation, corrective action, refund of fees billed or collected, remedial education and/or any other relief that the Board deems appropriate.

SIGNED this 11<sup>th</sup> day of July, 2012.

## **NOTICE OF RIGHTS**

**Respondent has the right to request a hearing to be conducted in accordance with Section 120.569 and 120.57, Florida Statutes, to be represented by counsel or other qualified representative, to present evidence and argument, to call and cross-examine witnesses and to have subpoena and subpoena duces tecum issued on his or her behalf if a hearing is requested.**

## **NOTICE REGARDING ASSESSMENT OF COSTS**

**Respondent is placed on notice that Petitioner has incurred costs related to the investigation and prosecution of this matter. Pursuant to Section 456.072(4), Florida Statutes, the Board shall assess costs related to the investigation and prosecution of a disciplinary matter, which may include attorney hours and costs, on the Respondent in addition to any other discipline imposed.**

**DISCIPLINARY GUIDELINES:**

**Section 459.015(1)(x), Florida Statutes (2016): Rule 64B15-19.002(28), Florida Administrative Code (revised November 27, 2016):**  
FIRST OFFENSE: MINIMUM: letter of concern, up to one (1) year probation and \$1,000 fine. MAXIMUM: denial or revocation and \$10,000 fine.

**PRELIMINARY CASE REMARKS: SETTLEMENT AGREEMENT:**

The Administrative Complaint alleges Subject violated section 459.015(1)(x), Florida Statutes, by committing medical malpractice.

At all times relevant hereto, the patient's medical history included diagnoses of hypertension and obesity, the patient's family medical history included a history of stroke (father), and the patient's medications included prescriptions for amlodipine and hydrochlorothiazide/losartan.

On April 20, 2017, the patient presented with complaints of right arm and hand numbness for the prior two days. The patient also complained that he had not been feeling well. Subject diagnosed arm numbness possibly related to a synovial cyst located on the patient's right wrist. Subject prescribed meloxicam and requested follow up in two weeks.

On May 2, 2017, the patient presented with complaints of continuing right arm and hand numbness as well as new onset confusion and fatigue. Subject noted

progressive right-hand weakness for three weeks, an episode of aphasia earlier that day, and a flaccid right wrist. Subject diagnosed aphasia and right wrist drop. Subject prescribed an MRI brain scan to rule out stroke, referred to an orthopedist to evaluate radial nerve palsy, and requested follow up in two weeks.

On May 4, 2017, the patient presented to the emergency room. The patient was admitted to the hospital with diagnoses of subacute stroke, elevated hemoglobin, elevated hematocrit, and hypertensive urgency. On May 7, 2017, the patient suffered a second stroke while still in the hospital.

At all times material hereto, the professional standard of care allegedly required Subject to order the patient undergo an immediate brain MRI; immediately refer the patient to appropriate specialists; and/or immediately refer the patient to the emergency room.

### **TERMS OF SETTLEMENT AGREEMENT:**

- Letter of Concern issued against Subject's license.
- Administrative fine of \$5,000.00, to be paid within ninety (90) days from the date the Final Order is filed.
- Reimbursement of the Department's costs not to exceed \$7,027.41, to be paid within ninety (90) days from the date the Final Order is filed.
- Document completion of a Board-approved risk management course within one (1) year from the date the Final Order is filed.

### **CONSIDERATIONS IN SUPPORT OF SETTLEMENT:**

- Subject has no prior discipline in Florida.
- Subject has been licensed in Florida for over nine years.
- Subject cooperated fully with the investigation and disciplinary process.
- The course requirement will help Subject gain an increased appreciation for his responsibility to abide by all of the statutes and rules governing his profession.

Florida has a very broad public records law. Most written communications to or from state officials regarding state business are public records available to the public and media upon request. Your e-mail communications may therefore be subject to public disclosure. However, if this e-mail concerns anticipated or current litigation or adversarial administrative proceeding to which the Department is a party, this e-mail is an attorney-client communication, and is, therefore, a limited access public document exempt from the provisions of Chapter 119, Florida Statutes. See Section 119.071(d)1., Florida Statutes.

Mission: To protect, promote and improve the health of all people in Florida through integrated state, county, and community efforts. Vision: Healthiest state in the nation

Values: (ICARE) Innovation: We search for creative solutions and manage resources wisely. Collaboration: We use teamwork to achieve common goals and solve problems. Accountability: We perform with integrity and respect. Responsiveness: We achieve our mission by serving our customers and engaging our partners. Excellence: We promote quality outcomes through learning and continuous performance improvement.

Purpose: To protect the public through health care licensure, enforcement and information. Focus: To be the nation's leader in quality health care regulation.

**STATE OF FLORIDA  
DEPARTMENT OF HEALTH**

**DEPARTMENT OF HEALTH,**

**Petitioner,**

**v.**

**DOH Case No. 2018-00013**

**RONALD GERARD GRUBB, D.O.,**

**Respondent.**

\_\_\_\_\_ /

**SETTLEMENT AGREEMENT**

Ronald Gerard Grubb, D.O. (Respondent), and the Department of Health (the Department), hereby stipulate and agree to the entry of a Final Order of the Board of Osteopathic Medicine (the Board), incorporating the following terms in settlement of the above styled and numbered matter.

**STIPULATED FACTS**

1. The Department regulates the practice of osteopathic medicine in Florida pursuant to section 20.43, Florida Statutes, and chapters 456 and 459, Florida Statutes.

2. At all times material hereto, Respondent was a licensed osteopathic physician in Florida, having been issued license number OS 11400.

3. The Department filed and properly served Respondent an Administrative Complaint which charged a violation of chapter 459, Florida Statutes. A true and correct copy of the Administrative Complaint is attached as *Exhibit A*.

4. For purposes of these proceedings, Respondent neither admits nor denies the allegations of fact contained in the Administrative Complaint.

#### **STIPULATED CONCLUSIONS OF LAW**

1. Respondent admits that, in his capacity as a Florida-licensed osteopathic physician, he is subject to the provisions of chapters 456 and 459, Florida Statutes, and the jurisdiction of the Department and the Board.

2. Respondent admits the facts alleged in the Administrative Complaint, if proven, would constitute a violation of chapter 459, Florida Statutes.

3. Respondent agrees the Stipulated Disposition in this case is fair, appropriate, and acceptable to Respondent.

#### **STIPULATED DISPOSITION**

1. **Letter of Concern** - The Board shall issue a Letter of Concern against Respondent's license.

2. **Fine** - The Board shall impose an administrative fine of ***Five Thousand Dollars and Zero Cents (\$5,000.00)*** against Respondent's license which Respondent shall pay to: Payments, Department of Health, Compliance Management Unit, Bin C-76, P.O. Box 6320, Tallahassee, Florida 32314-6320, within ninety (90) days of the date of the filing of the Final Order accepting this Agreement (the Final Order). **All fines shall be paid by cashier's check or money order.** Any change in the terms of payment of any fine imposed by the Board **must be approved in advance by the Board.**

**RESPONDENT ACKNOWLEDGES THAT THE TIMELY PAYMENT OF THE FINE IS HIS LEGAL OBLIGATION AND RESPONSIBILITY AND RESPONDENT AGREES TO CEASE PRACTICING IF THE FINE IS NOT PAID AS AGREED IN THIS AGREEMENT. SPECIFICALLY, IF RESPONDENT HAS NOT RECEIVED WRITTEN CONFIRMATION WITHIN ONE HUNDRED AND FIVE (105) DAYS FROM THE DATE THE FINAL ORDER IS FILED THAT THE FULL AMOUNT OF THE FINE HAS BEEN RECEIVED BY THE BOARD OFFICE, RESPONDENT AGREES TO CEASE PRACTICE UNTIL RESPONDENT RECEIVES SUCH WRITTEN CONFIRMATION FROM THE BOARD.**

3. **Reimbursement of Costs** - Pursuant to section 456.072, Florida Statutes, Respondent agrees to pay the Department for the Department's costs incurred in the investigation and prosecution of this case. Such costs exclude the costs of obtaining supervision or monitoring of the practice, the cost of quality assurance reviews, any other costs Respondent incurs to comply with the Final Order, and the Board's administrative costs directly associated with Respondent's probation, if any. Respondent agrees that the amount of costs to be paid in this case is currently ***Five Thousand Twenty-Seven Dollars and Forty-One Cents (\$5,027.41) but shall not exceed Seven Thousand Twenty-Seven Dollars and Forty-One Cents (\$7,027.41).*** Respondent will pay such costs to: Payments, Department of Health, Compliance Management Unit, Bin C-76, P.O. Box 6320, Tallahassee, Florida 32314-6320, within ninety (90) days from the date the Final Order is filed. **All costs shall be paid by cashier's check or money order.** Any change in the terms of payment of costs imposed by the Board **must be approved in advance by the Board.**

**RESPONDENT ACKNOWLEDGES THAT THE TIMELY PAYMENT  
OF THE COSTS IS HIS LEGAL OBLIGATION AND RESPONSIBILITY  
AND RESPONDENT AGREES TO CEASE PRACTICING IF THE COSTS**

**ARE NOT PAID AS AGREED IN THIS AGREEMENT. SPECIFICALLY, IF RESPONDENT HAS NOT RECEIVED WRITTEN CONFIRMATION WITHIN ONE HUNDRED AND FIVE (105) DAYS OF THE DATE THE FINAL ORDER IS FILED THAT THE FULL AMOUNT OF THE COSTS HAS BEEN RECEIVED BY THE BOARD OFFICE, RESPONDENT AGREES TO CEASE PRACTICE UNTIL RESPONDENT RECEIVES SUCH WRITTEN CONFIRMATION FROM THE BOARD.**

4. **Risk Management Course** - Respondent shall complete five (5) hours of Continuing Medical Education in "Risk Management" after first obtaining written advance approval from the Board of such proposed course. Respondent shall complete this requirement and document such completion within one (1) year from the date the Final Order is filed.

#### **STANDARD PROVISIONS**

1. **Appearance** - Respondent is required to appear before the Board at the meeting of the Board where this Agreement is considered.

2. **No Force or Effect until Final Order** - It is expressly understood that this Agreement is subject to the approval of the Board and the Department. In this regard, the foregoing paragraphs (and only the

foregoing paragraphs) shall have no force and effect unless the Board enters a Final Order incorporating the terms of this Agreement.

3. **Continuing Medical Education** - Unless otherwise provided in this Agreement, Respondent shall first submit a written request to the Board for approval prior to performance of Continuing Medical Education (CME) course(s). Respondent shall submit documentation to the Board of having completed a CME course in the form of certified copies of the receipts, vouchers, certificates, or other papers, such as physician's recognition awards, documenting completion of this medical course within one (1) year from the date the Final Order is filed. All such documentation shall be sent to the Board, regardless of whether some or any of such documentation was provided during any prior audit or discussion with Department counsel. CME hours required by this Agreement shall be in addition to those hours required for renewal of licensure. Unless otherwise approved by the Board, such CME course(s) may be presented either in an internet-based or an in-person lecture format.

4. **Addresses** - Respondent must provide current residence and practice addresses to the Board. Respondent shall notify the Board in writing within ten (10) days of any changes of said addresses.

5. **Future Conduct** - In the future, Respondent shall not violate chapter 456, 459, or 893, Florida Statutes, or the rules promulgated pursuant thereto, or any other state or federal law, rule, or regulation relating to the practice or the ability to practice medicine. Prior to signing this Agreement, Respondent shall read chapters 456, 459, and 893, Florida Statutes, and the rules of the Board, at chapter 64B15, Florida Administrative Code.

6. **Violation of Terms** - It is expressly understood that a violation of the terms of this Agreement shall be considered a violation of a Final Order of the Board, for which disciplinary action may be initiated pursuant to chapters 456 and 459, Florida Statutes.

7. **Purpose of Agreement** - Respondent, for the purpose of avoiding further administrative action with respect to this cause, executes this Agreement. In this regard, Respondent authorizes the Board to review and examine all investigative file materials concerning Respondent prior to or in conjunction with consideration of this Agreement. Respondent agrees to support this Agreement at the time it is presented to the Board and shall offer no evidence, testimony, or argument that disputes or contravenes any stipulated fact or conclusion of law. Furthermore, should this Agreement not be accepted by the Board, it is agreed that presentation to and consideration

of this Agreement and other documents and matters by the Board shall not unfairly or illegally prejudice the Board or any of its members from further participation, consideration, or resolution of these proceedings.

8. **No Preclusion of Additional Proceedings** - Respondent and the Department fully understand that this Agreement and subsequent Final Order will in no way preclude additional proceedings by the Board and/or the Department against Respondent for acts or omissions not specifically set forth in the Administrative Complaint attached as *Exhibit A*.

9. **Waiver of Attorney's Fees and Costs** - Upon the Board's adoption of this Agreement, the parties hereby agree that, with the exception of Department costs noted above, the parties will bear their own attorney's fees and costs resulting from prosecution or defense of this matter. Respondent waives the right to seek any attorney's fees or costs from the Department and the Board in connection with this matter.

10. **Waiver of Further Procedural Steps** - Upon the Board's adoption of this Agreement, Respondent expressly waives all further procedural steps and expressly waives all rights to seek judicial review of or to otherwise challenge or contest the validity of this Agreement and the Final Order of the Board incorporating this Agreement.

SIGNED this 8<sup>th</sup> day of July, 2020.

Ronald Gerard Grubb

**STATE OF FLORIDA  
DEPARTMENT OF HEALTH**

**DEPARTMENT OF HEALTH,**

**Petitioner,**

**v.**

**DOH Case No. 2018-00013**

**RONALD GERARD GRUBB, D.O.,**

**Respondent.**

\_\_\_\_\_ /

**ADMINISTRATIVE COMPLAINT**

Petitioner, the Department of Health (the Department), hereby files this Administrative Complaint before the Board of Osteopathic Medicine (the Board) against Respondent, Ronald Gerard Grubb, D.O. (Respondent), in the above styled and numbered matter. In support, the Department alleges:

1. The Department regulates the practice of osteopathic medicine in Florida pursuant to section 20.43, Florida Statutes, and chapters 456 and 459, Florida Statutes.

2. At all times material hereto, Respondent was a licensed osteopathic physician in Florida, having been issued license number OS 11400.

**EXHIBIT**

**A**

3. The Department's address of record for Respondent is 5225 Manatee Avenue West, Bradenton, Florida 34209.

4. At all times relevant hereto, Respondent served as primary care physician to Patient J.B. (the patient).

5. At all times relevant hereto, the patient's medical history included, inter alia, diagnoses of hypertension and obesity.

6. At all times relevant hereto, the patient's family medical history included, inter alia, a history of stroke (father).

7. At all times relevant hereto, the patient's medications included, inter alia, prescriptions for amlodipine<sup>1</sup> and hydrochlorothiazide/losartan.<sup>2</sup>

8. On or about April 20, 2017, the patient presented to Respondent with complaints of right arm and hand numbness for the previous two days.

9. The patient also complained that he had not been feeling well.

10. Respondent diagnosed arm numbness possibly related to a synovial cyst located on the patient's right wrist.

---

<sup>1</sup> Amlodipine is a calcium channel blocker and can be used to treat high blood pressure and chest pain (angina).

<sup>2</sup> Hydrochlorothiazide/losartan is an antihypertensive and can be used to treat high blood pressure.

11. Respondent prescribed meloxicam and requested follow up in two weeks.

12. On or about May 2, 2017, the patient presented to Respondent with complaints of continuing right arm and hand numbness as well as new onset confusion and fatigue.

13. Respondent noted progressive right hand weakness for three weeks, an episode of aphasia earlier that day, and a flaccid right wrist.

14. Respondent diagnosed aphasia and right wrist drop.

15. Respondent prescribed an MRI brain scan to rule out stroke, referred to an orthopedist to evaluate radial nerve palsy, and requested follow up in two weeks.

16. On or about May 4, 2017, the patient presented to the emergency room.

17. The patient was diagnosed with subacute stroke, elevated hemoglobin, elevated hematocrit, as well as hypertensive urgency and admitted to the hospital.

18. On or about May 7, 2017, the patient suffered a second stroke while still in the hospital.

19. Section 459.015(1)(x), Florida Statutes (2016), subjects a licensee to discipline for committing medical malpractice.<sup>3</sup>

20. At all times material hereto, the prevailing professional standard of care required Respondent to:

- a. Order an immediate brain MRI;
- b. Immediately refer to appropriate specialists; and/or
- c. Immediately refer to the emergency room.

21. On or about April 20, 2017 and/or May 2, 2017, Respondent failed to:

- a. Order an immediate brain MRI;
- b. Immediately refer to appropriate specialists; and/or
- c. Immediately refer to the emergency room.

22. Based on the foregoing, Respondent violated section 459.015(1)(x), Florida Statutes.

---

<sup>3</sup> Section 456.50(1)(g), Florida Statutes (2016), defines the term "medical malpractice" to mean "the failure to practice medicine in accordance with the level of care, skill, and treatment recognized in general law related to health care licensure." Section 766.102(1), Florida Statutes (2016), provides the "prevailing professional standard of care for a given healthcare provider shall be that level of care, skill, and treatment which, in light of all relevant surrounding circumstances, is recognized as acceptable and appropriate by reasonably prudent similar health care providers."

WHEREFORE, the Department respectfully requests the Board enter an order imposing one or more of the following penalties: permanent revocation or suspension of Respondent's license, restriction of practice, imposition of an administrative fine, issuance of a reprimand, placement of Respondent on probation, corrective action, refund of fees billed or collected, remedial education, and/or any other relief the Board deems appropriate.

SIGNED this twenty-eighth day of April, 2020.

## **NOTICE OF RIGHTS**

**Respondent has the right to request a hearing to be conducted in accordance with section 120.569 and 120.57, Florida Statutes, to be represented by counsel or other qualified representative, to present evidence and argument, to call and cross-examine witnesses and to have subpoena and subpoena duces tecum issued on his or her behalf if a hearing is requested.**

**A request or petition for an administrative hearing must be in writing and must be received by the Department within twenty-one (21) days from the day Respondent received this Administrative Complaint, pursuant to rule 28-106.111(2), Florida Administrative Code. If Respondent fails to request a hearing within twenty-one (21) days of receipt of this Administrative Complaint, Respondent waives the right to request a hearing on the facts alleged in this Administrative Complaint pursuant to rule 28-106.111(4), Florida Administrative Code. Any request for an administrative proceeding to challenge or contest the material facts or charges contained in this Administrative Complaint must conform to rule 28-106.2015(5), Florida Administrative Code.**

**Mediation under section 120.573, Florida Statutes, is not available to resolve this Administrative Complaint.**

## **NOTICE REGARDING ASSESSMENT OF COSTS**

**Respondent is placed on notice that the Department has incurred costs related to the investigation and prosecution of this matter. Pursuant to section 456.072(4), Florida Statutes, the Board shall assess costs related to the investigation and prosecution of a disciplinary matter, which may include attorney hours and costs, on Respondent in addition to any other discipline imposed.**

ELECTION OF RIGHTS

Ronald Gerald Grubb, D.O., Respondent

License No. OS 11400

DOH Case No. 2018-00013

Please sign and complete all of the information below:

I received notice of the Administrative Complaint on the following date: 5-4-20

PLEASE SELECT ONLY 1 OF THE 2 OPTIONS

If you do not understand these options, please consult with your attorney or contact the attorney for the Prosecution Services Unit identified at the bottom of this form.

OPTION 1. I do not dispute the allegations of material fact in the Administrative Complaint. I do wish to be afforded a hearing, pursuant to section 120.57(2), Florida Statutes, at which time I will be permitted to submit oral and/or written evidence in mitigation of the complaint to the Board.

OPTION 2. I do dispute the allegations of material fact contained in the Administrative Complaint and request this to be considered a petition for formal hearing, pursuant to sections 120.569(2)(a) and 120.57(1), Florida Statutes, before an Administrative Law Judge appointed by the Division of Administrative Hearings. Pursuant to uniform rule 28-106.2015(5), Florida Administrative Code, I specifically dispute the following material facts (identified by paragraph number and fact disputed) in the Administrative Complaint:

Allison E. Dye

STATE OF FLORIDA  
DEPARTMENT OF HEALTH

DEPARTMENT OF HEALTH,

Petitioner,

v.

DOH CASE NO. 2018-00013

RONALD GRUBB, D.O.,

Respondent.

**NOTICE OF APPEARANCE;**  
**REQUEST FOR COMPLETE INVESTIGATIVE FILE AND EXHIBITS;**  
**AND PETITION FOR HEARING INVOLVING DISPUTED ISSUES OF FACT**

The undersigned attorneys, Jeffrey M. Goodis and Allison E. Dye, hereby file this Notice of Appearance for and on behalf of the Respondent, RONALD GRUBB, D.O., in conjunction with the above-captioned case. Copies of all pleadings, notices, and correspondence regarding the above-styled cause are hereby requested to be furnished to the undersigned counsel at the address stated.

**REQUEST FOR COMPLETE INVESTIGATIVE FILE AND EXHIBITS**

The undersigned counsel for the Respondent requests to be promptly provided with a complete copy of the Department of Health's investigative file in conjunction with the above-captioned case along with a copy of any supplemental investigation conducted by the Department of Health in this matter. This request includes but is not limited to the following categories of documents:

- a. Copies of all records created, maintained, sent, or received by the Department of Health in any way related to the above-captioned investigation, including but not limited to reports of DOH investigators, summaries of witness statements, medical records, covers of file, and other documents;

- b. Reports of experts consulted in this matter, correspondence to and from experts, copy of the Curriculum Vitae of any expert consulted in this matter, and copy of any bill or invoice rendered by any expert; and
- c. Copies of any recommendations to the Probable Cause Panel made by any representative of the Department of Health, and copies of all recommendations from the Probable Cause Panel directed to DOH or the Board of Medicine.
- d. A copy of each and every document sent to the Probable Cause Panel for its review in determining whether or not probable cause existed for the issuance of the Administrative Complaint in this case. (Please identify such documents as having been sent to the members of the Probable Cause Panel if they duplicate documents produced in response to any other Request set forth herein.)
- e. The transcript of The Probable Cause Panel hearing and the agenda for the Panel's meeting.

This is a continuing request, and the Department of Health is requested to provide a copy of all supplemental documents and reports promptly after they come within possession of the Department. The failure to provide these documents and reports in a timely fashion to Respondent's counsel will prejudice Respondent in preparation of this case. The Respondent agrees to the customary and reasonable charges for the copying of these materials.

#### **PETITION FOR HEARING INVOLVING DISPUTED ISSUES OF FACT**

The undersigned counsel for Respondent requests review of the materials requested in this pleading before being able to consider and discuss the terms of the proposed Settlement Agreement. In the event settlement terms cannot be agreed to, Respondent requests a Hearing Involving Disputed Issues of Fact pursuant to §120.569 and §120.57, Florida Statutes. In support thereof and in compliance with Rule 28-106.201, F.A.C., Respondent states as follows:

1. Respondent is Ronald Grubb, D.O. For purposes of this proceeding, Respondent's address and phone number will be that of the undersigned counsel.

2. Respondent is the subject of an Administrative Complaint filed on April 28, 2020, by Petitioner in this cause which seeks to take disciplinary action against her Florida license to practice as a physician.

3. On or about May 4, 2020, Respondent received a copy of the Administrative Complaint in this cause together with an Election of Rights Form. The Administrative Complaint contains a Notice of Rights. This Petition is filed in a manner that is compliant with the time frame provided in the statutes referenced in that Notice.

4. Respondent's substantial interests will be adversely affected by disciplinary action against his license to practice medicine in Florida.

5. Respondent may be a "small business party" as that term is defined by §57.111, F.S.

6. Respondent asserts the existence of disputed issues of material fact and requests an evidentiary hearing for determination and ruling on the disputed issues of material fact. The disputed facts include, but are not limited to, whether Respondent violated any provision of the Medical Practice Act or the rules adopted by the Board of Medicine.

7. Respondent submits as ultimate facts that the allegations in this case are inaccurate. Respondent's care and treatment of patient, J.B., met the applicable standard of care. Specifically, when J.B. presented to Respondent, he complained of a 3-day history of right arm and hand numbness, comparing it to a similar episode 7 years prior when he was diagnosed with cervical stenosis. In addition, during this visit, J.B. reported that he was recently weight lifting and developed wrist discomfort. A review of systems by Respondent revealed a synovial cyst over the right wrist and numbness to the right hand and forearm. Respondent appropriately prescribed an

anti-inflammatory with instruction to follow up in two weeks. Based on J.B.'s presentation and prior history, including an explanation for his recent wrist/arm discomfort, there was no indication that an MRI or referral to a specialist and/or the ER was necessary. Moreover, when J.B. returned to Respondent, J.B. informed Respondent that his symptoms were unchanged and upon further questioning from Respondent, it was determined that J.B., had progressive weakness in the right hand with a loss of strength from prior visit. J.B. also reported an episode of confusion and fatigue earlier that day. Due to these new findings and after an appropriate review of systems and physical examination, which included a negative neurologic exam, Respondent appropriately ordered an MRI of the brain. Based on Respondent's examination during this visit, there was no indication that an immediate ER referral or referral to a specialist was indicated.

8. This Petition is filed less than 21 days from receipt of the Administrative Complaint.

WHEREFORE, Respondent requests that she first be granted the opportunity for negotiating a Settlement Stipulation with Petitioner, and hereby waives the 45 day requirement and requests that this matter not be forwarded to the Division of Administrative Hearings pending such negotiation. Respondent waives any applicable time limits regarding referral of this Petition.

#### **CERTIFICATE OF SERVICE**

I HEREBY CERTIFY that the foregoing was electronically filed by e-mail to all parties of record as follows: Geoffrey M. Christian, Esquire, Office of the General Counsel, Department of Health, ([Geoffrey.Christian@flhealth.gov](mailto:Geoffrey.Christian@flhealth.gov)), on this 26<sup>th</sup> day of May, 2020.

STATE OF FLORIDA  
DEPARTMENT OF HEALTH

DEPARTMENT OF HEALTH,

Petitioner,

v.

DOH CASE NO. 2018-07416

RONALD GRUBB, D.O.,

Respondent.

**NOTICE OF APPEARANCE;**  
**REQUEST FOR COMPLETE INVESTIGATIVE FILE AND EXHIBITS;**  
**AND PETITION FOR HEARING INVOLVING DISPUTED ISSUES OF FACT**

The undersigned attorneys, Jeffrey M. Goodis and Allison E. Dye, hereby file this Notice of Appearance for and on behalf of the Respondent, RONALD GRUBB, D.O., in conjunction with the above-captioned case. Copies of all pleadings, notices, and correspondence regarding the above-styled cause are hereby requested to be furnished to the undersigned counsel at the address stated.

**REQUEST FOR COMPLETE INVESTIGATIVE FILE AND EXHIBITS**

The undersigned counsel for the Respondent requests to be promptly provided with a complete copy of the Department of Health's investigative file in conjunction with the above-captioned case along with a copy of any supplemental investigation conducted by the Department of Health in this matter. This request includes but is not limited to the following categories of documents:

- a. Copies of all records created, maintained, sent, or received by the Department of Health in any way related to the above-captioned investigation, including but not limited to reports of DOH investigators, summaries of witness statements, medical records, covers of file, and other documents;

- b. Reports of experts consulted in this matter, correspondence to and from experts, copy of the Curriculum Vitae of any expert consulted in this matter, and copy of any bill or invoice rendered by any expert; and
- c. Copies of any recommendations to the Probable Cause Panel made by any representative of the Department of Health, and copies of all recommendations from the Probable Cause Panel directed to DOH or the Board of Medicine.
- d. A copy of each and every document sent to the Probable Cause Panel for its review in determining whether or not probable cause existed for the issuance of the Administrative Complaint in this case. (Please identify such documents as having been sent to the members of the Probable Cause Panel if they duplicate documents produced in response to any other Request set forth herein.)
- e. The transcript of The Probable Cause Panel hearing and the agenda for the Panel's meeting.

This is a continuing request, and the Department of Health is requested to provide a copy of all supplemental documents and reports promptly after they come within possession of the Department. The failure to provide these documents and reports in a timely fashion to Respondent's counsel will prejudice Respondent in preparation of this case. The Respondent agrees to the customary and reasonable charges for the copying of these materials.

#### **PETITION FOR HEARING INVOLVING DISPUTED ISSUES OF FACT**

The undersigned counsel for Respondent requests review of the materials requested in this pleading before being able to consider and discuss the terms of the proposed Settlement Agreement. In the event settlement terms cannot be agreed to, Respondent requests a Hearing Involving Disputed Issues of Fact pursuant to §120.569 and §120.57, Florida Statutes. In support thereof and in compliance with Rule 28-106.201, F.A.C., Respondent states as follows:

1. Respondent is Ronald Grubb, D.O. For purposes of this proceeding, Respondent's address and phone number will be that of the undersigned counsel.

2. Respondent is the subject of an Administrative Complaint filed on April 28, 2020, by Petitioner in this cause which seeks to take disciplinary action against her Florida license to practice as a physician.

3. On or about May 4, 2020, Respondent received a copy of the Administrative Complaint in this cause together with an Election of Rights Form. The Administrative Complaint contains a Notice of Rights. This Petition is filed in a manner that is compliant with the time frame provided in the statutes referenced in that Notice.

4. Respondent's substantial interests will be adversely affected by disciplinary action against his license to practice medicine in Florida.

5. Respondent may be a "small business party" as that term is defined by §57.111, F.S.

6. Respondent asserts the existence of disputed issues of material fact and requests an evidentiary hearing for determination and ruling on the disputed issues of material fact. The disputed facts include, but are not limited to, whether Respondent violated any provision of the Medical Practice Act or the rules adopted by the Board of Medicine.

7. Respondent submits as ultimate facts that the allegations in this case are inaccurate. Paragraphs 20 and 21 of the Administrative Complaint does not set forth the appropriate standard of care nor does it accurately portray the care and treatment rendered.

8. This Petition is filed less than 21 days from receipt of the Administrative Complaint.

WHEREFORE, Respondent requests that she first be granted the opportunity for negotiating a Settlement Stipulation with Petitioner, and hereby waives the 45 day requirement and requests that this matter not be forwarded to the Division of Administrative Hearings pending such negotiation. Respondent waives any applicable time limits regarding referral of this Petition.

**CERTIFICATE OF SERVICE**

DEPARTMENT OF HEALTH**

**DEPARTMENT OF HEALTH,**

**Petitioner,**

**v.**

**DOH Case No. 2018-00013**

**RONALD GERARD GRUBB, D.O.,**

**Respondent.**

\_\_\_\_\_ /

**ADMINISTRATIVE COMPLAINT**

Petitioner, the Department of Health (the Department), hereby files this Administrative Complaint before the Board of Osteopathic Medicine (the Board) against Respondent, Ronald Gerard Grubb, D.O. (Respondent), in the above styled and numbered matter. In support, the Department alleges:

1. The Department regulates the practice of osteopathic medicine in Florida pursuant to section 20.43, Florida Statutes, and chapters 456 and 459, Florida Statutes.

2. At all times material hereto, Respondent was a licensed osteopathic physician in Florida, having been issued license number OS 11400.

3. The Department's address of record for Respondent is 5225 Manatee Avenue West, Bradenton, Florida 34209.

4. At all times relevant hereto, Respondent served as primary care physician to Patient J.B. (the patient).

5. At all times relevant hereto, the patient's medical history included, inter alia, diagnoses of hypertension and obesity.

6. At all times relevant hereto, the patient's family medical history included, inter alia, a history of stroke (father).

7. At all times relevant hereto, the patient's medications included, inter alia, prescriptions for amlodipine<sup>1</sup> and hydrochlorothiazide/losartan.<sup>2</sup>

8. On or about April 20, 2017, the patient presented to Respondent with complaints of right arm and hand numbness for the previous two days.

9. The patient also complained that he had not been feeling well.

10. Respondent diagnosed arm numbness possibly related to a synovial cyst located on the patient's right wrist.

---

<sup>1</sup> Amlodipine is a calcium channel blocker and can be used to treat high blood pressure and chest pain (angina).

<sup>2</sup> Hydrochlorothiazide/losartan is an antihypertensive and can be used to treat high blood pressure.

11. Respondent prescribed meloxicam and requested follow up in two weeks.

12. On or about May 2, 2017, the patient presented to Respondent with complaints of continuing right arm and hand numbness as well as new onset confusion and fatigue.

13. Respondent noted progressive right hand weakness for three weeks, an episode of aphasia earlier that day, and a flaccid right wrist.

14. Respondent diagnosed aphasia and right wrist drop.

15. Respondent prescribed an MRI brain scan to rule out stroke, referred to an orthopedist to evaluate radial nerve palsy, and requested follow up in two weeks.

16. On or about May 4, 2017, the patient presented to the emergency room.

17. The patient was diagnosed with subacute stroke, elevated hemoglobin, elevated hematocrit, as well as hypertensive urgency and admitted to the hospital.

18. On or about May 7, 2017, the patient suffered a second stroke while still in the hospital.

19. Section 459.015(1)(x), Florida Statutes (2016), subjects a licensee to discipline for committing medical malpractice.<sup>3</sup>

20. At all times material hereto, the prevailing professional standard of care required Respondent to:

- a. Order an immediate brain MRI;
- b. Immediately refer to appropriate specialists; and/or
- c. Immediately refer to the emergency room.

21. On or about April 20, 2017 and/or May 2, 2017, Respondent failed to:

- a. Order an immediate brain MRI;
- b. Immediately refer to appropriate specialists; and/or
- c. Immediately refer to the emergency room.

22. Based on the foregoing, Respondent violated section 459.015(1)(x), Florida Statutes.

---

<sup>3</sup> Section 456.50(1)(g), Florida Statutes (2016), defines the term "medical malpractice" to mean "the failure to practice medicine in accordance with the level of care, skill, and treatment recognized in general law related to health care licensure." Section 766.102(1), Florida Statutes (2016), provides the "prevailing professional standard of care for a given healthcare provider shall be that level of care, skill, and treatment which, in light of all relevant surrounding circumstances, is recognized as acceptable and appropriate by reasonably prudent similar health care providers."

WHEREFORE, the Department respectfully requests the Board enter an order imposing one or more of the following penalties: permanent revocation or suspension of Respondent's license, restriction of practice, imposition of an administrative fine, issuance of a reprimand, placement of Respondent on probation, corrective action, refund of fees billed or collected, remedial education, and/or any other relief the Board deems appropriate.

SIGNED this twenty-eighth day of April, 2020.

Scott A. Rivkees, M.D.  
State Surgeon General

Attorney for Petitioner

PCP Date: April 28, 2020

PCP Members: G. Moran, D.O.; J. Rose, D.O.

## **NOTICE OF RIGHTS**

**Respondent has the right to request a hearing to be conducted in accordance with section 120.569 and 120.57, Florida Statutes, to be represented by counsel or other qualified representative, to present evidence and argument, to call and cross-examine witnesses and to have subpoena and subpoena duces tecum issued on his or her behalf if a hearing is requested.**

**A request or petition for an administrative hearing must be in writing and must be received by the Department within twenty-one (21) days from the day Respondent received this Administrative Complaint, pursuant to rule 28-106.111(2), Florida Administrative Code. If Respondent fails to request a hearing within twenty-one (21) days of receipt of this Administrative Complaint, Respondent waives the right to request a hearing on the facts alleged in this Administrative Complaint pursuant to rule 28-106.111(4), Florida Administrative Code. Any request for an administrative proceeding to challenge or contest the material facts or charges contained in this Administrative Complaint must conform to rule 28-106.2015(5), Florida Administrative Code.**

**Mediation under section 120.573, Florida Statutes, is not available to resolve this Administrative Complaint.**

## **NOTICE REGARDING ASSESSMENT OF COSTS**

**Respondent is placed on notice that the Department has incurred costs related to the investigation and prosecution of this matter. Pursuant to section 456.072(4), Florida Statutes, the Board shall assess costs related to the investigation and prosecution of a disciplinary matter, which may include attorney hours and costs, on Respondent in addition to any other discipline imposed.**

Tallahassee, Florida 32399-3265

Regarding: DOH v case 2018-00013

Dear Department of Health, PSU,

### Summary

Complaint derived from the patient's daughter, BB, alleging that the subject failed to diagnose a stroke 2 weeks prior to his hospitalization for an acute cerebrovascular accident which resulted in the patient having sequela of right facial drooping, and right arm weakness and expressive aphasia. which has impacted his independent activities of daily living.

1. I do not know the subject, the complainant, and I do not have direct knowledge of the circumstances surrounding this case.
2. I have treated patients with similar presentation in the primary care office and I have had patients with similar presentations in the long-term care facility and in the hospital.
3. The subject failed to meet the standard of care. The reasons are: failure to perform a physical examination other than having vital signs, failing to recognize an urgent event on both first and the second patient visit, failing to have the patient referred to an appropriate specialist or to the Emergency room. Failing to order an MRI or CT of the brain immediately and to pursue the etiology of the patient's confusion and fatigue and facial drooping. When the patient initially presented to the subject on first visit, the patient did complain of of right arm numbness which the patient even stated that was similar to a presentation some 7 years earlier when he was diagnosed with a pinched nerve. However, in the 2 weeks follow up, on the second visit, the patient admitted to having felt worse, with increasing right arm numbness along with confusion and fatigue. On the second visit the subject refers to an orthopedic and orders an MRI of the brain and writes as his diagnoses Aphasia, and documents for the patient to the follow up in 2 weeks. The subject should have done a complete history and physical exam and document the findings, address the elevated blood pressure, refer to the appropriate specialists, or to the emergency room and pursue appropriate evaluation for the aphasia, the confusion, the weakness, and the numbness of the right arm.
4. The subject did not adequately access the patient's complaint, did not do a through history and physical and did not order any laboratory tests, or appropriate consultation with a specialist.
5. The subject's diagnoses was not appropriate, adequate, accurate nor timely.
6. The subject did not diagnose the patient appropriately and therefore he did not refer to the appropriate specialist, nor did he perform any tests in the speed in which it necessitated.
7. The subject's plan of care was inadequate, erroneous and he did not pursue it further. In addition, his recommendation for a follow up was 2 weeks which is too lengthy for the

patient presenting with aphasia, right arm weakness, and fatigue. At least one would want to know why the patient has aphasia, right arm weakness and fatigue and suspect a stroke and refer to neurology and to the Emergency room.

8. The subject did not prescribe any legend drugs, he did not prescribe the appropriate medication for a patient with a pending stroke, nor did he address the patient's elevated blood pressure.
9. The medical records are not accurate nor do they document completely or justify the course of treatment the patient necessitated. The history and physical are not complete, there is no documentation of a physical exam, nor is there a review of systems, nor any detailed history with regards to the patient's fatigue, confusion, aphasia, or worsening right arm symptoms. The subject's entry into the medical records are legible. There are no documentation of a history or physical pertaining to the complaint of aphasia, and right arm weakness. There is no musculoskeletal exam and no neurological exam.
10. Billing is not an issue and no billing information was submitted.
11. The subject necessitated to obtain a complete history and physical, order laboratory, and either refer to a neurologist or refer the patient to the emergency room if a neurologist could not see him immediately. The emergency room or direct hospitalization would have been the appropriate plan of care. At least order a MRI of the brain stat and have the patient's blood pressure controlled, have him on statins, and possibly add anticoagulants. Based on the office notes the patient had risk factors for strokes: hypertension, and obesity, but the elevated blood pressure was not addressed. The presentation of right arm weakness combined with aphasia is suspicious for a stroke and the subject ignored the ominous signs. The subject also neglected to inform the patient to seek further care should symptoms worsen or not improve if the patient had refused to go to the Emergency room.
12. There is no response from the subject

In summary, the subject fell below the standards of care by not performing a complete history and physical, not addressing the patient's complaint, not ordering any laboratory tests, nor MRI of the brain immediately or sending the patient to a higher level of care immediately. The hospital records show that the patient had an acute embolic stroke due to his erythrocytosis and polycythemia his MRI of the brain in the hospital confirmed an acute cerebrovascular accident and the patient was started on aspirin, plavix, statin and his blood pressure medications adjusted to control blood pressure. He was also seen by a cardiologist and a neurology and had further tests as TEE and loop recorder.

If you have any further questions, please call (407) 766-0882 to schedule a telephone conference.

Sincerely,

Lidia Flores Oliveira, DO

Re: 2018-00013

Dear Mr. Christian:

The undersigned has been retained to represent Dr. Ronald Gerard Grubb. In that capacity, I am in receipt of yours of June 27, 2019 wherein you were kind enough to forward Dr. Grubb a copy of the Department's investigative file.

Unfortunately, it is apparent that Dr. Grubb was unaware of the investigation prior to late May 2019 after receiving your email and your letter of May 28, 2019. In short, it is my impression that Dr. Grubb was not aware of the January 31, 2018 correspondence and its related enclosures. Would you please provide us with that correspondence and/or evidence of delivery of same upon Dr. Grubb?

In your May 28, 2019 correspondence, you indicate that the Department is adding possible violations of two statutes and two administrator rules. That said, it is apparent, from the materials provided to date, that the effort to reach Dr. Grubb for response may have been limited to a March 14, 2018 phone message from the investigator. Perhaps most importantly it is interesting to note that the Department's reviewer indicates, in Paragraph 12 of her review, that there was no response from the subject. That, of course, lends credence to the doctor's position that he did not receive the initial complaint.

In your most recent letter, there is suggestion that the Department is adding a violation of Fla. Stat § 456.50 for repeated instances of malpractice. As we do not believe that there are prior instances of malpractice, we would appreciate your outlining, at your earliest convenience, what other instances of malpractice the Department is considering.

As we are joining the matter late, I wanted to let you know that we intend to have the materials the Department's consultant reviewed and provide you with the results of that review as soon as possible. That said, it appears as if the Department's review, by a physician specializing in addiction, hospice and palliative medicine, acknowledges that when the patient first presented he complained of right-arm numbness and related that his symptomology was similar to a presentation some 7 years earlier when he was diagnosed with a pinched nerve. As such, one should not be surprised that Dr. Grubb's initial differential diagnosis relied, in part, on the patient's symptomology and complaints. It would certainly appear as if the Department's reviewer reached her conclusions with the benefit of hindsight given the reviewer's acknowledgment of the patient's complaints and relation of prior similar symptomology.

After initial review, we can clarify some of the concerns regarding Dr. Grubb's care. As you know, the patient initially presented with a 3 day history of right arm and hand numbness. The patient stated that he had a similar episode 7 years prior and was diagnosed with cervical stenosis which resulted in his symptomology. However, at the initial appointment, the patient also reported that he had been weight lifting and had developed wrist discomfort as well. A review of systems and physical exam were performed which revealed a synovial cyst over the right wrist and numbness to the right hand and forearm. A trial of an anti-inflammatory was prescribed with a follow-up appointment in 2 weeks. In short, based on the patient's self-reported history and the doctor's examination, an appropriate *prospective* differential diagnosis was made.

When the patient presented again *he indicated* that his symptoms were *unchanged; however*, upon further questioning it was determined that he had progressive weakness of the right hand with a loss of strength from his prior visit. In short, Dr. Grubb appropriately questioned the patient, as he clearly did on the first visit. The patient also stated he had *an episode* of confusion and fatigue earlier that day. Both a review of systems and a physical exam were performed that day. The physical exam revealed a flaccid wrist consistent with a radial nerve palsy. Based on his patient's complaints and the information that he discovered despite the patient's initial indication that he was unchanged, Dr. Grubb appropriately ordered the MRI of the brain to evaluate for a possible cerebral vascular accident. Dr. Grubb has been a physician in practice for 22 years, as well as a Program Director for 10 years, and he enjoys a very good reputation in his community. As the records reflect, Dr. Grubb did not ignore any ominous signs of a stroke.

Our review of the initial materials also shows that the patient was appropriately admitted to the hospital in the subacute phase. There is nothing to suggest that Dr. Grubb's alleged malpractice would have meant that the *first* stroke would not have occurred or that the *second* stroke on May 6, 2017 would not have occurred. That is especially true given the admission, by the complainant, that the patient suffered chronic microvascular ischemic changes which, of course, are the likely true etiology of the patient's stroke.

We will certainly look forward to supplementing this response and hope that the additional materials will be provided to the Department's reviewer in due course. I welcome the opportunity to discuss the matter with you.

Very truly yours,

Re: DOH Complaint Number 2018-00013  
Subject Ronald Gerard Grubb, D.O.

Dear Dr. Grubb:

After further review, the Department is adding the following as possible violations against you/your client in the above-referenced matter:

- Section 456.50, Florida Statutes;
- Section 766.102, Florida Statutes;
- Rule 64B15-15.004, Florida Administrative Code; and
- Rule 64B15-19.002, Florida Administrative Code.

The foregoing are *in addition* to the possible violations previously noticed by letter to you dated January 31, 2018, and its related enclosure(s).

If you have any questions or concerns, please contact this office.

Sincerely,

*Geoffrey M. Christian*

| <p>Synopsis: This complaint is based on the receipt of a case summary and attachments from BB, the sister of JB, a 67 year old male, who presented to GRUBB at his office at 5225 Manatee Avenue West in Bradenton, Florida on 04/20/2017 with complaints of arm numbness and a drooping right hand. He was prescribed Meloxicam 15 mg to treat pain and inflammation and was told he was being treated for a pinched nerve. No other tests were allegedly ordered at that time. JB again presented on 5/02/2017 relaying his symptoms had worsened but now included confusion and fatigue. GRUBB ordered an MRI brain scan and diagnosed JB with aphasia and right wrist drop with a referral to an orthopedic specialist. On 05/04/2017, JB was taken to the emergency room at Blake Medical Center and diagnosed with subacute ischemic stroke. BB believes GRUBB failed to timely diagnose and treat her brother resulting in further injury including his ability to walk, drive and communicate.</p> <p> <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No Subject Notification Completed?<br/> <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No Subject Responded?<br/> <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No Patient Notification Completed?<br/> <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No Above referenced licensure checked in database/LEIDS?<br/> <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No Board certified? \* 9. Confidential Index of Names ..... 406

\* Exhibits contain information which identifies patient(s) by name and are sealed pursuant to section 456.057(9)(a) Florida Statute.

## INVESTIGATIVE DETAILS

### INFORMATION FROM BB - SOURCE

On 03/16/2018, this Investigator interviewed BB by telephone and she stated she believes her brother JB might be in much better health today if GRUBB had ordered more tests two weeks earlier when the patient first presented to his office. As a result, her brother was in Blake Medical Center for over six weeks from May 4, 2017 until June 20, 2017. She stated he also suffered another stroke while he was still at the facility on May 6, 2017. She states that as of this date, her brother has made some improvement since last year. He goes to outpatient therapy but still cannot drive and has some difficulties still with speech. His right hand still has issues but he has learned to eat and write with his left hand.

### INTERVIEW OF JB - WITNESS

On 03/16/2018, this Investigator interviewed JB by telephone and he stated his sister's complaint was accurate and he did request periodic updates. He relayed GRUBB did not order any tests after his first visit in April 2017 and did very little after his symptoms became worse before his second visit on May 2, 2017. Just a day or two later his niece took him to the emergency room when he realized something was very wrong. He stated he still has issues with confusion, his speech and he can no longer drive an automobile.

### \*INVESTIGATOR'S NOTE\*

On 03/14/2018, this Investigator left a message with GRUBB's office to contact this office regarding his input into this matter. As of the date of this report, the call has not been returned.

**CONFIDENTIAL TO:**

Ronald G. Grubb, DO  
5225 Manatee Avenue West  
Bradenton, Florida 34209

Case Number: 201800013

Dear Dr. Grubb;

We are currently investigating the enclosed document received by the Department of Health. This investigation was initiated after it was determined that you may have violated the Osteopathic Medicine Practice Act.

You are entitled to receive a copy of any patient record that resulted in the initiation of the investigation, pursuant to Section 456.073(1), Florida Statutes. If you would like a copy of the patient records, please complete the attached confidentiality agreement and return to the undersigned investigator.

Within **45 days** of receiving this letter, you may:

- \* submit a **written response** to the address below; or
- \* call our office to schedule an **interview**.

Please provide a copy of your **curriculum vitae** and identify your **specialty** even if you choose not to submit a response. Include the above-referenced case number in any correspondence that you send.

Florida law requires that this case and all investigative information remain confidential until 10 days after the Probable Cause Panel has determined that a violation occurred or you give up the right to confidentiality. Therefore, the contents of the investigation cannot be disclosed to you or the general public. You may make a written request for a copy of the investigative file and it will be sent to you when the investigation is complete.

You are not required to answer any questions or give any statement, and you have the right to be represented by an attorney. It is not possible to estimate how long it will take to complete this investigation because the circumstances of each investigation differ.

The mission of the Department of Health is to protect, promote & improve the health of all people in Florida through integrated state, county and community efforts. If you have any questions please call us at 727-552-1152.

Sincerely,

Dave Berry, MQA Investigator

## Graduate Medical Education

This practitioner has had the responsibility for graduate medical education within the last 10 years.

## Academic Appointments

This practitioner currently holds faculty appointments at the following medical/health related institutions of higher learning:

| Title                      | Institution                                  | City         | State        |
|----------------------------|----------------------------------------------|--------------|--------------|
| ASSOCIATE CLINICAL FACULTY | LAKE ERIE COLLEGE OF OSTEOPATHIC MEDICINE    |              | PENNSYLVANIA |
| ASSOCIATE CLINICAL FACULTY | PHILADELPHIA COLLEGE OF OSTEOPATHIC MEDICINE | PHILADELPHIA | PENNSYLVANIA |

## Specialty Certification

This practitioner holds the following certifications from specialty boards recognized by the Florida board which regulates the profession for which he/she is licensed:

| Specialty Board                          | Certification        |
|------------------------------------------|----------------------|
| AMERICAN OSTEOPATHIC BOARD OF FAMILY PHY | FP - FAMILY PRACTICE |

## Financial Responsibility

I have hospital staff privileges and I have obtained and maintain professional liability coverage in an amount not less than \$250,000 per claim, with a minimum annual aggregate of not less than \$750,000, from an authorized insurer as defined under s.624.09 FS, from a surplus lines insurer as defined under s.626.914(2)FS, from a risk

retention group as defined under s.627.942 FS, from the Joint Underwriting Association established under s.627.351(4)FS, or through a plan of self-insurance as provided in s.627.357 FS, or through a plan of self-insurance which meets the conditions specified for satisfying financial responsibility in s.766.110 FS. FS.

## Proceedings & Actions

### Criminal Offenses

**The criminal history information, if any exists, may be incomplete; federal criminal history information is not available to the public. Information is verified by the Department at the time of initial licensure and renewal.**

This practitioner has indicated that he/she has no criminal offenses required to be published on this profile.

### Medicaid Sanctions and Terminations

This practitioner has not been sanctioned or terminated for cause from the Medicaid program.

### Final Disciplinary Actions Reported by the Department of Health within the last 10 years:

**The information below is self reported by the practitioner.**

#### Final disciplinary action taken by a specialty board within the last 10 years:

This practitioner has indicated that he/she has **\*NOT\*** had any final disciplinary action taken against him/her within the last 10 years by a specialty board.

#### Final disciplinary action taken by a licensing agency within the last 10 years:

This practitioner has indicated that he/she has **\*NOT\*** had any final disciplinary action taken against him/her within the last 10 years by a licensing agency.

#### Disciplinary action taken by a health maintenance organization, pre-paid health clinic, nursing home, licensed hospital or ambulatory surgical center within the last 10 years:

This practitioner has indicated that he/she has **\*NOT\*** had any final disciplinary action taken against him/her within the last 10 years by a health maintenance organization, pre-paid health clinic, nursing home, licensed hospital or ambulatory surgical center.

The following discipline has been reported as required under 456.041(5), F.S. within the previous 10 years.

#### Resignation from or non-renewal of medical staff membership or the restriction or revocation of staff privileges within the last 10 years by a health maintenance organization, pre-paid health clinic, nursing home, licensed hospital or ambulatory surgical center in lieu of or in settlement of a pending disciplinary case related to competence or character.

This practitioner has indicated that he/she has **\*NEVER\*** been asked to or allowed to resign from or had any medical staff privileges restricted or revoked within the last 10 years by a health maintenance organization, pre-paid health clinic, nursing home, licensed hospital or ambulatory surgical center.

#### Liability Claims Exceeding \$100,000.00 Within last 10 years.

Settlement of a claim may occur for a variety of reasons that do not necessarily reflect negatively on the professional competence or conduct of the physician. A payment settlement of a medical malpractice action or claim should not be construed as creating a presumption that medical malpractice has occurred.

**Additional claims information may have been reported to the Department of Financial Services. To check their web site, please click here.**

There have not been any reported liability actions, which are required to be reported under section 456.049, F. S., within the previous 10 years.

### **Committees/Memberships**

This practitioner has not indicated any committees on which they serve for any health entity with which they are affiliated.

### **Professional or Community Service Awards**

This practitioner has not provided any professional or community service activities, honors, or awards.

### **Publications**

This practitioner has not provided any publications that he/she authored in peer-reviewed medical literature within the last ten years.

### **Professional Web Page**

This practitioner has not provided any professional web page information.

### **Languages Other Than English**

This practitioner has not indicated that any languages other than English are used to communicate with patients, or that any translation service is available for patients, at his/her primary place of practice.

### **Other Affiliations**

This practitioner has provided the following national, state, local, county, and professional affiliations:

**DISCIPLINARY GUIDELINES:**

**Section 459.015(1)(x), Florida Statutes (2010-2015): Rule 64B15-19.002(27), Florida Administrative Code (revised March 27, 2012):** FIRST OFFENSE: MINIMUM: letter of concern, up to one (1) year probation and \$1,000 fine. MAXIMUM: denial or revocation and \$10,000 fine. SECOND OFFENSE: MINIMUM: two (2) year probation and \$7,500 fine. MAXIMUM: denial or revocation and \$10,000 fine.

**Section 459.015(1)(t), Florida Statutes (2009-2015): Rule 64B15-19.002(21), Florida Administrative Code (revised March 27, 2012):** FIRST OFFENSE: MINIMUM: probation and \$5,000 fine. MAXIMUM: suspension to be followed by probation and \$7,500 fine. SECOND OFFENSE: MINIMUM: suspension to be followed by probation and \$7,500 fine. MAXIMUM: revocation and \$10,000 fine.

## **DISCIPLINARY GUIDELINES (continued):**

**Section 459.015(1)(o), Florida Statutes (2009-2015): Rule 64B15-19.002(16), Florida Administrative Code (revised March 27, 2012):** FIRST OFFENSE: MINIMUM: reprimand and \$5,000 fine. MAXIMUM: probation and \$5,000 fine. SECOND OFFENSE: MINIMUM: suspension to be followed by probation and \$7,500 fine. MAXIMUM: revocation and \$10,000 fine.

**Section 459.015(1)(pp), Florida Statutes (2015): Rule 64B15-19.002(46), Florida Administrative Code (revised March 27, 2012):** FIRST OFFENSE: MINIMUM: denial or letter of concern and \$1,000 fine, demonstration of compliance with the rule. MAXIMUM: denial or suspension to be followed by probation and \$5,000 fine, a reprimand, completion of a laws and rules course, and demonstration of compliance with the rule.

## **PRELIMINARY CASE REMARKS: SETTLEMENT AGREEMENT:**

This case was predicated on the receipt of an internally generated complaint following a failed October 22, 2015, inspection of Subject's pain management clinic (North Florida Treatment Center, PMC 1654). The Department subsequently filed a sixteen (16) count Administrative Complaint which alleges that Subject violated sections 459.015(1)(x), (t), (o), and/or (pp), Florida Statutes, by committing medical malpractice, by prescribing legend drugs and/or controlled substances other than in the course of her professional practice, by failing to create and keep legible medical records that justify the course of treatment of a patient, and/or by violating a statute or rule. Fifteen (15) counts involve Subject's care and treatment of five (5) different patients between in or around April 2012 and December 2015. A single count involves Subject's failure to comply with certain pain management clinic laws.

## **TERMS OF SETTLEMENT AGREEMENT:**

- Reprimand.
- Administrative fine of \$10,000.00, to be paid within thirty (30) days from the date the Final Order is filed.
- Reimbursement of the Department's costs not to exceed \$6,385.82, to be paid within thirty (30) days from the date the Final Order is filed.

## **TERMS OF SETTLEMENT AGREEMENT (continued):**

- Document completion of a Board-approved laws and rules course within one (1) year from the date the Final Order is filed.
- Document completion of a Board-approved drug prescribing course within one (1) year from the date the Final Order is filed.
- Document completion of a Board-approved medical records course within one (1) year from the date the Final Order is filed.
- Document completion of a Board-approved medical ethics course within one (1) year from the date the Final Order is filed.
- Probation for a period of four (4) years.

## **CONSIDERATIONS IN SUPPORT OF SETTLEMENT:**

- Subject has been licensed in Florida for over twenty-eight (28) years.
- Subject has cooperated with the investigation and disciplinary process.
- The four (4) course requirements are tailored to address the specific types of violations allegedly committed by Subject and will provide Subject with the knowledge and tools needed to avoid committing these types of violations in the future.
- The lengthy and intensive probation requirement is a supervised educational experience designed to make Subject aware of the obligations she has to patients and the profession and to ensure Subject's continued compliance with the high standards of the profession through interaction with another physician in the appropriate field of expertise.

**STATE OF FLORIDA  
DEPARTMENT OF HEALTH**

**DEPARTMENT OF HEALTH,**

**Petitioner,**

**v.**

**DOH Case No. 2015-28205**

**NANCY LEE KOPITNIK, D.O.,**

**Respondent.**

\_\_\_\_\_ /

**SETTLEMENT AGREEMENT**

Nancy Lee Kopitnik, D.O. (Respondent), and the Department of Health (the Department), hereby stipulate and agree to the entry of a Final Order of the Board of Osteopathic Medicine (the Board), incorporating the following agreed terms in settlement of the above styled and numbered matter.

**STIPULATED FACTS**

1. The Department is charged with regulating the practice of osteopathic medicine in Florida pursuant to section 20.43, Florida Statutes, and chapters 456 and 459, Florida Statutes.

2. At all times material hereto, Respondent was a licensed osteopathic physician in Florida, having been issued license number OS 6229.

3. The Department filed and properly served upon Respondent an Administrative Complaint which charged her with violations of chapter 459, Florida Statutes. A true and correct copy of the Administrative Complaint is attached hereto as ***Exhibit A***.

4. For purposes of these proceedings, Respondent neither admits nor denies the allegations of fact contained in the Administrative Complaint.

### **STIPULATED CONCLUSIONS OF LAW**

1. Respondent admits that, in her capacity as a Florida-licensed osteopathic physician, she is subject to the provisions of chapters 456 and 459, Florida Statutes, and the jurisdiction of the Department and the Board.

2. Respondent admits that the facts alleged in the Administrative Complaint, if proven, would constitute violations of chapter 459, Florida Statutes.

3. Respondent agrees that the Stipulated Disposition in this case is fair, appropriate, and acceptable to Respondent.

### **STIPULATED DISPOSITION**

1. **Reprimand** - The Board shall issue a Reprimand against Respondent's license.

2. **Fine** - The Board shall impose an administrative fine of ***Ten Thousand Dollars and Zero Cents (\$10,000.00)*** against Respondent's license which Respondent shall pay to: Payments, Department of Health, Compliance Management Unit, Bin C-76, P.O. Box 6320, Tallahassee, Florida 32314-6320, within thirty (30) days of the date of the filing of the Final Order accepting this Agreement (the Final Order). **All fines shall be paid by cashier's check or money order.** Any change in the terms of payment of any fine imposed by the Board **must be approved in advance by the Board.**

**RESPONDENT ACKNOWLEDGES THAT THE TIMELY PAYMENT OF THE FINE IS HER LEGAL OBLIGATION AND RESPONSIBILITY AND RESPONDENT AGREES TO CEASE PRACTICING IN FLORIDA IF THE FINE IS NOT PAID AS AGREED IN THIS AGREEMENT. SPECIFICALLY, IF RESPONDENT HAS NOT RECEIVED WRITTEN CONFIRMATION WITHIN FORTY-FIVE (45) DAYS FROM THE DATE THE FINAL ORDER IS FILED THAT THE FULL AMOUNT OF THE FINE HAS BEEN RECEIVED BY THE BOARD OFFICE, RESPONDENT AGREES TO CEASE PRACTICE IN FLORIDA UNTIL RESPONDENT RECEIVES SUCH WRITTEN CONFIRMATION FROM THE BOARD.**

3. **Reimbursement of Costs** - Pursuant to section 456.072, Florida Statutes, Respondent agrees to pay the Department for the Department's costs incurred in the investigation and prosecution of this case. Such costs exclude the costs of obtaining supervision or monitoring of the practice, the cost of quality assurance reviews, any other costs Respondent incurs to comply with the Final Order, and the Board's administrative costs directly associated with Respondent's probation, if any. Respondent agrees that the amount of costs to be paid in this case is currently ***Four Thousand Three Hundred Eighty-Five Dollars and Eighty-Two Cents (\$4,385.82)*** but shall not exceed ***Six Thousand Three Hundred Eighty-Five Dollars and Eighty-Two Cents (\$6,385.82)***. Respondent will pay such costs to: Payments, Department of Health, Compliance Management Unit, Bin C-76, P.O. Box 6320, Tallahassee, Florida 32314-6320, within thirty (30) days from the date the Final Order is filed. **All costs shall be paid by cashier's check or money order.** Any change in the terms of payment of costs imposed by the Board **must be approved in advance by the Board.**

**RESPONDENT ACKNOWLEDGES THAT THE TIMELY PAYMENT OF THE COSTS IS HER LEGAL OBLIGATION AND RESPONSIBILITY AND RESPONDENT AGREES TO CEASE PRACTICING IN FLORIDA IF**

**THE COSTS ARE NOT PAID AS AGREED IN THIS AGREEMENT. SPECIFICALLY, IF RESPONDENT HAS NOT RECEIVED WRITTEN CONFIRMATION WITHIN FORTY-FIVE (45) DAYS OF THE DATE THE FINAL ORDER IS FILED THAT THE FULL AMOUNT OF THE COSTS HAS BEEN RECEIVED BY THE BOARD OFFICE, RESPONDENT AGREES TO CEASE PRACTICE IN FLORIDA UNTIL RESPONDENT RECEIVES SUCH WRITTEN CONFIRMATION FROM THE BOARD.**

4. **Laws and Rules Course** - Respondent shall document completion of a Board-approved laws and rules course within one (1) year from the date the Final Order is filed.

5. **Drug Prescribing Course** - Respondent shall document completion of a Board-approved drug prescribing course within one (1) year from the date the Final Order is filed.

6. **Medical Records Course** - Respondent shall document completion of a Board-approved medical records course within one (1) year from the date the Final Order is filed.

7. **Medical Ethics Course** - Respondent shall document completion of a Board-approved medical ethics course within one (1) year from the date the Final Order is filed.

8. **Probation** - Effective on the date the Final Order is filed, Respondent shall be placed on probation for a period of **FOUR (4) YEARS**. The purpose of probation is not to prevent Respondent from practicing osteopathic medicine. Rather, probation is a supervised educational experience designed by the Board to make Respondent aware of certain obligations she has to her patients and the profession and to ensure her continued compliance with the high standards of the profession through interaction with another physician in the appropriate field of expertise. To this end, during the period of probation, Respondent shall comply with the obligations and restrictions set forth in this Paragraph.

a. **Indirect Supervision** - Respondent shall practice medicine in Florida only under the indirect supervision of a Board-approved physician (the Supervisor) whose responsibilities are set by the Board. Indirect supervision does not require that the Supervisor practice on the same premises as Respondent; however, the Supervisor shall practice within a reasonable geographic proximity to Respondent, which shall be within twenty (20) miles, unless otherwise provided by the Board, and shall be readily available for consultation. The Supervisor shall be certified by the American Board of Physical Medicine and Rehabilitation in the subspecialty

area of Pain Medicine and actively engaged in such subspecialty area unless otherwise ordered by the Board. Respondent shall allow the Supervisor access to Respondent's medical records, calendar, patient logs or other documents necessary for the Supervisor to perform the duties set forth in this Paragraph.

b. **Restriction** - Respondent shall not practice osteopathic medicine in Florida without an approved Supervisor as specified in this Agreement unless otherwise ordered by the Board.

c. **Eligibility of Supervisor** - The Supervisor must be a licensee under chapters 458 or 459, Florida Statutes, in good standing and without restriction or limitation on his/her license. In addition, the Board may reject any proposed Supervisor on the basis that he/she has previously been subject to any disciplinary action against his/her medical license in this or any other jurisdiction, is currently under investigation, or is the subject of a pending disciplinary action. The Board may also reject any proposed Supervisor for good cause shown.

d. **Temporary Approval of Supervisor** - The Board confers authority on the Board Chairman to temporarily approve Respondent's Supervisor. To obtain temporary approval, Respondent shall submit to the

Board Chairman the name and curriculum vitae of the proposed Supervisor at the time this Agreement is considered by the Board. **ONCE A FINAL ORDER ADOPTING THIS AGREEMENT IS FILED, RESPONDENT SHALL NOT PRACTICE IN FLORIDA WITHOUT AN APPROVED SUPERVISOR. TEMPORARY APPROVAL SHALL ONLY REMAIN IN EFFECT UNTIL THE NEXT MEETING OF THE BOARD.**

e. **Formal Approval of Supervisor** - Prior to the consideration of the Supervisor by the Board, Respondent shall provide a copy of the Administrative Complaint and Final Order in this case to the Supervisor. Respondent shall submit a copy of the proposed Supervisor's current curriculum vitae and a description of his/her current practice to the Board office no later than fourteen (14) days before Respondent's first scheduled appearance before the Board. Respondent shall ensure that the Supervisor is present with Respondent at Respondent's first appearance before the Board. **IT SHALL BE RESPONDENT'S RESPONSIBILITY TO ENSURE THE APPEARANCE OF THE SUPERVISOR AS DIRECTED.** If the Supervisor fails to appear as required, this failure shall constitute a violation of this Agreement and shall subject Respondent to disciplinary action.

f. **Change in Supervisor** - In the event that the Supervisor is unable or unwilling to fulfill the responsibilities of a Supervisor as described herein, Respondent shall immediately advise the Board of this fact and submit the name of a temporary Supervisor for consideration.

**RESPONDENT SHALL NOT PRACTICE IN FLORIDA PENDING APPROVAL OF THE TEMPORARY SUPERVISOR BY THE BOARD CHAIRMAN.** Furthermore, Respondent shall make arrangements with her temporary Supervisor to appear before the Board at its next regularly scheduled meeting. Respondent shall only practice osteopathic medicine in Florida under the auspices of the temporary Supervisor (after approval by the Board Chairman) until the next regularly scheduled meeting of the Board at which the formal approval of Respondent's new Supervisor shall be addressed.

g. **Responsibilities of Respondent** – In addition to the other responsibilities set forth in this Agreement, Respondent shall be solely responsible for ensuring that:

i. The Supervisor submits tri-annual reports as required by this Agreement or directed by the Board;

- ii. Respondent submits tri-annual reports as required by this Agreement or directed by the Board;
- iii. The Supervisor appears before the Board as required by this Agreement or directed by the Board;
- iv. Respondent appears before the Board as required by this Agreement or directed by the Board; and
- v. Respondent shall pay all costs associated with probation.

**RESPONDENT UNDERSTANDS AND AGREES THAT IF EITHER THE APPROVED SUPERVISOR (OR APPROVED ALTERNATE) OR RESPONDENT FAILS TO APPEAR BEFORE THE BOARD AS REQUIRED, RESPONDENT SHALL IMMEDIATELY CEASE PRACTICING IN FLORIDA UNTIL SUCH TIME AS BOTH THE APPROVED SUPERVISOR (OR APPROVED ALTERNATE) AND RESPONDENT APPEAR BEFORE THE BOARD.**

h. **Responsibilities of Supervisor** - The Supervisor shall:

i. Review **TWENTY PERCENT (20%)** of Respondent's active patient records, and review **ONE HUNDRED PERCENT (100%)** of Respondent's active patient records for patients who are

prescribed controlled substances, at least once every quarter for the purpose of ascertaining whether Respondent is prescribing controlled substances in accordance with this Settlement Agreement, checking the Prescription Drug Monitoring Program (PDMP) for each prescription she writes, practicing medicine within the standard of care, and maintaining appropriate patient medical records. In this regard, Respondent shall maintain a log documenting all such patients. The Supervisor shall go to Respondent's office once every quarter and shall review Respondent's calendar or patient log and shall select the records to be reviewed.

ii. Maintain contact with Respondent on a frequency of at least once per month. In the event that Respondent does not timely contact the Supervisor, the Supervisor shall immediately report this fact in writing to the Board.

iii. Submit reports to the Board on a tri-annual basis, in affidavit form, which shall include:

1. A brief statement of why Respondent is on probation;
2. A description of Respondent's practice (type and composition);

3. A statement addressing Respondent's compliance with the terms of probation;

4. A brief description of the Supervisor's relationship with Respondent;

5. A statement advising of any problems that have arisen; and

6. A summary of the dates the Supervisor went to Respondent's office, the number of records reviewed, the overall quality of the records reviewed, and the dates Respondent contacted the Supervisor pursuant to Subparagraph (h)(ii), above.

iv. Report immediately to the Board any violations by Respondent of chapters 456 or 459, Florida Statutes, or the rules promulgated thereto.

i. **Respondent's Required Appearance** - Respondent shall appear before the Board at the **first** meeting following commencement of the probation, at the **last** meeting of the Board preceding scheduled termination of the probation, **and** at such other times as directed by the Board or Board Chairman. Respondent shall be noticed by the Board staff of the date, time, and place of the Board meeting at which Respondent's

appearance is required. **FAILURE OF RESPONDENT TO APPEAR AS DIRECTED, AND/OR FAILURE OF RESPONDENT TO COMPLY WITH ANY OF THE TERMS OF THIS AGREEMENT, SHALL BE CONSIDERED A VIOLATION OF THE TERMS OF THIS AGREEMENT, AND SHALL SUBJECT RESPONDENT TO DISCIPLINARY ACTION.**

j. **Supervisor's Required Appearance** - Respondent's Supervisor shall appear before the Board at the **first** meeting of the Board following commencement of the probation, **and** at such other times as directed by the Board or Board Chairman. It shall be Respondent's responsibility to ensure the appearance of Respondent's Supervisor to appear as directed. **IF THE APPROVED SUPERVISOR (OR APPROVED ALTERNATE) FAILS TO APPEAR AS DIRECTED, RESPONDENT SHALL IMMEDIATELY CEASE PRACTICING IN FLORIDA UNTIL SUCH TIME AS THE APPROVED SUPERVISOR (OR APPROVED ALTERNATE) APPEARS BEFORE THE BOARD.**

k. **Reporting by Respondent** - Respondent shall submit tri-annual reports, in affidavit form, the contents of which may be further specified by the Board, but which shall include:

i. A brief statement of why Respondent is on probation;

- ii. A description of practice location;
- iii. A description of current practice (type and composition);
- iv. A brief statement of compliance with probationary terms;
- v. A description of the relationship with the Supervisor;
- vi. A statement advising of any problems that have arisen; and
- vii. A statement addressing compliance with any restrictions or requirements imposed.

I. **Tolling Provisions** - In the event Respondent physically leaves Florida for a period of thirty (30) days or more or otherwise does not engage full-time in the active practice of osteopathic medicine in Florida, then certain provisions of Respondent's probation (and only those provisions of the probation) shall be tolled as enumerated below and shall remain in a tolled status until Respondent returns to active practice in Florida:

- i. The time period of probation shall be tolled;
- ii. The provisions regarding indirect supervision and required reports from the Supervisor shall be tolled; and

iii. The provisions regarding preparation of reports detailing compliance with this Agreement shall be tolled.

m. **Active Practice** - In the event Respondent leaves the active practice of osteopathic medicine in Florida for a period of one (1) year or more, the Board may require Respondent to appear before the Board and demonstrate her ability to practice osteopathic medicine with skill and safety to patients prior to resuming the practice of osteopathic medicine in Florida.

n. **Controlled Substances** - Respondent may prescribe controlled substances only in compliance with the restrictions set forth below:

i. Respondent shall utilize sequentially numbered triplicate prescriptions;

ii. Respondent shall provide one copy of each prescription to the Supervisor within one month after issuing said prescription; and

iii. Respondent shall maintain one copy of each prescription in the patient's medical records. This copy may be a photo copy.

o. **Supervision of Physician Assistants** - Respondent is required to notify, in writing, any physician assistant whom Respondent

supervises, of her probationary status. A copy of such written notification(s) shall be submitted to the Board within thirty (30) days from the date the Final Order is filed.

p. **Supervision of Anesthesiologist Assistants** -

Respondent is required to notify, in writing, any anesthesiologist assistant whom Respondent supervises, of her probationary status. A copy of such written notification(s) shall be submitted to the Board within thirty (30) days from the date the Final Order is filed.

**STANDARD PROVISIONS**

1. **Appearance** - Respondent is required to appear before the Board at the meeting of the Board where this Agreement is considered.

2. **No Force or Effect until Final Order** - It is expressly understood that this Agreement is subject to the approval of the Board and the Department. In this regard, the foregoing paragraphs (and only the foregoing paragraphs) shall have no force and effect unless the Board enters a Final Order incorporating the terms of this Agreement.

3. **Continuing Medical Education** - Unless otherwise provided in this Agreement, Respondent shall first submit a written request to the Board Chairman for approval prior to performance of said Continuing Medical

Education (CME) course(s). Respondent shall submit documentation to the Board of having completed a CME course in the form of certified copies of the receipts, vouchers, certificates, or other papers, such as physician's recognition awards, documenting completion of this medical course within one (1) year from the date the Final Order is filed. All such documentation shall be sent to the Board, regardless of whether some or any of such documentation was provided previously during the course of any audit or discussion with counsel for the Department. CME hours required by this Agreement shall be in addition to those hours required for renewal of licensure. Unless otherwise approved by the Board, such CME course(s) shall consist of a formal, live lecture format.

4. **Addresses** - Respondent must provide current residence and practice addresses to the Board. Respondent shall notify the Board in writing within ten (10) days of any changes of said addresses.

5. **Future Conduct** - In the future, Respondent shall not violate chapter 456, 459, or 893, Florida Statutes, or the rules promulgated pursuant thereto, or any other state or federal law, rule, or regulation relating to the practice or the ability to practice osteopathic medicine to include, but not limited to, all statutory requirements related to practitioner profile and licensure renewal updates. Prior to signing this Agreement, Respondent

shall read chapters 456, 459, and 893, Florida Statutes, and the rules of the Board, at chapter 64B15, Florida Administrative Code.

6. **Violation of Terms** - It is expressly understood that a violation of the terms of this Agreement shall be considered a violation of a Final Order of the Board, for which disciplinary action may be initiated pursuant to chapters 456 and 459, Florida Statutes.

7. **Purpose of Agreement** - Respondent, for the purpose of avoiding further administrative action with respect to this cause, executes this Agreement. In this regard, Respondent authorizes the Board to review and examine all investigative file materials concerning Respondent prior to or in conjunction with consideration of this Agreement. Respondent agrees to support this Agreement at the time it is presented to the Board and shall offer no evidence, testimony, or argument that disputes or contravenes any stipulated fact or conclusion of law. Furthermore, should this Agreement not be accepted by the Board, it is agreed that presentation to and consideration of this Agreement and other documents and matters by the Board shall not unfairly or illegally prejudice the Board or any of its members from further participation, consideration, or resolution of these proceedings.

8. **No Preclusion of Additional Proceedings** - Respondent and the Department fully understand that this Agreement and subsequent Final Order will in no way preclude additional proceedings by the Board and/or the Department against Respondent for acts or omissions not specifically set forth in the Administrative Complaint attached hereto as ***Exhibit A***.

9. **Waiver of Attorney's Fees and Costs** - Upon the Board's adoption of this Agreement, the parties hereby agree that, with the exception of Department costs noted above, the parties will bear their own attorney's fees and costs resulting from prosecution or defense of this matter. Respondent waives the right to seek any attorney's fees or costs from the Department and the Board in connection with this matter.

10. **Waiver of Further Procedural Steps** - Upon the Board's adoption of this Agreement, Respondent expressly waives all further procedural steps and expressly waives all rights to seek judicial review of or to otherwise challenge or contest the validity of this Agreement and the Final Order of the Board incorporating this Agreement.

**CASE NO. 2015-28205**

**NANCY LEE KOPITNIK, D.O.,**

**RESPONDENT.**

\_\_\_\_\_ /

**ADMINISTRATIVE COMPLAINT**

COMES NOW Petitioner, Department of Health, by and through its undersigned counsel, and files this Complaint before the Board of Osteopathic Medicine against Respondent, Nancy Lee Kopitnik, D.O., and in support thereof alleges:

1. Petitioner is the state agency charged with regulating the practice of osteopathic medicine pursuant to Section 20.43, Florida Statutes; Chapter 456, Florida Statutes; and Chapter 459, Florida Statutes.

2. At all times material to this Complaint, Respondent was a licensed osteopathic physician within the State of Florida, having been issued license number OS 6229.

**EXHIBIT**

**A**

3. Respondent's address of record is 601-C N. Bumby Avenue, Orlando, Florida 32803.

4. Respondent may be located at 7169 University Blvd., Winter Park, Florida 32792.

5. At all times material to this Administrative Complaint, Respondent was practicing as an osteopathic physician at North Florida Treatment Center (NFTC), a pain management clinic in Orlando, Florida.

6. Respondent is the designated physician for NFTC.

7. Respondent is board-certified in addiction psychiatry and in surgery.

8. On or about October 22, 2015, the Department conducted an office inspection at NFTC.

9. Multiple violations were found, including but not limited to, the following:

a. Respondent, as the designated physician, had not established a quality assurance program pursuant to the requirements of s. 459.0137(2)(i), F.S.;

b. A complete physical exam was not performed by Respondent or a practitioner on the same day that Respondent

prescribed a controlled substance, as required by s. 459.0137(2)(c), F.S.; and/or

c. Respondent was not documenting in the patients' record(s) the reason for prescribing more than a 72-hour supply of controlled substances for the treatment of chronic non-malignant pain, as required by s. 459.0137(2)(c), F.S.

10. NFTC failed the October 22, 2015, inspection.

11. Respondent failed to submit a corrective action plan to the Department within thirty (30) days.

12. Prescribing controlled substances or combinations of controlled substances without medical justification constitutes prescribing controlled substances inappropriately. Prescribing excessive quantities of controlled substances constitutes prescribing controlled substances inappropriately.

13. Respondent prescribed controlled substances excessively and/or inappropriately, as detailed below.

14. The prevailing professional standard of care required Respondent to treat patients K.T., J.J., J.B., T.E., and/or J.D.B., described below, in the following manner:

- a. Obtain a complete and comprehensive patient history, including medication records and hospitalizations, for each patient;
- b. Perform a complete and comprehensive physical examination of each patient;
- c. Fully assess each patient's individual complaints of back, leg, hip, and any other pain;
- d. Consult with other practitioners, including those specializing in interventional pain management or other specialized area in which the patient has a complaint, for collaborative diagnosis and treatment;
- e. Offer alternative treatment to opiate analgesics;
- f. Develop and implement a comprehensive, individualized treatment plan for each patient; and/or
- g. Develop and implement a comprehensive, individualized monitoring plan to ensure proper medication usage.

15. Respondent fell below the prevailing standard of care in her treatment of patients K.T., J.J., J.B., T.E., and/or J.D.B., as detailed below.

### Facts Related to Patient K.T.

16. At all times material to this Administrative Complaint, K.T., a then fifty-eight-year-old female, was a patient of Respondent.

17. On or about May 8, 2015, patient K.T. presented to Respondent with complaints of hip and joint pain. She self-reported a diagnosis of diabetic neuropathy, and reported that her primary care physician was treating her for depression.

18. Between May 8, 2015, and December 16, 2015 (patient K.T.'s treatment period), patient K.T. presented to Respondent for treatment on approximately eight occasions.

19. During patient K.T.'s treatment period, Respondent regularly prescribed her Xanax<sup>1</sup> 1 mg #60; Norco<sup>2</sup> 10mg-325 mg #150; methadone<sup>3</sup>

---

<sup>1</sup> Xanax is the brand name for alprazolam and is prescribed to treat anxiety. According to Section 893.03(4), Florida Statutes, alprazolam is a Schedule IV controlled substance that has a low potential for abuse relative to the substances in Schedule III and has a currently accepted medical use in treatment in the United States, and abuse of the substance may lead to limited physical or psychological dependence relative to the substances in Schedule III.

<sup>2</sup> Norco is the brand name for hydrocodone/APAP. Hydrocodone/APAP contains hydrocodone and acetaminophen, or Tylenol and is prescribed to treat pain. Hydrocodone is commonly prescribed to treat pain. According to Section 893.03(2), Florida Statutes, hydrocodone is a Schedule II controlled substance that has a high potential for abuse and has a currently accepted but severely restricted medical use in treatment in the United States, and abuse of hydrocodone may lead to severe psychological or physical dependence.

<sup>3</sup> Methadone is prescribed to treat pain. According to Section 893.03(2), Florida Statutes, methadone is a Schedule II controlled substance that has a high potential for abuse and has a currently accepted but severely restricted medical use in treatment in the United States, and abuse of methadone may lead to severe psychological or physical dependence.

5 mg #60; meloxicam<sup>4</sup> 15 mg #30; and/or gabapentin<sup>5</sup> 600 mg #60 approximately every thirty days.

20. During patient K.T.'s treatment period, Respondent prescribed her Xanax, Norco, methadone, meloxicam and/or gabapentin in excessive quantities.

21. During patient K.T.'s treatment period, Respondent prescribed her Xanax, Norco, methadone, meloxicam and/or gabapentin inappropriately and/or in inappropriate combinations.

22. Respondent's medical records of patient K.T. begin with intake paperwork dated May 8, 2015, which does not contain documentation of a history and physical examination.

23. Respondent prescribed Xanax, Norco, methadone, meloxicam and/or gabapentin for patient K.T. on May 8, 2015, without a documented physical examination justifying opioid therapy.

24. During patient K.T.'s treatment period, Respondent's progress notes for patient K.T. contain inconsistent statements of patient K.T.'s gait and ability to ambulate, with some records stating everything was normal,

---

<sup>4</sup> Meloxicam is a legend drug but not a controlled substance. Meloxicam is a nonsteroidal anti-inflammatory (NSAID) drug often prescribed to treat osteoarthritis and rheumatoid arthritis.

<sup>5</sup> Gabapentin is a legend drug but not a controlled substance. It is prescribed to control certain types of epileptic seizures, or to treat postherpetic neuralgia pain, or to treat restless leg syndrome.

and some records stating that patient K.T. relied on a wheelchair and was unable to ambulate.

25. Respondent did not obtain, or did not create and maintain a record of obtaining, a complete medical history for patient K.T.

26. Respondent failed to properly monitor, or failed to create and maintain documentation of monitoring, patient K.T.'s use of opioid medications.

27. During patient K.T.'s treatment period, Respondent regularly prescribed more than a 72-hour dose of controlled substances for chronic nonmalignant pain without documenting justification.

28. During patient K.T.'s treatment period, Respondent failed to adequately assess or examine, or failed to create and maintain a record of assessing or examining, patient K.T.'s symptoms and progress.

29. Respondent failed to develop, or failed to create and maintain a record of developing, an appropriate, individualized treatment plan and documentation of the course of treatment for patient K.T.

30. Respondent failed to adequately, accurately, appropriately and/or timely diagnose patient K.T., or to create and maintain records of such diagnosis, including diagnoses necessitating Xanax.

31. Respondent referred patient K.T. for a psychiatric evaluation following patient K.T.'s complaints of anxiety.

32. Respondent failed to follow up on, or failed to create and maintain records of following up on, her referral to psychiatric evaluation.

33. During patient K.T.'s treatment period, Respondent failed to consult with, or failed to create and maintain records of consulting with, other treating practitioner(s), including a specialist in psychiatry, behavioral therapy, and/or pain management.

34. During patient K.T.'s treatment period, Respondent failed to address, or failed to create and maintain records of addressing, alternative non-opioid/interventional pain management treatment.

#### Facts Related to Patient J.J.

35. At all times material to this Administrative Complaint, J.J., a then-fifty-six-year-old male, was a patient of Respondent.

36. Between about April 11, 2012, and December 18, 2015 (patient J.J.'s treatment period), patient J.J. presented to Respondent with complaints of back and neck pain.

37. During patient J.J.'s treatment period, Respondent regularly prescribed him ondansetron<sup>6</sup> 4 mg #30; oxycodone<sup>7</sup> 30 mg #180; Percocet<sup>8</sup> 10/325 mg #90; and/or Xanax 2 mg #30 approximately every thirty days.

38. During patient J.J.'s treatment period, Respondent prescribed him ondansetron, oxycodone, Percocet, and/or Xanax in excessive quantities.

39. During patient J.J.'s treatment period, Respondent prescribed him ondansetron, oxycodone, Percocet, and/or Xanax inappropriately and/or in inappropriate combinations.

40. Respondent's progress notes for patient J.J. do not support continuing the use of opioid therapies on a continuous basis.

41. Respondent's progress notes for patient J.J. do not consistently support the diagnosis and/or treatment of anxiety or other condition for which Xanax would be indicated.

---

<sup>6</sup> Ondansetron is a legend drug but not a controlled substance. It is often prescribed to prevent nausea and vomiting.

<sup>7</sup> Oxycodone is commonly prescribed to treat pain. According to Section 893.03(2), Florida Statutes, oxycodone is a Schedule II controlled substance that has a high potential for abuse and has a currently accepted but severely restricted medical use in treatment in the United States, and abuse of oxycodone may lead to severe psychological or physical dependence.

<sup>8</sup> Percocet is the brand name for a drug that contains oxycodone and is prescribed to treat pain. According to Section 893.03(2), Florida Statutes, oxycodone is a Schedule II controlled substance that has a high potential for abuse and has a currently accepted but severely restricted medical use in treatment in the United States, and abuse of oxycodone may lead to severe psychological or physical dependence.

42. Patient J.J. tested negative for prescribed benzodiazepines on two separate UDS on or about April 8, 2015, and November 17, 2015.

43. Respondent did not discuss, or did not create and maintain documentation of discussing, inconsistent UDS results with patient J.J.

44. Respondent failed to properly monitor, or failed to create and maintain documentation of monitoring, patient J.J.'s use of opioid medications.

45. Respondent failed to adequately, accurately, appropriately and/or and timely diagnose patient J.J., or to create and maintain records of such diagnosis, including the diagnosis necessitating Xanax.

46. During patient J.J.'s treatment period, Respondent failed to consult with, or failed to create and maintain records of consulting with, other treating practitioner(s), including a specialist in mental health, behavioral therapy, and/or pain management.

47. During patient J.J.'s treatment period, Respondent failed to address, or failed to create and maintain records of addressing, alternative non-opioid/interventional pain management treatment.

### Facts Related to Patient J.B.

48. At all times material to this Administrative Complaint, J.B., a then-fifty-year-old male, was a patient of Respondent.

49. Between about April 3, 2014, and December 18, 2015, (patient J.B.'s treatment period), patient J.B. presented to Respondent with complaints of back pain.

50. During patient J.B.'s treatment period, Respondent prescribed him Flexeril<sup>9</sup> 10 mg, oxycodone 30 mg, Percocet 10-325 mg, and/or Robaxin<sup>10</sup>-750.

51. During patient J.B.'s treatment period, Respondent prescribed him Flexeril 10 mg, oxycodone 30 mg, Percocet 10-325 mg, and/or Robaxin-750 inappropriately and/or in inappropriate combinations.

52. At patient J.B.'s initial visit, he self-reported a history of prescriptions of oxycodone and hydrocodone.

53. At patient J.B.'s initial visit, Respondent failed to conduct a complete history and physical examination.

---

<sup>9</sup> Flexeril is the brand name for cyclobenzaprine. It is a muscle relaxant used to treat strains, sprains, and other muscle injuries. Cyclobenzaprine is a legend drug but not a controlled substance.

<sup>10</sup> Robaxin is the brand name for methocarbamol. It is a muscle relaxant used to treat muscle spasms and pain. Methocarbamol is a legend drug but not a controlled substance.

54. Respondent failed to create and/or maintain patient records, including visit notes, for patient J.B. after his initial visit until December 18, 2015.

55. Respondent's records for patient J.B. are inconsistent.

56. Respondent failed to properly monitor, or failed to create and maintain documentation of monitoring, patient J.B.'s use of opioid medications.

57. During patient J.B.'s treatment period, Respondent failed to adequately assess or examine, or failed to create and maintain a record of assessing or examining, patient J.B.'s symptoms and progress.

58. Respondent failed to develop, or failed to create and maintain a record of developing, an appropriate treatment plan and documentation of the course of treatment for patient J.B.

59. Respondent's records do not justify the course of treatment for patient J.B.

60. Respondent failed to adequately, accurately, appropriately and/or timely diagnose patient J.B., or to create and maintain records of such diagnosis.

61. During patient J.B.'s treatment period, Respondent failed to consult with, or failed to create and maintain records of consulting with, other treating practitioner(s), including a specialist in pain management.

62. During patient J.B.'s treatment period, Respondent failed to address, or failed to create and maintain records of addressing, alternative non-opioid/interventional pain management treatment.

#### Facts Related to Patient T.E.

63. At all times material to this Administrative Complaint, T.E., a then-forty-five-year-old male, was a patient of Respondent.

64. Between about June 26, 2014, and November 18, 2015 (patient T.E.'s treatment period), patient T.E. presented to Respondent with complaints of back pain and anxiety.

65. During patient T.E.'s treatment period, Respondent regularly prescribed him metformin<sup>11</sup> 500 mg #30; meloxicam 15 mg #30; methadone 10 mg #90; and/or oxycodone 30 mg #120 approximately every thirty days.

66. During patient T.E.'s treatment period, Respondent prescribed him meloxicam, methadone, and/or oxycodone in excessive quantities.

---

<sup>11</sup> Metformin is a legend drug but not a controlled substance. It is prescribed to treat type-2 diabetes.

67. During patient T.E.'s treatment period, Respondent prescribed him metformin, meloxicam, methadone, and/or oxycodone inappropriately and/or in inappropriate combinations.

68. During patient T.E.'s treatment period, Respondent regularly prescribed more than a 72-hour dose of controlled substances for chronic nonmalignant pain without documenting justification.

69. Most dates of service did not provide a physical examination that documented findings that warranted continuing or increasing opioid therapy.

70. Respondent failed to properly monitor, or failed to create and maintain documentation of monitoring, patient T.E.'s use of opioid medications.

71. Respondent did not obtain, or did not create and maintain a record of obtaining, a complete medical history for patient T.E.

72. During patient T.E.'s treatment period, Respondent failed to adequately assess or examine, or failed to create and maintain a record of assessing or examining, patient T.E.'s symptoms and progress.

73. Respondent failed to develop, or failed to create and maintain a record of developing, an appropriate treatment plan and documentation of the course of treatment for patient T.E.

74. Respondent failed to adequately, accurately, appropriately and/or timely diagnose patient T.E., or to create and maintain records of such diagnosis.

75. During patient T.E.'s treatment period, Respondent failed to consult with, or failed to create and maintain records of consulting with, other treating practitioner(s), including a specialist in mental health and/or pain management.

76. During patient T.E.'s treatment period, Respondent failed to address, or failed to create and maintain records of addressing, alternative non-opioid/interventional pain management treatment.

#### Facts Related to Patient J.D.B.

77. At all times material to this Administrative Complaint, J.D.B., a then-thirty-five-year-old male, was a patient of Respondent.

78. Between about August 15, 2013, and December 16, 2015 (patient J.D.B.'s treatment period), patient J.D.B. presented to Respondent with complaints of lower back pain and right lower extremity pain.

79. At patient J.D.B.'s initial visit, Respondent failed to conduct a complete history and physical examination.

80. During patient J.D.B.'s treatment period, Respondent regularly prescribed him temazepam<sup>12</sup> 15 mg #30; oxycodone 30 mg #135; and/or MS Contin<sup>13</sup> 30 mg #60 approximately every thirty days.

81. During patient J.D.B.'s treatment period, Respondent prescribed him temazepam, oxycodone and/or MS Contin in excessive quantities.

82. During patient J.D.B.'s treatment period, Respondent prescribed him temazepam, oxycodone and/or MS Contin inappropriately and/or in inappropriate combinations.

83. During patient J.D.B.'s treatment period, Respondent regularly prescribed more than a 72-hour dose of controlled substances for chronic nonmalignant pain without documenting justification.

---

<sup>12</sup> Temazepam is prescribed to treat insomnia. According to Section 893.03(4), Florida Statutes, temazepam is a Schedule IV controlled substance that has a low potential for abuse relative to the substances in Schedule III and has a currently accepted medical use in treatment in the United States, and abuse of temazepam may lead to limited physical or psychological dependence relative to the substances in Schedule III.

<sup>13</sup> MS Contin is the brand name for a drug that contains morphine and is prescribed to treat pain. According to Section 893.03(2), Florida Statutes, morphine is a Schedule II controlled substance that has a high potential for abuse and has a currently accepted but severely restricted medical use in treatment in the United States, and abuse of morphine may lead to severe psychological or physical dependence.

84. Respondent failed to develop, or failed to create and maintain a record of developing, an appropriate treatment plan and documentation of the course of treatment for patient J.D.B.

85. Respondent's records do not justify the course of treatment for patient J.D.B.

86. Respondent failed to adequately, accurately, appropriately and/or timely diagnose patient J.D.B., or to create and maintain records of such diagnoses.

87. During patient J.D.B.'s treatment period, Respondent failed to consult with, or failed to create and maintain records of consulting with, other treating practitioner(s), including a specialist in mental health and/or pain management.

88. Respondent failed to follow up with patient J.D.B. after ordering an MRI after a motor vehicle accident in about June of 2015.

89. During patient J.D.B.'s treatment period, Respondent failed to address, or failed to create and maintain records of addressing, alternative non-opioid/interventional pain management treatment.

Section 459.015(1)(x)(1), Florida Statutes (2013 – 2015)

90. Section 459.015(1)(x), Florida Statutes (2013 – 2015), provides that, notwithstanding s. 456.072(2) but as specified in s. 456.50(2), committing medical malpractice as defined in s. 456.50, F.S., constitutes grounds for disciplinary action. Medical Malpractice is defined in Section 456.50(g), Florida Statutes (2013 – 2015), as the failure to practice medicine in accordance with the level of care, skill, and treatment recognized in general law related to health care licensure. For purposes of Section 459.015(1)(x), Florida Statutes (2013 – 2015), the Board shall give great weight to the provisions of Section 766.102, Florida Statutes (2013 – 2015), which provide that the prevailing professional standard of care for a given health care provider shall be that level of care, skill, and treatment which, in light of all relevant surrounding circumstances, is recognized as acceptable and appropriate by reasonably prudent similar health care providers.

**Count One – Patient K.T.**

Violation of Section 459.015(1)(x), Florida Statutes (2014-2015)

91. Petitioner re-alleges and incorporates paragraphs one (1) through thirty-four (34), as if fully set forth herein.

92. As set forth above, Respondent fell below the prevailing professional standard of care in her treatment of patient K.T. in one or more of the following ways:

a. By failing to obtain a complete and comprehensive patient history for patient K.T., including complete, relevant prescription records;

b. By failing to perform a complete and comprehensive physical examination of patient K.T. at her initial visit;

c. By failing to perform adequate physical examinations at follow-up visits;

d. By failing to create an appropriate, individualized treatment plan for patient K.T.;

e. By failing to adequately, accurately, appropriately and/or timely diagnose patient K.T.;

f. By failing to follow up on specialized psychiatric consultations recommended for patient K.T.;

g. By prescribing inappropriate quantities, combinations, and/or dosages of controlled substances to patient K.T. without justification;

h. By failing to order specialized consultations for patient K.T. for alternative, non-opioid interventional pain management therapies; and/or

i. By failing to consult with other treating practitioner(s), including specialists in psychiatry, behavioral therapy, and/or pain management.

93. Based on the foregoing, Respondent violated Section 459.015(1)(x), Florida Statutes (2014-2015), in her treatment of patient K.T. by failing to meet the standard of care, as defined in Section 456.50(g), Florida Statutes (2014-2015), as the failure to practice medicine in accordance with the level of care, skill, and treatment recognized in general law related to health care licensure.

**Count Two – Patient J.J.**

Violation of Section 459.015(1)(x), Florida Statutes (2010 – 2011)

94. Petitioner re-alleges and incorporates paragraphs one (1) through fifteen (15) and thirty-five (35) through forty-seven (47), as if fully set forth herein.

95. As set forth above, Respondent fell below the prevailing professional standard of care in her treatment of patient J.J. in one or more of the following ways:

- a. By failing to obtain a complete and comprehensive patient history for patient J.J.;
- b. By failing to develop and implement a comprehensive, individualized treatment plan for patient J.J.;
- c. By failing to address two (2) negative UDS with patient J.J.;
- d. By failing to develop and implement an overall comprehensive, individualized monitoring plan to ensure proper medication usage;
- e. By prescribing inappropriate quantities, combinations, and/or dosages of controlled substances to patient J.J. without justification;
- f. By failing to order specialized consultations for patient J.J. for alternative, non-opioid interventional pain management therapies; and/or
- g. By failing to consult with other treating practitioner(s), including specialists in psychiatry, behavioral therapy, and/or pain management.

96. Based on the foregoing, Respondent violated Section 459.015(1)(x), Florida Statutes (2010-2011), in her treatment of patient J.J. by failing to meet the standard of care, as defined in Section 456.50(g), Florida Statutes (2010-2011), as the failure to practice medicine in accordance with the level of care, skill, and treatment recognized in general law related to health care licensure.

**Count Three – Patient J.B.**

Violation of Section 459.015(1)(x), Florida Statutes (2011)

97. Petitioner re-alleges and incorporates paragraphs one (1) through fifteen (15) and forty-eight (48) through sixty-two (62), as if fully set forth herein.

98. As set forth above, Respondent fell below the prevailing professional standard of care in her treatment of patient J.B. in one or more of the following ways:

- a. By failing to perform a complete and comprehensive physical examination of patient J.B. at the initial visit;
- b. By failing to develop and implement a comprehensive, individualized monitoring plan to ensure proper medication usage;
- c. By failing to adequately assess patient J.B.'s symptoms and progress;

d. By failing to adequately, accurately, appropriately and/or timely diagnose patient J.B.;

e. By prescribing inappropriate quantities, combinations, and/or dosages of controlled substances to patient J.B. without justification;

f. By failing to order specialized consultations for patient J.B. for alternative, non-opioid interventional pain management therapies; and/or

g. By failing to consult with other treating practitioner(s), including specialists in psychiatry, behavioral therapy, and/or pain management.

99. Based on the foregoing, Respondent violated Section 459.015(1)(x), Florida Statutes (2011), in her treatment of patient J.B. by failing to meet the standard of care, as defined in Section 456.50(g), Florida Statutes (2011), as the failure to practice medicine in accordance with the level of care, skill, and treatment recognized in general law related to health care licensure.

**Count Four – Patient T.E.**

Violation of Section 459.015(1)(x), Florida Statutes (2013-2015)

100. Petitioner re-alleges and incorporates paragraphs one (1) through fifteen (15) and sixty-three (63) through seventy-six (76), as if fully set forth herein.

101. As set forth above, Respondent fell below the prevailing professional standard of care in her treatment of patient T.E. in one or more of the following ways:

- a. By failing to obtain a complete and comprehensive medical history for patient T.E.;
- b. By failing to perform a complete physical examination for patient T.E. on more than one visit;
- c. By prescribing more than a 72-hour dose of controlled substances for chronic non-malignant pain without justification;
- d. By failing to adequately assess patient T.E.'s symptoms and progress;
- e. By failing to adequately, accurately, appropriately and/or timely diagnose patient T.E.;
- f. By failing to develop an appropriate treatment plan for patient T.E.;

g. By prescribing inappropriate quantities, combinations, and/or dosages of controlled substances to patient T.E. without justification;

h. By failing to order specialized consultations for patient T.E. for alternative, non-opioid interventional pain management therapies; and/or

i. By failing to consult with other treating practitioner(s), including specialists in psychiatry, behavioral therapy, and/or pain management.

102. Based on the foregoing, Respondent violated Section 459.015(1)(x), Florida Statutes (2013-2015), in her treatment of patient T.E. by failing to meet the standard of care, as defined in Section 456.50(g), Florida Statutes (2013-2015), as the failure to practice medicine in accordance with the level of care, skill, and treatment recognized in general law related to health care licensure.

**Count Five – Patient J.D.B.**

Violation of Section 459.015(1)(x), Florida Statutes (2013-2015)

103. Petitioner re-alleges and incorporates paragraphs one (1) through fifteen (15) and seventy-seven (77) through eighty-nine (89), as if fully set forth herein.

104. As set forth above, Respondent fell below the prevailing professional standard of care in her treatment of patient J.D.B. in one or more of the following ways:

- a. By failing to obtain a complete and comprehensive medical history for patient J.D.B.;
- b. By failing to perform a complete physical examination for patient J.D.B. at his initial visit;
- c. By prescribing more than a 72-hour dose of controlled substances for chronic non-malignant pain without justification;
- d. By failing to adequately, accurately, appropriately and/or timely diagnose patient J.D.B.;
- e. By failing to develop an appropriate treatment plan for patient J.D.B.;
- f. By prescribing inappropriate quantities, combinations, and/or dosages of controlled substances to patient J.D.B. without justification;
- g. By failing to order specialized consultations for patient J.D.B. for alternative, non-opioid interventional pain management therapies; and/or

h. By failing to consult with other treating practitioner(s), including specialists in psychiatry, behavioral therapy, and/or pain management.

105. Based on the foregoing, Respondent violated Section 459.015(1)(x), Florida Statutes (2013-2015), in her treatment of patient J.D.B. by failing to meet the standard of care, as defined in Section 456.50(g), Florida Statutes (2013-2015), as the failure to practice medicine in accordance with the level of care, skill, and treatment recognized in general law related to health care licensure.

Section 459.015(1)(t), Florida Statutes (2009-2012)

106. Section 459.015(1)(t), Florida Statutes (2009-2012), subjects a licensee to discipline, including suspension, for prescribing, dispensing, administering, mixing, or otherwise preparing a legend drug, including any controlled substance, other than in the course of the osteopathic physician's professional practice. For purposes of this paragraph, it shall be legally presumed that prescribing, dispensing, administering, mixing, or otherwise preparing legend drugs, including all controlled substances, inappropriately or in excessive or inappropriate quantities is not in the best

interest of the patient and is not in the course of the physician's professional practice, without regard to his or her intent.

**Count Six – Patient K.T.**

Violation of Section 459.015(1)(t), Florida Statutes (2014-2015)

107. Petitioner re-alleges and incorporates paragraphs one (1) through thirty-four (34), as if fully set forth herein.

108. Respondent prescribed legend drugs, including controlled substances, other than in the course of her professional practice in treating patient K.T. in one or more of the following ways:

a. By prescribing legend drugs inappropriately to patient K.T., including by prescribing Xanax, Norco, methadone, meloxicam and/or gabapentin without appropriate, adequate examination of patient K.T.;

b. By prescribing legend drugs in excessive quantities to patient K.T., including by regularly prescribing 60 tablets of Xanax 1 mg, 150 tablets of Norco 10-325 mg, 60 tablets of methadone 5 mg, 30 tablets of meloxicam 15 mg, and/or 60 tablets of gabapentin 600 mg approximately every thirty days;

c. By prescribing more than a 72-hour dose of controlled substances for chronic non-malignant pain for patient K.T. without adequate justification;

d. By prescribing legend drugs in inappropriate quantities and/or combinations to patient K.T.; and/or

e. By prescribing legend drugs to patient K.T. not in patient K.T.'s best interests by failing to adequately monitor patient K.T.'s legend drug use.

109. Based on the foregoing, Respondent violated Section 459.015(1)(t), Florida Statutes (2014-2015), by prescribing, dispensing, administering, mixing, or otherwise preparing a legend drug, including any controlled substance, other than in the course of the osteopathic physician's professional practice.

**Count Seven– Patient J.J.**

**Violation of Section 459.015(1)(t), Florida Statutes (2011-2015)**

110. Petitioner re-alleges and incorporates paragraphs one (1) through fifteen (15) and thirty-five (35) through forty-seven (47), as if fully set forth herein.

111. Respondent prescribed controlled substances other than in the course of her professional practice in treating patient J.J. in one or more of the following ways:

- a. By prescribing legend drugs inappropriately to patient J.J. after two different UDS came back with results inconsistent with patient J.J.'s prescriptions;
- b. By prescribing legend drugs to patient J.J. without physical examinations supporting the continuous use of opioid therapies on a continuing basis;
- c. By prescribing opioids to patient J.J. on at least one visit when patient J.J. reported zero pain;
- d. By prescribing Xanax to patient J.J. on at least one visit when patient J.J. reported no anxiety;
- e. By prescribing legend drugs in excessive quantities to patient J.J., including by regularly prescribing 30 tablets of ondansetron 4 mg, 180 tablets of oxycodone 30 mg, 90 tablets of Percocet 10-325 mg, and/or 30 tablets of Xanax 2 mg approximately every thirty days;

f. By prescribing more than a 72-hour dose of controlled substances for chronic non-malignant pain for patient J.J. without adequate justification;

g. By prescribing legend drugs in inappropriate quantities and/or combinations to patient J.J.; and/or

h. By failing to adequately monitor patient J.J.'s legend drug use.

112. Based on the foregoing, Respondent violated Section 459.015(1)(t), Florida Statutes (2011-2015), by prescribing, dispensing, administering, mixing, or otherwise preparing a legend drug, including any controlled substance, other than in the course of the osteopathic physician's professional practice.

**Count Eight – Patient J.B.**

Violation of Section 459.015(1)(t), Florida Statutes (2013-2015)

113. Petitioner re-alleges and incorporates paragraphs one (1) through fifteen (15) and forty-eight (48) through sixty-two (62), as if fully set forth herein.

114. Respondent prescribed controlled substances other than in the course of her professional practice in treating patient J.B. in one or more of the following ways:

a. By prescribing legend drugs inappropriately to patient J.B., including by prescribing Flexeril, oxycodone, Percocet, and/or robaxin without appropriate, adequate examination of patient J.B.;

b. By prescribing legend drugs in excessive quantities to patient J.B., including by regularly prescribing 75 tablets of Flexeril 10 mg, 60 tablets of Robaxin-750, and/or 150 tablets of Percocet 10-325 mg approximately every thirty days;

c. By prescribing more than a 72-hour dose of controlled substances for chronic non-malignant pain for patient J.B. without adequate justification;

d. By prescribing legend drugs in inappropriate quantities and/or combinations to patient J.B.; and/or

e. By prescribing legend drugs to patient J.B. not in patient J.B.'s best interests by failing to adequately monitor patient J.B.'s legend drug use.

115. Based on the foregoing, Respondent violated Section 459.015(1)(t), Florida Statutes (2013-2015), by prescribing, dispensing, administering, mixing, or otherwise preparing a legend drug, including any

controlled substance, other than in the course of the osteopathic physician's professional practice.

**Count Nine – Patient T.E.**

Violation of Section 459.015(1)(t), Florida Statutes (2013-2015)

116. Petitioner re-alleges and incorporates paragraphs one (1) through fifteen (15) and sixty-three (63) through seventy-six (76), as if fully set forth herein.

117. Respondent prescribed controlled substances other than in the course of her professional practice in treating patient T.E. in one or more of the following ways:

a. By prescribing legend drugs inappropriately to patient T.E., including by prescribing metformin, meloxicam, methadone, and/or oxycodone without appropriate, adequate examination of patient T.E. which supported the prescriptions;

b. By prescribing legend drugs in excessive quantities to patient T.E., including by regularly prescribing 30 tablets of metformin 500 mg, 30 tablets of meloxicam 15 mg, 90 tablets of methadone 10 mg, and/or 120 tablets of oxycodone 30 mg approximately every thirty days;

c. By prescribing more than a 72-hour dose of controlled substances for chronic non-malignant pain for patient T.E. without adequate justification;

d. By prescribing legend drugs in inappropriate quantities and/or combinations to patient T.E.; and/or

e. By prescribing legend drugs to patient T.E. not in patient T.E.'s best interests by failing to adequately monitor patient T.E.'s legend drug use.

118. Based on the foregoing, Respondent violated Section 459.015(1)(t), Florida Statutes (2013-2015), by prescribing, dispensing, administering, mixing, or otherwise preparing a legend drug, including any controlled substance, other than in the course of the osteopathic physician's professional practice.

**Count Ten – Patient J.D.B.**

**Violation of Section 459.015(1)(t), Florida Statutes (2013-2015)**

119. Petitioner re-alleges and incorporates paragraphs one (1) through fifteen (15) and seventy-seven (77) through eighty-nine (89), as if fully set forth herein.

120. Respondent prescribed controlled substances other than in the course of her professional practice in treating patient J.D.B. in one or more of the following ways:

a. By prescribing legend drugs inappropriately to patient J.D.B., including by prescribing him temazepam, oxycodone, and/or MS Contin without appropriate, adequate examination of patient J.D.B.;

b. By prescribing legend drugs in excessive quantities to patient J.D.B., including by regularly prescribing 30 tablets of temazepam 15 mg, 135 tablets of oxycodone 30 mg, and/or 60 tablets of MS Contin 30 mg approximately every thirty days;

c. By prescribing more than a 72-hour dose of controlled substances for chronic non-malignant pain for patient J.D.B. without adequate justification;

d. By prescribing legend drugs in inappropriate quantities and/or combinations to patient J.D.B.; and/or

e. By prescribing legend drugs to patient J.D.B. not in patient J.D.B.'s best interests by failing to adequately monitor patient J.D.B.'s legend drug use.

121. Based on the foregoing, Respondent violated Section 459.015(1)(t), Florida Statutes (2013-2015), by prescribing, dispensing, administering, mixing, or otherwise preparing a legend drug, including any controlled substance, other than in the course of the osteopathic physician's professional practice.

Section 459.015(1)(o), Florida Statutes (2009 – 2012)

122. Section 459.015(1)(o), Florida Statutes (2009 – 2012), subjects a licensee to discipline for failing to keep legible, as defined by department rule in consultation with the board, medical records that identify the licensed osteopathic physician or the osteopathic physician extender and supervising osteopathic physician by name and professional title who is or are responsible for rendering, ordering, supervising, or billing for each diagnostic or treatment procedure and that justify the course of treatment of the patient, including, but not limited to, patient histories; examination results; test results; records of drugs prescribed, dispensed, or administered; and reports of consultations and hospitalizations.

**Count Eleven – Patient K.T.**

Violation of Section 459.015(1)(o), Florida Statutes (2013-2015)

123. Petitioner re-alleges and incorporates paragraphs one (1) through thirty-four (34), as if fully set forth herein.

124. During patient K.T.'s treatment period, Respondent failed to keep adequate medical records in one or more of the following ways:

- a. By failing to create or maintain legible records;
- b. By failing to create or maintain records which justify the course of treatment of patient K.T.;
- c. By failing to create or maintain detailed physical examination results and/or notes, including progress updates;
- d. By failing to create or maintain records including comprehensive patient history;
- e. By failing to create or maintain records of all test results, including UDS and/or updated MRI test results; and/or
- f. By failing to create or maintain complete records of drugs prescribed, dispensed, or administered;
- g. By failing to create or maintain records and/or results of consultations; and/or

125. Based on the foregoing, Respondent violated Section 459.015(1)(o), Florida Statutes, (2013-2015), by failing to keep legible, as defined by department rule in consultation with the board, medical records that identify the licensed osteopathic physician [who is] responsible for

rendering, ordering, supervising, or billing for each diagnostic or treatment procedure and that justify the course of treatment of the patient.

**Count Twelve – Patient J.J.**

Violation of Section 459.015(1)(o), Florida Statutes (2011-2015)

126. Petitioner re-alleges and incorporates paragraphs one (1) through fourteen (14) and thirty-five (35) through forty-eight (48), as if fully set forth herein.

127. During patient J.J.'s treatment period, Respondent failed to keep adequate medical records in one or more of the following ways:

- a. By failing to create or maintain legible records;
- b. By failing to create or maintain records which justify the course of treatment of patient J.J.;
- c. By failing to create or maintain detailed physical examination results and/or notes, including progress updates;
- d. By failing to create or maintain records including comprehensive patient history;
- e. By failing to create or maintain records of all test results, including UDS and/or updated MRI test results; and/or
- f. By failing to create or maintain records and/or results of consultations.

128. Based on the foregoing, Respondent violated Section 459.015(1)(o), Florida Statutes, (2011-2015), by failing to keep legible, as defined by department rule in consultation with the board, medical records that identify the licensed osteopathic physician [who is] responsible for rendering, ordering, supervising, or billing for each diagnostic or treatment procedure and that justify the course of treatment of the patient.

**Count Thirteen – Patient J.B.**

Violation of Section 459.015(1)(o), Florida Statutes (2013-2015)

129. Petitioner re-alleges and incorporates paragraphs one (1) through fourteen (14) and forty-nine (49) through fifty-nine (59), as if fully set forth herein.

130. During patient J.B.'s treatment period, Respondent failed to keep adequate medical records in one or more of the following ways:

- a. By failing to create or maintain legible records;
- b. By failing to create or maintain records which justify the course of treatment of patient J.B.;
- c. By failing to create or maintain detailed physical examination results and/or notes, including progress updates;
- d. By failing to create or maintain records including comprehensive patient history;

e. By failing to create or maintain records of all test results, including UDS and/or updated MRI test results; and/or

f. By failing to create or maintain records and/or results of consultations.

131. Based on the foregoing, Respondent violated Section 459.015(1)(o), Florida Statutes, (2013-2015), by failing to keep legible, as defined by department rule in consultation with the board, medical records that identify the licensed osteopathic physician [who is] responsible for rendering, ordering, supervising, or billing for each diagnostic or treatment procedure and that justify the course of treatment of the patient.

**Count Fourteen – Patient T.E.**

Violation of Section 459.015(1)(o), Florida Statutes (2013-2015)

132. Petitioner re-alleges and incorporates paragraphs one (1) through fourteen (14) and sixty (60) through seventy-two (72), as if fully set forth herein.

133. During patient T.E.'s treatment period, Respondent failed to keep adequate medical records in one or more of the following ways:

a. By failing to create or maintain legible records;

b. By failing to create or maintain records which justify the course of treatment of patient T.E.;

c. By failing to create or maintain detailed physical examination results and/or notes, including progress updates;

d. By failing to create or maintain records including comprehensive patient history;

e. By failing to create or maintain records of all test results, including UDS and/or updated MRI test results; and/or

f. By failing to create or maintain records and/or results of consultations.

134. Based on the foregoing, Respondent violated Section 459.015(1)(o), Florida Statutes, (2013-2015), by failing to keep legible, as defined by department rule in consultation with the board, medical records that identify the licensed osteopathic physician [who is] responsible for rendering, ordering, supervising, or billing for each diagnostic or treatment procedure and that justify the course of treatment of the patient.

**Count Fifteen – Patient J.D.B.**

Violation of Section 459.015(1)(o), Florida Statutes (2013-2015)

135. Petitioner re-alleges and incorporates paragraphs one (1) through fourteen (14) and seventy-three (73) through eighty-three (83), as if fully set forth herein.

136. During patient J.D.B.'s treatment period, Respondent failed to keep adequate medical records in one or more of the following ways:

- a. By failing to create or maintain legible records;
- b. By failing to create or maintain records which justify the course of treatment of patient J.D.B.;
- c. By failing to create or maintain detailed physical examination results and/or notes, including progress updates;
- d. By failing to create or maintain records including comprehensive patient history or obtaining records from his prior treating pain clinic in Orlando, and/or prior prescription records;
- e. By failing to create or maintain records of all test results, including UDS and/or updated MRI test results; and/or
- f. By failing to create or maintain records and/or results of consultations.

137. Based on the foregoing, Respondent violated Section 459.015(1)(o), Florida Statutes, (2013-2015), by failing to keep legible, as defined by department rule in consultation with the board, medical records that identify the licensed osteopathic physician [who is] responsible for

rendering, ordering, supervising, or billing for each diagnostic or treatment procedure and that justify the course of treatment of the patient.

### **Count Sixteen**

138. Petitioner re-alleges and incorporates paragraphs one (1) through eight (8), as if fully set forth herein.

139. Section 459.015(1)(pp), Florida Statutes (2015), provides that violating any provision of this chapter or chapter 456, or any rules adopted pursuant thereto, constitutes grounds for disciplinary action.

140. Section 459.0137(2)(i)1.-4., Florida Statutes, requires the designated physician of a pain management clinic to establish a quality assurance program that includes the following components: the identification, investigation and analysis of the frequency and causes of adverse incidents to patients; the identification of trends or patterns of incidents; measures to correct, reduce, minimize, or eliminate the risk of adverse incidents to patients; the documentation of these functions; and periodic review at least quarterly of such information by the designated physician.

141. Section 459.0137(2)(c), Florida Statutes, requires that a complete physical exam is performed by the physician, physician's assistant

or advanced practice registered nurse practitioner on the same day that the physician prescribes a controlled substance; and/or that the physician documents in the patient's record the reason for prescribing more than a 72-hour supply of controlled substances for the treatment of chronic non-malignant pain.

142. Respondent failed to meet the requirement(s) of sections 459.0137(2)(i) and/or (2)(c), as evidenced when NFTC failed the routine inspection conducted on or about October 22, 2015.

143. Based on the foregoing, Respondent violated section 459.015(1)(pp), Florida Statutes (2015), by violating any provision of this chapter or chapter 456, or any rules adopted pursuant thereto.

*[Remainder of the page intentionally left blank.]*

WHEREFORE, Petitioner respectfully requests that the Board of Osteopathic Medicine enter an order imposing one or more of the following penalties: permanent revocation or suspension of Respondent's license, restriction of practice, imposition of an administrative fine, issuance of a reprimand, placement of the Respondent on probation, corrective action, refund of fees billed or collected, remedial education and/or any other relief that the Board deems appropriate.

## **NOTICE OF RIGHTS**

**Respondent has the right to request a hearing to be conducted in accordance with Section 120.569 and 120.57, Florida Statutes, to be represented by counsel or other qualified representative, to present evidence and argument, to call and cross-examine witnesses and to have subpoena and subpoena duces tecum issued on his or her behalf if a hearing is requested.**

**A request or petition for an administrative hearing must be in writing and must be received by the Department within 21 days from the day Respondent received the Administrative Complaint, pursuant to Rule 28-106.111(2), Florida Administrative Code. If Respondent fails to request a hearing within 21 days of receipt of this Administrative Complaint, Respondent waives the right to request a hearing on the facts alleged in this Administrative Complaint pursuant to Rule 28-106.111(4), Florida Administrative Code. Any request for an administrative proceeding to challenge or contest the material facts or charges contained in the Administrative Complaint must conform to Rule 28-106.2015(5), Florida Administrative Code.**

**Mediation under Section 120.573, Florida Statutes, is not available to resolve this Administrative Complaint.**

## **NOTICE REGARDING ASSESSMENT OF COSTS**

**Respondent is placed on notice that Petitioner has incurred costs related to the investigation and prosecution of this matter. Pursuant to Section 456.072(4), Florida Statutes, the Board shall assess costs related to the investigation and prosecution of a disciplinary matter, which may include attorney hours and costs, on the Respondent in addition to any other discipline imposed.**

ELECTION OF RIGHTS

Please sign and complete all of the information below:

I received the Administrative Complaint on the following date: 5/25/16

PLEASE SELECT ONLY 1 OF THE 2 OPTIONS.

OPTION 1. I do not dispute the allegations of material fact in the Administrative Complaint. I request a hearing be conducted pursuant to Section 120.57(2), Florida Statutes, where I will be permitted to appear, if I so choose, and submit oral and/or written evidence in mitigation of the complaint to the Board.

OPTION 2. X I do dispute the allegations of material fact contained in the Administrative Complaint and request this to be considered a petition for formal hearing, pursuant to Sections 120.569(2)(a) and 120.57(1), Florida Statutes, before an Administrative Law Judge appointed by the Division of Administrative Hearings. Pursuant to the requirement of Uniform Rule 28-106.2015(5), Florida Administrative Code, I specifically dispute the following material facts (identified by paragraph number and fact disputed) in the Administrative Complaint:

see Answer to Administrative Complaint, attached hereto

In the event that you fail to make an election in this matter within twenty-one (21) days from receipt of the Administrative Complaint, your failure to do so may be considered a waiver of your right to elect a hearing in this matter, pursuant to Rule 28-106.111(4), Florida Administrative Code, and the Board may proceed to hear your case.

PLEASE NOTE: Regardless of which option you choose, you may be able to reach a settlement agreement with the Department in your case. Please contact the prosecuting attorney if you wish to do so. Chaprow Law Group

**RESPONDENT'S ANSWER TO ADMINISTRATIVE COMPLAINT**

NOW COMES your Respondent, NANCY LEE KOPITNIK, D.O., by and through her counsel, CHAPMAN LAW GROUP, by Juan C. Santos, and for her answer states as follows, to wit:

1. Admitted.
2. Admitted.
3. Denied. Respondent's address of record is 7169 University Blvd., Winter Park, FL 32792.
4. Admitted.
5. Admitted.
6. Admitted.
7. Denied, Respondent is board certified in addiction medicine not board certified in addiction psychiatry.
8. Denied, on or around February 8, 2016, Petitioner issued a letter of investigation against Respondent's pain management clinic, North Florida Treatment Center, for the same allegations and on or around October 27, 2016, the Probable Cause Panel for the Board of

Medicine determined that a violation did not exist and directed the Department to close the case. (*See Exhibit A*).

9. See answers set forth below.
  - a) Denied. Respondent had established a quality assurance program pursuant to the requirements of Section 459.0137(2)(i), Florida Statutes.
  - b) Denied, on or around February 8, 2016, Petitioner issued a letter of investigation against Respondent's pain management clinic, North Florida Treatment Center, for the same allegations and on or around October 27, 2016, the Probable Cause Panel for the Board of Medicine determined that a violation did not exist and directed the Department to close the case. (*See Exhibit A*).
  - c) Denied, on or around February 8, 2016, Petitioner issued a letter of investigation against Respondent's pain management clinic, North Florida Treatment Center, for the same allegations and on or around October 27, 2016, the Probable Cause Panel for the Board of Medicine determined that a violation did not exist and directed the Department to close the case. (*See Exhibit A*).
10. Denied, on or around February 8, 2016, Petitioner issued a letter of investigation against Respondent's pain management clinic, North Florida Treatment Center, for the same allegations and on or around October 27, 2016, the Probable Cause Panel for the Board of Medicine determined that a violation did not exist and directed the Department to close the case. (*See Exhibit A*).
11. Denied, the Department's investigator informed Respondent that she was coming in two weeks to conduct a second investigation. Respondent was never instructed that she needed to submit a corrective action plan within 30 days of the first inspection. On or around

February 8, 2016, Petitioner issued a letter of investigation against Respondent's pain management clinic, North Florida Treatment Center, for the same allegations and on or around October 27, 2016, the Probable Cause Panel for the Board of Medicine determined that a violation did not exist and directed the Department to close the case. (*See Exhibit A*).

12. Generally admitted.
13. Denied, on or around February 8, 2016, Petitioner issued a letter of investigation against Respondent's pain management clinic, North Florida Treatment Center, for the same allegations and on or around October 27, 2016, the Probable Cause Panel for the Board of Medicine determined that a violation did not exist and directed the Department to close the case. (*See Exhibit A*).
14. See answers set forth below.
  - a) Generally admitted.
  - b) Generally admitted.
  - c) Generally admitted.
  - d) Generally admitted.
  - e) Generally admitted.
  - f) Generally admitted.
  - g) Generally admitted.
15. Denied.

**FACTS SPECIFIC TO PATIENT K.T.**

16. Respondent is not in possession of the necessary medical records and therefore is not capable of responding to the allegations. Therefore, said allegation is neither admitted nor denied.
17. Respondent is not in possession of the necessary medical records and therefore is not capable of responding to the allegations. Therefore, the allegation is neither admitted nor denied.
18. Respondent is not in possession of the necessary medical records and therefore is not capable of responding to the allegations. Therefore, the allegation is neither admitted nor denied.
19. Respondent is not in possession of the necessary medical records and therefore is not capable of responding to the allegations. Therefore, the allegation is neither admitted nor denied.
20. Respondent is not in possession of the necessary medical records and therefore is not capable of responding to the allegations. Therefore, the allegation is neither admitted nor denied.
21. Respondent is not in possession of the necessary medical records and therefore is not capable of responding to the allegations. Therefore, the allegation is neither admitted nor denied.
22. Respondent is not in possession of the necessary medical records and therefore is not capable of responding to the allegations. Therefore, the allegation is neither admitted nor denied.

23. Respondent is not in possession of the necessary medical records and therefore is not capable of responding to the allegations. Therefore, the allegation is neither admitted nor denied.
24. Respondent is not in possession of the necessary medical records and therefore is not capable of responding to the allegations. Therefore, the allegation is neither admitted nor denied.
25. Respondent is not in possession of the necessary medical records and therefore is not capable of responding to the allegations. Therefore, the allegation is neither admitted nor denied.
26. Respondent is not in possession of the necessary medical records and therefore is not capable of responding to the allegations. Therefore, the allegation is neither admitted nor denied.
27. Respondent is not in possession of the necessary medical records and therefore is not capable of responding to the allegations. Therefore, the allegation is neither admitted nor denied.
28. Respondent is not in possession of the necessary medical records and therefore is not capable of responding to the allegations. Therefore, the allegation is neither admitted nor denied.
29. Respondent is not in possession of the necessary medical records and therefore is not capable of responding to the allegations. Therefore, the allegation is neither admitted nor denied.

30. Respondent is not in possession of the necessary medical records and therefore is not capable of responding to the allegations. Therefore, the allegation is neither admitted nor denied.
31. Respondent is not in possession of the necessary medical records and therefore is not capable of responding to the allegations. Therefore, the allegation is neither admitted nor denied.
32. Respondent is not in possession of the necessary medical records and therefore is not capable of responding to the allegations. Therefore, the allegation is neither admitted nor denied.

**ADMINISTRATIVE COMPLAINT**

COMES NOW Petitioner, Department of Health, by and through its undersigned counsel, and files this Complaint before the Board of Osteopathic Medicine against Respondent, Nancy Lee Kopitnik, D.O., and in support thereof alleges:

1. Petitioner is the state agency charged with regulating the practice of osteopathic medicine pursuant to Section 20.43, Florida Statutes; Chapter 456, Florida Statutes; and Chapter 459, Florida Statutes.

2. At all times material to this Complaint, Respondent was a licensed osteopathic physician within the State of Florida, having been issued license number OS 6229.

3. Respondent's address of record is 601-C N. Bumby Avenue, Orlando, Florida 32803.

4. Respondent may be located at 7169 University Blvd., Winter Park, Florida 32792.

5. At all times material to this Administrative Complaint, Respondent was practicing as an osteopathic physician at North Florida Treatment Center (NFTC), a pain management clinic in Orlando, Florida.

6. Respondent is the designated physician for NFTC.

7. Respondent is board-certified in addiction psychiatry and in surgery.

8. On or about October 22, 2015, the Department conducted an office inspection at NFTC.

9. Multiple violations were found, including but not limited to, the following:

a. Respondent, as the designated physician, had not established a quality assurance program pursuant to the requirements of s. 459.0137(2)(i), F.S.;

b. A complete physical exam was not performed by Respondent or a practitioner on the same day that Respondent

prescribed a controlled substance, as required by s. 459.0137(2)(c), F.S.; and/or

c. Respondent was not documenting in the patients' record(s) the reason for prescribing more than a 72-hour supply of controlled substances for the treatment of chronic non-malignant pain, as required by s. 459.0137(2)(c), F.S.

10. NFTC failed the October 22, 2015, inspection.

11. Respondent failed to submit a corrective action plan to the Department within thirty (30) days.

12. Prescribing controlled substances or combinations of controlled substances without medical justification constitutes prescribing controlled substances inappropriately. Prescribing excessive quantities of controlled substances constitutes prescribing controlled substances inappropriately.

13. Respondent prescribed controlled substances excessively and/or inappropriately, as detailed below.

14. The prevailing professional standard of care required Respondent to treat patients K.T., J.J., J.B., T.E., and/or J.D.B., described below, in the following manner:

- a. Obtain a complete and comprehensive patient history, including medication records and hospitalizations, for each patient;
- b. Perform a complete and comprehensive physical examination of each patient;
- c. Fully assess each patient's individual complaints of back, leg, hip, and any other pain;
- d. Consult with other practitioners, including those specializing in interventional pain management or other specialized area in which the patient has a complaint, for collaborative diagnosis and treatment;
- e. Offer alternative treatment to opiate analgesics;
- f. Develop and implement a comprehensive, individualized treatment plan for each patient; and/or
- g. Develop and implement a comprehensive, individualized monitoring plan to ensure proper medication usage.

15. Respondent fell below the prevailing standard of care in her treatment of patients K.T., J.J., J.B., T.E., and/or J.D.B., as detailed below.

### Facts Related to Patient K.T.

16. At all times material to this Administrative Complaint, K.T., a then fifty-eight-year-old female, was a patient of Respondent.

17. On or about May 8, 2015, patient K.T. presented to Respondent with complaints of hip and joint pain. She self-reported a diagnosis of diabetic neuropathy, and reported that her primary care physician was treating her for depression.

18. Between May 8, 2015, and December 16, 2015 (patient K.T.'s treatment period), patient K.T. presented to Respondent for treatment on approximately eight occasions.

19. During patient K.T.'s treatment period, Respondent regularly prescribed her Xanax<sup>1</sup> 1 mg #60; Norco<sup>2</sup> 10mg-325 mg #150; methadone<sup>3</sup>

---

<sup>1</sup> Xanax is the brand name for alprazolam and is prescribed to treat anxiety. According to Section 893.03(4), Florida Statutes, alprazolam is a Schedule IV controlled substance that has a low potential for abuse relative to the substances in Schedule III and has a currently accepted medical use in treatment in the United States, and abuse of the substance may lead to limited physical or psychological dependence relative to the substances in Schedule III.

<sup>2</sup> Norco is the brand name for hydrocodone/APAP. Hydrocodone/APAP contains hydrocodone and acetaminophen, or Tylenol and is prescribed to treat pain. Hydrocodone is commonly prescribed to treat pain. According to Section 893.03(2), Florida Statutes, hydrocodone is a Schedule II controlled substance that has a high potential for abuse and has a currently accepted but severely restricted medical use in treatment in the United States, and abuse of hydrocodone may lead to severe psychological or physical dependence.

<sup>3</sup> Methadone is prescribed to treat pain. According to Section 893.03(2), Florida Statutes, methadone is a Schedule II controlled substance that has a high potential for abuse and has a currently accepted but severely restricted medical use in treatment in the United States, and abuse of methadone may lead to severe psychological or physical dependence.

5 mg #60; meloxicam<sup>4</sup> 15 mg #30; and/or gabapentin<sup>5</sup> 600 mg #60 approximately every thirty days.

20. During patient K.T.'s treatment period, Respondent prescribed her Xanax, Norco, methadone, meloxicam and/or gabapentin in excessive quantities.

21. During patient K.T.'s treatment period, Respondent prescribed her Xanax, Norco, methadone, meloxicam and/or gabapentin inappropriately and/or in inappropriate combinations.

22. Respondent's medical records of patient K.T. begin with intake paperwork dated May 8, 2015, which does not contain documentation of a history and physical examination.

23. Respondent prescribed Xanax, Norco, methadone, meloxicam and/or gabapentin for patient K.T. on May 8, 2015, without a documented physical examination justifying opioid therapy.

24. During patient K.T.'s treatment period, Respondent's progress notes for patient K.T. contain inconsistent statements of patient K.T.'s gait and ability to ambulate, with some records stating everything was normal,

---

<sup>4</sup> Meloxicam is a legend drug but not a controlled substance. Meloxicam is a nonsteroidal anti-inflammatory (NSAID) drug often prescribed to treat osteoarthritis and rheumatoid arthritis.

<sup>5</sup> Gabapentin is a legend drug but not a controlled substance. It is prescribed to control certain types of epileptic seizures, or to treat postherpetic neuralgia pain, or to treat restless leg syndrome.

and some records stating that patient K.T. relied on a wheelchair and was unable to ambulate.

25. Respondent did not obtain, or did not create and maintain a record of obtaining, a complete medical history for patient K.T.

26. Respondent failed to properly monitor, or failed to create and maintain documentation of monitoring, patient K.T.'s use of opioid medications.

27. During patient K.T.'s treatment period, Respondent regularly prescribed more than a 72-hour dose of controlled substances for chronic nonmalignant pain without documenting justification.

28. During patient K.T.'s treatment period, Respondent failed to adequately assess or examine, or failed to create and maintain a record of assessing or examining, patient K.T.'s symptoms and progress.

29. Respondent failed to develop, or failed to create and maintain a record of developing, an appropriate, individualized treatment plan and documentation of the course of treatment for patient K.T.

30. Respondent failed to adequately, accurately, appropriately and/or timely diagnose patient K.T., or to create and maintain records of such diagnosis, including diagnoses necessitating Xanax.

31. Respondent referred patient K.T. for a psychiatric evaluation following patient K.T.'s complaints of anxiety.

32. Respondent failed to follow up on, or failed to create and maintain records of following up on, her referral to psychiatric evaluation.

33. During patient K.T.'s treatment period, Respondent failed to consult with, or failed to create and maintain records of consulting with, other treating practitioner(s), including a specialist in psychiatry, behavioral therapy, and/or pain management.

34. During patient K.T.'s treatment period, Respondent failed to address, or failed to create and maintain records of addressing, alternative non-opioid/interventional pain management treatment.

#### Facts Related to Patient J.J.

35. At all times material to this Administrative Complaint, J.J., a then-fifty-six-year-old male, was a patient of Respondent.

36. Between about April 11, 2012, and December 18, 2015 (patient J.J.'s treatment period), patient J.J. presented to Respondent with complaints of back and neck pain.

37. During patient J.J.'s treatment period, Respondent regularly prescribed him ondansetron<sup>6</sup> 4 mg #30; oxycodone<sup>7</sup> 30 mg #180; Percocet<sup>8</sup> 10/325 mg #90; and/or Xanax 2 mg #30 approximately every thirty days.

38. During patient J.J.'s treatment period, Respondent prescribed him ondansetron, oxycodone, Percocet, and/or Xanax in excessive quantities.

39. During patient J.J.'s treatment period, Respondent prescribed him ondansetron, oxycodone, Percocet, and/or Xanax inappropriately and/or in inappropriate combinations.

40. Respondent's progress notes for patient J.J. do not support continuing the use of opioid therapies on a continuous basis.

41. Respondent's progress notes for patient J.J. do not consistently support the diagnosis and/or treatment of anxiety or other condition for which Xanax would be indicated.

---

<sup>6</sup> Ondansetron is a legend drug but not a controlled substance. It is often prescribed to prevent nausea and vomiting.

<sup>7</sup> Oxycodone is commonly prescribed to treat pain. According to Section 893.03(2), Florida Statutes, oxycodone is a Schedule II controlled substance that has a high potential for abuse and has a currently accepted but severely restricted medical use in treatment in the United States, and abuse of oxycodone may lead to severe psychological or physical dependence.

<sup>8</sup> Percocet is the brand name for a drug that contains oxycodone and is prescribed to treat pain. According to Section 893.03(2), Florida Statutes, oxycodone is a Schedule II controlled substance that has a high potential for abuse and has a currently accepted but severely restricted medical use in treatment in the United States, and abuse of oxycodone may lead to severe psychological or physical dependence.

42. Patient J.J. tested negative for prescribed benzodiazepines on two separate UDS on or about April 8, 2015, and November 17, 2015.

43. Respondent did not discuss, or did not create and maintain documentation of discussing, inconsistent UDS results with patient J.J.

44. Respondent failed to properly monitor, or failed to create and maintain documentation of monitoring, patient J.J.'s use of opioid medications.

45. Respondent failed to adequately, accurately, appropriately and/or and timely diagnose patient J.J., or to create and maintain records of such diagnosis, including the diagnosis necessitating Xanax.

46. During patient J.J.'s treatment period, Respondent failed to consult with, or failed to create and maintain records of consulting with, other treating practitioner(s), including a specialist in mental health, behavioral therapy, and/or pain management.

47. During patient J.J.'s treatment period, Respondent failed to address, or failed to create and maintain records of addressing, alternative non-opioid/interventional pain management treatment.

### Facts Related to Patient J.B.

48. At all times material to this Administrative Complaint, J.B., a then-fifty-year-old male, was a patient of Respondent.

49. Between about April 3, 2014, and December 18, 2015, (patient J.B.'s treatment period), patient J.B. presented to Respondent with complaints of back pain.

50. During patient J.B.'s treatment period, Respondent prescribed him Flexeril<sup>9</sup> 10 mg, oxycodone 30 mg, Percocet 10-325 mg, and/or Robaxin<sup>10</sup>-750.

51. During patient J.B.'s treatment period, Respondent prescribed him Flexeril 10 mg, oxycodone 30 mg, Percocet 10-325 mg, and/or Robaxin-750 inappropriately and/or in inappropriate combinations.

52. At patient J.B.'s initial visit, he self-reported a history of prescriptions of oxycodone and hydrocodone.

53. At patient J.B.'s initial visit, Respondent failed to conduct a complete history and physical examination.

---

<sup>9</sup> Flexeril is the brand name for cyclobenzaprine. It is a muscle relaxant used to treat strains, sprains, and other muscle injuries. Cyclobenzaprine is a legend drug but not a controlled substance.

<sup>10</sup> Robaxin is the brand name for methocarbamol. It is a muscle relaxant used to treat muscle spasms and pain. Methocarbamol is a legend drug but not a controlled substance.

54. Respondent failed to create and/or maintain patient records, including visit notes, for patient J.B. after his initial visit until December 18, 2015.

55. Respondent's records for patient J.B. are inconsistent.

56. Respondent failed to properly monitor, or failed to create and maintain documentation of monitoring, patient J.B.'s use of opioid medications.

57. During patient J.B.'s treatment period, Respondent failed to adequately assess or examine, or failed to create and maintain a record of assessing or examining, patient J.B.'s symptoms and progress.

58. Respondent failed to develop, or failed to create and maintain a record of developing, an appropriate treatment plan and documentation of the course of treatment for patient J.B.

59. Respondent's records do not justify the course of treatment for patient J.B.

60. Respondent failed to adequately, accurately, appropriately and/or timely diagnose patient J.B., or to create and maintain records of such diagnosis.

61. During patient J.B.'s treatment period, Respondent failed to consult with, or failed to create and maintain records of consulting with, other treating practitioner(s), including a specialist in pain management.

62. During patient J.B.'s treatment period, Respondent failed to address, or failed to create and maintain records of addressing, alternative non-opioid/interventional pain management treatment.

#### Facts Related to Patient T.E.

63. At all times material to this Administrative Complaint, T.E., a then-forty-five-year-old male, was a patient of Respondent.

64. Between about June 26, 2014, and November 18, 2015 (patient T.E.'s treatment period), patient T.E. presented to Respondent with complaints of back pain and anxiety.

65. During patient T.E.'s treatment period, Respondent regularly prescribed him metformin<sup>11</sup> 500 mg #30; meloxicam 15 mg #30; methadone 10 mg #90; and/or oxycodone 30 mg #120 approximately every thirty days.

66. During patient T.E.'s treatment period, Respondent prescribed him meloxicam, methadone, and/or oxycodone in excessive quantities.

---

<sup>11</sup> Metformin is a legend drug but not a controlled substance. It is prescribed to treat type-2 diabetes.

67. During patient T.E.'s treatment period, Respondent prescribed him metformin, meloxicam, methadone, and/or oxycodone inappropriately and/or in inappropriate combinations.

68. During patient T.E.'s treatment period, Respondent regularly prescribed more than a 72-hour dose of controlled substances for chronic nonmalignant pain without documenting justification.

69. Most dates of service did not provide a physical examination that documented findings that warranted continuing or increasing opioid therapy.

70. Respondent failed to properly monitor, or failed to create and maintain documentation of monitoring, patient T.E.'s use of opioid medications.

71. Respondent did not obtain, or did not create and maintain a record of obtaining, a complete medical history for patient T.E.

72. During patient T.E.'s treatment period, Respondent failed to adequately assess or examine, or failed to create and maintain a record of assessing or examining, patient T.E.'s symptoms and progress.

73. Respondent failed to develop, or failed to create and maintain a record of developing, an appropriate treatment plan and documentation of the course of treatment for patient T.E.

74. Respondent failed to adequately, accurately, appropriately and/or timely diagnose patient T.E., or to create and maintain records of such diagnosis.

75. During patient T.E.'s treatment period, Respondent failed to consult with, or failed to create and maintain records of consulting with, other treating practitioner(s), including a specialist in mental health and/or pain management.

76. During patient T.E.'s treatment period, Respondent failed to address, or failed to create and maintain records of addressing, alternative non-opioid/interventional pain management treatment.

#### Facts Related to Patient J.D.B.

77. At all times material to this Administrative Complaint, J.D.B., a then-thirty-five-year-old male, was a patient of Respondent.

78. Between about August 15, 2013, and December 16, 2015 (patient J.D.B.'s treatment period), patient J.D.B. presented to Respondent with complaints of lower back pain and right lower extremity pain.

79. At patient J.D.B.'s initial visit, Respondent failed to conduct a complete history and physical examination.

80. During patient J.D.B.'s treatment period, Respondent regularly prescribed him temazepam<sup>12</sup> 15 mg #30; oxycodone 30 mg #135; and/or MS Contin<sup>13</sup> 30 mg #60 approximately every thirty days.

81. During patient J.D.B.'s treatment period, Respondent prescribed him temazepam, oxycodone and/or MS Contin in excessive quantities.

82. During patient J.D.B.'s treatment period, Respondent prescribed him temazepam, oxycodone and/or MS Contin inappropriately and/or in inappropriate combinations.

83. During patient J.D.B.'s treatment period, Respondent regularly prescribed more than a 72-hour dose of controlled substances for chronic nonmalignant pain without documenting justification.

---

<sup>12</sup> Temazepam is prescribed to treat insomnia. According to Section 893.03(4), Florida Statutes, temazepam is a Schedule IV controlled substance that has a low potential for abuse relative to the substances in Schedule III and has a currently accepted medical use in treatment in the United States, and abuse of temazepam may lead to limited physical or psychological dependence relative to the substances in Schedule III.

<sup>13</sup> MS Contin is the brand name for a drug that contains morphine and is prescribed to treat pain. According to Section 893.03(2), Florida Statutes, morphine is a Schedule II controlled substance that has a high potential for abuse and has a currently accepted but severely restricted medical use in treatment in the United States, and abuse of morphine may lead to severe psychological or physical dependence.

84. Respondent failed to develop, or failed to create and maintain a record of developing, an appropriate treatment plan and documentation of the course of treatment for patient J.D.B.

85. Respondent's records do not justify the course of treatment for patient J.D.B.

86. Respondent failed to adequately, accurately, appropriately and/or timely diagnose patient J.D.B., or to create and maintain records of such diagnoses.

87. During patient J.D.B.'s treatment period, Respondent failed to consult with, or failed to create and maintain records of consulting with, other treating practitioner(s), including a specialist in mental health and/or pain management.

88. Respondent failed to follow up with patient J.D.B. after ordering an MRI after a motor vehicle accident in about June of 2015.

89. During patient J.D.B.'s treatment period, Respondent failed to address, or failed to create and maintain records of addressing, alternative non-opioid/interventional pain management treatment.

Section 459.015(1)(x)(1), Florida Statutes (2013 – 2015)

90. Section 459.015(1)(x), Florida Statutes (2013 – 2015), provides that, notwithstanding s. 456.072(2) but as specified in s. 456.50(2), committing medical malpractice as defined in s. 456.50, F.S., constitutes grounds for disciplinary action. Medical Malpractice is defined in Section 456.50(g), Florida Statutes (2013 – 2015), as the failure to practice medicine in accordance with the level of care, skill, and treatment recognized in general law related to health care licensure. For purposes of Section 459.015(1)(x), Florida Statutes (2013 – 2015), the Board shall give great weight to the provisions of Section 766.102, Florida Statutes (2013 – 2015), which provide that the prevailing professional standard of care for a given health care provider shall be that level of care, skill, and treatment which, in light of all relevant surrounding circumstances, is recognized as acceptable and appropriate by reasonably prudent similar health care providers.

**Count One – Patient K.T.**

Violation of Section 459.015(1)(x), Florida Statutes (2014-2015)

91. Petitioner re-alleges and incorporates paragraphs one (1) through thirty-four (34), as if fully set forth herein.

92. As set forth above, Respondent fell below the prevailing professional standard of care in her treatment of patient K.T. in one or more of the following ways:

a. By failing to obtain a complete and comprehensive patient history for patient K.T., including complete, relevant prescription records;

b. By failing to perform a complete and comprehensive physical examination of patient K.T. at her initial visit;

c. By failing to perform adequate physical examinations at follow-up visits;

d. By failing to create an appropriate, individualized treatment plan for patient K.T.;

e. By failing to adequately, accurately, appropriately and/or timely diagnose patient K.T.;

f. By failing to follow up on specialized psychiatric consultations recommended for patient K.T.;

g. By prescribing inappropriate quantities, combinations, and/or dosages of controlled substances to patient K.T. without justification;

h. By failing to order specialized consultations for patient K.T. for alternative, non-opioid interventional pain management therapies; and/or

i. By failing to consult with other treating practitioner(s), including specialists in psychiatry, behavioral therapy, and/or pain management.

93. Based on the foregoing, Respondent violated Section 459.015(1)(x), Florida Statutes (2014-2015), in her treatment of patient K.T. by failing to meet the standard of care, as defined in Section 456.50(g), Florida Statutes (2014-2015), as the failure to practice medicine in accordance with the level of care, skill, and treatment recognized in general law related to health care licensure.

**Count Two – Patient J.J.**

Violation of Section 459.015(1)(x), Florida Statutes (2010 – 2011)

94. Petitioner re-alleges and incorporates paragraphs one (1) through fifteen (15) and thirty-five (35) through forty-seven (47), as if fully set forth herein.

95. As set forth above, Respondent fell below the prevailing professional standard of care in her treatment of patient J.J. in one or more of the following ways:

- a. By failing to obtain a complete and comprehensive patient history for patient J.J.;
- b. By failing to develop and implement a comprehensive, individualized treatment plan for patient J.J.;
- c. By failing to address two (2) negative UDS with patient J.J.;
- d. By failing to develop and implement an overall comprehensive, individualized monitoring plan to ensure proper medication usage;
- e. By prescribing inappropriate quantities, combinations, and/or dosages of controlled substances to patient J.J. without justification;
- f. By failing to order specialized consultations for patient J.J. for alternative, non-opioid interventional pain management therapies; and/or
- g. By failing to consult with other treating practitioner(s), including specialists in psychiatry, behavioral therapy, and/or pain management.

96. Based on the foregoing, Respondent violated Section 459.015(1)(x), Florida Statutes (2010-2011), in her treatment of patient J.J. by failing to meet the standard of care, as defined in Section 456.50(g), Florida Statutes (2010-2011), as the failure to practice medicine in accordance with the level of care, skill, and treatment recognized in general law related to health care licensure.

**Count Three – Patient J.B.**

Violation of Section 459.015(1)(x), Florida Statutes (2011)

97. Petitioner re-alleges and incorporates paragraphs one (1) through fifteen (15) and forty-eight (48) through sixty-two (62), as if fully set forth herein.

98. As set forth above, Respondent fell below the prevailing professional standard of care in her treatment of patient J.B. in one or more of the following ways:

- a. By failing to perform a complete and comprehensive physical examination of patient J.B. at the initial visit;
- b. By failing to develop and implement a comprehensive, individualized monitoring plan to ensure proper medication usage;
- c. By failing to adequately assess patient J.B.'s symptoms and progress;

d. By failing to adequately, accurately, appropriately and/or timely diagnose patient J.B.;

e. By prescribing inappropriate quantities, combinations, and/or dosages of controlled substances to patient J.B. without justification;

f. By failing to order specialized consultations for patient J.B. for alternative, non-opioid interventional pain management therapies; and/or

g. By failing to consult with other treating practitioner(s), including specialists in psychiatry, behavioral therapy, and/or pain management.

99. Based on the foregoing, Respondent violated Section 459.015(1)(x), Florida Statutes (2011), in her treatment of patient J.B. by failing to meet the standard of care, as defined in Section 456.50(g), Florida Statutes (2011), as the failure to practice medicine in accordance with the level of care, skill, and treatment recognized in general law related to health care licensure.

**Count Four – Patient T.E.**

Violation of Section 459.015(1)(x), Florida Statutes (2013-2015)

100. Petitioner re-alleges and incorporates paragraphs one (1) through fifteen (15) and sixty-three (63) through seventy-six (76), as if fully set forth herein.

101. As set forth above, Respondent fell below the prevailing professional standard of care in her treatment of patient T.E. in one or more of the following ways:

- a. By failing to obtain a complete and comprehensive medical history for patient T.E.;
- b. By failing to perform a complete physical examination for patient T.E. on more than one visit;
- c. By prescribing more than a 72-hour dose of controlled substances for chronic non-malignant pain without justification;
- d. By failing to adequately assess patient T.E.'s symptoms and progress;
- e. By failing to adequately, accurately, appropriately and/or timely diagnose patient T.E.;
- f. By failing to develop an appropriate treatment plan for patient T.E.;

g. By prescribing inappropriate quantities, combinations, and/or dosages of controlled substances to patient T.E. without justification;

h. By failing to order specialized consultations for patient T.E. for alternative, non-opioid interventional pain management therapies; and/or

i. By failing to consult with other treating practitioner(s), including specialists in psychiatry, behavioral therapy, and/or pain management.

102. Based on the foregoing, Respondent violated Section 459.015(1)(x), Florida Statutes (2013-2015), in her treatment of patient T.E. by failing to meet the standard of care, as defined in Section 456.50(g), Florida Statutes (2013-2015), as the failure to practice medicine in accordance with the level of care, skill, and treatment recognized in general law related to health care licensure.

**Count Five – Patient J.D.B.**

**Violation of Section 459.015(1)(x), Florida Statutes (2013-2015)**

103. Petitioner re-alleges and incorporates paragraphs one (1) through fifteen (15) and seventy-seven (77) through eighty-nine (89), as if fully set forth herein.

104. As set forth above, Respondent fell below the prevailing professional standard of care in her treatment of patient J.D.B. in one or more of the following ways:

- a. By failing to obtain a complete and comprehensive medical history for patient J.D.B.;
- b. By failing to perform a complete physical examination for patient J.D.B. at his initial visit;
- c. By prescribing more than a 72-hour dose of controlled substances for chronic non-malignant pain without justification;
- d. By failing to adequately, accurately, appropriately and/or timely diagnose patient J.D.B.;
- e. By failing to develop an appropriate treatment plan for patient J.D.B.;
- f. By prescribing inappropriate quantities, combinations, and/or dosages of controlled substances to patient J.D.B. without justification;
- g. By failing to order specialized consultations for patient J.D.B. for alternative, non-opioid interventional pain management therapies; and/or

h. By failing to consult with other treating practitioner(s), including specialists in psychiatry, behavioral therapy, and/or pain management.

105. Based on the foregoing, Respondent violated Section 459.015(1)(x), Florida Statutes (2013-2015), in her treatment of patient J.D.B. by failing to meet the standard of care, as defined in Section 456.50(g), Florida Statutes (2013-2015), as the failure to practice medicine in accordance with the level of care, skill, and treatment recognized in general law related to health care licensure.

Section 459.015(1)(t), Florida Statutes (2009-2012)

106. Section 459.015(1)(t), Florida Statutes (2009-2012), subjects a licensee to discipline, including suspension, for prescribing, dispensing, administering, mixing, or otherwise preparing a legend drug, including any controlled substance, other than in the course of the osteopathic physician's professional practice. For purposes of this paragraph, it shall be legally presumed that prescribing, dispensing, administering, mixing, or otherwise preparing legend drugs, including all controlled substances, inappropriately or in excessive or inappropriate quantities is not in the best

interest of the patient and is not in the course of the physician's professional practice, without regard to his or her intent.

**Count Six – Patient K.T.**

Violation of Section 459.015(1)(t), Florida Statutes (2014-2015)

107. Petitioner re-alleges and incorporates paragraphs one (1) through thirty-four (34), as if fully set forth herein.

108. Respondent prescribed legend drugs, including controlled substances, other than in the course of her professional practice in treating patient K.T. in one or more of the following ways:

a. By prescribing legend drugs inappropriately to patient K.T., including by prescribing Xanax, Norco, methadone, meloxicam and/or gabapentin without appropriate, adequate examination of patient K.T.;

b. By prescribing legend drugs in excessive quantities to patient K.T., including by regularly prescribing 60 tablets of Xanax 1 mg, 150 tablets of Norco 10-325 mg, 60 tablets of methadone 5 mg, 30 tablets of meloxicam 15 mg, and/or 60 tablets of gabapentin 600 mg approximately every thirty days;

c. By prescribing more than a 72-hour dose of controlled substances for chronic non-malignant pain for patient K.T. without adequate justification;

d. By prescribing legend drugs in inappropriate quantities and/or combinations to patient K.T.; and/or

e. By prescribing legend drugs to patient K.T. not in patient K.T.'s best interests by failing to adequately monitor patient K.T.'s legend drug use.

109. Based on the foregoing, Respondent violated Section 459.015(1)(t), Florida Statutes (2014-2015), by prescribing, dispensing, administering, mixing, or otherwise preparing a legend drug, including any controlled substance, other than in the course of the osteopathic physician's professional practice.

**Count Seven– Patient J.J.**

**Violation of Section 459.015(1)(t), Florida Statutes (2011-2015)**

110. Petitioner re-alleges and incorporates paragraphs one (1) through fifteen (15) and thirty-five (35) through forty-seven (47), as if fully set forth herein.

111. Respondent prescribed controlled substances other than in the course of her professional practice in treating patient J.J. in one or more of the following ways:

- a. By prescribing legend drugs inappropriately to patient J.J. after two different UDS came back with results inconsistent with patient J.J.'s prescriptions;
- b. By prescribing legend drugs to patient J.J. without physical examinations supporting the continuous use of opioid therapies on a continuing basis;
- c. By prescribing opioids to patient J.J. on at least one visit when patient J.J. reported zero pain;
- d. By prescribing Xanax to patient J.J. on at least one visit when patient J.J. reported no anxiety;
- e. By prescribing legend drugs in excessive quantities to patient J.J., including by regularly prescribing 30 tablets of ondansetron 4 mg, 180 tablets of oxycodone 30 mg, 90 tablets of Percocet 10-325 mg, and/or 30 tablets of Xanax 2 mg approximately every thirty days;

f. By prescribing more than a 72-hour dose of controlled substances for chronic non-malignant pain for patient J.J. without adequate justification;

g. By prescribing legend drugs in inappropriate quantities and/or combinations to patient J.J.; and/or

h. By failing to adequately monitor patient J.J.'s legend drug use.

112. Based on the foregoing, Respondent violated Section 459.015(1)(t), Florida Statutes (2011-2015), by prescribing, dispensing, administering, mixing, or otherwise preparing a legend drug, including any controlled substance, other than in the course of the osteopathic physician's professional practice.

**Count Eight – Patient J.B.**

Violation of Section 459.015(1)(t), Florida Statutes (2013-2015)

113. Petitioner re-alleges and incorporates paragraphs one (1) through fifteen (15) and forty-eight (48) through sixty-two (62), as if fully set forth herein.

114. Respondent prescribed controlled substances other than in the course of her professional practice in treating patient J.B. in one or more of the following ways:

a. By prescribing legend drugs inappropriately to patient J.B., including by prescribing Flexeril, oxycodone, Percocet, and/or robaxin without appropriate, adequate examination of patient J.B.;

b. By prescribing legend drugs in excessive quantities to patient J.B., including by regularly prescribing 75 tablets of Flexeril 10 mg, 60 tablets of Robaxin-750, and/or 150 tablets of Percocet 10-325 mg approximately every thirty days;

c. By prescribing more than a 72-hour dose of controlled substances for chronic non-malignant pain for patient J.B. without adequate justification;

d. By prescribing legend drugs in inappropriate quantities and/or combinations to patient J.B.; and/or

e. By prescribing legend drugs to patient J.B. not in patient J.B.'s best interests by failing to adequately monitor patient J.B.'s legend drug use.

115. Based on the foregoing, Respondent violated Section 459.015(1)(t), Florida Statutes (2013-2015), by prescribing, dispensing, administering, mixing, or otherwise preparing a legend drug, including any

controlled substance, other than in the course of the osteopathic physician's professional practice.

**Count Nine – Patient T.E.**

Violation of Section 459.015(1)(t), Florida Statutes (2013-2015)

116. Petitioner re-alleges and incorporates paragraphs one (1) through fifteen (15) and sixty-three (63) through seventy-six (76), as if fully set forth herein.

117. Respondent prescribed controlled substances other than in the course of her professional practice in treating patient T.E. in one or more of the following ways:

a. By prescribing legend drugs inappropriately to patient T.E., including by prescribing metformin, meloxicam, methadone, and/or oxycodone without appropriate, adequate examination of patient T.E. which supported the prescriptions;

b. By prescribing legend drugs in excessive quantities to patient T.E., including by regularly prescribing 30 tablets of metformin 500 mg, 30 tablets of meloxicam 15 mg, 90 tablets of methadone 10 mg, and/or 120 tablets of oxycodone 30 mg approximately every thirty days;

c. By prescribing more than a 72-hour dose of controlled substances for chronic non-malignant pain for patient T.E. without adequate justification;

d. By prescribing legend drugs in inappropriate quantities and/or combinations to patient T.E.; and/or

e. By prescribing legend drugs to patient T.E. not in patient T.E.'s best interests by failing to adequately monitor patient T.E.'s legend drug use.

118. Based on the foregoing, Respondent violated Section 459.015(1)(t), Florida Statutes (2013-2015), by prescribing, dispensing, administering, mixing, or otherwise preparing a legend drug, including any controlled substance, other than in the course of the osteopathic physician's professional practice.

**Count Ten – Patient J.D.B.**

**Violation of Section 459.015(1)(t), Florida Statutes (2013-2015)**

119. Petitioner re-alleges and incorporates paragraphs one (1) through fifteen (15) and seventy-seven (77) through eighty-nine (89), as if fully set forth herein.

120. Respondent prescribed controlled substances other than in the course of her professional practice in treating patient J.D.B. in one or more of the following ways:

a. By prescribing legend drugs inappropriately to patient J.D.B., including by prescribing him temazepam, oxycodone, and/or MS Contin without appropriate, adequate examination of patient J.D.B.;

b. By prescribing legend drugs in excessive quantities to patient J.D.B., including by regularly prescribing 30 tablets of temazepam 15 mg, 135 tablets of oxycodone 30 mg, and/or 60 tablets of MS Contin 30 mg approximately every thirty days;

c. By prescribing more than a 72-hour dose of controlled substances for chronic non-malignant pain for patient J.D.B. without adequate justification;

d. By prescribing legend drugs in inappropriate quantities and/or combinations to patient J.D.B.; and/or

e. By prescribing legend drugs to patient J.D.B. not in patient J.D.B.'s best interests by failing to adequately monitor patient J.D.B.'s legend drug use.

121. Based on the foregoing, Respondent violated Section 459.015(1)(t), Florida Statutes (2013-2015), by prescribing, dispensing, administering, mixing, or otherwise preparing a legend drug, including any controlled substance, other than in the course of the osteopathic physician's professional practice.

Section 459.015(1)(o), Florida Statutes (2009 – 2012)

122. Section 459.015(1)(o), Florida Statutes (2009 – 2012), subjects a licensee to discipline for failing to keep legible, as defined by department rule in consultation with the board, medical records that identify the licensed osteopathic physician or the osteopathic physician extender and supervising osteopathic physician by name and professional title who is or are responsible for rendering, ordering, supervising, or billing for each diagnostic or treatment procedure and that justify the course of treatment of the patient, including, but not limited to, patient histories; examination results; test results; records of drugs prescribed, dispensed, or administered; and reports of consultations and hospitalizations.

**Count Eleven – Patient K.T.**

Violation of Section 459.015(1)(o), Florida Statutes (2013-2015)

123. Petitioner re-alleges and incorporates paragraphs one (1) through thirty-four (34), as if fully set forth herein.

124. During patient K.T.'s treatment period, Respondent failed to keep adequate medical records in one or more of the following ways:

- a. By failing to create or maintain legible records;
- b. By failing to create or maintain records which justify the course of treatment of patient K.T.;
- c. By failing to create or maintain detailed physical examination results and/or notes, including progress updates;
- d. By failing to create or maintain records including comprehensive patient history;
- e. By failing to create or maintain records of all test results, including UDS and/or updated MRI test results; and/or
- f. By failing to create or maintain complete records of drugs prescribed, dispensed, or administered;
- g. By failing to create or maintain records and/or results of consultations; and/or

125. Based on the foregoing, Respondent violated Section 459.015(1)(o), Florida Statutes, (2013-2015), by failing to keep legible, as defined by department rule in consultation with the board, medical records that identify the licensed osteopathic physician [who is] responsible for

rendering, ordering, supervising, or billing for each diagnostic or treatment procedure and that justify the course of treatment of the patient.

**Count Twelve – Patient J.J.**

Violation of Section 459.015(1)(o), Florida Statutes (2011-2015)

126. Petitioner re-alleges and incorporates paragraphs one (1) through fourteen (14) and thirty-five (35) through forty-eight (48), as if fully set forth herein.

127. During patient J.J.'s treatment period, Respondent failed to keep adequate medical records in one or more of the following ways:

- a. By failing to create or maintain legible records;
- b. By failing to create or maintain records which justify the course of treatment of patient J.J.;
- c. By failing to create or maintain detailed physical examination results and/or notes, including progress updates;
- d. By failing to create or maintain records including comprehensive patient history;
- e. By failing to create or maintain records of all test results, including UDS and/or updated MRI test results; and/or
- f. By failing to create or maintain records and/or results of consultations.

128. Based on the foregoing, Respondent violated Section 459.015(1)(o), Florida Statutes, (2011-2015), by failing to keep legible, as defined by department rule in consultation with the board, medical records that identify the licensed osteopathic physician [who is] responsible for rendering, ordering, supervising, or billing for each diagnostic or treatment procedure and that justify the course of treatment of the patient.

**Count Thirteen – Patient J.B.**

Violation of Section 459.015(1)(o), Florida Statutes (2013-2015)

129. Petitioner re-alleges and incorporates paragraphs one (1) through fourteen (14) and forty-nine (49) through fifty-nine (59), as if fully set forth herein.

130. During patient J.B.'s treatment period, Respondent failed to keep adequate medical records in one or more of the following ways:

- a. By failing to create or maintain legible records;
- b. By failing to create or maintain records which justify the course of treatment of patient J.B.;
- c. By failing to create or maintain detailed physical examination results and/or notes, including progress updates;
- d. By failing to create or maintain records including comprehensive patient history;

e. By failing to create or maintain records of all test results, including UDS and/or updated MRI test results; and/or

f. By failing to create or maintain records and/or results of consultations.

131. Based on the foregoing, Respondent violated Section 459.015(1)(o), Florida Statutes, (2013-2015), by failing to keep legible, as defined by department rule in consultation with the board, medical records that identify the licensed osteopathic physician [who is] responsible for rendering, ordering, supervising, or billing for each diagnostic or treatment procedure and that justify the course of treatment of the patient.

**Count Fourteen – Patient T.E.**

Violation of Section 459.015(1)(o), Florida Statutes (2013-2015)

132. Petitioner re-alleges and incorporates paragraphs one (1) through fourteen (14) and sixty (60) through seventy-two (72), as if fully set forth herein.

133. During patient T.E.'s treatment period, Respondent failed to keep adequate medical records in one or more of the following ways:

a. By failing to create or maintain legible records;

b. By failing to create or maintain records which justify the course of treatment of patient T.E.;

- c. By failing to create or maintain detailed physical examination results and/or notes, including progress updates;
- d. By failing to create or maintain records including comprehensive patient history;
- e. By failing to create or maintain records of all test results, including UDS and/or updated MRI test results; and/or
- f. By failing to create or maintain records and/or results of consultations.

134. Based on the foregoing, Respondent violated Section 459.015(1)(o), Florida Statutes, (2013-2015), by failing to keep legible, as defined by department rule in consultation with the board, medical records that identify the licensed osteopathic physician [who is] responsible for rendering, ordering, supervising, or billing for each diagnostic or treatment procedure and that justify the course of treatment of the patient.

**Count Fifteen – Patient J.D.B.**

Violation of Section 459.015(1)(o), Florida Statutes (2013-2015)

135. Petitioner re-alleges and incorporates paragraphs one (1) through fourteen (14) and seventy-three (73) through eighty-three (83), as if fully set forth herein.

136. During patient J.D.B.'s treatment period, Respondent failed to keep adequate medical records in one or more of the following ways:

- a. By failing to create or maintain legible records;
- b. By failing to create or maintain records which justify the course of treatment of patient J.D.B.;
- c. By failing to create or maintain detailed physical examination results and/or notes, including progress updates;
- d. By failing to create or maintain records including comprehensive patient history or obtaining records from his prior treating pain clinic in Orlando, and/or prior prescription records;
- e. By failing to create or maintain records of all test results, including UDS and/or updated MRI test results; and/or
- f. By failing to create or maintain records and/or results of consultations.

137. Based on the foregoing, Respondent violated Section 459.015(1)(o), Florida Statutes, (2013-2015), by failing to keep legible, as defined by department rule in consultation with the board, medical records that identify the licensed osteopathic physician [who is] responsible for

rendering, ordering, supervising, or billing for each diagnostic or treatment procedure and that justify the course of treatment of the patient.

### **Count Sixteen**

138. Petitioner re-alleges and incorporates paragraphs one (1) through eight (8), as if fully set forth herein.

139. Section 459.015(1)(pp), Florida Statutes (2015), provides that violating any provision of this chapter or chapter 456, or any rules adopted pursuant thereto, constitutes grounds for disciplinary action.

140. Section 459.0137(2)(i)1.-4., Florida Statutes, requires the designated physician of a pain management clinic to establish a quality assurance program that includes the following components: the identification, investigation and analysis of the frequency and causes of adverse incidents to patients; the identification of trends or patterns of incidents; measures to correct, reduce, minimize, or eliminate the risk of adverse incidents to patients; the documentation of these functions; and periodic review at least quarterly of such information by the designated physician.

141. Section 459.0137(2)(c), Florida Statutes, requires that a complete physical exam is performed by the physician, physician's assistant

or advanced practice registered nurse practitioner on the same day that the physician prescribes a controlled substance; and/or that the physician documents in the patient's record the reason for prescribing more than a 72-hour supply of controlled substances for the treatment of chronic non-malignant pain.

142. Respondent failed to meet the requirement(s) of sections 459.0137(2)(i) and/or (2)(c), as evidenced when NFTC failed the routine inspection conducted on or about October 22, 2015.

143. Based on the foregoing, Respondent violated section 459.015(1)(pp), Florida Statutes (2015), by violating any provision of this chapter or chapter 456, or any rules adopted pursuant thereto.

*[Remainder of the page intentionally left blank.]*

WHEREFORE, Petitioner respectfully requests that the Board of Osteopathic Medicine enter an order imposing one or more of the following penalties: permanent revocation or suspension of Respondent's license, restriction of practice, imposition of an administrative fine, issuance of a reprimand, placement of the Respondent on probation, corrective action, refund of fees billed or collected, remedial education and/or any other relief that the Board deems appropriate.

## **NOTICE OF RIGHTS**

**Respondent has the right to request a hearing to be conducted in accordance with Section 120.569 and 120.57, Florida Statutes, to be represented by counsel or other qualified representative, to present evidence and argument, to call and cross-examine witnesses and to have subpoena and subpoena duces tecum issued on his or her behalf if a hearing is requested.**

**A request or petition for an administrative hearing must be in writing and must be received by the Department within 21 days from the day Respondent received the Administrative Complaint, pursuant to Rule 28-106.111(2), Florida Administrative Code. If Respondent fails to request a hearing within 21 days of receipt of this Administrative Complaint, Respondent waives the right to request a hearing on the facts alleged in this Administrative Complaint pursuant to Rule 28-106.111(4), Florida Administrative Code. Any request for an administrative proceeding to challenge or contest the material facts or charges contained in the Administrative Complaint must conform to Rule 28-106.2015(5), Florida Administrative Code.**

**Mediation under Section 120.573, Florida Statutes, is not available to resolve this Administrative Complaint.**

## **NOTICE REGARDING ASSESSMENT OF COSTS**

**Respondent is placed on notice that Petitioner has incurred costs related to the investigation and prosecution of this matter. Pursuant to Section 456.072(4), Florida Statutes, the Board shall assess costs related to the investigation and prosecution of a disciplinary matter, which may include attorney hours and costs, on the Respondent in addition to any other discipline imposed.**

Regarding: DOH v NLK 2015-28205

Dear Department of Health, Prosecution Services Unit,

This case involves alleged practice below standard of care.

Questions:

1. Do you know the Subject, the Complainant, and/or have direct knowledge of the circumstances surrounding this case?

No

2. Do you currently perform or have you performed within the last year, the examination/test/procedure/etc. or prescribe the medications that are at issue in this case?

Yes

Did you perform the examination/test/procedure/etc. or prescribed the medications that are issue in this case at the time the incident occurred?

Yes

3. Did the Subject meet the applicable standards of care outlined in the Florida Statutes in his/her examination, diagnosis, and treatment of the patient?

Please refer to the case summary below.

4. Did the Subject adequately assess the patient's complaints and symptoms?

No, see summary.

Was a complete assessment of the patient's condition completed to include appropriate lab testing, x-rays and examinations?

See summary.

Was a complete and proper history and physical examination documented by the Subject?

See Summary.

5. Was the Subject's diagnosis of the patient's condition appropriate, adequate, accurate, and timely?

No, see summary.

6. Did the patient's complaints/condition call for the use of specialized consultations for diagnosis and/or treatment? If so, did the Subject appropriately and timely refer the patient for such consultations? The patient's complaint called for a specialized consultation. The patients were not referred to such consultations in a timely manner.

7. Was the appropriate plan or treatment for the patient's condition identified and pursued by the Subject?

No, see summary.

8. Did the Subject prescribe, dispense, inject, or administer legend drugs or any substance to the patient that was inappropriate, in an inappropriate manner, or in excessive or inappropriate quantities?

The subject prescribed medication in an inappropriate manner. Please see below.

9. Do the medical records maintained by the Subject accurately and completely document and justify the course of treatment utilized in the care of the patient?

The subject did not document and justify the course of treatment utilized. The patient's history and physical examinations were incomplete. There are identified deficiencies within the medical records. Portions of the medical record were not legible. See below.

10. Do the billing records (if enclosed) for services provided reflect appropriate tests/testing?

Not applicable.

11. What other steps, if any, could Subject have taken to deal with this problem more effectively?

See below.

12. Please comment on Subject's response or expert opinion on behalf of Subject if included in the materials for your review.

Not applicable.

Summary/Conclusion:

PATIENT SUMMARIES:

Patient K.T., date of birth April 25, 1957.

K.T. is a 58-year-old female who was seen with a chief complaint of hip pain status post fracture in 2010 with failed surgical intervention. All information is obtained from the intake form. The patient states that she had a diabetic neuropathy. She also indicated she was under the care by her primary care physician for depression. On the date of intake, May 8, 2015, there was no intake history and physical examination. There was no indication that the intake form had been reviewed by the physician. The patient was prescribed opioid medication and seen in followup on June 5th. On June 5th, it was noted the patient to be wheelchair bound and unable to ambulate, although physical examination revealed a normal motor exam, reflex exam and sensory exam. The gait was noted to be normal, although the patient was noted to be wheelchair bound. There was no current active diagnosis. There were no physical findings that suggested or indicated opioid use by physical examination which was dictated as normal.

On July 3rd, the patient complained of anxiety. It was recommended by the physician that psychiatry evaluate the patient. Review of systems on the same date, it was stated there was no new anxiety. The examination was found to be completely normal including the patient's gait. There was also no active diagnosis. The patient was re-evaluated on August 28th. It was noted that her right leg was totally non-weightbearing,

and there was some edema about the right lower extremity. The patient was then seen in followup in September. There was discussion of a wheelchair. The patient was noted to be unable to stand with assistance. Right leg lower extremity revealed motor exam to be 0 to 1/5, reflexes were +1. There was a poor sensory exam. The lower extremity was noted to be edematous, cool to touch.

The physician failed to perform history and physical examination prior to prescribing opioids on the date May 8, 2015. Physical examinations performed were inconsistent, questioning their validity from a normal motor and a normal gait to a wheelchair-bound patient with 0 to 1/5+ motor. Although there was recommendation for psych evaluation with increasing complaints of anxiety, the physician continued to prescribe Xanax. There was no followup in the medical records indicating that the patient had been seen by psych. There was no indication that alternative therapies, including referral to a psychologist for cognitive behavioral therapy, antidepressives or mood stabilizers, were used in addition to anxiety medications such as Xanax. There were no urine drug screens performed within the case.

The patient is J.J., date of birth, April 24, 1955.

J.J. is a 56-year-old male who presented with a 20-year history of back and neck pain. The patient was seen in consultation on April 11, 2012, and appropriate physical and history examination was performed on the initial day of consultation. The patient was subsequently seen from May 9, 2012 until August 26, 2014, during which time there was no urine drug screen. There were 27 visits of handwritten notes with some areas being difficult to read; however, there is an incomplete physical examination performed throughout these dates of service that lacked findings that were supportive for continuing use of opioid therapy on a continuous basis.

On August 26, 2014, there was no exam generated at all. The patient completed a pain disability index which indicated there was no interference with activities of daily living as a result of their pain, further questioning the use of opioid therapy. At that session, inventory was evaluated as well as an anxiety inventory which was not supportive of the diagnosis of anxiety. The patient was continued on Xanax. There was no referral for counseling for cognitive behavioral therapy. There was no antidepressant use or referral to psychiatry. The patient was seen in September of 2014 where a change in the format of medical records was noted. Throughout the remainder of the chart, the medical records ranged from a normal musculoskeletal exam to services without musculoskeletal exam, none of which validated the use of continuous opioid therapy. There were no findings on any of the physical examinations other than initial history and physical in 2012 that substantiated indications for opioid therapy.

On two occasions, April 8, 2015 and November 17, 2015, two urine drug screens were obtained. The drug screens were abnormal. There was no evidence of benzodiazepine within the urine drug screens. These abnormal drug screens were not discussed or documented as being discussed within the medical records as to them being abnormal as

to the reason. There is no plan of care or action taken to address the abnormalities in the drug screens obtained.

Patient J.B., date of birth January 27, 1964.

J.B. is a 50-year-old HIV positive male status post L4-L5 fusion in 2001. Chief complaint was that of back and hip pain. He was known to be a forklift operator. He was initially seen taking oxycodone and hydrocodone. On the date of intake, there was no history and physical examination generated. There was no indication that the intake form was reviewed with the patient. There are no examinations which would invalidate the prescribing of opioid therapy. In addition, on the intake evaluation, the patient endorsed a history of cocaine use. Urine drug screen was not performed. The patient was seen in followup on November 6, 2014. There was an appropriate history and physical examination on that date which denoted a decrease in dorsiflexion, lower extremity weakness at +3 to -4/5. The patient was noted to be cane dependent and had an abnormal gait. The patient was seen in followup on December 11, 2014 and November 20, 2014. During these followup appointments, the patient's physical examination was noted to be completely normal including motor, reflexes, sensory and normal gait, although it had been noted in prior dates of service that the patient had lower extremity weakness, loss of dorsiflexion and an abnormal gait and was cane dependent. It was still documented that physical examinations were all normal. These physical examinations were inconsistent, and their validity is in question due to their inconsistencies. There is a notation that stated the 72-hour rule to cover the physician's prescribing medications, but the history and physical examinations were absent. The medical records were inconsistent and therefore did not justify the course of treatment rendered by the physician.

Patient T.E., date of birth, March 5, 1965.

T.E. is a 45-year-old male status post motor vehicle accident. He was initially evaluated by Dr. Ehrlich with complaints of lumbar disc disease since 2007. The patient was taking 45 mg of oxycodone. The patient was seen in followup on August 10, 2010, by Dr. NLK at which time the patient had subjective complaints of limited range of motion. The physician did note, "lots of muscle spasms." As a result, increased his opioids from 45 mg per day to 90 mg per day and added a muscle relaxant, Baclofen. The patient was not noted to have objective medical findings to indicate the necessity of increasing opioid therapy based on muscle pain. The patient was seen on September 7, 2010. Chief complaint was "lots of muscle spasm." The opioids were then increased once again to 120 mg per day. There were no other physical findings that indicated the necessity to increase opioid therapy based on myofascial pain or myofascial spasm.

From 2010 until 2014, reveals primarily handwritten notes that lack documentation for continuous opioid therapy based on findings on objective physical examination. During this period of time, while there was no basis in the medical records based on physical exam for elevating doses of opioid, we find the patient subsequently in 2014 on 350 mg of oxycodone a day in addition to 30 mg of methadone a day. There is a format change in the medical records in 2014. Most dates of service did not provide a physical

examination that documented findings that warranted continuing or increasing opioid therapy, although this was performed. The patient was seen for urine drug test on May 21, 2014, which is four years after the initiation of opioid therapy. Subsequent urine drug screens were performed on April 10, 2015, March 9, 2015, all were within normal limits.

Based on the above case, the physician failed to document physical findings that were indicative of indications for opioid therapy, failed to document physical findings that warranted continuing opioid therapy or increasing opioid therapy. The patient was not provided any adjunctive care or sent for further evaluation through physical therapy or any other modalities of care.

#### CONCLUSION/SUMMARY:

The subject failed to meet the required standard of care by the State of Florida and the standard of care met by Federal Law for prescribing opioid therapy. The physician primarily lacked objective findings on physical examinations when they were performed and prescribed opioids on frequent occasions without performing a physical examination.

Additional case, J.D.B, date of birth October 11, 1977. Date of consultation, August 15, 2013.

J.D.B. is a 35-year-old male who presented with a complaint of low back pain and right lower extremity pain. He was status post a dirt bike accident in 1999. He attempted physical therapy. He was employed as a landscaper. He complained of difficulty sleeping. During the initial date of consultation, there was no history and physical examination performed that is available in the electronic medical record. There is no documentation of objective findings establishing medical necessity for opioid therapy. The patient was subsequently seen in followup from August of 2014 through May of 2015. During that period of time, approximately nine months, lacked specific objective findings on physical examination to warrant continuous opioid therapy. The patient had been diagnosed with neuropathic pain. The physical examinations were limited. There were no documented neuromuscular exams. There were no supportive objective findings for the support of opioid use.

In June of 2015, the patient was in a motor vehicle accident, described as a rollover accident. It was noted that his lower extremity strength in the right side had decreased to 3 to 4/5. There was noted to be a right knee effusion. The physician had recommended MRIs of the shoulder, knee and lumbar region. The patient was subsequently seen in the medical records in followup in July, October, November and December, at which time all neuromuscular exams were documented as being normal. There was no followup as to the outcomes or whether the patient ever completed the MRIs ordered by the physician. The patient did not receive additional musculoskeletal exams to follow up on the new acute findings of lower extremity weakness.

The above medical opinion was based on the current availability of the medical records reviewed at the time of this dictation. If there are further medical records for review of these dates of services, this may alter the opinion of this reviewer.

If you have any further questions, please call (407) 766-0882 to schedule a telephone conference.

Sincerely,

A handwritten signature in black ink, appearing to read "C. Kim Friedman". The signature is fluid and cursive, with a long horizontal stroke at the beginning.

Charles Kim Friedman, D.O.

Re: DOH v. Nancy Lee Kopitnik, D.O.  
DOH Case Number 2015-28205

Dear Dr. Kopitnik:

The Department is in receipt of the signed and notarized Settlement Agreement in the above case. Please find enclosed a fully executed copy of the agreement for your files.

Our office is now making preparation to present the case at the next meeting of the Board of Osteopathic Medicine scheduled for **August 21, 2020, in Champions Gate, Florida**. The Board office will provide you with an additional notice about two weeks prior to the meeting.

Thank you for your attention and cooperation in this matter. Should you have any questions, please feel free to contact this office.

Sincerely,

*Geoffrey M. Christian*

Florida has a very broad public records law. Most written communications to or from state officials regarding state business are public records available to the public and media upon request. Your e-mail communications may therefore be subject to public disclosure. However, if this e-mail concerns anticipated or current litigation or adversarial administrative proceeding to which the Department is a party, this e-mail is an attorney-client communication, and is, therefore, a limited access public document exempt from the provisions of Chapter 119, Florida Statutes. See Section 119.071(d)1., Florida Statutes.

Mission: To protect, promote and improve the health of all people in Florida through integrated state, county, and community efforts.

Vision: Healthiest state in the nation

Values: (ICARE)

Innovation: We search for creative solutions and manage resources wisely.

Collaboration: We use teamwork to achieve common goals and solve problems.

Accountability: We perform with integrity and respect.

Responsiveness: We achieve our mission by serving our customers and engaging our partners.

Excellence: We promote quality outcomes through learning and continuous performance improvement.

Purpose: To protect the public through health care licensure, enforcement and information.

PRACTITIONER REGULATION  
LEGAL

Dear Mr. Christian;

I have enclosed the correspondence from the Health Law Firm, which indicated that a letter was mailed to both you and I on 3/25/2020, notifying me as well as you, that they were no longer representing me. I received no other correspondence, phone calls or emails detailing any discussion with you on my behalf.

To this end, I have accepted and signed the Settlement Agreement negotiated for me by my former attorney, Mr. Santos.

As I stated to you in the email, I have no more funds for representation, especially considering the Covid circumstances, and I hope you can work with me so that I can comply with the terms of the agreement as I represent myself..

I thank you in advance for your help resolving this.

Sincerely,

Nancy Lee Kopitnik, D.O.

**From:** nancykopitnik@earthlink.net  
**Sent:** Saturday, May 9, 2020 10:00 AM  
**To:** Christian, Geoffrey  
**Subject:** Dr. Kopitnik Settlement

Good Morning Mr. Christian;

I have been trying to put an end to this case for some time now. When Mr. Santos notified me in December that he was not going to remain in practice, I sought other counsel. I asked them to fine-tune the settlement agreement so that I could continue as a team physician for Vitas Hospice.

I have a team of 5 nurses, chaplain, social worker, and numerous CNAs . Our work is overseen by multiple medical directors and pharmacy staff. All the prescribing is done through our phones, and I cannot print on the phone. I have about 100 patients at any given time, so there many controlled substances I am responsible for on a given day. The orders are then approved by the pharmacy staff.

I was, and still am concerned that I can not produce all these records on the hospice patients. I want to keep this job. I asked both attorneys to clarify how I can accomplish this within the confines of the monitoring, but neither of them really understood my concerns.

My private practice is different. I can copy the electronic summary. All I have been asking for is a clarification concerning my Vitas work. I have been there several years, have very good annual reviews, and am already supervised by the medical directors.

Instead of clarifying this for me, my last attorneys started to prepare for a hearing that I cannot afford. They have charged me not only a 10,000 retainer, but another 26,000 for work on this case. I am out of money to hire another attorney. I called Mr. Santos in March and asked him to contact you as far as finishing the settlement. He was in quarantine after a Covid exposure, but said he would contact you.

The Health Law firm contacted me about a month ago, although it was a different partner. I explained that I wanted the case settled, and could he please clarify the monitoring. He appeared sympathetic, but required a payment prior to doing the letter to you. I paid 3000 that day. I have not received a copy of that letter, and so I do not know what he told you. I have requested a copy. Apparently, that same day, he withdrew from my case, although he had not told me that during the phone call, but stated that he would reduce the charge, and see if he could get the case settled.

I was waiting to see what the letter accomplished. I have no idea what it said. I only know that I am getting bills and collection notices from that firm weekly, and now emails as well, asking for payment of the entire 26,000\$.

I am only practicing part time, and part time working for Vitas. My average pay from Vitas is \$2000 biweekly. I am a single mother and the sole support of my family. I have no other income source, and the physical location of my private practice is closed. I m trying to switch to telemedicine.

I thought I would reach out to you rather than try to keep calling Mr. Santos. He did not return my last call. I will have to represent myself going forward. I am asking you to consider the importance of my work with Vitas to the vulnerable citizens of the State of Florida, and work out the monitoring on reasonable terms so that I can keep my job.

I thank you in advance for your time, and hope you can help me bring this to a resolution. I have lived with it hanging over me for almost 5 years and I am really worn-out worrying about it. I have wanted it settled for some time. Please help me do that.

Sincerely

N.L. Kopitnik

**NOTICE OF REPRESENTATION & REQUEST FOR COPY OF  
DOH INVESTIGATIVE FILE**

2019 DEC 11 PM 4:24  
CONFIDENTIAL

Dear Mr. Christian:

The Health Law Firm has been retained to represent Nancy Lee Kopitnik, D.O., in the above referenced matter. Mr. Juan C. Santos, and the Chapman Law Group are no longer representing Dr. Kopitnik in the matter.

Please do not attempt to contact Dr. Kopitnik, her practice, or its employees except through our office.

As required by Section 120.62(1), Florida Statutes, please provide us with copies of any written statements made by our client. Also, please provide us with the written transcript of any oral statements made by our client.

We are also requesting a complete copy of the Department's investigative file in this matter. We are specifically requesting a copy of the report of investigation and the entire investigation file for this matter. The copy of the file should include, but not be limited to: medical records, summaries of interviews with witnesses, witness statements, receipts, investigator's notes, internal correspondence and memoranda, all notes, expert reviews, external correspondence sent or received, and anything and everything else that may be included in the file. We will, of course, agree to keep the matters contained therein confidential as required by law.

Geoffrey M. Christian, Esquire  
Assistant General Counsel  
Florida Department of Health

Good Morning:

We are aware that during the inspection there were some issues with the medical records of certain patients. Please find attached evidence that Dr. Kopitnik's e-system was experiencing problems.

Finally, we have attached important documents and information that should be reviewed prior to making a decision in this matter.

Thank you for your attention to this matter.

Sincerely,

Katherine Kalinowski

---

Here's my notes below.

There was a network failure within the NFTC domain, Phone systems, internet, and power failure was one of the main culprit behind the network domain controller crashing, we had to rebuild the domain controllers, users, computers, passwords, security groups, group memberships, and this had occur as a result of environmental issues around the past hurricane, when that happen it causes problems with the system fans, capacitors, and power components in the system. Security updates to the server were not apply and firmware properly so this also lead to the network outages, because we were using a trial version of windows 2012 server. Active Directory Domain Services (AD DS) depends on network connectivity, name resolution, authentication and authorization, the directory database, so we couldn't scan any notes into any patient records at that time. While preventing a natural disaster is very difficult, a good continuity plan which includes mitigation measures will help us reduce or avoid losses. The second category are man-made disasters such as hazardous material spills, infrastructure failure , employee sabotage so we try to limit users from having full administrator rights on the domains.

**Steps taken to mitigate the network failure from never happening again.**

- UPS system in place to prevent network downtime,
- Purchase a license windows 2016 server to re-build the domain controller.
- Proactive 24/7 Network monitoring to spot early signs of failure.
- Reviews of any network changes monthly with my IT manager.
- Backup resolution is in place, in case a disaster strike.

Thank you,

Ernso

| Good Morning. Ernso, I need, for my lawyer, a brief statement of the issues that we faced with the computer system. I have been cited for missing one note on a patient the middle of September and need to provide documentation that the computer were shutting down. I think the note got lost, I know I did it. Please email this to me as soon as possible. many thanks Nancy

| <p>Synopsis: This investigation is predicated upon a Case Summary (Exhibit #1) based upon an internally generated complaint that during a routine inspection on 10/22/15 of NORTH FLORIDA TREATMENT CENTER, located at 601-C N. Bumby Avenue, Orlando, FL 32803, the inspection was failed. NANCY LEE KOPITNIK, D.O., the designated physician, was not performing a physical exam on one patient and prescribing controlled medication despite no exam and not indicating why she prescribed more than 72 hours of medication for all five records reviewed. A re-inspection was conducted on 12/18/15 which was failed due to patient records not properly documenting the medical necessity for providing greater than 72 hours of prescription medications.</p> <p>*KOPITNIK's NORTH FLORIDA TREATMENT CENTER moved from 601-C N. Bumby Avenue, Orlando, FL, 32803, to 7169 University Blvd, Winter Park, FL 32792. A new PMC license, #1654, was issued on 12/17/15 with no expiration date for the new location.</p> <p><input checked="" type="checkbox"/> Yes <input type="checkbox"/> No Subject Notification Completed?<br/> <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No Subject Responded?<br/> <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No Patient Notification Completed?<br/> <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No Above referenced licensure checked in database/LEIDS?<br/> <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No Board certified? ## INVESTIGATIVE DETAILS

INTERVIEW OF MICHELLE YOUNG, RN, (Source)

DEPARTMENT OF HEALTH, MQA  
400 W. Robinson St., S-532  
Orlando, FL 32801  
(407) 245-0978 (W)

On 12/18/15, MICHELLE YOUNG, RN, Florida Department of Health Nurse, conducted a re-inspection of the five records at NORTH FLORIDA TREATMENT CENTER. She observed that all five records had physical examinations noted, and that all five records had the reasons noted for prescribing pain medications beyond 72 hours but the typed explanations were all similar. YOUNG pulled five more records at random, and stated that all five had physical exams, but three of the five records were deficient because they did not note the reason for prescribing beyond 72 hours. She said the re-inspection failed. YOUNG spoke with NANCY LEE KOPITNIK, D.O., the designated physician at NORTH FLORIDA TREATMENT CENTER, and explained to her that the re-inspection was failed, and that she needed to document the reasons for prescribing pain medication for more than 72 hours in all records. YOUNG reported that she had conducted the initial inspection on 10/22/15 and it was failed. She discovered that one out of five records reviewed had no documentation for conducting a complete physical examination yet controlled medication was prescribed, and that five out of five records reviewed had no documentation for the reason more than 72 hours of pain medication had been prescribed.

INTERVIEW OF JAE W. CHUNG, DEA Supervisory Special Agent, (Witness)

U.S. DOJ, Orlando District Office  
300 International Drive  
Healthrow, FL 32746  
(407) 333-7000 (W)  
(407) 509-3733 (cell)

On 2/3/16, SIKES met in person with Drug Enforcement Administration JAE W. CHUNG, Supervisory Special Agent at the DEA office. He advised that KOPITNIK is a "shady prescriber." One of his undercover agents advised that "OMAR" the manager went to jail. He indicated that there were no current DEA investigations at this time.

INTERVIEW OF NANCY LEE KOPITNIK, D.O., (Subject)

NORTH FLORIDA TREATMENT CENTER  
601-C N. Bumby Avenue  
Orlando, FL 32803  
(407) 704-8878 (W)  
License #: 6229

On 10/22/15, SIKES accompanied YOUNG for a pain management clinic inspection at NORTH FLORIDA TREATMENT CENTER, PMC license #1182, currently located at 601-C N. Bumby Avenue, Orlando, FL, 32803. Upon finding that one out of five patient records reviewed had no documentation for conducting a complete physical examination yet controlled medication was prescribed, and that five out of five records reviewed had no documentation for the reason more than 72 hours of pain medication had been prescribed, YOUNG spoke with KOPITNIK. KOPITNIK advised that she was unaware that she had to document in all cases on every exam since all of her patients' records noted it in the beginning of the charts. She said that she would correct this.

KOPITNIK admitted that she had prescribed a one month supply without examining one patient, JJ, in person, because he was working out of town and unable to return. SIKES and YOUNG returned for a re-inspection visit on 12/18/15, which was failed, and KOPITNIK advised she would correct the deficiencies. She was busy, stating she was in the process of packing and moving because her lease was up at the end of December 2015. The new address will be 7169 University Blvd, Winter Park, FL 32792. A new PMC license, #1654, was issued on 12/17/15 with no expiration date for the new location. She said the prior name of NORTH FLORIDA TREATMENT CENTER was Central Florida Wellness Clinic. KOPITNIK was concerned that she may not be able to move to the new address with the current failed inspection.

On 3/7/16, SIKES receive a written statement from KOPITNIK. On 4/8/16, SIKES left a voice mail for KOPITNIK, but as of this date she has not responded.

Case Number: 201528205

Dear Dr. Kopitnik:

We are currently investigating the enclosed document received by the Department of Health. This investigation was initiated after it was determined that you may have violated the Osteopath Practice Act.

Within **45 days** of receiving this letter, you may:

- \* submit a **written response** to the address below; **or**
- \* call our office to schedule an **interview**.

Please provide a copy of your **curriculum vitae** and identify your **specialty** even if you choose not to submit a response. Include the above-referenced case number in any correspondence that you send.

Florida law requires that this case and all investigative information remain confidential until 10 days after the Probable Cause Panel has determined that a violation occurred or you give up the right to confidentiality. Therefore, the contents of the investigation cannot be disclosed to you or the general public. You may make a written request for a copy of the investigative file and it will be sent to you when the investigation is complete.

You are not required to answer any questions or give any statement, and you have the right to be represented by an attorney. It is not possible to estimate how long it will take to complete this investigation because the circumstances of each investigation differ.

The mission of the Department of Health is to protect, promote & improve the health of all people in Florida through integrated state, county and community efforts. If you have any questions please call us at (407) 245-2792. In addition, if you have any concerns or suggestions about our complaint process, please fill-out our *Customer Concerns or Suggestions* form at [www.floridashealth.com/mqa/survey.html](http://www.floridashealth.com/mqa/survey.html).

Sincerely,

Karen Sikes  
Investigation Specialist II

**INV 440A - Pain Management Clinic**

**Pain Management Clinic Requirements**

|                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |     |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|
| The pain-management clinic is registered with the department and the department has been notified of the designated physician. [458.3265(1)(a)2.; 459.0137(1)(a)2., F.S.]                                                                                                                                                                                                                                                                                                                                                       | Yes |
| The designated physician practices at the clinic location. [458.3265(1)(c); 459.0137(1)(c), F.S.]                                                                                                                                                                                                                                                                                                                                                                                                                               | Yes |
| The clinic, including its grounds, buildings, furniture, appliances and equipment is structurally sound, in good repair, clean, and free from health and safety hazards. [458.3265(2)(h)1.; 459.0137(2)(h)1., F.S.]                                                                                                                                                                                                                                                                                                             | Yes |
| The clinic has evacuation procedures in the event of an emergency which includes provisions for the evacuation of disabled patients and employees, and has a written facility specific disaster plan which includes provisions for the protection of medical records and any controlled substances. [458.3265(2)(h)2., 3.; 459.0137(2)(h)2., 3., F.S.]                                                                                                                                                                          | Yes |
| The clinic is located and operated at a publicly accessible fixed location. [458.3265(2)(f)1.; 459.0137(2)(f)1., F.S.]                                                                                                                                                                                                                                                                                                                                                                                                          | Yes |
| Sign containing the clinic name, hours of operations and a street address is posted where viewable by the public. [458.3265(2)(f)1.a.; 459.0137(2)(f)1.a., F.S.]                                                                                                                                                                                                                                                                                                                                                                | Yes |
| Clinic has a publicly listed telephone number and a dedicated phone number to send and receive faxes with a fax machine that is operational twenty-four hours per day. [458.3265(2)(f)1.b.; 459.0137(2)(f)1.b., F.S.]                                                                                                                                                                                                                                                                                                           | Yes |
| Clinic has emergency lighting and communications; reception and waiting area; restroom; administrative area including room for storage of medical records, supplies and equipment; private patient examination room(s); and treatment room(s) if treatment is being provided to the patient. [458.3265(2)(f)1.c.-h.; 459.0137(2)(f)1.c.-h., F.S.]                                                                                                                                                                               | Yes |
| A printed sign disclosing the name and contact information of the clinic's Designated Physician and the names of all physicians practicing in the clinic, is located in a conspicuous place in the waiting room viewable by the public. [458.3265(2)(f)1.i.; 459.0137(2)(f)1.i., F.S.]                                                                                                                                                                                                                                          | Yes |
| Storage and handling of prescription drugs complies with Section 499.0121, Florida Statutes, Section 893.07, Florida Statutes, [458.3265(2)(f)1.j.; 459.0137(2)(f)1.j., F.S.]<br><i>No medications on site.</i>                                                                                                                                                                                                                                                                                                                 | Yes |
| The clinic maintains equipment and supplies to support infection prevention and control activities. The clinic identifies infection risks based on geographic location, community, and population served; the care, treatment and services it provides; and an analysis of its infection surveillance and control data. [458.3265(2)(g)1.; 2. 1.-3.; 459.0137(2)(g)1.; 2. 1.-3., F.S.]                                                                                                                                          | Yes |
| The clinic maintains written infection prevention policy and procedure that address the following: prioritized risks; limiting unprotected exposure to pathogens; limiting the transmission of infections associated with procedures performed in the clinic; and limiting the transmission of infections associated with the clinic's use of medical equipment, devices and supplies. [458.3265(2)(g)3. a.-d.; 459.0137(2)(g)3. a.-d., F.S.]<br><i>The facility will fax meeting minutes outline to meet the requirements.</i> | Yes |

|                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |     |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|
| Clinic has an ongoing quality assurance program that objectively and systematically monitors and evaluates quality and appropriateness of patient care, evaluates methods to improve patient care, identifies and corrects deficiencies within the facility, alerts the designated physician to identify and resolve recurring problems, and provides for opportunities to improve the facility's performance and to enhance and improve the quality of care provided to the public. [458.3265(2)(i); 459.0137(2)(i), F.S.]                                                                                                                                     | Yes |
| The designated physician has established a quality assurance program that includes the following components: the identification, investigation and analysis of the frequency and causes of adverse incidents to patients; the identification of trends or patterns of incidents; measures to correct, reduce, minimize, or eliminate the risk of adverse incidents to patients; the documentation of these functions; and periodic review at least quarterly of such information by the designated physician. [458.3265(2)(i)1.-4.; 459.0137(2)(i)1.-4., F.S.]<br><i>The facility will fax meeting minutes outline for QA program to meet the requirements.</i> | Yes |
| Designated physician reports all adverse incidents to the Department of Health as set forth in Section 458.351, Florida Statutes. [458.3265(2)(j)1.; 459.0137(2)(j)1., F.S.]                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    | Yes |
| Designated physician reports quarterly to the Board of Medicine or Osteopathic Medicine in writing the number of new and repeat patients seen and treated at the clinic who are prescribed controlled substance medications for the treatment of chronic, non-malignant pain; the number of patients discharged due to drug abuse; the number of patients discharged due to drug diversion; and the number of patients treated at the pain clinic whose domicile is located somewhere other than in Florida. [458.3265(2)(j)2.a.-d.; 459.0137(2)(j)2.a.-d., F.S.]                                                                                               | Yes |
| Physician maintains control and security of prescription blanks and other methods for prescribing controlled substances and reports in writing any theft or loss of prescription blanks to the department within 24 hours. [458.3265(2)(d); 459.0137(2)(d), F.S.]                                                                                                                                                                                                                                                                                                                                                                                               | Yes |
| Physicians are in compliance with the requirements for counterfeit-resistant prescription blanks as defined in Section 893.065. [Sections 458.3265(2)(d); 459.0137(2)(d), F.S.]                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 | Yes |
| Dispensing is being performed in compliance with 465.0276, F.S. Only physicians licensed under chapter 458 and 459 are dispensing any medication. [Sections 458.3265(2)(b) and 459.0137(2)(b), F.S.]                                                                                                                                                                                                                                                                                                                                                                                                                                                            |     |
| Controlled substance biennial inventory conducted. [893.07(1)(a), F.S.]                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |     |
| There is no indication physicians have advertised the use, sale, or dispensing of any controlled substance appearing on any schedule in Chapter 893. [Section 458.331(1)(rr) and 459.015(1)(tt), F.S.]                                                                                                                                                                                                                                                                                                                                                                                                                                                          | Yes |
| Effective January 1, 2012 all physicians have designated himself or herself as a controlled substance prescribing practitioner on the physician's practitioner profile. [456.44(2)(a), F.S.]                                                                                                                                                                                                                                                                                                                                                                                                                                                                    | Yes |
| All physicians practicing in this clinic have advised the Board, in writing, within 10 calendar days of beginning or ending his or her practice at this pain-management clinic. [458.3265(2)(e); 459.0137(2)(e), F.S.]                                                                                                                                                                                                                                                                                                                                                                                                                                          | Yes |
| All physicians practicing in this clinic meet the training requirements for physicians practicing in pain management clinics [64B8-9.0131; 64B15-14.0051, F.A.C.]                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               | Yes |
| At least one employee on premises is certified in basic life support. [458.3265(2)(h)4.; 459.0137(2)(h)4., F.S.]                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                | Yes |

**Remarks:**

I have read and have had this inspection report and the violations if any explained, and the information given is true and correct to the best of my knowledge. This inspection is not deemed complete until patient records are reviewed and deemed in compliance with section 458.3265, 459.0137, and chapter 456, Florida Statutes. I understand that any action taken to correct violations shall be documented in writing by the owner or designated physician of the pain clinic and will be verified by follow up visits by the department personnel. [458.3265(3)(b), 459.0137(3)(b), F.S.]

[458.3265(1)(c); 459.0137(1)(c), F.S.]                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |     | ✓   |    |
| 3. The clinic, including its grounds, buildings, furniture, appliances and equipment is structurally sound, in good repair, clean, and free from health and safety hazards. [458.3265(2)(h)1.; 459.0137(2)(h)1., F.S.]                                                                                                                                                                                                                                                                                                                                                |     | ✓   |    |
| 4. The clinic has evacuation procedures in the event of an emergency which includes provisions for the evacuation of disabled patients and employees, and has a written facility specific disaster plan which includes provisions for the protection of medical records and any controlled substances. [458.3265(2)(h)2., 3.; 459.0137(2)(h)2., 3., F.S.]                                                                                                                                                                                                             |     | ✓   |    |
| 5. The clinic is located and operated at a publicly accessible fixed location. [458.3265(2)(f)1.; 459.0137(2)(f)1., F.S.]                                                                                                                                                                                                                                                                                                                                                                                                                                             |     | ✓   |    |
| 6. Sign containing the clinic name, hours of operations and a street address is posted where viewable by the public. [458.3265(2)(f)1.a.; 459.0137(2)(f)1.a., F.S.]                                                                                                                                                                                                                                                                                                                                                                                                   |     | ✓   |    |
| 7. Clinic has a publicly listed telephone number and a dedicated phone number to send and receive faxes with a fax machine that is operational twenty-four hours per day. [458.3265(2)(f)1.b.; 459.0137(2)(f)1.b., F.S.]                                                                                                                                                                                                                                                                                                                                              |     | ✓   |    |
| 8. Clinic has emergency lighting and communications; reception and waiting area; restroom; administrative area including room for storage of medical records, supplies and equipment; private patient examination room(s); and treatment room(s) if treatment is being provided to the patient. [458.3265(2)(f)1. c.-h.; 459.0137(2)(f)1. c.-h., F.S.]                                                                                                                                                                                                                |     | ✓   |    |
| 9. A printed sign disclosing the name and contact information of the clinic's Designated Physician and the names of all physicians practicing in the clinic, is located in a conspicuous place in the waiting room viewable by the public. [458.3265(2)(f)1.i.; 459.0137(2)(f)1.i., F.S.]                                                                                                                                                                                                                                                                             |     | ✓   |    |
| 10. Storage and handling of prescription drugs complies with Section 499.0121, Florida Statutes, Section 893.07, Florida Statutes, [458.3265(2)(f)1.j.; 459.0137(2)(f)1.j., F.S.]                                                                                                                                                                                                                                                                                                                                                                                     | ✓   |     |    |
| 11. The clinic maintains equipment and supplies to support infection prevention and control activities. The clinic identifies infection risks based on geographic location, community, and population served; the care, treatment and services it provides; and an analysis of its infection surveillance and control data. [458.3265(2)(g)1.;2. 1.-3.; 459.0137(2)(g)1.;2. 1.-3., F.S.]                                                                                                                                                                              |     | ✓   |    |
| 12. The clinic maintains written infection prevention policy and procedure that address the following: prioritized risks; limiting unprotected exposure to pathogens; limiting the transmission of infections associated with procedures performed in the clinic; and limiting the transmission of infections associated with the clinic's use of medical equipment, devices and supplies. [458.3265(2)(g)3. a.-d.; 459.0137(2)(g)3. a.-d., F.S.]                                                                                                                     |     | ✓   |    |
| 13. Clinic has an ongoing quality assurance program that objectively and systematically monitors and evaluates quality and appropriateness of patient care, evaluates methods to improve patient care, identifies and corrects deficiencies within the facility, alerts the designated physician to identify and resolve recurring problems, and provides for opportunities to improve the facility's performance and to enhance and improve the quality of care provided to the public. [458.3265(2)(i); 459.0137(2)(i), F.S.]                                       |     | ✓   |    |
| 14. The designated physician has established a quality assurance program that includes the following components: the identification, investigation and analysis of the frequency and causes of adverse incidents to patients; the identification of trends or patterns of incidents; measures to correct, reduce, minimize, or eliminate the risk of adverse incidents to patients; the documentation of these functions; and periodic review at least quarterly of such information by the designated physician. [458.3265(2)(i)1.-4.; 459.0137(2)(i)1.-4., F.S.]    |     | ✓   |    |
| 15. Designated physician reports all adverse incidents to the Department of Health as set forth in Section 458.351, Florida Statutes. [458.3265(2)(j)1.; 459.0137(2)(j)1., F.S.]                                                                                                                                                                                                                                                                                                                                                                                      |     | ✓   |    |
| 16. Designated physician reports quarterly to the Board of Medicine or Osteopathic Medicine in writing the number of new and repeat patients seen and treated at the clinic who are prescribed controlled substance medications for the treatment of chronic, non-malignant pain; the number of patients discharged due to drug abuse; the number of patients discharged due to drug diversion; and the number of patients treated at the pain clinic whose domicile is located somewhere other than in Florida. [458.3265(2)(j)2.a.-d.; 459.0137(2)(j)2.a.-d., F.S.] |     | ✓   |    |
| 17. Physician maintains control and security of prescription blanks and other methods for prescribing controlled substances and reports in writing any theft or loss of prescription blanks to the department within 24 hours. [458.3265(2)(d); 459.0137(2)(d), F.S.]                                                                                                                                                                                                                                                                                                 |     | ✓   |    |
| 18. Physicians are in compliance with the requirements for counterfeit-resistant prescription blanks as defined in Section 893.065. [Sections 458.3265(2)(d); 459.0137(2)(d), F.S.]                                                                                                                                                                                                                                                                                                                                                                                   |     | ✓   |    |
| 19. Dispensing is being performed in compliance with 465.0276, F.S. Only physicians licensed under chapter 458 and 459 are dispensing any medication. [Sections 458.3265(2)(b) and 459.0137(2)(b), F.S.]                                                                                                                                                                                                                                                                                                                                                              | ✓   |     |    |

I have read and have had this inspection report and the violations if any explained, and the information given is true and correct to the best of my knowledge. This inspection is not deemed complete until patient records are reviewed and deemed in compliance with section 458.3265, 459.0137, and chapter 456, Florida Statutes. I understand that any action taken to correct violations shall be documented in writing by the owner or designated physician of the pain clinic and will be verified by follow up visits by the department personnel. | 2. Maintains accurate, current and complete records that are accessible and readily available for review and comply with the requirements of 456.44(3)(f), the applicable practice act, and applicable board rule. The medical records must include but are not limited to: <ul style="list-style-type: none"> <li><input checked="" type="checkbox"/> Complete medical history and physician examination, including history of drug abuse and dependence</li> <li><input checked="" type="checkbox"/> Diagnostic, therapeutic, and laboratory results</li> <li><input checked="" type="checkbox"/> Evaluations and consultations</li> <li><input checked="" type="checkbox"/> Treatment objectives</li> <li><input checked="" type="checkbox"/> Discussion of risks and benefits</li> <li><input checked="" type="checkbox"/> Treatments</li> <li><input checked="" type="checkbox"/> Medications, including date, type, dosage, and quantity prescribed</li> <li><input checked="" type="checkbox"/> Instructions and agreements</li> <li><input checked="" type="checkbox"/> Periodic reviews</li> <li><input checked="" type="checkbox"/> Results of any drug testing</li> <li><input checked="" type="checkbox"/> A photocopy of the patient's government-issued photo identification</li> <li><input type="checkbox"/> Duplicate of all written controlled substance prescriptions</li> <li><input checked="" type="checkbox"/> The physician's full name presented in a legible manner</li> </ul> |                     |                    |    |  |
| 3. Controlled substance prescriptions have the quantity of the drug prescribed in both textual and numerical format and are dated with the abbreviated month written out on the face of the prescription. [456.42(1), F.S.]                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |                     |                    |    |  |
| 4. A written individualized treatment plan has been developed for each patient with objectives used to determine treatment success. The physician adjusts drug therapy to the individual needs of each patient. Other treatment modalities are considered. Interdisciplinary nature of treatment plan is documented. [456.44(3)(b)]                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |                     | YES                |    |  |
| 5. The physician is documenting in the patient's record the reason for prescribing more than 72 hour supply of controlled substances for the treatment of chronic non-malignant pain. [458.3265(2)(c); 459.0137(2)(c), F.S.]                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |                     | YES                |    |  |
| 6. The physician has discussed the risks and benefits of the use of controlled substances and is using a written controlled substance agreement between the patient outlining the patient's responsibilities including, but not limited to: <ul style="list-style-type: none"> <li><input checked="" type="checkbox"/> Number and frequency of controlled substance prescriptions and refills</li> <li><input checked="" type="checkbox"/> Patient compliance and reasons for which drug therapy may be discontinued</li> <li><input checked="" type="checkbox"/> Agreement that controlled substances for the treatment of chronic nonmalignant pain shall be prescribed by a single treating physician unless otherwise authorized by the treating physician and documented in the medical record [456.44(3)(c), F.S.]</li> </ul>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |                     | YES                |    |  |
| 7. Patients are seen by the physician at regular intervals, not to exceed 3 months, to assess the efficacy of treatment. Continuation or modification of therapy depends on the physician's evaluation of the patient's progress. [456.44(3)(d)]                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |                     | YES                |    |  |
| 8. Patients are referred as necessary for additional evaluation and treatment in order to achieve treatment objectives with special attention given to those patients at risk for misuse of medications and those in living arrangements that pose a risk for medication misuse or diversion. [456.44(3)(e), F.S.]                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |                     | YES                |    |  |
| 9. Patients with signs or symptoms of substance abuse are immediately referred to a board certified pain management physician, addiction medicine specialist, or a mental health addiction facility unless the physician is board-certified or board-eligible in pain management. [456.44(3)(g), F.S.]                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |                     | YES                |    |  |
| 10. Clear and complete medical justification for continued treatment with controlled substances and steps to ensure medically appropriate use of controlled substances is documented clearly and completely when continuing controlled substance prescribing while waiting consultant's report on patients showing signs or symptoms of substance abuse. **FINAL ORDER ACCEPTING SETTLEMENT AGREEMENT**

This matter appeared before the Board of Osteopathic Medicine (hereinafter "Board") pursuant to Sections 120.569 and 120.57(4), Florida Statutes, at a duly-noticed public meeting on August 20, 2011, in Orlando, Florida, for consideration of a Settlement Agreement (attached hereto as Exhibit "A") entered into between the parties in this cause and incorporated by reference into this Final Order. The Department of Health (hereinafter "Petitioner") was represented by Tari Rossitto-Van Winkle, Assistant General Counsel, with the Department of Health. Nancy Lee Kopitnik, D.O., (hereinafter "Respondent") was present and was represented by Christopher Lyon, Esquire.

The Petitioner filed an Administrative Complaint against the Respondent on August 31, 2010, (attached hereto as Exhibit "B") and incorporated by reference into this Final Order.

Upon consideration of the Settlement Agreement, the documents submitted in support thereof, the arguments of the parties and otherwise being advised in the premises, the Board accepted the Settlement Agreement. Costs are assessed in the amount of **one**

**thousand two hundred four dollars and nineteen cents (\$1,204.19)** and payable within **one (1) year** from the filing date of this Final Order.

WHEREFORE, the Board hereby accepts the Settlement Agreement, settling all matters in this case consistent with the terms of the agreement between the parties, and Respondent is hereby ORDERED to abide by the terms of the Settlement Agreement. This Final Order shall be placed in and made part of the Respondent's official records.

This Final Order shall become effective upon filing with the Clerk for the Department of Health.

DONE AND ORDERED this 9 day of September, 2011.

**BOARD OF OSTEOPATHIC MEDICINE**

Anthony Jusevitch, Executive Director  
on behalf of **Anna Hayden, D.O.**, CHAIR

**STATE OF FLORIDA  
DEPARTMENT OF HEALTH**

**DEPARTMENT OF HEALTH,**

**PETITIONER,**

**v.**

**CASE NO. 2009-18594**

**NANCY LEE KOPITNIK, D.O.,**

**RESPONDENT.**

---

**SETTLEMENT AGREEMENT**

Nancy Lee Kopitnik, D.O., referred to as the "Respondent," and the Department of Health, referred to as "Department" stipulate and agree to the following Agreement and to the entry of a Final Order of the Board of Osteopathic Medicine, referred to as "Board," incorporating the Stipulated Facts and Stipulated Disposition in this matter.

**STIPULATED FACTS**

1. Petitioner is the state agency charged with regulating the practice of osteopathic medicine pursuant to Section 20.43, Florida Statutes, and Chapter 456, Florida Statutes, and Chapter 459, Florida Statutes.

2. At all times material hereto, Respondent was a licensed osteopathic physician in the State of Florida having been first issued license number OS 6229 on December 9, 1991.

3. The Department charged Respondent with an Administrative Complaint that was filed and properly served upon Respondent with violations of Chapters 456 and/or 459, Florida Statutes, and the rules adopted pursuant thereto. A true and correct copy of the Administrative Complaint is attached hereto as Exhibit "A".

4. Respondent neither admits nor denies the allegations of fact contained in the Administrative Complaint for purposes of these proceedings only.

#### **STIPULATED CONCLUSIONS OF LAW**

1. Respondent admits that, in her capacity as a licensed osteopathic physician, she is subject to the provisions of Chapters 456 and 459, Florida Statutes, and the jurisdiction of the Department and the Board.

2. Respondent admits that the facts alleged in the Administrative Complaint, if proven, would constitute violations of

Chapters 456 and/or 459, Florida Statutes, as alleged in the Administrative Complaint.

3. Respondent agrees that the Stipulated Disposition in this case is fair, appropriate and acceptable to Respondent.

**STIPULATED DISPOSITION**

1. **Letter of Concern** - The Board shall issue a Letter of Concern to the Respondent.

2. **Fine** - The Board of Osteopathic Medicine shall impose an administrative **fine of one thousand dollars and no cents (\$1,000.00)** against the license of Respondent, to be paid by Respondent to the Department of Health, Compliance Management Unit, Bin C76, Post Office Box 6320, Tallahassee, Florida 32314-6320, Attention: Board of Osteopathic Medicine Compliance Officer, within one (1) year from the date of filing of the Final Order accepting this Settlement Agreement. All fines shall be paid by certified funds or money order. The Board office does not have the authority to change the terms of payment of any fine imposed by the Board.

RESPONDENT ACKNOWLEDGES THAT THE TIMELY PAYMENT OF THE FINE IS HER LEGAL OBLIGATION AND RESPONSIBILITY AND RESPONDENT AGREES TO CEASE PRACTICING IF THE FINE IS NOT PAID AS AGREED TO IN THIS SETTLEMENT AGREEMENT, SPECIFICALLY: IF WITHIN THIRTEEN (13) MONTHS OF THE DATE OF FILING OF THE FINAL ORDER, RESPONDENT HAS NOT RECEIVED WRITTEN CONFIRMATION THAT THE FULL AMOUNT OF THE FINE HAS BEEN RECEIVED BY THE BOARD OFFICE, RESPONDENT AGREES TO CEASE PRACTICE UNTIL SUCH WRITTEN CONFIRMATION IS RECEIVED BY RESPONDENT FROM THE BOARD.

3. **Reimbursement Of Costs** - Pursuant to Section 456.072, Florida Statutes, Respondent agrees to pay the Department for any and all costs incurred in the investigation and prosecution of this case. Such costs exclude the costs of obtaining supervision or monitoring of the practice, the cost of quality assurance reviews, and the Board's administrative cost directly associated with Respondent's probation, if any. **The current estimate of the Department's costs in this case is one thousand, one hundred, twenty-six dollars and ten**

**cents (\$1,126.10), but this amount will increase prior to the Board meeting where this Settlement Agreement is presented.**

All costs shall be paid by certified funds or money order. Respondent will pay costs to the Department of Health, Compliance Management Unit, Bin C76, P.O. Box 6320, Tallahassee, Florida 32314-6320, Attention: Board of Osteopathic Medicine Compliance Officer, within one (1) year from the date of filing of the Final Order in this cause. Any post-Board costs, such as the costs associated with probation, are not included in this Settlement Agreement.

**RESPONDENT ACKNOWLEDGES THAT THE TIMELY PAYMENT OF THE COSTS IS HER LEGAL OBLIGATION AND RESPONSIBILITY, AND RESPONDENT AGREES TO CEASE PRACTICING IF THE COSTS ARE NOT PAID AS AGREED TO IN THIS SETTLEMENT AGREEMENT, SPECIFICALLY: IF WITHIN THIRTEEN (13) MONTHS OF THE DATE OF FILING OF THE FINAL ORDER, RESPONDENT HAS NOT RECEIVED WRITTEN CONFIRMATION THAT THE FULL AMOUNT OF THE COSTS NOTED ABOVE HAS BEEN RECEIVED BY THE BOARD OFFICE, RESPONDENT AGREES TO CEASE PRACTICE UNTIL SUCH**

**WRITTEN CONFIRMATION IS RECEIVED BY RESPONDENT FROM THE BOARD.**

4. **Indefinite Suspension** – Upon the filing of the Final Order accepting this Settlement Agreement Respondent's license shall be indefinitely suspended until such time as Respondent pays the fine of **three thousand, four hundred, fifty dollars and no cents (\$3,450.00), and costs of seventy-five dollars and no cents (\$75.00)**, as previously required by the Citation Final Order in Case Number 2009-03800. Respondent will pay this fine and costs to the Department of Health, Compliance Management Unit, Bin C76, Post Office Box 6320, Tallahassee, Florida 32314-6320, Attention: Board of Osteopathic Medicine Compliance Officer. Following payment of this fine, Respondent shall be permitted to appear before the Board and petition the Board to lift the suspension provided that she is in compliance with all other requirements of this Settlement Agreement, and demonstrates that she can practice osteopathic medicine with reasonable skill and safety.

The Board shall retain jurisdiction to impose additional terms of reinstatement, including probation and the authority to reject Respondent's request.

5. **Continuing Education** - Within twelve (12) months of the date of the filing of a Final Order in this cause, Respondent shall attend four (4) hours of AOA Category 1-A continuing education courses, including two (2) hours of Professional and Medical Ethics and two (2) hours on Florida Laws. Respondent shall submit documentation in the form of certified copies of the receipts, vouchers, certificates, or other papers, documenting completion of these courses within thirteen (13) months of the entry of the Final Order in this matter. All such documentation shall be sent to: Department of Health, Compliance Management Unit, Bin C76, Post Office Box 6320, Tallahassee, Florida 32314-6320, Attention: Board of Osteopathic Medicine Compliance Officer regardless of whether some or any of such documentation was previously provided during the course of any audit or discussion with counsel for the Department. These hours shall be in addition to all those hours required for renewal of licensure for the biennial renewal periods. **Unless otherwise approved by the Board, said continuing education course shall consist of a formal, live lecture format.**

## **STANDARD PROVISIONS**

1. **Appearance**: Respondent is required to appear before the Board of Osteopathic Medicine at the meeting of the Board where this Settlement Agreement is considered.

2. **No Force or Effect Until Final Order** - It is expressly understood that this Settlement Agreement is subject to the approval of the Board and the Department. In this regard, the foregoing paragraphs (and only the foregoing paragraphs) shall have no force and effect unless the Board enters a Final Order incorporating the terms of this Settlement Agreement.

3. **Addresses** - Respondent must keep current residence and practice addresses on file with the Board. Respondent shall notify the Board within ten (10) days of any changes of said addresses.

4. **Future Conduct** - In the future, Respondent shall not violate Chapter 456, 459 or 893, Florida Statutes, or the rules promulgated pursuant thereto, or any other state or federal law, rule, or regulation relating to the practice or the ability to practice medicine. Prior to signing this Settlement Agreement, the Respondent shall read Chapters 456, 459

and 893 and the Rules of the Board of Osteopathic Medicine, at Chapter 64B15, Florida Administrative Code.

5. **Violation of Terms Considered Violation of Settlement**

**Agreement** - It is expressly understood that a violation of the terms of this Settlement Agreement shall be considered a violation of a Final Order of the Board, for which disciplinary action may be initiated pursuant to Chapters 456 and 459, Florida Statutes.

6. **Purpose of Settlement Agreement** - Respondent, for the purpose of avoiding further administrative action with respect to this cause, executes this Settlement Agreement. In this regard, Respondent authorizes the Board to review and examine all investigative file materials concerning Respondent prior to or in conjunction with consideration of the Settlement Agreement. Respondent agrees to support this Settlement Agreement at the time it is presented to the Board and shall offer no evidence, testimony or argument that disputes or contravenes any stipulated fact or conclusion of law. Furthermore, should this Settlement Agreement not be accepted by the Board, it is agreed that presentation to and consideration of this Settlement Agreement and other documents and matters by the Board shall not unfairly or illegally prejudice the Board or

any of its members from further participation, consideration or resolution of these proceedings.

7. **No Preclusion of Additional Proceedings** - Respondent and the Department fully understand that this Settlement Agreement, and subsequent Final Order incorporating the same, will in no way preclude additional proceedings by the Board and/or the Department against Respondent for acts or omissions not specifically set forth in the Administrative Complaint attached hereto as Exhibit "A".

8. **Waiver of Attorney's Fees and Costs** - Upon the Board's adoption of this Settlement Agreement, the parties hereby agree that with the exception of costs noted above, the parties will bear their own attorney's fees and costs resulting from prosecution or defense of this matter. Respondent waives the right to seek any attorney's fees or costs from the Department and the Board in connection with this matter.

9. **Waiver of Further Procedural Steps** - Upon the Board's adoption of this Settlement Agreement, Respondent expressly waives all further procedural steps and expressly waives all rights to seek judicial review of or to otherwise challenge or contest the validity of the

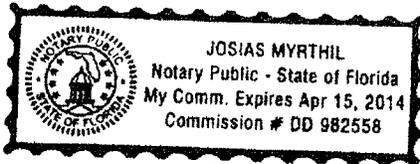

Settlement Agreement and the Final Order of the Board incorporating said Settlement Agreement.

**STATE OF FLORIDA  
DEPARTMENT OF HEALTH**

**DEPARTMENT OF HEALTH,**

**PETITIONER,**

**v.**

**CASE NO. 2009-18594**

**NANCY LEE KOPITNIK, D.O.,**

**RESPONDENT.**

---

**ADMINISTRATIVE COMPLAINT**

COMES NOW Petitioner, Department of Health, by and through its undersigned counsel, and files this Administrative Complaint before the Board of Osteopathic Medicine against Respondent, Nancy Lee Kopitnik, D.O., and in support thereof alleges:

1. Petitioner is the state department charged with regulating the practice of osteopathic medicine pursuant to Section 20.43, Florida Statutes; Chapter 456, Florida Statutes; and Chapter 459, Florida Statutes.
2. At all times material to this Complaint, Respondent was a licensed osteopathic physician within the State of Florida, having been issued license number OS 6229.

3. Respondent's address of record is 10146 Feather Ridge Drive, Weeki Wachee, Florida 34613.

4. On or about June 9, 2009, the Department filed a Non-Disciplinary Citation as a Final Order in case No. 2009-03800 which, among other things, required Respondent to pay an administrative penalty of Three Thousand, Four Hundred-Fifty dollars (\$3,450.00), plus administrative costs of Seventy-Five dollars (\$75.00), for a total amount due of Three Thousand, Five Hundred, Twenty-Five dollars (\$3,525.00), within 30 days from the date the citation became a final order, or not later than July 8, 2009.

5. Respondent has failed to pay the \$3,525.00 administrative penalty and costs as required by the June 9, 2009, Final Order.

6. Section 459.015(1)(g), Florida Statutes (2009), provides that violating any provision of chapter 459 or 456, or any rules adopted pursuant thereto, constitutes grounds for disciplinary action by the Board of Osteopathic Medicine.

6. Section 456.072(1)(q), Florida Statutes (2009), provides that violating a lawful order of the department or the board, constitutes grounds for disciplinary action by the Board of Osteopathic Medicine.

7. Respondent violated the Final Order of the Board of Osteopathic Medicine entered in DOH Case Number 2009-03800 by failing to pay the fine and costs by the date required by the Citation.

8. Based on the foregoing, Respondent has violated Section 459.015(1)(g), Florida Statutes (2009), by violating a lawful order of the department or board.

9. Based on the foregoing, Respondent has violated Section 456.072(1)(q), Florida Statutes (2009), by violating a lawful order of the department or board.

WHEREFORE, Petitioner respectfully requests that the Board of Osteopathic Medicine enter an order imposing one or more of the following penalties: permanent revocation or suspension of Respondent's license, restriction of practice, imposition of an administrative fine, issuance of a reprimand, placement of the Respondent on probation, corrective action, refund of fees billed or collected, remedial education and/or any other relief that the Board deems appropriate.

SIGNED this 27 day of August, 2010.

### **NOTICE OF RIGHTS**

**Respondent has the right to request a hearing to be conducted in accordance with Section 120.569 and 120.57, Florida Statutes, to be represented by counsel or other qualified representative, to present evidence and argument, to call and cross-examine witnesses and to have subpoena and subpoena duces tecum issued on his or her behalf if a hearing is requested.**

### **NOTICE REGARDING ASSESSMENT OF COSTS**

**Respondent is placed on notice that Petitioner has incurred costs related to the investigation and prosecution of this matter. Pursuant to Section 456.072(4), Florida Statutes, the Board shall assess costs related to the investigation and prosecution of a disciplinary matter, which may include attorney hours and costs, on the Respondent in addition to any other discipline imposed.**

S., from a surplus lines insurer as defined under s. 626.914(2), F.S.,

from a risk retention group as defined under s. 627.942, F.S., from the Joint Underwriting Association established under s. 627.351(4), F. S., or through a plan of self-insurance as provided in s. 627.357, F.S.

## Proceedings & Actions

### Criminal Offenses

**The criminal history information, if any exists, may be incomplete; federal criminal history information is not available to the public. Information is verified by the Department at the time of initial licensure and renewal.**

This practitioner has indicated that he/she has no criminal offenses required to be published on this profile.

### Medicaid Sanctions and Terminations

This practitioner has not been sanctioned or terminated for cause from the Medicaid program.

### Final Disciplinary Actions Reported by the Department of Health within the last 10 years:

| Taken By                     | Date Of Action | Description of Disciplinary Action | Under Appeal |
|------------------------------|----------------|------------------------------------|--------------|
| FLORIDA DEPARTMENT OF HEALTH | 09/12/2011     | OBLIGATION(S) SATISFIED            | NO           |

**The information below is self reported by the practitioner. For Florida health care practitioner discipline, see information listed above.**

### Final disciplinary action taken by a specialty board within the last 10 years:

This practitioner has indicated that he/she has \*NOT\* had any final disciplinary action taken against him/her within the last 10 years by a specialty board.

### Final disciplinary action taken by a licensing agency within the last 10 years:

This practitioner has indicated that he/she has \*NOT\* had any final disciplinary action taken against him/her within the last 10 years by a licensing agency.

### Disciplinary action taken by a health maintenance organization, pre-paid health clinic, nursing home, licensed hospital or ambulatory surgical center within the last 10 years:

This practitioner has indicated that he/she has \*NOT\* had any final disciplinary action taken against him/her within the last 10 years by a health maintenance organization, pre-paid health clinic, nursing home, licensed hospital or ambulatory surgical center.

The following discipline has been reported as required under 456.041(5), F.S. within the previous 10 years.

### Resignation from or non-renewal of medical staff membership or the restriction or revocation of staff privileges within the last 10 years by a health maintenance organization, pre-paid health clinic, nursing home, licensed hospital or ambulatory surgical center in lieu of or in settlement of a pending disciplinary case related to competence or character.

This practitioner has indicated that he/she has \*NEVER\* been asked to or allowed to resign from or had any medical staff privileges restricted or revoked within the last 10 years by a health maintenance organization, pre-paid health clinic, nursing home, licensed hospital or ambulatory surgical center.

### Liability Claims Exceeding \$100,000.00 Within last 10 years.

Settlement of a claim may occur for a variety of reasons that do not necessarily reflect negatively on the professional competence or conduct of the physician. A payment settlement of a medical malpractice action or claim should not be construed as creating a presumption that medical malpractice has occurred.

**Additional claims information may have been reported to the Department of Financial Services. To check their web site, please click here.**

There have not been any reported liability actions, which are required to be reported under section 456.049, F. S., within the previous 10 years.

### Committees/Memberships

This practitioner has not indicated any committees on which they serve for any health entity with which they are affiliated.

### Professional or Community Service Awards

This practitioner has not provided any professional or community service activities, honors, or awards.

### Publications

This practitioner has authored the following publications in peer-reviewed medical literature within the previous ten years:

| Title                                              | Publication                                     | Date       |
|----------------------------------------------------|-------------------------------------------------|------------|
| WHOSE FAULT IS IT DOCTORS AREN'T SPECIAL ANY MORE? | MEDICAL ECONOMICS                               | 06/01/1992 |
| HEMANGIOPERICYTOMA OF THE BREAST                   | JOURNAL OF THE AMERICAN OSTEOPATHIC ASSOCIATION | 06/01/1991 |

### Professional Web Page

This practitioner has not provided any professional web page information.

### Languages Other Than English

This practitioner has not indicated that any languages other than English are used to communicate with patients, or that any translation service is available for patients, at his/her primary place of practice.

### Other Affiliations

This practitioner has provided the following national, state, local, county, and professional affiliations:

**Materials Submitted:** Memorandum to the Board  
Motion for Hearing Not Involving Disputed  
Issues of Material Fact and Final Order  
Administrative Complaint  
Election of Rights  
Final Investigative Report with Exhibits 1-3  
Motion to Assess Costs with Attachments

**Disciplinary Guidelines:**

Section 456.072(1)(ii), Florida Statutes (2017)

FIRST OFFENSE: Revocation and a fine of \$10,000.00, or in the case of application for licensure, denial of license.

Section 459.015(1)(b), Florida Statutes (2017)

FIRST OFFENSE: From imposition of discipline comparable to the discipline which would have been imposed if the substantive violation had occurred in Florida to reprimand through suspension or denial of the license until the license is unencumbered in the jurisdiction in which disciplinary action was originally taken and an administrative fine ranging from \$1,000.00 to \$2,500.00.

**PRELIMINARY CASE REMARKS:**

This case involves a two-count administrative complaint. Count 1 charges Respondent with violating section 456.072(1)(ii), Florida Statutes (2017), by convicted of or entering a plea of guilty or nolo contendere to, any misdemeanor or felony, regardless of adjudication, under 18 U.S.C. s. 669, ss. 285-287, s. 371, s. 1001, s. 1035, s. 1341, s. 1343, s. 1347, s. 1349, or s. 1518, or 42 U.S.C. ss. 1320a-7b, relating to the Medicaid program. Count 2 charges Respondent with violating section 459.015(1)(b), Florida Statutes (2017), for having a license or the authority to practice osteopathic medicine revoked, suspended, or otherwise acted against, including the denial of licensure, by the licensing authority of any jurisdiction, including its agencies or subdivisions.

On or about November 1, 2017, in the United States District Court, Middle District of Tennessee, Respondent entered a plea of guilty to one count of Solicitation and Receipt of a Kickback, in violation of 42 United States Code ss. 1320a-7b(b). On or about March 7, 2018, the Tennessee Board entered an Agreed Order placing

Respondent's Tennessee license on probation for three years, requiring completion of continuing education courses, and imposing payment of costs and a fine of one thousand two hundred dollars (\$1,200.00).

**MOTION FOR HEARING NOT INVOLVING  
DISPUTED ISSUES OF MATERIAL FACT AND FINAL ORDER**

Petitioner, Department of Health, by and through counsel moves the Board of Osteopathic Medicine to conduct a hearing not involving disputed issues of material fact, and as grounds therefore, Petitioner states:

1. On October 24, 2018, Petitioner filed an Administrative Complaint against the Respondent alleging that the Respondent violated section 456.072(1)(ii), Florida Statutes (2017) and section 459.015(1)(b), Florida Statutes (2017). Petitioner, by filing the Administrative Complaint, is seeking to discipline Respondent's license to practice OSTEOPATHIC MEDICINE, thereby affecting Respondent's substantial interests.

2. On or about June 5, 2020, Respondent executed and returned an Election of Rights form to the Department, in which Respondent indicated that there are no material facts in dispute.

3. There are no disputed issues of material fact to be resolved in this case.

4. Pursuant to section 120.57(2)(a)2, Florida Statutes, the Department is referring this case to the Board of Osteopathic Medicine for entry of a final order setting forth appropriate action on Respondent's license.

5. The Respondent has been advised by a copy of this motion that the Board will consider the investigative reports, as well as any oral or written communication from the Department on the issues of penalty in these matters.

WHEREFORE, Petitioner requests that this Honorable Board, after consideration of the record, and after allowing Respondent the opportunity to present oral and/or written evidence in mitigation of the Administrative Complaint, issue a final order concerning Respondent's license to practice osteopathic medicine in the state of Florida imposing whatever discipline upon Respondent's license that the Board deems appropriate.

DATED this 22<sup>nd</sup> day of June, 2020.

Respectfully submitted,

*Corynn Alberto*

**ADMINISTRATIVE COMPLAINT**

COMES NOW Petitioner, Department of Health, by and through its undersigned counsel, and files this Complaint before the Board of Osteopathic Medicine against Respondent, Bruce Rubinowicz, D.O., and in support thereof alleges:

1. Petitioner is the state agency charged with regulating the practice of osteopathic medicine pursuant to Section 20.43, Florida Statutes; Chapter 456, Florida Statutes; and Chapter 459, Florida Statutes.

2. At all times material to this Complaint, Respondent was a licensed osteopathic physician within the State of Florida, having been issued license number OS 12349.

3. Respondent's address of record is 3530 Mystic Pointe Drive, Aventura, Florida 33180.

4. At all times material to this complaint, Respondent holds and/or held a license to practice osteopathic medicine in the state of Tennessee.

5. The Tennessee Board of Osteopathic Examination (Tennessee Board) is the licensing authority for osteopathic physicians in Tennessee.

6. On or about November 1, 2017, in the United States District Court, Middle District of Tennessee, Respondent entered a plea of guilty to one count of Solicitation and Receipt of a Kickback, in violation of 42 United States Code ss. 1320a-7b(b).

7. On or about March 7, 2018, the Tennessee Board entered an Agreed Order placing Respondent's Tennessee license on probation for three years, requiring completion of continuing education courses, and imposing payment of costs and a fine of one thousand two hundred dollars (\$1,200.00).

### **COUNT I**

8. Petitioner realleges and incorporates paragraphs one (1) through seven (7) as if fully set forth herein.

9. Section 456.072(1)(ii), Florida Statutes (2017), provides that being convicted of, or entering a plea of guilty or nolo contendere to, any misdemeanor or felony, regardless of adjudication, under 18 U.S.C. s. 669, ss. 285-287, s. 371, s. 1001, s. 1035, s. 1341, s. 1343, s. 1347, s. 1349, or s. 1518, or 42 U.S.C. ss. 1320a-7b, relating to the Medicaid program, constitutes grounds for disciplinary action.

10. As set forth above, on or about November 1, 2017, in the United States District Court, Middle District of Tennessee, Respondent entered a plea of guilty to one count of Solicitation and Receipt of a Kickback, in violation of 42 United States Code ss. 1320a-7b(b).

11. Based on the foregoing, Respondent violated Section 456.072(1)(ii), Florida Statutes (2017), by being convicted of, or entering a plea of guilty or nolo contendere to, any misdemeanor or felony, regardless of adjudication, under 18 U.S.C. s. 669, ss. 285-287, s. 371, s. 1001, s. 1035, s. 1341, s. 1343, s. 1347, s. 1349, or s. 1518, or 42 U.S.C. ss. 1320a-7b, relating to the Medicaid program.

## **COUNT TWO**

12. Petitioner realleges and incorporates paragraphs one (1) through seven (7) as if fully set forth herein.

13. Section 459.015(1)(b), Florida Statutes (2017), provides that having a license or the authority to practice osteopathic medicine revoked, suspended, or otherwise acted against, including the denial of licensure, by the licensing authority of any jurisdiction, including its agencies or subdivisions, constitutes grounds for disciplinary action.

14. As set forth above, on or about March 7, 2018, the Tennessee Board entered an Agreed Order placing Respondent's Tennessee license on probation for three years, requiring completion of continuing education courses, and imposing payment of costs and a fine of one thousand two hundred dollars (\$1,200.00).

15. Based on the foregoing, Respondent violated Section 459.015(1)(b), Florida Statutes (2017), by having a license or the authority to practice osteopathic medicine revoked, suspended, or otherwise acted against, including the denial of licensure, but the licensing authority of any jurisdiction, including its agencies or subdivisions.

WHEREFORE, Petitioner respectfully requests that the Board of Osteopathic Medicine enter an order imposing one or more of the following penalties: permanent revocation or suspension of Respondent's license, restriction of practice, imposition of an administrative fine, issuance of a

reprimand, placement of the Respondent on probation, corrective action, refund of fees billed or collected, remedial education and/or any other relief that the Board deems appropriate.

## **NOTICE OF RIGHTS**

**Respondent has the right to request a hearing to be conducted in accordance with Section 120.569 and 120.57, Florida Statutes, to be represented by counsel or other qualified representative, to present evidence and argument, to call and cross-examine witnesses and to have subpoena and subpoena duces tecum issued on his or her behalf if a hearing is requested.**

**A request or petition for an administrative hearing must be in writing and must be received by the Department within 21 days from the day Respondent received the Administrative Complaint, pursuant to Rule 28-106.111(2), Florida Administrative Code. If Respondent fails to request a hearing within 21 days of receipt of this Administrative Complaint, Respondent waives the right to request a hearing on the facts alleged in this Administrative Complaint pursuant to Rule 28-106.111(4), Florida Administrative Code. Any request for an administrative proceeding to challenge or contest the material facts or charges contained in the Administrative Complaint must conform to Rule 28-106.2015(5), Florida Administrative Code.**

**Mediation under Section 120.573, Florida Statutes, is not available to resolve this Administrative Complaint.**

## **NOTICE REGARDING ASSESSMENT OF COSTS**

**Respondent is placed on notice that Petitioner has incurred costs related to the investigation and prosecution of this matter. Pursuant to Section 456.072(4), Florida Statutes, the Board shall assess costs related to the investigation and prosecution of a disciplinary matter, which may include attorney hours and costs, on the Respondent in addition to any other discipline imposed.**

ELECTION OF RIGHTS

November 11, 2018

I received the Administrative Complaint on the following date: \_\_\_\_\_

Persons seeking a hearing on an Administrative Complaint must file a petition for hearing with the agency within 21 days of receipt of written notice of the Administrative Complaint pursuant to Rule 28-106.111(2), Florida Administrative Code.

Any person who receives written notice of an Administrative Complaint and who fails to file a written request for a hearing within 21 days waives the right to request a hearing on such matters pursuant to Rule 28-106.111(4), Florida Administrative Code.

PLEASE SELECT ONLY 1 OF THE 2 OPTIONS.

OPTION 1. \_\_\_\_\_ I do not dispute the allegations of material fact in the Administrative Complaint. I request a hearing be conducted pursuant to Section 120.57(2), Florida Statutes, where I will be permitted to appear, if I so choose, and submit oral and/or written evidence in mitigation of the complaint to the Board.

OPTION 2. \_\_\_\_\_ I do dispute the allegations of material fact contained in the Administrative Complaint and request this to be considered a petition for formal hearing, pursuant to Sections 120.569(2)(a) and 120.57(1), Florida Statutes, before an Administrative Law Judge appointed by the Division of Administrative Hearings. Pursuant to the requirement of Uniform Rule 28-106.2015(5), Florida Administrative Code, I specifically dispute the following material facts (identified by paragraph number and fact disputed) in the Administrative Complaint:

\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

PLEASE NOTE: If the Department does not receive your completed election of rights within 21 days of your receipt of the Administrative Complaint, your request for hearing will be denied.

| <p>Synopsis: This investigation is predicated upon receipt of a self-report from RUBINOWICZ stating he was convicted of a crime in Tennessee. RUBINOWICZ states he was recently adjudicated in the Middle District of Tennessee for his participation in a kickback scheme. It is alleged RUBINOWICZ had minimal involvement in the improper scheme that took place in Tennessee but accepted responsibility for his wrongdoing. RUBINOWICZ entered into an agreement to plead guilty to one count of solicitation and receipt of a kickback to induce the referral of patients. The case was adjudicated on 11/01/17 resulting in him getting one year probation for his involvement (Ex. #1).</p> <p> <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No Subject Notification Completed?<br/> <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No Subject Responded?<br/> <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No Patient Notification Completed?<br/> <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No Above referenced licensure checked in database/LEIDS?<br/> <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No Board certified? Complaint #: 201722792

Dear Dr. Rubinowicz:

The Consumer Services Unit received the enclosed complaint. We have determined you may have violated the practice act regulating your profession. Therefore, we have opened an investigation. Please submit a written response within 45 days of receipt of this letter. Please include the complaint number 201722792 on any correspondence you provide to our office.

You may make a written request for a copy of the investigative file. This complaint and all investigative information will remain confidential until 10 days after the probable cause panel has determined a violation has occurred or you give up the right to confidentiality.

Sincerely,

Antoinette F. Carter  
Government Analyst I

**Re: Letter of Representation and Written Request for Complete Investigative File on Bruce Stuart Rubinowicz, D.O.; Complaint Number: 2017-22792**

Dear Ms. Carter,

Our firm represents Dr. Bruce Stuart Rubinowicz in the current investigation of Complaint Number 2017-22792. We received a copy of the notice of investigation dated December 28, 2017. I am writing to you to make written request for the complete investigative file as well as to advise as to representation.

Please feel free to contact me should you have any questions or need any further information at (954) 712-3070 or [Jocelyn@ddpalaw.com](mailto:Jocelyn@ddpalaw.com).

Sincerely,

Jocelyn E. Ezratty, Esq.

**STATE OF FLORIDA  
DEPARTMENT OF HEALTH**

**DEPARTMENT OF HEALTH,**

**PETITIONER,**

**v.**

**CASE NUMBER 2017-22792**

**BRUCE STUART RUBINOWICZ, D.O.,**

**Respondent.**

\_\_\_\_\_ /

**MOTION TO ASSESS COSTS**  
**IN ACCORDANCE WITH SECTION 456.072(4)**

The Department of Health, by and through counsel, moves the Board of Osteopathic Medicine for entry of a Final Order assessing costs against Respondent for the investigation and prosecution of this case in accordance with Section 456.072(4), Florida Statutes (2019). As grounds therefore, the Petitioner states the following:

1. At its next regularly scheduled meeting, the Board of Osteopathic Medicine will take up for consideration the above-styled disciplinary action and will enter a Final Order.

2. Section 456.072(4), Florida Statutes (2019), states, in pertinent part, as follows:

In addition to any other discipline imposed through final order, or citation, entered on or after July 1, 2001, under this section or discipline imposed through final order, or citation, entered on or after July 1, 2001, for a violation of any practice act, the board, or the department when there is no board, shall assess costs related to the investigation and prosecution of the case. The costs related to the investigation and prosecution include, but are not limited to, salaries and benefits of personnel, costs related to the time spent by the attorney and other personnel working on the case, and any other expenses incurred by the department for the case. The board, or the department when there is no board, shall determine the amount of costs to be assessed after its consideration of an affidavit of itemized costs and any written objections thereto....

3. As evidenced in the attached affidavit (Exhibit A), the investigation and prosecution of this case has resulted in costs in the total amount of \$3,430.93, based on the following itemized statement of costs:

- a. Total costs for Complaints \$.81
- b. Total costs for Investigations \$115.95
- c. Total costs for Legal \$3,314.17
- d. Total costs for Compliance \$0.00
- e. Total costs for Expenses \$0.00

4. The attached outside attorney affidavit (Exhibit B) indicates a review of the file and a finding that the Department's attorney time in this case is reasonable and justifiable in the amount of \$3,430.93.

5. The attached Department attorney affidavit (Exhibit C) indicates that the Department's attorney determined that the number of hours expended in the prosecution of this case is recorded accurately, was incurred appropriately, and is reasonable for this type of case.

6. Upon review of the file, the Department contends that the costs associated with attorney time spent on this case are reasonable and justifiable.

7. Should Respondent file written objections to the assessment of costs, within ten (10) days of the date of this motion, specifying the grounds for the objections and the specific elements of the costs to which objections are made, Petitioner requests that the Board determine the amount of costs to be assessed based upon its consideration of the affidavit attached as Exhibit A and any timely-filed written objections.

8. Petitioner requests that the Board grant this motion and assess costs in the amount of \$3,430.93 as supported by competent, substantial evidence. This assessment of costs is in addition to any other discipline imposed by the Board and is in accordance with section 456.072(4), Florida Statutes (2019).

WHEREFORE, the Department of Health requests that the Board of Osteopathic Medicine enter a Final Order assessing costs against Respondent in the amount of \$3,430.93.

Respectfully submitted,

*Corynn Alberto*

## AFFIDAVIT OF FEES AND COSTS EXPENDED

STATE OF FLORIDA  
COUNTY OF LEON:

**BEFORE ME**, the undersigned authority, personally appeared **SHANE WALTERS** who was sworn and states as follows:

- 1) My name is Shane Walters.
- 2) I am over the age of 18, competent to testify, and make this affidavit upon my own personal knowledge and after review of the records at the Florida Department of Health (the Department).
- 3) I am a Senior Management Analyst II (SMAII) for the Consumer Services and Compliance Management Unit for the Department. The Consumer Services Unit is where all complaints against Florida health care licensees (e.g., medical doctors, dentists, nurses, respiratory therapists) are officially filed. I have been in my current job position for more than one year. My business address is 4052 Bald Cypress Way, Bin C-75 Tallahassee, Florida 32399-3275.
- 4) As SMAII of the Consumer Services and Compliance Management Unit, my job duties include reviewing data in the Time Tracking System and verifying that the amounts correspond to the amounts in this affidavit. The Time Tracking System is a computer program which records and tracks the Department's costs regarding the investigation and prosecution of cases against Florida health care licensees.
- 5) As of today, DOH's total costs for investigating and prosecuting DOH case number(s) **2017-22792** (Department of Health v. **Bruce Stuart Rubinowicz, D.O.**) are **THREE THOUSAND FOUR HUNDRED THIRTY DOLLARS AND NINETY-THREE CENTS (\$3,430.93)**.
- 6) The costs for DOH case number **2017-22792** (Department of Health v. **Bruce Stuart Rubinowicz, D.O.**) is summarized in Exhibit 1 (Cost Summary Report), which is attached hereto.
- 7) The itemized costs and expenses for DOH case number **2017-22792** (Department of Health v. **Bruce Stuart Rubinowicz, D.O.**) is detailed in Exhibit 2 (Itemized Cost Report and Itemized Expense Report and receipts), which is attached to this document.
- 8) The itemized costs as reflected in Exhibit 2 are determined by the following method: DOH employees who work on cases daily are to keep track of their time in six-minute increments (e.g., investigators

and lawyers). A designated DOH employee in the Consumer Services Unit, Legal Department, and in each area office, inputs the time worked and expenses spent into the Time Tracking System. Time and expenses are charged against a state health care Board (e.g., Florida Board of Medicine, Florida Board of Dentistry, Florida Board of Osteopathic Medicine), and/or a case. If no Board or case can be charged, then the time and expenses are charged as administrative time. The hourly rate of each employee is calculated by formulas established by the Department. (See the Itemized Cost Report)

- 9) Shane Walters, first being duly sworn, states that he has read the foregoing Affidavit and its attachments and the statements contained therein are true and correct to the best of his knowledge and belief.

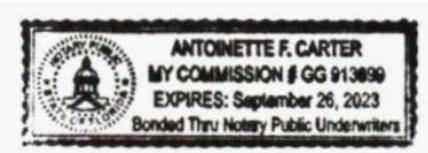

FURTHER AFFIANT SAYETH NOT.

STATE OF FLORIDA  
DEPARTMENT OF HEALTH

DEPARTMENT OF HEALTH,

Petitioner,

DOH CASE NO. 2017-22792

v.

BRUCE RUBINOWICZ, D.O.,

Respondent.

---

AFFIDAVIT OF OUTSIDE ATTORNEY REGARDING COSTS

Daniel R. Russell, being duly sworn on oath, deposes and says:

1. I am an attorney at law duly authorized to practice in the State of Florida and have been active in the practice of law in Florida since March 21, 2009. My Curriculum Vitae is attached as Exhibit 1 hereto.

2. I am personally familiar with the fees usually and customarily awarded to attorneys for legal services in administrative proceedings of the kind and nature of the captioned case.

3. I am familiar with Rule 4-1.5(b) of the Rules Regulating the Florida Bar, and have taken such into consideration in forming my opinion in this matter, the factors set forth therein for the determination of reasonable attorney's fees.

4. I am also familiar with, and have considered in forming my opinion in this matter, the Florida Supreme Court in the case of *Florida Patient's Compensation Fund vs. Rowe*, 472 So.2d 1145 (Fla. 1985) relating to the determination of reasonable attorney's fees.

5. I have reviewed the file of the Department of Health (the Department) in relation to this case.

6. I have reviewed the Department's "Time Tracking System Itemized Cost by Complaint" for the case referenced herein, which is among the attachments to the Motion to Assess Costs. I have only reviewed and analyzed the time entries for the Prosecution Services Unit.

7. Based on my review of these documents, it is my understanding that the Department is seeking to recover \$3,314.17 for its attorney time and other costs related to the prosecution of this case.

8. Based on the above, and on my years in legal practice and my experience in this area of legal practice, it is my opinion that the hourly rates for the Department's prosecuting attorneys used in this case are within or below the reasonable and customary range for attorney time spent on cases of this type.

9. Based on the above, and on my years in legal practice and my experience in this area of legal practice, it is my opinion that the total number of attorney hours for which the Department of Health seeks recovery in this case is within the range of time customarily spent on cases of this type and is a reasonable total number of attorney hours for this case.

10. Based on the above, and on my years in legal practice and my experience in this area of legal practice, it is my opinion that the total amount of costs sought to be recovered for attorney time and other costs of prosecution in this case is a reasonable amount in a case of this type.

11. It is my understanding that the Department is moving to recover a total of \$3,314.17 in attorney time and costs in relation to this case.

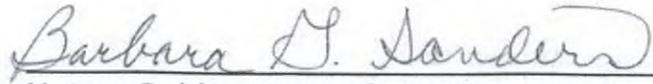

12. Based on the above, and on my years in legal practice and my experience in this area of legal practice, it is my opinion that items of expense are reasonable for a case of this type, and that the total amount

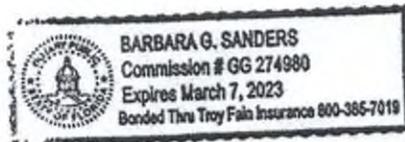

of expenses sought to be recovered in this case is a reasonable amount for a case of this type.

**AFFIDAVIT OF ATTORNEY CORYNN ALBERTO IN SUPPORT OF AN  
ASSESSMENT FOR ATTORNEY TIME COSTS**

Before me, the undersigned authority, personally appeared, Corynn Alberto, who upon first being duly sworn on oath, deposes and says:

1. I am an attorney at law duly authorized to practice in the State of Florida and have been active in the practice of law in Florida since 2009.
2. I have worked as an attorney in the Prosecution Services Unit of the Department of Health for the State of Florida and in that capacity I have prosecuted the captioned case. I am sometimes identified in documents relating to the recording of my time by the code HLL122A.

3. I have reviewed the file in this case and the Itemized Cost Report attached to Exhibit A of the Motion to Assess Costs in Accordance with section 456.072(4), Florida Statutes.

4. Based on all of the above, I have determined that the number of hours I expended in the prosecution of this case is recorded accurately, was incurred appropriately, and is reasonable for this type of case.

DATED this 22<sup>nd</sup> day of **June** 2020.

STATE OF FLORIDA  
BOARD OF OSTEOPATHIC MEDICINE

DEPARTMENT OF HEALTH,  
PETITIONER,

VS.

CASE NO: 2018-14830

ALEXANDRU BURDUCEA, D.O.  
RESPONDENT.

**NOTICE OF HEARING**

TO: Alexandru Burducea, D.O.  
300 Arleigh Road  
Douglaston, New York 11363

**PLEASE TAKE NOTICE** that a disciplinary hearing will be heard before the Board of Osteopathic Medicine on Friday, August 21, 2020, commencing at 9:00 a.m. You are **NOT REQUIRED** to be present at this meeting. This hearing will take place by video conference <https://global.gotomeeting.com/join/793180125> or you may call-in to attend the meeting. The conference number is 1-866-899- 4679 and the access code is 793-180-125.

**The purpose of the hearing is to consider a motion for: Voluntary Relinquishment**

**Note:** Cases shown on the agenda may be heard in a different order. Cases are scheduled beginning at 9:00 a.m.; therefore, it is imperative that you call in promptly and be prepared to be at the meeting until your case is heard. If you have any questions regarding this matter, please contact Sarah Corrigan at (850) 245-4444 or by e-mail at [Sarah.Corrigan@flhealth.gov](mailto:Sarah.Corrigan@flhealth.gov).

A copy of the agenda may be obtained a week prior to the meeting by visiting our website at <http://floridasosteopathicmedicine.gov/meeting-information/>

**CERTIFICATE OF SERVICE**

I HEREBY CERTIFY that a true and correct copy of the above and foregoing Notice of Hearing has been forwarded by U.S. Mail to the above address(es) this 28<sup>th</sup> day of July 2020.

**Total Number of Cases Older Than One Year: 58 (+9)**

**Thank you. The Department is continuing to move forward with its goal of reducing the number of cases older than one year. At this time, the Department requests that the Board entertain a motion to allow us to continue to prosecute all cases which are older than one year.**

# FLORIDA | Board of Osteopathic Medicine

June 22, 2020

**DRAFT MEETING MINUTES**  
**Board of Osteopathic Medicine**  
**Teleconference Business Meeting**  
**June 22, 2020**  
**1:00 p.m.**

The meeting was called to order by Dr. Joel Rose, Chair, at approximately 1:00 p.m.

Those present for all or part of the meeting included the following:

**MEMBERS PRESENT:**

Joel B. Rose, DO, Chair  
Sandra Schwemmer, DO, Vice-Chair  
Anna Hayden, DO  
Bridget Bellingar, DO.  
Valerie Jackson, Consumer Member  
Michelle R. Mendez, DO

**BOARD STAFF PRESENT:**

Kama Monroe, Executive Director  
Carol Taylor, Program Administrator

**PROSECUTION SERVICES ATTORNEYS:**

None

**BOARD COUNSEL**

Donna McNulty, Board Counsel  
Nancy Murphy, Paralegal

**COURT REPORTER:**

For the Record Reporting  
(850) 222-5491

**OTHERS PRESENT:**

None

*Please note that the meeting minutes reflect the actual order that agenda items were discussed during the meeting and may differ from the agenda outline.*

Executive Director Kama Monroe announced that the governor signed SB218 on June 20, 2020. As a result, thirty-two (32) agenda items previously on the agenda, agenda items 5-37, were licensed and removed from the agenda. Individuals on the call for agenda items 5-37 were informed that they did not need to remain on the call.

Board counsel, Donna McNulty provided an advisement to the applicants, appearing before the board, that they have an obligation to be truthful in their representations and failure to do so could result in discipline.

## **APPLICANTS**

### **APPLICANTS FOR OSTEOPATHIC MEDICINE RESIDENT REGISTRATIONS**

**TAB 1:** Crystal Coleman, D.O., File #6082

Applicant was present. Applicant was not represented by counsel.

**Action Taken:** After discussion, Dr. Hayden moved to approve the application. Dr. Bellingar seconded the motion. Motion carried.

**TAB 2:** Jared Herman, D.O. File #6636

Applicant was present. Applicant was represented by Parker Eastin.

**Action Taken:** After discussion, Dr. Hayden moved to approve the application after thoughtful review of the documentation provided by Dr. Jeffrey Danziger. Dr. Bellingar seconded the motion. Motion carried.

**TAB 3:** Kyle Risos, D.O., File #7574

Applicant was present. Applicant was not represented by counsel.

Applicant waived ninety-day requirement for board to act on the record.

Dr. Polles, a representative of the Professionals Resource Network (PRN) provided information to the applicant and offered to speak to his residency program on his behalf.

**Action Taken:** After discussion, Dr. Schwemmer moved to continue the item for six months to allow the applicant time to obtain a PRN evaluation and submit it for review by the board chair and for the board to delegate authority to the board chair to review the evaluation and either approve or require attendance at the next board meeting. Dr. Hayden seconded the motion. Motion carried.

## **RULE DISCUSSION**

**TAB 38:** Rule 64B15-13.001 Continuing Education for Biennial Renewal

After discussion:

Motion: by Dr. Schwemmer, seconded by Dr. Bellingar, to proceed with rulemaking. Motion carried.

Motion: by Dr. Hayden, seconded by Dr. Schwemmer, that the proposed changes will not make an adverse impact on small business and proposed changes would not directly or indirectly increase regulatory costs to any entity including the government in excess of \$200,000.00 in aggregate in Florida within one year after the implementation of the rule. No SERC is needed, and no legislative ratification is needed. Motion carried.

Motion: by Dr. Schwemmer, seconded by Dr. Mendez to find that a violation of this rule or any part of this rule would not be considered a minor violation. Motion carried.

Motion: by Dr. Rose, seconded by Dr. Mendez to not add a sunset provision to this rule as the modification to the rule is only effective for one biennial period. Motion carried.

**TAB 39: Rule 64B8-31.003/64B15-7.003 (AA Applications)**

Motion: by Dr. Schwemmer, seconded by Dr. Bellingar, to table. Motion carried.

**TAB 40: Rule 64B8-30.003/64B15-6.003 (PA Applications)**

Motion: by Dr. Schwemmer, seconded by Dr. Hayden, that the proposed language in Rule 64B15-6.003 proceed with rulemaking pending the bill being signed into law. Motion carried.

Motion: by Dr. Hayden, seconded by Dr. Schwemmer, that the proposed changes will not make an adverse impact on small business and proposed changes would not directly or indirectly increase regulatory costs to any entity including the government in excess of \$200,000.00 in aggregate in Florida within one year after the implementation of the rule. No SERC is needed, and no legislative ratification is needed. Motion carried.

Motion: by Dr. Schwemmer, seconded by Dr. Rose to not add a sunset provision to this rule. Motion carried.

**TAB 41: Rules 64B8-30.005/64B15-6.0035 (PA licensure renewal and reactivation).**

Board Chair, Joel Rose took a moment prior to addressing tab 41 to thank several individuals for their assistance in getting SB218 signed into law. He further reminded board members of the upcoming Board of Pharmacy Joint Committee meeting on June 25, 2020 and asked that members provide any comments to the board office.

Motion: by Dr. Schwemmer, seconded by Dr. Hayden, to table agenda item 41. Motion carried.

**ADJOURN**

Motion: by Dr. Hayden, to adjourn the meeting.

Seconded by: Dr. Mendez.

Meeting adjourned at 1:54 pm.

**Next Meeting: August 21, 2020**

**9 a.m.**

## **TAB 1: Discussion of Board of Pharmacy's Draft Rules Related to HB389 Informational Materials for Review for Discussion**

Board Chair, Dr. Joel Rose, called the meeting to order and welcomed all attendees.

Program Administrator, Carol Taylor, noted that the purpose of the meeting was to discuss House Bill 389 (HB 389). Dr. Rose provided a brief overview of HB 389 and the items the board would discuss.

Dr. Rose asked for volunteers from the Osteopathic board who would be interested in serving as the board's second member of the joint committee with the Board of Pharmacy and the Board of Medicine. He also stated that he would serve as the first member. The first Joint Committee meeting is scheduled for June 25, 2020.

Dr. Bellinger nominated Dr. Mendez to serve as the second member of the Joint Committee. Dr. Hayden seconded the nomination. The nomination passed.

Direction was given to the board to provide any comments or questions they might have, following the meeting, to the Board of Osteopathic Medicine board office.

Discussion ensued with input from the board and meeting attendees. Discussion included the desire from an attendee, that there be a single standard of care that is no less than the standard currently in place. There was a further desire that the term "interactive computer based" when discussing a course, be better defined. Several questions and comments arose during discussion of Rule 64B16-0035. A desire to see in rule something that specifies what modification entails was conveyed. Discussion regarding the Collaborative Agreement resulted in much input from all present, including concerns with HIPAA compliance. Board of Pharmacy board counsel noted HIPAA concerns would be further discussed at the June 25<sup>th</sup> joint meeting. In discussion of test and treat, there was concern that movement forward should be in a safe and responsible manner. Much discussion entailed regarding concerns with sharing of information, records, and a failure to specify which board when referencing the board. This discussion generated much input and many concerns.

Direction was again provided for osteopathic physicians to provide comments or questions to Board of Osteopathic Medicine board office and for medical physicians to provide comments or questions to Board of Medicine board staff.

A Joint Committee Meeting with representation from the Board of Osteopathic Medicine, Board of Pharmacy and Board of Medicine is scheduled for June 25, 2020.

### **ADJOURN**

Motion: by Dr. Hayden, to adjourn the meeting.  
Meeting adjourned at 2:00 pm.

**Action Taken:** After discussion, Dr. Hayden moved to accept the good cause shown for Tabs 20 through 69, 71, 72, and 107 through 109 and approve the applications. Dr. Bellinger seconded the motion. Motion carried.

## **DISCIPLINARY CASES**

### **WITHDRAWN VOLUNTARY RELINQUISHMENTS**

**WITHDRAWN TAB 1:** VR-01 Jacob Matthew McClean, D.O., 2019-26585 (MT)

This matter was withdrawn.

### **SETTLEMENT AGREEMENTS**

**TAB 3:** SA-02 Varnesh Ramesh Patel, D.O., Case #2016-29915

*PCP: Moran/Janson*

Respondent was present. Respondent was represented by counsel Michael LeRoy.

Corynn Alberto represented the Department and presented the case to the Board. Allegations of the Administrative Complaint: violation of Section 459.015(1)(x), Florida Statutes (2012), for committing medical malpractice; violation of Section 459.015(1)(t), Florida Statutes (2012), for prescribing, dispensing, administering, mixing, or otherwise preparing a legend drug, including any controlled substance, other than in the course of the physician’s professional practice; and Section 459.015(1)(o), Florida Statutes (2012), for failing to keep legible medical records that identify the licensed osteopathic physician or the osteopathic physician extender and supervising osteopathic physician by name and professional title who is or are responsible for rendering, ordering, supervising, or billing for each diagnostic or treatment procedure and that justify the course of treatment of the patient.

The terms of the settlement agreement are: Appearance; Reprimand: fifteen thousand dollar (\$15,000.00) fine to be paid within thirty days from the date of the filing of the Final Order; and reimbursement of costs for the investigation and prosecution of this case in the amount of two thousand nine hundred and fifteen dollars and seventy-five cents (\$2915.75) but not to exceed four thousand nine hundred and fifteen dollars and seventy-five cents (\$4915.75) to be paid within thirty days from the filing of the Final Order; completion of a FMA Laws and Rules course, or board approved equivalent; completion of the UF drug prescribing course, or board approved equivalent; completion of a FMA sponsored medical records course, or board approved equivalent; and completion of five hour Risk Management Course; all CMEs to be taken within thirty days of filing of Final Order; and Probation of License with conditions.

After discussion:

Motion: by Dr. Hayden, seconded by Dr. Schwemmer, to reject the settlement agreement. Motion passed unanimously.

After reconsideration:

The board offered a counter-offer to the settlement which included the terms of the original agreement with the following amendments: the fine and costs in paragraphs two and three are due within twelve months of

the filing of the Final Order: the costs set forth in paragraph three are three thousand four hundred ninety-one dollars and thirty-seven cents (\$3491.37); the continuing education set forth in paragraphs four through seven can be completed via distance learning format if approved by the board chair; paragraph eight, subsection g(1)(2) is modified to reflect the required quarterly reports of the Respondent and monitor are to be submitted to the board chair via the board's compliance monitor; and paragraph eight, subsection (h)(1) is modified to replace the first sentence with the following: "Review 100% of Respondent's patient records who have been prescribed Schedule II through IV controlled substances, excluding buprenorphine for the purpose of treatment of opioid use disorder, for the purpose of ascertaining whether Respondent is appropriately prescribing controlled substances." Respondent shall have fourteen days from the filing of the Final Order to accept.

Motion: by Dr. Hayden, seconded by Dr. Bellingar, to extend the counteroffer to the Respondent. Motion passed unanimously.

**TAB 4: SA-03 Janet S. Pettyjohn, D.O., Case #2013-18131 & 2018-08911**

*PCP: Andriole & Janson & Andriole & Hayden*

Respondent was present. Respondent was not represented by counsel.

Dr. Hayden was recused due to participation on the probable cause panel.

Dr. Bellingar disclosed knowing Dr. Pettyjohn, but indicated for the record she could be impartial in her review of this matter.

Jamal Burke represented the Department and presented the case to the Board. Allegations of the Administrative Complaint: violation of Section 459.015(1)(x), Florida Statutes (2011-2013), for committing medical malpractice; violation of Section 459.015(1)(t), Florida Statutes (2011-2013), for prescribing, dispensing, administering, mixing, or otherwise preparing a legend drug, including any controlled substance, other than in the course of the physician's professional practice; and violation of Section 459.015(1)(o), Florida Statutes (2011-2013), for failing to keep legible medical records that identify the licensed osteopathic physician or the osteopathic physician extender and supervising osteopathic physician by name and professional title who is or are responsible for rendering, ordering, supervising, or billing for each diagnostic or treatment procedure and that justify the course of treatment of the patient.

The terms of the settlement agreement are: Appearance; Letter of Concern; fifteen thousand dollar (\$15,000.00) fine to be paid within one hundred eighty days from the date of the filing of the Final Order; and reimbursement of costs for the investigation and prosecution of this case in the amount of seven thousand five hundred sixty two dollars and two cents (\$7562.02) to be paid within one hundred eighty days from the date of the filing of the Final Order; Respondent's practice shall be permanently restricted from Prescribing/Ordering any substances listed in Schedules 1-IV; completion of a board approved medical records course within one year from the date of the filing of the Final Order.

After discussion:

Motion: by Dr. Schwemmer, seconded by Dr. Bellingar, to reject the settlement agreement. Motion passed unanimously.

After consideration:

The board offered a counter-offer to the settlement which included the terms of the original agreement with the following amendments: all references to the "Board's Probation Committee" shall be changed to the "Board"; the fine and costs in paragraphs two and three are due within twelve months of the filing of the Final Order: the practice restriction paragraph deleted and rewritten to include, but not be limited to,

practice shall be restricted from Prescribing/Ordering any substances listed in Schedule II, Respondent may petition and is required to appear before the Board to lift the controlled substance restriction after demonstrating to the Board successful completion of the University of Florida Drug Course, or a Board-approved equivalent. The continuing education can be completed via distance learning format; Respondent's license shall be placed on Probation with conditions immediately following the lifting of the controlled substance restriction; the records course in paragraph five can be completed via distance learning format. Respondent shall have fourteen days from the filing of the Final Order to accept.

Motion: by Dr. Mendez, seconded by Dr. Bellingar, to extend the counteroffer to the Respondent. Motion passed unanimously.

**TAB 5: SA-04 Juan Carlos Castaneda, D.O., 2019-24828 (AP)**

*PCP: Moran & Hayden*

Respondent was present. Respondent was represented by counsel Jonathan Meltz.

Dr. Hayden was recused due to participation on the probable cause panel.

Andrew Perrin represented the Department and presented the case to the Board. Allegations of the Administrative Complaint: violation of Section 456.072(1)(x), Florida Statutes (2018), for failing to report to the board, in writing, within thirty days of entering a plea of nolo contendere to a crime.

The terms of the settlement agreement are: Appearance; Letter of Concern; two thousand dollar (\$2000.00) fine to be paid within thirty days from the filing of the Final Order; and reimbursement of costs for the investigation and prosecution of this case in the amount of two thousand eight hundred and one dollars and forty-four cents (\$2801.44) but not to exceed four thousand eight hundred and one dollars and forty-four cents (\$4801.44) to be paid within thirty days from the filing of the Final Order; and document completion of a board approved laws and rules course within one year of filing of the Final Order.

The settlement agreement was verbally amended to reflect the fine and costs in paragraphs two and three are to be paid within twelve months of the filing of the Final Order; and the laws and rules course in paragraph four can be taken, via distance learning format if approved by the board. Additionally, the reference to the appropriations committee is changed to the board.

The costs are three thousand eight hundred sixty-nine dollars and eight-four cents (\$3,869.84).

Respondent accepted the verbal amendment on the record.

After discussion:

Motion: by Dr. Bellingar, seconded by Dr. Mendez, to accept the settlement agreement as verbally amended. Motion passed unanimously.

**TAB 6: SA-05 Bruce H. Grossinger, D.O., 2016-26465 (SC)**

*PCP: Moran & Hayden*

Respondent was present. Respondent was represented by qualified representative, James Kutz.

Motion: by Dr. Bellingar, seconded by Dr. Schwemmer, to approve the motion for James Kutz to appear before the board as Dr. Grossinger's qualified representative in this matter.

Dr. Hayden was recused due to participation on the probable cause panel.

Sarah Corrigan represented the Department and presented the case to the Board. Allegations of the

Administrative Complaint: violation of Section 459.015(1)(b), Florida Statutes (2016), by having a license or the authority to practice osteopathic medicine revoked, suspended, or otherwise acted against, including the denial of licensure, by the licensing authority of any jurisdiction, including its agencies or subdivisions.

The terms of the settlement agreement are: Appearance; letter of concern; one thousand dollar (\$1000.00) fine to be paid within thirty days from the filing of the Final Order; and reimbursement of costs for the investigation and prosecution of this case in the amount of eight hundred and six dollars and ninety-four cents (\$806.94) not to exceed two thousand eight hundred and six dollars and ninety-four cents (\$2806.94) to be paid within thirty days from the filing of the Final Order.

The costs for the investigation and prosecution of the case are one thousand thirty-five dollars and eighty-seven cents (\$1035.87).

After discussion:

Motion: by Dr. Bellingar, seconded by Dr. Mendez, to accept the settlement agreement. Motion passed unanimously.

**Dr. Bellingar was excused from the remainder of the meeting.**

**TAB 2:** SA-01 Tara N. Dennis, D.O., 2019-12921 (GCH)

*PCP: Moran & Bellingar*

Respondent was present. Respondent was represented by counsel Dennis Cassidy.

Dr. Bellingar was recused due to participation on the probable cause panel.

Gerald Henley represented the Department and presented the case to the Board. Allegations of the Administrative Complaint: violation of Section 459.015(1)(t), Florida Statutes (2018), for prescribing, dispensing, administering, mixing, or otherwise preparing a legend drug, including any controlled substance, other than in the course of the physician's professional practice; violation of Section 459.015(1)(m), Florida Statutes (2018), for making deceptive, untrue, or fraudulent representations in or related to the practice of osteopathic medicine or employing a trick or scheme in or related to the practice of osteopathic medicine; violation of Section 459.015(1)(u), Florida Statutes (2018), for prescribing or dispensing any medicinal drug appearing on any schedule set forth in chapter 893 by the osteopathic physician for himself or herself unless such drug is prescribed for the osteopathic physician by another practice authorized to prescribe medicinal drugs; and violation of Section 459.015(1)(kk), Florida Statutes (2018), for improperly interfering with an investigation or with any disciplinary proceeding.

The terms of the settlement agreement are: Appearance; Reprimand: ten thousand dollar (\$10,000.00) fine to be paid within four years from the date of the filing of the Final Order; and reimbursement of costs for the investigation and prosecution of this case in the amount of three thousand seven hundred sixty five dollars and thirty cents (\$3765.30) to be paid within four years from the date of the filing of the Final Order; completion of a two hour FOMA-Prescribing Controlled Substances course and a five hour course in Medical Ethics for Physicians; Suspension of Licensure until Respondent undergoes an evaluation by the Professional Resource Network (PRN) and complies with any and all terms and conditions imposed by PRN as a result of said evaluation; Probation with conditions.

Costs for the investigation and prosecution of the case are two thousand fifty-eight dollars and twelve cents (\$2058.12).

Motion: by Dr. Hayden, seconded by Dr. Mendez, to reject the settlement agreement. Motion passed unanimously.

After consideration:

The board offered a counter-offer to the settlement which included the terms of the original agreement with the following amendments: all references to the "Board's Probation Committee" shall be changed to the "Board"; The entities in paragraph three providing the CME in the first sentence are replaced as follows: "The Respondent shall enroll in and successfully complete courses in University of Florida – Prescribing Controlled Substances Course (2 hours) and the Florida Medical Association's Medical Ethics for Physicians (5 hours); the CME can be completed via distance learning; and the suspension language in paragraph three and four will be replaced to state: These paragraphs are replaced with the following SUSPENSION language: "Respondent's license to practice osteopathic medicine in the State of Florida is hereby SUSPENDED until such time as she demonstrates the ability to practice osteopathic medicine with reasonable skill and safety. Such demonstration of skill and safety shall include an evaluation by the Professionals Resource Network, Inc. (PRN). The Respondent shall appear before the Board with said PRN evaluation, and the Board shall make the determination of whether the Respondent is safe to practice osteopathic medicine with reasonable skill and safety. The Board retains jurisdiction in this matter to impose terms and conditions upon reinstatement of Respondent's license, including but not limited to, a period of probation with said terms and conditions to be set at the time of reinstatement."

Motion: by Dr. Hayden, seconded by Dr. Mendez, to extend the counteroffer to Respondent. Motion passed.

Dr. Dennis accepted the counteroffer on the record.

#### **WITHDRAWN INFORMAL HEARING**

**WITHDRAWN TAB 7:** IH-01 Christopher Devine, D.O., 2018-15888 (CS)  
*PCP: Andriole & Hayden*

This matter was withdrawn.

#### **WITHDRAWN DETERMINATION OF WAIVER**

**WITHDRAWN TAB 8:** DOW-01 Bradley Bastow, D.O., 2017-09882 (CS)  
*PCP: Andriole & Hayden*

This matter was withdrawn.

#### **TAB 9 - PROSECUTION SERVICES REPORT**

Sarah Corrigan presented the prosecution services report. Ms. Corrigan requested the Board consider allowing PSU to continue to prosecute cases that are a year and older.

Motion: by Dr. Hayden, seconded by Dr. Mendez, to allow PSU to continue prosecuting cases one year and older. Motion carried.

#### **REVIEW AND APPROVAL OF MINUTES**

**TAB 10:** April 20, 2020 Teleconference Meeting Minutes

Motion: by Dr. Hayden, seconded by Dr. Schwemmer, to accept the minutes.  
Motion carried.

**TAB 11:** March 25, 2020 Teleconference Meeting Minutes

Motion: by Dr. Hayden, seconded by Dr. Schwemmer, to accept the minutes.  
Motion carried.

**TAB 13:** November 15, 2019 Meeting Minutes

Motion: by Dr. Hayden, seconded by Dr. Schwemmer, to accept the minutes.  
Motion carried.

**TAB 12:** February 28, 2020 Meeting Minutes

Motion: by Dr. Hayden, seconded by Dr. Schwemmer, to accept the minutes.  
Motion carried.

## **PROBATION AND COMPLIANCE REVIEW**

### **PETITION FOR TERMINATION OF PROBATION**

**Withdrawn TAB 14:** Scott David Yagger, D.O., Case #2012-14325

This matter was withdrawn from the agenda.

### **REQUEST FOR MODIFICATION OF FINAL ORDER**

**TAB 15:** Katie Erin Drake, D.O., Case #2017-03630

Licensee was present.

Licensee presented her request.

Motion: by Dr. Hayden, seconded by Dr. Mendez, to approve the request to for licensee take the California drug course as a substitute for the UF course identified in the Final Order and to allow her to take the risk management course via distance learning. Motion carried.

## **PETITION OF TERMINATION OF LICENSURE CONDITION**

**TAB 16:** Ty Reso Anderson, D.O., File #14603

Licensee was present. Licensee was represented by attorney, Ed Bayo, Esq.

Mr. Bayo presented Dr. Anderson's petition to the board. The petition requested the lifetime PRN monitor agreement required by the Notice of Intent to License with Conditions filed in 2018 be terminated.

After discussion:

Motion: by Dr. Hayden, seconded by Dr. Mendez, to continue the petition to the next regularly scheduled board meeting. Motion carried.

## **REQUIRED APPEARANCE FOR SECOND YEAR OF PROBATION**

**TAB 18:** Ty Reso Anderson, D.O., File #14603

Licensee was present.

Motion: by Dr. Schwemmer, seconded by Dr. Hayden, to accept appearance as satisfaction of required appearance for second year of probation. Motion carried.

## **REQUEST FOR APPROVAL OF MONITOR**

**TAB 17:** Ty Reso Anderson, D.O., File #14603

Licensee was present. Licensee's temporary monitor Dr. McAlister was present.

Motion: by Dr. Hayden, seconded by Dr. Mendez, to permanently approve Dr. McAlister as monitor for Dr. Anderson. Motion carried.

## PETITION FOR EXTENSION OF TIME TO PASS COMVEX

**TAB 19** Holly Beth Healey, D.O., File #15964

Applicant was present.

After discussion:

Motion: by Dr. Schwemmer, seconded by Dr. Hayden, to approve Dr. Healey's request for an extension of time to pass the COMVEX, and to exceed the extension date to pass the COMVEX to June 15, 2021.

## APPLICANTS

### APPLICANTS FOR FULL LICENSURE

**TAB 70:** Raj Vishnagara, D.O., File #16562

Applicant was present. Applicant was not represented by counsel

**Action Taken:** After discussion, Dr. Schwemmer moved to approve the application. Dr. Mendez seconded the motion. Motion carried.

**TAB 73:** Lee L. Gibson, D.O., File #16543

Applicant was present. Applicant was not represented by counsel.

After discussion: Applicant did not complete requirements of previous Final Order. Applicant to complete requirements prior to issuance of license.

**Action Taken:** After discussion, Dr. Schwemmer moved to issue a Notice to Approve License with the Condition that prior to issuance of license the applicant satisfies the two outstanding requirements from previous Final Order within six months; the continuing education can be completed via long distance learning. Dr. Hayden seconded the motion. Motion carried.

**TAB 74:** Lynn Buchanan, D.O., File #16593

Applicant was present. Applicant was not represented by counsel

**Action Taken:** After discussion, Dr. Hayden moved to approve the application. Dr. Schwemmer seconded the motion. Motion carried.

**TAB 75:** Reuven Ha Cohen, D.O., File #16230

Applicant was present. Applicant was not represented by counsel

**Action Taken:** After discussion, Dr. Schwemmer moved to deny the application based on actions taken in other jurisdictions, California, New York, and Illinois. Dr. Hayden seconded the motion. Motion carried.

### APPLICANTS FOR OSTEOPATHIC MEDICINE RESIDENT REGISTRATIONS

**TAB 76:** Carroll Niles Phillips, File #7268

Applicant was present. Applicant was not represented by counsel

**Action Taken:** After discussion, Dr. Hayden moved to approve the application. Dr. Schwemmer seconded the motion. Motion carried.

**TAB 77:** Shaan Deepak Sadhwani, D.O., File #7251

Applicant was present. Applicant was not represented by counsel

**Action Taken:** After discussion, Dr. Hayden moved to approve the application conditioned upon receipt of a copy of diploma. Dr. Schwemmer seconded the motion. Motion carried.

**TAB 78:** Adam Ebrahim Shahsavari, D.O., File #7167  
Applicant was present. Applicant was not represented by counsel.

Dr. Jacobs appeared for PRN and provided an update.

After discussion:  
Applicant waived the ninety-day requirement for the board to act on the application on the record.

**Action Taken:** After discussion, Dr. Schwemmer moved to table the application for six months, the board delegates authority to the chair to review the PRN evaluation and any recommendations and compliance thereof; if everything is satisfactory to the board chair, the chair may approve the application; if there are any concerns the application will be brought back to the full board for review. Dr. Hayden seconded the motion. Motion carried.

## **RATIFICATION OF LICENSURE**

**TAB 79:** 1901 - Osteopathic Physician licenses issued 2.1.2020 through 4.30.20  
Motion: by Dr. Rose, seconded by Dr. Schwemmer, to ratify the 188 full license numbers 16551 through 16738, issued 2.1.2020 through 4.30.20. Motion carried.

**TAB 80:** 1902 - Osteopathic Resident Initial Registrations issued 2.1.2020 through 4.30.20  
Motion: by Dr. Rose, seconded by Dr. Schwemmer, to ratify the 21 resident registration numbers 6935 through 6955, issued 2.1.2020 through 4.30.20. Motion carried.

**TAB 81:** 1901 - Osteopathic Physician licenses issued 11.1.2019 through 1.31.2020.  
Motion: by Dr. Rose, seconded by Dr. Schwemmer, to ratify the 123 resident registration numbers 16428 through 16550, issued 11.1.2019 through 1.31.2020. Motion carried.

**TAB 82:** 1902 - Osteopathic Resident Initial Registrations issued 11.1.2019 through 1.31.2020  
Motion: by Dr. Rose, seconded by Dr. Schwemmer, to ratify the 5 resident initial registration numbers 6930 through 6934, issued 11.1.2019 through 1.31.2020. Motion carried.

## **GENERAL DISCUSSION**

**TAB 83:** 1917- Osteopathic Physician Expert Witness certificate issued 2.1.2020 through 4.30.20  
(*information purposes only*)

**TAB 84:** Approved CE Providers issued 2.1.2020 through 4.30.20 (*informational purposes only*)

TABs 83 & 84 were placed on the agenda for informational purposes only. No action taken.

**TAB 85:** Final AAOE Briefing Book May 2, 2020

**TAB 86:** FSMB HOD Book Final 2020

Dr. Rose reported the Federation recently met by Zoom meeting, in which he participated. The meeting materials and the delegation handbook were provided for the board's perusal. He noted that the Osteopathic profession was well represented.

Executive Director, Kama Monroe provided an update on current training registrations issued.

**TAB 87:** Letter from Governor DeSantis-OFARR  
Board counsel reviewed the letter with the board, providing specific information regarding the sunset provisions portion.

After discussion:

Motion: by Dr. Schwemmer, seconded by Dr. Mendez, to delegate authority to the board chair to work with board counsel on a response to the governor's requests. Motion carried.

## **PUBLIC COMMENT**

There was no public comment.

## **BOARD COUNSEL REPORT - Donna McNulty, Esq.**

### **TAB 88: RULES REPORT**

May 2020 Rules Report

April 2020 Rules Report

March 2020 Rules Report

The rules reports were included on the agenda for the board's information. The board had no questions.

## **RULE DISCUSSION**

### **TAB 89: Rule 64B15-13.001 Continuing Education for Biennial Renewal**

This item was a roll over from February meeting specifically to discuss the Prevention of Medical Errors requirement for the biennial renewal as required by statute.

Motion: by Dr. Hayden, seconded by Dr. Schwemmer, to approve the proposed substitution of language: striking surgical complications/errors and pre-operative evaluations, including obtaining informed consent from paragraph (4)(d) and inserting failure to accurately diagnose cause of back and leg pain. Motion carried.

Motion: by Dr. Hayden, seconded by Dr. Schwemmer, that the proposed changes will not make an adverse impact on small business and proposed changes would not directly or indirectly increase regulatory costs to any entity including the government in excess of \$200,000.00 in aggregate in Florida within one year after the implementation of the rule. No SERC is needed, and no legislative ratification is needed. Motion carried.

Motion: by Dr. Schwemmer, seconded by Dr. Hayden to find that a violation of this rule or any part of this rule would not be considered a minor violation. Motion carried.

Motion: by Dr. Schwemmer, seconded by Dr. Hayden to not add a sunset provision to this rule as the rule is required by statute.

## **APPLICATIONS**

**TAB 90:** Rule 64B15-12.003 Application for Full Licensure

**TAB 92:** Rule 64B15-12.005 Application for Limited License

**TAB 93:** Rule 64B15-12.009 Application for Osteopathic Medical Faculty Certificate

**TAB 94:** Rule 64B15-12.010 Osteopathic Physician Application for Temporary Certificate for Practice in Area of Critical Need

**TAB 95:** Rule 64B15-12.011 Osteopathic Physician Application for Temporary Certificate for Active Duty Military and Veterans Practicing in Areas of Critical Need

**TAB 96:** Rule 64b15-22.004 Application for Initial & Renewal of Registration as Resident/Intern/Fellow Osteopathic Physician in Training

Executive director, Kama Monroe informed the board that the applications were on the agenda with updates for implementation for upcoming bills. Two bills that contain changes to allow ACGME internships. Additionally, changes need to be made regarding student loan history.

Board counsel, Ms. McNulty noted that the governor had not yet signed the bills in question and stated that the action requested at the instant meeting would be to open the rules for development and if the governor signs the bills, the board could move forward. Open for rule development, then move with rule notice once signed.

Motion: by Dr. Rose, seconded by Dr. Schwemmer, to open rule development for Rules 64B15-12.003, 64B15-12.005, 64B15-12.009, 64B15-12.010, 64B15-12.011, and 64B15-22.004, with rule notice to occur once the bill is signed.

Board counsel requested any public comment. There was no public comment.

Motion: by Dr. Hayden, seconded by Dr. Schwemmer, that the proposed changes will not make an adverse impact on small business and proposed changes would not directly or indirectly increase regulatory costs to any entity including the government in excess of \$200,000.00 in aggregate in Florida within one year after the implementation of the rule. No SERC is needed, and no legislative ratification is needed. Motion carried.

Motion: by Dr. Schwemmer, seconded by Dr. Mendez to find that a violation of this rule or any part of this rule would not be considered a minor violation. Motion carried.

Motion: by Dr. Schwemmer, seconded by Dr. Mendez to not add a sunset provision to this rule as the rule is required by statute to protect the citizens of the state of Florida.

Dr. Hayden agreed to serve as board expert for board staff during the updating applications process.

**TAB 91: Rule 64B15-16.002 Procedure**

Motion: by Dr. Hayden, Dr. Schwemmer, seconded to repeal Rule 64B15-16.002 contingent upon the signing of SB118 by the governor.

Motion: by Dr. Hayden, seconded by Dr. Schwemmer, that the proposed changes will not make an adverse impact on small business and proposed changes would not directly or indirectly increase regulatory costs to any entity including the government in excess of \$200,000.00 in aggregate in Florida within one year after the implementation of the rule. No SERC is needed, and no legislative ratification is needed. Motion carried.

**EXECUTIVE DIRECTOR REPORT - Kama Monroe, J.D., Executive Director**

**TAB 97: Legislative Update**

Executive director, Kama Monroe provided a legislative update to the board.

607 regarding the autonomous practice of nursing requires appointment by the chair of two individuals from the board who have worked with nurse practitioners. Rose and Mendez will serve on the committee.

**TAB 98: BOARD CHAIR REPORT – Joel D. Rose, DO**

The board chair expressed his gratitude to everyone for participating in the meeting. He indicated a desire to use GoTo Meeting in future.

Dr. Rose provided topics for future discussion.

Ms. Janson was recognized for her service on the board. She will be recognized later.

**TAB 99: COMMITTEE MEETING UPDATES - Joel Rose, D.O.**

**Anesthesiology Assistants Committee**

There was a meeting.

**Council on Physician Assistants Committee**

There has been a change to the composition of the council, which must go to the governor.

**Boards of Medicine and Osteopathic Medicine's Physician Certification Pattern Review Panel**

**Boards of Medicine and Osteopathic Medicine's Joint Committee on Medical Marijuana**

**Joint Office Surgery Committee**

**Joint Board Acute Pain Rule Committee**

**Telemedicine Subcommittee**

**Multi-Board Joint Committee on Controlled Substances**

There were not updates for the above committees/councils

**Pharmacist Prescribing Joint Committee**

**Pharmacy Controlled Substances Standards Committee**

As it relates to the Board of Pharmacy, an update was provided regarding HB 389.

**LIAISON REPORTS**

**TAB 100: BUDGET LIAISON REPORT – Anna Hayden, DO**

- a. Revenue Report
- b. Expenditures

There was an inquiry regarding the artificial intelligence expenditure. An update was provided regarding ELI.

An opinion was voiced that the funds will probably be swept next year.

**TAB 101: UNLICENSED ACTIVITY LIAISON REPORT – Sandra Schwemmer, DO**

Comments were made regarding recent changes including the expansion of pharmacists and nurse practitioner allowable tasks and the need for good communication with primary care physicians.

**TAB 102: HEALTHY WEIGHT LIAISON REPORT – Bridget Bellingar, DO**

Dr. Bellingar was no longer present to provide update.

**TAB 103: Legislative Liaison: Joel Rose, DO**

Nothing new.

**TAB 104: OLD BUSINESS**

There was no old business.

**NEW BUSINESS**

**TAB 105: FLDOH Renewal Ready Course**

Ms. Monroe provided a summary.

**TAB 106: Criminal History Matrix**

Motion: by Dr. Hayden, seconded by Dr. Mendez to approve the matrix. Motion carried.

## **ADJOURN**

Motion: by Dr. Bellingar, to adjourn the meeting.

Seconded by: Dr. Schwemmer.

Meeting adjourned at 1:35 pm.

**Next Meeting: June 22, 2020**

**1 p.m.**

**Teleconference**

DRAFT

STATE OF FLORIDA  
DEPARTMENT OF HEALTH  
BOARD OF OSTEOPATHIC MEDICINE

IN RE:

Petition for Declaratory Statement of  
Florida Osteopathic Medical Association, Inc.,  
RONALD JOSEPH RENUART SR, D.O., Florida  
Society of the American College of Osteopathic  
Family Physicians, Inc., The Florida Medical  
Association, The Florida Academy of  
Family Physicians, Inc., The Florida  
Chapter of the American Academy of  
Pediatrics, Inc., The Florida Chapter of the  
American College of Physicians, Inc., and  
The Florida Society of Dermatologists and  
Dermatologic Surgeons, Inc.

Case No. \_\_\_\_\_

\_\_\_\_\_ /

**PETITION FOR DECLARATORY STATEMENT**

Petitioners, the Florida Osteopathic Medical Association, Inc. ("FOMA"), RONALD JOSEPH RENUART, SR. D.O., The Florida Society of the American College of Osteopathic Family Physicians ("FSACOF"), The Florida Medical Association, Inc. ("FMA"), and The Florida Academy of Family Physicians, Inc. ("FAFP"), The Florida Chapter of the American Academy of Pediatrics, Inc. ("FCAAP"), The Florida Chapter of the American College of Physicians, Inc. ("FCACP"), and The Florida Society of Dermatologists and Dermatologic Surgeons, Inc. ("FSDDS"), by and through undersigned counsel and pursuant to Section 120.565, Florida Statutes, and Chapter 28-105, Florida Administrative Code, petition the Florida Board of Osteopathic Medicine for a Final Order setting forth a declaratory statement on the facts and law presented herein:

1. Petitioner the Florida Osteopathic Medical Association (FOMA) is a Florida-based professional trade organization comprised of nearly 7,500 Florida osteopathic physicians, each of whom practices medicine, including the prescription and administration of aesthetic fillers, and would be entrusted with providing the supervision required by the Petition. The FOMA acts on behalf of its members by representing their common interests before the various governmental entities of the State of Florida, including the Department of Health and the Board of Osteopathic Medicine.
2. FOMA's address, phone number and facsimile number are as follows:  
2544 Blairstone Pines Drive, Tallahassee, FL 32301  
(850) 878-7363; Facsimile: (850) 942-7538

Email: [admin@foma.org](mailto:admin@foma.org)

3. Petitioner FOMA legal counsel's name, address, phone number, facsimile number, and email are Jason Winn, Esq., 2709 Killarney Way, Suite 4, Tallahassee FL 32309. (850) 222-7199. Facsimile (850) 222-1562. Email: [jwinn@jwinnlaw.com](mailto:jwinn@jwinnlaw.com).
4. Petitioner Ronald Joseph Renuart, Sr., D.O., is an osteopathic physician licensed in Florida. Dr. Renuart, routinely performs pelvic examinations on his patients.
5. Petitioner FSACOFPP is a professional association dedicated to serving over 400 osteopathic physicians in Florida, located at 2544 Blairstone Pines Drive, Tallahassee, FL 32301; (850) 907-6851. The FSACOFPP acts on behalf of its members by representing their common interests before the various governmental entities of the State of Florida.
6. Petitioner FMA is a professional association dedicated to the service and assistance of Doctors of Medicine and Doctors of Osteopathic Medicine in Florida, located at 1430 Piedmont Dr. E., Tallahassee, FL 32308. The office telephone number is (850) 224-6496 and the facsimile number is (850) 222-8827. For purposes of this petition, the email address of the FMA is [jscott@flmedical.org](mailto:jscott@flmedical.org). The FMA is organized and maintained for the benefit of the approximately 25,000 licensed Florida physicians who comprise its membership. One of the primary purposes of the FMA is to act on behalf of its members by representing their common interests before the various governmental entities of the State of Florida, including the Department of Health and its Boards.
7. Petitioner, The Florida Academy of Family Physicians, Inc. ("FAFP"), is a Florida-based trade organization comprised of approximately 3,300 Florida physicians, each of whom specializes in Family Medicine. As a result, members of the FAFP routinely engage in pelvic examinations, as that term is defined in F.S. 456.051. FAFP's address, phone number and facsimile number are as follows: 13241 Bartram Park Road, Unit 1321, Jacksonville, FL 32258-5229. The office telephone number is (904) 338-4825. For purposes of this petition, the email address of the FAFP is [jmillson@fafp.org](mailto:jmillson@fafp.org). The FAFP routinely participates in advocacy efforts on behalf of its members in matters concerning the rights and obligations of physicians, including issues legislation and rules affecting its members.
8. Petitioner, The Florida Chapter of the American Academy of Pediatrics, Inc. ("FCAAP"), is a Florida-based trade organization comprised of Florida physicians, each of whom specializes in Pediatrics. As a result, members of the FCAAP routinely engage in pelvic examinations, of newborns and minors as that term is defined in F.S. 456.051. FCAAP's address, phone number and facsimile number are as follows: 119 S. Monroe Street, #200, Tallahassee, FL 32301. The telephone number is (850) 572-8495. The email address is: [doug.bell@mhdfirm.com](mailto:doug.bell@mhdfirm.com). The FCAAP routinely participates in advocacy efforts on behalf of its members in matters concerning the rights and obligations of physicians, including issues legislation and rules affecting its members.
9. Petitioner, The Florida Chapter of the American College of Physicians, Inc. ("FCACP"), is a Florida-based trade organization comprised of approximately

7,000 Florida physicians, each of whom specializes in Internal Medicine. As a result, members of the FCACP routinely engage in pelvic examinations, as that term is defined in F.S. 456.051. FCACP's address, phone number and facsimile number are 2410 Ormsby Circle West, Jacksonville, FL 32210. The telephone is (904) 355-0800. Email address is [dmoerings@floridachapteracp.org](mailto:dmoerings@floridachapteracp.org). The FCACP routinely participates in advocacy efforts on behalf of its members in matters concerning the rights and obligations of physicians, including issues legislation and rules affecting its members.

10. Petitioner, The Florida Society of Dermatologists and Dermatologic Surgeons, Inc. ("FSDDS"), is a Florida-based trade organization comprised of approximately 530 Florida physicians, each of whom is board certified in Dermatology. As a result, members of the FSDDS routinely engage in pelvic examinations, of newborns and minors as that term is defined in F.S. 456.051. FSDDS's address, phone number and facsimile number are as follows: 6134 Poplar Bluff Road, Suite 101, Peachtree Corners, GA 30092. The telephone number is (904) 880-0023 Facsimile: (305) 422-3327. The Email address is: [fsdds@att.net](mailto:fsdds@att.net). The FSDDS routinely participates in advocacy efforts on behalf of its members in matters concerning the rights and obligations of physicians, including issues regarding the interpretation of legislation and regulations.
11. The legislation eliciting this Petition is Section 3 of Florida Senate Bill 698, codified as Section 456.51, Florida Statutes. This legislation, which became effective on July 1, 2020, prohibits health care practitioners, medical students, or any other students receiving training as a health care practitioner from performing a pelvic examination on a patient (in most instances) without the written consent of the patient or the patient's legal representative.
12. A substantial number of members of the Association Petitioners perform "pelvic examinations" or portions of "pelvic examinations" as that term is now defined in section 456.51, Florida Statutes, on their patients, or, perform examinations that may or may not be considered a pelvic examination under s. 456.51, Florida Statutes. These members, including Dr. Renuart, are substantially affected by section 456.51, Florida Statutes as failure to comply with the written consent requirement may result in disciplinary action by the Board.
13. The written consent requirement imposed by s. 456.51, Florida Statutes, has created a tremendous amount of uncertainty for Dr. Renuart and other physicians in Florida as to whether the medical care provided to a patient in various circumstances constitutes a "pelvic examination" under the new law. The new law defines "pelvic examination" as "the series of tasks that comprise an examination of the vagina, cervix, uterus, fallopian tubes, ovaries, rectum, or external pelvic tissue or organs using any combination of modalities, which may include, but need not be limited to, the health care provider's gloved hand or instrumentation." The law does not specifically provide that a "pelvic examination" includes examinations performed on male patients. The original intent of Section 3 of SB 698, which was originally filed as SB 1470 before being added to SB 698, was to require express consent

before a pelvic examination is performed on an anesthetized or unconscious female patient. See *Lauren Book seeks protections for women, vulnerable students as 2020 Session nears* <https://floridapolitics.com/archives/315123-book-women-students-2020-session-nears>. A pelvic examination, as understood in the medical community, is performed on female patients as part of a regular checkup, or if the patient is experiencing symptoms such as unusual vaginal discharge or pelvic pain, and involves an examination of the female patient's vulva, vagina, cervix, ovaries, uterus, rectum and pelvis for any abnormalities. See Mayo Clinic website at <https://www.mayoclinic.org/tests-procedures/pelvic-exam/about/pac-20385135>.

14. Given the legislative intent, the common understanding of the term "pelvic examination" among the medical community, and the fact that s. 456.51, Florida Statutes, does not specifically include or exclude a pelvic examination on a male patient, Petitioners request a declaratory statement that Dr. Renuart is not required by s. 456.51, Florida Statutes, to obtain the written consent of a male patient prior to performing a genital or rectal examination on a male patient.
15. Petitioners are also uncertain as to what exactly constitutes a "pelvic examination." While the term is defined as the "series of tasks that comprise an examination" of certain parts of the anatomy, the law does not indicate whether the mere touching of or looking at the listed parts of the anatomy in the process of performing a medical procedure or other routine care or treatment also constitutes a "pelvic examination." The term "examination" is generally defined as "an investigation or inspection made for the purpose of diagnosis." *The American Heritage Medical Dictionary Copyright 2007, 2004 by Houghton Mifflin Company*. The Petitioners assert that a medical procedure that is performed on the vagina, cervix, uterus, fallopian tubes, ovaries, rectum, or external pelvic tissue or organs for any purpose other than diagnostic purposes<sup>1</sup> does not constitute a "pelvic examination," and thus the written consent required by s. 456.51, Florida Statutes, should not apply.
16. Petitioners therefore request a declaratory statement that when Dr. Renuart performs a surgical procedure on the vagina, cervix, uterus, fallopian tubes, ovaries, rectum, or external pelvic tissue or organs of a patient (such as a circumcision, vasectomy, etc.), or touches the vagina, cervix, uterus, fallopian tubes, ovaries, rectum, or external pelvic tissue or organs for non-diagnostic purposes (such as the insertion of a catheter, rectal wound care, taking a rectal temperature, cleansing the pelvic area after a diaper change, etc.), or touches the vagina, cervix, uterus, fallopian tubes, ovaries, rectum, or external pelvic tissue or organs as part of a diagnostic procedure of tissue or organs not involving the vagina, cervix, uterus, fallopian tubes, ovaries, rectum, or external pelvic tissue or organs (such as barium enemas, voiding cystourethrograms, rectal administration of contrast for CTs and

---

<sup>1</sup> The same would be true when cleansing as part of changing a diaper or bandage, inserting or caring for various types of catheters, applying a fecal incontinence bag, application of barrier cream, wound care in the area of the rectum or genitals, bathing a patient, taking a rectal temperature, insertion of a catheter tip for a barium enema or shaving the pelvic area in preparation for surgery.

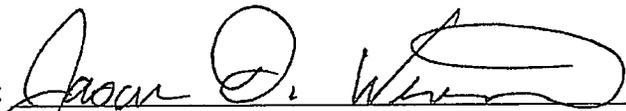

MRIs, etc.) he is not required by s. 456.51, Florida Statutes, to obtain the patient's written consent.

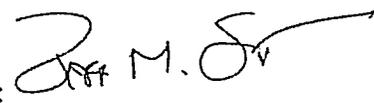

17. In addition to questions regarding the scope of the term "pelvic examination," Petitioners are uncertain as to the scope of the written consent required pursuant to s. 456.51. The written consent under this statute must be "executed specific to, and expressly identifying, the pelvic examination." As there is nothing in the legislative history of SB 698 to indicate it was the intent of the legislature to impose extremely burdensome or impractical obligations on health care practitioners, the most reasonable interpretation of this requirement would be that it requires written consent that expressly identifies that a pelvic examination will be conducted. There is no temporal requirement for the written consent, or that a separate written consent must be obtained prior to each and every pelvic examination. There is also no requirement that each and every person who may be involved in the pelvic examination be listed by name on the written consent. Therefore, Petitioners request a declaratory statement that the required written consent may authorize one or more "pelvic examinations" as may be necessary during the course of treatment or care for which the patient has presented and must identify the type of provider who may perform the "pelvic examination," but is not required to identify providers by name and does not require separate written consent every successive time a "pelvic examination" is conducted during the course of treatment or care for which the patient has presented.
18. Furthermore, it is unclear as to whether the written consent requirement in s.456.51, Florida Statutes, applies in situations where the only "examination" is visual, as may occur when looking to see if there is a rash, wound, or other anomaly involving exterior tissue or organs as might occur in any number of situations, including visual examination of a newborn baby or even a virtual visit being completed via telehealth. Therefore, Petitioners request that the declaratory statement clarify that the written consent requirement in s. 456.51 does not apply in situations where the only examination will be visual without physical contact with any of the parts of the anatomy included in the new statutory definition of "pelvic examination."
19. Finally, s.456.51, Florida Statutes, is silent as to the application of the requirement for written consent in emergent situations when the patient is unable to consent and there is no legal representative of the patient available to give consent. This situation is extremely likely to occur with patients who come to or are brought to an emergency room unattended by a person who has been designated as a legal representative or when a patient has failed to designate a legal representative and in either case becomes incapable of providing written consent for a "pelvic examination" and the standard of practice requires that an examination of one or more of the parts of the anatomy included in the new statutory definition of a "pelvic examination" be performed. Therefore, Petitioners request that the declaratory statement clarify that in such situations the performance of the medically necessary examination maybe performed without violating s.456.51, Florida Statutes, if a note is entered into the patient record indicating the medical

necessity and the reason for the provider's inability to obtain written consent from the patient or a person designated as the legal representative of the patient.

WHEREFORE, Petitioners respectfully request that the Board of Osteopathic Medicine issue a final order on the individual issues presented above.

Respectfully submitted this 20<sup>th</sup> day of July, 2020.

**BILL ANALYSIS AND FISCAL IMPACT STATEMENT**

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Rules

BILL: CS/CS/SB 698

INTRODUCER: Rules Committee; Criminal Justice Committee; and Senators Book and Stewart

SUBJECT: Reproductive Health

DATE: February 28, 2020

REVISED: \_\_\_\_\_

|    | ANALYST | STAFF DIRECTOR | REFERENCE | ACTION           |
|----|---------|----------------|-----------|------------------|
| 1. | Davis   | Cibula         | JU        | <b>Favorable</b> |

**Please see Section IX. for Additional Information:**

COMMITTEE SUBSTITUTE - Substantial Changes

**I. Summary:**

CS/CS/SB 698 establishes protections for people who are dealing with infertility and seek medical assistance to artificially conceive a child. In its broadest and most general terms, the bill requires donors, recipients, and facilities to enter into contracts that govern the use of reproductive materials, prohibits the misuse of those reproductive materials, and authorizes disciplinary actions and felony penalties for health care practitioners who intentionally transfer reproductive material into a recipient when the practitioner knows the recipient has not consented to the use of that reproductive material.

The bill creates s. 383.61, F.S., which requires a commissioning party or donor to contract with a donor bank, fertility clinic, or health care practitioner or reproductive storage facility before donating reproductive material. The contract must indicate what will be done with reproductive material that is not used.

This bill provides that by January 1, 2021, donor banks, fertility clinics, health care practitioners, and reproductive storage facilities must establish, and annually submit best practice policies, which are consistent with 42 U.S.C. part 263a(f), to the appropriate licensing agency for review. Donor banks, fertility clinics, health care practitioners, and reproductive storage facilities must clearly label reproductive material, comply with the terms of the contract, and maintain records for a minimum of 30 years. The bill expressly prohibits a health care practitioner from transferring or inseminating a recipient with the reproductive material of the health care practitioner.

This bill creates s. 784.086, F.S., establishing the crime of reproductive battery. It is a third degree felony for a health care practitioner to intentionally transfer into the body of a recipient the reproductive material of a donor that the recipient has not consented to. It is a second degree felony if the health care practitioner uses his or her own reproductive material, unless the recipient has provided written consent to the use of the health care practitioner's reproductive material.

This bill adds new grounds for the discipline of health care practitioners. A health care practitioner who intentionally transfers or inseminates, or causes a recipient to have transferred into her body or be inseminated with reproductive material of a donor without the recipient's consent, is subject to disciplinary action as provided in ss. 456.072, 458.331, or 459.015, F.S., as appropriate. The bill also provides for the immediate suspension of a license if a health care practitioner commits the crime of reproductive battery.

This bill creates s. 456.51, F.S., which provides that a health care practitioner must have written consent to perform a pelvic examination. A health care practitioner may conduct a pelvic examination without written consent if a court orders the performance of the examination for the collection of evidence, the examination is immediately necessary to avert a serious risk of imminent substantial and irreversible physical impairment of a major bodily function, or the exam is indicated in the standard of care for a procedure that the patient has consented to.

This bill may have an indeterminate fiscal impact on the licensing agency that annually reviews the best practices policies. Additionally, this bill may have a positive indeterminate prison bed impact (unquantifiable positive prison bed impact). See Section V. Fiscal Impact Statement.

This bill is effective July 1, 2020.

## II. Present Situation:

The recent arrival of genetic testing kits and ancestry reports, such as Ancestry.com or 23andMe, has yielded unsettling results for many users. According to media reports, several fertility doctors who represented that they were using the sperm of a patient's husband or an anonymous donor to artificially inseminate a patient, were in fact lying to their patients. The fertility specialists were inseminating the patients with their own sperm. Even more distressing to the victims of these acts was the realization that the doctors' actions were not actually illegal.<sup>1</sup>

### **Fertility Specialists Alleged to Have Been Sperm Donors to their Patients**

#### *Virginia*

One media report stated that Dr. Cecil Jacobson, a fertility specialist in Vienna, Virginia, may have secretly donated his own sperm to father at least 75 children. Although prosecutors wanted

---

<sup>1</sup> Ellen Trachman, Above the Law, *Intense and Dramatic Testimony Propels Texas Fertility Fraud Bill Forward* (April 17, 2019), available at <https://abovethelaw.com/2019/04/intense-and-dramatic-testimony-propels-texas-fertility-fraud-bill-forward/> (last visited February 13, 2020) and CBS News, *Indiana Fertility Doctor Used Own Sperm to Impregnate Patients, Court Docs Say* (September 12, 2016), available at <https://www.cbsnews.com/news/indiana-fertility-doctor-used-own-sperm-to-impregnate-women-court-docs-say/> (last visited February 13, 2020).

to try Dr. Jacobson for lying to patients about the source of the sperm, no laws at that time prohibited a doctor from donating sperm to a patient. Instead, prosecutors charged him with the more basic counts of criminal fraud in his medical practice which involved the use of telephones and the United States Postal Service. He was convicted of committing 52 counts of fraud and perjury in 1992.<sup>2</sup>

### *Connecticut*

A doctor in Greenwich, Connecticut, Ben D. Ramaley, settled a lawsuit in 2009 for secretly using his own sperm to impregnate a patient. The case was settled without any depositions being taken, but a gag order was issued which prevented the plaintiffs from discussing the case.<sup>3</sup>

When Barbara Rousseau used genetic testing to learn who her biological father was, she was astounded to learn that her father was actually her mother's fertility specialist in 1977, not an anonymous sperm donor. Barbara's parents filed a fertility fraud lawsuit against Dr. John Boyd Coats of Berlin, Vermont, in December, 2018, and seek compensatory and exemplary damages. The suit alleges that the doctor's conduct was "outrageously reprehensible" and had the character of outrage that is often "associated with a crime" and was done with malice.<sup>4</sup>

### *Indiana*

In 2018, Dr. Ronald Cline of Zionsville, Indiana, surrendered his medical license after pleading guilty to two counts of obstruction of justice. It was alleged that he inseminated dozens of women with his own sperm while telling his patients that the donors were anonymous men. DNA tests revealed that he is likely the father of as many as 46 children whose mothers were his patients. Indiana law, at that time, did not specifically prohibit fertility specialists from donating their own sperm.<sup>5,6</sup>

### *Colorado*

Dr. Paul Brennan Jones, a fertility specialist in Grand Junction, Colorado, was sued in October, 2019, for using his own sperm, rather than the sperm of anonymous donors, to impregnate women. Maia Emmons-Boring, whose mother relied on Dr. Jones for fertility treatment nearly 40 years earlier, has learned through DNA testing that she and her sister have five known half-siblings who were fathered by Dr. Jones. Ms. Emmons-Boring has been contacted by three

additional people who are biologically linked to them through DNA testing. The civil lawsuit against the doctor alleges negligence, fraud, and other claims for damages.<sup>7</sup>

### *Idaho*

In 2019, Dr. Gerald Mortimer, a retired gynecologist in Idaho Falls, Idaho, admitted to using his own sperm to impregnate multiple women in his infertility practice. He left the Obstetrics and Gynecology Associates practice in Idaho Falls because he feared he would be caught using his own sperm to impregnate women. At least one lawsuit is pending against him.<sup>8</sup>

### **The Difficulty of Holding the Doctors Legally Accountable**

Holding the fertility doctors legally accountable for their fraudulent acts, either criminally or civilly, has been difficult. One of the most obvious obstacles is an expired statute of limitation because the fraudulent act often occurred decades before it was discovered. Another obstacle involves the destruction of evidence which could be the destruction of medical records. It is difficult to prosecute a case criminally as a traditional sexual assault case because the women “consented” to the inseminations. It is difficult to prevail in a civil case because the facts do not readily lend themselves to the elements of fraud. The fraudulent inseminations more closely resemble “fraud in the inducement” where a person agrees to a procedure knowing what is involved, but consents to the procedure based upon false representations made by the defendant doctor.<sup>9</sup>

### **Several States’ Responses to Fertility Fraud**

#### *Texas*

In response to the revelation that the doctors’ actions were not technically illegal, several states have enacted laws to criminalize the doctors’ deceptive acts. Texas, for example, enacted a law in 2019 that creates a sexual assault felony, punishable by up to 2 years’ imprisonment, if a health care services provider, while performing an assisted reproduction procedure, uses human reproductive material from a donor knowing that the recipient has not expressly consented to the use of the material from that donor. Additionally, and because most children born under these fraudulent circumstances and their parents do not discover the truth of their conception until many years later, victims are given 2 years from the time the offense is discovered to bring an action for the crime of sexual assault. The act is prospective in its application.<sup>10</sup>

<sup>9</sup> *Supra*, Note 4 at 113, 184.

<sup>10</sup> Texas SB 1259 (2019), available at <https://capitol.texas.gov/BillLookup/Text.aspx?LegSess=86R&Bill=SB1259> (last visited February 13, 2020).

### ***California***

California passed legislation in 2011 that criminalized the use of sperm, ova, or embryos in assisted reproduction technology for a purpose other than that indicated by the provider. A violator will be punished by imprisonment between 3 and 5 years and a fine that does not exceed \$50,000.<sup>11</sup>

### ***Indiana***

Indiana similarly enacted legislation in 2019. The statute establishes a cause of action for civil fertility fraud and provides that a prevailing plaintiff may receive compensatory and punitive damages or liquidated damages of \$10,000. The legal action must be commenced within 10 years of the child's 18th birthday, 20 years after the procedure was performed, when the person first discovers evidence through DNA testing, when the person becomes aware of a record that provides sufficient evidence to bring a suit against the defendant, or when the defendant confesses to the offense.<sup>12</sup>

### ***Colorado***

Colorado is now considering a bill entitled "Misuse of Human Reproductive Material" which creates a new civil cause of action as well as a criminal offense if a health care provider, during the course of assisted reproduction, uses a donation from someone without obtaining the written consent of the patient. The bill provides for compensatory or liquidated damages of \$50,000 in a civil action and provides a felony penalty for the criminal act. Conviction of the offense is also considered unprofessional conduct under the licensing statute.<sup>13</sup>

### ***Additional States Considering Legislation***

Nebraska, Ohio, and Washington state are currently considering legislation to provide redress against physicians for fertility fraud.

### **Florida Law**

It does not appear that Florida law specifically prohibits a health care practitioner from inseminating a patient with reproductive material from a donor without the patient's consent. As discussed above, the statute of limitations, the time allowed to bring an action for a previous act, has generally expired because many people do not realize that fraud was committed until decades after the insemination. Similarly, it would be challenging to prove sexual battery because the patient "consented" to the insemination, and the act was not technically committed against her will.

<sup>13</sup> HB 20-1014, Colorado General Assembly, Second Regular Session, 72nd General Assembly, available at <https://www.leg.colorado.gov/bills/hb20-1014> (last visited February 13, 2020).

## **Fertility Clinics in Florida**

As far as staff has been able to determine, no current law requires donor banks or fertility clinics to be regulated, registered, or inspected in the state. According to the DOH, there are approximately 30 fertility clinics operating in the state, some with multiple locations, and four donor banks.<sup>14</sup>

## **Licensing and Penalties**

### ***Health Care Practitioners***

The DOH's Division of Medical Quality Assurance (MQA) has regulatory authority over health care practitioners.<sup>15</sup> MQA works in conjunction with 22 boards and 4 councils to license and regulate 7 types of health care facilities and more than 40 health care professions.<sup>16</sup> Each profession is regulated by an individual practice act and by ch. 456, F.S., which provides general regulatory and licensure authority for MQA.

Section 456.072, F.S., authorizes a regulatory board or DOH, if there is no board, to discipline a health care practitioner for a number of offenses, including but not limited to:

- Making misleading, deceptive, or fraudulent representations in or related to the practice of the licensee's profession.
- Making deceptive, untrue, or fraudulent representations in or related to the practice of a profession or employing a trick or scheme in or related to the practice of a profession.
- Engaging or attempting to engage in sexual misconduct as defined in s. 456.063, F.S.

If it is found that a licensee committed a violation, the board or DOH may impose penalties, including but not limited to:<sup>17</sup>

- Refuse to certify, or to certify with restrictions, an application for a license.
- Suspend or permanently revoke a license.
- Impose an administrative fine.
- Issue a reprimand or letter of concern.
- Place the licensee on probation.

The board or DOH, if there is no board, must consider what is necessary to protect the public or to compensate the patient when it decides the penalty to impose.<sup>18</sup>

---

<sup>14</sup> Florida Department of Health, *SB 698 Legislative Bill Analysis*, (February 7, 2020) (on file with the Senate Committee on Criminal Justice).

<sup>15</sup> Section 456.001(4), F.S., provides that "health care practitioners," include acupuncturists, physicians, physician assistants, chiropractors, podiatrists, naturopaths, dentists, dental hygienists, optometrists, nurses, nursing assistants, pharmacists, midwives, speech language pathologists, nursing home administrators, occupational therapists, respiratory therapists, dietitians, athletic trainers, orthotists, prosthetists, electrologists, massage therapists, clinical laboratory personnel, medical physicists, dispensers of optical devices or hearing aids, physical therapists, psychologists, social workers, counselors, and psychotherapists, among others.

<sup>16</sup> Florida Department of Health, Division of Medical Quality Assurance, *Annual Report and Long-Range Plan, Fiscal Year 2018-2019*, available at [http://www.floridahealth.gov/licensing-and-regulation/reports-and-publications/\\_documents/annual-report-1819.pdf](http://www.floridahealth.gov/licensing-and-regulation/reports-and-publications/_documents/annual-report-1819.pdf) (last visited February 18, 2020).

<sup>17</sup> Section 456.072(2), F.S.

<sup>18</sup> *Id.*

Section 456.074(1), F.S., authorizes the Department of Health to issue an emergency order to suspend a license when someone pleads guilty to, is convicted or found guilty of, or who enters a plea of nolo contendere to, regardless of adjudication, certain felonies and misdemeanors.

### *Physicians – Allopathic and Osteopathic*

Florida licenses both allopathic and osteopathic physicians. Allopathic physicians diagnose, treat, operate, or prescribe for any human disease, pain, injury, deformity, or other physical or mental condition.<sup>19</sup> The scope of practice for osteopathic physicians is the same as that of allopathic physicians; however, osteopathic medicine emphasizes the importance of the musculoskeletal structure and manipulative therapy in the maintenance and restoration of health.<sup>20</sup>

### *Allopathic – Chapter 458*

Chapter 458, F.S., governs licensure and regulation of the practice of medicine by the Florida Board of Medicine (allopathic board) in conjunction with the DOH. The chapter provides, among other things, licensure requirements. An individual seeking to be licensed as an allopathic physician, must meet certain statutory requirements, including that he or she must not have committed an act or offense that would constitute a basis for disciplining a physician pursuant to s. 458.331, F.S.

Section 458.331, F.S., provides grounds for disciplinary action for allopathic physicians. An allopathic physician may be denied a license or disciplined<sup>21</sup> for certain acts, including, but not limited to:

- Attempting to obtain, obtaining, or renewing a license to practice medicine by bribery, fraudulent misrepresentation, or through an error of the DOH or the board.
- Being convicted or found guilty of, or entering a plea of nolo contendere to, regardless of adjudication, a crime in any jurisdiction which directly relates to the practice of medicine or the ability to practice medicine.
- False, deceptive, or misleading advertising.
- Making deceptive, untrue, or fraudulent representations in or related to the practice of medicine or employing a trick or scheme in the practice of medicine.<sup>22</sup>

### *Osteopathic – Chapter 459*

Chapter 459, F.S., governs licensure and regulation of the practice of medicine by the Florida Board of Osteopathic Medicine (osteopathic board), in conjunction the DOH. The chapter provides, among other things, licensure requirements.

---

<sup>19</sup> Section 458.305, F.S.

<sup>20</sup> Section 459.003, F.S.

<sup>21</sup> Section 458.331, F.S., provides that physicians found in violation of this section are subject to the penalties provided in s. 456.072(2), F.S.

<sup>22</sup> Section 458.331, F.S.

Section 459.015, F.S., provides grounds for disciplinary actions for osteopathic physicians. An osteopathic physician may be denied a license or disciplined<sup>23</sup> for certain acts, including, but not limited to:

- Attempting to obtain, obtaining, or renewing a license to practice medicine by bribery, fraudulent misrepresentation, or through an error of the DOH or the board.
- Being convicted or found guilty of, or entering a plea of nolo contendere to, regardless of adjudication, a crime in any jurisdiction which directly relates to the practice of medicine or the ability to practice medicine.
- Failing to perform a statutory or legal obligation placed upon a licensed osteopathic physician.
- Fraudulently altering or destroying records relating to patient care or treatment, including, but not limited to, patient histories, examination results, and test results.<sup>24</sup>

### *Clinics*

Chapter 400, F.S., governs the licensure and regulation of health care clinics. The chapter provides, among other things, licensing requirements. A license must be obtained by the AHCA to operate a clinic.<sup>25</sup>

Section 400.995, F.S., provides the administrative penalties that the AHCA may impose for a violation of statute or Rule. Administrative penalties, include, but are not limited to:

- Denial of the application for license renewal.
- Revoke and suspend the license.
- Impose administrative fines.<sup>26</sup>

### **Florida Requirements for Informed Consent**

The only general law in Florida on informed consent,<sup>27</sup> appears in ch. 766, F.S., Medical Malpractice and Related matters.<sup>28</sup> However, Florida physicians and physicians practicing within a postgraduate training program approved by the Board of Medicine must explain the medical or surgical procedure to be performed to the patient and obtain the informed consent of the patient. However, the physician does not have to obtain or witness the signature of the patient on the written form evidencing informed consent.<sup>29</sup>

---

<sup>23</sup> Section 459.015, F.S., provides that physicians found in violation of this section are subject to the penalties provided in s. 456.072(2), F.S.

<sup>24</sup> Section 459.015, F.S.

<sup>25</sup> Section 400.991, F.S.

<sup>26</sup> Section 400.995, F.S.

<sup>27</sup> Informed consent is a process in which a health care provider educates a patient about the risks, benefits, and alternatives of a procedure or intervention. *See* William Gossman, Imani Thornton, John Hipskind, *Informed Consent*, (July 2019), available at <https://www.ncbi.nlm.nih.gov/books/NBK430827/> (last visited February 18, 2020).

<sup>28</sup> Section 766.103, F.S., provides generally that no recovery will be allowed against a health care practitioner when informed consent was obtained in accordance with an accepted standard of medical practice and a reasonable person would have an understanding of the procedure from the information that was provided, or the patient would reasonably, under all the circumstances, have undergone the procedure had the health care practitioner obtained informed consent in accordance with the accepted standard of medical practice.

<sup>29</sup> Rule 64B8-9.007, F.A.C.

### *Pelvic Examinations*

A pelvic examination involves the visual examination of the external genitalia and an internal visual examination of the vaginal walls and cervix using a speculum and palpation of the pelvic organs.<sup>30</sup> Health care practitioners often perform pelvic examinations as a part of the annual well woman visit.<sup>31</sup> A health care practitioner may also perform a pelvic examination to diagnose specific health conditions, such as cancer and bacterial vaginosis.<sup>32</sup>

The American College of Obstetricians and Gynecologists finds that data is currently insufficient to make a recommendation for or against routine pelvic examinations.<sup>33</sup> Therefore, it recommends that pelvic examinations be performed when indicated by medical history or symptoms, such as abnormal bleeding, pelvic pain, or urinary issues.<sup>34</sup>

### *Pelvic Examinations on Unconscious or Anesthetized Patients*

In recent years, articles have detailed reports of medical students performing pelvic examinations, without consent, on women who are anesthetized or unconscious, a practice that has been common since the late 1800's.<sup>35</sup> In 2003, a study reported that 90 percent of medical students who completed obstetrics and gynecology rotations at four Philadelphia-area hospitals performed pelvic examinations on anesthetized patients for educational purposes.<sup>36</sup>

Several medical organizations have taken positions that pelvic examinations should not be performed on anesthetized or incapacitated patients, including:

- The American Medical Association Council on Ethical and Judicial Affairs recommends that in situations where the patient will be temporarily incapacitated (e.g., anesthetized) and

<sup>30</sup> A pelvic examination usually involves an examination of a woman's vulva, vagina, uterus, ovaries, and fallopian tubes. It may also include examination of the bladder and the rectum. See Melissa Conrad Stoppler, MD, MedicineNet, *Pelvic Exam*, available at [https://www.medicinenet.com/pelvic\\_exam/article.htm#why\\_is\\_a\\_pelvic\\_exam\\_performed](https://www.medicinenet.com/pelvic_exam/article.htm#why_is_a_pelvic_exam_performed) (last visited February 18, 2020).

where student involvement is anticipated, involvement should be discussed before the procedure is undertaken whenever possible.<sup>37</sup>

- The Committee on Ethics of the American College of Obstetricians and Gynecologists resolved that “pelvic examinations on an anesthetized woman that offer her no personal benefit and are performed solely for teaching purposes should be performed only with her specific informed consent obtained before her surgery.”<sup>38</sup>
- The Association of American Medical Colleges reversing its prior policy position, offered that “performing pelvic examinations on women under anesthesia, without their knowledge or approval ... is unethical and unacceptable.”<sup>39</sup>

California, Hawaii, Illinois, Iowa, Maryland, Oregon, Utah, and Virginia prohibit unauthorized pelvic examinations.<sup>40</sup>

### III. Effect of Proposed Changes:

#### Section 1 – Definitions, Contract Requirements, and Best Practices

This bill creates s. 383.61, F.S., which requires a commissioning party or donor to enter in to a written contract before donating reproductive material and requires the establishment of best practices for the use of assisted reproductive technology.

#### *Definitions*

The bill defines the following terms:

- “Assisted reproductive technology” means those procreative procedures that involve the storage or laboratory handling of human eggs, pre-embryos, or sperm, including, but not limited to, in vitro fertilization embryo transfer, gamete intrafallopian transfer, pronuclear state transfer, tubal embryo transfer, and zygote intrafallopian transfer.
- “Commissioning party” means the intended parent or parents of a child who will be conceived by means of assisted reproductive technology.
- “Donor” means a person who donates reproductive material, regardless of whether for personal use or compensation.
- “Donor bank” means any facility that collects reproductive material from donors for use by a fertility clinic.
- “Egg” means the unfertilized female reproductive cell.

<sup>37</sup> AMA Council on Ethical and Judicial Affairs, *Medical Student Involvement in Patient Care: Report of the Council on Ethical and Judicial Affairs*, AMA Journal of Ethics (March 2001), available at <https://journalofethics.ama-assn.org/article/medical-student-involvement-patient-care-report-council-ethical-and-judicial-affairs/2001-03> (last visited February 18, 2020).

<sup>38</sup> American College of Obstetricians and Gynecologists, Committee on Ethics, *Professional Responsibilities in Obstetric-Gynecologic Medical Education and Training*, (August 2011), available at <https://www.acog.org/Clinical-Guidance-and-Publications/Committee-Opinions/Committee-on-Ethics/Professional-Responsibilities-in-Obstetric-Gynecologic-Medical-Education-and-Training?IsMobileSet=false> (last visited February 18, 2020).

<sup>39</sup> Robin Fretwell Wilson, *Autonomy Suspended: Using Female Patients to Teach Intimate Exams Without Their Knowledge or Consent*, 8 J OF HEALTH CARE LAW AND POLICY 240, available at [https://papers.ssrn.com/sol3/papers.cfm?abstract\\_id=880120](https://papers.ssrn.com/sol3/papers.cfm?abstract_id=880120) (last visited February 18, 2020).

<sup>40</sup> Lorelei Laird, *Pelvic Exams Performed without Patients' Permission Spur New Legislation*, ABA JOURNAL (September 2019), available at <http://www.abajournal.com/magazine/article/examined-while-unconscious> (last visited February 18, 2020).

- “Fertility clinic” means a facility in which reproductive materials are subject to assisted reproductive technology for the purpose of being transferred into the body of a recipient.
- “Health care practitioner” has the same meaning as provided in s. 456.001, F.S.
- “Preembryo” means the product of fertilization of an egg by a sperm until the appearance of the embryonic axis.
- “Recipient” means a person who has a donor’s reproductive material transferred into her body.
- “Reproductive material” means any human “egg,” “preembryo,” or “sperm.”
- “Reproductive storage facility” means a facility in which reproductive materials are stored until they are transferred into the body of a recipient using assisted reproductive technology.
- “Sperm” means the male reproductive cell.

### ***Contract Requirements***

Additionally, s. 383.61, F.S., requires a commissioning party or donor to contract with a donor bank, fertility clinic, health care practitioner, or reproductive storage facility before donating reproductive material. At a minimum, the contract must indicate what must be done with the reproductive material if:

- The donor dies or becomes incapacitated;
- A designated recipient for the donation dies or becomes incapacitated;
- The commissioning party separate or their marriage is dissolved;
- One member of the commissioning party dies or becomes incapacitated;
- The reproductive material is unused, including whether it may be disposed of, offered to a different recipient, or donated to science; and
- Any other unforeseen circumstance occurs.

The above-named entities must ensure that each donation is clearly labeled according to the terms of the contract and must ensure that the donation is transferred, returned, disposed of, or stored according to the terms of the contract.

### ***Best Practice Policies***

This bill provides that by January 1, 2021, donor banks, fertility clinics, health care practitioners, and reproductive storage facilities must establish, and annually submit best practices, which are consistent with 42 U.S.C. part 263a(f), to the appropriate licensing agency or department for review. Donor banks, fertility clinics, health care practitioners, and reproductive storage facilities must clearly label reproductive material, comply with the terms of the contract, and maintain records for a minimum of 30 years. The bill expressly prohibits a health care practitioner from transferring or inseminating a recipient or causing a recipient to have transferred into her body or be inseminated with the reproductive material of the health care practitioner.

### **Sections 2, 3, 5, and 6 – Disciplinary Actions and the Immediate Suspension of a License**

This bill amends ss. 456.072, 458.331, or 459.015, F.S., to add new grounds for discipline of health care practitioners. Health care practitioners who intentionally transfer into or inseminate a recipient with, or cause a recipient to have transferred into her body or be inseminated with the health care practitioner’s reproductive material, or is found in violation of the contract or best

practice policies, including proper labeling and maintenance of records, are subject to penalties provided in ss. 456.072, 458.331, or 459.015, F.S., as appropriate.

The bill amends section 456.074(1), F.S., to require the Department of Health to issue an emergency order suspending the license of a practitioner who pleads guilty to, is convicted or found guilty of, or who enters a plea of nolo contendere to reproductive battery.

### **Section 7 – Reproductive Battery**

This bill creates s. 784.086, F.S., establishing the crime of reproductive battery. It is a third degree felony<sup>41</sup> for a health care practitioner to intentionally transfer into the body of a recipient the reproductive material of a donor or any object containing the reproductive material of a donor, knowing that the recipient has not consented to the use of the material of that donor. It is a second degree felony<sup>42</sup> if the health care practitioner uses his or her own reproductive material, unless the recipient has provided written consent to the use of the health care practitioner's reproductive material.

The statute of limitations for a third or second degree felony is generally three years.<sup>43</sup> The bill provides that the statute of limitations for reproductive battery does not begin to run until the violation is discovered and reported to law enforcement or any other governmental agency. It is not a defense to the crime of reproductive battery that the recipient consented to an anonymous donor.

### **Section 4 – Pelvic Examinations**

This bill creates s. 456.51, F.S., providing that a health care practitioner must have the written consent of a patient or a patient's legal representative to perform a pelvic examination. A health care practitioner may conduct a pelvic examination without written consent if:

- A court orders the performance of the examination for the collection of evidence;
- The examination is immediately necessary to avert a serious risk of imminent, substantial, and irreversible physical impairment of a major bodily function; or
- The examination is indicated in the standard care for a procedure that the patient has consented to.

This bill is effective July 1, 2020.

## **IV. Constitutional Issues:**

### **A. Municipality/County Mandates Restrictions:**

None.

---

<sup>41</sup> A third degree felony is punishable by up to five years in state prison and a fine not exceeding \$5,000. Sections 775.082 and 775.083, F.S.

<sup>42</sup> A second degree felony is punishable by up to 15 years in state prison and a fine not exceeding \$10,000. Sections 775.082 and 775.083, F.S.

<sup>43</sup> Section 775.15(2)(b), F.S.

**B. Public Records/Open Meetings Issues:**

None.

**C. Trust Funds Restrictions:**

None.

**D. State Tax or Fee Increases:**

None.

**E. Other Constitutional Issues:**

None identified.

**V. Fiscal Impact Statement:****A. Tax/Fee Issues:**

None.

**B. Private Sector Impact:**

None.

**C. Government Sector Impact:**

This bill creates a third degree felony for a health care practitioner to intentionally transfer into the body of a recipient the reproductive material of a donor knowing that the recipient has not consented to the use of that donor's reproductive material. It is a second degree felony if the health care practitioner uses his or her own reproductive material, unless the recipient provides written consent. Because this bill creates new crimes, it may have a positive indeterminate prison bed impact (unquantifiable positive prison bed impact).

Additionally, this bill may have an indeterminate fiscal impact on the DOH or the appropriate licensing agency for reviewing best practice policies and implementing disciplinary action for violations.

**VI. Technical Deficiencies:**

The bill appears to contradict itself on the issue of whether a health care practitioner may be a donor of reproductive material. Section 7, provides that a health care practitioner is not subject to criminal penalties for being a donor if the recipient provides written consent for the use of the health care practitioner's reproductive material. However, section 1 prohibits, without exception, from transferring his or her reproductive material into any recipient.

**VII. Related Issues:**

None.

**VIII. Statutes Affected:**

This bill creates the following sections of the Florida Statutes: 383.61, 456.51, and 784.086.

This bill substantially amends the following sections of the Florida Statutes: 456.072, 456.074, 458.331, and 459.015.

**IX. Additional Information:****A. Committee Substitute – Statement of Substantial Changes:**

(Summarizing differences between the Committee Substitute and the prior version of the bill.)

**CS/CS by Rules on February 26, 2020:**

The committee substitute refines the provisions of the underlying bill by:

- Expanding the bill’s purposes and requirements to include reproductive storage facilities.
- Removing the authority for AHCA to perform annual inspections of donor banks and fertility clinics.
- Revising provisions in the bill that relate to consent for pelvic examinations.
- Allowing the use of a health care practitioner’s reproductive material only when the recipient provides written consent.

**CS by Criminal Justice on February 18, 2020:**

The committee substitute:

- Defines the terms, “assisted reproductive technology,” “commissioning party,” “donor,” “donor bank,” “egg,” “fertility clinic,” “health care practitioner,” “preembryo,” “recipient,” “reproductive material,” and “sperm.”
- Requires a commissioning party or donor of reproductive material to enter into a contract with a donor bank, fertility clinic, or health care practitioner, and provides for minimum contract requirements.
- Requires that donor banks, fertility clinics, and health care practitioners establish best practice policies, consistent with federal law. Additionally, requirements for labeling and maintenance of records is provided in the bill.
- Expressly prohibits a health care practitioner from inseminating or implanting a recipient with the reproductive material of the health care practitioner.
- Requires the AHCA to annually inspect all donor banks and fertility clinics.
- Provides penalties when donor banks, fertility clinics or health care professionals are found in violation of the best practices.
- Creates the crime of reproductive battery. It is a third degree felony for a health care practitioner to intentionally penetrate the vagina of a recipient with the reproductive material of a donor that the patient has not consented to. It is a second degree felony if the health care practitioner uses his or her own reproductive material.
- Requires a health care practitioner to obtain written consent to perform a pelvic exam.

B. Amendments:

None.

---

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

---

## HOUSE OF REPRESENTATIVES STAFF FINAL BILL ANALYSIS

**BILL #:** CS/HB 1287 Reproductive Medicine  
**SPONSOR(S):** Health Quality Subcommittee, Jenne and others  
**TIED BILLS:** IDEN./SIM. **BILLS:** CS/CS/SB 698

---

**FINAL HOUSE FLOOR ACTION:** 117 Y's 0 N's **GOVERNOR'S ACTION:** Approved

---

### SUMMARY ANALYSIS

CS/HB 1287 passed the House on March 10, 2020, as CS/CS/SB 698, as amended. The Senate concurred in the House amendment to the Senate bill and subsequently passed the bill as amended on March 12, 2020. The bill contains a portion of CS/HB 1289.

Informed consent is a process in which a health care provider educates a patient about the risks, benefits, and alternatives of a given procedure or intervention. Such information enables a patient to make a competent decision about whether to undergo a procedure or treatment. The bill prohibits a health care practitioner, a medical student, or any other student receiving health care practitioner training from performing a pelvic examination on a patient without express written consent with, certain exceptions.

Infertility is the inability to conceive a child, and generally, a person is considered to be infertile after one year of unsuccessful conception. A physician may treat infertility by using intrauterine insemination or assistive reproductive technology. In intrauterine insemination, the physician uses reproductive material from the woman's partner or a donor. In assistive reproductive technology, an egg is fertilized in a laboratory using reproductive material from the woman's partner or a donor.

The bill also prohibits a health care practitioner from intentionally implanting, or causing to be implanted, a human embryo without the recipient's consent to the use of that human embryo, or inseminating a patient, or causing a patient to be inseminated, with human reproductive material from a donor without the patient's consent to the use of that donor's reproductive material. The bill bans a physician from intentionally implanting a patient, or causing a patient to be implanted, with a human embryo created using the physician's reproductive material, or inseminating a patient, or causing a patient to be inseminated, with the human reproductive material of the physician. The bill establishes such action as a ground for disciplinary action against the health practitioner's or physician's license.

Effective October 1, 2020, the bill creates the crime of reproductive battery, which makes it a third degree felony for a healthcare practitioner to intentionally implant a human embryo or transfer into a recipient the reproductive material of a donor if the patient has not consented to the use of that human embryo or the reproductive material from that donor. It is a second degree felony if the health care practitioner uses his or her own reproductive material. The bill tolls the statute of limitations for criminal prosecution of a reproductive battery until the date a violation is discovered and reported to law enforcement or another governmental agency. The bill requires the Department of Health (DOH) to issue an emergency order suspending the license of a health care practitioner who pleads guilty to or is convicted of reproductive battery.

The bill will likely have a positive insignificant impact on prisons, and an insignificant, negative fiscal impact on DOH. The bill has no fiscal impact on local governments.

The bill was approved by the Governor on June 18, 2020, ch. 2020-31, L.O.F., and will become effective on July 1, 2020, except as otherwise provided.

# I. SUBSTANTIVE INFORMATION

## A. EFFECT OF CHANGES:

### Present Situation

#### Physician Licensure in Florida

Florida licenses two types of physicians: allopathic and osteopathic. Allopathic physicians diagnose, treat, operate, or prescribe for any human disease, pain, injury, deformity, or other physical or mental condition.<sup>1</sup> The scope of practice for osteopathic physicians is the same as that of allopathic physicians; however, osteopathic medicine emphasizes the importance of the musculoskeletal structure and manipulative therapy in the maintenance and restoration of health.<sup>2</sup>

The Boards of Medicine and the Boards of Osteopathic Medicine (collectively “boards”) regulates allopathic and osteopathic physicians, under ch. 458, F.S., and ch. 459, F.S., respectively. The boards may discipline a physician’s license if the physician violates standards of practices, the applicable practice act, or the general health care practitioner licensing statute, ch. 456, F.S. Depending on the violation, the boards may:<sup>3</sup>

- Refuse to certify, or to certify with restrictions, an application for a license;
- Suspend or permanently revoke a license;
- Place a restriction on the licensee’s practice or license;
- Impose an administrative fine not to exceed \$10,000 for each count or separate offense; if the violation is for fraud or making a false representation, a fine of \$10,000 must be imposed for each count or separate offense;
- Issue a reprimand or letter of concern;
- Place the licensee on probation;
- Require a corrective action plan;
- Refund fees billed and collected from the patient or third party on behalf of the patient; or
- Require the licensee to undergo remedial education.

A board must consider what is necessary to protect the public or to compensate the patient when it decides the penalty to impose.<sup>4</sup>

### Informed Consent

Informed consent for medical treatment is fundamental in both ethics and law.<sup>5</sup> Informed consent is a process in which a health care provider educates a patient about the risks, benefits, and alternatives of a given procedure or intervention.<sup>6</sup> A patient must be competent to make a voluntary decision about whether to undergo a procedure. Foregoing the process of consent within medicine can result in violations of both autonomy and basic rights, as well as trust.<sup>7</sup>

---

<sup>1</sup> Section 458.305, F.S.

<sup>2</sup> Section 459.003, F.S.

<sup>3</sup> Sections 458.331(2), and 459.015(2), F.S.

<sup>4</sup> Id.

<sup>5</sup> American Medical Association, *Informed Consent: Code of Medical Ethics Opinion 2.1.1*, available at <https://www.ama-assn.org/delivering-care/ethics/informed-consent> (last visited January 31, 2020).

<sup>6</sup> William Gossman, Imani Thornton, John Hipskind, *Informed Consent*, (July 2019), available at <https://www.ncbi.nlm.nih.gov/books/NBK430827/> (last visited January 31, 2020).

<sup>7</sup> Phoebe Friesen, *Educational Pelvic Exams on Anesthetized Women: Why Consent Matters (Abstract)*, 32 *BIOETHICS* 298 (June 2018), available at <https://onlinelibrary.wiley.com/doi/abs/10.1111/bioe.12441> (last visited January 31, 2020).

The idea of informed consent was established in 1914, in a case in which a patient was operated on without her consent.<sup>8</sup> In determining whether she had a cause of action against the hospital in which the operation was formed, Judge Cardozo opined that “every human being of adult years and sound mind has a right to determine what shall be done to his own body; and a surgeon who performs an operation without his patient’s consent commits an assault, for which he is liable for damages.”<sup>9</sup>

### *Florida Requirements for Informed Consent*

Florida law does not contain a general statute on informed consent. However, a board rule requires physicians to explain the medical or surgical procedure to be performed to the patient and obtain the informed consent of the patient.<sup>10</sup> The rule does not require physician to obtain or witness the signature of the patient on a written form evidencing informed consent.

### Pelvic Examinations

A pelvic examination involves the visual examination of the external genitalia and an internal visual examination of the vaginal walls and cervix using a speculum and palpation of the pelvic organs.<sup>11</sup> Health care practitioners often perform pelvic examinations as a part of the annual well woman visit.<sup>12</sup> A health care practitioner may also perform a pelvic examination to diagnose specific health conditions, such as cancer and bacterial vaginosis.<sup>13</sup>

Benefits of routine pelvic examinations include early detection of treatable gynecologic conditions before symptoms occur and incidental findings such as dermatologic changes and foreign bodies.<sup>14</sup> These examinations also give the health care practitioner an opportunity to establish open communication with the patient to answer specific questions and reassure her of normalcy.<sup>15</sup>

New clinical guidelines have recommended against pelvic examinations on asymptomatic, non-pregnant, adult women.<sup>16</sup> Routine pelvic examination has not been shown to benefit such women in that it rarely detects important disease and does not reduce mortality.<sup>17</sup> Several harms have been identified for the performance of pelvic examinations including fear, anxiety, embarrassment, pain, and discomfort.<sup>18</sup> Physical harms include urinary tract infections and symptoms such as dysuria and frequent urination.<sup>19</sup>

The American College of Obstetricians and Gynecologists finds that data is currently insufficient to make a recommendation for or against routine pelvic examinations. Therefore, it recommends that

pelvic examinations be performed when indicated by medical history or symptoms, such as abnormal bleeding, pelvic pain, or urinary issues.<sup>20</sup>

### *Pelvic Examinations on Unconscious or Anesthetized Patients*

In recent years, articles have detailed reports of medical students performing pelvic examinations, without consent, on women who are anesthetized or unconscious.<sup>21</sup> This practice has been common since the late 1800's and, in 2003, a study reported that 90 percent of medical students who completed obstetrics and gynecology rotations at four Philadelphia-area hospitals performed pelvic examinations on anesthetized patients for educational purposes.<sup>22</sup>

Some medical organizations have advised their members that pelvic examinations should not be performed on anesthetized or incapacitated patients without discussing the procedure with the patient or obtaining the patient's consent. The Committee on Ethics of the American College of Obstetricians and Gynecologists resolved that "pelvic examinations on an anesthetized woman that offer her no personal benefit and are performed solely for teaching purposes should be performed only with her specific informed consent obtained before her surgery".<sup>23</sup>

The American Medical Association Council on Ethical and Judicial Affairs takes a softer position. It recommends that "patients should be informed of the identity and training status of individuals involved in their care ... patients are free to choose from whom they receive treatment." In situations where the patient will be temporarily incapacitated (e.g., anesthetized) and where student involvement is anticipated, "involvement should be discussed before the procedure is undertaken whenever possible ... in instances where a patient may not have capacity to make decisions, student involvement should be discussed with the surrogate decision-maker..."<sup>24</sup>

The Association of American Medical Colleges (AAMC) offered that "performing pelvic examinations on women under anesthesia, without their knowledge or approval ... is unethical and unacceptable".<sup>25</sup> However, the chief health care officer for the AAMC notes that recent articles on unauthorized pelvic examinations rely on studies from more than 10 years ago and before more detailed informed consent forms were used.<sup>26</sup> The AAMC claims that students and residents typically practice pelvic examinations with special mannequins and standardized patients who are specifically trained for this purpose.<sup>27</sup>

California, Hawaii, Illinois, Iowa, Maryland, Oregon, Utah, and Virginia prohibit unauthorized pelvic examinations.<sup>28</sup>

## Infertility

Infertility is the inability to conceive a child, and generally, a person is considered to be infertile after one year of unsuccessful conception.<sup>29</sup> The Centers for Disease Control (CDC) estimates about 12 percent of women aged 15 to 44 years in the United States have difficulty getting pregnant or carry a pregnancy to term.<sup>30</sup> Infertility affects both men and women equally. In approximately forty percent of infertile couples, the male partner is either the sole cause or a contributing cause of infertility.<sup>31</sup>

### *Treatment of Infertility*

Health care practitioners may treat infertility using a number of methods: medicine, surgery, intrauterine insemination, or assisted reproductive technology.<sup>32</sup> Health care practitioners often use more than one of these methods concurrently. The treatment used by the health care practitioner depends on the:<sup>33</sup>

- Factors contributing to the infertility.
- Duration of the infertility.
- Age of the female.
- Couple's treatment preference after counseling about success rates, risks, and benefits of each treatment option.

Eighty-five to ninety percent of infertility cases are treated with medication or surgery.<sup>34</sup> A health care practitioner may use intrauterine insemination (IUI), also known as artificial insemination, if medication or surgery is not indicated or is unsuccessful in resolving the infertility. With IUI, specially prepared sperm are inserted into a woman's uterus.<sup>35</sup> The sperm may be the sperm of her partner or from a donor.

Assistive reproductive technology (ART) includes all fertility treatments in which both the eggs and the embryos are handled outside of the body. Examples of ART includes in vitro fertilization (IVF), gamete intrafallopian transfer, pronuclear stage tubal transfer, tubal embryo transfer, and zygote intrafallopian transfer.<sup>36</sup>

IVF involves surgically removing eggs from a woman's ovaries and combining them with her partner's sperm or donor sperm in a laboratory.<sup>37</sup> After 40 hours the eggs are examined to see if they have become fertilized by sperm and are dividing into cells. The fertilized eggs or embryos are then placed in the woman's uterus.<sup>38</sup> The transfer may occur at the time they are fertilized or the embryos may be cryopreserved for future use.

## Fraudulent Insemination

With the rising popularity of at-home genetic testing, adult children are learning that they are not biologically related to their fathers and that they may have multiple half-siblings. Beginning in 2016, cases began to emerge in which male physicians had used their own sperm in the 1970s through the 1990s to inseminate patients without their knowledge.<sup>39</sup>

When infertility treatment was relatively new, physicians would mix a spouse's sample with that of a donor, and physicians typically provided little information about the donor to the patient.<sup>40</sup> A survey conducted by the federal Office of Technology Assessment in 1987, revealed that approximately two percent of fertility doctors who responded had use their own sperm to inseminate patients.<sup>41</sup> Physicians have justified this practice by indicating that the donors were advised that the sperm donors were anonymous and would not provide any other information to protect that anonymity.<sup>42</sup> Unlike the practice in 1970s and 1980s, many donations today are provided to sperm banks, rather than directly to practitioners, that typically catalog donations, along with profiles of the donors.<sup>43</sup>

Former patients impacted by fraudulent insemination feel physically violated and assaulted, and may feel guilty or remorseful for seeking accountability due to their affection for their children.<sup>44</sup> Children who resulted from fraudulent insemination may experience disruption in personal identity and may become estranged from their families if they pursue relationships with their newly found half-siblings.<sup>45</sup>

### *Criminal Liability*

Current law presents several obstacles to imposing criminal sanctions for fraudulent insemination. As of 2019, no health care practitioner has been held criminally liable for conduct relating to the unauthorized use of human reproductive material.<sup>46</sup> Instead, prosecuting authorities have charged health care practitioners with mail fraud, wire fraud, perjury, and obstruction of justice when state laws have failed to specifically provide criminal penalties for such conduct.<sup>47</sup>

### Florida

Florida law does not specifically prohibit a health care practitioner from implanting an embryo created with, or inseminating a patient with, human reproductive material from an unspecified donor without the patient's consent. The elements of some existing crimes come close to capturing the conduct, but present challenges when applied in a health care setting. For example, it is unlikely that the crime of battery<sup>48</sup> captures fraudulent insemination. A person commits battery when he or she:<sup>49</sup>

- Actually and intentionally touches or strikes another person against the will of the other; or

<sup>48</sup> Section 784.03, F.S.

<sup>49</sup> Battery is a first degree misdemeanor, punishable by up to one year in county jail and a fine up to \$1,000. Sections 775.082 and 775.083, F.S.

- Intentionally causes another person bodily harm.

A fertility patient consents to an insemination procedure prior to sperm being injected. Even if a fertility patient would not have consented to the sperm's source, because she consents to the actual "touching" required for a battery, it may be difficult to prove a violation. Moreover, other states have resisted applying battery statutes to fraudulent insemination out of concern that a jury may determine that a patient consented to conduct in cases where anonymous donor sperm is used for insemination.<sup>50</sup>

Similarly, the elements of fraudulent insemination are likely not captured by the existing crime of sexual battery. Sexual battery is the oral, anal, or vaginal penetration by, or union with, the sexual organ of another or the anal or vaginal penetration of another by any other object.<sup>51</sup> Sexual battery does not include an act done for a bona fide medical purpose.<sup>52</sup> Although sexual battery does not require proof that the act was performed for the purpose of sexual gratification, the fact that the act is performed in a clinical setting in which the patient has consented to the procedure may present obstacles to proving a violation.<sup>53</sup>

### Other States

Texas prohibits a person from using genetic material without disclosing the source of such material as a form of sexual assault. Under the law, it is a felony to implant human reproductive material without a patient's consent, and a violation is punishable by six months to two years imprisonment and a fine up to \$10,000.<sup>54</sup> Indiana prohibits making a misrepresentation involving human reproductive material or a medical procedure, device, or drug. A violation of the prohibition is punishable by one to six years imprisonment and a fine up to \$10,000.<sup>55</sup> Currently, Texas and Indiana are the only states that have criminalized conduct related to fraudulent insemination.<sup>56</sup>

California law makes it a crime for a person to knowingly use reproductive material in ART, for any purpose other than that authorized by the provider of the reproductive material.<sup>57</sup> It also prohibits anyone from knowingly implanting reproductive material, through ART, into a recipient who is not the provider of the reproductive material without the written consent of both the provider and recipient.<sup>58</sup>

### Statute of Limitations

The statute of limitations (SOL) determines the timeframe in which a criminal prosecution must be initiated.<sup>59</sup> The SOL in effect at the time a crime is committed controls.<sup>60</sup> In general, time is calculated from the day after a person commits an offense, and the filing of a charging document such as an indictment or information initiates the prosecution for the purpose of satisfying the time limitations.<sup>61</sup> Regardless of whether a charging document is filed, the time limitation does not run during any time an offender is continuously absent from the state or otherwise undiscoverable because he or she lacks a reasonably ascertainable home address or place of employment; however, an extension under this scenario may not exceed the normal time limitation by more than three years.<sup>62</sup>

---

<sup>50</sup> *Supra* note 39.

<sup>51</sup> The act must be committed without the victim's consent. S. 794.011(1)(h), F.S.

<sup>52</sup> A person 18 years of age or older who commits sexual battery upon a person 18 years of age or older, without that person's consent, and in the process does not use physical force or violence likely to cause serious personal injury commits a second degree felony, punishable by 15 years imprisonment and a \$10,000 fine. Ss. 775.082 and 775.083, F.S.

<sup>58</sup> *Id.*

<sup>59</sup> Section 775.15, F.S.

<sup>60</sup> *Beyer v. State*, 76 So. 3d 1132, 1135 (Fla. 4th DCA 2012).

<sup>61</sup> Sections. 775.15(3)-(4), F.S.

<sup>62</sup> Section 775.15(5), F.S.

Capital felonies,<sup>63</sup> life felonies,<sup>64</sup> and felonies resulting in a death are not subject to time constraints, and the state may bring charges at any time.<sup>65</sup> The standard time limitations for other crimes are:<sup>66</sup>

- Four years for a first degree felony.
- Three years for a second or third degree felony.
- Two years for a first degree misdemeanor.
- One year for a second degree misdemeanor.

Exceptions to the standard SOL apply to certain crimes and circumstances. In particular, Florida extends or removes time limitations or changes the date on which calculation of the SOL begins for sex crimes, including sexual battery, lewd or lascivious offenses, and human trafficking.<sup>67</sup>

The potential lapse of time between a fraudulent insemination and the discovery of such conduct may present a barrier to prosecution. Patients often do not discover fertility fraud until several years after the insemination has occurred.<sup>68</sup> For example, Donald Cline, an obstetrician from Indianapolis, Indiana, fraudulently inseminated multiple patients and fathered several children between 1974 and 1987.<sup>69</sup> His conduct was not discovered until 2014.<sup>70</sup>

#### *Health Care Professional Licensure*

Section 456.072, F.S., authorizes a regulatory board or DOH, if there is no board, to discipline a health care practitioner's licensure for a number of offenses, including but not limited to:

- Making misleading, deceptive, or fraudulent representations in or related to the practice of the licensee's profession;
- Making deceptive, untrue, or fraudulent representations in or related to the practice of a profession or employing a trick or scheme in or related to the practice of a profession; or
- Engaging or attempting to engage in sexual misconduct as defined in s. 456.063, F.S.

Current statute does not specifically prohibit a health care practitioner from performing an act that would constitute fraudulent insemination. However, a board or DOH, if there is no board, could find that a health care practitioner who commits fraudulent insemination is subject to discipline under one of the existing fraud provisions.

Sexual misconduct involves a health care practitioner engaging, or attempting to engage, in verbal or physical sexual activity outside the scope of the professional practice of his or her health care profession with a patient or client, or an immediate family member, guardian, or representative of a patient or client.<sup>71</sup> A health care practitioner who fraudulently inseminates a patient may or may not be subject to licensure discipline. since the behavior may be deemed not to constitute sexual activity as contemplated by statute.

If the board or DOH finds that a licensee committed a violation, the board or DOH may:<sup>72</sup>

---

<sup>63</sup> Section 775.082, F.S.

<sup>64</sup> Id.

<sup>65</sup> Section 775.15(1), F.S.

<sup>66</sup> Section 775.15(2), F.S.

<sup>67</sup> An extension of a particular crime's SOL does not violate the ex post facto clause of the State Constitution if the extension takes effect before prosecution of an offense is barred by the old SOL and the new SOL clearly indicates it applies to cases pending upon its effective date. Art. I, s. 10, Fla. Const.; *Andrews v. State*, 392 So. 2d 270, 271 (Fla. 2d DCA 1980).

<sup>68</sup> *Supra* note 39.

<sup>69</sup> Id.

<sup>70</sup> Id.

<sup>71</sup> Section 456.063, F.S. A person who commits such sexual misconduct is disqualified from licensure in this state.

<sup>72</sup> Section 456.072(2), F.S.

- Refuse to certify, or to certify with restrictions, an application for a license;
- Suspend or permanently revoke a license;
- Place a restriction on the licensee's practice or license;
- Impose an administrative fine not to exceed \$10,000 for each count or separate offense; if the violation is for fraud or making a false representation, a fine of \$10,000 must be imposed for each count or separate offense;
- Issue a reprimand or letter of concern;
- Place the licensee on probation;
- Require a corrective action plan;
- Refund fees billed and collected from the patient or third party on behalf of the patient; or
- Require the licensee to undergo remedial education.

The board or DOH must consider what is necessary to protect the public or to compensate the patient when it decides the penalty to impose.<sup>73</sup>

### **Effect of Proposed Changes**

#### **Consent for Pelvic Examinations**

The bill prohibits a health care practitioner,<sup>74</sup> medical student, or any other student receiving health care practitioner training, from performing a pelvic examination on a patient without express written consent unless an exception applies. A health care practitioner must obtain written consent from the patient or the patient's representative that expressly identifies that a pelvic examination will be performed. The bill does not require a health care practitioner to obtain consent if:

- A court orders a pelvic examination be performed to collect evidence; or
- The pelvic examination is immediately necessary to avert a serious risk of imminent substantial and irreversible physical impairment of a major bodily function of the patient.

The bill defines pelvic examination as the series of tasks that comprise an examination of the vagina, cervix, uterus, fallopian tubes, ovaries, rectum, or external pelvic tissue or organs using any combination of modalities, including the health care practitioner's gloved hand or instrumentation.

#### **Fraudulent Insemination**

##### *Licensure Discipline*

The bill prohibits a health care practitioner from implanting a patient, or causing a patient to be implanted, with a human embryo without the patient's consent to the use of that embryo. Similarly, the bill prohibits a health care practitioner from inseminating a patient, or causing a patient to be inseminated, with human reproductive material<sup>75</sup> without the patient's consent to the use of human reproductive material from that donor. A health care practitioner who intentionally performs one of these acts is subject to licensure discipline.

The bill specifically bans a physician from intentionally implanting a patient, or causing a patient to be implanted, with a human embryo created with the reproductive material of the physician. Similarly, the bill bans a physician from inseminating a patient, or causing a patient to be inseminated, with the

<sup>73</sup> Id.

<sup>74</sup> Pursuant to s. 456.001(4), F.S., health care practitioners are defined to include acupuncturists, physicians, physician assistants, chiropractors, podiatrists, naturopaths, dentists, dental hygienists, optometrists, nurses, nursing assistants, pharmacists, midwives, speech language pathologists, nursing home administrators, occupational therapists, respiratory therapists, dieticians, athletic trainers, orthotists, prosthetists, electrologists, massage therapists, clinical laboratory personnel, medical physicists, dispensers of optical devices or hearing aids, physical therapists, psychologists, social workers, counselors, and psychotherapists, among others.

<sup>75</sup> The bill defines human reproductive material as any human egg or sperm or a human zygote. A zygote is a fertilized ovum.

human reproductive material of the physician. The bill establishes such action as a ground for disciplinary action against the physician's license.

### *Criminal Liability*

Effective October 1, 2020, the bill creates the crime of reproductive battery, which prohibits a healthcare practitioner from intentionally implanting a human embryo without the patient's consent to the use of that embryo, or transferring into a recipient the reproductive material of a donor without the patient's consent to the use of reproductive material from that donor.

A health care practitioner who violates the prohibition commits a third degree felony, punishable by up to five years imprisonment and a \$5,000 fine.<sup>76</sup> A health care practitioner who violates the prohibition and is also the donor of the reproductive material commits a second degree felony, punishable by up to 15 years imprisonment and a \$10,000 fine. The bill requires DOH to issue an emergency order suspending the license of any physician, nurse, dentist, or pharmacist who pleads guilty to or is found guilty of this crime.

The bill tolls the statute of limitations for criminal prosecution of a reproductive battery until the date a violation is discovered and reported to law enforcement or another governmental agency. As such, the standard three-year statute of limitations for a third degree felony does not apply to a reproductive battery. This exception to the general statute of limitations will prevent a prosecution from being barred by a patient's failure to discover the healthcare practitioner's conduct until several years after the offense occurred.

The bill specifically prohibits the recipient's consent to the use of an anonymous donor as a defense to the crime of reproductive medicine.

The bill provides an effective date of July 1, 2020, except for creation of the crime of reproductive battery, which takes effect on October 1, 2020.

## **II. FISCAL ANALYSIS & ECONOMIC IMPACT STATEMENT**

### **A. FISCAL IMPACT ON STATE GOVERNMENT:**

#### 1. Revenues:

None.

#### 2. Expenditures:

The Criminal Justice Impact Conference considered the bill on February 10, 2020, and determined that it will likely have a positive insignificant impact, meaning it will result in an increase of 10 or fewer beds.<sup>77</sup>

DOH may experience an increase in workload associated with additional complaints, investigations, and prosecutions; however, existing resources are adequate to absorb these impacts.

### **B. FISCAL IMPACT ON LOCAL GOVERNMENTS:**

#### 1. Revenues:

## HOUSE OF REPRESENTATIVES STAFF FINAL BILL ANALYSIS

**BILL #:** CS/HB 1287 Reproductive Medicine  
**SPONSOR(S):** Health Quality Subcommittee, Jenne and others  
**TIED BILLS:** IDEN./SIM. **BILLS:** CS/CS/SB 698

---

**FINAL HOUSE FLOOR ACTION:** 117 Y's 0 N's **GOVERNOR'S ACTION:** Pending

---

### SUMMARY ANALYSIS

CS/HB 1287 passed the House on March 10, 2020, as CS/CS/SB 698, as amended. The Senate concurred in the House amendment to the Senate bill and subsequently passed the bill as amended on March 12, 2020. The bill contains a portion of CS/HB 1289.

Informed consent is a process in which a health care provider educates a patient about the risks, benefits, and alternatives of a given procedure or intervention. Such information enables a patient to make a competent decision about whether to undergo a procedure or treatment. The bill prohibits a health care practitioner, a medical student, or any other student receiving health care practitioner training from performing a pelvic examination on a patient without express written consent with, certain exceptions.

Infertility is the inability to conceive a child, and generally, a person is considered to be infertile after one year of unsuccessful conception. A physician may treat infertility by using intrauterine insemination or assistive reproductive technology. In intrauterine insemination, the physician uses reproductive material from the woman's partner or a donor. In assistive reproductive technology, an egg is fertilized in a laboratory using reproductive material from the woman's partner or a donor.

The bill also prohibits a health care practitioner from intentionally implanting, or causing to be implanted, a human embryo without the recipient's consent to the use of that human embryo, or inseminating a patient, or causing a patient to be inseminated, with human reproductive material from a donor without the patient's consent to the use of that donor's reproductive material. The bill bans a physician from intentionally implanting a patient, or causing a patient to be implanted, with a human embryo created using the physician's reproductive material, or inseminating a patient, or causing a patient to be inseminated, with the human reproductive material of the physician. The bill establishes such action as a ground for disciplinary action against the health practitioner's or physician's license.

Effective October 1, 2020, the bill creates the crime of reproductive battery, which makes it a third degree felony for a healthcare practitioner to intentionally implant a human embryo or transfer into a recipient the reproductive material of a donor if the patient has not consented to the use of that human embryo or the reproductive material from that donor. It is a second degree felony if the health care practitioner uses his or her own reproductive material. The bill tolls the statute of limitations for criminal prosecution of a reproductive battery until the date a violation is discovered and reported to law enforcement or another governmental agency. The bill requires the Department of Health (DOH) to issue an emergency order suspending the license of a health care practitioner who pleads guilty to or is convicted of reproductive battery.

The bill will likely have a positive insignificant impact on prisons, and an insignificant, negative fiscal impact on DOH. The bill has no fiscal impact on local governments.

Subject to the Governor's veto powers, the effective date of this bill is July 1, 2020, except as otherwise provided.

## I. SUBSTANTIVE INFORMATION

### A. EFFECT OF CHANGES:

#### Present Situation

##### Physician Licensure in Florida

Florida licenses two types of physicians: allopathic and osteopathic. Allopathic physicians diagnose, treat, operate, or prescribe for any human disease, pain, injury, deformity, or other physical or mental condition.<sup>1</sup> The scope of practice for osteopathic physicians is the same as that of allopathic physicians; however, osteopathic medicine emphasizes the importance of the musculoskeletal structure and manipulative therapy in the maintenance and restoration of health.<sup>2</sup>

The Boards of Medicine and the Boards of Osteopathic Medicine (collectively “boards”) regulates allopathic and osteopathic physicians, under ch. 458, F.S., and ch. 459, F.S., respectively. The boards may discipline a physician’s license if the physician violates standards of practices, the applicable practice act, or the general health care practitioner licensing statute, ch. 456, F.S. Depending on the violation, the boards may:<sup>3</sup>

- Refuse to certify, or to certify with restrictions, an application for a license;
- Suspend or permanently revoke a license;
- Place a restriction on the licensee’s practice or license;
- Impose an administrative fine not to exceed \$10,000 for each count or separate offense; if the violation is for fraud or making a false representation, a fine of \$10,000 must be imposed for each count or separate offense;
- Issue a reprimand or letter of concern;
- Place the licensee on probation;
- Require a corrective action plan;
- Refund fees billed and collected from the patient or third party on behalf of the patient; or
- Require the licensee to undergo remedial education.

A board must consider what is necessary to protect the public or to compensate the patient when it decides the penalty to impose.<sup>4</sup>

#### Informed Consent

Informed consent for medical treatment is fundamental in both ethics and law.<sup>5</sup> Informed consent is a process in which a health care provider educates a patient about the risks, benefits, and alternatives of a given procedure or intervention.<sup>6</sup> A patient must be competent to make a voluntary decision about whether to undergo a procedure. Foregoing the process of consent within medicine can result in violations of both autonomy and basic rights, as well as trust.<sup>7</sup>

The idea of informed consent was established in 1914, in a case in which a patient was operated on without her consent.<sup>8</sup> In determining whether she had a cause of action against the hospital in which the operation was formed, Judge Cardozo opined that “every human being of adult years and sound mind has a right to determine what shall be done to his own body; and a surgeon who performs an operation without his patient’s consent commits an assault, for which he is liable for damages.”<sup>9</sup>

### *Florida Requirements for Informed Consent*

Florida law does not contain a general statute on informed consent. However, a board rule requires physicians to explain the medical or surgical procedure to be performed to the patient and obtain the informed consent of the patient.<sup>10</sup> The rule does not require physician to obtain or witness the signature of the patient on a written form evidencing informed consent.

### Pelvic Examinations

A pelvic examination involves the visual examination of the external genitalia and an internal visual examination of the vaginal walls and cervix using a speculum and palpation of the pelvic organs.<sup>11</sup> Health care practitioners often perform pelvic examinations as a part of the annual well woman visit.<sup>12</sup> A health care practitioner may also perform a pelvic examination to diagnose specific health conditions, such as cancer and bacterial vaginosis.<sup>13</sup>

Benefits of routine pelvic examinations include early detection of treatable gynecologic conditions before symptoms occur and incidental findings such as dermatologic changes and foreign bodies.<sup>14</sup> These examinations also give the health care practitioner an opportunity to establish open communication with the patient to answer specific questions and reassure her of normalcy.<sup>15</sup>

New clinical guidelines have recommended against pelvic examinations on asymptomatic, non-pregnant, adult women.<sup>16</sup> Routine pelvic examination has not been shown to benefit such women in that it rarely detects important disease and does not reduce mortality.<sup>17</sup> Several harms have been identified for the performance of pelvic examinations including fear, anxiety, embarrassment, pain, and discomfort.<sup>18</sup> Physical harms include urinary tract infections and symptoms such as dysuria and frequent urination.<sup>19</sup>

The American College of Obstetricians and Gynecologists finds that data is currently insufficient to make a recommendation for or against routine pelvic examinations. Therefore, it recommends that

pelvic examinations be performed when indicated by medical history or symptoms, such as abnormal bleeding, pelvic pain, or urinary issues.<sup>20</sup>

### *Pelvic Examinations on Unconscious or Anesthetized Patients*

In recent years, articles have detailed reports of medical students performing pelvic examinations, without consent, on women who are anesthetized or unconscious.<sup>21</sup> This practice has been common since the late 1800's and, in 2003, a study reported that 90 percent of medical students who completed obstetrics and gynecology rotations at four Philadelphia-area hospitals performed pelvic examinations on anesthetized patients for educational purposes.<sup>22</sup>

Some medical organizations have advised their members that pelvic examinations should not be performed on anesthetized or incapacitated patients without discussing the procedure with the patient or obtaining the patient's consent. The Committee on Ethics of the American College of Obstetricians and Gynecologists resolved that "pelvic examinations on an anesthetized woman that offer her no personal benefit and are performed solely for teaching purposes should be performed only with her specific informed consent obtained before her surgery".<sup>23</sup>

The American Medical Association Council on Ethical and Judicial Affairs takes a softer position. It recommends that "patients should be informed of the identity and training status of individuals involved in their care ... patients are free to choose from whom they receive treatment." In situations where the patient will be temporarily incapacitated (e.g., anesthetized) and where student involvement is anticipated, "involvement should be discussed before the procedure is undertaken whenever possible ... in instances where a patient may not have capacity to make decisions, student involvement should be discussed with the surrogate decision-maker..."<sup>24</sup>

The Association of American Medical Colleges (AAMC) offered that "performing pelvic examinations on women under anesthesia, without their knowledge or approval ... is unethical and unacceptable".<sup>25</sup> However, the chief health care officer for the AAMC notes that recent articles on unauthorized pelvic examinations rely on studies from more than 10 years ago and before more detailed informed consent forms were used. <sup>26</sup>The AAMC claims that students and residents typically practice pelvic examinations with special mannequins and standardized patients who are specifically trained for this purpose.<sup>27</sup>

California, Hawaii, Illinois, Iowa, Maryland, Oregon, Utah, and Virginia prohibit unauthorized pelvic examinations.<sup>28</sup>

## Infertility

Infertility is the inability to conceive a child, and generally, a person is considered to be infertile after one year of unsuccessful conception.<sup>29</sup> The Centers for Disease Control (CDC) estimates about 12 percent of women aged 15 to 44 years in the United States have difficulty getting pregnant or carry a pregnancy to term.<sup>30</sup> Infertility affects both men and women equally. In approximately forty percent of infertile couples, the male partner is either the sole cause or a contributing cause of infertility.<sup>31</sup>

### *Treatment of Infertility*

Health care practitioners may treat infertility using a number of methods: medicine, surgery, intrauterine insemination, or assisted reproductive technology.<sup>32</sup> Health care practitioners often use more than one of these methods concurrently. The treatment used by the health care practitioner depends on the:<sup>33</sup>

- Factors contributing to the infertility.
- Duration of the infertility.
- Age of the female.
- Couple's treatment preference after counseling about success rates, risks, and benefits of each treatment option.

Eighty-five to ninety percent of infertility cases are treated with medication or surgery.<sup>34</sup> A health care practitioner may use intrauterine insemination (IUI), also known as artificial insemination, if medication or surgery is not indicated or is unsuccessful in resolving the infertility. With IUI, specially prepared sperm are inserted into a woman's uterus.<sup>35</sup> The sperm may be the sperm of her partner or from a donor.

Assistive reproductive technology (ART) includes all fertility treatments in which both the eggs and the embryos are handled outside of the body. Examples of ART includes in vitro fertilization (IVF), gamete intrafallopian transfer, pronuclear stage tubal transfer, tubal embryo transfer, and zygote intrafallopian transfer.<sup>36</sup>

IVF involves surgically removing eggs from a woman's ovaries and combining them with her partner's sperm or donor sperm in a laboratory.<sup>37</sup> After 40 hours the eggs are examined to see if they have become fertilized by sperm and are dividing into cells. The fertilized eggs or embryos are then placed in the woman's uterus.<sup>38</sup> The transfer may occur at the time they are fertilized or the embryos may be cryopreserved for future use.

## Fraudulent Insemination

With the rising popularity of at-home genetic testing, adult children are learning that they are not biologically related to their fathers and that they may have multiple half-siblings. Beginning in 2016, cases began to emerge in which male physicians had used their own sperm in the 1970s through the 1990s to inseminate patients without their knowledge.<sup>39</sup>

When infertility treatment was relatively new, physicians would mix a spouse's sample with that of a donor, and physicians typically provided little information about the donor to the patient.<sup>40</sup> A survey conducted by the federal Office of Technology Assessment in 1987, revealed that approximately two percent of fertility doctors who responded had use their own sperm to inseminate patients.<sup>41</sup> Physicians have justified this practice by indicating that the donors were advised that the sperm donors were anonymous and would not provide any other information to protect that anonymity.<sup>42</sup> Unlike the practice in 1970s and 1980s, many donations today are provided to sperm banks, rather than directly to practitioners, that typically catalog donations, along with profiles of the donors.<sup>43</sup>

Former patients impacted by fraudulent insemination feel physically violated and assaulted, and may feel guilty or remorseful for seeking accountability due to their affection for their children.<sup>44</sup> Children who resulted from fraudulent insemination may experience disruption in personal identity and may become estranged from their families if they pursue relationships with their newly found half-siblings.<sup>45</sup>

### *Criminal Liability*

Current law presents several obstacles to imposing criminal sanctions for fraudulent insemination. As of 2019, no health care practitioner has been held criminally liable for conduct relating to the unauthorized use of human reproductive material.<sup>46</sup> Instead, prosecuting authorities have charged health care practitioners with mail fraud, wire fraud, perjury, and obstruction of justice when state laws have failed to specifically provide criminal penalties for such conduct.<sup>47</sup>

### Florida

Florida law does not specifically prohibit a health care practitioner from implanting an embryo created with, or inseminating a patient with, human reproductive material from an unspecified donor without the patient's consent. The elements of some existing crimes come close to capturing the conduct, but present challenges when applied in a health care setting. For example, it is unlikely that the crime of battery<sup>48</sup> captures fraudulent insemination. A person commits battery when he or she:<sup>49</sup>

- Actually and intentionally touches or strikes another person against the will of the other; or

<sup>47</sup> Jody Lynee Madeira, *Understanding Illicit Insemination and Fertility Fraud, From Patient Experience to Legal Reform*, (Jan. 29, 2020) <https://journals.library.columbia.edu/index.php/cjgl/article/view/4559> (last visited Feb. 1, 2020).

<sup>48</sup> Section 784.03, F.S.

<sup>49</sup> Battery is a first degree misdemeanor, punishable by up to one year in county jail and a fine up to \$1,000. Sections 775.082 and 775.083, F.S.

- Intentionally causes another person bodily harm.

A fertility patient consents to an insemination procedure prior to sperm being injected. Even if a fertility patient would not have consented to the sperm's source, because she consents to the actual "touching" required for a battery, it may be difficult to prove a violation. Moreover, other states have resisted applying battery statutes to fraudulent insemination out of concern that a jury may determine that a patient consented to conduct in cases where anonymous donor sperm is used for insemination.<sup>50</sup>

Similarly, the elements of fraudulent insemination are likely not captured by the existing crime of sexual battery. Sexual battery is the oral, anal, or vaginal penetration by, or union with, the sexual organ of another or the anal or vaginal penetration of another by any other object.<sup>51</sup> Sexual battery does not include an act done for a bona fide medical purpose.<sup>52</sup> Although sexual battery does not require proof that the act was performed for the purpose of sexual gratification, the fact that the act is performed in a clinical setting in which the patient has consented to the procedure may present obstacles to proving a violation.<sup>53</sup>

### Other States

Texas prohibits a person from using genetic material without disclosing the source of such material as a form of sexual assault. Under the law, it is a felony to implant human reproductive material without a patient's consent, and a violation is punishable by six months to two years imprisonment and a fine up to \$10,000.<sup>54</sup> Indiana prohibits making a misrepresentation involving human reproductive material or a medical procedure, device, or drug. A violation of the prohibition is punishable by one to six years imprisonment and a fine up to \$10,000.<sup>55</sup> Currently, Texas and Indiana are the only states that have criminalized conduct related to fraudulent insemination.<sup>56</sup>

California law makes it a crime for a person to knowingly use reproductive material in ART, for any purpose other than that authorized by the provider of the reproductive material.<sup>57</sup> It also prohibits anyone from knowingly implanting reproductive material, through ART, into a recipient who is not the provider of the reproductive material without the written consent of both the provider and recipient.<sup>58</sup>

### Statute of Limitations

The statute of limitations (SOL) determines the timeframe in which a criminal prosecution must be initiated.<sup>59</sup> The SOL in effect at the time a crime is committed controls.<sup>60</sup> In general, time is calculated from the day after a person commits an offense, and the filing of a charging document such as an indictment or information initiates the prosecution for the purpose of satisfying the time limitations.<sup>61</sup> Regardless of whether a charging document is filed, the time limitation does not run during any time an offender is continuously absent from the state or otherwise undiscoverable because he or she lacks a reasonably ascertainable home address or place of employment; however, an extension under this scenario may not exceed the normal time limitation by more than three years.<sup>62</sup>

---

<sup>50</sup> *Supra* note 39.

<sup>51</sup> The act must be committed without the victim's consent. S. 794.011(1)(h), F.S.

<sup>52</sup> A person 18 years of age or older who commits sexual battery upon a person 18 years of age or older, without that person's consent, and in the process does not use physical force or violence likely to cause serious personal injury commits a second degree felony, punishable by 15 years imprisonment and a \$10,000 fine. Ss. 775.082 and 775.083, F.S.

<sup>58</sup> *Id.*

<sup>59</sup> Section 775.15, F.S.

<sup>60</sup> *Beyer v. State*, 76 So. 3d 1132, 1135 (Fla. 4th DCA 2012).

<sup>61</sup> Sections. 775.15(3)-(4), F.S.

<sup>62</sup> Section 775.15(5), F.S.

Capital felonies,<sup>63</sup> life felonies,<sup>64</sup> and felonies resulting in a death are not subject to time constraints, and the state may bring charges at any time.<sup>65</sup> The standard time limitations for other crimes are:<sup>66</sup>

- Four years for a first degree felony.
- Three years for a second or third degree felony.
- Two years for a first degree misdemeanor.
- One year for a second degree misdemeanor.

Exceptions to the standard SOL apply to certain crimes and circumstances. In particular, Florida extends or removes time limitations or changes the date on which calculation of the SOL begins for sex crimes, including sexual battery, lewd or lascivious offenses, and human trafficking.<sup>67</sup>

The potential lapse of time between a fraudulent insemination and the discovery of such conduct may present a barrier to prosecution. Patients often do not discover fertility fraud until several years after the insemination has occurred.<sup>68</sup> For example, Donald Cline, an obstetrician from Indianapolis, Indiana, fraudulently inseminated multiple patients and fathered several children between 1974 and 1987.<sup>69</sup> His conduct was not discovered until 2014.<sup>70</sup>

#### *Health Care Professional Licensure*

Section 456.072, F.S., authorizes a regulatory board or DOH, if there is no board, to discipline a health care practitioner's licensure for a number of offenses, including but not limited to:

- Making misleading, deceptive, or fraudulent representations in or related to the practice of the licensee's profession;
- Making deceptive, untrue, or fraudulent representations in or related to the practice of a profession or employing a trick or scheme in or related to the practice of a profession; or
- Engaging or attempting to engage in sexual misconduct as defined in s. 456.063, F.S.

Current statute does not specifically prohibit a health care practitioner from performing an act that would constitute fraudulent insemination. However, a board or DOH, if there is no board, could find that a health care practitioner who commits fraudulent insemination is subject to discipline under one of the existing fraud provisions.

Sexual misconduct involves a health care practitioner engaging, or attempting to engage, in verbal or physical sexual activity outside the scope of the professional practice of his or her health care profession with a patient or client, or an immediate family member, guardian, or representative of a patient or client.<sup>71</sup> A health care practitioner who fraudulently inseminates a patient may or may not be subject to licensure discipline. since the behavior may be deemed not to constitute sexual activity as contemplated by statute.

If the board or DOH finds that a licensee committed a violation, the board or DOH may:<sup>72</sup>

---

<sup>63</sup> Section 775.082, F.S.

<sup>64</sup> *Id.*

<sup>65</sup> Section 775.15(1), F.S.

<sup>66</sup> Section 775.15(2), F.S.

<sup>67</sup> An extension of a particular crime's SOL does not violate the ex post facto clause of the State Constitution if the extension takes effect before prosecution of an offense is barred by the old SOL and the new SOL clearly indicates it applies to cases pending upon its effective date. Art. I, s. 10, Fla. Const.; *Andrews v. State*, 392 So. 2d 270, 271 (Fla. 2d DCA 1980).

<sup>68</sup> *Supra* note 39.

<sup>69</sup> *Id.*

<sup>70</sup> *Id.*

<sup>71</sup> Section 456.063, F.S. A person who commits such sexual misconduct is disqualified from licensure in this state.

<sup>72</sup> Section 456.072(2), F.S.

- Refuse to certify, or to certify with restrictions, an application for a license;
- Suspend or permanently revoke a license;
- Place a restriction on the licensee's practice or license;
- Impose an administrative fine not to exceed \$10,000 for each count or separate offense; if the violation is for fraud or making a false representation, a fine of \$10,000 must be imposed for each count or separate offense;
- Issue a reprimand or letter of concern;
- Place the licensee on probation;
- Require a corrective action plan;
- Refund fees billed and collected from the patient or third party on behalf of the patient; or
- Require the licensee to undergo remedial education.

The board or DOH must consider what is necessary to protect the public or to compensate the patient when it decides the penalty to impose.<sup>73</sup>

### **Effect of Proposed Changes**

#### **Consent for Pelvic Examinations**

The bill prohibits a health care practitioner,<sup>74</sup> medical student, or any other student receiving health care practitioner training, from performing a pelvic examination on a patient without express written consent unless an exception applies. A health care practitioner must obtain written consent from the patient or the patient's representative that expressly identifies that a pelvic examination will be performed. The bill does not require a health care practitioner to obtain consent if:

- A court orders a pelvic examination be performed to collect evidence; or
- The pelvic examination is immediately necessary to avert a serious risk of imminent substantial and irreversible physical impairment of a major bodily function of the patient.

The bill defines pelvic examination as the series of tasks that comprise an examination of the vagina, cervix, uterus, fallopian tubes, ovaries, rectum, or external pelvic tissue or organs using any combination of modalities, including the health care practitioner's gloved hand or instrumentation.

#### **Fraudulent Insemination**

##### *Licensure Discipline*

The bill prohibits a health care practitioner from implanting a patient, or causing a patient to be implanted, with a human embryo without the patient's consent to the use of that embryo. Similarly, the bill prohibits a health care practitioner from inseminating a patient, or causing a patient to be inseminated, with human reproductive material<sup>75</sup> without the patient's consent to the use of human reproductive material from that donor. A health care practitioner who intentionally performs one of these acts is subject to licensure discipline.

The bill specifically bans a physician from intentionally implanting a patient, or causing a patient to be implanted, with a human embryo created with the reproductive material of the physician. Similarly, the bill bans a physician from inseminating a patient, or causing a patient to be inseminated, with the

<sup>73</sup> Id.

<sup>74</sup> Pursuant to s. 456.001(4), F.S., health care practitioners are defined to include acupuncturists, physicians, physician assistants, chiropractors, podiatrists, naturopaths, dentists, dental hygienists, optometrists, nurses, nursing assistants, pharmacists, midwives, speech language pathologists, nursing home administrators, occupational therapists, respiratory therapists, dieticians, athletic trainers, orthotists, prosthetists, electrologists, massage therapists, clinical laboratory personnel, medical physicists, dispensers of optical devices or hearing aids, physical therapists, psychologists, social workers, counselors, and psychotherapists, among others.

<sup>75</sup> The bill defines human reproductive material as any human egg or sperm or a human zygote. A zygote is a fertilized ovum.

human reproductive material of the physician. The bill establishes such action as a ground for disciplinary action against the physician's license.

### *Criminal Liability*

Effective October 1, 2020, the bill creates the crime of reproductive battery, which prohibits a healthcare practitioner from intentionally implanting a human embryo without the patient's consent to the use of that embryo, or transferring into a recipient the reproductive material of a donor without the patient's consent to the use of reproductive material from that donor.

A health care practitioner who violates the prohibition commits a third degree felony, punishable by up to five years imprisonment and a \$5,000 fine.<sup>76</sup> A health care practitioner who violates the prohibition and is also the donor of the reproductive material commits a second degree felony, punishable by up to 15 years imprisonment and a \$10,000 fine. The bill requires DOH to issue an emergency order suspending the license of any physician, nurse, dentist, or pharmacist who pleads guilty to or is found guilty of this crime.

The bill tolls the statute of limitations for criminal prosecution of a reproductive battery until the date a violation is discovered and reported to law enforcement or another governmental agency. As such, the standard three-year statute of limitations for a third degree felony does not apply to a reproductive battery. This exception to the general statute of limitations will prevent a prosecution from being barred by a patient's failure to discover the healthcare practitioner's conduct until several years after the offense occurred.

The bill specifically prohibits the recipient's consent to the use of an anonymous donor as a defense to the crime of reproductive medicine.

The bill provides an effective date of July 1, 2020, except for creation of the crime of reproductive battery, which takes effect on October 1, 2020.

## **II. FISCAL ANALYSIS & ECONOMIC IMPACT STATEMENT**

### **A. FISCAL IMPACT ON STATE GOVERNMENT:**

#### **1. Revenues:**

None.

#### **2. Expenditures:**

The Criminal Justice Impact Conference considered the bill on February 10, 2020, and determined that it will likely have a positive insignificant impact, meaning it will result in an increase of 10 or fewer beds.<sup>77</sup>

DOH may experience an increase in workload associated with additional complaints, investigations, and prosecutions; however, existing resources are adequate to absorb these impacts.

### **B. FISCAL IMPACT ON LOCAL GOVERNMENTS:**

#### **1. Revenues:**

---

<sup>76</sup> Sections 775.082, 775.083, or 775.084, F.S.

<sup>77</sup> Criminal Justice Impact Conference, *CS/HB 1287*, available at

<http://edr.state.fl.us/Content/conferences/criminaljusticeimpact/CSHB1287.pdf> (last visited February 14, 2020).

None.

2. Expenditures:

None.

C. DIRECT ECONOMIC IMPACT ON PRIVATE SECTOR:

None.

D. FISCAL COMMENTS:

None.

## CHAPTER 2020-31

### Committee Substitute for Committee Substitute for Senate Bill No. 698

An act relating to reproductive health; amending s. 456.072, F.S.; providing grounds for disciplinary action; amending s. 456.074, F.S.; requiring the department to immediately suspend the license of certain health care practitioners under certain circumstances; creating s. 456.51, F.S.; defining the term "pelvic examination"; prohibiting health care practitioners and certain students from performing a pelvic examination on a patient without first obtaining the written consent of the patient or the patient's legal representative; providing exceptions; amending ss. 458.331 and 459.015, F.S.; providing grounds for disciplinary action; creating s. 784.086, F.S.; defining terms; establishing the criminal offense of reproductive battery; providing criminal penalties; providing an exception; tolling the period of limitations; providing that a recipient's consent to an anonymous donor is not a defense to the crime of reproductive battery; providing effective dates.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Paragraph (pp) is added to subsection (1) of section 456.072, Florida Statutes, to read:

456.072 Grounds for discipline; penalties; enforcement.—

(1) The following acts shall constitute grounds for which the disciplinary actions specified in subsection (2) may be taken:

(pp) Intentionally implanting a patient or causing a patient to be implanted with a human embryo without the recipient's consent to the use of that human embryo, or inseminating a patient or causing a patient to be inseminated with the human reproductive material, as defined in s. 784.086, of a donor without the recipient's consent to the use of human reproductive material from that donor.

Section 2. Subsection (1) of section 456.074, Florida Statutes, is amended to read:

456.074 Certain health care practitioners; immediate suspension of license.—

(1) The department shall issue an emergency order suspending the license of any person licensed under chapter 458, chapter 459, chapter 460, chapter 461, chapter 462, chapter 463, chapter 464, chapter 465, chapter 466, or chapter 484 who pleads guilty to, is convicted or found guilty of, or who enters a plea of nolo contendere to, regardless of adjudication, to:

(a) A felony under chapter 409, chapter 817, or chapter 893 or under 21 U.S.C. ss. 801-970 or under 42 U.S.C. ss. 1395-1396; ~~or~~

(b) A misdemeanor or felony under 18 U.S.C. s. 669, ss. 285-287, s. 371, s. 1001, s. 1035, s. 1341, s. 1343, s. 1347, s. 1349, or s. 1518 or 42 U.S.C. ss. 1320a-7b, relating to the Medicaid program; ~~or~~

(c) A felony under s. 784.086, relating to a reproductive battery.

Section 3. Section 456.51, Florida Statutes, is created to read:

456.51 Consent for pelvic examinations.—

(1) As used in this section, the term “pelvic examination” means the series of tasks that comprise an examination of the vagina, cervix, uterus, fallopian tubes, ovaries, rectum, or external pelvic tissue or organs using any combination of modalities, which may include, but need not be limited to, the health care provider’s gloved hand or instrumentation.

(2) A health care practitioner, a medical student, or any other student receiving training as a health care practitioner may not perform a pelvic examination on a patient without the written consent of the patient or the patient’s legal representative executed specific to, and expressly identifying, the pelvic examination, unless:

(a) A court orders performance of the pelvic examination for the collection of evidence; or

(b) The pelvic examination is immediately necessary to avert a serious risk of imminent substantial and irreversible physical impairment of a major bodily function of the patient.

Section 4. Paragraph (ww) is added to subsection (1) of section 458.331, Florida Statutes, to read:

458.331 Grounds for disciplinary action; action by the board and department.—

(1) The following acts constitute grounds for denial of a license or disciplinary action, as specified in s. 456.072(2):

(ww) Implanting a patient or causing a patient to be implanted with a human embryo created with the human reproductive material, as defined in s. 784.086, of the licensee, or inseminating a patient or causing a patient to be inseminated with the human reproductive material of the licensee.

Section 5. Paragraph (yy) is added to subsection (1) of section 459.015, Florida Statutes, to read:

459.015 Grounds for disciplinary action; action by the board and department.—

(1) The following acts constitute grounds for denial of a license or disciplinary action, as specified in s. 456.072(2):

(yy) Implanting a patient or causing a patient to be implanted with a human embryo created with the human reproductive material, as defined in s. 784.086, of the licensee, or inseminating a patient or causing a patient to be inseminated with the human reproductive material of the licensee.

Section 6. Effective October 1, 2020, section 784.086, Florida Statutes, is created to read:

784.086 Reproductive battery.—

(1) As used in this section, the term:

(a) “Donor” means a person who donates reproductive material, regardless of whether for personal use or compensation.

(b) “Health care practitioner” has the same meaning as provided in s. 456.001.

(c) “Recipient” means a person who receives reproductive material from a donor.

(d) “Reproductive material” means any human “egg” or “sperm” as those terms are defined in s. 742.13, or a human zygote.

(e) “Zygote” means a fertilized ovum.

(2) A health care practitioner may not intentionally transfer into the body of a recipient human reproductive material or implant a human embryo of a donor, knowing the recipient has not consented to the use of the human reproductive material or human embryo from that donor.

(a) A health care practitioner who violates this section commits reproductive battery, a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(b) A health care practitioner who violates this section and who is the donor of the reproductive material commits a felony of the second degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(3) Notwithstanding any other provision of law, the period of limitation for a violation under this section does not begin to run until the date on which the violation is discovered and reported to law enforcement or any other governmental agency.

(4) It is not a defense to the crime of reproductive battery that the recipient consented to an anonymous donor.

Section 7. Except as otherwise expressly provided in this act, this act shall take effect July 1, 2020.

Approved by the Governor June 18, 2020.

Filed in Office Secretary of State June 18, 2020.

## MEMORANDUM

**TO:** Board of Osteopathic Medicine  
**FROM:** Carol Taylor, Program Operations Administrator  
**DATE:** May 2, 2020  
**RESPONDENT:** Ty Anderson, D.O.; File number 14603  
3820 Tampa Road, Suite 202  
Palm Harbor, Florida 34684  
**RE:** Petition for Termination of Licensure Conditions.

---

### License Status/Restrictions:

- License is currently Conditional/Active and expires March 31, 2022.

### Reason for Agenda Item:

- Licensee through his attorney filed a Petition for Termination of Licensure Conditions.

### Action Requested:

- Licensee through his attorney requests the board terminate the lifelong PRN monitoring contract licensure requirement.

## CONDITIONS

### Notice of Intent to Approve Licensure with Conditions filed January 11, 2018:

#### Prior to issuance of license:

- PRN: the applicant is required to enter into and comply with a licensure long PRN contract
- CME: the applicant is required to complete forty (40) hours of CMEs including the following mandatory CMEs:
  - 2 hours on prevention of medical errors;
  - 1 hour on Florida Laws and Rules;
  - 1 hour on professional and medical ethics;
  - 2 hours on domestic violence; and
  - 1 hour on prescribing controlled substances.

---

**Florida Department of Health**

4052 Bald Cypress Way, Bin C06 • Tallahassee, FL 32399-3256  
PHONE: (850)245-4444 • FAX : (850) 412-2681

**Accredited Health Department**  
Public Health Accreditation Board

Conditions Remaining after Licensure:

- PRN: licensure long contract, remain in compliance
  
- CME: 28-hour comprehensive review course by the American College of Osteopathic Family Physicians or 20 hours in courses sponsored by the American Academy of Osteopathy and 8 hours of osteopathic principles and practices; and  
115 hours of optional topics;  
Licensee may submit documentation of courses he has already completed in compliance with the December 22, 2014, order
  
- Permanent Practice Restriction: He shall not own, operate, or practice in a pain management clinic as defined in Section 459.0137, Florida Statutes (2017);
  
- Prohibition of P.A. Supervision: He is prohibited from supervising any Physician Assistants;
  
- Probation: The license shall be placed on three (3) years' probation; one (1) year under direct supervision and two (2) years under indirect supervision.
  - Direct Supervision
  - Approval of Supervisor
  - Quarterly Reports
  - Indirect Supervision
  
- Appearances: Mandatory appearances
  - After six months of direct supervision
  - Prior to moving to indirect supervision
  - Last meeting preceding termination of probation
  - Annually during second and third years of probation

Completed:

- Licensee met the pre-licensure conditions
- Licensee appeared after six months of probation
- Licensee appeared prior to moving to indirect supervision

Continuing:

- PRN
- Practice Restriction: pain management clinic
- Prohibition of P.A. Supervision
- Quarterly Reports until termination of probation

**Current PRN status:**

**Remains in a lifelong PRN contract.**

**"PERSONAL & CONFIDENTIAL"**

RE: Ty Anderson, D.O.

Dear Board Members:

On behalf of the Professionals Resource Network (PRN), we are pleased to report that the above-named practitioner is an active participant in the Professionals Resource Network (PRN). Our program is the State of Florida's Impaired Practitioners Program, serving as the Consultant to the Department of Health (DOH) and the Board of Osteopathic Medicine on matters of addiction, psychiatric illness, and cognitive impairment among healthcare practitioners.

*ALEXIS G. POLLES, M.D.  
MEDICAL DIRECTOR*

*WILLIAM S. JACOBS, M.D.  
ASSOCIATE MEDICAL  
DIRECTOR*

*MARTHA E. BROWN, M.D.  
ASSOCIATE MEDICAL  
DIRECTOR*

An evaluation was performed on January 16, 2017, by Micahel Strolla, D.O., and Brian Gadbois, M.D., pursuant to the Board's November 17, 2017 referral to PRN for evaluation. Dr. Anderson was found safe to practice medicine without the need for PRN monitoring by the Independent Examiners in terms of his mental health status. Dr. Anderson was ordered to be under a Licensure Long PRN Monitoring Contract at that time. Since entering the PRN monitoring agreement, he has cooperated with all aspects of the process.

Dr. Anderson is in compliance with all requirements of his Monitoring Contract established on February 8, 2018. Those requirements include attendance at a weekly monitored PRN group, mutual aid meetings, and random urine/hair/blood toxicology testing.

**TAB 16:** Ty Reso Anderson, D.O., File #14603

Licensee was present. Licensee was represented by attorney, Ed Bayo, Esq.

Mr. Bayo presented Dr. Anderson's petition to the board. The petition requested the lifetime PRN monitor agreement required by the Notice of Intent to License with Conditions filed in 2018 be terminated.

After discussion:

Motion: by Dr. Hayden, seconded by Dr. Mendez, to continue the petition to the next regularly scheduled board meeting. Motion carried.

**STATE OF FLORIDA  
DEPARTMENT OF HEALTH**

IN RE: THE APPLICATION FOR  
LICENSURE OF

TY RESO ANDERSON, D.O.

---

**PETITION FOR TERMINATION OF LICENSURE CONDITION**

Petitioner, Ty Reso Anderson, D.O., by and through his undersigned counsel, moves the Board of Osteopathic Medicine (Board) for termination of the licensure condition currently on his license, and in support thereof, avers:

1. By Final Order dated December 22, 2014, Petitioner's application for licensure was approved, subject to compliance with a number of conditions, including successfully passing the COMVEX exam; completing 150 hours of CME; Probation for four (4) years with direct/indirect supervision; and a licensure long PRN Monitoring Contract.

2. Petitioner successfully completed a 5-year monitoring contract on May 2016. Attached as Exhibit 1 is a copy of a letter dated May 25, 2016 from PRN attesting to Petitioner's successful completion of his PRN contract.

3. As a result of a number of circumstances, including the statutory non-renewal of his license, Petitioner appeared before the Board on November 17, 2017 on a subsequent application for licensure. The Board approved his application with a number of conditions, including the licensure long PRN Monitoring contract.

4. As a result of the Board's requirement, Petitioner underwent an evaluation on January 2018 by a PRN approved evaluator, Dr. Michael Strolla. At that time, Petitioner had not been under PRN monitoring for almost 22 months, with no adverse incidents. As part of

that evaluation Petitioner was also evaluated by a Psychiatrist, Dr. Gadbois. It was the combined opinion of both Dr. Strolla and Dr. Gadbois that Petitioner was able to practice with reasonable skill and safety without the need for PRN monitoring.

5. Petitioner has remained compliant with his board-ordered monitoring.

6. Undersigned Counsel followed up with PRN on December 2019 and received an e-mail (Exhibit 2) from PRN reiterating that PRN has found Petitioner to be safe to practice without further monitoring.

7. Petitioner has greatly benefited from his PRN Monitoring and intends to continue to apply the lessons learned for the rest of his life. Nevertheless, Petitioner's PRN Monitoring, the required disclosure of same to potential employers, and the reporting associated with same, has negatively affected (and will continue to so affect) his employment opportunities.

8. The First District Court of Appeals has held that administrative agencies imposing ongoing conditions or restrictions retain inherent jurisdiction to review and modify such decisions based upon the implied duty to of continuing regulatory oversight. See, Mann v. Department of Professional Regulation, Board of Dentistry, 585 So.2d 1059 (Fla. 1<sup>st</sup> DCA 1991) and Kale v. Department of Health, Case No. 1D14-4273 (Fla. 1<sup>st</sup> DCA 2015 Opinion Issued June 4, 2015). Petitioner has been in sustained remission since May 2009. His successful completion of a PRN Monitoring contract in May 2016; his January 2018 PRN evaluation (which determined further monitoring was not necessary); his compliance with that monitoring for the past two (2) years; and the recently reiterated opinion from PRN that he is safe to practice without further monitoring, provide ample, significant and appropriate changed

circumstances to justify the Florida Board of Osteopathic Medicine's further consideration of whether the condition of a license long PRN contract needs to remain in place.

WHEREFORE, Respondent respectfully petitions the Board of Osteopathic Medicine to terminate the licensure condition.

**CERTIFICATE OF SERVICE**

I HEREBY CERTIFY that a true and correct copy of the foregoing has been furnished by E-MAIL and U.S. Mail to Kama Monroe, Executive Director, and Donna McNulty, Senior Assistant Attorney General/Board Counsel, this 28 day of February 2020.

Respectfully Submitted,

FDN:115451

Dear Dr. Anderson:

Congratulations on the successful completion of your Monitoring Contract with the Professionals Resource Network (PRN). It should be noted that you would have successfully completed your original Monitoring Contract in October of 2014. However, at the November 2014 meeting of the Board of Osteopathic Medicine, the Board imposed a number of requirements including signing a Licensure Long Contract. Due to the latest developments concerning your license PRN is closing your file as successful. PRN will be happy to provide any assistance you might require in the future if and when you decide to reapply for licensure.

Florida Board of Osteopathic Medicine

July, 8, 2020

Florida Department of Health

4052 Bald Cypress Way Bin C-06 Tallahassee, FL 32399-3257

Dr. Joel Rose DO – Chairman

Dear Dr. Rose:

I have known Dr Anderson for greater than 5 years. He was employed by the Rehabilitation Organization Operation PAR. Ty was an Addiction Counselor and was one of the few Counselors who achieved the CAP certification (demonstrates mastery and leadership in Addiction Counseling). It was in this position, that as the Physician in charge of the MAPS program of PAR; that I first encountered Dr. Anderson

Ty has been extensively evaluated by the PRN organization; Dr. Anderson has been sober for over 10 years. The PRN program recommends that Dr. Anderson should not be obligated to continued participation in the PRN program, as it is unlikely to add any further benefit to the maintenance of Dr. Anderson's sobriety.

At present Dr. Anderson's has been referred for a Lifetime contract with PRN. I have reviewed the available medical literature on time in treatment for Physician Recovery Programs. Upon review the duration of time in a monitored program is summed up best by the American Society of Addiction Medicine.

"There is no consensus on the time in treatment for Physicians participating in monitored programs for substance dependence and or mental illness." (ASAM)

The prescription of a minimum time in treatment, has however developed some uniformity in State PRN programs. 5 years appears to be the most prescribed treatment duration.

For patients who have successfully completed a 5-year program there does not appear to be any benefit from extending the contract. This time duration appears to influence successfully 70% and greater of participants.

STATE OF FLORIDA  
DEPARTMENT OF HEALTHIN RE: THE APPLICATION FOR  
LICENSURE OFTY RESO ANDERSON, D.O.  

---

**PETITION FOR TERMINATION OF LICENSURE CONDITION**

Petitioner, Ty Reso Anderson, D.O., by and through his undersigned counsel, moves the Board of Osteopathic Medicine (Board) for termination of the licensure condition currently on his license, and in support thereof, avers:

1. By Final Order dated December 22, 2014, Petitioner's application for licensure was approved, subject to compliance with a number of conditions, including successfully passing the COMVEX exam; completing 150 hours of CME; Probation for four (4) years with direct/indirect supervision; and a licensure long PRN Monitoring Contract.
2. Petitioner successfully completed a 5-year monitoring contract on May 2016. Attached as Exhibit 1 is a copy of a letter dated May 25, 2016 from PRN attesting to Petitioner's successful completion of his PRN contract.
3. As a result of a number of circumstances, including the statutory non-renewal of his license, Petitioner appeared before the Board on November 17, 2017 on a subsequent application for licensure. The Board approved his application with a number of conditions, including the licensure long PRN Monitoring contract.
4. As a result of the Board's requirement, Petitioner underwent an evaluation on January 2018 by a PRN approved evaluator, Dr. Michael Strolla. At that time, Petitioner had not been under PRN monitoring for almost 22 months, with no adverse incidents. As part of

that evaluation Petitioner was also evaluated by a Psychiatrist, Dr. Gadbois. It was the combined opinion of both Dr. Strolla and Dr. Gadbois that Petitioner was able to practice with reasonable skill and safety without the need for PRN monitoring.

5. Petitioner has remained compliant with his board-ordered monitoring.

6. Undersigned Counsel followed up with PRN on December 2019 and received an e-mail (Exhibit 2) from PRN reiterating that PRN has found Petitioner to be safe to practice without further monitoring.

7. Petitioner has greatly benefited from his PRN Monitoring and intends to continue to apply the lessons learned for the rest of his life. Nevertheless, Petitioner's PRN Monitoring, the required disclosure of same to potential employers, and the reporting associated with same, has negatively affected (and will continue to so affect) his employment opportunities.

8. The First District Court of Appeals has held that administrative agencies imposing ongoing conditions or restrictions retain inherent jurisdiction to review and modify such decisions based upon the implied duty to of continuing regulatory oversight. See, Mann v. Department of Professional Regulation, Board of Dentistry, 585 So.2d 1059 (Fla. 1<sup>st</sup> DCA 1991) and Kale v. Department of Health, Case No. 1D14-4273 (Fla. 1<sup>st</sup> DCA 2015 Opinion Issued June 4, 2015). Petitioner has been in sustained remission since May 2009. His successful completion of a PRN Monitoring contract in May 2016; his January 2018 PRN evaluation (which determined further monitoring was not necessary); his compliance with that monitoring for the past two (2) years; and the recently reiterated opinion from PRN that he is safe to practice without further monitoring, provide ample, significant and appropriate changed

circumstances to justify the Florida Board of Osteopathic Medicine's further consideration of whether the condition of a license long PRN contract needs to remain in place.

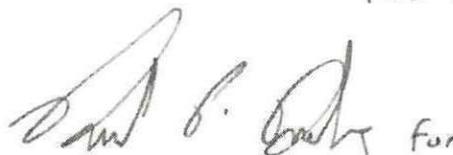

WHEREFORE, Respondent respectfully petitions the Board of Osteopathic Medicine to terminate the licensure condition.

**CERTIFICATE OF SERVICE**

I HEREBY CERTIFY that a true and correct copy of the foregoing has been furnished by E-MAIL and U.S. Mail to Kama Monroe, Executive Director, and Donna McNulty, Senior Assistant Attorney General/Board Counsel, this 28 day of February 2020.

Respectfully Submitted,

FBN:115451

**STATE OF FLORIDA  
BOARD OF OSTEOPATHIC MEDICINE**

IN RE: THE APPLICATION FOR  
LICENSURE OF

**TY RESO ANDERSON, D.O.**

---

**NOTICE OF INTENT TO APPROVE LICENSURE WITH CONDITIONS**

This matter came before the Florida Board of Osteopathic Medicine (Board) at a duly-noticed public meeting on November 17, 2017, in Jacksonville, Florida. The Applicant, Ty Reso Anderson, D.O., was present during the meeting and was not represented by counsel. Dr. Fana, who previously was his monitor, accompanied him at the meeting.

Pursuant to Sections 459.015(2), and 456.072(2), Florida Statutes, the Board may refuse to certify an applicant for licensure, restrict the practice of the licensee, or impose a penalty. Dr. Anderson's application file demonstrates that his license to practice medicine was acted against in Florida, in violation of Section 459.015(1)(b), Florida Statutes, which provides having a license of the authority to practice medicine revoked, suspended or otherwise acted against by the licensing authority in any jurisdiction constitutes grounds for denial of a license. Specifically, the application file reveals that his license to practice osteopathic medicine in Florida has been acted against as follows:

1. Case No. 2006-14457, Final Order No. DOH-06-1580-S-MQA, filed August 30, 2006;
2. Case No. 2008-17307, Final Order No. DOH-12-0509-FOI-MQA, filed March 13, 2012;
3. Case No. 2009-20078, Final Order No. DOH-12-0511-FOI-MQA, filed March 13, 2012;
4. Case No. 2010-07709, Final Order No. DOH-12-0525-FOI-MQA, filed March 15, 2012;
5. Case No. 2010-18278, Final Order No. DOH-12-0510-FOI-MQA, filed March 13, 2012;

6. Notice of Agency Action Denial of License Renewal, Filed April 10, 2014;
7. Notice of Intent to Approve Licensure with Conditions, filed December 22, 2014; and
8. Order Lifting Restriction on License, filed July 17, 2016.

The application file also demonstrates that Dr. Anderson's license was denied renewal by the Department of Health in March 2016. Thereafter, changes to Section 456.0635, Florida Statutes, went into effect July 1, 2017, which exempt an applicant from disqualification for licensure if the applicant was arrested or charged with specified felonies before July 1, 2009. Accordingly, Dr. Anderson's completed application for licensure is being considered by the Board at this meeting.

Based on the foregoing, the complete application file, and discussion on the premises, it is therefore **ORDERED** that the application for licensure by Dr. Anderson be **approved under the following conditions:**

1. PRN. Prior to issuance of the license, The Applicant is required to enter into and comply with a licensure long PRN contract;
2. CME. Within 12 months of the filing of this Order, the Applicant is required to successfully complete all continuing medical education (CME) required by the Notice of Intent to Approve Licensure filed December 22, 2014. The requirements from the December 22, 2014 order include the following CME:

The Applicant must successfully complete and provide documentation to the Board of one hundred fifty (150) hours of live participatory continuing medical education (CME) as follows:

Prior to Issuance of the license, Applicant is required to complete forty (40) hours of CMEs including the following mandatory CMEs:

- a. 2 hours on prevention of medical errors;
- b. 1 hour on Florida Laws and Rules;
- c. 1 hour on professional and medical ethics;
- d. 2 hours on domestic violence;
- e. 1 hour on prescribing controlled substances;

The remaining CME hours are required to be completed within one (1) year of the date of this Order:

- f. 28-hour comprehensive review course by the American College of Osteopathic Family Physicians OR 20 hours in courses sponsored by the American Academy of Osteopathy and 8 hours of osteopathic principles and practices; and
- g. 115 hours of optional topics;

Dr. Anderson may submit documentation for courses he has already completed in compliance the December 22, 2014 order.

- 3. Permanent Practice Restriction. The Applicant shall not own, operate, or practice in a pain management clinic as defined in Section 459.0137, Florida Statutes (2017).
- 4. Prohibition of P.A. Supervision. The Applicant is prohibited from supervising any Physician Assistants (P.A.s); and
- 5. Probation. The Applicant's license shall be placed on probation for three (3) years: specifically, one (1) year will be under direct supervision immediately followed by two (2) years of indirect supervision. The Applicant's probation is subject to the following terms and conditions:
  - A. Direct Supervision. Applicant shall practice only under the direct supervision of a Board-approved osteopathic or allopathic physician, hereinafter referred to as the "supervisor." Direct supervision requires that the supervisor and Applicant work in the same office. The Applicant shall provide the supervisor with a copy of the Administrative Complaint, Final Order, and other relevant orders. Applicant shall allow the supervisor access to Applicant's medical records, calendar, patient logs, or other documents necessary to supervise Applicant as detailed below.
  - B. Approval of Supervisor.

1. Applicant shall not practice except under the direct supervision of a BOARD CERTIFIED physician fully licensed under Chapter 458 or Chapter 459, Florida Statutes, to be approved by the Board as directed below. The supervisor must be in good standing, in active status, without restriction or limitation on his or her license, must be qualified by training and experience, and must not have any conflicts of interest that would prohibit him or her from impartially performing his or her duties as a supervisor. Specific grounds for rejecting a proposed supervisor by the Board or its designee shall include but are not limited to the following: a) the proposed supervisor has previously been subject to disciplinary action against his or her medical license in any jurisdiction; b) the proposed supervisor is currently under investigation or is the subject of pending disciplinary action; c) the proposed supervisor is not actively engaged in the same or similar specialty; and d) the proposed supervisor is a relative or employee of the Applicant.
  2. During the meeting, the Board approved Dr. Fana as the Applicant's supervisor.
- C. Applicant shall not practice medicine without a supervisor unless otherwise ordered by the Board.
- D. Appearances. The Applicant and his proposed supervisor shall appear before the Board after six (6) months of probation, and again prior to moving to indirect supervision, at the last Board meeting preceding termination of probation, and at other such times requested by the Board. The Applicant shall be noticed by the Board staff of the date, time, and place of the Board's meeting whereat

Applicant's appearance is required. The Applicant is also required to appear before the Board annually during the second and third years of probation, and at other such times as requested by the Board. Failure of the Applicant to appear as requested or directed shall be considered a violation of the terms of probation, and shall subject the Applicant to disciplinary action.

E. The Applicant shall practice only under the supervision of the supervisor. If for any reason the approved supervisor is unwilling or unable to serve, the Applicant and supervisor shall immediately notify the Executive Director of the Board. Applicant shall not practice pending approval of a temporary supervisor by the Chair of the Board. Applicant shall make arrangements with his temporary supervisor to appear before the Board at its next regularly scheduled meeting for consideration of the supervisor by the Board. Applicant shall practice only under the auspices of the temporary supervisor (approved by the Board Chair) until the next regularly scheduled meeting of the Board at which the issue of the Board's approval of Applicant's new supervisor shall be addressed.

F. The supervisor shall:

1. Review 25% percent of Applicant's patient charts selected on a random basis at least once every month for the purpose ascertaining whether Applicant provided proper medical care, and maintained appropriate medical records. To comply with this responsibility of random review, the supervisor shall be responsible for making the random selection of the records to be reviewed.
2. Submit quarterly reports, in affidavit form, which shall include:
  - a. A brief statement of why Applicant is on probation;

- b. A description of Applicant's practice (type and composition);
  - c. A statement addressing Applicant's compliance with the terms of probation;
  - d. A brief description of the supervisor's relationship with Applicant;
  - e. A statement advising the Board of any problems which have arisen; and
  - f. A summary of the dates on which the supervisor reviewed the Applicant's records, the number of records reviewed, and a statement related to the overall quality of the records reviewed.
3. Immediately report to the Board any violations by Applicant of Chapters 456 or 459, Florida Statutes, and the rules promulgated thereto.

G. Applicant shall submit quarterly reports, in affidavit form, which shall include:

1. A brief statement of why the Applicant is on probation;
2. A description of practice location;
3. A description of current practice (type and composition);
4. A brief statement of compliance with probationary terms;
5. A description of the relationship with the supervising physician;
6. A statement advising the Board of any problems which have arisen; and
7. A statement addressing compliance with any restrictions or requirements imposed.

H. Continuity of Practice.

1. Tolling Provisions. In the event that the Applicant leaves the State of Florida for a period of thirty days or more or otherwise does not engage in the active practice of medicine in the State of Florida, then the following provisions of

probation shall be tolled and shall remain in a tolled status until the Applicant returns to the active practice of medicine in the State of Florida:

- a. The time period of probation shall be tolled; and
- b. The provisions regarding the direct supervision by another physician and the required quarterly reports from the supervisor shall be tolled.

2. Active Practice. In the event that Applicant leaves the active practice of medicine for a period of one year or more, the Board may require the Applicant to appear before the Board and demonstrate his ability to practice medicine with skill and safety to patients prior to resuming the practice of medicine in this State.

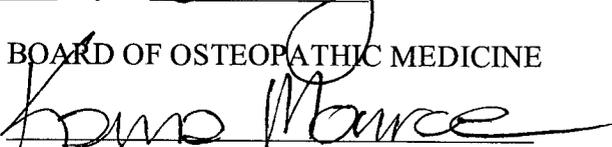

I. Compliance Address. All reports, correspondence, and inquiries shall be sent to DOH, Compliance Management Unit, Bin #C76, 4052 Bald Cypress Way, Tallahassee, Florida 32399-3251, Attn: Osteopathic Medicine Compliance Officer.

This Order does not constitute disciplinary action against the license that has been approved herein. The terms of this Order are considered conditions for licensure that must be satisfied.

This Order shall become effective upon filing with the Clerk of the Department of Health.

DONE AND ORDERED this 11 day of January 2018.

BOARD OF OSTEOPATHIC MEDICINE

  
Kara Monroe, J.D., Executive Director  
on behalf of Michelle Mendez, D.O., Chair

**NOTICE OF RIGHT TO HEARING**

This notice constitutes final agency action if no request for a hearing is received by the Board on or before the twenty-first day after the applicant's receipt of the notice. The applicant may request a hearing by filing an appropriate petition with the Executive Director of the Board at 4052 Bald Cypress Way, Bin #C-03, Tallahassee, Florida 32399-3253. The applicant may petition for a hearing involving disputed issues of material fact before an administrative law judge pursuant to Section 120.57 (1), Florida Statutes, or for a hearing not involving disputed issues of material fact pursuant to Section 120.57 (2), Florida Statutes.

A petition for a hearing involving disputed issues of material fact must contain information required by Rule 28-106.201, Florida Administrative Code, ***including a statement of all disputed issues of material fact.*** The Board may refer a petition to the Division of Administrative Hearings for assignment of an administrative law judge only if the petition is in substantial compliance with the rule requirements. A petition for a proceeding not involving disputed issues of material fact must contain information required by Rule 28.106.301, Florida Administrative Code, including a concise statement of the ultimate facts alleged, as well as the rules and statutes which entitle petitioner to relief.

In accordance with Section 120.573, Florida Statutes, mediation is not available.

STATE OF FLORIDA  
BOARD OF OSTEOPATHIC MEDICINE

IN RE: THE APPLICATION FOR  
LICENSURE OF

**TY RESO ANDERSON, D.O.,**  
\_\_\_\_\_ /

**ORDER**

THIS MATTER came before the Board of Osteopathic Medicine (Board) at a duly-noticed public meeting on November 15, 2019, at Howey-in-the-Hills, Florida, for consideration of Petitioner's request for formal approval of his proposed monitor as required by the Notice of Intent to Approve Licensure with Conditions, filed January 11, 2018. Upon consideration of Dr. Anderson's request, the documents submitted in support thereof, and being otherwise fully advised in the premises,

It is hereby ORDERED AND ADJUDGED that formal approval of Dr. Anderson's monitor is hereby DENIED for the following reasons. By letter received August 15, 2019, the proposed monitor, Dr. McAllister, affirmed his agreement to serve as the indirect monitor at the practice location set forth in the letter. By letter received November 4, 2019, Dr. McAllister states that he had no previous knowledge that Dr. Anderson is excluded from participation Medicare and Medicaid programs, and secondary to that Dr. Anderson has been unable to be credentialed at the specified location in the initial practice plan. Dr. Anderson may submit another proposed monitor, and the Chair may grant temporary approval of the proposed monitor prior to the next Board meeting.

This order shall become effective upon filing with the Clerk of the Department of Health.

DONE AND ORDERED this 19 day of November, 2019.

**BOARD OF OSTEOPATHIC MEDICINE**

**STATE OF FLORIDA  
BOARD OF BOARD OF OSTEOPATHIC MEDICINE**

**DEPARTMENT OF HEALTH**

Petitioner,

vs.

Case No: 2010-07709

License No.: OS 7064

**TY RESO ANDERSON, D.O.,**

Respondent.

**FINAL ORDER**

This matter appeared before the Board of Osteopathic Medicine (hereinafter the "Board") at a duly-noticed public meeting on February 18, 2012, in Ft. Lauderdale, Florida, for a hearing not involving disputed issues of material fact pursuant to Sections 120.569 and 120.57(2), Florida Statutes. Pursuant to the Administrative Complaint, attached hereto as Exhibit A, it was alleged that Respondent, Ty Reso Anderson, D.O., violated specific sections of Chapters 456 and 459, Florida Statutes. Petitioner was represented by Michael G. Lawrence, Jr., Assistant General Counsel, Florida Department of Health. Respondent was present and was represented by Edwin Bayó, Esquire. Martha Brown, M.D., Assistant Medical Director of Professionals Resource Network, Inc. (PRN) was also present.

Respondent requested a hearing pursuant to Section 120.57(2), Florida Statutes. Petitioner has filed a Motion for Final Order After Hearing Not Involving Disputed Issues of Material Facts and an Amended Motion. Respondent did not object to either motion. Petitioner also filed a Motion to Assess costs in Accordance with section 456.072(4), Florida Statutes. Respondent did not file a response nor object to the motion.

The prosecuting attorney offered the investigative file into evidence to prove the facts as alleged in the Administrative Complaint. The investigative file was received into evidence and the Board finds that the uncontested facts adequately support the allegations. After a complete review of the record in this matter, including consideration of the Administrative Complaint, any written evidence or testimony, and any mitigating or aggravating circumstances, the Board makes the following findings and conclusions.

**FINDINGS OF FACT**

The allegations of fact set forth in the Administrative Complaint are approved, adopted, and incorporated herein by reference as the findings of fact of the Board. There is competent, substantial evidence to support the Board's findings and conclusions.

**CONCLUSIONS OF LAW**

The Petitioner's Motion for Final Order After Hearing Not Involving Disputed Issues of Material Facts is granted.

The conclusions of law alleged and set forth in the Administrative Complaint are approved, adopted, and incorporated herein by reference as the conclusions of law by the Board.

The violations set forth warrant disciplinary action by the Board.

Based upon the Findings of Fact, the Board concludes that Respondent violated Sections 459.015(1)(x), (1)(t), (1)(o), (1)(pp), (1)(g), and 456.072(1)(j), Florida Statutes (2008-2010).

The Board is empowered by Section 456.072(2), and 459.015(2), Florida Statutes, to impose a penalty against Respondent.

THEREFORE IT IS ORDERED AND ADJUDGED:

1. **Fine.** The Respondent shall pay a fine of **ten thousand dollars (\$10,000.00)** prior to reinstatement.
2. **Suspension.** The Respondent's license to practice osteopathic medicine in the State of Florida is hereby **SUSPENDED** for **two (2) years** until such time as he personally appears before the Board and the Board confirms compliance with PRN. The Board reserves jurisdiction in this matter to impose terms and conditions of probation, if any, at the time of reinstatement.

**RULING ON MOTION TO ASSESS COSTS**

The Board reviewed the Petitioner's Motion to Assess Costs in the amount of \$7,302.19. Accordingly, the Board imposes the costs associated with this case in the amount of **seven thousand three hundred two dollars and nineteen cents (\$7,302.19)**. Said costs are to be paid **prior to reinstatement**.

**Payment of Fine and Costs.** Payment of all fine and costs shall be made within prior to reinstatement to the Board of Osteopathic Medicine and mailed to: DOH-Compliance Management Unit, Bin C-76, P.O. Box 6320, Tallahassee, Florida 32314-6320, Attention: Osteopathic Compliance Officer.

This Final Order shall become effective upon filing with the Clerk of the Department of Health.

DONE AND ORDERED this 14 day of March, 2012.

BOARD OF OSTEOPATHIC MEDICINE

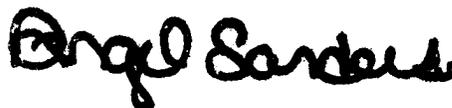

Anthony Jusevitch, Executive Director  
*on behalf of* Anna Hayden, D.O., CHAIR

**NOTICE OF RIGHT TO JUDICIAL REVIEW**

A party who is adversely affected by this Final Order is entitled to judicial review pursuant to Section 120.68, Florida Statutes. Review proceedings are governed by the Florida Rules of Appellate Procedure. Such proceedings are commenced by filing one copy of a Notice of Appeal with the Agency Clerk of the Department of Health, and a second copy, accompanied by filing fees prescribed by law, with the District Court of Appeal, First District, or with the District Court of Appeal in the Florida appellate district where the party resides. The Notice of Appeal must be filed within thirty (30) days of rendition of the Order to be reviewed.

**CASE NO.: 2010-07709**

**TY RESO ANDERSON, D.O.,**

**RESPONDENT.**

---

**ADMINISTRATIVE COMPLAINT**

COMES NOW, Petitioner, Department of Health, by and through its undersigned counsel, and files this Administrative Complaint before the Board of Osteopathic Medicine against the Respondent, Ty Reso Anderson, D.O., and in support thereof alleges:

1. Petitioner is the state agency charged with regulating the practice of osteopathic medicine pursuant to Section 20.43, Florida Statutes; Chapter 456, Florida Statutes; and Chapter 459, Florida Statutes.

2. At all times material to this Administrative Complaint, Respondent was a licensed osteopathic physician within the State of Florida, having been issued license number OS 7064.

3. Respondent's address of record is 10333 Seminole Boulevard, Suite 4, Largo, Florida, 33778.

4. At all times material to this Administrative Complaint, Respondent was board certified in Family Practice by the American Osteopathic Board of Family Physicians.

5. At all times material to this Administrative Complaint, Respondent treated patients at the Anderson Medical Clinic (Clinic), a licensed pain management clinic located at 10333 Seminole Boulevard, Suite 4, Largo, Florida, 33778.

6. At all times material hereto, Respondent and M.P., an advanced registered nurse practitioner (ARNP), treated patients at the Clinic.

7. From on or about May 22, 2009, until on or about January 20, 2010, Respondent withdrew from the practice of osteopathic medicine but continued to operate the Clinic.

8. During Respondent's absence, Dr. J.M., Dr. W.M. and M.P. provided medical services to patients at the Clinic.

9. On some occasions, M.P. and/or other Clinic staff presigned or wrote prescriptions for controlled substances.

10. M.P. and/or unlicensed staff members at the Clinic were not

licensed to prescribe controlled substances under Chapters 458 or 459, Florida Statutes.

11. Respondent knew or should have known that M.P. and/or other Clinic staff members presigned or wrote prescriptions for controlled substances.

12. Medical records indicate that Respondent and/or M.P. evaluated Patients D.C., K.P., R.B., A.S. and J.S.

13. Respondent, M.P. and/or unlicensed Clinic staff members prescribed large quantities and dosages of Roxicodone, Percocet, Dilaudid, methadone, Soma, Xanax, Darvocet and/or Klonopin to those patients.

14. Roxicodone is a brand of oxycodone (opioid) and is typically prescribed to treat pain. According to Section 893.03(2)(a), Florida Statutes (2008-2010), Oxycodone, or any salt, compound, derivative, or preparation of Oxycodone, is a Schedule II controlled substance that has a high potential for abuse; has a currently accepted but severely restricted medical use in treatment in the United States; and abuse of Oxycodone may lead to severe psychological or physical dependence. Opioid drugs are synthetically manufactured, while opiate drugs are naturally occurring, but the terms opioid and opiate are often used interchangeably.

15. Methadone is an opioid that is prescribed to treat pain. According to Section 893.03(2), Florida Statutes (2008-2010), methadone is a Schedule II controlled substance that has a high potential for abuse and has a currently accepted but severely restricted medical use in treatment in the United States. Abuse of methadone may lead to severe psychological or physical dependence.

16. Percocet is a brand of drug that is a mixture of oxycodone acetaminophen, or Tylenol. According to Section 893.03(2), Florida Statutes (2008-2010), oxycodone is a Schedule II controlled substance that has a high potential for abuse and has a currently accepted but severely restricted medical use in treatment in the United States. Abuse of oxycodone may lead to severe psychological or physical dependence.

17. Dilaudid is the brand name for hydromorphone and is prescribed to treat pain. According to Section 893.03(2), Florida Statutes (2008-2010), hydromorphone is a Schedule II controlled substance that has a high potential for abuse and has a currently accepted but severely restricted medical use in treatment in the United States. Abuse of hydromorphone may lead to severe psychological or physical dependence.

18. Suboxone (buprenorphine) is an opioid antagonist that is used

to manage chronic pain in an opioid/opiate dependent person or to wean an opioid/opiate dependent person. Suboxone contains buprenorphine and is prescribed to treat pain. According to Section 893.03(5), Florida Statutes (2008-2010), buprenorphine is a Schedule V controlled substance that has a low potential for abuse relative to the substances in Schedule IV and has a currently accepted medical use in treatment in the United States. Abuse of buprenorphine may lead to limited physical or psychological dependence relative to the substances in Schedule IV.

19. Soma is a brand of carisoprodol and is a muscle relaxant prescribed to treat muscular pain. According to Section 893.03(4), Florida Statutes (2008-2010), carisoprodol is a Schedule IV controlled substance that has a low potential for abuse relative to the substances in Schedule III and has a currently accepted medical use in treatment in the United States. Abuse of carisoprodol may lead to limited physical or psychological dependence relative to the substances in Schedule III

20. Darvocet is the brand name for a drug that contains propoxyphene and acetaminophen and is prescribed to treat pain. According to Section 893.03(4), Florida Statutes, propoxyphene is a Schedule IV controlled substance that has a low potential for abuse relative

to the substances in Schedule III and has a currently accepted medical use in treatment in the United States. Abuse of propoxyphene may lead to limited physical or psychological dependence relative to the substances in Schedule III.

21. Klonopin is a brand of clonazepam (benzodiazepine) and is commonly prescribed to treat anxiety. According to Section 893.03(4), Florida Statutes (2008-2010), clonazepam is a Schedule IV controlled substance that has a low potential for abuse relative to the substances in Schedule III and has a currently accepted medical use in treatment in the United States. Abuse of clonazepam may lead to limited physical or psychological dependence relative to the substances in Schedule III.

22. Xanax is a brand of alprazolam (benzodiazepine) and is prescribed to treat anxiety. According to Section 893.03(4), Florida Statutes (2008-2010), alprazolam is a Schedule IV controlled substance that has a low potential for abuse relative to the substances in Schedule III and has a currently accepted medical use in treatment in the United States. Abuse of alprazolam may lead to limited physical or psychological dependence relative to the substances in Schedule III.

Facts specific to Patient D.C.

23. On or about December 19, 2008, Patient D.C., a 41-year-old male, first presented to Respondent with complaints of sciatica and lower back pain.

24. Patient D.C. indicated a history of taking Suboxone and that he currently was taking 250 tablets of oxycodone 30 mg, 60 tablets of clonazepam 2 mg, 120 tablets of carisoprodol 350 mg and 90 tablets of ibuprofen 800 mg

25. Records indicate that Respondent assessed the patient's condition and prescribed 240 tablets of Roxicodone 30 mg, 60 tablets of Klonopin and 120 tablets of Soma 350 mg.

26. Patient D.C. presented to the Clinic for approximately six follow-up appointments between on or about January 14 and on or about April 29, 2009.

27. Medical records indicate that during the follow-up appointments between on or about January 14 and on or about April 29, 2009, Respondent failed to physically examine the patient's back or pelvis but diagnosed sciatica and lower back pain and prescribed 150 tablets of Dilaudid 8 mg, 60 tablets of Klonopin 2mg, 120 tablets of Soma 350 mg

and 300 tablets of methadone 10 mg.

28. Patient D.C. presented for approximately six follow-up appointments between on or about March 9 and on or about July 28, 2010.

29. At each appointment between on or about March 9 and on or about July 28, 2010, records indicate that Respondent prescribed 240 tablets of Roxicodone 30 mg, 300 tablets of methadone 10mg, 60 tablets of Klonopin 2 mg and 120 tablets of Soma 350 mg.

30. Records indicate that on March 9, 2010, Respondent failed to perform a physical evaluation of the patient's back.

31. At several of Patient D.C.'s appointments, the patient was only evaluated by M.P., who would leave the evaluation room and return with signed prescriptions.

32. There is no indication in the medical record that Respondent obtained an adequate medical history for the patient, attempted to adequately monitor the patient's compliance with the medication regimen, justified the prescription of controlled substances or referred the patient for counseling for drug abuse treatment.

33. Respondent's medical records for Patient D.C. fail to justify the treatment of the patient, including the prescriptions of controlled

substances, and fail to include an adequate patient history, treatment plan for the patient, adequate physical examination(s) or indication that Respondent conducted a periodic review of the course of treatment.

34. A reasonably prudent physician would not have prescribed potentially lethal doses and quantities of controlled substances to Patient D.C. without obtaining or documenting an adequate justification for the prescriptions, adequately monitoring the patient for appropriate use of the controlled substances, periodically reviewing the course of treatment and/or referring the patient for drug abuse counseling.

35. Respondent's medical records for Patient D.C. indicate that Respondent assessed the patient's condition and prescribed the aforementioned controlled substances; however, in addition to any treatment provided by Respondent or in the alternative thereto, M.P. and/or unlicensed Clinic staff members treated Patient D.C. with controlled substances between on or about December 19, 2008, and on or about April 7, 2010.

Facts specific to Patient K.P.

36. On or about March 2, 2009, Patient K.P., a 41-year-old male, first presented to the Clinic with complaints of muscle pain, back pain and stiffness.

37. Patient K.P. indicated a history of treatment by a orthopedist, pain management, physical therapist, acupuncturist and chiropractor and that he had taken Tylenol, opioids, Valium and Xanax.

38. Records indicate that a brief evaluation was performed and that Respondent prescribed 90 tablets of Valium 10 mg, 120 tablets of Dilaudid 8 mg, 180 tablets of methadone 10mg and 150 tablets of Percocet to Patient K.P.

39. Patient K.P. presented to the Clinic for a follow-up appointment on or about April 4, 2009.

40. Medical records do not indicate that Respondent performed a physical examination or meaningful medical evaluation.

41. Records indicate that Respondent prescribed 120 tablets of Roxycodone 30 mg and an unidentifiable additional prescription.

42. Patient K.P. presented to the Clinic for a follow-up appointment on or about April 27, 2009.

43. Records indicate that Respondent assessed the patient's condition and prescribed 180 tablets of Percocet, 240 tablets of Roxicodone 30 mg, 180 tablets of methadone and 90 tablets of Valium.

44. Records indicate that on or about September 29, 2009, Patient K.P. admitted to a Clinic employee that he had been doctor shopping to obtain Percocet.

45. On or about September 29, 2009, Patient K.P. requested a refill of his prescriptions, stating that he had lost or misplaced the medications.

46. Between on or about March 5, 2010, and on or about January 6, 2011, Patient K.P. presented to the Clinic on approximately 12 occasions.

47. Records indicate that on or about March 5, 2010, Respondent assessed the patient's condition and prescribed 120 tablets of Percocet, 240 tablets of Roxicodone 30 mg, 30 tablets of Soma 350 mg, 180 tablets of methadone and 90 tablets of Valium.

48. Records indicate that on approximately 10 occasions between on or about April 1, 2010, and on or about December 9, 2010, Respondent prescribed the following regimen to Patient K.P.: 150 tablets of Percocet, 240 tablets of Roxicodone 30 mg, 30 tablets of Soma 350 mg, 180 tablets

of methadone and 90 tablets of Valium.

49. During K.P.'s treatment at the Clinic, Patient K.P. expressed concerns to Respondent about being overmedicated and sought to alter his treatment.

50. However, Patient K.P. was informed that the prescriptions were presigned and it would cost him an additional \$25 to change the medication.

51. At Patient K.P.'s final appointment with Respondent, Respondent yelled at him that he needed to seek drug counseling in a manner that allowed patients in the waiting room to hear.

52. There is no indication in the medical record that Respondent obtained an adequate medical history for the patient, attempted to monitor the patient's compliance with the medication regimen or referred the patient for drug abuse counseling.

53. Respondent prescribed potentially lethal doses and quantities of controlled substances to Patient K.P. without obtaining or documenting an adequate justification for such prescriptions.

54. Respondent's medical records for Patient K.P. fail to document a justification for the treatment of the patient, including the large

prescription of controlled substances, and an adequate patient history, treatment plan for the patient, adequate physical examination(s) or that he conducted a periodic review of the course of treatment.

55. A reasonably prudent physician would not have prescribed potentially lethal doses and quantities of controlled substances to the patient without obtaining or documenting an adequate justification for the prescriptions; adequately monitoring the patient for appropriate use of the controlled substances or referring the patient for drug abuse counseling.

56. Respondent's medical records for Patient K.P. indicate that Respondent assessed the patient's condition and prescribed the aforementioned controlled substances; however, in addition to any treatment provided by Respondent or in the alternative thereto, M.P. and/or unlicensed Clinic staff members treated Patient K.P. with controlled substances between on or about March 2, 2009, and on or about December 9, 2010.

Facts specific to Patient A.S.

57. On or about March 23, 2009, Patient A.S., a 51-year-old male, first presented to the Clinic with complaints of chronic shoulder and head pain and indicated that he currently was taking Roxycodone 30 mg and

Xanax 2 mg.

58. Records indicate that Respondent prescribed 60 tablets of Oxycontin 80 mg, Percocet and 90 tablets of Xanax to the patient.

59. Records indicate that Respondent prescribed 60 tablets of Oxycontin 80 mg, 90 tablets of Percocet and 90 tablets of Xanax to the patient at follow-up appointments on or about April 11 and 20, 2009.

60. Patient A.S. presented to Respondent for approximately two follow-up appointments on or about February 25, 2010, and on or about March 23, 2010.

61. Records indicate that Respondent failed to perform a physical evaluation of the patient's cervical, thoracic or lumbar spine; diagnosed cervical radiculopathy; prescribed 240 tablets of Roxicodone 30 mg and 120 tablets of Xanax 2mg.

62. Patient A.S. presented to Respondent for approximately five follow-up appointments between on or about April 20, 2010, and on or about August 9, 2010.

63. Records indicate that Respondent failed to perform a physical evaluation of the patient's cervical, thoracic or lumbar spine on April 20 and May 7, 2010.

64. Records indicate that at each appointment between on or about April 20, 2010, and July 12, 2010, Respondent prescribed 240 tablets of Roxycodone 30 mg and 90 tablets of Xanax 2mg.

65. Records indicate that on or about August 9, 2010, Respondent prescribed to Patient A.S. 108 tablets of Roxycodone 30 mg and 90 tablets of Xanax 2mg.

66. During Patient A.S.'s treatment with Respondent, Patient A.S. informed Respondent that he was trying to taper off opioid medications.

67. In response, Respondent stood in Patient A.S.'s face and said, "You will take these. You cannot stop."

68. At some appointments during Patient A.S.'s treatment at the Clinic, the patient was only evaluated by M.P., who would leave the room and then return with the prescriptions.

69. Although Respondent prescribed large quantities and dosages of Oxycontin, Percocet and Xanax, there is no indication in the medical record that Respondent performed an adequate physical examination or obtained an adequate medical history for the patient.

70. A reasonably prudent physician would not have prescribed potentially lethal doses and quantities of controlled substances to the

patient without obtaining or documenting an adequate justification for the prescriptions or adequately monitoring the patient for appropriate use of the controlled substances or referring the patient for drug abuse counseling.

71. Respondent's medical records for Patient A.S. fail to justify the treatment of the patient, including the large prescription of controlled substances; multiple prescriptions of Oxycontin 80 mg, Percocet 10/325 Xanax on April 11 and 20, 2009; and fail to include an adequate patient history, physical examination or treatment plan.

72. Respondent's medical records for Patient A.S. indicate that Respondent assessed the patient's condition and prescribed the aforementioned controlled substances; however, in addition to any treatment provided by Respondent or in the alternative thereto, M.P. and/or unlicensed Clinic staff members treated Patient A.S. with controlled substances between on or about March 23, 2009, and on or about August 9, 2010.

Facts specific to Patient R.B.

73. Between on or about July 15, 2009, and on or about October 2009, Patient R.B., a 56-year-old male, presented to the Clinic with complaints of right-side back, arm and leg pain and received treatment from Respondent's medical partner, Dr. J.M.

74. Records indicate that on or about July 29, 2009, Patient R.B. requested an increase in pain medications and admitted that he had been doctor shopping with in order to obtain Percocet 5 mg.

75. Patient R.B. presented to the Clinic for nine follow-up appointments between on or about July 7, 2010, and on or about February 3, 2011.

76. On or about July 7, 2010, records indicate that Respondent prescribed 150 tablets of oxycodone 30 mg to R.B.

77. Records indicate that on or about August 11 and August 19, 2010, Respondent prescribed 200 tablets of oxycodone 30 mg to R.B. at each appointment.

78. Records indicate that at the approximately six subsequent appointments between on or about September 16, 2010, and on or about February 3, 2011, Respondent prescribed 210 tablets of oxycodone 30 mg

to R.B. at each appointment.

79. There is no indication in the medical record that Respondent performed an adequate physical examination, obtained an adequate medical history for the patient, attempted to verify that the patient was taking the medications as prescribed, performed appropriate examinations and/or that he referred the patient to, or evaluated the patient for, drug addiction.

80. A reasonably prudent physician would not have prescribed potentially lethal doses and quantities of controlled substances to the patient without obtaining or documenting an adequate justification for the prescriptions, adequately monitoring the patient for appropriate use of the controlled substances, referring the patient for drug abuse counseling, failing to perform appropriate examinations, attempting to prevent abuse or diversion of controlled substances by the patient or failing to refer the patient to an addiction specialist and failed to perform appropriate examinations.

Facts specific to Patient J.S.

81. On or about September 30, 2009, M.P. prescribed to Patient J.S. 90 tablets of Darvocet N-100.

COUNT ONE

82. Petitioner realleges and incorporates paragraphs 1 through 81, as if fully set forth herein.

83. Section 459.015(1)(x), Florida Statutes (2008-2010), allows the Board of Osteopathic Medicine to impose discipline for committing medical malpractice as defined in Section 456.50, Florida Statutes. "Medical malpractice" is defined in Section 456.50(1)(e), Florida Statutes (2008-2010), as the "failure to practice medicine in accordance with the level of care, skill, and treatment recognized in general law related to health care licensure."

84. For purposes of Section 459.015(1)(x), Florida Statutes (2008-2010), the Board shall give great weight to the provisions of Section 766.102, Florida Statutes (2008-2010), which provides that:

The prevailing professional standard of care for a given health care provider shall be that level of care, skill, and treatment which, in light of all relevant surrounding circumstances, is recognized as acceptable and appropriate by reasonably prudent similar health care providers.

85. Between on or about December 19, 2008, and on or about February 3, 2011, Respondent treated Patients D.C., K.P., R.B. and/or A.S. with large dosages and quantities of controlled substances.

86. Respondent committed medical malpractice in one or more of the following manners:

a. By prescribing excessive or inappropriate dosages and quantities of controlled substances to Patients D.C., K.P., R.B. and/or A.S.;

b. By prescribing excessive or inappropriate controlled substances to Patients D.C., K.P., R.B. and/or A.S. without justification therefor;

c. By prescribing excessive or inappropriate controlled substances to Patients D.C., K.P., R.B. and/or A.S. without obtaining adequate medical histories;

d. By failing to counsel or refer high-risk patients D.C., K.P. and/or R.B. to substance abuse counseling;

e. By failing to adequately monitor Patients D.C., K.P., R.B. and/or A.S.'s use of controlled substances; and/or

f. By failing to consider Patient D.C.'s use of Suboxone in his treatment of the patient.

87. Based on the foregoing, Respondent has violated Section 459.015(1)(x), Florida Statutes (2008-2010), by committing medical malpractice.

#### COUNT TWO

88. Petitioner realleges and incorporates paragraphs 1 through 81, as if fully set forth herein.

89. Section 459.015(1)(t), Florida Statutes (2008-2010), allows the Board of Osteopathic Medicine to impose discipline against an osteopathic physician for prescribing, dispensing, administering, supplying, selling, giving, mixing, or otherwise preparing a legend drug, including all controlled substances, other than in the course of the osteopathic physician's professional practice. For the purposes of this paragraph, it shall be legally presumed that prescribing, dispensing, administering, supplying, selling, giving, mixing, or otherwise preparing legend drugs, including all controlled substances, inappropriately or in excessive or inappropriate quantities is not in the best interest of the patient and is not in the course

of the osteopathic physician's professional practice, without regard to his or her intent.

90. Between on or about December 19, 2008, and on or about February 3, 2011, Respondent treated Patients D.C., K.P., R.B. and/or A.S. with large doses and quantities of controlled substances.

91. Respondent inappropriately prescribed or prescribed excessive or inappropriate quantities of controlled substances in one or more of the following manners:

a. By prescribing controlled substances in the dosages and quantities that he prescribed to Patients D.C., K.P., R.B. and/or A.S.;

b. By prescribing controlled substances to Patients D.C., K.P., R.B. and/or A.S. without justification therefor;

c. By prescribing controlled substances to high-risk patients D.C., K.P. and/or R.B.; and/or

d. By prescribing controlled substances to Patients D.C., K.P., R.B. and/or A.S. without obtaining adequate medical histories of the patients.

92. Based on the foregoing, Respondent has violated Section 459.015(1)(t), Florida Statutes (2008-2010), by prescribing, dispensing, administering, supplying, selling, giving, mixing, or otherwise preparing a legend drug, including all controlled substances, other than in the course of the osteopathic physician's professional practice.

### COUNT THREE

93. Petitioner realleges and incorporates paragraphs 1 through 81, as if fully set forth herein.

94. Section 459.015(1)(o), Florida Statutes (2008-2010), allows the Board of Osteopathic Medicine to impose discipline against an osteopathic physician for failing to keep legible, as defined by department rule in consultation with the board, medical records that identify the licensed osteopathic physician or the osteopathic physician extender and supervising osteopathic physician by name and professional title who is or are responsible for rendering, ordering, supervising, or billing for each diagnostic or treatment procedure and that justify the course of treatment of the patient, including, but not limited to, patient histories; examination results; test results; records of drugs prescribed, dispensed, or administered; and reports of consultations and hospitalizations.

95. Respondent violated failed to keep legible medical records in one or more of the following manners:

- a. By failing to justify the controlled substances prescribed to Patients D.C., K.P., R.B. and/or A.S.;
- b. By failing to adequately document the evaluations performed on Patients D.C., K.P., R.B. and/or A.S.; and/or
- c. By failing to document adequate patient histories for Patients D.C., K.P., R.B. and/or A.S.

96. Based on the foregoing, Respondent has violated Section 459.015(1)(o), Florida Statutes (2008-2010), by failing to keep legible medical records.

#### COUNT FOUR

97. Petitioner realleges and incorporates paragraphs 1 through 81, as if fully set forth herein.

98. Section 459.015(1)(pp), Florida Statutes (2008-2010), provides that violating any provision of Chapters 456 or 459, Florida Statutes, or any rules adopted pursuant thereto, is grounds for discipline by the Board of Osteopathic Medicine.

99. Rule 64B15-14.005(3), Florida Administrative Code, sets forth the following standards for the use of controlled substances for treatment of pain:

(3) Guidelines. The Board has adopted the following guidelines when evaluating the use of controlled substances for pain control:

(a) Evaluation of the Patient. A complete medical history and physical examination must be conducted and documented in the medical record. The medical record should document the nature and intensity of the pain, current and past treatments for pain, underlying or coexisting diseases or conditions, the effect of the pain on physical and psychological function, and history of substance abuse. The medical record also should document the presence of one or more recognized medical indications for the use of a controlled substance.

(b) Treatment Plan. The written treatment plan should state objectives that will be used to determine treatment success, such as pain relief and improved physical and psychosocial function, and should indicate if any further diagnostic evaluations or other treatments are planned. After treatment begins, the osteopathic physician should adjust drug therapy to the individual medical needs of each patient. Other treatment modalities, including osteopathic manipulative treatment and applications, or a rehabilitation program may be necessary depending on the etiology of the pain and the extent to which the pain is associated with physical and psychosocial impairment.

\* \* \*

(d) Periodic Review. At reasonable intervals based on the individual circumstances of the patient, the osteopathic physician should review the course of treatment and any new

information about the etiology of the pain. Continuation or modification of therapy should depend on the osteopathic physician's evaluation of progress toward stated treatment objectives such as improvement in patient's pain intensity and improved physical and/or psychosocial function, i.e., ability to work, need of health care resources, activities of daily living, and quality of social life. If treatment goals are not being achieved, despite medication adjustments, the osteopathic physician should reevaluate the appropriateness of continued treatment. The osteopathic physician should monitor patient compliance in medication usage and related treatment plans.

(e) Consultation. The osteopathic physician should be willing to refer the patient as necessary for additional evaluation and treatment in order to achieve treatment objectives. Special attention should be given to those pain patients who are at risk for misusing their medications and those whose living arrangements pose a risk for medication misuse or diversion. The management of pain in patients with a history of substance abuse or with a comorbid psychiatric disorder may require extra care, monitoring, documentation, and consultation with or referral to an expert in the management of such patients.

(f) Medical Records. The osteopathic physician is required to keep accurate and complete records to include, but not be limited to:

1. The medical history and physical examination;
2. Diagnostic, therapeutic, and laboratory results;
3. Evaluations and consultations;
4. Treatment objectives;
5. Discussion of risks and benefits;
6. Treatments;
7. Medications (including date, type, dosage, and quantity prescribed);
8. Instructions and agreements; and
9. Periodic reviews.

Records must remain current and be maintained in an

accessible manner and readily available for review.

100. Respondent violated Rule 64B15-14.005(3), Florida Administrative Code, in one or more of the following manners:

a. By failing to document complete medical histories for Patients D.C., K.P., R.B. and/or A.S.;

b. By failing to document adequate written treatment plans for Patients D.C., K.P., R.B. and/or A.S.;

c. By failing to document or perform an adequate physical examination of Patients D.C., K.P., R.B. and/or A.S.;

d. By failing to monitor or offer substance abuse counseling to high-risk patients D.C., K.P. and/or R.B.; and/or

e. By failing to document an indication or justification for the prescriptions of controlled substances to Patients D.C., K.P., R.B. and/or A.S.

101. Based on the foregoing, Respondent has violated Section 459.015(1)(pp), Florida Statutes (2008-2010), by violating Rule 64B15-14.005(3), Florida Administrative Code.

## COUNT FIVE

102. Petitioner realleges and incorporates paragraphs 1 through 81, as if fully set forth herein.

103. Section 456.072(1)(j), Florida Statutes (2008-2010), allows the Board to discipline an osteopathic physician for aiding, assisting, procuring, employing or advising any unlicensed person to practice a profession contrary to Chapter 456, the chapter regulating the profession, or the rules of the Department or the Board.

104. Respondent employed or retained M.P. and/or staff to assist in the daily operations of the Clinic.

105. M.P. and/or the staff members at the Clinic were not licensed to prescribe controlled substances.

106. M.P. and/or the unlicensed Clinic staff members prescribed controlled substances to Patients J.S., D.C., K.P. and/or A.S.

107. Based on the foregoing, Respondent has violated Section 456.072(1)(j), Florida Statutes (2008-2010), by aiding, assisting, procuring, employing or advising any unlicensed person to practice a profession contrary to Chapter 456, the chapter regulating the profession, or the rules of the Department or the Board.

## COUNT SIX

108. Petitioner realleges and incorporates paragraphs 1 through 81, as if fully set forth herein.

109. Section 459.015(1)(g), Florida Statutes (2008-2010), allows the Board to discipline an osteopathic physician for failing to perform any statutory or legal obligation placed upon a licensed osteopathic physician.

110. Title 45 CFR 164.502 prohibits an osteopathic physician from disclosing protected health information except in limited circumstances.

111. Respondent disclosed Patient K.P.'s protected health information to individuals in Respondent's waiting room, which violated Title 45 CFR 164.502.

112. Based upon the foregoing, Respondent violated Section 459.015(1)(g), Florida Statutes (2008-2010), by failing to perform any statutory or legal obligation placed upon a licensed osteopathic physician.

## COUNT SEVEN

113. Petitioner realleges and incorporates paragraphs 1 through 81, as if fully set forth herein.

114. Section 456.072(1)(j), Florida Statutes (2008-2010), allows the Board to discipline an osteopathic physician for aiding, assisting, procuring,

employing or advising any unlicensed person to practice a profession contrary to Chapter 456, the chapter regulating the profession, or the rules of the Department or the Board

115. Section 456.072(1)(ee), Florida Statutes (2008-2010), prohibits an osteopathic physician for presigning blank prescription forms.

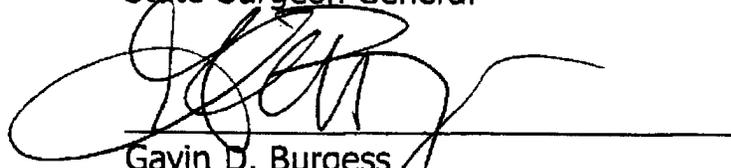

116. Respondent aided, assisted, procured, employed or advised M.P. and/or unlicensed staff members to presign blank prescription forms.

117. Based on the foregoing, Respondent has violated Section 456.072(1)(j), Florida Statutes (2008-2010), by aiding, assisting, procuring, employing or advising any unlicensed person to practice a profession contrary to Chapter 456, the chapter regulating the profession, or the rules of the Department or the Board.

WHEREFORE, the Petitioner respectfully requests that the Board of Osteopathic Medicine enter an order imposing one or more of the following penalties: permanent revocation or suspension of Respondent's license, restriction of practice, imposition of an administrative fine, issuance of a reprimand, placement of the Respondent on probation, corrective action, refund of fees billed or collected, remedial education and/or any other relief that the Board deems appropriate.

SIGNED this 19<sup>th</sup> day of October, 2011.

Petitioner,

vs.

Case No: 2008-17307

License No.: OS 7064

**TY RESO ANDERSON, D.O.,**

Respondent.

\_\_\_\_\_ /

**FINAL ORDER**

This matter appeared before the Board of Osteopathic Medicine (hereinafter the "Board") at a duly-noticed public meeting on February 18, 2012, in Ft. Lauderdale, Florida, for a hearing not involving disputed issues of material fact pursuant to Sections 120.569 and 120.57(2), Florida Statutes. Pursuant to the Administrative Complaint, attached hereto as Exhibit A, it was alleged that Respondent, Ty Reso Anderson, D.O., violated specific sections of Chapter 459, Florida Statutes. Petitioner was represented by Michael G. Lawrence, Jr., Assistant General Counsel, Florida Department of Health. Respondent was present and was represented by Edwin Bayó, Esquire. Martha Brown, M.D., Assistant Medical Director of Professionals Resource Network, Inc. (PRN) was also present.

Respondent requested a hearing pursuant to Section 120.57(2), Florida Statutes. Petitioner has filed a Motion for Final Order After Hearing Not Involving Disputed Issues of Material Facts and an Amended Motion. Respondent did not object to either motion. Petitioner also filed a Motion to Assess costs in Accordance with section 456.072(4), Florida Statutes. Respondent did not file a response nor object to the motion.

The prosecuting attorney offered the investigative file into evidence to prove the facts as alleged in the Administrative Complaint. The investigative file was received into evidence and the Board finds that the uncontested facts adequately support the allegations. After a complete review of the record in this matter, including consideration of the Administrative Complaint, any written evidence or testimony, and any mitigating or aggravating circumstances, the Board makes the following findings and conclusions.

#### **FINDINGS OF FACT**

The allegations of fact set forth in the Administrative Complaint are approved, adopted, and incorporated herein by reference as the findings of fact of the Board. There is competent, substantial evidence to support the Board's findings and conclusions.

#### **CONCLUSIONS OF LAW**

The Petitioner's Motion for Final Order After Hearing Not Involving Disputed Issues of Material Facts is granted.

The conclusions of law alleged and set forth in the Administrative Complaint are approved, adopted, and incorporated herein by reference as the conclusions of law by the Board.

The violations set forth warrant disciplinary action by the Board.

Based upon the Findings of Fact, the Board concludes that Respondent violated Sections 459.015(1)(aa), (ee), and (hh), Florida Statutes (2005).

The Board is empowered by Section 459.015(2), Florida Statutes, to impose a penalty against Respondent.

**THEREFORE IT IS ORDERED AND ADJUDGED:**

1. **Fine.** The Respondent shall pay a fine of **fifteen thousand dollars (\$15,000.00)** prior to reinstatement.
2. **Suspension.** The Respondent's license to practice osteopathic medicine in the State of Florida is hereby **SUSPENDED** for **two (2) years** until such time as he personally appears before the Board and the Board confirms compliance with PRN. The Board reserves jurisdiction in this matter to impose terms and conditions of probation, if any, at the time of reinstatement.

#### **RULING ON MOTION TO ASSESS COSTS**

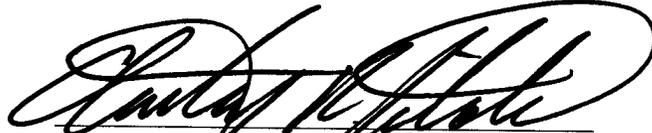

The Board reviewed the Petitioner's Motion to Assess Costs in the amount of \$2,563.48. Accordingly, the Board imposes the costs associated with this case in the amount of **\$2,563.48**. Said costs are to be paid **prior to reinstatement**.

**Payment of Fine and Costs.** Payment of all fine and costs shall be made within prior to reinstatement to the Board of Osteopathic Medicine and mailed to: DOH-Compliance Management Unit, Bin C-76, P.O. Box 6320, Tallahassee, Florida 32314-6320, Attention: Osteopathic Compliance Officer.

This Final Order shall become effective upon filing with the Clerk of the Department of Health.

DONE AND ORDERED this 12 day of March, 2012.

BOARD OF OSTEOPATHIC MEDICINE

Anthony Jusevitch, Executive Director  
*on behalf of* Anna Hayden, D.O., CHAIR

#### **NOTICE OF RIGHT TO JUDICIAL REVIEW**

A party who is adversely affected by this Final Order is entitled to judicial review pursuant to Section 120.68, Florida Statutes. Review proceedings are governed by the Florida Rules of Appellate Procedure. Such proceedings are commenced by filing one copy of a Notice of Appeal with the Agency Clerk of the Department of Health, and a second copy, accompanied by filing fees prescribed by law, with the District Court of Appeal, First District, or with the District Court of Appeal in the Florida appellate district where the party resides. The Notice of Appeal must be filed within thirty (30) days of rendition of the Order to be reviewed.

**CERTIFICATE OF SERVICE**

I HEREBY CERTIFY that a true and correct copy of the foregoing has been furnished by **Certified U.S. Mail** to **Ty Reso Anderson, D.O.**, 8898 Hershey Lane, Seminole FL 33777; and **Edwin Bayó, Esq.**, and **William Furlow, Esq.**, Grossman, Furlow & Bayó, L.L.C., 2022-2 Raymond Diehl Road, Tallahassee, FL 32308; to **Martha Brown, M.D.**, Assistant Medical Director, Professionals Resource Network, Inc., P.O. Box 1020, Fernandina Beach, FL 32035-1020; by interoffice mail to **Donna C. McNulty**, Assistant Attorney General, PL-01, The Capitol, Tallahassee, Florida 32399-1050; and **Michael G. Lawrence, Jr.**, Assistant General Counsel, Department of Health, 4052 Bald Cypress Way, Bin # C-65, Tallahassee, Florida 32399-3265, this 13<sup>th</sup> day of March, 2012.

**CASE NO. 2008-17307**

**TY RESO ANDERSON, D.O.,**

**RESPONDENT.**

---

**ADMINISTRATIVE COMPLAINT**

COMES NOW Petitioner, Department of Health, by and through its undersigned counsel, and files this Administrative Complaint before the Board of Osteopathic Medicine against Respondent, Ty Reso Anderson, D.O., and in support thereof alleges:

1. Petitioner is the state department charged with regulating the practice of osteopathic medicine pursuant to Section 20.43, Florida Statutes; Chapter 456, Florida Statutes; and Chapter 459, Florida Statutes.
2. At all times material to this Complaint, Respondent was a licensed osteopathic physician within the State of Florida, having been issued license number OS 7064.

3. Respondent's address of record is 8898 Hershey Lane, Seminole, Florida 33777.

3. At all times relevant to this complaint, Respondent worked at Doctors Urgent Care Walk-In Clinic ("Doctors Urgent Care"), which is located in St. Petersburg, Florida.

4. At all time relevant to this complaint, Respondent supervised several physician's assistants ("PA") and advanced registered nurse practitioners ("ARNP") who worked at Doctor's Urgent Care.

5. On or about March 10, 2006, Patient T.B., a then twenty-eight (28) year-old male, presented to Doctor's Urgent Care, Inc., for pain management regarding low back pain.

6. Patient T.B. was treated by either a PA or an ARNP that worked at Doctor's Urgent Care under Respondent's supervision.

7. The PA failed to conduct and/or record an adequate history of Patient T.B.

8. The ARNP failed to conduct and/or record an adequate history of Patient T.B.

9. The PA failed to conduct and or record the performance of an adequate examination of Patient T.B.

10. The ARNP failed to conduct and/or record the performance of an adequate examination of Patient T.B.

11. On or about March 10, 2006, the PA in question issued Patient T.B. a prescription for Xanax .5 mg, 120 tablets.

12. On or about March 10, 2006, the ANRP in question issued Patient T.B. a prescription for Xanax .5 mg, 120 tablets.

13. Xanax is the brand name for alprazolam and is prescribed to treat anxiety. According to Section 893.03(4), Florida Statutes, alprazolam is a Schedule IV controlled substance that has a low potential for abuse relative to the substances in Schedule III and has a currently accepted medical use in treatment in the United States, and abuse of alprazolam may lead to limited physical or psychological dependence relative to the substances in Schedule III.

14. On or about March 10, 2006, the PA in question issued Patient T.B. a prescription for Roxicodone 30 mg, 120 tablets.

15. On or about March 10, 2006, the ARNP in question issued Patient T.B. a prescription for Roxicodone 30 mg, 120 tablets.

16. Roxicodone is a brand name for a drug that contains oxycodone. Oxycodone is commonly prescribed to treat pain. According to

Section 893.03(2), Florida Statutes, oxycodone is a Schedule II controlled substance that has a high potential for abuse and has a currently accepted but severely restricted medical use in treatment in the United States, and abuse of oxycodone may lead to severe psychological or physical dependence.

17. On or about March 10, 2006, the PA in question provided Patient T.B. with a prescription for Methadone 40 mg, 90 tablets.

18. On or about March 10, 2006, the ARNP in question provided Patient T.B. with a prescription for Methadone 40 mg, 90 tablets.

19. Methadone is prescribed to treat pain. According to Section 893.03(2), Florida Statutes, methadone is a Schedule II controlled substance that has a high potential for abuse and has a currently accepted but severely restricted medical use in treatment in the United States, and abuse of methadone may lead to severe psychological or physical dependence.

20. The prescriptions provided to Patient T.B. by the PA were issued using prescriptions presigned by Respondent.

21. The prescriptions provided to Patient T.B. by the ARNP were issued using prescriptions presigned by Respondent.

22. Physician Assistants are not permitted to issue prescriptions for controlled substances.

23. Advanced Registered Nurse Practitioners are not permitted to issue prescriptions for controlled substances.

24. The PA in question failed to justify and/or document justifications for prescribing the types and quantities of controlled substances provided to patient T.B.

25. The ARNP in question failed to justify and/or document justifications for prescribing the types and quantities of controlled substances provided to patient T.B.

**COUNT ONE**

26. Petitioner re-alleges and incorporates paragraphs one (1) through twenty-five (25) as fully set forth herein.

27. Section 459.015(1)(ee), Florida Statutes (2005), provides that pre-signing blank prescription forms constitutes grounds for discipline by the Board of Osteopathic Medicine.

28. Respondent pre-signed blank prescription forms and left them with the PA in question, which were then used to prescribe controlled substances to Patient T.B.

29. Respondent pre-signed blank prescription forms and left them with the ARNP in question, which were then used to prescribe controlled substances to Patient T.B.

30. Based on the foregoing, Respondent violated Section 459.015(1)(ee), Florida Statutes (2005), by pre-signing blank prescription forms.

### **COUNT TWO**

31. Petitioner re-alleges and incorporates paragraphs one (1) through twenty-five (25) as fully set forth herein.

32. Section 459.015(1)(aa), Florida Statutes (2005), provides that delegating professional responsibilities to a person when the licensee delegating such responsibilities knows or has reason to know that such person is not qualified by training, experience or licensure to perform them, constitutes grounds for disciplinary action by the Board of Osteopathic Medicine.

33. Respondent delegated professional responsibilities to a person not qualified by training, experience or licensure to perform them, by leaving pre-signed prescription forms with a PA he supervised at Doctor's Urgent Care and/or allowing the PA in question to prescribe controlled substances, even though PAs are not licensed or qualified to prescribe controlled substances.

34. Respondent delegated professional responsibilities to a person not qualified by training, experience or licensure to perform them, by leaving pre-signed prescription forms with an ARNP he supervised at Doctor's Urgent Care and/or allowing the ARNP in question to prescribe controlled substances, even though ARNPs are not licensed or qualified to prescribe controlled substances.

35. Based on the foregoing, Respondent violated Section 459.015(1)(aa) Florida Statutes (2005), by delegating professional responsibilities to a person when the licensee delegating such responsibilities knows or has reason to know that such person is not qualified by training, experience or licensure to perform them.

### **COUNT THREE**

36. Petitioner re-alleges and incorporates paragraphs one (1) through twenty-five (25) as fully set forth herein.

37. Section 459.015(1)(hh), Florida Statutes (2005), provides that failing to supervise adequately the activities of those physician assistants, paramedics, emergency medical technicians, advanced registered nurse practitioners, or other persons acting under the supervision of the osteopathic physician, constitutes grounds for discipline by the Board of Osteopathic Medicine.

38. Respondent failed to adequately supervise the PA who treated Patient T.B. through one or more of the following:

- a) By failing to ensure that an adequate history of Patient T.B. was performed and/or recorded when Patient T.B. presented for treatment;
- b) By failing to ensure that an adequate examination of Patient T.B. was performed and/or recorded when Patient T.B. presented for treatment;
- c) By permitting the PA in question to utilize pre-signed prescriptions.

d) By permitting the PA in question to prescribe controlled substances to Patient T.B.

e) By permitting the PA in question to prescribe inappropriate and/or excessive amounts of controlled substances to Patient T.B., including but not limited to the dosage and frequency.

39. Respondent failed to adequately supervise the ARNP who treated Patient T.B. through one or more of the following:

a) By failing to ensure that an adequate history of Patient T.B. was performed and/or recorded when Patient T.B. presented for treatment;

b) By failing to ensure that an adequate examination of Patient T.B. was performed and/or recorded when Patient T.B. presented for treatment;

c) By permitting the ARNP in question to utilize pre-signed prescriptions.

d) By permitting the ARNP in question to prescribe controlled substances to Patient T.B.

e) By permitting the ARNP in question to prescribe inappropriate and/or excessive amounts of controlled substances to Patient T.B., including but not limited to the dosage and frequency.

40. Based on the foregoing, Respondent has violated Section 459.015(1)(hh), Florida Statutes (2005), by failing to supervise adequately the activities of those physician assistants, paramedics, emergency medical technicians, advanced registered nurse practitioners, or other persons acting under the supervision of the osteopathic physician.

WHEREFORE, Petitioner respectfully requests that the Board of Osteopathic Medicine enter an order imposing one or more of the following penalties: permanent revocation or suspension of Respondent's license, restriction of practice, imposition of an administrative fine, issuance of a reprimand, placement of the Respondent on probation, corrective action, refund of fees billed or collected, remedial education and/or any other relief that the Board deems appropriate.

SIGNED this 12<sup>th</sup> day of November, 2009.

Petitioner,

vs.

Case No: 2010-18278  
License No.: OS 7064

**TY RESO ANDERSON, D.O.,**

Respondent.

\_\_\_\_\_ /

**FINAL ORDER**

This matter appeared before the Board of Osteopathic Medicine (hereinafter the "Board") at a duly-noticed public meeting on February 18, 2012, in Ft. Lauderdale, Florida, for a hearing not involving disputed issues of material fact pursuant to Sections 120.569 and 120.57(2), Florida Statutes. Pursuant to the Administrative Complaint, attached hereto as Exhibit A, it was alleged that Respondent, Ty Reso Anderson, D.O., violated specific sections of Chapter 456, Florida Statutes. Petitioner was represented by Michael G. Lawrence, Jr., Assistant General Counsel, Florida Department of Health. Respondent was present and was represented by Edwin Bayó, Esquire. Martha Brown, M.D., Assistant Medical Director of Professionals Resource Network, Inc. (PRN) was also present.

Respondent requested a hearing pursuant to Section 120.57(2), Florida Statutes. Petitioner has filed a Motion for Final Order After Hearing Not Involving Disputed Issues of Material Facts and an Amended Motion. Respondent did not object to either motion. Petitioner also filed a Motion to Assess costs in Accordance with section 456.072(4), Florida Statutes. Respondent did not file a response nor object to the motion.

The prosecuting attorney offered the investigative file into evidence to prove the facts as alleged in the Administrative Complaint. The investigative file was received into evidence and the Board finds that the uncontested facts adequately support the allegations. After a complete review of the record in this matter, including consideration of the Administrative Complaint, any written evidence or testimony, and any mitigating or aggravating circumstances, the Board makes the following findings and conclusions.

#### **FINDINGS OF FACT**

The allegations of fact set forth in the Administrative Complaint are approved, adopted, and incorporated herein by reference as the findings of fact of the Board. There is competent, substantial evidence to support the Board's findings and conclusions.

#### **CONCLUSIONS OF LAW**

The Petitioner's Motion for Final Order After Hearing Not Involving Disputed Issues of Material Facts is granted.

The conclusions of law alleged and set forth in the Administrative Complaint are approved, adopted, and incorporated herein by reference as the conclusions of law by the Board.

The violations set forth warrant disciplinary action by the Board.

Based upon the Findings of Fact, the Board concludes that Respondent violated Section 456.072(1)(q), Florida Statutes (2008-2010).

The Board is empowered by Section 456.072(2), Florida Statutes, to impose a penalty against Respondent.

**THEREFORE IT IS ORDERED AND ADJUDGED:**

1. **Reprimand.** The Respondent's license is hereby reprimanded.
2. **Fine.** The Respondent shall pay a fine of \$5,000.00 at the time his license to practice osteopathic medicine in Florida is reinstated.

### **RULING ON MOTION TO ASSESS COSTS**

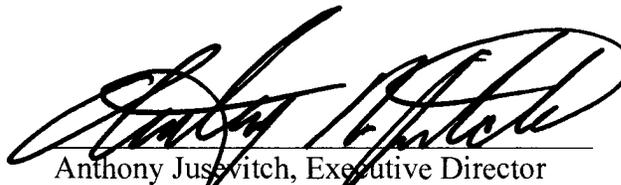

The Board reviewed the Petitioner's Motion to Assess Costs in the amount of \$161.34. Accordingly, the Board imposes the costs associated with this case in the amount of **\$161.34**. Said costs are to be paid **prior to reinstatement**.

**Payment of Fine and Costs.** Payment of all fine and costs shall be made within prior to reinstatement to the Board of Osteopathic Medicine and mailed to: DOH- Compliance Management Unit, Bin C-76, P.O. Box 6320, Tallahassee, Florida 32314-6320, Attention: Osteopathic Compliance Officer.

This Final Order shall become effective upon filing with the Clerk of the Department of Health.

DONE AND ORDERED this 12 day of March, 2012.

BOARD OF OSTEOPATHIC MEDICINE

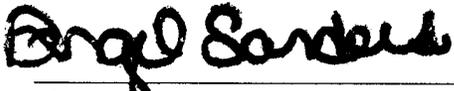

Anthony Jusevitch, Executive Director  
on behalf of Anna Hayden, D.O., CHAIR

## NOTICE OF RIGHT TO JUDICIAL REVIEW

A party who is adversely affected by this Final Order is entitled to judicial review pursuant to Section 120.68, Florida Statutes. Review proceedings are governed by the Florida Rules of Appellate Procedure. Such proceedings are commenced by filing one copy of a Notice of Appeal with the Agency Clerk of the Department of Health, and a second copy, accompanied by filing fees prescribed by law, with the District Court of Appeal, First District, or with the District Court of Appeal in the Florida appellate district where the party resides. The Notice of Appeal must be filed within thirty (30) days of rendition of the Order to be reviewed.

**TY RESO ANDERSON, D.O.,**

**RESPONDENT.**

---

**ADMINISTRATIVE COMPLAINT**

COMES NOW Petitioner, Department of Health, by and through its undersigned counsel, and files this Administrative Complaint before the Board of Osteopathic Medicine against Respondent, Ty Reso Anderson, D.O., and in support thereof alleges:

1. Petitioner is the state department charged with regulating the practice of osteopathic medicine pursuant to Section 20.43, Florida Statutes; Chapter 456, Florida Statutes; and Chapter 459, Florida Statutes.

2. At all times material to this Complaint, Respondent was a licensed osteopathic physician within the State of Florida, having been issued license number OS 7064 on or about July 19, 1995.

3. Respondent's address of record is 8898 Hershey Lane, Seminole, Florida 33777.

4. On or about August 30, 2006, the Board of Osteopathic Medicine filed a Final Order in Department of Health Case Number 2006-14457.

5. The August 30, 2006, Final Order required Respondent to, among other things, pay an administrative fine in the amount of \$12,500.00, within 90 days of the Final Order being issued.

6. The August 30, 2006, Final Order required Respondent to, among other things, pay costs of investigation and prosecution in the amount of \$6,008.03, within 90 days of the Final Order being issued.

7. On or about January 9, 2008, the Board issued an Order modifying the terms of the Final Order. The modification provided that Respondent shall have to pay \$750.00 quarterly until all the fines and costs are paid in full.

8. Respondent's most recent payment was received by the Department on or about March 17, 2009. Respondent failed to make any new payments to the Department after that date towards the outstanding

fine and costs as required by the Final Order even though the payments were expected to continue until August 30, 2010.

9. Respondent currently has an outstanding balance of approximately \$7,435.00 on the fine and approximately \$1,120.53 on the costs.

10. Section 456.072(1)(q), Florida Statutes (2008)-(2010), provides that violating a lawful order of the board or department constitutes grounds for discipline by the Board of Osteopathic Medicine.

11. Respondent violated the August 30, 2006, Final Order, as modified by the January 9, 2008, order by failing to make quarterly payments of \$750 after approximately March 17, 2009.

12. Based on the foregoing, Respondent violated Section 456.072(1)(q), Florida Statutes (2008)-(2010), by violating a lawful order of the Board of Osteopathic Medicine previously entered in a disciplinary hearing.

WHEREFORE, Petitioner respectfully requests that the Board of Osteopathic Medicine enter an order imposing one or more of the following penalties: permanent revocation or suspension of Respondent's license, restriction of practice, imposition of an administrative fine, issuance of a

reprimand, placement of the Respondent on probation, corrective action, refund of fees billed or collected, remedial education and/or any other relief that the Board deems appropriate.

STATE OF FLORIDA  
BOARD OF OSTEOPATHIC MEDICINE

DEPARTMENT OF HEALTH,

Petitioner,

vs.

Case No.: 2006-14457

License No.: OS 7064

TY ANDERSON, D.O.

Respondent.

FINAL ORDER

This matter appeared before the Board of Osteopathic Medicine at a duly-noticed public meeting on August 12, 2006, in Clearwater, Florida, for consideration of a Consent Agreement (attached hereto as Exhibit "A"). Petitioner was represented by Blake Hunter, Assistant General Counsel. Respondent was present with counsel, Edwin A. Bayo, Esq. The Consent Agreement was orally amended as follows:

1. Respondent shall read Chapter 456 and 459, Florida Statutes, Rule 64B15 of the Florida Administrative Code, and execute a notarized affidavit affirming that he has read and understood the aforementioned statutes and rules; sending the original affidavit to the Board office within 30 days of this Order.

2. Costs shall be assessed at **\$6,008.03**.

Respondent accepted the Consent Agreement as amended.

Upon consideration of the Consent Agreement, the documents submitted in support thereof, the arguments of the parties and otherwise being advised in the premises,

IT IS HEREBY ORDERED AND ADJUDGED that the Consent Agreement as amended

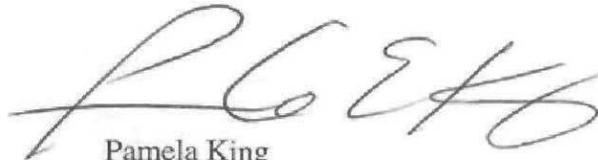

be and hereby is approved and adopted in toto and incorporated by reference herein.

Accordingly, the parties shall adhere to and abide by all the terms and conditions of the Consent Agreement as amended.

This Final Order shall take effect upon being filed with the Clerk of the Department of Health.

**DONE AND ORDERED** this 30 day of August, 2006.

**DOH Case No. 2006-14457**

**TY ANDERSON, D.O.**

**Respondent.**

---

**SETTLEMENT AGREEMENT**

Ty Anderson, D.O., referred to as the "Respondent," and the Department of Health, referred to as "Department" stipulate and agree to the following Settlement Agreement and to the entry of a Final Order of the Board of Osteopathic Medicine, referred to as "Board," incorporating the Stipulated Facts and Stipulated Disposition in this matter.

Petitioner is a state agency charged with regulating the practice of osteopathic medicine pursuant to Section 20.43, Florida Statutes, and Chapter 456, Florida Statutes, and Chapter 459, Florida Statutes.

**STIPULATED FACTS**

1. At all times material hereto, Respondent was a licensed osteopathic physician in the State of Florida having been issued license number OS 7064.
2. The Department charged Respondent with an Administrative Complaint that was filed and properly served upon Respondent with violations of

Chapter 459, Florida Statutes, and the rules adopted pursuant thereto. A true and correct copy of the Administrative Complaint is attached hereto as Exhibit A.

3. Respondent neither admits nor denies the allegations of fact contained in the Administrative Complaint for purposes of these proceedings only.

#### **STIPULATED CONCLUSIONS OF LAW**

1. Respondent admits that, in his/her capacity as a licensed osteopathic physician, he/she is subject to the provisions of Chapters 456 and 459, Florida Statutes, and the jurisdiction of the Department and the Board.

2. Respondent admits that the facts alleged in the Administrative Complaint, if proven, would constitute violations of Chapter 459, Florida Statutes, as alleged in the Administrative Complaint.

3. Respondent agrees that the Stipulated Disposition in this case is fair, appropriate and acceptable to Respondent.

#### **STIPULATED DISPOSITION**

1. **Reprimand** - The Board shall reprimand the license of Respondent.

2. **Fine** - The Board of Osteopathic Medicine shall impose an administrative fine of Twelve Thousand Five Thousand Dollars (\$12,500.00) against the license of Respondent, to be paid by Respondent to the Department of Health, HMQAMS/Client Services, Post Office Box 6320, Tallahassee, Florida 32314-6320, Attention: Board of Osteopathic Medicine Compliance Officer, within ninety-days (90) from the date of filing of the Final Order accepting this Agreement. All fines

shall be paid by check or money order. The Board office does not have the authority to change the terms of payment of any fine imposed by the Board.

**RESPONDENT ACKNOWLEDGES THAT THE TIMELY PAYMENT OF THE FINE IS HIS/HER LEGAL OBLIGATION AND RESPONSIBILITY AND RESPONDENT AGREES TO CEASE PRACTICING IF THE FINE IS NOT PAID AS AGREED TO IN THIS SETTLEMENT AGREEMENT, SPECIFICALLY: IF WITHIN 135 DAYS OF THE DATE OF FILING OF THE FINAL ORDER, RESPONDENT HAS NOT RECEIVED WRITTEN CONFIRMATION THAT THE FULL AMOUNT OF THE FINE HAS BEEN RECEIVED BY THE BOARD OFFICE, RESPONDENT AGREES TO CEASE PRACTICE UNTIL SUCH WRITTEN CONFIRMATION IS RECEIVED BY RESPONDENT FROM THE BOARD.**

3. **Reimbursement Of Costs** - Pursuant to Section 456.072, Florida Statutes, Respondent agrees to pay the Department for any administrative costs incurred in the investigation and preparation of this case. Such costs exclude the costs of obtaining supervision or monitoring of the practice, the cost of quality assurance reviews, and the Board's administrative cost directly associated with Respondent's probation, if any. The agreed upon amount of Department costs to be paid in this case includes but shall not exceed Four Thousand Dollars (\$4,000.00). Respondent will pay costs to the Department of Health, HMQAMS/Client Services, P.O. Box 6320, Tallahassee, Florida 32314-6320, Attention: Board of Osteopathic Medicine Compliance Officer within ninety-days

(90) from the date of filing of the Final Order in this cause. Any post-Board costs, such as the costs associated with probation, are not included in this agreement.

**RESPONDENT ACKNOWLEDGES THAT THE TIMELY PAYMENT OF THE COSTS IS HIS/HER LEGAL OBLIGATION AND RESPONSIBILITY AND RESPONDENT AGREES TO CEASE PRACTICING IF THE COSTS ARE NOT PAID AS AGREED TO IN THIS SETTLEMENT AGREEMENT, SPECIFICALLY: IF WITHIN 135 DAYS OF THE DATE OF FILING OF THE FINAL ORDER, RESPONDENT HAS NOT RECEIVED WRITTEN CONFIRMATION THAT THE FULL AMOUNT OF THE COSTS NOTED ABOVE HAS BEEN RECEIVED BY THE BOARD OFFICE, RESPONDENT AGREES TO CEASE PRACTICE UNTIL SUCH WRITTEN CONFIRMATION IS RECEIVED BY RESPONDENT FROM THE BOARD.**

4. **Community Service** - Respondent shall perform fifty (50) hours of community service, within one (1) year of the date of filing of the Final Order. Community Service shall be defined as the delivery of medical services directly to patients, or the delivery of other volunteer services in the community, without fee or cost to the patient or the entity, for the good of the people of the State of Florida. Community service shall be performed outside the physician's regular practice setting. Respondent shall submit a written plan for performance and completion of the community service to the Probation Committee for approval prior to performance of said community service. Affidavits detailing the completion of

community service requirements shall be filed with the Board as required by the Probation Committee.

5. **Drug Course** - Respondent shall complete the course, "Protecting Your Medical Practice, Clinical, Legal and Ethical Issues in Prescribing Abusable Drugs," sponsored by the University of South Florida, or a Board-approved equivalent, within one year of the date of filing of the Final Order.

6. **Suspension Language** - Respondent's license shall be suspended for a period of twelve (12) months; however, the Board will stay this suspension.

7. **Probation Language** - Effective on the date of the filing of the Final Order incorporating the terms of this Agreement, Respondent's license to practice osteopathic medicine shall be placed on probation for a period of three (3) years. The purpose of probation is not to prevent Respondent from practicing osteopathic medicine. Rather, probation is a supervised educational experience designed by the Board to make Respondent aware of certain obligations to Respondent's patients and the profession and to ensure Respondent's continued compliance with the high standards of the profession through interaction with another osteopathic physician in the appropriate field of expertise. To this end, during the period of probation, Respondent shall comply with the following obligations and requirements:

(A) **Restrictions During Probation** - During the period of probation, Respondent's license shall be restricted as follows:

i. **Indirect Supervision** - Respondent shall practice only under the indirect supervision of a Board-approved osteopathic physician, hereinafter referred to as the "monitor", whose responsibilities are set by the Board. Indirect supervision does not require that the monitor practice on the same premises as Respondent, however, the monitor shall practice within a reasonable geographic proximity to Respondent, which shall be within 20 miles unless otherwise provided by the Board and shall be readily available for consultation. The monitor shall be Board Certified in Respondent's specialty area unless otherwise provided by the Board. In this regard, Respondent shall allow the monitor access to Respondent's medical records, calendar, patient logs or other documents necessary for the monitor to supervise Respondent as detailed below.

ii. **Required Supervision:**

a) If the terms of the Settlement Agreement include indirect monitoring of the licensee's practice, Respondent shall not practice osteopathic medicine without an approved monitor/supervisor, as specified by the Agreement, unless otherwise ordered by the Board.

b) The monitor/supervisor must be a licensee under Chapter 459, Florida Statutes, in good standing and without restriction or limitation on his license. In addition, the Board

may reject any proposed monitor/supervisor on the basis that he has previously been subject to any disciplinary action against his medical license in this or any other jurisdiction, is currently under investigation, or is the subject of a pending disciplinary action. The monitor/supervisor must be actively engaged in the same or similar specialty area unless otherwise provided by the Board and be practicing within a reasonable distance of Respondent's practice, a distance of twenty (20) miles unless otherwise specifically provided for in the Settlement Agreement. The Board may also reject any proposed monitor/supervisor for good cause shown.

**iii. Mechanism For Approval Of Monitor/Supervisor:**

a) **Temporary Approval** - The Board confers authority on the Chairman of the Probation Committee to temporarily approve Respondent's monitor/supervisor. To obtain this temporary approval, Respondent shall submit to the Chairman of the Probation Committee the name and curriculum vitae of the proposed monitor/supervisor at the time this agreement is considered by the Board. **Once a Final Order adopting the Agreement is filed, Respondent shall not practice osteopathic medicine without an approved monitor/supervisor. Temporary approval shall only**

**remain in effect until the next meeting of the Probation Committee.**

b) **Formal Approval** - Respondent shall have the monitor/supervisor with Respondent at Respondent's first probation appearance before the Probation Committee. Prior to the consideration of the monitor/supervisor by the Probation Committee, Respondent shall provide to the monitor/supervisor a copy of the Administrative Complaint and Final Order in this case. Respondent shall submit a current curriculum vita and a description of current practice from the proposed monitor/supervisor to the Board office no later than fourteen (14) days before Respondent's first scheduled probation appearance. Respondent's monitor/supervisor shall also appear before the Probation Committee at such other times as directed by the Probation Committee. It shall be Respondent's responsibility to ensure the appearance of the monitor/supervisor as directed. Failure of the monitor/supervisor to appear as directed shall constitute a violation of the terms of this Settlement Agreement and shall subject Respondent to disciplinary action.

**iv. Change In Monitor/Supervisor** - In the event that Respondent's monitor/supervisor is unable or unwilling to fulfill

the responsibilities of a monitor/supervisor as described above, Respondent shall immediately advise the Probation Committee of this fact. Respondent shall immediately submit to the Chairman of the Probation Committee the name of a temporary monitor/supervisor for consideration. Respondent shall not practice pending approval of this temporary monitor/supervisor by the Chairman of the Probation Committee. Furthermore, Respondent shall make arrangements with his temporary monitor/supervisor to appear before the Probation Committee at its next regularly scheduled meeting for consideration of the monitor/supervisor by the Probation Committee. Respondent shall only practice under the auspices of the temporary monitor/supervisor (approved by the Chairman) until the next regularly scheduled meeting of the Probation Committee at which the issue of the Probation Committee's approval of Respondent's new monitor/supervisor shall be addressed.

v. **Responsibilities Of The Monitor/Supervisor** - The Monitor shall:

- a) Review 25 percent of Respondent's active patient records at least once every quarter for the purpose of ascertaining that Respondent is adequately documenting the medical records and is appropriately prescribing controlled

substances. The monitor shall go to Respondent's office once every quarter and shall review Respondent's calendar or patient log and shall select the records to be reviewed.

b) Consult with Respondent on all cases involving the prescribing of controlled substances. For the purposes of this Settlement, the scope of consultation shall be as follows:

1) Receive and review copies of all controlled substance prescriptions in order to determine the appropriateness of Respondent's prescribing of controlled substances;

c) Submit reports on a quarterly/semiannual basis, in affidavit form, which shall include:

1) A brief statement of why Respondent is on probation;

2) A description of Respondent's practice (type and composition);

3) A statement addressing Respondent's compliance with the terms of probation;

4) A brief description of the monitor's relationship with Respondent;

5) A statement advising the Probation Committee of any problems which have arisen; and

6) A summary of the dates the monitor went to Respondent's office, the number of records reviewed, and the overall quality of the records reviewed, and the dates Respondent contacted the monitor pursuant to subsection c), 3), above.

d) Report immediately to the Board any violations by Respondent of Chapters 456 or 459, Florida Statutes, and the rules promulgated thereto.

e) Respondent's monitor shall appear before the Probation Committee at the first meeting of said committee following commencement of the probation, and at such other times as directed by the Committee. It shall be Respondent's responsibility to ensure the appearance of Respondent's monitor to appear as requested or directed. If the approved monitor fails to appear as requested or directed by the Probation Committee, **Respondent shall immediately cease practicing medicine until such time as the approved monitor or alternate monitor appears before the Probation Committee.**

vi. **Reports From Respondent** - Respondent shall submit quarterly reports, in affidavit form, the contents of which may be further specified by the Board, but which shall include:

- a) A brief statement of why Respondent is on probation;
- b) A description of practice location;
- c) A description of current practice (type and composition);
- d) A brief statement of compliance with probationary terms;
- e) A description of the relationship with monitoring osteopathic physician;
- f) A statement advising the Board of any problems which have arisen; and
- g) A statement addressing compliance with any restrictions or requirements imposed.

vii. **Continuity Of Practice:**

- a) **Tolling Provisions** - In the event Respondent leaves the State of Florida for a period of thirty days or more or otherwise does not engage in the active practice of medicine in the State of Florida, then certain provisions of Respondent's

probation (and only those provisions of the probation) shall be tolled as enumerated below and shall remain in a tolled status until Respondent returns to active practice in the State of Florida:

- 1) The time period of probation shall be tolled;
- 2) The provisions regarding supervision whether direct or indirect by another osteopathic physician, and required reports from the monitor/supervisor shall be tolled;
- 3) The provisions regarding preparation of investigative reports detailing compliance with this Settlement Agreement shall be tolled; and
- 4) Any provisions regarding community service shall be tolled.

b) **Active Practice** - In the event that Respondent leaves the active practice of medicine for a period of one year or more, the Board may require Respondent to appear before the Board and demonstrate his ability to practice medicine with skill and safety to patients prior to resuming the practice of medicine in this State.

viii. **Controlled Substances** - Respondent may prescribe controlled substances only in compliance with the restrictions set forth below:

a) Respondent shall utilize sequentially numbered triplicate prescriptions;

b) Respondent shall immediately provide one copy of each prescription to the monitor/supervisor;

c) Respondent shall provide one copy of each prescription to the Department's investigator within one month after issuing said prescription; and

d) Respondent shall maintain one copy of each prescription in the patient's medical records. This copy may be a xerox copy.

8. **Restriction Language:**

(A) **Restriction on Practice (Physician Assistants)** - Respondent's practice is restricted in that Respondent may not supervise or be designated as the supervising osteopathic physician for any physician assistant during the period that he is on probation pursuant to the Final Order in the case at hand.

**STANDARD PROVISIONS**

9. **Appearance:** Respondent is required to appear before the Board at the meeting of the Board where this Agreement is considered.

10. **No force or effect until final order** - It is expressly understood that this Agreement is subject to the approval of the Board and the Department. In this regard, the foregoing paragraphs (and only the foregoing paragraphs) shall have no force and effect unless the Board enters a Final Order incorporating the terms of this Agreement.

11. **Addresses** - Respondent must keep current residence and practice addresses on file with the Board. Respondent shall notify the Board within ten (10) days of any changes of said addresses.

12. **Future Conduct** - In the future, Respondent shall not violate Chapter 456, 459 or 893, Florida Statutes, or the rules promulgated pursuant thereto, or any other state or federal law, rule, or regulation relating to the practice or the ability to practice medicine. Prior to signing this agreement, the Respondent shall read Chapters 456, 459 and 893 and the Rules of the Board of Osteopathic Medicine, at Chapter 64B15, Florida Administrative Code.

13. **Violation of terms considered** - It is expressly understood that a violation of the terms of this Agreement shall be considered a violation of a Final Order of the Board, for which disciplinary action may be initiated pursuant to Chapters 456 and 459, Florida Statutes.

14. **Purpose of Agreement** - Respondent, for the purpose of avoiding further administrative action with respect to this cause, executes this Agreement. In this regard, Respondent authorizes the Board to review and examine all investigative file materials concerning Respondent prior to or in conjunction with

consideration of the Agreement. Respondent agrees to support this Agreement at the time it is presented to the Board and shall offer no evidence, testimony or argument that disputes or contravenes any stipulated fact or conclusion of law. Furthermore, should this Agreement not be accepted by the Board, it is agreed that presentation to and consideration of this Agreement and other documents and matters by the Board shall not unfairly or illegally prejudice the Board or any of its members from further participation, consideration or resolution of these proceedings.

15. **No preclusion of additional proceedings** - Respondent and the Department fully understand that this Agreement and subsequent Final Order incorporating same will in no way preclude additional proceedings by the Board and/or the Department against Respondent for acts or omissions not specifically set forth in the Administrative Complaint attached as Exhibit A.

16. **Waiver of attorney's fees and costs** - Upon the Board's adoption of this Agreement, the parties hereby agree that with the exception of costs noted above, the parties will bear their own attorney's fees and costs resulting from prosecution or defense of this matter. Respondent waives the right to seek any attorney's fees or costs from the Department and the Board in connection with this matter.

17. **Waiver of further procedural steps** - Upon the Board's adoption of this Agreement, Respondent expressly waives all further procedural steps and expressly waives all rights to seek judicial review of or to otherwise challenge or

contest the validity of the Agreement and the Final Order of the Board incorporating said Agreement.

**ADMINISTRATIVE COMPLAINT**

COMES NOW Petitioner, Department of Health, by and through its undersigned counsel, and files this Administrative Complaint before the Board of Osteopathic Medicine against Respondent, Ty Anderson, D.O., and in support thereof alleges:

1. Petitioner is the state department charged with regulating the practice of osteopathic medicine pursuant to Section 20.43, Florida Statutes; Chapter 456, Florida Statutes; and Chapter 459, Florida Statutes.
2. At all times material to this Complaint, Respondent was a licensed osteopathic physician within the State of Florida, having been issued license number OS 7064.

3. Respondent's address of record is 4900 33<sup>rd</sup> Avenue North, Saint Petersburg, Florida 33710.

4. Respondent is the medical director for Doctors Urgent Care Walk-In Clinic ("Doctors Urgent Care"), which is located in St. Petersburg, Florida.

5. On or about March 15, 2006, an undercover detective working with the Pinellas County Sheriff's Office, presented to Doctors Urgent Care. The detective was seen by Dr. M.J.E, an osteopathic physician employed at Doctors Urgent Care.

6. Dr. M.J.E. completed and provided a pre-signed prescription to the detective for Skelaxin, four hundred (400) mg, sixty (60) tablets; Alprazolam two (2) mg, twenty (20) tablets; and Roxicodone, thirty (30) mg, ninety (90) tablets. The prescriptions had been pre-signed by Respondent as the authorizing physician. Respondent was not on the premises of Doctors Urgent Care at the time the undercover detective obtained the prescription. Dr. M.J.E. had retired her Drug Enforcement Administration ("DEA") number in 1994 and she did not have the authority to prescribe controlled substances to the detective.

7. Skelaxin is a muscle relaxant and a legend drug that requires a prescription from a licensed physician to obtain.

8. Alprazolam is a Schedule IV controlled substance as listed under Chapter 893, Florida Statutes. Alprazolam has a low potential for abuse and has a currently accepted medical use in treatment in the United States. Abuse of this substance may lead to limited physical or psychological dependence.

9. Roxicodone, also known as Oxycodone, is a Schedule II controlled substance as listed under Chapter 893, Florida Statutes. Oxycodone has a high potential for abuse and has a currently accepted but severely restricted medical use in treatment in the United States. Abuse of this substance may lead to severe psychological or physical dependence.

10. After leaving Doctors Urgent Care, the undercover detective presented to G & H Pharmacy with the prescriptions for Skelaxin, Alprazolam and Roxicodone. The undercover detective had the prescriptions filled and he received Skelaxin, eight hundred (800) mg, thirty (30) tablets; Alprazolam, two (2) mg, twenty (20) tablets; and Oxycodone, thirty (30) mg, ninety (90) tablets.

11. On or about March 17, 2006, an undercover detective working with the Pinellas County Sheriff's Office, presented to Doctors Urgent Care. The undercover detective was seen by Dr. M.J.E.

12. Dr. M.J.E. completed a pre-signed prescription for Percocet 5, three hundred twenty-five (325) mg, ninety (90) tablets and Soma, three hundred fifty (350) mg, thirty (30) tablets. The prescriptions had been pre-signed by Respondent as the authorizing physician. Respondent was not on the premises of Doctors Urgent Care at the time the undercover detective obtained the prescription.

13. Soma contains Carisoprodol, which is a Schedule IV controlled substance as listed under Chapter 893, Florida Statutes. Carisoprodol is a muscle relaxant used as an adjunct to rest, physical therapy, and other measures for the relief of discomfort associated with acute, painful musculoskeletal conditions. The effects of Carisoprodol and other central nervous system depressants may be additive. A substance in Schedule IV has a low potential for abuse, and a currently accepted medical use in treatment. Abuse of this substance may lead to limited physical or psychological dependence.

14. Percocet, also known as Oxycodone, is a Schedule II controlled substance as listed under Chapter 893, Florida Statutes. Oxycodone has a high potential for abuse and has a currently accepted by severely restricted medical use in treatment in the United States. Abuse of this substance may lead to severe psychological or physical dependence.

15. After leaving Doctors Urgent Care, the undercover detective presented to G & H Pharmacy with the prescriptions for Percocet and Soma. The undercover detective had the prescriptions filled and received Oxycodone 5, three hundred twenty-five (325) mg, ninety (90) tablets and Carisoprodol, three hundred fifty (350) mg, thirty (30) tablets.

16. On or about March 22, 2006, an undercover officer working with the Pinellas County Sheriff's Office, presented to Doctors Urgent Care. The undercover detective was seen by S.S., a physician assistant that was employed at Doctors Urgent Care.

17. S.S. completed a pre-signed prescription and provided a prescription for Vicodin ES, one hundred twenty (120) tablets to the detective. The prescription had been pre-signed by Respondent as the authorizing physician. Respondent was not on the premises of Doctors Urgent Care at the time the undercover detective obtained the prescription.

18. Vicodin, also known as Hydrocodone, is a Schedule II controlled substance as listed under Chapter 893, Florida Statutes. Hydrocodone has a high potential for abuse and has a currently accepted by severely restricted medical use in treatment in the United States. Abuse of the substance may lead to severe psychological or physical dependence.

19. After leaving Doctors Urgent Care, the undercover detective presented to G & H Pharmacy with the prescription for Vicodin ES. The undercover detective had the prescriptions filled and received Hydrocodone 7.5, seven hundred fifty (750) mg, one hundred twenty (120) tablets.

20. On or about March 23, 2006, an undercover detective working with the Pinellas County Sheriff's Office, presented to Doctors Urgent Care. The undercover detective was seen by S.S.

21. S.S. completed a pre-signed prescription and faxed the prescription to G & H Pharmacy for Celebrex, one hundred (100) mg, sixty (60) tablets. Celebrex is an anti-inflammatory pain reliever and also a legend drug that requires a prescription from a licensed physician to obtain. The prescription had been pre-signed by Respondent as the authorizing physician. Respondent was not on the premises of Doctors Urgent Care at the time the undercover detective obtained the prescription.

22. After leaving Doctors Urgent Care, the undercover detective presented to G & H Pharmacy and picked up the prescription for Celebrex, two hundred (200) mg, sixty (60) tablets.

23. On or about March 24, 2006, an undercover detective working with the Pinellas County Sheriff's Office, presented to Doctors Urgent Care. The undercover detective was seen by S.S.

24. S.S. completed a pre-signed prescription and faxed the prescription to G & H Pharmacy for Vicodin ES 7.5, six hundred fifty (650) mg, ninety (90) tablets. The prescription had been pre-signed by Respondent as the authorizing physician. Respondent was not on the premises of Doctors Urgent Care at the time the undercover detective obtained the prescription.

25. After leaving Doctors Urgent Care, the undercover detective presented to G & H Pharmacy and picked up a prescription for Hydrocodone 7.5, six hundred fifty (650) mg, ninety (90) tablets.

26. On or about March 29, 2006, an undercover detective working with the Pinellas County Sheriff's Office, presented to Doctors Urgent Care. After a short conversation with the Office Manager and without seeing any physician or physician assistant, the undercover detective obtained a

prescription for Vicodin ES 7.5, seven hundred fifty (750) mg, one hundred twenty (120) tablets. The Office Manager for Doctors Urgent Care holds no medical degree or certifications. The prescription had been pre-signed by Respondent as the authorizing physician. Respondent was not on the premises of Doctors Urgent Care at the time the undercover detective obtained the prescription.

27. After leaving Doctors Urgent Care, the undercover detective took the Vicodin ES prescription to G & H Pharmacy to have it filled. The undercover detective received Hydrocodone 7.5, seven hundred (750) mg, one hundred twenty (120) tablets.

28. On or about March 29, 2006, an undercover officer working with the Pinellas County Sheriff's Office, presented to Doctors Urgent Care. The undercover detective was seen by S.S.

29. S.S. completed a pre-signed prescription and prescribed Percocet 2.5, three hundred twenty-five (325) mg, sixty (60) tablets, and Dilaudid, two (2) mg, forty-five (45) tablets, to the undercover detective. The prescription had been pre-signed by Respondent as the authorizing physician. Respondent was not on the premises of Doctors Urgent Care at the time the undercover detective obtained the prescription.

30. Dilaudid, also known as Hydromorphone, is a Schedule II controlled substance as listed under Chapter 893, Florida Statutes. Hydromorphone has a high potential for abuse and has a currently accepted but severely restricted medical use in treatment in the United States. Abuse of this substance may lead to severe psychological or physical dependence.

31. After leaving Doctors Urgent Care, the undercover detective presented to G & H Pharmacy with the prescriptions for Percocet and Dilaudid. The undercover detective received Hydromorphone, two (2) mg, forty-five (45) tablets and Oxycodone 5, three hundred twenty-five (325) mg, thirty (30) tablets.

32. On or about April 11, 2006, an undercover detective working with the Pinellas County Sheriff's Office, presented to Doctor's Urgent Care. The detective was seen by S.S.

33. S.S. completed a pre-signed prescription and prescribed the detective Roxycodone, thirty (30) mg, one hundred twenty (120) tablets; Skelaxin, eight hundred (800) mg, sixty (60) tablets; and Xanax, two (2) mg, twenty (20) tablets. The prescriptions had been pre-signed by Respondent as the authorizing physician. Respondent was not on the

premises of Doctors Urgent Care at the time the undercover detective obtained the prescription.

34. Xanax, which contains Alprazolam, is a Schedule IV controlled substance as listed under Chapter 893, Florida Statutes. A substance in Schedule IV has a low potential for abuse, and a currently accepted medical use in treatment. Abuse of this substance may lead to limited physical or psychological dependence.

35. After leaving Doctors Urgent Care, the undercover detective took the prescriptions for Roxicodone, Skelaxin and Xanax to G & H Pharmacy to be filled. The detective received Oxycodone, thirty (30) mg, one hundred twenty (120) tablets.

36. When the Pinellas County Sheriff's Office searched Doctors Urgent Care, the officers found one hundred thirty-two (132) prescriptions that had been pre-signed by Respondent in Dr. A.P.'s desk, a chiropractic physician that owned Doctors Urgent Care, and thirty-six (36) prescriptions that had been pre-signed by Respondent in S.S.'s pocket.

37. The employees at Doctor's Urgent Care stated that on one occasion an employee went to Respondent's office to pick up prescriptions that had been pre-signed by Respondent and on another occasion an

employee went to Respondent's house to pick up pre-signed prescriptions. Further, an employee of Doctor's Urgent Care stated that Respondent presented to Doctor's Urgent Care on several occasions to pre-sign prescriptions.

### **COUNT ONE**

38. Petitioner realleges and incorporates paragraphs one (1) through thirty-seven (37) as fully set forth herein.

39. Section 459.015(1)(ee), Florida Statutes (2005), provides that pre-signing blank prescription forms constitutes grounds for discipline by the Board of Osteopathic Medicine.

40. Respondent pre-signed blank prescription forms and left them with M.J.E. or S.S., which were then used to prescribe controlled substances to the detectives.

41. Based on the foregoing, Respondent violated Section 459.015(1)(ee), Florida Statutes (2005), by pre-signing blank prescription forms.

### **COUNT TWO**

42. Petitioner realleges and incorporates paragraphs one (1) through thirty-seven (37) as fully set forth herein.

43. Section 459.015(1)(aa), Florida Statutes (2005), provides that delegating professional responsibilities to a person when the licensee delegating such responsibilities knows or has reason to know that such person is not qualified by training, experience or licensure to perform them, constitutes grounds for disciplinary action by the Board of Osteopathic Medicine.

44. Respondent delegated professional responsibilities to a person not qualified by training, experience or licensure to perform them, in one or more of the following ways:

a. by allowing M.J.E. to prescribe controlled substances by leaving pre-signed prescription forms with M.J.E., even though she had retired her DEA number and did not have the proper licensure to prescribe controlled substances to anyone; or

b. by leaving pre-signed prescription forms with S.S. and allowing S.S. to prescribe controlled substances, even though S.S. was not licensed or qualified to prescribe controlled substances.

45. Based on the foregoing, Respondent violated Section 459.015(1)(aa) Florida Statutes (2005), by delegating professional

responsibilities to a person when the licensee delegating such responsibilities knows or has reason to know that such person is not qualified by training, experience or licensure to perform them.

### **COUNT THREE**

46. Petitioner realleges and incorporates paragraphs one (1) through thirty-seven (37) as fully set forth herein.

47. Section 459.015(1)(hh), Florida Statutes (2005), provides that failing to supervise adequately the activities of those physician assistants, paramedics, emergency medical technicians, advanced registered nurse practitioners, or other persons acting under the supervision of the osteopathic physician, constitutes grounds for discipline by the Board of Osteopathic Medicine.

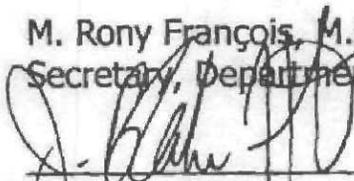

48. Respondent failed to adequately supervise S.S., by allowing S.S. to prescribe controlled substances to the undercover detectives, even though S.S. was not qualified or licensed to prescribe controlled substances. Respondent rarely visited or treated patients at Doctors Urgent Care and was never present when S.S. prescribed controlled substances to the detectives.

49. Based on the foregoing, Respondent has violated Section 459.015(1)(hh), Florida Statutes (2005), by failing to supervise adequately the activities of those physician assistants, paramedics, emergency medical technicians, advanced registered nurse practitioners, or other persons acting under the supervision of the osteopathic physician.

WHEREFORE, Petitioner respectfully requests that the Board of Osteopathic Medicine enter an order imposing one or more of the following penalties: permanent revocation or suspension of Respondent's license, restriction of practice, imposition of an administrative fine, issuance of a reprimand, placement of the Respondent on probation, corrective action, refund of fees billed or collected, remedial education and/or any other relief that the Board deems appropriate.

SIGNED this 11<sup>th</sup> day of July, 2006.

### NOTICE OF RIGHTS

Respondent has the right to request a hearing to be conducted in accordance with Section 120.569 and 120.57, Florida Statutes, to be represented by counsel or other qualified representative, to present evidence and argument, to call and cross-examine witnesses and to have subpoena and subpoena duces tecum issued on his or her behalf if a hearing is requested.

### NOTICE REGARDING ASSESSMENT OF COSTS

Respondent is placed on notice that Petitioner has incurred costs related to the investigation and prosecution of this matter. Pursuant to Section 456.072(4), Florida Statutes, the Board shall assess costs related to the investigation and prosecution of a disciplinary matter, which may include attorney hours and costs, on the Respondent in addition to any other discipline imposed.

Petitioner,

vs.

Case No: 2009-20078

License No.: OS 7064

**TY RESO ANDERSON, D.O.,**

Respondent.

\_\_\_\_\_ /

**FINAL ORDER**

This matter appeared before the Board of Osteopathic Medicine (hereinafter the "Board") at a duly-noticed public meeting on February 18, 2012, in Ft. Lauderdale, Florida, for a hearing not involving disputed issues of material fact pursuant to Sections 120.569 and 120.57(2), Florida Statutes. Pursuant to the Administrative Complaint, attached hereto as Exhibit A, it was alleged that Respondent, Ty Reso Anderson, D.O., violated specific sections of Chapter 456, Florida Statutes. Petitioner was represented by Michael G. Lawrence, Jr., Assistant General Counsel, Florida Department of Health. Respondent was present and was represented by Edwin Bayó, Esquire. Martha Brown, M.D., Assistant Medical Director of Professionals Resource Network, Inc. (PRN) was also present.

Respondent requested a hearing pursuant to Section 120.57(2), Florida Statutes. Petitioner has filed a Motion for Final Order After Hearing Not Involving Disputed Issues of Material Facts and an Amended Motion. Respondent did not object to either motion. Petitioner also filed a Motion to Assess costs in Accordance with section 456.072(4), Florida Statutes. Respondent did not file a response nor object to the motion.

The prosecuting attorney offered the investigative file into evidence to prove the facts as alleged in the Administrative Complaint. The investigative file was received into evidence and the Board finds that the uncontested facts adequately support the allegations. After a complete review of the record in this matter, including consideration of the Administrative Complaint, any written evidence or testimony, and any mitigating or aggravating circumstances, the Board makes the following findings and conclusions.

#### **FINDINGS OF FACT**

The allegations of fact set forth in the Administrative Complaint are approved, adopted, and incorporated herein by reference as the findings of fact of the Board. There is competent, substantial evidence to support the Board's findings and conclusions.

#### **CONCLUSIONS OF LAW**

The Petitioner's Motion for Final Order After Hearing Not Involving Disputed Issues of Material Facts is granted.

The conclusions of law alleged and set forth in the Administrative Complaint are approved, adopted, and incorporated herein by reference as the conclusions of law by the Board.

The violations set forth warrant disciplinary action by the Board.

Based upon the Findings of Fact, the Board concludes that Respondent violated Section 456.072(1)(c), Florida Statutes (2011).

The Board is empowered by Section 456.072(2), Florida Statutes, to impose a penalty against Respondent.

THEREFORE IT IS ORDERED AND ADJUDGED:

1. **Fine.** The Respondent shall pay a fine of **two thousand dollars (\$2,000.00)** prior to reinstatement of his license in Case Number 2010-07709
2. **Probation.** The Board reserves jurisdiction in this matter to impose terms and conditions of probation, if any, at the time of reinstatement of Respondent's license in Case Number 2010-07709.

### **RULING ON MOTION TO ASSESS COSTS**

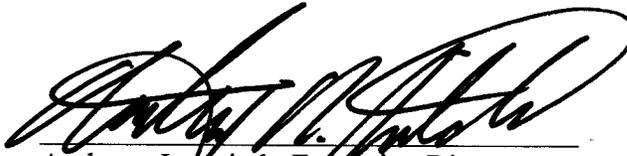

The Board reviewed the Petitioner's Motion to Assess Costs in the amount of \$747.43. Accordingly, the Board imposes the costs associated with this case in the amount of **seven hundred forty-seven dollars and forty-three cents (\$747.43)**. Said costs are to be paid **prior to reinstatement** of Respondent's license in Case Number 2010-07709.

**Payment of Fine and Costs.** Payment of all fine and costs shall be made to the Board of Osteopathic Medicine and mailed to: DOH-Compliance Management Unit, Bin C-76, P.O. Box 6320, Tallahassee, Florida 32314-6320, Attention: Osteopathic Compliance Officer.

This Final Order shall become effective upon filing with the Clerk of the Department of Health.

DONE AND ORDERED this 12 day of March, 2012.

BOARD OF OSTEOPATHIC MEDICINE

  
\_\_\_\_\_  
Anthony Jusevitch, Executive Director  
on behalf of Anna Hayden, D.O., CHAIR

## NOTICE OF RIGHT TO JUDICIAL REVIEW

A party who is adversely affected by this Final Order is entitled to judicial review pursuant to Section 120.68, Florida Statutes. Review proceedings are governed by the Florida Rules of Appellate Procedure. Such proceedings are commenced by filing one copy of a Notice of Appeal with the Agency Clerk of the Department of Health, and a second copy, accompanied by filing fees prescribed by law, with the District Court of Appeal, First District, or with the District Court of Appeal in the Florida appellate district where the party resides. The Notice of Appeal must be filed within thirty (30) days of rendition of the Order to be reviewed.

## CERTIFICATE OF SERVICE

I HEREBY CERTIFY that a true and correct copy of the foregoing has been furnished by **Certified U.S. Mail** to **Ty Reso Anderson, D.O.**, 8898 Hershey Lane, Seminole FL 33777; and **Edwin Bayó, Esq.**, and **William Furlow, Esq.**, Grossman, Furlow & Bayó, L.L.C., 2022-2 Raymond Diehl Road, Tallahassee, FL 32308; to **Martha Brown, M.D.**, Assistant Medical Director, Professionals Resource Network, Inc., P.O. Box 1020, Fernandina Beach, FL 32035-1020; by interoffice mail to **Donna C. McNulty**, Assistant Attorney General, PL-01, The Capitol, Tallahassee, Florida 32399-1050; and **Michael G. Lawrence, Jr.**, Assistant General Counsel, Department of Health, 4052 Bald Cypress Way, Bin # C-65, Tallahassee, Florida 32399-3265, this 13<sup>th</sup> day of March, 2012.

**ADMINISTRATIVE COMPLAINT**

COMES NOW, Petitioner, Department of Health, by and through its undersigned counsel, and files this Administrative Complaint before the Board of Osteopathic Medicine against Respondent, Ty Reso Anderson, D.O., and in support thereof alleges:

1. Petitioner is the state department charged with regulating the practice of osteopathic medicine pursuant to Section 20.43, Florida Statutes; Chapter 456, Florida Statutes; and Chapter 459, Florida Statutes.
2. At all times material to this Administrative Complaint, Respondent was a licensed osteopathic physician within the state of Florida, having been issued license number OS 7064.

3. Respondent's address of record is 8898 Hershey Lane, Seminole, Florida 33777.

4. On or about November 8, 2011, in the Circuit Court for the Sixth Judicial Circuit of Florida, in and for Pinellas County, Florida, in case number CRC 09-19974CFANO-D, Respondent entered a plea of guilty to one count of possession of cocaine, a felony in the third degree, in violation of Section 893.13(6)(a), Florida Statutes, and one count of possession of paraphernalia, a misdemeanor in the first degree, in violation of Section 893.147(1)(b), Florida Statutes.

5. Section 456.072(1)(c), Florida Statutes (2011), provides that being convicted or found guilty of, or entering a plea of guilty or nolo contendere to, regardless of adjudication, a crime in any jurisdiction which directly relates to the practice of, or the ability to practice, a licensee's profession constitutes grounds for disciplinary action.

6. Respondent is licensed pursuant to Chapter 459, Florida Statutes, and is a health care practitioner as defined in Section 456.001(4), Florida Statutes (2011).

7. On or about November 8, 2011, in the Circuit Court for the Sixth Judicial Circuit of Florida, in and for Pinellas County, Florida, in case

number CRC 09-19974CFANO-D, Respondent entered a plea of guilty to one count of possession of cocaine, a felony in the third degree, in violation of Section 893.13(6)(a), Florida Statutes, which is a crime that relates to the practice of, or the ability to practice, osteopathic medicine.

8. On or about November 8, 2011, in the Circuit Court for the Sixth Judicial Circuit of Florida, in and for Pinellas County, Florida, in case number CRC 09-19974CFANO-D, Respondent entered a plea of guilty to one count of possession of paraphernalia, a misdemeanor in the first degree, in violation of Section 893.147(1)(b), Florida Statutes, which is a crime that relates to the practice of, or the ability to practice, osteopathic medicine.

9. Based on the foregoing, Respondent violated Section 456.072(1)(c), Florida Statutes (2011), by being convicted or found guilty of, or entering a plea of guilty or nolo contendere to, regardless of adjudication, a crime in any jurisdiction which directly relates to the practice of, or the ability to practice, a licensee's profession.

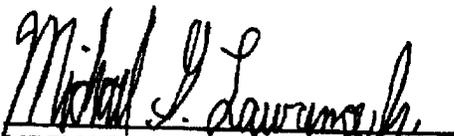

WHEREFORE, the Petitioner respectfully requests that the Board of Osteopathic Medicine enter an order imposing one or more of the following penalties: permanent revocation or suspension of Respondent's license, restriction of practice, imposition of an administrative fine, issuance of a reprimand, placement of the Respondent on probation, corrective action, refund of fees billed or collected, remedial education and/or any other relief that the Board deems appropriate.

Dear Ladies:

Our client just forwarded a copy of the attached notice. The notice requests the appearance of Dr. McAllister. He has informed our client that he was previously advised that he needed to appear at the February 2021 meeting. Dr. McAllister will be out of town celebrating his anniversary on August 21. Please let me know if the Petition will be heard on August if he is unable to appear.

**Attorney:** M. Christopher Lyon, Esq.

**Address:** 315 South Calhoun Street  
Suite 830  
Tallahassee, FL 32301

**Phone:** 850-222-5702

**Monitor:** None on Record

**Supervisor:** None on Record

**Respondent:** Louis A Kovacs

**Appeal:** N

**Address:** 3910 Deer Crossing Ct #201  
Naples, FL 34114

**File Date:** 7/18/2016

**Info Package Mailed Date:** 7/18/2016

**Disposition:** Probation

**Violation:** Violate Statut/rule of Board

**Summary:** Possible Violations: ss. 456.072(1)(f)(k)(ll)(dd), 459.015(1)(b)(c)(g)(pp), F.S.; Out of state discipline; Violate Statute/Rule of Board; Conviction related to the practice; Failure to perform legal obligation; Having a license acted against by the licensing authority of any jurisdiction; Conviction of a crime.

Self-Report received alleging on 11/04/13 the Subject entered a plea of guilty in the Court of Common Pleas, Ross County, Ohio, to six violations of ORC 2923.01(A)/2925.23(B)(1), each first degree misdemeanors. As part of his plea deal, the Subject allegedly agreed to voluntarily relinquish his Ohio medical license as he no longer lives or practices in Ohio. The Subject further alleges he has updated his practitioner profile to reflect he voluntarily relinquished his Ohio license.

**Subject:** Probation

Hi Sondra,

I would appreciate your assistance in scheduling an appearance before the Board to consider a reduction or termination of my probation.

My case number is 201319612. I feel that I have faithfully observed and completed all requirements for the past 31/2 years and for financial reasons I would appreciate the Boards consideration.

Thank you very much,

Louis A. Kovacs, D.O.  
OS1417.

**Mission:**

To protect, promote & improve the health of all people in Florida through integrated state, county & community efforts.

**Ron DeSantis**  
Governor

**Scott A. Rivkees, MD**  
State Surgeon General

**Vision:** To be the Healthiest State in the Nation

| Monitor/Supervisor:          | Joseph E. O'Lear, M.D.                      |              |           |
| Quarter (3 months)           | From: November 1, 2019 to January 31, 2020  |              |           |

*Brief statement of why Respondent is on probation:*

Final Court Order adopted by Board of Osteopathic Medicine for violation of statutes and/or rules of the board, having been disciplined by another state (Ohio) regarding convictions related to practice of osteopathic medicine and failure to perform legal obligations.

Probation imposed for a period of five years

*Respondent's practice (type and composition):*

Dr. Kovacs works in an opioid addiction clinic prescribing buprenorphine approximately 6-8 hours per week

*Statement addressing Respondent's compliance with the terms of probation:*

Dr. Kovacs is compliant with the terms of probation and is monitored by Dr. O'Lear

Both employed by Milestones Wellness Center

*Detail any problems which may have arisen with probationer:* None

*The number of records reviewed, and the overall quality of the records reviewed, and the dates Respondent contacted the Monitor/Supervisor pursuant to above subsections.*

Summary of Dr. Kovacs records which were reviewed:

|                   |    |
|-------------------|----|
| November 1, 2019  | 13 |
| November 8, 2019  | 12 |
| November 15, 2019 | 10 |
| November 22, 2019 | 10 |
| November 30, 2019 | 9  |
| December 6, 2019  | 12 |
| December 13, 2019 | 9  |
| December 20, 2019 | 11 |
| December 27, 2019 | 11 |
| January 3, 2020   | 12 |
| January 10, 2020  | 11 |
| January 17, 2020  | 12 |
| January 24, 2020  | 14 |
| January 31, 2020  | 17 |

Total: 163 records reviewed and quality of documentatiuon is good.

I have reviewed 100% of Dr. Kovac's cases and 100% of the prescriptions Dr. Kovacs has written for Buprenorphone that each of his patients received. He has prescribed no other medications.

The number of patients Dr. Kovacs evaluates is typically an average of 9-17 per work dayworking one day per week. His time at the office seeing patients is approximately 6-8 hours per day. This duration of time is adequate for him to see and evaluate his patients and in my professional opnion his patients are properly monitored and are receiving effective treatment. His documentation is good.

I have reviewed the Final Order and Dr. Kovacs is in full compliance.

Respectfully,

*Brief statement of why Respondent is on probation:*

Final Court Order adopted by Board of Osteopathic Medicine for violation of statutes and/or rules of the board, having been disciplined by another state (Ohio) regarding convictions related to practice of osteopathic medicine and failure to perform legal obligations.

Probation imposed for a period of five years

*Respondent's practice (type and composition):*

Dr. Kovacs works in an opioid addiction clinic prescribing buprenorphine approximately 6-8 hours per week

*Statement addressing Respondent's compliance with the terms of probation:*

Dr. Kovacs is compliant with the terms of probation and is monitored by Dr. O'Lear

Both employed by Milestones Wellness Center

*Detail any problems which may have arisen with probationer: None*

*The number of records reviewed, and the overall quality of the records reviewed, and the dates Respondent contacted the Monitor/Supervisor pursuant to above subsections.*

**Summary of Dr. Kovacs records which were reviewed:**

|               |    |
|---------------|----|
| Aug, 2, 2019  | 15 |
| Aug, 9, 2019  | 13 |
| Aug 16, 2019  | 10 |
| Aug 23, 2019  | 20 |
| Aug 30, 2019  | 16 |
| Sept 6, 2019  | 18 |
| Sept 13, 2019 | 11 |
| Sept 20, 2019 | 20 |
| Sept 27, 2019 | 9  |
| Oct 4, 2019   | 14 |
| Oct 11, 2019  | 14 |
| Oct 18, 2019  | 12 |

Total: 172 records reviewed

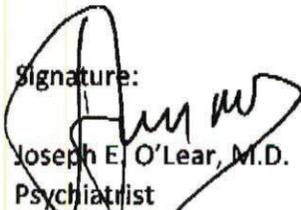

I have reviewed 100% of Dr. Kovacs' cases and 100% of the prescriptions Dr. Kovacs has written for Buprenorphone that each of his patients received. He has prescribed no other medications.

The number of patients Dr. Kovacs evaluates is typically an average of 16 per work day. His time at the office seeing patients is approximately 6-8 hours per day. This duration of time is adequate for him to see and evaluate his patients and in my professional opinion his patients are properly monitored and are receiving effective treatment.

I have reviewed the Final Order and Dr. Kovacs is in full compliance.

Respectfully,

**To receive credit for your payment attach cashier's check or money order here and return to:**  
**Please make checks payable to the Department of Health**

**Department of Health  
 Compliance Management Unit, BIN C-76  
 P.O. Box 6320  
 Tallahassee, Florida 32314-6320**

**Partial payment shall be accepted, however full payment must be made by the due date specified in the Final Order. Each payment must be accompanied by a copy of this invoice. Please make additional copies if needed.**

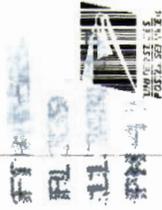

**IMPORTANT:** Payment in full of all fines and costs imposed by your Final Order are due upon the due date specified by the Final Order. Failure to pay all fines and costs on or before the due date specified will result in the following:

- > A referral will be filed with Consumer Services for investigation regarding non-compliance with your Final Order and possible further disciplinary action.
- > Failure to pay in full within thirty (30) days of the due date specified by the Final Order will result in the account being deemed "past due". Payment of "past due" accounts will avoid assignment to a collection agency for collection; however it will not result in closing of the referral for non-compliance with your Final Order."

**LOUIS A. KOVACS, D.O.,**

Respondent.

\_\_\_\_\_ /

**FINAL ORDER**  
**ACCEPTING COUNTER SETTLEMENT AGREEMENT**

This matter appeared before the Board of Osteopathic Medicine (hereinafter “Board”) pursuant to Sections 120.569 and 120.57(4), Florida Statutes, at a duly-noticed public meeting on May 20, 2016, in St. Petersburg, Florida, Florida, for consideration of a Settlement Agreement (attached hereto as Exhibit “A”) entered into between the parties in this cause and incorporated by reference into this Order. The Department of Health (hereinafter “Petitioner”) was represented by Christopher Dierlam, Assistant General Counsel, with the Department of Health. Louis A. Kovacs, D.O., (hereinafter “Respondent”) was present and was represented by Christopher Lyons, Esquire.

The Petitioner filed an Administrative Complaint against the Respondent on April 20, 2015, attached hereto as Exhibit “B” and incorporated by reference into this Order.

Upon consideration of the Settlement Agreement, the documents submitted in support thereof, the arguments of the parties and otherwise being advised in the premises, the Board rejected the Settlement Agreement. After discussion, the Board offered a Counter Settlement Agreement which the Respondent was given seven days to accept.

By correspondence dated June 27, 2016, the Respondent accepted the Board's Counter Settlement Agreement Offer.

The Counter Settlement Agreement incorporates the original Settlement Agreement with the following Amendments to the Proposed Stipulated Disposition section of the agreement:

1) Par. 4 – Probation Language.

a. Subparagraph (A)iii – Mechanism for Approval of Monitor/Supervisor

(a) Temporary Approval. The second sentence of this subparagraph is modified in italics to read: “To obtain this temporary approval, Respondent shall submit to the Compliance Officer the name and curriculum vitae of the proposed Monitor/Supervisor, a letter from the proposed Monitor/Supervisor stating he/she is willing to serve as a Monitor/Supervisor, that he/she has received a copy of the Administrative Complaint, and *until the Final Order issues in this case, states what he/she understands as the requirements of the proposed Settlement Agreement,* that he/she is aware of the duties and responsibilities as a Monitor/Supervisor, and that he/she will appear before the Board for formal approval at the next meeting of the Board. All other sentences in this subparagraph remain the same.

b. Subparagraph (A) v. – Responsibilities of the Monitor Supervisor:

(a) Subsection a) – The first sentence is modified to require the Monitor/Supervisor to review 100 percent of the Respondent's active patient records at least once every quarter for the purpose of ascertaining

whether Respondent is prescribing controlled substances in accordance with this Settlement Agreement, practicing osteopathic medicine within the standard of care, and maintaining appropriate patient records. The rest of this subsection remains the same.

(b) Subsection d) - In addition to the items already specified, the Monitor/Supervisor's quarterly reports also shall include the total number of controlled substances prescriptions written by the Respondent and the total number of drugs, per category of Schedule III and Schedule IV.

2) The costs set forth in Paragraph 2 of the Stipulated Disposition shall be set at \$1,679.05.

WHEREFORE, the Board hereby accepts the Counter Settlement Agreement, settling all matters in this case consistent with the terms of the agreement between the parties, and Respondent is hereby ORDERED to abide by the terms of the Counter Settlement Agreement. This Final Order shall be placed in and made part of the Respondent's official records.

This Final Order shall become effective upon filing with the Clerk for the Department of Health.

DONE AND ORDERED this 15 day of July, 2016.

BOARD OF OSTEOPATHIC MEDICINE

**Deputy Agency Clerk**

STATE OF FLORIDA  
DEPARTMENT OF HEALTH

DEPARTMENT OF HEALTH,

PETITIONER,

v.

CASE NO.: 2013-19612

LOUIS A. KOVACS, D.O.,

RESPONDENT.

---

SETTLEMENT AGREEMENT

Louis A. Kovacs, D.O., referred to as the "Respondent", and the Department of Health, referred to as "Department" stipulate and agree to the following Settlement Agreement and to the entry of a Final Order of the Board of Osteopathic Medicine, referred to as "Board", incorporating the Stipulated Facts and Stipulated Disposition in this matter.

Department is the state agency charged with regulating the practice of osteopathic medicine pursuant to Section 20.43, Florida Statutes, and Chapter 456, Florida Statutes, and Chapter 459, Florida Statutes.

### STIPULATED FACTS

1. At all times material hereto, Respondent was a licensed osteopathic physician in the State of Florida having been issued license number OS 1417, on August 12, 1960.

2. The Department charged Respondent with an Administrative Complaint that was filed and properly served upon Respondent with violations of Chapter 459, Florida Statutes, and the rules adopted pursuant thereto. A true and correct copy of the Administrative Complaint is attached hereto as Exhibit "A."

3. Respondent neither admits nor denies the allegations of fact contained in the Administrative Complaint for purposes of these proceedings only.

### STIPULATED CONCLUSIONS OF LAW

1. Respondent admits that, in his capacity as a licensed physician, he is subject to the provisions of Chapters 456 and 459, Florida Statutes, and the jurisdiction of the Department and the Board.

2. Respondent admits that the facts alleged in the Administrative Complaint, if proven, would constitute violations of

Chapters 456 and/or 459, Florida Statutes, as alleged in the Administrative Complaint.

3. Respondent agrees that the Stipulated Disposition in this case is fair, appropriate and acceptable to Respondent.

### STIPULATED DISPOSITION

1. **Fine** - The Board of Osteopathic Medicine shall impose an administrative fine of **three thousand five hundred dollars and no cents (\$3,500.00)** against the license of Respondent, to be paid by Respondent to the Department of Health, Compliance Management Unit, Bin C76, Post Office Box 6320, Tallahassee, Florida 32314-6320, Attention: Board of Osteopathic Medicine Compliance Officer, within one hundred eighty (180) days from the date of filing of the Final Order incorporating this Settlement Agreement. All fines shall be paid by certified funds or money order. The Board office does not have the authority to change the terms of payment of any fine imposed by the Board.

**RESPONDENT ACKNOWLEDGES THAT THE TIMELY  
PAYMENT OF THE FINE IS HIS LEGAL OBLIGATION AND  
RESPONSIBILITY AND RESPONDENT AGREES TO CEASE**

PRACTICING IF THE FINE IS NOT PAID AS AGREED TO IN THIS SETTLEMENT AGREEMENT, SPECIFICALLY: IF WITHIN ONE HUNDRED NINETY-FIVE (195) DAYS OF THE DATE OF FILING OF THE FINAL ORDER, RESPONDENT HAS NOT RECEIVED WRITTEN CONFIRMATION THAT THE FULL AMOUNT OF THE FINE HAS BEEN RECEIVED BY THE BOARD OFFICE, RESPONDENT AGREES TO CEASE PRACTICE UNTIL SUCH WRITTEN CONFIRMATION IS RECEIVED BY RESPONDENT FROM THE BOARD.

2. Reimbursement Of Costs - Pursuant to Section 456.072, Florida Statutes, Respondent agrees to pay the Department for any and all costs incurred in the investigation and prosecution of this case. Such costs exclude the costs of obtaining supervision or monitoring of the practice; the cost of quality assurance reviews, and the Board's administrative cost directly associated with Respondent's probation, if any. The current estimate of the Department's costs in this case is one thousand nine hundred thirty-eight dollars and six cents (1,938.06), but this amount will increase prior to the Board meeting where this Settlement Agreement is presented. Respondent will pay

costs to the Department of Health, Compliance Management Unit, Bin C76, P.O. Box 6320, Tallahassee, Florida 32314-6320, Attention: Board of Osteopathic Medicine Compliance Officer, within one hundred eighty (180) days from the date of filing of the Final Order in this cause. Any post-Board costs, such as the costs associated with probation, are not included in this Settlement Agreement.

**RESPONDENT ACKNOWLEDGES THAT THE TIMELY PAYMENT OF THE COSTS IS HIS LEGAL OBLIGATION AND RESPONSIBILITY, AND RESPONDENT AGREES TO CEASE PRACTICING IF THE COSTS ARE NOT PAID AS AGREED TO IN THIS SETTLEMENT AGREEMENT, SPECIFICALLY: IF WITHIN ONE HUNDRED NINETY-FIVE (195) DAYS OF THE DATE OF FILING OF THE FINAL ORDER, RESPONDENT HAS NOT RECEIVED WRITTEN CONFIRMATION THAT THE FULL AMOUNT OF THE COSTS NOTED ABOVE HAS BEEN RECEIVED BY THE BOARD OFFICE, RESPONDENT AGREES TO CEASE PRACTICE UNTIL SUCH WRITTEN CONFIRMATION IS RECEIVED BY RESPONDENT FROM THE BOARD.**

3. **Probation Language** - Effective on the date of the filing of the Final Order incorporating the terms of this Settlement Agreement, Respondent's license to practice osteopathic medicine shall be placed on probation for a period of five years. The purpose of probation is not to prevent Respondent from practicing osteopathic medicine. Rather, probation is a supervised educational experience designed by the Board to make Respondent aware of certain obligations to Respondent's patients and the profession and to ensure Respondent's continued compliance with the high standards of the profession through interaction with another physician in the appropriate field of expertise. To this end, during the period of probation, Respondent shall comply with the following obligations and requirements:

(A) **Restrictions During Probation** - During the period of probation, Respondent's license shall be restricted as follows:

i. **Indirect Supervision** - Respondent shall practice only under the indirect supervision of a Board-approved physician, hereinafter referred to as the "Monitor", whose responsibilities are set by the Board. Indirect supervision does not require that the Monitor practice on the same premises as Respondent,

however, the Monitor shall practice within a reasonable geographic proximity to Respondent, which shall be within forty (40) miles unless otherwise provided by the Board and shall be readily available for consultation. The Monitor shall be Board Certified in Respondent's specialty unless otherwise approved of by the Board. In this regard, Respondent shall allow the Monitor access to Respondent's medical records, calendar, patient logs or other documents necessary for the Monitor to supervise Respondent, as detailed below.

**ii. Required Mentor/Supervision Criteria:**

- a) If the terms of the Settlement Agreement include indirect monitoring of the Respondent's practice, or direct supervising of the Respondent's practice, Respondent shall not practice osteopathic medicine without an approved Monitor/Supervisor, as specified by this Settlement Agreement, unless otherwise stated by the Board.
- b) The Monitor/Supervisor must be a licensee under Chapter 458 and/or 459, Florida

Statutes, in good standing and without restriction or limitation on his license. The Monitor/Supervisor must be actively engaged in the same or similar specialty unless otherwise approved of by the Board and be practicing within forty (40) miles of Respondent's practice, unless otherwise specifically provided for in this Settlement Agreement. The Monitor/Supervisor must be sufficiently qualified and experienced to appropriately monitor/supervise the Respondent. The Board will make a determination whether Respondent's proposed Monitor/Supervisor is appropriate and the Board retains the absolute discretion to reject any Monitor/Supervisor proposed by the Respondent.

iii. **Mechanism for Approval of**

**Monitor/Supervisor:**

a) **Temporary Approval** - The Board confers authority on the Board Chairman to temporarily approve Respondent's Monitor/Supervisor. To obtain this temporary approval, Respondent shall submit to the Compliance Officer the name and curriculum vitae of the proposed Monitor/Supervisor, a letter from the proposed Monitor/Supervisor stating he/she is willing to serve as a Monitor/Supervisor, that he/she has received a copy of the Administrative complaint and Final Order in this case, that he/she is aware of the duties and responsibilities as a Monitor/Supervisor, and that he/she will appear before the Board for formal approval at the next meeting of the Board. **Once a Final Order adopting the Settlement Agreement is filed, Respondent shall not**

practice osteopathic medicine without an approved Monitor/Supervisor. Temporary approval shall only remain in effect until the next meeting of the Board.

- b) **Formal Approval** - Respondent shall have the Monitor/Supervisor with Respondent at Respondent's first probation appearance before the Board. Prior to the consideration of the Monitor/Supervisor by the Board, Respondent shall provide to the Monitor/Supervisor a copy of the Administrative Complaint and Final Order in this case. Respondent shall submit a current curriculum vita and a description of current practice from the proposed Monitor/Supervisor to the Board office no later than fourteen (14) days before Respondent's first scheduled appearance

before the Board. Respondent's Monitor/Supervisor shall also appear before the Board at such other times as directed by the Board or Board Chairman. It shall be Respondent's responsibility to ensure the appearance of the Monitor/Supervisor as directed. Failure of the Monitor/Supervisor to appear, as directed, shall constitute a violation of the terms of this Settlement Agreement and shall subject Respondent to disciplinary action.

iv. **Change In Monitor/Supervisor** - In the event that Respondent's Monitor/Supervisor is unable or unwilling to fulfill the responsibilities of a Monitor/Supervisor as described above, Respondent shall immediately advise the Board and Board Office. Respondent shall immediately submit to the Board Chairman the name of a temporary Monitor/Supervisor for consideration. Respondent shall not practice pending approval of this temporary Monitor/Supervisor by the Board Chairman. Furthermore, Respondent shall make arrangements with his

temporary Monitor/Supervisor to appear before the Board at its next regularly scheduled meeting for consideration of the Monitor/Supervisor by the Board. Respondent shall only practice under the auspices of the temporary Monitor/Supervisor (approved by the Chairman) until the next regularly scheduled meeting of the Board at which time the issue of the Board Chairman's approval of Respondent's new Monitor/Supervisor shall be addressed.

**v. Responsibilities of the Monitor/Supervisor -**

The Monitor/Supervisor shall:

- a) Review 10 percent of Respondent's active patient records at least once every quarter for the purpose of ascertaining whether Respondent is prescribing controlled substances in accordance with this Settlement Agreement, practicing osteopathic medicine within the standard of care, and maintaining appropriate patient records. The Monitor/Supervisor shall go to Respondent's office once every quarter and

shall review Respondent's calendar or patient log and shall select the records to be reviewed.

b) Review all of Respondent's patient records for patients treated for chronic pain with controlled substances. In this regard, Respondent shall maintain a log documenting all such patients.

c) Consult with Respondent on all cases involving chronic pain and prescribing controlled substances. For the purposes of this Settlement Agreement, the scope of consultation shall be as follows:

- 1) Receive and review copies of all controlled substance prescriptions in order to determine the appropriateness of Respondent's prescribing of controlled substances;

- 2) Any other records review requirements; and
- 3) Maintain contact with Respondent on a frequency of at least once per month. In the event that the Monitor/Supervisor is not timely contacted by Respondent, then the Monitor/Supervisor shall immediately report this fact in writing to the Board Chairman.

d) Submit reports on a quarterly basis, in affidavit form, which shall include:

- 1) A brief statement of why Respondent is on probation;
- 2) A description of Respondent's practice (type and composition);
- 3) A statement addressing Respondent's compliance with the terms of probation;

- 4) A brief description of the Monitor's/Supervisor's relationship with Respondent;
  - 5) A statement advising the Board Chairman of any problems which have arisen; and
  - 6) A summary of the dates the Monitor/Supervisor went to Respondent's office, the number of records reviewed, and the overall quality of the records reviewed, and the dates Respondent contacted the Monitor/Supervisor pursuant to subsection c), 3), above.
- e) Report immediately to the Board any violations by Respondent of Chapters 456 or 459, Florida Statutes, and the rules promulgated thereto.

f) Respondent's Monitor/Supervisor shall appear before the Board at the first meeting of the Board following commencement of the probation, and at such other times as directed by the Board or Board Chairman. It shall be Respondent's responsibility to ensure the appearance of Respondent's Monitor/Supervisor to appear as requested or directed. If the approved Monitor/Supervisor fails to appear as requested or directed by the Board or Board Chairman, it is a violation of this Order.

vi. **Reports from Respondent** - Respondent shall submit quarterly reports, in affidavit form, the contents of which may be further specified by the Board, but which shall include:

- a) A brief statement of why Respondent is on probation;
- b) A description of practice location;

- c) A description of current practice (type and composition);
- d) A brief statement of compliance with probationary terms;
- e) A description of the relationship with monitoring/supervising physician;
- f) A statement advising the Board of any problems which have arisen; and
- g) A statement addressing compliance with any restrictions or requirements imposed.

vii. **Continuity of Practice:**

- a) **Tolling Provisions** - In the event Respondent leaves the State of Florida for a period of thirty (30) days or more or otherwise does not engage in the active practice of osteopathic medicine in the State of Florida, then certain provisions of Respondent's probation (and only those provisions of the probation) shall be tolled

as enumerated below and shall remain in a tolled status until Respondent returns to active practice in the State of Florida:

- 1) The time period of probation shall be tolled;
- 2) The provisions regarding supervision, whether direct or indirect by another physician, and required reports from the Monitor/Supervisor shall be tolled;
- 3) The provisions regarding preparation of reports detailing compliance with this Settlement Agreement shall be tolled; and
- 4) Any provisions regarding community service shall be tolled.

- b) **Active Practice** - In the event that Respondent leaves the active practice of osteopathic medicine for a period of one (1) year or more, the Board may require Respondent to appear before the Board and demonstrate his ability to practice osteopathic medicine with skill and safety to patients prior to resuming the practice of osteopathic medicine in this state.

viii. **Controlled Substances** – Respondent may prescribe controlled substances only in compliance with the restrictions set forth below:

- a) Respondent shall utilize sequentially numbered triplicate prescriptions;
- b) Respondent shall provide one copy of each prescription to the Monitor/Supervisor;

- c) Respondent shall provide one copy of each prescription to the Department's investigator upon request; and
- d) Respondent shall maintain one copy of each prescription in the patient's medical records.  
This copy may be a photocopy.

ix. **Other restrictions on scope of practice.**

a) **Obligations/Requirements Of**

**Probation** - During the period of probation, Respondent shall comply with the following obligations and requirements:

- i. **Appearance** - Respondent shall appear before the Board of Osteopathic Medicine at the first Board meeting after probation commences, at the last meeting of the Board preceding scheduled termination of the probation, and at such other

times as requested by the Board or Board Chairman. Respondent shall be noticed by the Board Office of the date, time and place of the Board meeting at which Respondent's appearance is required. Failure of Respondent to appear as requested, or directed, or failure of Respondent to comply with **any** of the terms of this Settlement Agreement shall be considered a violation of the terms of this Settlement Agreement, and shall subject Respondent to disciplinary action.

- ii. **Respondent shall be responsible for ensuring that the**

Monitor/Supervisor submits all required reports.

- iii. **Supervision of Physician Assistants and/or Anesthesiology Assistants -**  
Respondent is required to notify, in writing, any physician assistant and/or anesthesiologist assistant which the Respondent supervises, of his probationary status. A copy of said written notification(s) shall be submitted to the Board's Compliance Officer within thirty (30) days of entry of the Final Order incorporating this Settlement Agreement.

### **STANDARD PROVISIONS**

1. **Appearance:** Respondent is required to appear before the Board at the meeting of the Board where this Settlement Agreement is considered.

2. No Force or Effect Until Final Order - It is expressly understood that this Settlement Agreement is subject to the approval of the Board and the Department. In this regard, the foregoing paragraphs (and only the foregoing paragraphs) shall have no force and effect unless the Board enters a Final Order incorporating the terms of this Settlement Agreement.

3. Addresses - Respondent must keep current residence and practice addresses on file with the Board. Respondent shall notify the Board within ten (10) days of any changes of said addresses.

4. Future Conduct - In the future, Respondent shall not violate Chapter 456, 459 or 893, Florida Statutes, or the rules promulgated pursuant thereto, or any other state or federal law, rule, or regulation relating to the practice or the ability to practice osteopathic medicine. Prior to signing this Settlement Agreement, the Respondent shall read Chapters 456, 459 and 893 and the Rules of the Board of Osteopathic Medicine, at Chapter 64B15, Florida Administrative Code.

5. Violation of Settlement Agreement Terms - It is expressly understood that a violation of the terms of this Settlement

Agreement shall be considered a violation of a Final Order of the Board, for which disciplinary action may be initiated pursuant to Chapters 456 and 459, Florida Statutes.

6. **Purpose of Settlement Agreement** - Respondent, for the purpose of avoiding further administrative action with respect to this case, executes this Settlement Agreement. In this regard, Respondent authorizes the Board to review and examine all investigative file materials concerning Respondent prior to or in conjunction with consideration of the Settlement Agreement. **Respondent agrees to support this Settlement Agreement at the time it is presented to the Board and shall offer no evidence, testimony or argument that disputes or contravenes any stipulated fact or conclusion of law.** Furthermore, should this Settlement Agreement not be accepted by the Board, it is agreed that presentation to and consideration of this Settlement Agreement and other documents and matters by the Board shall not unfairly or illegally prejudice the Board or any of its members from further participation, consideration or resolution of these proceedings.

7. No Preclusion of Additional Proceedings - Respondent and the Department fully understand that this Settlement Agreement and subsequent Final Order incorporating same will in no way preclude additional proceedings by the Board and/or the Department against Respondent for acts or omissions not specifically set forth in the Administrative Complaint attached as Exhibit "A."

8. Waiver of Attorney's Fees and Costs - Upon the Board's adoption of this Settlement Agreement, the parties hereby agree that with the exception of costs noted above, the parties will bear their own attorney's fees and costs resulting from prosecution or defense of this matter. Respondent waives the right to seek any attorney's fees or costs from the Department and the Board in connection with this matter.

9. Waiver of Further Procedural Steps - Upon the Board's adoption of this Settlement Agreement, Respondent expressly waives all further procedural steps and expressly waives all rights to seek judicial review of or to otherwise challenge or contest the validity of the Settlement Agreement and the Final Order of the Board incorporating said Settlement Agreement.

STATE OF FLORIDA  
DEPARTMENT OF HEALTH

---

DEPARTMENT OF HEALTH,

PETITIONER,

v.

CASE NO. 2013-19612

LOUIS A. KOVACS, D.O.,

RESPONDENT.

---

ADMINISTRATIVE COMPLAINT

COMES NOW, Petitioner, Department of Health, by and through its undersigned counsel, and files this Administrative Complaint before the Board of Osteopathic Medicine against Respondent, Louis A. Kovacs, D.O., and in support thereof alleges:

1. Petitioner is the state agency charged with regulating the practice of osteopathic medicine pursuant to Section 20.43, Florida Statutes; Chapter 456, Florida Statutes; and Chapter 459, Florida Statutes.

2. At all times material to this Administrative Complaint, Respondent was a licensed osteopathic physician within the state of Florida, having been issued license number OS 1417.

3. Respondent is licensed pursuant to Chapter 459, Florida Statutes, and is a health care practitioner as defined in Section 456.001(4), Florida Statutes.

4. Respondent's address of record is 3910 Deer Crossing Court, #201, Naples, Florida 34114.

**FACTS RELATED TO COUNT ONE**

5. On or about September 12, 2013, the State Medical Board of Ohio issued an Entry of Order which disciplined Respondent's license to practice osteopathic medicine in the state of Ohio.

6. The State Medical Board of Ohio is the licensing authority for osteopathic physicians in the state of Ohio.

**FACTS RELATED TO COUNT TWO**

7. On or about September 17, 2013, in the Court of Common Pleas in Ross County, Ohio, Case No. 13 CR 398, Respondent entered a plea of guilty to six counts of Conspiracy to Commit Illegal Processing of Drug Documents, in violation of ORC 2923.01, each first degree misdemeanors.

COUNT ONE

8. Petitioner realleges and incorporates paragraphs one through six as if fully set forth herein.

9. Section 459.015(1)(b), Florida Statutes (2013), provides that having a license or the authority to practice osteopathic medicine revoked, suspended, or otherwise acted against, including the denial of licensure, by the licensing authority of any jurisdiction, including its agencies or subdivisions constitutes grounds for disciplinary action.

10. As set forth above, Respondent's license to practice osteopathic medicine was disciplined, on or about September 12, 2013, when the State Medical Board of Ohio issued an Entry of Order to accept the permanent surrender of Respondent's license to practice osteopathic medicine in the state of Ohio.

11. Based on the foregoing, Respondent violated Section 459.015(1)(b), Florida Statutes (2013), by having a license or the authority to practice osteopathic medicine revoked, suspended, or otherwise acted against, including the denial of licensure, by the licensing authority of any jurisdiction, including its agencies or subdivisions.

COUNT TWO

12. Petitioner realleges and incorporates paragraphs one through four and paragraph seven, as if fully set forth herein.

13. Section 456.072(1)(c), Florida Statutes (2013), provides that being convicted or found guilty of, or entering a plea of guilty or nolo contendere to, regardless of adjudication, a crime in any jurisdiction which relates to the practice of, or the ability to practice, a licensee's profession constitutes grounds for disciplinary action.

14. An osteopathic physician is one of a handful of categories of licensed professionals that provides for the administration, dispensing, delivery, gift or prescription of any medications to include controlled substances. A plea of guilty to conspiracy to commit illegal processing of drug documents relates to the practice of osteopathic medicine or the ability to practice osteopathic medicine and violates the trust and confidence invested by the Legislature in these licensees.

15. As set forth above, on or about September 17, 2013, in the Court of Common Pleas in Ross County, Ohio, Case No. 13 CR 398, Respondent entered a plea of guilty to six counts of Conspiracy to Commit

Illegal Processing of Drug Documents, in violation of ORC 2923.01, each first degree misdemeanors, which relates to the practice of, or the ability to practice, a licensee's profession.

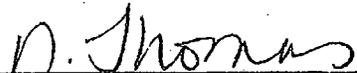

16. Based upon the foregoing, Respondent has violated Section 456.072(1)(c), Florida Statutes (2013), by being convicted or found guilty of, or entering a plea of guilty or nolo contendere to, regardless of adjudication, a crime in any jurisdiction which relates to the practice of, or the ability to practice, a licensee's profession.

**{REMAINDER OF PAGE INTENTIONALLY LEFT BLANK}**

WHEREFORE, the Petitioner respectfully requests that the Board of Osteopathic Medicine enter an order imposing one or more of the following penalties: permanent revocation or suspension of Respondent's license, restriction of practice, imposition of an administrative fine, issuance of a reprimand, placement of the Respondent on probation, corrective action, refund of fees billed or collected, remedial education and/or any other relief that the Board deems appropriate.

SIGNED this 20<sup>th</sup> day of April, 2015.

### NOTICE OF RIGHTS

Respondent has the right to request a hearing to be ~~conducted in accordance with Section 120.569 and 120.57,~~ Florida Statutes, to be represented by counsel or other qualified representative, to present evidence and argument, to call and cross-examine witnesses and to have subpoena and subpoena duces tecum issued on his or her behalf if a hearing is requested.

### NOTICE REGARDING ASSESSMENT OF COSTS

Respondent is placed on notice that Petitioner has incurred costs related to the investigation and prosecution of this matter. Pursuant to Section 456.072(4), Florida Statutes, the Board shall assess costs related to the investigation and prosecution of a disciplinary matter, which may include attorney hours and costs, on the Respondent in addition to any other discipline imposed.

## Sondra info

My monthly payments include:  
current mortgage is \$2412  
Electricity bill. \$157.00 per month  
HEAL loan \$500 per month  
Cable bill is \$147.12 per month

Water bill 122 per month  
\$125 Prn monthly fee , 2 UDS per month \$120  
HHS debit payment of \$325 per month (school loans)  
.Gas bill for car averages \$97.74 per month  
Cell phone \$224.12 per month  
Life insurance \$300 per month  
NICA \$250  
DEA license \$731  
Groceries \$274.43 per month  
Car insurance is \$175.05 per month  
Lending club payment \$629.30 per month for 2017 taxes

I cannot afford to take on additional loans from companies as I cannot pay them.

I already have a loan paying to pay 2017 taxes of \$639 per month  
I have not filed for 2018 or 2019 taxes yet as unable to pay,

My last payment from employee was in October 17 2019 for \$1013 for that week.  
I have been trying to get outside work asides from my medical job to help pay bills as I have a wife and son in school.

As I have no steady income nor anticipate to have in Florida as a physician,  
I am requestInfo to continue to pay \$300 per month until payment in full is paid.

I would also ask, with the boards permission and if board sees fit a reduction in total amount that owe in 1 to 2 years so I  
can get my financial obligation completed and get on more insurance plans and have more patients so I can have full  
time job,

Dr. Vincent Scolaro

Extension until the next regularly scheduled FBOOM meeting is granted.

Carol, please place on our next regularly scheduled FBOOM agenda for board approval to extend his payment plan.

Also, he has requested the Board to reduce the total amount he owes to 1-2 years. I am not sure what he means by this. Maybe pay \$300 for total of \$7200 (2 years) or \$3600 (1 year) to totally satisfy his obligation? He will need to be present to explain his request if he wants to move forward with it.

Also, his claim of monthly payments including DEA license \$731 and NICA \$250 cannot be accurate. DEA license is \$731 for 3 years or \$20.31 per month NICA is once a year or 20.83 per month. Please have him correct this. Also, is he saying that he has not worked since October 17, 2019? His current balance is \$6,197.33?

Joel B. Rose, DO  
Chair, FBOOM

Case Nos.: 2011-18625

2011-14096

2011-03025

License No.: OS 5974

VINCENT JOSEPH SCOLARO, D.O.,

Respondent.

**ORDER ACCEPTING FINAL APPEARANCE PRIOR TO TERMINATION OF  
PROBATION AND MODIFYING RESTRICTION ON LICENSE**

THIS MATTER came before the Board of Osteopathic Medicine (hereinafter "the Board") at a duly noticed public meeting on May 17, 2019, in Orlando, Florida, for consideration of Respondent's final appearance prior to termination of probation and request to lift prescribing restrictions. (Request) Respondent, Vincent Joseph Scolaro, D.O., was present at the meeting and was represented by Allen Grossman, Esquire, Dr. Scolaro's monitor, Scott Ravede, D.O., also was present at the meeting.

By terms of Final Order No. DOH-15-0902-S-MQA, filed June 16, 2015, (Case No. 2011-03025), and Order on Reinstatement, filed June 18, 2014, (Case No. 2011-18625 and 2011-14096), Dr. Scolaro's license to practice osteopathic medicine was disciplined. The Orders placed Dr. Scolaro on probation for five years, the first two under direct supervision followed by three years of indirect supervision. Both Orders included a practice restriction prohibiting him from prescribing, administering, dispensing, mixing, or ordering Schedule II through V controlled substances, and provided that after five years of probation, he may petition to lift this restriction for Schedules III through V provided he is in compliance with his PRN contract.

**FINAL ORDER ACCEPTING SETTLEMENT AGREEMENT**

This matter appeared before the Board of Osteopathic Medicine (hereinafter "Board") pursuant to Sections 120.569 and 120.57(4), Florida Statutes, at a duly-noticed public meeting on May 15, 2015, in Tampa, Florida, for consideration of a Settlement Agreement (attached hereto as Exhibit "A") entered into between the parties in this cause and incorporated by reference into this Final Order. The Department of Health (hereinafter "Petitioner") was represented by Yolonda Green, Assistant General Counsel, with the Department of Health. Vincent Joseph Scolaro, D.O., (hereinafter "Respondent") was present and was represented by Kenneth Skinner, Esquire. Penny Ziegler, M.D., Medical Director, Professionals Resource Network, Inc., also was present at the meeting.

The Petitioner filed an Administrative Complaint against the Respondent on October 30, 2013, attached hereto as Exhibit "B" and incorporated by reference into this Final Order.

During the meeting, both parties agreed to the following oral amendments to the Stipulated Disposition of the Settlement Agreement:

**Par. 8 – Restriction Language:** Subparagraphs (A) – (C) are deleted and replaced with the following subparagraphs:

(A) **Permanent Practice Restriction** – Respondent may not own, operate, or practice osteopathic medicine in a Pain Management Clinic as defined by Section 459.0137, Florida Statutes (2013).

(B) **Practice Restriction** – Respondent shall not prescribe, administer, dispense, mix, or order Schedule II through V controlled substances, as defined by Chapter 893, Florida Statutes; however, after five years of probation (set forth below), Respondent may petition to lift this restriction for Schedules III through V provided he is in compliance with his PRN contract.

Upon consideration of the Settlement Agreement, the documents submitted in support thereof, the arguments of the parties and otherwise being advised in the premises, the Board accepted the Settlement Agreement as orally amended. Costs are assessed in the amount of **eleven thousand four hundred ninety-seven dollars and thirty-three cents (\$11,497.33)** and payable within **ninety (90) days** from the filing date of this Final Order.

WHEREFORE, the Board hereby accepts the Settlement Agreement as orally amended, settling all matters in this case consistent with the terms of the agreement between the parties, and Respondent is hereby ORDERED to abide by the terms of the Settlement Agreement. This Final Order shall be placed in and made part of the Respondent's official records.

This Final Order shall become effective upon filing with the Clerk for the Department of Health.

DONE AND ORDERED this 15 day of June, 2015.

**Case No. 2011-03025**

**VINCENT JOSEPH SCOLARO, D.O.,**

**Respondent,**

---

**SETTLEMENT AGREEMENT**

**VINCENT JOSEPH SCOLARO, D.O.,** referred to as the "Respondent", and the Department of Health, referred to as "Department" stipulate and agree to the following Settlement Agreement and to the entry of a Final Order of the Board of Osteopathic Medicine, referred to as "Board", incorporating the Stipulated Facts and Stipulated Disposition in this matter.

Petitioner is the state agency charged with regulating the practice of osteopathic medicine pursuant to Section 20.43, Florida Statutes, and Chapter 456, Florida Statutes, and Chapter 459, Florida Statutes.

**STIPULATED FACTS**

1. At all times material hereto, Respondent was a licensed osteopathic physician in the State of Florida having been issued license number OS 5974.

2. The Department charged Respondent with an Administrative Complaint that was filed and properly served upon Respondent with violations of Chapter 459, Florida Statutes, and the rules adopted pursuant thereto. A true and correct copy of the Administrative Complaint is attached hereto as Exhibit "A".

3. Respondent neither admits nor denies the allegations of fact contained in the Administrative Complaint for purposes of these proceedings only.

**STIPULATED CONCLUSIONS OF LAW**

1. Respondent admits that, in his capacity as a licensed physician, he is subject to the provisions of Chapters 456 and 459, Florida Statutes, and the jurisdiction of the Department and the Board.

2. Respondent admits that the facts alleged in the Administrative Complaint, if proven, would constitute violations of

Chapters 456 and/or 459, Florida Statutes, as alleged in the Administrative Complaint.

3. Respondent agrees that the Stipulated Disposition in this case is fair, appropriate and acceptable to Respondent.

**STIPULATED DISPOSITION**

1. **Reprimand** - The Board shall reprimand the license of Respondent.

2. **Fine** - The Board of Osteopathic Medicine shall impose an administrative fine of **SEVEN THOUSAND FIVE HUNDRED DOLLARS AND NO/100 CENTS (\$7,500.00)** against the license of Respondent, to be paid by Respondent to the Department of Health, Compliance Management Unit, Bin C76, Post Office Box 6320, Tallahassee, Florida 32314-6320, Attention: Board of Osteopathic Medicine Compliance Officer, within ninety (90) days from the date of filing of the Final Order incorporating this Settlement Agreement. All fines shall be paid by certified funds or money order. The Board office does not have the authority to change the terms of payment of any fine imposed by the Board.

RESPONDENT ACKNOWLEDGES THAT THE TIMELY PAYMENT OF THE FINE IS HIS LEGAL OBLIGATION AND RESPONSIBILITY AND RESPONDENT AGREES TO CEASE PRACTICING IF THE FINE IS NOT PAID AS AGREED TO IN THIS SETTLEMENT AGREEMENT, SPECIFICALLY: IF WITHIN ONE HUNDRED FIVE (105) DAYS OF THE DATE OF FILING OF THE FINAL ORDER, RESPONDENT HAS NOT RECEIVED WRITTEN CONFIRMATION THAT THE FULL AMOUNT OF THE FINE HAS BEEN RECEIVED BY THE BOARD OFFICE, RESPONDENT AGREES TO CEASE PRACTICE UNTIL SUCH WRITTEN CONFIRMATION IS RECEIVED BY RESPONDENT FROM THE BOARD.

4. Reimbursement Of Costs - Pursuant to Section 456.072, Florida Statutes, Respondent agrees to pay the Department for any and all costs incurred in the investigation and prosecution of this case. Such costs exclude the costs of obtaining supervision or monitoring of the practice, the cost of quality assurance reviews, and the Board's administrative cost directly associated with Respondent's probation, if any. The current estimate of the Department's costs in this case is **TEN THOUSAND NINE HUNDRED SEVENTY DOLLARS AND**

**SIXTY-EIGHT CENTS (\$10,970.68)**, but this amount will increase prior to the Board meeting where this Settlement Agreement is presented. Respondent will pay costs to the Department of Health, Compliance Management Unit, Bin C76, P.O. Box 6320, Tallahassee, Florida 32314-6320, Attention: Board of Osteopathic Medicine Compliance Officer, within ninety (90) days from the date of filing of the Final Order in this cause. Any post-Board costs, such as the costs associated with probation, are not included in this Settlement Agreement.

**RESPONDENT ACKNOWLEDGES THAT THE TIMELY PAYMENT OF THE COSTS IS HIS LEGAL OBLIGATION AND RESPONSIBILITY, AND RESPONDENT AGREES TO CEASE PRACTICING IF THE COSTS ARE NOT PAID AS AGREED TO IN THIS SETTLEMENT AGREEMENT, SPECIFICALLY: IF WITHIN ONE HUNDRED FIVE (105) DAYS OF THE DATE OF FILING OF THE FINAL ORDER, RESPONDENT HAS NOT RECEIVED WRITTEN CONFIRMATION THAT THE FULL AMOUNT OF THE COSTS NOTED ABOVE HAS BEEN RECEIVED BY THE BOARD OFFICE, RESPONDENT AGREES TO CEASE PRACTICE UNTIL SUCH**

**WRITTEN CONFIRMATION IS RECEIVED BY RESPONDENT FROM THE BOARD.**

5. **Laws And Rules Course** - Respondent shall complete course, "Legal and Ethical Implications in Medicine Physician's Survival Guide-Laws and Rules" administered by the Florida Osteopathic Medical Association (FOMA), or a Board-approved equivalent, within twelve (12) months of the date of filing of the Final Order of the Board incorporating this Settlement Agreement. In addition, Respondent shall submit documentation in the form of certified copies of the receipts, vouchers, certificates, or other papers, such as physician's recognition awards, documenting completion of this medical education course within thirteen (13) months of the date of filing of the Final Order incorporating this Settlement Agreement to the Department of Health, Compliance Management Unit, Bin C76, P.O. Box 6320, Tallahassee, Florida 32314-6320, Attention: Board of Osteopathic Medicine Compliance Officer.

6. **Drug Course** - Respondent shall complete the course, "Prescribing Controlled Drugs: Critical Issues and Common Pitfalls of Prescribing," sponsored by the University of Florida, or a Board-approved equivalent, within one year before Respondent applies to the

Board for removal of any restriction on Respondent's practice prohibiting Respondent from prescribing, administering, dispensing, mixing, or ordering Schedule II through V controlled substances during his five year probationary period. In addition, Respondent shall submit documentation in the form of certified copies of the receipts, vouchers, certificates, or other papers, such as physician's recognition awards, documenting completion of this medical education course one year before Respondent applies for the removal of any restriction on Respondent's practice prohibiting Respondent from prescribing, administering, dispensing, mixing, or ordering Schedule II through V controlled substances during his five probationary period.

7. **Continuing Medical Education – "Risk Management"** -

Respondent shall complete five (5) hours of Continuing Osteopathic Medical Education in "Risk Management" within one (1) year of the date of filing of the Final Order. Respondent shall first submit a written request to the Board Chairman for approval prior to performance of said continuing medical education course(s). However, the Board has approved five (5) hours of risk management continuing education for attending the first day of a full Board of Osteopathic Medicine meeting.

8. **Restriction Language:**

(A) **Restriction on Practice (CME)** - Respondent's practice is restricted in that Respondent may not prescribe Schedule II drugs unless or until Respondent has documented to the Board Chairman completion of the Drug, Records, and Risk Management Courses.

(B) **Permanent Practice Restriction**- Respondent may not own, operate or work in a Pain Management Clinic as defined by Section 459.005, Florida Statutes.

(C) **Practice Restriction** - Respondent shall not prescribe, administer, dispense, mix or order Schedule II through V controlled substances, as defined by Chapter 893, Florida Statutes; however, after five years of probation (set forth below and to run concurrently with the probation set forth in Department case nos. 2011-18625 and 2011-14096), Respondent may petition to lift this restriction for Schedules III through V provided he is in compliance with his PRN contract.

9. **Probation** - Respondent shall be placed on probation for a period of five (5) years with the following terms and conditions:

**Supervision.**

A. For two (2) years, to run concurrently with the Order on Reinstatement entered in case nos.: 2011-18625 and 2011-14096, Respondent shall practice only under the direct supervision of a Board-approved osteopathic or allopathic physician, hereinafter referred to as the "supervisor" followed by three (3) years of indirect supervision following successful completion of two years of direct supervision. When working under indirect supervision, Respondent shall practice only under the indirect supervision of a Board-approved osteopathic or allopathic physician. For purposes of this Settlement Agreement, the term for both the supervising physician under direct supervision and the monitoring physician under indirect supervision shall be referred to as the supervisor, the supervising physician, or the Monitor.

B. Respondent shall provide the supervisor with a copy of the Administrative Complaint, Final Order, and other relevant orders. Respondent shall allow the supervisor access to Respondent's medical records, calendar, patient logs, or other documents necessary to supervise Respondent as detailed below.

C. **Restrictions During Probation** - During the period of probation, Respondent's license shall be restricted as follows:

1. **Direct Supervision** - Respondent shall practice only under the direct supervision of a Board-approved osteopathic or allopathic physician, hereinafter referred to as the "Supervisor", whose responsibilities are set by the Board for two years as set forth in paragraph A above. The supervising physician shall be Board Certified in Respondent's specialty unless otherwise approved of by the Board.

2. **Indirect Supervision** - Following the successful completion of two (2) years of direct supervision as set forth above, Respondent shall practice only under the indirect supervision of a Board-approved osteopathic or allopathic physician, hereinafter referred to as the "Monitor", whose responsibilities are set by the Board. Indirect supervision does not require that the Monitor practice on the same premises as Respondent, however, the Monitor shall practice within a reasonable geographic proximity to Respondent, which shall be within twenty (20) miles unless otherwise provided by the Board and shall be readily available for consultation. The Monitor shall be Board Certified in Respondent's specialty unless otherwise approved

of by the Board. In this regard, Respondent shall allow the Monitor access to Respondent's medical records, calendar, patient logs or other documents necessary for the Monitor to supervise Respondent, as detailed below.

**3. Required Mentor/Supervision Criteria:**

a. If the terms of the Settlement Agreement include indirect monitoring of the Respondent's practice, or direct supervising of the Respondent's practice, Respondent shall not practice osteopathic medicine without an approved Monitor/Supervisor, as specified by this Settlement Agreement, unless otherwise stated by the Board.

b. The Monitor/Supervisor must be a licensee under Chapter 458 and/or 459, Florida Statutes, in good standing, in active practice, and without restriction or limitation on his license. The Monitor/Supervisor must be actively engaged in the same or similar specialty unless otherwise approved of by the Board and be practicing within twenty (20) miles of Respondent's practice, unless otherwise specifically provided for in this Settlement Agreement. The Monitor/Supervisor must be sufficiently qualified and experienced, and must not have any conflicts of interest that would prohibit him or her

from impartially performing his or her duties as a Monitor/Supervisor. The Board will make a determination whether Respondent's proposed Monitor/Supervisor is appropriate and the Board retains the absolute discretion to reject any Monitor/Supervisor proposed by the Respondent.

4. **Mechanism For Approval Of Monitor/Supervisor:**

a. **Temporary Approval** - The Board confers authority on the Board Chairman to temporarily approve Respondent's Monitor/Supervisor. To obtain this temporary approval, Respondent shall submit to the Board Chairman the name and curriculum vitae of the proposed Monitor/Supervisor at the time this Settlement Agreement is considered by the Board. **Once a Final Order adopting the Settlement Agreement is filed, Respondent shall not practice osteopathic medicine without an approved Monitor/Supervisor. Temporary approval shall only remain in effect until the next meeting of the Board.**

b. **Formal Approval** - Respondent shall have the Monitor/Supervisor with Respondent at Respondent's first probation appearance before the Board. Prior to the consideration of the

Monitor/Supervisor by the Board, Respondent shall provide to the Monitor/Supervisor a copy of the Administrative Complaint and Final Order in this case. Respondent shall submit a current curriculum vita and a description of current practice from the proposed Monitor/Supervisor to the Board office no later than thirty (30) days before Respondent's first scheduled appearance before the Board. Respondent's Monitor/Supervisor shall also appear before the Board at such other times as directed by the Board or Board Chairman. It shall be Respondent's responsibility to ensure the appearance of the Monitor/Supervisor as directed. Failure of the Monitor/Supervisor to appear, as directed, shall constitute a violation of the terms of this Settlement Agreement and shall subject Respondent to disciplinary action.

5. **Appearances** — Respondent and his proposed Monitor/Supervisor shall appear before the Board at the first meeting after probation commences, and at the Board meeting preceding the completion of the two (2) years of direct supervision as set forth above; and annual appearances thereafter, and at other such times requested by the Board. Respondent shall be noticed by the Board staff of the

date, time, and place of the Board's meeting where Respondent's appearance is required. Respondent's failure to appear as requested or directed shall be considered a violation of the terms of probation, and shall subject Respondent to disciplinary action.

6. **Change In Monitor/Supervisor** - In the event that Respondent's Monitor/Supervisor is unable or unwilling to fulfill the responsibilities of a Monitor/Supervisor as described above, Respondent shall immediately notify the Executive Director of the Board. Respondent shall immediately submit to the Board Chairman the name of a temporary Monitor/Supervisor for consideration. Respondent shall not practice pending approval of this temporary Monitor/Supervisor by the Board Chairman. Furthermore, Respondent shall make arrangements with his temporary Monitor/Supervisor to appear before the Board at its next regularly scheduled meeting for consideration of the Monitor/Supervisor by the Board. Respondent shall only practice under the auspices of the temporary Monitor/Supervisor (approved by the Chairman) until the next regularly scheduled meeting of the Board at which time the issue of the Board Chairman's approval of Respondent's new Monitor/Supervisor shall be addressed.

7. **Responsibilities of the Monitor/Supervisor** - The Monitor/Supervisor shall:

a. Review 25 percent of Respondent's active patient records at least once every month for the purpose of ascertaining whether Respondent is over-prescribing Schedule II and III controlled substances. The Monitor/Supervisor shall go to Respondent's office once every month and shall review Respondent's calendar or patient log and shall select the records to be reviewed. To comply with this responsibility of random review, the Monitor/Supervisor shall be responsible for making the random selection of records to be reviewed.

b. Review all of Respondent's patient records for patients treated for chronic non-malignant pain with Schedule II and III controlled substances. In this regard, Respondent shall maintain a log documenting all such patients.

c. Consult with Respondent on all cases involving chronic non-malignant pain. For the purposes of this Settlement Agreement, the scope of consultation shall be as follows:

i. Receive and review copies of all schedule II and III controlled substance prescriptions in order to determine the appropriateness of Respondent's prescribing of controlled substances;

ii. Any other records review requirements; and

iii. Maintain contact with Respondent on a frequency of at least once per week. In the event that the Monitor/Supervisor is not timely contacted by Respondent, then the Monitor/Supervisor shall immediately report this fact in writing to the Board Chairman.

d. Submit reports on a quarterly basis, in affidavit form, which shall include:

i. A brief statement of why Respondent is on probation;

ii. A description of Respondent's practice (type and composition);

iii. A statement addressing Respondent's compliance with the terms of probation;

- iv. A brief description of the Monitor's/Supervisor's relationship with Respondent;
- v. A statement advising the Board Chairman of any problems which have arisen; and
- vi. A summary of the dates the Monitor/Supervisor went to Respondent's office, the number of records reviewed, and the overall quality of the records reviewed, and the dates Respondent contacted the Monitor/Supervisor.

e. Report immediately to the Board any violations by Respondent of Chapters 456 or 459, Florida Statutes, and the rules promulgated thereto.

f. Respondent's Monitor/Supervisor shall appear before the Board at the first meeting of the Board following commencement of the probation, and at such other times as directed by the Board or Board Chairman. It shall be Respondent's responsibility to ensure the appearance of Respondent's Monitor/Supervisor to appear

as requested or directed. If the approved Monitor/Supervisor fails to appear as requested or directed by the Board or Board Chairman, **Respondent shall immediately cease practicing osteopathic medicine until such time as the approved Monitor/Supervisor or alternate Monitor/Supervisor appears before the Board.**

8. **Reports from Respondent** - Respondent shall submit quarterly reports, in affidavit form, the contents of which may be further specified by the Board, but which shall include:

- a. A brief statement of why Respondent is on probation;
- b. A description of practice location;
- c. A description of current practice (type and composition);
- d. A brief statement of compliance with probationary terms;
- e. A description of the relationship with monitoring/supervising physician;
- f. A statement advising the Board of any problems which have arisen; and

- g. A statement addressing compliance with any restrictions or requirements imposed.

**C. Continuity of Practice:**

1. **Tolling Provisions** - In the event Respondent leaves the State of Florida for a period of thirty (30) days or more or otherwise does not engage in the active practice of osteopathic medicine in the State of Florida, then certain provisions of Respondent's probation (and only those provisions of the probation) shall be tolled as enumerated below and shall remain in a tolled status until Respondent returns to active practice in the State of Florida:

- a. The time period of probation shall be tolled;
- b. The provisions regarding supervision, whether direct or indirect by another physician, and required reports from the Monitor/Supervisor shall be tolled; and
- c. The provisions regarding preparation of reports detailing compliance with this Settlement Agreement shall be tolled; and

2. **Active Practice** - In the event that Respondent leaves the active practice of osteopathic medicine for a period of one (1) year or

more, the Board may require Respondent to appear before the Board and demonstrate his ability to practice osteopathic medicine with skill and safety to patients prior to resuming the practice of osteopathic medicine in this state.

D. **Controlled Substances** - Respondent may prescribe Schedule II and III controlled substances only in compliance with the restrictions set forth below:

1. Respondent shall utilize sequentially numbered triplicate prescriptions;
2. Respondent shall provide one copy of each prescription to the Monitor/Supervisor when they meet each month for patient file review;
3. Respondent shall provide one copy of each prescription to the Department's Compliance Officer upon request; and
4. Respondent shall maintain one copy of each prescription in the patient's medical records. This copy may be a photocopy.

E. **Obligations/Requirements Of Probation** - During the period of probation, Respondent shall comply with the following obligations and requirements:

1. **Appearance** - Respondent shall appear before the Board of Osteopathic Medicine at the first Board meeting after probation commences, at the last meeting of the Board preceding scheduled termination of the probation, and at such other times as requested by the Board or Board Chairman. Respondent shall be noticed by the Board Office of the date, time and place of the Board meeting at which Respondent's appearance is required. Failure of Respondent to appear as requested, or directed, or failure of Respondent to comply with **any** of the terms of this Settlement Agreement shall be considered a violation of the terms of this Settlement Agreement, and shall subject Respondent to disciplinary action.

2. **Respondent shall be responsible for ensuring that the Monitor/Supervisor submits all required reports.**

3. **Supervision of Physician Assistants and/or Anesthesiology Assistants** - Respondent is required to notify, in writing,

any physician assistant and/or anesthesiologist assistant which the Respondent supervises, of his probationary status. A copy of said written notification(s) shall be submitted to the Board's Compliance Officer within thirty (30) days of entry of the Final Order incorporating this Settlement Agreement.

### **STANDARD PROVISIONS**

1. **Appearance**: Respondent is required to appear before the Board at the meeting of the Board where this Settlement Agreement is considered.

2. **No Force or Effect Until Final Order** - It is expressly understood that this Settlement Agreement is subject to the approval of the Board and the Department. In this regard, the foregoing paragraphs (and only the foregoing paragraphs) shall have no force and effect unless the Board enters a Final Order incorporating the terms of this Settlement Agreement.

3. **Continuing Medical Education** - Unless otherwise provided in this Settlement Agreement, Respondent shall first submit a written request to the Board Chairman for approval prior to performance of said continuing medical education course(s).

Respondent shall submit documentation in the form of certified copies of the receipts, vouchers, certificates, or other papers, such as physician's recognition awards, documenting completion of this medical course within one (1) year of the date of filing of the Final Order incorporating this Settlement Agreement. All such documentation shall be sent to the Department of Health, Compliance Management Unit, Bin C76, P.O. Box 6320, Tallahassee, Florida 32314-6320, Attention: Board of Osteopathic Medicine Compliance Office, regardless of whether some or any of such documentation was provided previously during the course of any audit or discussion with counsel for the Department. These hours shall be in addition to those hours required for renewal of licensure. Unless otherwise approved by the Board, said continuing medical education course(s) shall consist of a formal, live lecture format.

4. **Addresses** - Respondent must keep current residence and practice addresses on file with the Board. Respondent shall notify the Board within ten (10) days of any changes of said addresses.

5. **Future Conduct** - In the future, Respondent shall not violate Chapter 456, 459 or 893, Florida Statutes, or the rules

promulgated pursuant thereto, or any other state or federal law, rule, or regulation relating to the practice or the ability to practice osteopathic medicine. Prior to signing this Settlement Agreement, the Respondent shall read Chapters 456, 459 and 893 and the Rules of the Board of Osteopathic Medicine, at Chapter 64B15, Florida Administrative Code.

6. **Violation of Settlement Agreement Terms** - It is expressly understood that a violation of the terms of this Settlement Agreement shall be considered a violation of a Final Order of the Board, for which disciplinary action may be initiated pursuant to Chapters 456 and 459, Florida Statutes.

7. **Purpose of Settlement Agreement** - Respondent, for the purpose of avoiding further administrative action with respect to this case, executes this Settlement Agreement. In this regard, Respondent authorizes the Board to review and examine all investigative file materials concerning Respondent prior to or in conjunction with consideration of the Settlement Agreement. **Respondent agrees to support this Settlement Agreement at the time it is presented to the Board and shall offer no evidence, testimony or**

**argument that disputes or contravenes any stipulated fact or conclusion of law.** Furthermore, should this Settlement Agreement not be accepted by the Board, it is agreed that presentation to and consideration of this Settlement Agreement and other documents and matters by the Board shall not unfairly or illegally prejudice the Board or any of its members from further participation, consideration or resolution of these proceedings.

8. **No Preclusion of Additional Proceedings** - Respondent and the Department fully understand that this Settlement Agreement and subsequent Final Order incorporating same will in no way preclude additional proceedings by the Board and/or the Department against Respondent for acts or omissions not specifically set forth in the Administrative Complaint attached as Exhibit "A".

9. **Waiver of Attorney's Fees and Costs** - Upon the Board's adoption of this Settlement Agreement, the parties hereby agree that with the exception of costs noted above, the parties will bear their own attorney's fees and costs resulting from prosecution or defense of this matter. Respondent waives the right to seek any attorney's fees or

costs from the Department and the Board in connection with this matter.

10. **Waiver of Further Procedural Steps** - Upon the Board's adoption of this Settlement Agreement, Respondent expressly waives all further procedural steps and expressly waives all rights to seek judicial review of or to otherwise challenge or contest the validity of the Settlement Agreement and the Final Order of the Board incorporating said Settlement Agreement.

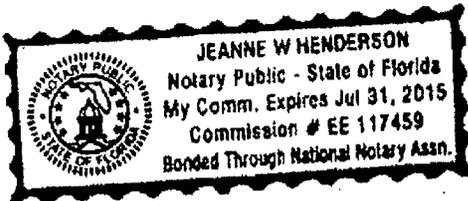

SIGNED this 16 day of February

**STATE OF FLORIDA  
DEPARTMENT OF HEALTH**

**DEPARTMENT OF HEALTH,**

**PETITIONER,**

**v.**

**CASE NO.: 2011-03025**

**VINCENT JOSEPH SCOLARO, D.O.,**

**RESPONDENT.**

**ADMINISTRATIVE COMPLAINT**

COMES NOW, Petitioner, Department of Health, by and through its undersigned counsel, and files this Administrative Complaint before the Board of Osteopathic Medicine against the Respondent, Vincent Joseph Scolaro, D.O., and in support thereof alleges:

1. Petitioner is the state agency charged with regulating the practice of osteopathic medicine pursuant to Section 20.43, Florida Statutes; Chapter 456, Florida Statutes; and Chapter 459, Florida Statutes.
2. At all times material to this Complaint, Respondent was a licensed osteopathic physician within the State of Florida, having been issued license number OS 5974.

**EXHIBIT**

**A**

3. Respondent's address of record is 65 Goddard Drive, Debary, Florida 32713.

4. From on or about February 1, 2011 until on or about December 7, 2011, Respondent practiced pain management at Amerinet Health Center South Daytona, L.L.C. (Amerinet Health), in South Daytona, Deltona, and Sanford, Florida, but was not board certified in pain management.

5. Ambien is the brand name for the drug zolpidem, prescribed to treat insomnia. According to Title 21, Section 1308.14, Code of Federal Regulations, zolpidem is a Schedule IV controlled substance. Zolpidem can cause dependence and is subject to abuse.

6. Amphetamine salts contain amphetamine. According to Section 893.03(2), Florida Statutes, amphetamine is a Schedule II controlled substance that has a high potential for abuse and has a currently accepted but severely restricted medical use in treatment in the United States. Abuse of amphetamine may lead to severe psychological or physical dependence.

7. Atarax is a trade name for the legend drug hydroxyzine. Atarax is an antihistamine with sedative effects. Atarax is used as a tranquilizer in dental procedures and a short term treatment of anxiety disorders.

8. Ativan is the brand name for lorazepam and is prescribed to treat anxiety. According to Section 893.03(4), Florida Statutes, lorazepam is a Schedule IV controlled substance that has a low potential for abuse relative to the substances in Schedule III and has a currently accepted medical use in treatment in the United States. Abuse of lorazepam may lead to limited physical or psychological dependence relative to the substances in Schedule III.

9. Dextroamphetamine contains amphetamine and is used to treat attention deficit hyperactivity disorder (ADHD). According to Section 893.03(2), Florida Statutes, amphetamine is a Schedule II controlled substance that has a high potential for abuse and has a currently accepted but severely restricted medical use in treatment in the United States. Abuse of amphetamine may lead to severe psychological or physical dependence.

10. Diazepam, commonly known by the brand name Vallium, is prescribed to treat anxiety. According to Section 893.03(4), Florida

Statutes, diazepam is a Schedule IV controlled substance that has a low potential for abuse relative to the substances in Schedule III and has a currently accepted medical use in treatment in the United States. Abuse of diazepam may lead to limited physical or psychological dependence relative to the substances in Schedule III.

11. Fioricet is the brand name for a drug that contains butalbital and is commonly prescribed to treat migraine headaches. According to Section 893.03(3), Florida Statutes, butalbital is a Schedule III controlled substance that has a potential for abuse less than the substances in Schedules I and II and has a currently accepted medical use in treatment in the United States. Abuse of butalbital may lead to moderate or low physical dependence or high psychological dependence.

12. Flexeril is a muscle relaxant used to treat strains, sprains, and other muscle injuries.

13. Klonopin is the brand name for clonazepam and is prescribed to treat anxiety. According to Section 893.03(4), Florida Statutes, clonazepam is a Schedule IV controlled substance that has a low potential for abuse relative to the substances in Schedule III and has a currently accepted medical use in treatment in the United States. Abuse of clonazepam may

lead to limited physical or psychological dependence relative to the substances in Schedule III.

14. Lortab is the brand name for a drug that contains hydrocodone and is prescribed to treat pain. According to Section 893.03(3), Florida Statutes, hydrocodone, in the dosages found in Lortab, is a Schedule III controlled substance that has a potential for abuse less than the substances in Schedules I and II and has a currently accepted medical use in treatment in the United States. Abuse of the substance may lead to moderate or low physical dependence or high psychological dependence.

15. Neurotin is a legend drug used to treat fibromyalgia, neuropathic pain, and seizures.

16. Oxycodone is commonly prescribed to treat pain. According to Section 893.03(2), Florida Statutes, oxycodone is a Schedule II controlled substance that has a high potential for abuse and has a currently accepted but severely restricted medical use in treatment in the United States. Abuse of oxycodone may lead to severe psychological or physical dependence.

17. Percocet is the brand name for a drug that contains oxycodone and is prescribed to treat pain. According to Section 893.03(2), Florida

Statutes, oxycodone is a Schedule II controlled substance that has a high potential for abuse and has a currently accepted but severely restricted medical use in treatment in the United States. Abuse of oxycodone may lead to severe psychological or physical dependence.

18. Ritalin is the brand name for the drug methylphenidate, commonly prescribed to treat attention deficit disorder. According to Section 893.03(2), Florida Statutes, methylphenidate is a Schedule II controlled substance that has a high potential for abuse and has a currently accepted but severely restricted medical use in treatment in the United States. Abuse of methylphenidate may lead to severe psychological or physical dependence.

19. Robaxin is a muscle relaxant used to strains, sprains, and other muscle injuries.

20. Suboxone contains buprenorphine and is prescribed to treat pain. According to Section 893.03(5), Florida Statutes, buprenorphine is a Schedule V controlled substance that has a low potential for abuse relative to the substances in Schedule IV and has a currently accepted medical use in treatment in the United States. Abuse of buprenorphine may lead to

limited physical or psychological dependence relative to the substances in Schedule IV.

21. Subutex is the brand name for buprenorphine, and is prescribed to treat pain. According to Section 893.03(5), Florida Statutes, buprenorphine is a Schedule V controlled substance that has a low potential for abuse relative to the substances in Schedule IV and has a currently accepted medical use in treatment in the United States. Abuse of buprenorphine may lead to limited physical or psychological dependence relative to the substances in Schedule IV.

22. Zanaflex is a muscle relaxant used to treat muscle spasms caused by multiple sclerosis, back pain, and other injuries to the spine and/or central nervous system.

23. Zolpidem, commonly known by the brand name Ambien, is prescribed to treat insomnia. According to Title 21, Section 1308.14, Code of Federal Regulations, zolpidem is a Schedule IV controlled substance. Zolpidem can cause dependence and is subject to abuse.

**Patient B.B.**

24. From on or about February 1, 2011 until on or about December 7, 2011, Patient B.B., a 35 year-old patient, presented to Respondent with complaints of back pain, anxiety, insomnia, and arthritis.

25. Medical records indicate that from on or about March 1, 2011 until on or about December 7, 2011, Respondent wrote multiple prescriptions for Diazepam, Lortab, Oxycodone, Amphetamine Salts, Ritalin, and/or Dextroamphetamine, for Patient B.B. on the dates, dosages, and quantities described in the following table:

| DATE       | DRUG              | STRENGTH   | QUANTITY    |
|------------|-------------------|------------|-------------|
| 03/01/2011 | Lortab            | 10mg/500mg | 120 tablets |
| 03/29/2011 | Diazepam          | 10 mg      | 30 tablets  |
| 03/29/2011 | Oxycodone         | 15 mg      | 180 tablets |
| 03/29/2011 | Lortab            | 10mg/500mg | 120 tablets |
| 04/19/2011 | Amphetamine Salts | 20 mg      | 30 tablets  |
| 04/26/2011 | Oxycodone         | 15 mg      | 195 tablets |
| 04/26/2011 | Diazepam          | 10 mg      | 28 tablets  |
| 05/17/2011 | Amphetamine Salts | 30 mg      | 60 tablets  |

| DATE       | DRUG               | STRENGTH   | QUANTITY    |
|------------|--------------------|------------|-------------|
| 05/24/2011 | Lortab             | 10mg/325mg | 120 tablets |
| 06/02/2011 | Diazepam           | 10 mg      | 28 tablets  |
| 06/21/2011 | Oxycodone          | 30 mg      | 130 tablets |
| 06/21/2011 | Lortab             | 10mg/325mg | 120 tablets |
| 06/21/2011 | Diazepam           | 10 mg      | 30 tablets  |
| 06/28/2011 | Ritalin            | 40 mg      | 30 tablets  |
| 07/26/2011 | Dextro-amphetamine | 20 mg      | 30 capsules |
| 08/17/2011 | Diazepam           | 10 mg      | 30 tablets  |
| 08/23/2011 | Dextro-amphetamine | 30 mg      | 60 capsules |
| 09/13/2011 | Oxycodone          | 15 mg      | 30 tablets  |
| 09/13/2011 | Oxycodone          | 30 mg      | 140 tablets |
| 09/13/2011 | Diazepam           | 10 mg      | 60 tablets  |
| 09/20/2011 | Dextro-amphetamine | 20 mg      | 60 capsules |
| 10/11/2011 | Oxycodone          | 15 mg      | 45 tablets  |
| 10/11/2011 | Oxycodone          | 30 mg      | 140 tablets |
| 10/11/2011 | Diazepam           | 10 mg      | 30 tablets  |
| 10/18/2011 | Amphetamine Salts  | 30 mg      | 60 tablets  |

| DATE       | DRUG               | STRENGTH   | QUANTITY    |
|------------|--------------------|------------|-------------|
| 11/08/2011 | Oxycodone          | 30 mg      | 155 tablets |
| 11/08/2011 | Lortab             | 10mg/325mg | 90 tablets  |
| 11/18/2011 | Dextro-Amphetamine | 30 mg      | 60 tablets  |

26. Medical records indicate Respondent failed to obtain documentation from Patient B.B.'s previous health care providers related to Patient B.B.'s prior treatment for chronic pain.

27. Medical records indicate Respondent failed to adequately monitor Patient B.B.'s use of narcotics.

28. Medical records indicate Respondent failed to order specialized consultations for Patient B.B. for alternative forms of pain management.

29. Medical records indicate Respondent failed to obtain appropriate medical histories from Patient B.B.

30. Medical records indicate Respondent failed to perform appropriate physical examinations on Patient B.B.

31. Respondent's simultaneous prescriptions of Oxycodone 15 mg and Oxycodone 30 mg was an inappropriate or excessive amount of immediate release pain medication that fell below the standard of care.

32. Respondent's simultaneous prescriptions of Oxycodone 15 mg and Lortab 10 mg/325 mg was an inappropriate or excessive amount of immediate release pain medication that fell below the standard of care.

33. Respondent's prescriptions of Lortab, Diazepam, Oxycodone, Amphetamine Salts, Ritalin, or Dextroamphetamine, to Patient B.B. were an inappropriate and/or excessive combination of narcotics that fell below the standard of care.

**Patient C.J.**

34. From on or about February 7, 2011 until on or about November 30, 2011, Patient C.J., a 37 year-old patient, presented to Respondent with complaints of back pain, and insomnia.

35. Medical records indicate that from on or about March 18, 2011 until on or about November 30, 2011, Respondent wrote multiple prescriptions for Oxycodone, Diazepam, Percocet, Lortab, Neurontin, Robaxin, and Ativan, for Patient C.J. on the dates, dosages, and quantities described in the following table:

| DATE       | DRUG      | STRENGTH | QUANTITY    |
|------------|-----------|----------|-------------|
| 03/18/2011 | Oxycodone | 30 mg    | 165 tablets |

| DATE       | DRUG      | STRENGTH | QUANTITY    |
|------------|-----------|----------|-------------|
| 03/18/2011 | Neurontin | 300 mg   | 30 tablets  |
| 03/18/2011 | Robaxin   | 750mg    | 60 tablets  |
| 06/14/2011 | Oxycodone | 30 mg    | 165 tablets |
| 06/14/2011 | Oxycodone | 15 mg    | 45 tablets  |
| 03/18/2011 | Oxycodone | 15 mg    | 45 tablets  |
| 06/14/2011 | Ativan    | 2.0 mg   | 30 tablets  |
| 06/14/2011 | Diazepam  | 10 mg    | 30 tablets  |
| 07/12/2011 | Oxycodone | 30 mg    | 165 tablets |
| 07/12/2011 | Oxycodone | 15 mg    | 45 tablets  |
| 07/12/2011 | Diazepam  | 10 mg    | 30 tablets  |
| 07/12/2011 | Ativan    | 2.0 mg   | 30 tablets  |
| 08/09/2011 | Oxycodone | 30 mg    | 165 tablets |
| 08/09/2011 | Oxycodone | 15 mg    | 40 tablets  |
| 08/09/2011 | Diazepam  | 10 mg    | 30 tablets  |
| 08/09/2011 | Ativan    | 2.0 mg   | 30 tablets  |
| 09/06/2011 | Oxycodone | 30 mg    | 170 tablets |
| 09/06/2011 | Oxycodone | 15 mg    | 30 tablets  |

| DATE       | DRUG      | STRENGTH   | QUANTITY    |
|------------|-----------|------------|-------------|
| 09/06/2011 | Ativan    | 2.0 mg     | 30 tablets  |
| 10/04/2011 | Oxycodone | 30 mg      | 170 tablets |
| 10/04/2011 | Oxycodone | 15 mg      | 40 tablets  |
| 10/04/2011 | Diazepam  | 10 mg      | 30 tablets  |
| 09/06/2011 | Diazepam  | 10 mg      | 45 tablets  |
| 11/01/2011 | Oxycodone | 15 mg      | 40 tablets  |
| 11/01/2011 | Oxycodone | 30 mg      | 170 tablets |
| 11/01/2011 | Percocet  | 4.0 mg     | 30 tablets  |
| 11/30/2011 | Oxycodone | 30 mg      | 170 tablets |
| 11/30/2011 | Oxycodone | 15 mg      | 40 tablets  |
| 11/30/2011 | Percocet  | 10mg/325mg | 40 tablets  |
| 11/30/2011 | Lortab    | 10mg/500mg | 30 tablets  |

36. Medical records indicate Respondent failed to obtain documentation from Patient C.J.'s previous health care providers related to Patient C.J.'s prior treatment for chronic pain.

37. Medical records indicate Respondent failed to obtain appropriate medical histories from Patient C.J.

38. Medical records indicate Respondent failed to adequately monitor Patient C.J.'s use of the narcotics.

39. Medical records indicate Respondent to perform appropriate physical examinations on Patient C.J.

40. Patient C.J.'s medical history is significant for testing positive for cocaine on or about September 6, 2011.

41. Medical records indicate Respondent failed to refer Patient C.J. to drug abuse counseling to a drug rehabilitation program after the patient tested positive for cocaine on or about September 6, 2011.

42. Medical records indicate Respondent failed to order specialized consultations for Patient C.J.

43. Medical records indicate Respondent failed to order alternative forms of pain management treatments for Patient C.J.

44. Respondent's simultaneous prescriptions of Oxycodone 15 mg and Oxycodone 30 mg was an inappropriate or excessive amount of immediate release pain medication that fell below the standard of care.

45. Respondent's prescriptions of Oxycodone 30 mg, Oxycodone 15 mg, Lortab 10mg/325mg, Percocet 4.0 mg, Neurontin 300 mg, Robaxin 750 mg, Ativan 2.0 mg, and Diazepam 10 mg, to Patient C.J. were an

inappropriate or excessive combination of narcotic drugs that fell below the standard of care.

**Patient S.B.**

46. From on or about March 28, 2011 until on or about November 23, 2011, Patient S.B. presented to Respondent with complaints of back pain, neck pain, headaches, anxiety, and insomnia.

47. Medical records indicate that from on or about March 28, 2011, until on or about November 8, 2011, Respondent wrote prescriptions for Oxycodone, Klonopin, and Robaxin for Patient S.B. on the dates, dosages, and quantities described in the following table:

| DATE       | DRUG      | STRENGTH | QUANTITY    |
|------------|-----------|----------|-------------|
| 03/28/2011 | Oxycodone | 30 mg    | 150 tablets |
| 03/28/2011 | Oxycodone | 15 mg    | 90 tablets  |
| 03/28/2011 | Robaxin   | 700 mg   | 60 tablets  |
| 04/25/2011 | Oxycodone | 30 mg    | 165 tablets |
| 04/25/2011 | Klonopin  | 1.0 mg   | 60 tablets  |
| 05/23/2011 | Oxycodone | 30 mg    | 180 tablets |
| 05/23/2011 | Klonopin  | 2.0 mg   | 60 tablets  |

| DATE       | DRUG      | STRENGTH | QUANTITY    |
|------------|-----------|----------|-------------|
| 06/20/2011 | Oxycodone | 30 mg    | 180 tablets |
| 04/25/2011 | Oxycodone | 30 mg    | 165 tablets |
| 06/20/2011 | Klonopin  | 2.0 mg   | 60 tablets  |
| 07/19/2011 | Oxycodone | 30 mg    | 180 tablets |
| 07/19/2011 | Klonopin  | 2.0 mg   | 60 tablets  |
| 08/16/2011 | Oxycodone | 30 mg    | 180 tablets |
| 08/16/2011 | Klonopin  | 2.0 mg   | 60 tablets  |
| 09/13/2011 | Oxycodone | 30 mg    | 180 tablets |
| 09/13/2011 | Oxycodone | 30 mg    | 175 tablets |
| 09/13/2011 | Klonopin  | 2.0 mg   | 60 tablets  |
| 09/13/2011 | Klonopin  | 2.0 mg   | 70 tablets  |
| 10/11/2011 | Oxycodone | 30 mg    | 175 tablets |
| 10/11/2011 | Oxycodone | 30 mg    | 165 tablets |
| 10/11/2011 | Klonopin  | 2.0 mg   | 70 tablets  |
| 11/08/2011 | Klonopin  | 2.0 mg   | 70 tablets  |
| 11/08/2011 | Oxycodone | 30 mg    | 82 tablets  |
| 11/23/2011 | Oxycodone | 30 mg    | 82 tablets  |

| DATE       | DRUG      | STRENGTH | QUANTITY   |
|------------|-----------|----------|------------|
| 11/23/2011 | Klonopin  | 2.0 mg   | 35 tablets |
| 11/08/2011 | Oxycodone | 30 mg    | 82 tablets |

48. Medical records indicate Respondent failed to obtain documentation from Patient S.B.'s previous healthcare providers related to Patient S.B.'s prior treatment for chronic pain.

49. Medical records indicate Respondent failed to adequately monitor Patient S.B.'s use of narcotics.

50. Medical records indicate Respondent failed to perform appropriate physical examinations on Patient S.B.

51. Medical records reflect Respondent failed to order specialized consultations for Patient S.B.

52. Medical records indicate Respondent failed to order specialized consultations for Patient S.B. for alternative forms of pain management.

53. Respondent's prescriptions of Oxycodone, 30 mg; Oxycodone 15 mg; Robaxin 700 mg, Klonopin 1.0 mg, and/or Klonopin 2.0 mg to Patient S.B. were an inappropriate or excessive combination of narcotics that fell below the standard of care.

**Patient R.V.**

54. From on or about March 29, 2011 until on or about December 5, 2011, Patient R.V., a 30 year-old patient, presented to Respondent with complaints of back pain, and anxiety.

55. Medical records indicate that from on or about March 29, 2011, until on or about December 5, 2011, Respondent wrote multiple prescriptions for Oxycodone, Diazepam, and Lortab, for Patient R.V. on the dates, dosages, and quantities described in the following table:

| DATE       | DRUG      | STRENGTH   | QUANTITY    |
|------------|-----------|------------|-------------|
| 03/31/2011 | Oxycodone | 30 mg      | 180 tablets |
| 03/31/2011 | Diazepam  | 10 mg      | 30 tablets  |
| 04/29/2011 | Oxycodone | 30 mg      | 180 tablets |
| 04/29/2011 | Diazepam  | 10 mg      | 28 tablets  |
| 04/29/2011 | Lortab    | 10mg/500mg | 60 tablets  |
| 06/14/2011 | Oxycodone | 30 mg      | 180 tablets |
| 06/14/2011 | Oxycodone | 15 mg      | 60 tablets  |
| 06/14/2011 | Diazepam  | 10 mg      | 30 tablets  |
| 10/19/2011 | Oxycodone | 30 mg      | 170 tablets |

| DATE       | DRUG      | STRENGTH | QUANTITY    |
|------------|-----------|----------|-------------|
| 10/19/2011 | Diazepam  | 10 mg    | 30 tablets  |
| 11/18/2011 | Oxycodone | 30 mg    | 170 tablets |
| 11/18/2011 | Oxycodone | 30 mg    | 85 tablets  |
| 11/18/2011 | Oxycodone | 15 mg    | 60 tablets  |
| 11/18/2011 | Oxycodone | 15 mg    | 30 tablets  |
| 10/19/2011 | Oxycodone | 15 mg    | 60 tablets  |
| 11/18/2011 | Diazepam  | 10 mg    | 30 tablets  |
| 11/18/2011 | Diazepam  | 10 mg    | 15 tablets  |
| 12/02/2011 | Oxycodone | 30 mg    | 85 tablets  |
| 12/02/2011 | Oxycodone | 15 mg    | 30 tablets  |
| 12/02/2011 | Diazepam  | 10 mg    | 15 tablets  |

56. Medical records indicate Respondent failed to obtain documentation from Patient R.V.'s previous healthcare providers related to Patient R.V.'s prior treatment for chronic pain.

57. Medical records indicate Respondent failed to order specialized consultations for Patient R.V. for alternative forms of pain management.

58. Medical records indicate Respondent failed to perform appropriate physical examinations on Patient R.V.

59. Patient R.V.'s medical history is significant for testing positive for oxycodone on or about October 19, 2011 after Patient R.V. reported he was incarcerated from on or about June 14, 2011 until on or about October 19, 2011.

60. Medical records indicate Respondent failed to refer Patient R.V. to drug abuse counseling to a drug rehabilitation program after the patient tested positive for oxycodone on or about October 19, 2011.

61. Medical records indicate Respondent failed to order specialized consultations for Patient R.V.

62. Medical records indicate Respondent failed to adequately monitor Patient R.V.'s use of narcotics.

63. Respondent's simultaneous prescriptions of Oxycodone 30 mg and Lortab 10 mg/325 mg was an inappropriate or excessive amount of immediate release pain medication that fell below the standard of care.

64. Respondent's simultaneous prescriptions of Oxycodone 15 mg and Oxycodone 30 mg was an inappropriate or excessive amount of immediate release pain medication that fell below the standard of care.

65. Respondent's prescriptions of Oxycodone 30 mg; Oxycodone 15 mg; Lortab 10 mg/325 mg; and Diazepam 10 mg to Patient R.V. were an inappropriate and/or excessive combination of narcotics that fell below the standard of care.

**Patient F.L.**

66. From on or about May 6, 2011 until on or about December 2, 2011, Patient F.L., a 26 year-old patient, presented to Respondent with complaints of back pain, neck pain, insomnia, headaches, and anxiety.

67. Patient F.L.'s medical history is significant for alcohol abuse.

68. Medical records indicate that from on or about May 6, 2011 until on or about December 2, 2011, Respondent wrote multiple prescriptions for Oxycodone, Lortab, and Fiorcet, for Patient F.L. on the dates, dosages, and quantities described in the following table:

| DATE       | DRUG      | STRENGTH | QUANTITY    |
|------------|-----------|----------|-------------|
| 05/06/2011 | Oxycodone | 30 mg    | 168 tablets |
| 06/03/2011 | Oxycodone | 30 mg    | 168 tablets |
| 06/03/2011 | Oxycodone | 15 mg    | 45 tablets  |
| 07/07/2011 | Oxycodone | 30 mg    | 168 tablets |

| DATE       | DRUG      | STRENGTH   | QUANTITY    |
|------------|-----------|------------|-------------|
| 07/07/2011 | Oxycodone | 15 mg      | 45 tablets  |
| 07/07/2011 | Lortab    | 10mg/500mg | 45 tablets  |
| 08/04/2011 | Oxycodone | 30 mg      | 168 tablets |
| 08/04/2011 | Lortab    | 10mg/500mg | 60 tablets  |
| 09/02/2011 | Oxycodone | 30 mg      | 168 tablets |
| 09/02/2011 | Lortab    | 10mg/500mg | 60 tablets  |
| 09/02/2011 | Fioricet  | 50mg/325mg | 40 tablets  |
| 10/07/2011 | Oxycodone | 30 mg      | 162 tablets |
| 10/07/2011 | Lortab    | 10mg/500mg | 60 tablets  |
| 10/07/2011 | Fioricet  | 50mg/325mg | 40 tablets  |
| 11/04/2011 | Oxycodone | 30 mg      | 162 tablets |
| 11/04/2011 | Lortab    | 10mg/500mg | 60 tablets  |
| 12/02/2011 | Lortab    | 10mg/500mg | 70 tablets  |
| 12/02/2011 | Oxycodone | 10 mg      | 75 tablets  |
| 12/02/2011 | Lortab    | 10mg/500mg | 35 tablets  |
| 12/02/2011 | Oxycodone | 30 mg      | 150 tablets |

69. Medical records indicate Respondent failed to obtain documentation from Patient F.L.'s previous healthcare providers related to Patient F.L.'s prior treatment for chronic pain.

70. Medical records indicate Respondent failed to adequately monitor Patient F.L.'s use of narcotics.

71. Medical records indicate Respondent failed to obtain specialized consultations for Patient F.L. for alternative forms of pain management.

72. Medical records indicate Respondent failed to refer Patient F.L. to drug or alcohol abuse counseling or an alcohol/drug rehabilitation program based on the patient's history of alcohol abuse.

73. Medical records indicate Respondent failed to perform appropriate physical examinations on patient F.L.

74. Medical records indicate Respondent failed to order specialized consultations for Patient F.L.

75. Respondent's simultaneous prescriptions of Oxycodone 30 mg and Lortab 10 mg/500 mg was an inappropriate or excessive amount of immediate release pain medication that fell below the standard of care.

76. Respondent's prescriptions of Oxycodone 30 mg; Oxycodone 15 mg; Lortab 10mg/500mg; and Fioricet 50mg/325mg to Patient F.L. were

an inappropriate or excessive combination of narcotics that fell below the standard of care.

**Patient J.B.**

77. From on or about June 1, 2011 until on or about November 28, 2011, Patient J.B., a 47 year-old patient, presented to Respondent with complaints of back pain, and insomnia.

78. Medical records indicate that from on or about June 1, 2011 until on or about November 28, 2011, Respondent wrote multiple prescriptions for Oxycodone, Lortab, Ambien, Zolpidem, Diazepam, Subutex, and Suboxone for Patient J.B. on the dates, dosages, and quantities described in the following table:

| DATE       | DRUG      | STRENGTH | QUANTITY    |
|------------|-----------|----------|-------------|
| 06/01/2011 | Oxycodone | 30 mg    | 168 tablets |
| 06/01/2011 | Diazepam  | 10 mg    | 28 tablets  |
| 06/29/2011 | Oxycodone | 30 mg    | 168 tablets |
| 06/29/2011 | Diazepam  | 10 mg    | 28 tablets  |
| 06/29/2011 | Ambien    | 10 mg    | 30 tablets  |
| 07/27/2011 | Oxycodone | 30 mg    | 168 tablets |

| DATE       | DRUG      | STRENGTH     | QUANTITY    |
|------------|-----------|--------------|-------------|
| 07/27/2011 | Zolpidem  | 10 mg        | 30 tablets  |
| 08/24/2011 | Ambien    | 10 mg        | 30 tablets  |
| 09/21/2011 | Oxycodone | 30 mg        | 175 tablets |
| 09/21/2011 | Ambien    | 10 mg        | 30 tablets  |
| 10/19/2011 | Oxycodone | 30 mg        | 175 tablets |
| 10/19/2011 | Ambien    | 10 mg        | 30 tablets  |
| 11/16/2011 | Oxycodone | 30 mg        | 175 tablets |
| 11/16/2011 | Lortab    | 10 mg/500 mg | 30 tablets  |
| 11/22/2011 | Oxycodone | 30 mg        | 175 tablets |
| 11/22/2011 | Lortab    | 10 mg/500 mg | 40 tablets  |
| 11/22/2011 | Subutex   | 8 mg         | 2 tablets   |
| 11/22/2011 | Suboxone  | 8 mg         | 14 tablets  |
| 08/24/2011 | Ambien    | 10 mg        | 30 tablets  |

79. Medical records indicate Respondent failed to obtain documentation from Patient J.B.'s previous healthcare providers related to Patient J.B.'s prior treatment for chronic pain.

80. Medical records indicate Respondent failed to order specialized consultations for Patient J.B. for alternative forms of pain management.

81. Patient J.B.'s medical history is significant for testing positive for Suboxone on or about November 22, 2011.

82. Medical records reflect Respondent failed to refer Patient J.B. to drug abuse counseling or a drug rehabilitation program after he tested positive for Suboxone on or about November 22, 2011.

81. Medical records indicate Respondent failed to adequately monitor Patient J.B.'s use of narcotics.

83. Respondent's simultaneous prescriptions of Oxycodone 30 mg and Lortab 10 mg/500 mg was an inappropriate or excessive amount of immediate release pain medication that fell below the standard of care.

84. Respondent's prescriptions of Oxycodone 30 mg; Diazepam 10 mg; Ambien 10 mg; Zolpidem 10 mg, Lortab 10mg/500mg; Subutex 8 mg; and Suboxone 8 mg to Patient J.B. were an inappropriate or excessive combination of legend drugs that fell below the standard of care.

**Patient L.M.**

85. From on or about August 3, 2011 until on or about November 21, 2011, Patient L.M., a 62 year-old patient, presented to Respondent with complaints of back pain, neck pain, and anxiety.

86. Medical records indicate that from on or about August 3, 2011 until on or about November 21, 2011, Respondent wrote multiple prescriptions for Oxycodone, Diazepam, and Ativan for Patient L.M. on the dates, dosages, and quantities described in the following table:

| DATE       | DRUG      | STRENGTH | QUANTITY    |
|------------|-----------|----------|-------------|
| 08/03/2011 | Oxycodone | 30 mg    | 150 tablets |
| 08/03/2011 | Oxycodone | 15 mg    | 60 tablets  |
| 09/02/2011 | Oxycodone | 30 mg    | 150 tablets |
| 09/02/2011 | Oxycodone | 15 mg    | 60 tablets  |
| 09/02/2011 | Diazepam  | 5 mg     | 40 tablets  |
| 09/16/2011 | Oxycodone | 30 mg    | 75 tablets  |
| 09/16/2011 | Oxycodone | 15 mg    | 30 tablets  |
| 09/16/2011 | Diazepam  | 5 mg     | 20 tablets  |
| 09/16/2011 | Ativan    | 1 mg     | 4 tablets   |

| DATE       | DRUG      | STRENGTH | QUANTITY    |
|------------|-----------|----------|-------------|
| 09/30/2011 | Oxycodone | 30 mg    | 75 tablets  |
| 09/30/2011 | Oxycodone | 15 mg    | 30 tablets  |
| 09/30/2011 | Diazepam  | 5 mg     | 20 tablets  |
| 09/30/2011 | Ativan    | 1 mg     | 4 tablets   |
| 10/12/2011 | Oxycodone | 30 mg    | 75 tablets  |
| 10/12/2011 | Oxycodone | 15 mg    | 30 tablets  |
| 10/12/2011 | Diazepam  | 5 mg     | 20 tablets  |
| 10/28/2011 | Oxycodone | 30 mg    | 75 tablets  |
| 10/28/2011 | Oxycodone | 15 mg    | 30 tablets  |
| 10/28/2011 | Diazepam  | 5 mg     | 20 tablets  |
| 11/09/2011 | Oxycodone | 30 mg    | 90 tablets  |
| 11/09/2011 | Oxycodone | 15 mg    | 60 tablets  |
| 11/09/2011 | Diazepam  | 5 mg     | 30 tablets  |
| 11/28/2011 | Oxycodone | 15 mg    | 150 tablets |

87. Medical records indicate Respondent failed to obtain documentation from Patient L.M.'s previous healthcare providers related to Patient L.M.'s prior treatment for chronic pain.

88. Medical records indicate Respondent failed to order specialized consultations for Patient L.M. for alternative forms of pain management.

89. Medical records indicate Respondent failed to adequately monitor Patient L.M.'s use of narcotics.

90. Medical records indicate Respondent failed to obtain appropriate medical histories from Patient L.M.

91. Medical records indicate Respondent failed to perform appropriate physical examinations on Patient L.M.

92. Respondent's simultaneous prescriptions of Oxycodone 15 mg and Oxycodone 30 mg was an inappropriate and/or excessive amount of immediate release pain medication that fell below the standard of care.

93. Respondent's prescriptions of Oxycodone 30 mg; Oxycodone 15 mg; Diazepam two (2) mg; and Ativan one (1) mg to Patient L.M. was an inappropriate and/or excessive combination of narcotics that fell below the standard of care.

**Patient S.H.**

94. From on or about October 21, 2011, until on or about November 18 2011, Patient S.H., a 50 year-old patient, presented to

Respondent with complaints of back pain, neck pain, headaches, and anxiety.

95. Medical records indicate that from on or about October 21, 2011 until on or about November 18, 2011, Respondent wrote multiple prescriptions for Oxycodone, Diazepam, and Lortab for Patient S.H. on the dates, dosages, and quantities described in the following table:

| DATE       | DRUG      | STRENGTH   | QUANTITY    |
|------------|-----------|------------|-------------|
| 10/21/2011 | Oxycodone | 30 mg      | 120 tablets |
| 10/21/2011 | Oxycodone | 15 mg      | 60 tablets  |
| 10/21/2011 | Diazepam  | 10 mg      | 30 tablets  |
| 11/18/2011 | Oxycodone | 30 mg      | 110 tablets |
| 11/18/2011 | Oxycodone | 15 mg      | 60 tablets  |
| 11/18/2011 | Diazepam  | 10 mg      | 15 tablets  |
| 11/18/2011 | Lortab    | 10mg/500mg | 20 tablets  |

96. Medical records indicate Respondent failed to order specialized consultations for Patient S.H. for alternative forms of pain management.

97. Medical records indicate Respondent failed to perform appropriate physical examinations on Patient S.H.

98. Respondent's simultaneous prescriptions of Oxycodone 15 mg and Oxycodone 30 mg was an inappropriate or excessive amount of immediate release pain medication that fell below the standard of care.

99. Medical records indicate Respondent failed to adequately monitor Patient S.H.'s use of narcotics.

100. Respondent's prescriptions of Oxycodone 30 mg; Oxycodone 15 mg; Diazepam 10 mg; and Lortab 10 mg/500 mg to Patient S.H. were an inappropriate or excessive combination of narcotics that fell below the standard of care.

**COUNT ONE**

101. Petitioner realleges and incorporates paragraphs one (1) through one hundred (100), as if fully set forth herein.

102. Section 459.015(1)(x), Florida Statutes (2010 - 2011), allows the Board of Osteopathic Medicine to impose discipline for committing medical malpractice as defined in Section 456.50, Florida Statutes.

103. "Medical malpractice" is defined in Section 456.50(1)(e), Florida Statutes (2010 - 2011), as the "failure to practice medicine in accordance with the level of care, skill, and treatment recognized in general law related to health care licensure."

104. For purposes of Section 459.015(1)(x), Florida Statutes (2010 - 2011), the Board shall give great weight to the provisions of Section 766.102, Florida Statutes (2010 - 2011), which provides:

The prevailing professional standard of care for a given health care provider shall be that level of care, skill, and treatment which, in light of all relevant surrounding circumstances, is recognized as acceptable and appropriate by reasonably prudent similar health care providers.

105. From on or about February 1, 2011 until on or about December 7, 2011, Respondent committed medical malpractice in one or more of the following manners:

- a. By failing to obtain documentation relating to chronic pain treatment from previous health care providers for Patients B.B., C.J., S.B., R.V., F.L., J.B., and/or L.M.; and/or
- b. By failing to obtain appropriate medical histories from Patients B.B., C.J., and/or L.M.; and/or
- c. By failing to perform appropriate physical examinations on Patients B.B., C.J., S.B., R.V., F.L., L.M., and/or S.J.; and/or
- d. By failing to order specialized consultations for Patients C.J., S.B., R.V., F.L., and/or J.B., and/or

e. By failing to refer Patients C.J., R.V., F.L., and/or J.B. to drug abuse counseling or drug rehabilitation programs; and/or

f. By failing to monitor the use of narcotics by Patients B.B., C.J., S.B., R.V., F.L., J.B., L.M., and/or S.H.; and/or

g. By simultaneously prescribing two or more immediate release pain medications to Patients B.B., C.J., R.V., F.L., J.B., C.M., and/or S.H.; and/or

h. By prescribing narcotic pain medications more frequently than 28 day intervals to Patients B.B., S.B., J.B., and/or L.M.; and/or

i. By failing to order specialized consultations for Patients B.B., C.J., S.B., R.V., F.L., J.B., L.M., and/or S.H. and/or

j. By prescribing large quantities, combinations and/or dosages of controlled substances to Patients B.B., C.J., S.B., R.V., F.L., J.B., L.M., and/or S.H.

106. Based on the foregoing, Respondent violated Section 459.015(1)(x), Florida Statutes (2010 - 2011), by committing medical malpractice.

**COUNT TWO**

107. Petitioner realleges and incorporates paragraphs one (1) through one hundred (100), as if fully set forth herein.

108. Section 459.015(1)(t), Florida Statutes (2010 – 2011), allows the Board of Osteopathic Medicine to impose discipline against an osteopathic physician for prescribing, dispensing, administering, supplying, selling, giving, mixing, or otherwise preparing a legend drug, including all controlled substances, other than in the course of the osteopathic physician's professional practice. For the purposes of this paragraph, it shall be legally presumed that prescribing, dispensing, administering, supplying, selling, giving, mixing, or otherwise preparing legend drugs, including all controlled substances, inappropriately or in excessive or inappropriate quantities is not in the best interest of the patient and is not in the course of the osteopathic physician's professional practice, without regard to his or her intent.

109. From on or about February 1, 2011 until on or about December 7, 2011, Respondent inappropriately prescribed and/or prescribed excessive or inappropriate quantities of controlled substances in one or more of the following manners:

a. By prescribing large quantities, combinations and/or dosages of controlled substances to Patients B.B., C.J., S.B., R.V., F.L., J.B., L.M., and/or S.H.; and/or

b. By prescribing large quantities, combinations, and/or dosages controlled substances to Patients B.B., C.J., S.B., R.V., F.L., J.B., L.M., and/or S.H., without obtaining documents from the patients prior pain management providers to justify prescribing controlled substances to these patients; and/or

c. By simultaneously prescribing two or more immediate release pain medications to Patients B.B., C.J., R.V., F.L., J.B., L.M., and/or S.H.; and/or

d. By prescribing large quantities, combinations and/or dosages of controlled substances to Patients B.B., C.J., S.B., R.V., F.L., J.B., L.M., and/or S.H., without monitoring these patients' use of the narcotics prescribed to them.

110. Based on the foregoing, Respondent violated Section 459.015(1)(t), Florida Statutes (2010 - 2011), by prescribing, dispensing, administering, supplying, selling, giving, mixing, or otherwise preparing a

legend drug, including all controlled substances, other than in the course of the osteopathic physician's professional practice.

**COUNT THREE**

111. Petitioner realleges and incorporates paragraphs one (1) through one hundred (100), as if fully set forth herein.

112. Section 459.015(1)(pp), Florida Statutes (2010 - 2011), provides that violating any provision of Chapters 456 or 459, Florida Statutes, or any rules adopted pursuant thereto, is grounds for discipline by the Board of Osteopathic Medicine.

113. Rule 64B15-14.005(3), Florida Administrative Code, sets forth guidelines for evaluating the use of controlled substances for pain control, including:

(3) Guidelines. The Board has adopted the following guidelines when evaluating the use of controlled substances for pain control:

(a) Evaluation of the Patient. A complete medical history and physical examination must be conducted and documented in the medical record. The medical record should document the nature and intensity of the pain, current and past treatments for pain, underlying or coexisting diseases or conditions, the effect of the pain on physical and psychological function, and history of substance abuse. The medical record also should document the presence of one or more recognized medical indications for the use of a controlled substance.

(b) Treatment Plan. The written treatment plan should state objectives that will be used to determine treatment success, such as pain relief and improved physical and psychosocial function, and should indicate if any further diagnostic evaluations or other treatments are planned. After treatment begins, the osteopathic physician should adjust drug therapy to the individual medical needs of each patient. Other treatment modalities, including osteopathic manipulative treatment and applications, or a rehabilitation program may be necessary depending on the etiology of the pain and the extent to which the pain is associated with physical and psychosocial impairment.

\* \* \*

(e) Consultation. The osteopathic physician should be willing to refer the patient as necessary for additional evaluation and treatment in order to achieve treatment objectives. Special attention should be given to those pain patients who are at risk for misusing their medications and those whose living arrangements pose a risk for medication misuse or diversion. The management of pain in patients with a history of substance abuse or with a comorbid psychiatric disorder may require extra care, monitoring, documentation, and consultation with or referral to an expert in the management of such patients.

114. From on or about February 1, 2011 until on or about December 7, 2011, Respondent failed to follow the guidelines for use of controlled substances in the treatment of pain, in one or more of the following manners:

- a. By failing to obtain documents relevant to chronic pain treatment from previous health care providers for Patients B.B., C.J., S.B., R.V., F.L., J.B., and/or L.M.; and/or
- b. By failing to obtain appropriate medical histories from Patients B.B., C.J., and/or L.M.; and/or
- c. By failing to order specialized consultations for Patients C.J., S.B., R.V., F.L., and/or J.B.

115. Based on the foregoing, Respondent violated Section 459.015(1)(pp), Florida Statutes (2010 – 2011), by violating Rule 64B15-14.005(3), Florida Administrative Code.

WHEREFORE, the Petitioner respectfully requests that the Board of Osteopathic Medicine enter an order imposing one or more of the following penalties: permanent revocation or suspension of Respondent's license, restriction of practice, imposition of an administrative fine, issuance of a reprimand, placement of the Respondent on probation, corrective action, refund of fees billed or collected, remedial education and/or any other relief that the Board deems appropriate.

SIGNED this 29<sup>th</sup> day of October, 2013.

### **NOTICE OF RIGHTS**

**Respondent has the right to request a hearing to be conducted in accordance with Section 120.569 and 120.57, Florida Statutes, to be represented by counsel or other qualified representative, to present evidence and argument, to call and cross-examine witnesses and to have subpoena and subpoena duces tecum issued on his or her behalf if a hearing is requested.**

### **NOTICE REGARDING ASSESSMENT OF COSTS**

**Respondent is placed on notice that Petitioner has incurred costs related to the investigation and prosecution of this matter. Pursuant to Section 456.072(4), Florida Statutes, the Board shall assess costs related to the investigation and prosecution of a disciplinary matter, which may include attorney hours and costs, on the Respondent in addition any other discipline imposed.**

South Daytona, FL 32119

**File Date:** 6/16/2015

**Info Package Mailed Date:** 6/18/2015

**Disposition:** Probation

**Violation:** Violate Statut/rule of Board; Presc/dispense outside prof prac; Practicing Below Standard of Care

**Summary:** Possible violation of S. 456.072(1)(j), 459.013(1)(e)(2)(d), 459.0137(2)(a), 459.015(1)(f)(g)(pp), F.S.: Aiding/abetting unlicensed activity; violate statute/rule; failure to perform legal obligation; practice in unregistered pain clinic.

Received zzzzfeedback complaint alleging Subject obtained a business tax receipt to operate Amerinet health Center as a medical office and family medicine at 619 Beville Road, South Daytona, FL 32119 with the provision that the facility would not operate as a pain management clinic. South Daytona Police received complaint from LP stating that during her 2/14/11 visit to Amerinet, she discovered the clinic accepted cash for prescriptions, and lobby was packed with intoxicated patients openly discussing prescriptions for controlled substances. Pharmacists produced evidence and testimonials that they had recently seen a large number of people presenting pain medication prescriptions after treatment by the Subject. On multiple site visits to the South Daytona address and then 1555 Saxon Blvd, Suite 5, Deltona, 32725 following Amerinet's mid-March relocation, various pill mill indicia were observed including a high volume of both vehicle and pedestrian traffic, security personnel, and a chaperone who communicated with large numbers of cash paying patients. Several sources indicated Amerinet then moved to 305 N. Mangoustine Ave, Suite 100, Sanford, 32771. A review of prescription profiles for patients who were treated at Amerinet Health

on Mangoustine Avenue from 11/1/2011 through 11/30/2011 revealed the majority of patients were prescribed controlled substances from this facility that is not registered as a pain management clinic. COMPAS reveals Amerinet has not submitted a pmc application/registration for any of the above addresses, and therefore may be engaging in unlicensed activity.

**Respondent:** Vincent Joseph Scolaro

**Appeal:** N

**Address:** 65 Goddard Drive  
Debary, FL 32713

**File Date:** 11/28/2012

**Info Package Mailed Date:** 12/23/2014

**Disposition:** Suspension

**Violation:** Impaired from alc/drugs/other; Fail to comply w/ monitor/treatment prgm

**Summary:** Possible violation of s. 456.072(1)(hh), F.S. and s. 459.015(1)(pp), F.S. Termination from PRN. Complainant reports that subject is noncompliant with the requirements and recommendations of PRN. Subject signed a PRN contract in September 2008 and continued with PRN monitoring until he provided a positive hair test (hydromorphone/hydrocodone) in February 2011. A DOH-approved evaluator recommended a repeat hair test, monthly Vivitrol injections and completion of an intensive outpatient treatment program. Subject entered into such a program and signed a new PRN contract in March 2011, but continued to struggle with compliance. In November 2011, PRN was notified that subject had been arrested for DUI in early September 2011 and had not notified PRN. In view of all the above, complainant does not believe subject is able to be monitored by PRN and believes subject is an immediate and serious danger to Florida citizens. Analyzed by: Lori Ridner

**Re: FORMAL APPROVAL OF PAYMENT EXTENSION  
VINCENT JOSEPH SCOLARO, D.O.; CASE #2011-03025, 2011-18625, 2011-14096**

Dear Mr. Grossman

This letter is to advise you that the above referenced matter has been placed on the agenda for the August 21, 2020, Board of Osteopathic Medicine meeting. Your client is required to attend the meeting.

The meeting is scheduled to take place at:

**9:00 a.m., Friday, August 21, 2020**  
**Please join from your computer,  
tablet or smartphone.**  
<https://global.gotomeeting.com/join/793180125>  
**You can also dial in using your phone.**  
**United States (Toll Free): 1-866-899-4679**  
**Access Code: 793-180-125**

Appearance cases will be heard at approximately 9:00 am. **It is not possible to give you the exact time that your case will be reviewed by the Board.** We appreciate your continued cooperation and assistance.

If you have any questions, you may contact the board office at the address listed below, or by telephone at (850) 245-4161.

Sincerely,

*Christa Peace*

## CERTIFIED MAIL-RETURN RECEIPT REQUESTED

Steven T. Puccio, D.O.  

Re: License No. 229825

Dear Dr. Puccio:

Enclosed is a copy of the New York State Board for Professional Medical Conduct (BPMC) Order No. 18-066. This order and any penalty provided therein goes into effect April 2, 2018.

**You are required to deliver your license and registration within 5 days of the effective date of the surrender provision to: c/o Physician Monitoring Unit, NYS DOH - OPMC, Riverview Center, Suite 355, 150 Broadway, Albany, NY 12204-2719.**

**If your license is framed, please remove it from the frame and only send the parchment paper on which your name is printed. Our office is unable to store framed licenses.**

If the document(s) are lost, misplaced or destroyed, you are required to submit to this office an affidavit to that effect. Please complete and sign the affidavit before a notary public and return it to the Office of Professional Medical Conduct.

Please direct any questions to: NYS DOH - OPMC, Riverview Center, Suite 355, 150 Broadway, Albany, NY 12204-2719, telephone # (518) 402-0846.

Sincerely,

  
Robert A. Catalano, M.D.  
Executive Secretary  
Board for Professional Medical Conduct

NEW YORK STATE DEPARTMENT OF HEALTH  
STATE BOARD FOR PROFESSIONAL MEDICAL CONDUCT

BPMC No. 18-066

IN THE MATTER  
OF  
STEVEN T. PUCCIO, D.O.

SURRENDER  
ORDER

Upon the application of (Respondent) Steven T. Puccio, D.O. to surrender his or her license as a physician in the State of New York, which is made a part of this Surrender Order, it is

ORDERED, that the Surrender, and its terms, are adopted and it is further

ORDERED, that Respondent's name be stricken from the roster of physicians in the State of New York; it is further

ORDERED, that this Order shall be effective upon issuance by the Board, either

- by mailing of a copy of this Surrender Order, either by first class mail to Respondent at the address in the attached Surrender of License application or by certified mail to Respondent's attorney, OR
- upon facsimile transmission to Respondent or Respondent's attorney,

Whichever is first,

SO ORDERED.

STATE BOARD FOR PROFESSIONAL MEDICAL CONDUCT

IN THE MATTER  
OF  
STEVEN T. PUCCIO, D.O.

SURRENDER  
OF  
LICENSE  
AND  
ORDER

Steven T. Puccio, D.O., represents that all of the following statements are true:

That on or about September 9, 2003, I was licensed to practice as a physician in the State of New York, and issued License No. 229825 by the New York State Education Department.

My current address is [REDACTED]

I understand that the New York State Board for Professional Medical Conduct (Board) has charged me with one or more specifications of professional misconduct, as set forth in a Statement of Charges, marked as Exhibit "A", which is attached to and part of this Surrender of License.

I am applying to the State Board for Professional Medical Conduct for permission to surrender my license as a physician in the State of New York on the grounds that I agree not to contest the allegations, which are based on my professional misconduct solely in Pennsylvania, to the extent it is alleged that my Pennsylvania Consent Order is based upon conduct that would constitute misconduct under New York Education Law §6530(16), as recited in Exhibit "A", in full satisfaction of the charges against me.

I ask the Board to accept my Surrender of License, and I agree to be bound by all of the terms set forth in attached Exhibit "B".

I understand that, if the Board does not accept my Surrender of License, none of its terms shall bind me or constitute an admission of any of the acts of misconduct alleged; this application shall not be used against me in any way and shall be kept in strict confidence; and the Board's denial shall be without prejudice to the pending disciplinary proceeding and the Board's final determination pursuant to the Public Health Law.

I agree that, if the Board accepts my Surrender of License, the Chair of the Board shall issue a Surrender Order in accordance with its terms. I agree that this Order shall take effect upon its issuance by the Board, either by mailing of a copy of the Surrender Order by first class mail to me at the address in this Surrender of License, or to my attorney by certified mail, or upon facsimile transmission to me or my attorney, whichever is first. The Surrender Order, this agreement, and all attached exhibits shall be public documents, with only patient identities or other confidential information, if any, redacted. As public documents, they may be posted on the Department's website(s). OPMC shall report this action to the National Practitioner Data Bank, the Federation of State Medical Boards, and any other entities that the Director of OPMC shall deem appropriate.

I ask the Board to accept this Surrender of License, which I submit of my own free will and not under duress, compulsion or restraint. In consideration of the value to me of the Board's acceptance of this Surrender of License, allowing me to resolve this matter without the various risks and burdens of a hearing on the merits, I knowingly waive my right to contest the Surrender Order for which I apply, whether administratively or judicially, and I agree to be bound by the Surrender Order.

I understand and agree that the attorney for the Department, the Director of the Office of Professional Medical Conduct and the Chair of the State Board for Professional Medical Conduct each retain complete discretion either to enter into the proposed agreement and Order, based upon my application, or to decline to do so. I further understand and agree that no prior or separate written or oral communication can limit that discretion.

DATE 3/15/18

STEVEN T. PUCCIO, D.O.  
RESPONDENT

1

The undersigned agree to Respondent's attached Surrender of License and Order and to its proposed penalty, terms and conditions.

EXHIBIT "A"

NEW YORK STATE DEPARTMENT OF HEALTH  
STATE BOARD FOR PROFESSIONAL MEDICAL CONDUCT

IN THE MATTER  
OF  
STEVEN T. PUCCIO, D.O.

STATEMENT  
OF  
CHARGES

Steven T. Puccio, D.O., the Respondent, was authorized to practice medicine in New York State on or about September 9, 2003, by the issuance of license number 229825 by the New York State Education Department.

FACTUAL ALLEGATIONS

A. On or about June 14, 2017, the Respondent entered into a Consent Agreement and Order with the Commonwealth of Pennsylvania Department of State, State Board of Osteopathic Medicine, Bureau of Professional and Occupational Affairs ("PA Osteopathic Board"), in which Respondent was found to have been convicted on a plea of guilty, on May 16, 2017, in the Court of Common Pleas of Lehigh County, Pennsylvania, to Sale or Giving a Controlled Substance to a Dependent Person, an ungraded misdemeanor, by his inappropriate methadone prescribing. The PA Osteopathic Board indefinitely suspended Respondent, which was stayed, and placed him on a minimum of three years' probation and monitoring.

1. The conduct resulting in the Pennsylvania disciplinary action against Respondent would constitute misconduct under the laws of New York State, pursuant to the following sections of New York State law:
  - a. New York State Education Law § 6530(16) (failure to comply with substantial provisions of federal, state, or local laws, rules or regulations governing the practice of medicine).

**SPECIFICATION OF CHARGES**  
**HAVING HAD DISCIPLINARY ACTION TAKEN**

Respondent is charged with committing professional misconduct as defined in N.Y. Educ. Law § 6530(9)(d) by having his or her license to practice medicine revoked, suspended or having other disciplinary action taken, or having his or her application for a license refused, revoked or suspended or having voluntarily or otherwise surrendered his or her license after a disciplinary action was instituted by a duly authorized professional disciplinary agency of another state, where the conduct resulting in the revocation, suspension or other disciplinary action involving the license or refusal, revocation or suspension of an application for a license or the surrender of the license would, if committed in New York state, constitute professional misconduct under the laws of New York state (namely N.Y. Educ. Law § 6530(16) as alleged in the facts of the following:

1. Paragraph A and its subparagraphs.

DATE: March 6, 2018  
New York, New York

  
\_\_\_\_\_  
ROY NEMERSON  
Deputy Counsel  
Bureau of Professional Medical Conduct

**EXHIBIT "B"**

**Requirements for Closing a New York Medical Practice Following a Revocation, Surrender, Limitation or Suspension of a Medical License**

1. Licensee shall immediately cease and desist from engaging in the practice of medicine in New York State, or under Licensee's New York license, in accordance with the terms of the Order. In addition, Licensee shall refrain from providing an opinion as to professional practice or its application and from representing that Licensee is eligible to practice medicine.
2. Within 5 days of the Order's effective date, Licensee shall deliver Licensee's original license to practice medicine in New York State and current biennial registration to the Office of Professional Medical Conduct (OPMC) at Riverview Center, 150 Broadway, Suite 355, Albany, New York 12204-2719.
3. Within 15 days of the Order's effective date, Licensee shall notify all patients of the cessation or limitation of Licensee's medical practice, and shall refer all patients to another licensed practicing physician for continued care, as appropriate. Licensee shall notify, in writing, each health care plan with which the Licensee contracts or is employed, and each hospital where Licensee has privileges, that Licensee has ceased medical practice. Within 45 days of the Order's effective date, Licensee shall provide OPMC with written documentation that all patients and hospitals have been notified of the cessation of Licensee's medical practice.
4. Licensee shall make arrangements for the transfer and maintenance of all patient medical records. Within 30 days of the Order's effective date, Licensee shall notify OPMC of these arrangements, including the name, address, and telephone number of an appropriate and acceptable contact person who shall have access to these records. Original records shall be retained for at least 6 years after the last date of service rendered to a patient or, in the case of a minor, for at least 6 years after the last date of service or 3 years after the patient reaches the age of majority, whichever time period is longer. Records shall be maintained in a safe and secure place that is reasonably accessible to former patients. The arrangements shall include provisions to ensure that the information in the record is kept confidential and is available only to authorized persons. When a patient or a patient's representative requests a copy of the patient's medical record, or requests that the original medical record be sent to another health care provider, a copy of the record shall be promptly provided or forwarded at a reasonable cost to the patient (not to exceed 75 cents per page.) Radiographic, sonographic and similar materials shall be provided at cost. A qualified person shall not be denied access to patient information solely because of an inability to pay.
5. In the event that Licensee holds a Drug Enforcement Administration (DEA) certificate for New York State, Licensee shall, within 15 days of the Order's

effective date, advise the DEA, in writing, of the licensure action and shall surrender Licensee's DEA controlled substance privileges for New York State to the DEA. Licensee shall promptly surrender any unused DEA #222 U.S. Official Order Forms Schedules 1 and 2 for New York State to the DEA. All submissions to the DEA shall be addressed to Diversion Program Manager, New York Field Division, U.S. Drug Enforcement Administration, 99 Tenth Avenue, New York, NY 10011.

6. Within 15 days of the Order's effective date, Licensee shall return any unused New York State official prescription forms to the Bureau of Narcotic Enforcement of the New York State Department of Health. If no other licensee is providing services at Licensee's practice location, Licensee shall properly dispose of all medications.
7. Within 15 days of the Order's effective date, Licensee shall remove from the public domain any representation that Licensee is eligible to practice medicine, including all related signs, advertisements, professional listings (whether in telephone directories, internet or otherwise), professional stationery or billings. Licensee shall not share, occupy, or use office space in which another licensee provides health care services.
8. Licensee shall not charge, receive or share any fee or distribution of dividends for professional services rendered by Licensee or others while Licensee is barred from engaging in the practice of medicine. Licensee may be compensated for the reasonable value of services lawfully rendered, and disbursements incurred on a patient's behalf, prior to the Order's effective date.
9. If Licensee is a shareholder in any professional service corporation organized to engage in the practice of medicine, Licensee shall divest all financial interest in the professional services corporation, in accordance with New York Business Corporation Law. Such divestiture shall occur within 90 days. If Licensee is the sole shareholder in a professional services corporation, the corporation must be dissolved or sold within 90 days of the Order's effective date.
10. Failure to comply with the above directives may result in a civil penalty or criminal penalties as may be authorized by governing law. Under N.Y. Educ. Law § 6512, it is a Class E Felony, punishable by imprisonment for up to 4 years, to practice the profession of medicine when a professional license has been suspended, revoked or annulled. Such punishment is in addition to the penalties for professional misconduct set forth in N.Y. Pub. Health Law § 230-a, which include fines of up to \$10,000 for each specification of charges of which the Licensee is found guilty, and may include revocation of a suspended license.

The case in question about GW was one mal-positioned S1 Bone peg.

The procedure requires the patient to be placed in a prone position (belly down), and incision is made about 2 cm in length over the side of the buttocks. Three guide pins are positioned using fluoroscopic imaging (live Xray) with 4 different views (inlet, outlet, AP and lateral). The patient underwent the procedure without significant issue intraoperatively. Imaging all looked good. In the recovery room the patient complained of some pain in the left leg in the S1 dermatomal distribution. Patients can sometimes experience this as a result of the concussion from impacting the peg with a mallet. We observed the patient the following day and although he had some improvement, he still had a persistent complaint of S1 dermatomal pain. We obtained a CT scan with 3-D reconstructions which revealed that the peg was impacted a little deeper than we would have liked which is not something readily seen on fluoroscopic images (not the greatest quality to make intraoperative decisions). We discussed this with the patient and planned to take him back to the operating room for repositioning of the peg. The patient did have improvement of his symptom's but unfortunately the resolution of those complaints was not complete. It should be noted that the patient did have complaints of left leg pain prior to the surgery and this procedure and the irritation of the S1 nerve root was unfortunate. The date of the index procedure was 4/29/2014 and the patient was returned to the OR 5/1/2014.

CIVIL ACTION

NO: 2015-C-3874

## **AWARD OF ARBITRATOR**

NOW THIS, 13<sup>TH</sup> day of August, 2018, the parties having agreed to have the above captioned matter heard by the undersigned as sole Arbitrator, and after the agreed binding arbitration hearing conducted on July 26 and 27, 2018, the Arbitrator hereby finds in favor of Plaintiff, Gary P. Witkowski, on his professional negligence claims stated in the Complaint against the Defendant, Steven T. Puccio, D.O., in the total amount of one hundred thirty thousand dollars (\$130,000), and in favor of Plaintiff, Lori Witkowski, on her loss of consortium claim stated in Count VII of the Complaint against Defendant, Steven T. Puccio, D. O. only, in the total amount of ten thousand dollars (\$10,000).

The Arbitrator finds that plaintiffs have not proven any remaining Counts stated in the Complaint.

## NOTICE

**Pennsylvania Rule of Civil Procedure 205.5. (Cover Sheet) provides, in part:**

**Rule 205.5. Cover Sheet**

(a)(1) This rule shall apply to all actions governed by the rules of civil procedure except the following:

- (i) actions pursuant to the Protection from Abuse Act, Rules 1901 et seq.
- (ii) actions for support, Rules 1910.1 et seq.
- (iii) actions for custody, partial custody and visitation of minor children, Rules 1915.1 et seq.
- (iv) actions for divorce or annulment of marriage, Rules 1920.1 et seq.
- (v) actions in domestic relations generally, including paternity actions, Rules 1930.1 et seq.
- (vi) voluntary mediation in custody actions, Rules 1940.1 et seq.

(2) At the commencement of any action, the party initiating the action shall complete the cover sheet set forth in subdivision (e) and file it with the prothonotary.

(b) The prothonotary shall not accept a filing commencing an action without a completed cover sheet.

(c) The prothonotary shall assist a party appearing pro se in the completion of the form.

(d) A judicial district which has implemented an electronic filing system pursuant to Rule 205.4 and has promulgated those procedures pursuant to Rule 239.9 shall be exempt from the provisions of this rule.

(e) The Court Administrator of Pennsylvania, in conjunction with the Civil Procedural Rules Committee, shall design and publish the cover sheet. The latest version of the form shall be published on the website of the Administrative Office of Pennsylvania Courts at [www.pacourts.us](http://www.pacourts.us).

AND NOW comes the plaintiffs Gary P. Witkowski and Lori Witkowski by and through their attorneys Marino Associates and demand of the defendants, jointly and severally, sums in excess of Fifty Thousand Dollars (\$50,000.00), plus interest, costs and damages for prejudgment delay upon the causes of action set forth in the following:

**THE PARTIES AND RELATED ENTITIES**

1. Plaintiff Gary P. Witkowski is an adult individual residing 5 Willow Way, Albrightsville, PA 18210.
2. Lori Witkowski is an adult individual residing 5 Willow Way, Albrightsville, PA 18210.
3. Defendant Steven T. Puccio, DO is an adult individual with a principal place of business located 801 Ostrum Street, Suite #4, Bethlehem, PA 18015.
4. Defendant St. Luke's Orthopaedic Specialist is a corporation or other business entity duly organized under and existing by virtue of the laws of the Commonwealth of Pennsylvania with its principal place of business 801 Ostrum Street, Bethlehem, PA 18015.
5. At all relevant times material hereto defendant St. Luke's Orthopaedic Specialist was acting as a corporation or other business entity by and through the acts of its authorized agents, ostensible agents, servants, workman and/or employees.
6. At all relevant times material hereto defendant Steven T. Puccio, DO acted under the

control or right of control of the defendant St. Luke's Orthopaedic Specialist within and during the course and scope of his employment, authority or apparent authority.

7. Defendant Nicholas M. Caggiano, MD is an adult individual with a principal place of business located 801 Ostrum Street, Bethlehem, PA 18015.

8. Defendant St. Luke Hospital of Bethlehem Pennsylvania d/b/a St. Luke Hospital & Health Network is a corporation or other business entity duly organized under and existing by virtue of the laws of the Commonwealth of Pennsylvania with its principal place of business 801 Ostrum Street, Bethlehem, PA 18015.

9. At all relevant times material hereto defendant St. Luke Hospital & Health Network was acting as a corporation or other business entity by and through the acts of its authorized agents, ostensible agents, servants, workman and/or employees including, but not limited to, the individually named defendants and any and all other physicians, residents, interns, nurses and technical personnel who participated in the care rendered to Gary P. Witkowski while he remained an inpatient at St. Luke Hospital of Bethlehem Pennsylvania in connection with elective lumbar spine surgery performed upon the plaintiff Gary P. Witkowski on April 29, 2014, and whose identities remain unknown to the plaintiff and who were acting under the control or right of control of the defendant St. Luke Hospital & Health Network. within and during the course and scope of their employment, authority or apparent authority.

10. For the purpose of this Complaint, the agents, ostensible agents, servants, workman and/or employees of St. Luke Hospital & Health Network as to whom negligence is being alleged is limited to the following discrete classes of individuals whose names are illegible in the medical records or whose identities could not otherwise be ascertained in advance of discovery practice: all

physicians, residents, interns, physician assistants, nurses, aides, orderlies, technicians, and/or attendants who provided medical care to the plaintiff Gary P. Witkowski during his inpatient admission to St. Luke Hospital of Bethlehem Pennsylvania in connection with elective lumbar spine surgery performed upon the plaintiff Gary P. Witkowski on April 29, 2014.

11. At all relevant times material hereto defendant Steven T. Puccio, DO was an agent, ostensible agent, servant, workman and/or employee of defendant St. Luke Hospital & Health Network.

12. At all relevant times material hereto defendant Steven T. Puccio, DO acted under the control or right of control of the defendant St. Luke Hospital & Health Network within and during the course and scope of his employment, authority or apparent authority.

13. At all relevant times material hereto defendant Nicholas M. Caggiano, MD was an agent, ostensible agent, servant, workman and/or employee of defendant St. Luke Hospital & Health Network.

14. At all relevant times material hereto defendant Nicholas M. Caggiano, MD acted under the control or right of control of the defendant St. Luke Hospital & Health Network within and during the course and scope of his employment, authority or apparent authority.

#### **JURISDICTION AND VENUE**

15. Plaintiff incorporates by reference the previous paragraphs of the Complaint as if set forth fully herein.

16. This Court maintains original jurisdiction over the instant claims pursuant to 42 Pa.C.S.A. §7361 as a result of the amount in controversy exceeding \$50,000.00.

17. Venue of this matter is properly laid in this judicial district pursuant to Pa.R.C.P.No. 1006(a.1) and as a result of a substantial part of the events or omissions giving rise to the claims set forth herein having occurred in this judicial district.

#### GENERAL ALLEGATIONS

18. Plaintiffs incorporate by reference the previous paragraphs of the Complaint as if set forth fully herein.

19. On or about April 29, 2014, Gary P. Witkowski was admitted as an inpatient to St. Luke Hospital of Bethlehem Pennsylvania located 801 Ostrum Street, Bethlehem, PA 18015 to manage a left sacroiliac joint hypermobility condition.

20. On or about April 29, 2014, plaintiff Gary P. Witkowski underwent elective lumbar spine surgery at St. Luke Hospital of Bethlehem Pennsylvania 801 Ostrum Street, Bethlehem, PA 18015 to manage a left sacroiliac joint hypermobility condition.

21. Defendant Steven T. Puccio, DO was the primary surgeon responsible to manage the April 29, 2014, surgery undergone by plaintiff Gary P. Witkowski 801 Ostrum y at St. Luke Hospital of Bethlehem Pennsylvania located 801 Ostrum Street, Bethlehem, PA 18015

22. During the course of the April 29, 2014, surgery, joint fusion pegs were introduced into plaintiff Gary P. Witkowski's sacroiliac joint.

23. Following the April 29, 2014, surgery plaintiff Gary P. Witkowski complained of experiencing severe pain presenting in his left buttocks and migrating down his leg.

24. An April 30, 2014, postoperative diagnostic study demonstrated that the superior most joint fusion peg introduced into plaintiff Gary P. Witkowski's sacroiliac joint during the course

of the April 29, 2014, surgery extended into plaintiff Gary P. Witkowski's spinal canal.

25. An April 30, 2014, postoperative diagnostic study demonstrated that the superior most joint fusion peg introduced into plaintiff Gary P. Witkowski's sacroiliac joint during the course of the April 29, 2014, surgery extended into plaintiff Gary P. Witkowski's proximal neural foramen.

26. An April 30, 2014, postoperative diagnostic study demonstrated that the superior most joint fusion peg introduced into plaintiff Gary P. Witkowski's sacroiliac joint during the course of the April 29, 2014, surgery encroached upon plaintiff Gary P. Witkowski's traversing left-sided nerve root at the S1 level.

27. On or about May 1, 2014, plaintiff Gary P. Witkowski underwent lumbar spine surgery at St. Luke Hospital of Bethlehem Pennsylvania 801 Ostrum Street, Bethlehem, PA 18015 to manage the malpositioned superior sacroiliac joint fusion peg.

28. Plaintiff Gary P. Witkowski has been diagnosed as having suffered nerve damage presenting symptoms, among others, as motor axon loss in the S1 nerve root, active S1 radiculopathy, unrelenting pain presenting in left buttocks and leg, instability, difficulty bearing weight, difficulty ambulating, paresthesia in the back of left the thigh foot, muscle weakness, and swelling of the left ankle and foot.

29. The etiology of the nerve damage and resulting complications suffered by plaintiff Gary P. Witkowski have been diagnosed as arising as a result of the insertion of the malpositioned superior sacroiliac joint fusion peg introduced during the course of the April 29, 2014, surgery.

**COUNT I - NEGLIGENCE**  
**(Gary P. Witkowski v Steven T. Puccio, DO)**

30. Plaintiffs incorporate by reference the previous paragraphs of the Complaint as if set forth fully herein.

31. At all relevant times material hereto defendant Steven T. Puccio, DO held himself out as a licensed orthopedic spinal surgeon possessing the ordinary and customary skills, knowledge and diligence of like orthopedic spinal surgeon in the field of orthopedic spinal surgery.

32. Defendant Steven T. Puccio, DO owed a duty to the plaintiff Gary P. Witkowski to exercise that requisite knowledge, skill, and attention employed by a licensed orthopedic spinal surgeon when rendering treatment to the plaintiff Gary P. Witkowski.

33. In rendering the aforementioned treatment to plaintiff Gary P. Witkowski, defendant Steven T. Puccio, DO either individually or acting through agents, was negligent and careless and breached the duties of care owed to the plaintiff Gary P. Witkowski in the following respects:

- (a) exercised inadequate or inappropriate methods, techniques and procedures in the care and treatment of the plaintiff Gary P. Witkowski;
- (b) failed to properly monitor an assistant surgeon;
- (c) failed to properly place the superior sacroiliac joint fusion peg into plaintiff Gary P. Witkowski;
- (d) failed to employ the skill and care required of a licensed orthopedic spinal surgeon involving the introduction of sacroiliac joint fusion pegs;
- (e) failed to follow appropriate standards of orthopedic spinal care;
- (f) failed to adhere to the policies and protocols, written and unwritten of

defendant St. Luke Hospital & Health Network;

(g) Performed surgery upon the plaintiff Gary P. Witkowski on April 29, 2014, when no need for such surgery was indicated.

34. As a direct and proximate result of the defendant Steven T. Puccio, DO's negligent acts, omissions or failures to act, plaintiff Gary P. Witkowski was caused to suffer prolonged physical pain, discomfort, trauma, disfigurement, deformity, humiliation, embarrassment, emotional distress, sleeplessness, anxiety, inability to perform simple activities of daily living, depression characterized by feelings of despair, hopelessness, and despondency, some or all of which may be permanent and which may continue indefinitely into the future.

35. As a direct and proximate result of the defendant Steven T. Puccio, DO's negligent acts, omissions or failures to act, plaintiff Gary P. Witkowski has been required to undergo prolonged hospitalization, outpatients healthcare, ongoing outpatient healthcare, medical evaluations and may require additional surgeries and other surgical procedures.

36. As a direct and proximate result of the defendant Steven T. Puccio, DO's negligent acts, omissions or failures to act, plaintiff Gary P. Witkowski is subject to an increased risk of harm that he will develop future complications and injury.

37. As a direct and proximate result of the defendant Steven T. Puccio, DO's negligent acts, omissions, or failures to act plaintiff Gary P. Witkowski was caused to suffer a loss of life's pleasures which may continue indefinitely into the future.

38. As a direct and proximate result of the defendant Steven T. Puccio, DO's negligent acts, omissions or failures to act, plaintiff Gary P. Witkowski incurred medical expenses for diagnosis, treatment and care in an effort to cure himself of the nerve damage and illness

aforementioned and may incur additional medical expenses continuing on into the future.

39. As a direct and proximate result of the defendant Steven T. Puccio, DO's negligent acts, omissions or failures to act, plaintiff Gary P. Witkowski has been caused to expend various and diverse sums of money in an effort to manage the nerve damage, complications and illness aforementioned and may incur additional expenses continuing on into the future

40. As a direct and proximate result of the defendant Steven T. Puccio, DO's negligent acts, omissions or failures to act, plaintiff Gary P. Witkowski was caused to suffer a loss of income.

41. As a direct and proximate result of the defendant Steven T. Puccio, DO's negligent acts, omissions or failures to act, plaintiff Gary P. Witkowski was caused to suffer a loss of earning capacity.

42. The aforementioned acts and omissions on the part of defendant Steven T. Puccio, DO were careless and negligent and substantially increased the risk of aforementioned harm suffered by plaintiff Gary P. Witkowski.

WHEREFORE, plaintiff Gary P. Witkowski prays for judgment in his favor and against defendant Steven T. Puccio, DO and the relief which follows:

I. That plaintiff be awarded past damages incurred relating to pain and suffering and other non-economic damages within the meaning of 40 Pa.C.S.A. § 1303.509;

II. That plaintiff be awarded future damages incurred relating to medical and other related expenses within the meaning of 40 Pa.C.S.A. § 1303.509;

III. That plaintiff be awarded future damages incurred relating to medical and other related expenses within the meaning of 40 Pa.C.S.A. § 1303.509;

IV. That plaintiff be awarded past damages incurred relating to loss of earnings within the

meaning of 40 Pa.C.S.A. § 1303.509;

V. That plaintiff be awarded future damages incurred relating to loss of earnings within the meaning of 40 Pa.C.S.A. § 1303.509;

VI. That plaintiff be awarded interest and damages for prejudgment delay;

VII. That plaintiff be awarded further relief as this Court may deem appropriate.

**COUNT II – VICARIOUS LIABILITY**  
**Respondent Superior**  
**(Gary P. Witkowski v St. Luke's Orthopaedic Specialist)**

43. The plaintiffs incorporate by reference the previous paragraphs of the Complaint as if set forth fully herein.

44. At all relevant times material hereto, defendant Steven T. Puccio, DO, employed by St. Luke's Orthopaedic Specialist in connection with rendering treatment and care to plaintiff Gary P. Witkowski was the agent, ostensible agent, servant and employee of defendant St. Luke's Orthopaedic Specialist.

45. At all relevant times material hereto, defendant Steven T. Puccio, DO, was acting within and during the course and scope of his employment with St. Luke's Orthopaedic Specialist and with St. Luke's Orthopaedic Specialist's authority or apparent authority.

46. At all relevant times material hereto, the actions of defendant Steven T. Puccio, DO in rendering care to the plaintiff Gary P. Witkowski were performed under the control or right of control of the defendant St. Luke's Orthopaedic Specialist.

47. The aforementioned actions of the authorized agents, ostensible agents, apparent agents, servants, workman and/or employees of St. Luke's Orthopaedic Specialist, defendant Steven

T. Puccio, DO, in rendering care to the plaintiff Gary P. Witkowski on April 29, 2014, was actuated with a purpose to further the interests, activities, affairs or business of defendant St. Luke's Orthopaedic Specialist.

48. As a direct and proximate result of the before mentioned negligent acts, omissions or failures to act of defendant St. Luke's Orthopaedic Specialist's authorized agents, ostensible agents, apparent agents, servants, workman and/or employees defendant Steven T. Puccio, DO plaintiff Gary P. Witkowski was caused to suffer that damage and loss aforementioned.

49. The aforementioned acts and omissions of defendant St. Luke's Orthopaedic Specialist's authorized agent, ostensible agent, apparent agent, servant, workman and/or employee defendant Steven T. Puccio, DO were careless and negligent and substantially increased the risk of the aforementioned harm suffered by plaintiff Gary P. Witkowski.

50. The negligent acts, omissions or failures to act as previously mentioned of defendant St. Luke's Orthopaedic Specialist's authorized agent, ostensible agent, apparent agent, servant, workman and/or employee defendant Steven T. Puccio, DO were substantial factors in bringing about the damage, harm and loss aforementioned which plaintiff Gary P. Witkowski has been caused to suffer.

WHEREFORE, plaintiff Gary P. Witkowski prays for judgment in his favor and against defendant St. Luke's Orthopaedic Specialist and the relief which follows:

I. That plaintiff be awarded past damages incurred relating to pain and suffering and other non-economic damages within the meaning of 40 Pa.C.S.A. § 1303.509;

II. That plaintiff be awarded future damages incurred relating to medical and other related expenses within the meaning of 40 Pa.C.S.A. § 1303.509;

III. That plaintiff be awarded future damages incurred relating to medical and other related expenses within the meaning of 40 Pa.C.S.A. § 1303.509;

IV. That plaintiff be awarded past damages incurred relating to loss of earnings within the meaning of 40 Pa.C.S.A. § 1303.509;

V. That plaintiff be awarded future damages incurred relating to loss of earnings within the meaning of 40 Pa.C.S.A. § 1303.509;

VI. That plaintiff be awarded interest and damages for prejudgment delay;

VII. That plaintiff be awarded further relief as this Court may deem appropriate.

**COUNT III - NEGLIGENCE**  
**(Gary P. Witkowski v Nicholas M. Caggiano, MD)**

51. Plaintiffs incorporate by reference the previous paragraphs of the Complaint as if set forth fully herein.

52. At all relevant times material hereto defendant Nicholas M. Caggiano, MD held himself out as a licensed orthopedic spinal surgeon possessing the ordinary and customary skills, knowledge and diligence of like orthopedic spinal surgeon in the field of orthopedic spinal surgery.

53. Defendant Nicholas M. Caggiano, MD owed a duty to the plaintiff Gary P. Witkowski to exercise that requisite knowledge, skill, and attention employed by a licensed orthopedic spinal surgeon when rendering treatment to the plaintiff Gary P. Witkowski.

54. In rendering the aforementioned treatment to plaintiff Gary P. Witkowski, defendant Nicholas M. Caggiano, MD either individually or acting through agents, was negligent and careless and breached the duties of care owed to the plaintiff Gary P. Witkowski in the following respects:

- (a) exercised inadequate or inappropriate methods, techniques and procedures in the care and treatment of the plaintiff Gary P. Witkowski;
- (b) failed to properly monitor an assistant surgeon;
- (c) failed to properly place the superior sacroiliac joint fusion peg into plaintiff Gary P. Witkowski;
- (d) failed to employ the skill and care required of a licensed orthopedic spinal surgeon involving the introduction of sacroiliac joint fusion pegs;
- (e) failed to follow appropriate standards of orthopedic spinal care;
- (f) failed to adhere to the policies and protocols, written and unwritten of defendant St. Luke Hospital & Health Network;
- (g) Performed surgery upon the plaintiff Gary P. Witkowski on April 29, 2014, when no need for such surgery was indicated.

55. As a direct and proximate result of the defendant Nicholas M. Caggiano, MD's negligent acts, omissions or failures to act, plaintiff Gary P. Witkowski was caused to suffer that damage and loss aforementioned

56. The aforementioned acts and omissions of defendant Nicholas M. Caggiano, MD were careless and negligent and substantially increased the risk of the aforementioned harm suffered by plaintiff Gary P. Witkowski.

57. The aforementioned acts and omissions of defendant Nicholas M. Caggiano, MD were substantial factors in bringing about the damage, harm and loss aforementioned which plaintiff Gary P. Witkowski has been caused to suffer.

WHEREFORE, plaintiff Gary P. Witkowski prays for judgment in his favor and against

defendant Nicholas M. Caggiano, MD and the relief which follows:

- I. That plaintiff be awarded past damages incurred relating to pain and suffering and other non-economic damages within the meaning of 40 Pa.C.S.A. § 1303.509;
- II. That plaintiff be awarded future damages incurred relating to medical and other related expenses within the meaning of 40 Pa.C.S.A. § 1303.509;
- III. That plaintiff be awarded future damages incurred relating to medical and other related expenses within the meaning of 40 Pa.C.S.A. § 1303.509;
- IV. That plaintiff be awarded past damages incurred relating to loss of earnings within the meaning of 40 Pa.C.S.A. § 1303.509;
- V. That plaintiff be awarded future damages incurred relating to loss of earnings within the meaning of 40 Pa.C.S.A. § 1303.509;
- VI. That plaintiff be awarded interest and damages for prejudgment delay;
- VII. That plaintiff be awarded further relief as this Court may deem appropriate.

**COUNT IV – VICARIOUS LIABILITY**  
**Respondent Superior**  
**(Gary P. Witkowski v St. Luke Hospital & Health Network)**

58. The plaintiff incorporates by reference the previous paragraphs of the Complaint as if set forth fully herein.

59. At all relevant times material to the treatment rendered to plaintiff Gary P. Witkowski by defendant St. Luke Hospital & Health Network, defendant St. Luke Hospital & Health Network acted in such a manner as to lead the plaintiff Gary P. Witkowski to reasonably believe that her care was being managed by St. Luke Hospital & Health Network or by one of its employees.

60. At all relevant times material to the treatment rendered to the plaintiff Gary P. Witkowski by defendant St. Luke Hospital & Health Network, defendant St. Luke Hospital & Health Network advertised or otherwise represented to the plaintiff Gary P. Witkowski that care was being rendered by the hospital or its agents.

61. At all relevant times material hereto, defendants Steven T. Puccio, DO, and Nicholas M. Caggiano, MD and the various physicians, nurses, technicians and like personnel employed by St. Luke Hospital & Health Network in connection with rendering treatment and care to plaintiff Gary P. Witkowski were the agents, ostensible agents, servants and employees of defendant St. Luke Hospital & Health Network.

62. At all relevant times material hereto, defendants Steven T. Puccio, DO, and Nicholas M. Caggiano, MD were employees of ostensible agents of St. Luke Hospital & Health Network acting within and during the course and scope of their employment, authority or apparent authority.

63. At all relevant times material hereto, the actions of defendants Steven T. Puccio, DO, and Nicholas M. Caggiano, MD in rendering care to the plaintiff Gary P. Witkowski were performed under the control or right of control of the defendant St. Luke Hospital & Health Network.

64. The aforementioned actions of the authorized agents, ostensible agents, apparent agents, servants, workman and/or employees of St. Luke Hospital & Health Network, defendants Steven T. Puccio, DO, and Nicholas M. Caggiano, MD, in rendering care to the plaintiff Gary P. Witkowski on April 29, 2014, was actuated with a purpose to further the interests, activities, affairs or business of defendant St. Luke Hospital & Health Network.

65. As a direct and proximate result of the before mentioned negligent acts, omissions or failures to act of defendant St. Luke Hospital & Health Network's authorized agents, ostensible

agents, apparent agents, servants, workman and/or employees defendants Steven T. Puccio, DO, and Nicholas M. Caggiano, MD, plaintiff Gary P. Witkowski was caused to suffer that damage and loss aforementioned.

66. The aforementioned acts and omissions of defendant St. Luke Hospital & Health Network's authorized agents, ostensible agents, apparent agents, servants, workman and/or employees defendants Steven T. Puccio, DO, and Nicholas M. Caggiano, MD were careless and negligent and substantially increased the risk of the aforementioned harm suffered by plaintiff Gary P. Witkowski.

67. The negligent acts, omissions or failures to act as previously mentioned of defendant St. Luke Hospital & Health Network's authorized agents, ostensible agents, apparent agents, servants, workman and/or employees defendants Steven T. Puccio, DO, and Nicholas M. Caggiano, MD were substantial factors in bringing about the damage, harm and loss aforementioned which plaintiff Gary P. Witkowski has been caused to suffer.

WHEREFORE, plaintiff Gary P. Witkowski prays for judgment in his favor and against defendant St. Luke Hospital & Health Network and the relief which follows:

- I. That plaintiff be awarded past damages incurred relating to pain and suffering and other non-economic damages within the meaning of 40 Pa.C.S.A. § 1303.509;
- II. That plaintiff be awarded future damages incurred relating to medical and other related expenses within the meaning of 40 Pa.C.S.A. § 1303.509;
- III. That plaintiff be awarded future damages incurred relating to medical and other related expenses within the meaning of 40 Pa.C.S.A. § 1303.509;
- IV. That plaintiff be awarded past damages incurred relating to loss of earnings within the

meaning of 40 Pa.C.S.A. § 1303.509;

V. That plaintiff be awarded future damages incurred relating to loss of earnings within the meaning of 40 Pa.C.S.A. § 1303.509;

VI. That plaintiff be awarded interest and damages for prejudgment delay;

VII. That plaintiff be awarded further relief as this Court may deem appropriate.

**COUNT V – CORPORATE NEGLIGENCE**  
**(Gary P. Witkowski v St. Luke Hospital & Health Network)**

68. The plaintiffs incorporate by reference the previous paragraphs of the Complaint as if set forth fully herein.

69. Plaintiffs assert a professional liability claim against defendant St. Luke Hospital & Health Network on the theory of corporate negligence.

70. Defendant St. Luke Hospital & Health Network owed a duty to the plaintiff Gary P. Witkowski to exercise reasonable care in the maintenance of safe and adequate facilities and equipment.

71. Defendant St. Luke Hospital & Health Network owed a duty to the plaintiff Gary P. Witkowski to select and retain only competent physicians and nurses.

72. Defendant St. Luke Hospital & Health Network owed a duty to the plaintiff Gary P. Witkowski to oversee all persons who practice medicine within its walls as to patient care.

73. Defendant St. Luke Hospital & Health Network owed a duty to the plaintiff Gary P. Witkowski to duty to formulate, adopt and enforce adequate rules and policies to ensure quality care for the patients.

74. Defendant St. Luke Hospital & Health Network acting by and through its agents, ostensible agents, servants, workman and/or employees, apparent agents and ostensible agents acting within the scope of their employment, authority or apparent authority was negligent and careless and breached the duties of care owed to plaintiff Gary P. Witkowski in the following respects:

- (a) failed to select and retain only competent physicians;
- (b) failed to oversee all persons who practice medicine within its walls as to patient care;
- (c) failure to oversee all physicians who practice at the St. Luke Hospital & Health Network;
- (d) failed to formulate, adopt and implement policies, procedures, rules, guidelines, regulations, and protocols to ensure that appropriate standards of orthopedic spinal surgery are followed in connection with the introduction of joint fusion pegs into the spinal joints of patients;
- (e) failed to formulate, adopt and implement policies, procedures, rules, guidelines, regulations, and protocols to ensure that only surgeries indicated are performed;
- (f) failed to enforce to the policies and protocols, written and unwritten of defendant St. Luke Hospital & Health Network;
- (g) failed to adhere to the policies and protocols, written and unwritten of defendant St. Luke Hospital & Health Network; failed to adopt policies, procedures, rules, guidelines, regulations, and protocols governing the qualifications of orthopedic spinal surgeons allowed to introduce joint fusion pegs into the spinal joints of patients;

(h) failure to formulate, adopt and implement policies, procedures, rules, guidelines, regulations, and protocols to ensure quality care to all patients, such as the plaintiff Gary P. Witkowski;

75. The aforementioned acts and omissions on the part of defendant St. Luke Hospital & Health Network's, agents, ostensible agents, servants, workman and/or employees, apparent agents and ostensible agents were careless and negligent and substantially increased the risk of aforementioned harm suffered by plaintiff Gary P. Witkowski.

76. At all material times relevant hereto defendant St. Luke Hospital & Health Network's, its agents, ostensible agents, servants, workman and/or employees, apparent agents and ostensible agents had actual or constructive knowledge of the defect or procedures which created the harm suffered by plaintiff Gary P. Witkowski.

77. As a direct and proximate result of the defendant St. Luke Hospital & Health Network's negligent acts, omissions or failures to act, plaintiff Gary P. Witkowski was caused to suffer that injury and loss aforementioned.

WHEREFORE, plaintiff Gary P. Witkowski prays for judgment in her favor and against defendant St. Luke Hospital & Health Network and the relief which follows:

I. That plaintiff be awarded past damages incurred relating to pain and suffering and other non-economic damages within the meaning of 40 Pa.C.S.A. § 1303.509;

II. That plaintiff be awarded future damages incurred relating to medical and other related expenses within the meaning of 40 Pa.C.S.A. § 1303.509;

III. That plaintiff be awarded future damages incurred relating to medical and other related expenses within the meaning of 40 Pa.C.S.A. § 1303.509;

IV. That plaintiff be awarded past damages incurred relating to loss of earnings within the meaning of 40 Pa.C.S.A. § 1303.509;

V. That plaintiff be awarded future damages incurred relating to loss of earnings within the meaning of 40 Pa.C.S.A. § 1303.509;

VI. That plaintiff be awarded interest and damages for prejudgment delay;

VII. That plaintiff be awarded further relief as this Court may deem appropriate.

**COUNT VI**  
**NEGLIGENT INFLICTION OF EMOTIONAL DISTRESS**  
**(Gary P. Witkowski v All Defendants)**

78. The plaintiff Gary P. Witkowski incorporates by reference the previous paragraphs of the Complaint as if set forth fully herein.

79. As a direct and proximate result of the aforementioned negligent actions of the defendants, plaintiff Gary P. Witkowski was caused to suffer emotional distress, grief, humiliation, anger and chagrin to a degree that no reasonable person should be expected to endure.

80. As a direct and proximate result of having suffered emotional harm arising from the aforementioned negligent actions of the defendants' plaintiff Gary P. Witkowski was caused to suffer physical injury.

WHEREFORE, plaintiff Gary P. Witkowski prays for judgment in her favor and against defendants and the relief which follows:

- I. That plaintiff be awarded compensatory damages as proven at trial;
- II. That plaintiff be awarded interest and damages for prejudgment delay;
- III. That plaintiff be awarded further relief as this Court may deem appropriate.

**COUNT VII - LOSS OF CONSORTIUM**  
**(Lori Witkowski v All Defendants)**

81. The plaintiffs incorporate by reference the previous paragraphs of the Complaint as if set forth fully herein.

82. At all relevant times material hereto plaintiffs Gary P. Witkowski and Lori Witkowski were husband and wife, joined in matrimony and so remain.

83. As a direct and proximate result of defendants' negligent, careless and or reckless actions plaintiff Lori Witkowski has been caused to be deprived of the society, companionship, contributions and consortium of her husband plaintiff Gary P. Witkowski to her detriment and loss.

84. As a direct and proximate result of defendants' negligent, careless and or reckless actions plaintiff Lori Witkowski has incurred and may in the future incur medical expenses to treat those injuries aforementioned suffered by her husband plaintiff Gary P. Witkowski.

85. As a direct and proximate result of defendants' negligent, careless and or reckless actions plaintiff Lori Witkowski has been caused to suffer a disruption in her daily habits and pursuits.

86. As a direct and proximate result of defendants' negligent, careless and or reckless actions plaintiff Lori Witkowski has been caused to suffer a loss of enjoyment of life.

WHEREFORE, plaintiff Lori Witkowski prays for judgment in her favor and against defendants jointly and severally and the relief which follows:

- I. That plaintiff be awarded compensatory damages as proven at trial;
- II. That plaintiff be awarded interest and damages for prejudgment delay;
- III. That plaintiff be awarded further relief as this Court may deem appropriate.

Respondent : Previous File No. 16-53-11649

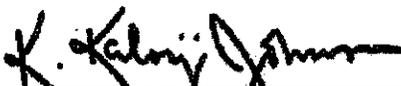

FINAL ORDER REINSTATING RESPONDENT'S LICENSE

AND NOW, February 21, 2020, the State Board of Osteopathic Medicine (Board), upon consideration of the Petition for Reinstatement filed by Stephen Thomas Puccio, D.O., (Respondent) together with supporting documentation indicating that Respondent has successfully completed all the terms and conditions of the Disciplinary Monitoring Unit (DMU) Board Order of August 9, 2017, which placed Respondent's license on probation subject to certain terms and conditions pertaining to Professional Health Monitoring Program (Unit 2) monitoring, abstention, evaluation/treatment, support group attendance, urine/blood screening and supervised practice, and noting the Respondent's case manager concurs with Respondent's petition and the Commonwealth's prosecuting attorney does not oppose reinstatement, the Board hereby **ORDERS** that Respondent's probation is terminated, and Respondent's license, license number OS007746L, is hereby reinstated to unrestricted, non-probationary status. This order shall take effect immediately.

BEFORE THE STATE BOARD OF OSTEOPATHIC MEDICINE

PROTHONOTARY  
2017 AUG 10 AM 10:42  
Department of State

Commonwealth of Pennsylvania  
Bureau of Professional and  
Occupational Affairs

File No.: 16-53-11649

vs.

Steven Thomas Puccio, DO,  
Respondent

Docket No: 1486 -53-17

**CONSENT AGREEMENT AND ORDER**

**PARTIES**

The Commonwealth of Pennsylvania, Department of State, Bureau of Professional and Occupational Affairs ("Commonwealth") and Steven Thomas Puccio, DO ("Respondent") stipulate as follows in settlement of the above-captioned case.

**APPLICABLE LAW**

1. This matter is before the State Board of Osteopathic Medicine ("Board") pursuant to the Osteopathic Medical Practice Act, Act of October 5, 1978, P.L. 1109, No. 261, ("Act"), as amended, 63 P.S. §§ 263-271.17; the Medical Care Availability and Reduction of Error ("Mcare") Act, Act of March 20, 2002, P.L. 154, No. 13, as amended, 40 P.S. §§ 1303.101-1303.910; and/or the Act of July 2, 1993, P.L. 345, No. 48 ("ACT 48"), as amended, 63 P.S. §§ 2201-2207.

**LICENSURE STATUS**

2. At all times relevant and material hereto, Steven Thomas Puccio, DO, ("Respondent") held a license issued by the State Board of Osteopathic Medicine ("Board") to practice as an osteopathic physician and surgeon in the Commonwealth of Pennsylvania, license number

OS007746L, which was issued on July 20, 1992 and has been inactive since on or about July 22, 2016.

**STIPULATED FACTS**

3. The Respondent admits that the following allegations are true:
  - a. Absent further Board action, Respondent's license may be continually reactivated, renewed, or reinstated upon the filing of the appropriate documentation and payment of the necessary fees.
  - b. Respondent's address on file with the Board is: 3981 Hunsicker Drive, Walnutport, PA 18088.
  - c. Pursuant to a September 30, 2016 Criminal Complaint, Respondent was charged in Lehigh County, PA with Administering a Controlled Substance by a Practitioner for Other than a Medical Purpose (F), Sale/Distribution of Controlled Substance to a Dependent Person (M), and Furnishing False/Fraudulent Material Information (M) (MJ-31301-CR-0000258-2016). On September 30, 2016, the charges were waived to Lehigh County Court of Common Pleas. **See Exhibit A.**
  - d. On November 23, 2016, the Criminal Information was filed which withdrew the charge of Sale Give Controlled Substance to Dependent Person (M) and charged Respondent with: 1) Administering a Controlled Substance by a Practitioner for Other than a Medical Purpose (F), 2) Administering a Controlled Substance by a Practitioner for Other than a Medical Purpose (M), and 3) Furnishing False/Fraudulent Material Information (M) (CP-39-CR-0004691-2016). **See Exhibit A.**

e. Pursuant to the May 16, 2017 Guilty Plea, the charges of Administering a Controlled Substance by a Practitioner for Other than a Medical Purpose (F) and Furnishing False/Fraudulent Material Information (M) were withdrawn, and the charge of Administering a Controlled Substance by a Practitioner for Other than a Medical Purpose (M) was changed to Sale or Giving of Controlled Substance to a Dependent Person (M). On May 16, 2017, Respondent entered into a plea of guilty to the charge of Sale or Giving of Controlled Substance to a Dependent Person (M), and he was sentenced to pay costs and one year of probation. **See Exhibit A.**

f. The Professional Health Monitoring Program recommended that Respondent receive credit for verified monitoring beginning on February 8, 2017 if his participate in the Disciplinary Monitoring Unit ("DMU") of the Department of State's Professional Health Monitoring Programs is approved pursuant to the terms of the within agreement. **See Exhibit A.**

g. A true and correct copy of the certified court records for Lehigh County Docket No. CP-39-CR-0004691-2016, including but not limited to the Criminal Complaint, Affidavit of Probable Cause, Criminal Docket, Criminal Information, Guilty Plea Colloquy, and Sentencing Order are incorporated as **Exhibit A.**

h. Without stipulating to the truth of the allegations contained therein, the Prosecution is amenable to Respondent's inclusion of the mitigating statement, which has been attached hereto as **Exhibit B.**

#### ALLEGED VIOLATIONS

4. The Commonwealth alleges that the Board is authorized to suspend, revoke, or otherwise restrict Respondent's license under Sections 11(c) and 15(a) of the Act, 63 P.S. §§ 271.11(c) & 271.15(a); or impose a civil penalty under Section 908 of the Mcare Act, 40 P.S. §§ 1303.908, and/or Section 5(b)(4) of ACT 48, 63 P.S. §2205(b)(4); and/or impose the costs of investigation under Section 5(b)(5) of ACT 48, 63 P.S. § 2205(b)(5), because Respondent violated the Act at Section 15(a)(3), 63 P.S. § 271.15(a)(3) because Respondent was convicted of a felony, a crime involving moral turpitude, or a crime related to the practice of osteopathic medicine.

#### PROPOSED ORDER

5. The parties, intending to be legally bound, consent to the issuance of the following Order in settlement of this matter:

a. The Board finds that it is authorized to suspend, revoke, or otherwise restrict Respondent's license under Sections 11(c) and 15(a) of the Act, 63 P.S. §§ 271.11(c) & 271.15(a); or impose a civil penalty under Section 908 of the Mcare Act, 40 P.S. §§ 1303.908, and/or Section 5(b)(4) of ACT 48, 63 P.S. §2205(b)(4); and/or impose the costs of investigation under Section 5(b)(5) of ACT 48, 63 P.S. § 2205(b)(5), because Respondent violated the Act at Section 15(a)(3), 63 P.S. § 271.15(a)(3) because Respondent was convicted of a felony, a crime involving moral turpitude, or a crime related to the practice of osteopathic medicine.

b. For purposes of this Agreement and Order, the terms "*practice*", "*practice of the profession*," and "*practice the profession*" shall include any and all activities requiring a license, registration, certificate, approval, authorization, or permit from the Board to perform. It also includes attendance at any

educational program/course that includes a clinical practice component with patients and/or requires a current license to practice the profession.

c. On the date this Agreement is adopted by the Board, Respondent's license shall be indefinitely **SUSPENDED** for no less than three (3) years, such suspension shall be immediately **STAYED** in favor of no less than three (3) years of **PROBATION**, unless that period of probation is extended or modified for cause by mutual agreement of the Respondent and the Professional Health Monitoring Program ("PHMP"), Disciplinary Monitoring Unit ("DMU") case manager; however, the above referenced three (3) year period is deemed to be retroactive from and/or have taken effect as of February 8, 2017. In addition, said probation is subject to the following terms and conditions:

**GENERAL**

(1) Within ten (10) days of the approval of this Agreement by the Board, Respondent shall contact the Bureau of Professional and Occupational Affairs, Professional Health Monitoring Programs ("PHMP"), Disciplinary Monitoring Unit ("DMU") to begin monitoring. PHMP's DMU contact information is:

|                                                                                                                                                                     |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Professional Health Monitoring Programs<br>Disciplinary Monitoring Unit<br>P.O. Box 10569<br>Harrisburg, PA 17105-0569<br>Tele (717)783-4857 or in PA (800)554-3428 |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------|

(2) Respondent shall fully and completely comply and cooperate with the PHMP and its agents and employees

in their monitoring of Respondent's impairment under this Agreement.

(3) Respondent shall abide by and obey all laws of the United States, the Commonwealth of Pennsylvania and its political subdivisions and all rules and regulations and laws pertaining to the practice of the profession in this Commonwealth or any other state or jurisdiction in which Respondent holds an authorization to practice the profession. Summary traffic violations shall not constitute a violation of this Agreement; however, a violation of any conditions of a criminal probation and/or parole is a violation of this Agreement.

(4) Respondent shall at all times cooperate and comply with the PHMP and its agents and employees in the monitoring, supervision and investigation of Respondent's compliance with the terms and conditions of this Agreement. Respondent shall cooperate and comply with any requests for written reports, records or verifications of actions that may be required by the PHMP; the requested shall be obtained and submitted at Respondent's expense.

(5) Respondent's failure to fully cooperate and comply with the PHMP shall be deemed a violation of this Agreement.

(6) Upon request of the PHMP case manager, Respondent shall enroll in a peer assistance program, when available, including, but not limited to, Physician's Health Program ("PHP"), and shall fully and completely comply with all of the terms and conditions of Respondent's agreement with the peer assistance program. Respondent's failure to fully and completely comply with Respondent's agreement with the peer assistance program shall constitute a violation of this Agreement.

(7) Respondent shall not falsify, misrepresent or make material omission of any information submitted pursuant to this Agreement.

(8) Respondent may not be absent from the Commonwealth of Pennsylvania for any period exceeding twenty (20) days unless Respondent seeks and receives prior written permission from the PHMP subject to any additional terms and conditions required by the PHMP.

(9) Respondent may not engage in the practice of the profession in any other state or jurisdiction without first obtaining written permission from the PHMP. Once written permission is granted by the PHMP, Respondent shall notify the licensing board of the other state or jurisdiction that Respondent suffers from an impairment

and is enrolled in the DMU prior to engaging in the practice of the profession in the other state or jurisdiction.

(10) In the event Respondent relocates to another jurisdiction, within five (5) days of relocating, Respondent shall either enroll in the other jurisdiction's impaired professional program and have the reports required under this Agreement sent to the Pennsylvania PHMP, or if the other jurisdiction has no impaired professional program, notify the licensing board of the other jurisdiction that Respondent is impaired and enrolled in this Program. In the event Respondent fails to do so, in addition to being in violation of this Agreement, the periods of suspension and probation herein shall be tolled. It is a violation of this Agreement if Respondent violates and/or fails to fully and completely comply with the impaired professional program in another jurisdiction.

(11) Respondent shall notify the PHMP by telephone within forty-eight (48) hours and in writing within five (5) days of the filing of any criminal charges against Respondent; the final disposition of any criminal charges against Respondent; the violation of any terms and conditions of a criminal probation or parole; the initiation of any legal action pertaining to Respondent's practice of

the profession; the initiation of charges, action, restriction or limitation related to Respondent's practice of the profession by a professional licensing authority of any state or jurisdiction or the Drug Enforcement Agency of the United States Department of Justice; or any investigation, action, restriction or limitation related to Respondent's privileges to practice the profession at any health care facility.

(12) Respondent shall notify the PHMP by telephone within forty-eight (48) hours and in writing within five (5) days of any change of Respondent's home address, phone number, employment status, employer and/or change in practice at a health care facility. Failure to timely advise the PHMP under this subsection due to the PHMP office being closed is not an excuse for not leaving a voice mail message with this information.

(13) Respondent shall cease or limit Respondent's practice of the profession if the PHMP case manager directs that Respondent do so.

#### **EVALUATION - TREATMENT**

(14) As requested by the PHMP, Respondent shall have forwarded to the PHMP, a written mental and/or physical evaluation by a provider approved by the PHMP (hereinafter "treatment provider") assessing Respondent's

fitness to actively practice the profession. Unless otherwise directed by PHMP, the evaluation shall be forwarded to:

|                                                                                                                                                                     |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Professional Health Monitoring Programs<br>Disciplinary Monitoring Unit<br>P.O. Box 10569<br>Harrisburg, PA 17105-0569<br>Tele (717)783-4857 or in PA (800)554-3428 |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------|

If the treatment provider determines that Respondent is not fit to practice, Respondent shall immediately cease practicing the profession and not practice until the treatment provider and the PHMP case manager determine that Respondent is fit to resume practice with reasonable skill and safety to patients.

(15) The evaluation described in the previous paragraph is in addition to any other evaluation already provided.

(16) Respondent shall provide copies of any prior evaluations and counseling records and a copy of this agreement to the treatment provider.

(17) Respondent shall authorize, in writing, the PHMP to receive and maintain copies of the written evaluation reports of the treatment provider(s).

(18) If a treatment provider recommends that Respondent obtain treatment, Respondent must fully

comply with those recommendations as part of these probationary requirements.

(19) Respondent shall arrange and ensure that written treatment reports from all treatment providers approved by the PHMP are submitted to the PHMP upon request or at least every ninety (90) days after the effective date of this Agreement. The reports shall contain at least the following information:

- (i) Verification that the treatment provider has received a copy of this Agreement and understands the conditions of this probation;
- (ii) A treatment plan, if developed;
- (iii) Progress reports, including information regarding compliance with the treatment plan;
- (iv) Physical evaluations, if applicable;
- (v) The results of any testing including any testing for therapeutic levels of prescribed medications when deemed appropriate by the treatment provider;
- (vi) Modifications in treatment plan, if applicable;
- (vii) Administration or prescription of any drugs to Respondent; and

(viii) Discharge summary and continuing care plan at discharge.

(ix) Any change in the treatment provider's assessment of the Respondent's fitness to actively practice the profession.

(20) Respondent shall identify a primary care physician who shall send written notification to the Respondent's PHMP case manager certifying Respondent's health status as requested.

#### **SUPPORT GROUP ATTENDANCE**

(21) Respondent shall attend and actively participate in any support group programs recommended by the treatment provider or the PHMP case manager at the frequency recommended by the treatment provider; however, Respondents with a chemical dependency or abuse diagnosis shall attend no less than twice a week.

(22) Respondent shall provide written verification of any and all support group attendance to the PHMP on at least a monthly basis or as otherwise directed by the PHMP.

#### **ABSTENTION**

(23) Respondent shall completely abstain from the use of controlled substances, caution legend (prescription) drugs, mood altering drugs or drugs of abuse

including alcohol in any form, except under the following conditions:

(i) Respondent is a bona fide patient of a licensed health care practitioner who is aware of Respondent's impairment and participation in the PHMP;

(ii) Such medications are lawfully prescribed by Respondent's treating practitioner and approved by the PHMP case manager;

(iii) Upon receiving the medication, Respondent must provide to the PHMP, within forty-eight (48) hours by telephone and within five (5) days in writing, the name of the practitioner prescribing the drug, the illness or medical condition diagnosed, the type, strength, amount and dosage of the medication and a signed statement consenting to the release of medical information from the prescribing practitioner to the PHMP or its designated representative for the purpose of verification; and

(iv) Upon refilling a medication, Respondent must provide to the PHMP, within forty-eight (48) hours by telephone and within five (5) days in writing, the name of the practitioner prescribing the drug, the illness or medical condition diagnosed, the type, strength, amount and dosage of the medication and a signed statement consenting to the

release of medical information from the prescribing practitioner to the PHMP or its designated representative for the purpose of verification.

#### **DRUG TESTING**

(24) Respondent shall submit to random unannounced and observed drug and alcohol tests (drug testing), inclusive of bodily fluid, breath analysis, hair analysis, or another procedure as selected by the PHMP, for the detection of substances prohibited under this Agreement as recommended by the treatment provider and as directed by the PHMP. A positive, adulterated or substituted result on a drug test shall constitute an irrefutable violation of this Agreement unless Respondent has complied with the provisions of this Agreement pertaining to the use of drugs. Failure to provide a specimen or a specimen of sufficient quantity for testing when requested will be considered a violation of this Agreement.

(25) Respondent shall avoid all foods that contain poppy seeds. Ingestion of poppy seeds will not be accepted as a valid explanation for a positive screen.

(26) Respondent shall avoid all substances containing alcohol, including alcohol in food or beverages, medications, chemical solutions, cleaning solutions,

gasoline, hand sanitizers, or other skin preparations.

Incidental use of alcohol will not be accepted as a valid explanation for a positive drug test unless Respondent has complied with the provisions of this Agreement pertaining to the use of drugs as set forth in the Abstention Section above.

**MONITORED PRACTICE**

(27) Respondent shall not practice the profession unless a provider approved by the PHMP approves the practice in writing and the PHMP Case Manager gives written permission to practice.

(28) Respondent shall not work in any practice setting without workplace monitoring as required by the PHMP.

(29) Workplace monitoring shall require control and personal direction exercised by the monitor over the services provided by Respondent. Constant physical presence of the monitor is not required so long as the monitor and the Respondent are, or can easily be, in contact with one another by radio, telephone, or telecommunications. Monitoring requires the availability of the monitor to the Respondent.

(30) If Respondent is practicing or attending any educational program/course that includes a clinical practice

component with patients and/or requires a current license to practice the profession, Respondent shall give any employer, supervisor, preceptor, or instructor (hereinafter referred to collectively as "supervisor") a copy of this Agreement within five (5) days of the effective date of this Agreement.

(31) Respondent shall give any prospective employer and supervisor a copy of this Agreement when applying for employment in the practice of the profession and to any prospective school/program when applying for any educational program/course that includes a clinical practice component with patients and/or requires a current license to practice the profession.

(32) Within five (5) days of the effective date of this Agreement, and by telephone within forty-eight (48) hours and in writing within five (5) days upon obtaining employment, or entering an educational program/course that includes a clinical practice component with patients and/or requires a current license to practice, Respondent shall provide the following to PHMP:

(i) Name and address of the supervisor responsible for Respondent's practice;

(ii) The name(s) and address(es) of the place(s) at which Respondent will practice the profession and a description of Respondent's duties and responsibilities at such places of practice; and

(iii) Any restrictions on Respondent's practice.

(33) Respondent shall ensure that Respondent's supervisor submits to the PHMP the following information in writing:

(i) Verification that the supervisor has received a copy of this Agreement and understand the conditions of this probation;

(ii) An evaluation of Respondent's work performance on a ninety (90) day or more frequent basis as requested by the PHMP; and

(iii) Immediate notification of any suspected violation of this probation by Respondent.

#### **REPORTING/RELEASES**

(34) Respondent, Respondent's treatment providers, supervisors, employers or other persons required to submit reports under this Agreement shall cause such reports, data or other information to be filed with the PHMP, unless otherwise directed, at:

Professional Health Monitoring Programs  
Disciplinary Monitoring Unit  
P.O. Box 10569  
Harrisburg, PA 17105-0569  
Tele (717)783-4857 or in PA (800)554-3428

(35) Respondent consents to the release by the PHMP of any information or data produced as a result of this probation, including written treatment provider evaluations, to any treatment provider, supervisor, Commonwealth's attorney, hearing examiner and Board members in the administration and enforcement of this Agreement.

(36) Respondent shall sign any required waivers or release forms requested by the PHMP for any and all records, including medical or other health related and psychological records, pertaining to treatment and monitoring rendered to Respondent during this probation and any corresponding criminal probation, and any employment, personnel, peer review or review records pertaining to Respondent's practice of the profession during this probation to be released to the PHMP, the Commonwealth's attorney, hearing examiner and Board members in the administration and enforcement of this Agreement.

### COSTS

(37) Respondent shall be responsible for all costs incurred in complying with the terms of this Agreement, including but not limited to psychiatric or psychotherapy treatments, and reproduction of treatment or other records. Respondent shall pay the costs for any drug testing and any subsequent reanalysis of specimens required by the PHMP. Failure of Respondent to pay any of these costs in a timely manner shall constitute a violation of this Agreement.

### BUREAU/PHMP EVALUATIONS

(38) Upon request of the PHMP, Respondent shall submit to mental or physical evaluations, examinations or interviews by a treatment provider approved by the PHMP or the PHMP. Respondent's failure to submit to such an examination, evaluation or interview when directed shall constitute a violation of this Agreement.

### VIOLATION OF THIS ORDER

d. Notification of a violation of the terms or conditions of this Agreement shall result in the **IMMEDIATE VACATING** of the stay order, **TERMINATION** of the period of probation, and **ACTIVATION** of the suspension in paragraph 5(d) above of Respondent's authorizations to practice the profession in the Commonwealth of Pennsylvania as follows:

(1) The prosecuting attorney for the Commonwealth shall present to the Board's Probable Cause Screening Committee ("Committee") a Petition that indicates Respondent has violated any terms or conditions of this Agreement.

(2) Upon a probable cause determination by the Committee that Respondent has violated any of the terms or conditions of this Agreement, the Committee shall, without holding a formal hearing, issue a preliminary order vacating the stay of the within suspension, terminating this probation and activating the suspension of Respondent's authorization(s) to practice the profession.

(3) Respondent shall be notified of the Committee's preliminary order within three (3) business days of its issuance by certified mail and first class mail, postage prepaid, sent to the Respondent's last registered address on file with the Board, or by personal service if necessary.

(4) Within twenty (20) days of mailing of the preliminary order, Respondent may submit a written answer to the Commonwealth's Petition and request that a formal hearing be held concerning Respondent's violation of probation, in which Respondent may seek relief from the preliminary order activating the suspension. **The answer**

**shall be set forth in numbered paragraphs**  
**corresponding to the numbered paragraphs of the**  
**Petition. Respondent shall admit or deny each of the**  
**allegations set forth in the paragraphs in the Petition.**

Respondent shall mail the original answer and request for hearing, as well as all subsequent filings in the matter, to:

|                                                                                       |
|---------------------------------------------------------------------------------------|
| Prothonotary<br>2601 North Third Street<br>P.O. Box 2649<br>Harrisburg, PA 17105-2649 |
|---------------------------------------------------------------------------------------|

Respondent shall also mail a copy of all filings to the prosecuting attorney for the Commonwealth.

(5) If the Respondent submits a timely answer and request for a formal hearing, the Board or a designated hearing examiner shall convene a formal hearing within forty-five (45) days from the date of the Prothonotary's receipt of Respondent's request for a formal hearing.

(6) Respondent's submission of a timely answer and request for a hearing shall not stay the suspension of Respondent's license under the preliminary order. The suspension shall remain in effect unless the Board or the hearing examiner issues an order after the formal hearing staying the suspension again and reactivating the probation.

(7) The facts and averments in this Agreement shall be deemed admitted and uncontested at this hearing.

(8) If the Board or hearing examiner after the formal hearing makes a determination against Respondent, a final order will be issued sustaining the suspension of Respondent's license and imposing any additional disciplinary measures deemed appropriate.

(9) If Respondent fails to timely file an answer and request for a hearing, the Board, upon motion of the prosecuting attorney, shall issue a final order affirming the suspension of Respondent's license.

(10) If Respondent does not make a timely answer and request for a formal hearing and a final order affirming the suspension is issued, or the Board or the hearing examiner makes a determination against Respondent sustaining the suspension of Respondent's license, after at least **three (3)** years of active suspension and any additional imposed discipline, Respondent may petition the Board for reinstatement based upon an affirmative showing that Respondent has at least **thirty-six (36)** months of sustained documented recovery, an evaluation by a treatment provider approved by the PHMP that Respondent is fit to safely practice the profession, and

verification that Respondent has abided by and obeyed all laws of the United States, the Commonwealth of Pennsylvania and its political subdivisions, and all rules and regulations pertaining to the practice of the profession in this Commonwealth.

(11) If the Board issues a Preliminary Order terminating the stay of the suspension and actively suspending Respondent's license to practice the profession in accordance with the procedure set forth above, Respondent shall immediately cease the practice of the profession. Respondent shall continue to comply with all of the terms and conditions of probation in this Consent Agreement and Order during the active suspension until the Board issues a Final Order. Continued failure by Respondent to comply with the unaffected terms and conditions of probation while awaiting the issuance of a Final Order by the Board may result in further disciplinary action against Respondent.

e. Respondent's failure to fully comply with any terms of this Agreement may also constitute grounds for additional disciplinary action.

f. Nothing in this Agreement shall preclude the prosecuting attorney for the Commonwealth from filing charges or the Board from imposing disciplinary or corrective measures for violations or facts not contained in this Agreement.

## COMPLETION OF PROBATION

g. After successful completion of the minimum period of probation, Respondent may petition the Board, upon a form provided by the PHMP, to reinstate Respondent's authorizations to practice the profession to unrestricted, non-probationary status upon an affirmative showing that Respondent has complied with all terms and conditions of this Agreement and that Respondent's resumption of unsupervised practice does not present a threat to the public health and safety. **Respondent is required to remain in compliance with all terms and conditions of this Agreement until the Board issues the order terminating Respondent's probationary status.**

h. Additionally, as a condition precedent to reinstatement of Respondent's license to practice osteopathic medicine and surgery in the Commonwealth of Pennsylvania,

(1) Respondent shall have the burden of demonstrating to the satisfaction of the Board that the Respondent bears the requisite honesty, trustworthiness, integrity, and competency to be entrusted to hold a license to practice osteopathic medicine and surgery; and

(2) Respondent acknowledges if the Respondent petitions for reinstatement of his license to unrestricted status, the Board may take actions, which include, but are not limited to a) requiring the Respondent to appear at a formal or informal hearing to determine the Respondent's

honesty, trustworthiness, integrity, and competency, and b)  
granting with conditions c) or denying the petition.

(3) Respondent shall have the burden of  
demonstrating to the satisfaction of the Board that the  
Respondent has completed all aspects of his sentencing in  
his underlying criminal case (CP-39-CR-0004691-16).

i. This Order constitutes disciplinary action by the Board and shall be  
reported to other licensing authorities and any applicable national licensing  
databank as a disciplinary action by the Board.

j. This case shall be deemed settled and discontinued upon the Board  
issuing an Order adopting this Consent Agreement, and Respondent's successful  
completion of any ordered Probation terms.

#### **ADMISSIBILITY OF CONSENT AGREEMENT IN FUTURE PROCEEDINGS**

6. Respondent agrees that if Respondent is charged with a violation of an Act enforced  
by this Board in the future, this Consent Agreement and Order shall be admitted into evidence  
without objection in that proceeding.

#### **ACKNOWLEDGMENT OF NOTICE AND WAIVER OF HEARING**

7. Respondent waives the filing of an Order to Show Cause in this matter. Respondent  
knowingly and voluntarily waives the right to an administrative hearing in this matter, and  
knowingly and voluntarily waives the following rights related to that hearing: to be represented  
by counsel at the hearing; to present witnesses and testimony in defense or in mitigation of any  
sanction that may be imposed for a violation; to cross-examine witnesses and to challenge  
evidence presented by the Commonwealth; to present legal arguments by means of a brief; and  
to take an appeal from any final adverse decision.

**ACKNOWLEDGMENT OF RIGHT TO ATTORNEY**

8. Respondent acknowledges that he is aware that he has the right to consult with, and/or be represented by, private legal counsel of Respondent's choosing and at Respondent's expense when reviewing, considering and accepting the terms of this Consent Agreement.

**WAIVER OF CLAIM OF COMMINGLING AND OTHER CONSTITUTIONAL CLAIMS**

9. Respondent expressly waives any constitutional rights and issues, such as commingling of prosecutorial and adjudicative functions by the Board or its counsel, which may arise or have arisen during the negotiation, preparation and/or presentation of this Consent Agreement. Respondent specifically agrees that if the Board rejects this agreement, it may assume that the facts and averments as alleged in this Consent Agreement are true and correct for the limited purpose of recommending a sanction, based on those assumed facts, that would be acceptable to the Board before hearing the case. In the event that the Board does assume the facts and averments as alleged in this Consent Agreement are true for purposes of making a recommendation as to an acceptable sanction, such action shall not constitute commingling of prosecutorial and adjudicative functions by the Board or its counsel, and the Respondent expressly waives any constitutional rights and issues related to alleged commingling, bias, or violation of due process rights to have an unbiased and impartial adjudicator in any subsequent hearing. If a hearing is subsequently held, neither this Consent Agreement nor the proposed terms of settlement may be admitted into evidence and any facts, averments, and allegations contained in the Consent Agreement must be proven at hearing unless otherwise separately stipulated. This paragraph is binding on the participants even if the Board does not approve this Consent Agreement.

**NO MODIFICATION OF ORDER**

10. Respondent agrees, as a condition of entering into this Consent Agreement, not to seek modification at a later date of the Stipulated Order adopting and implementing this Consent Agreement without first obtaining the express written concurrence of the Prosecution Division.

**AGREEMENT NOT BINDING ON OTHER PARTIES**

11. The Office of General Counsel has approved this Consent Agreement as to form and legality; however, this Consent Agreement shall have no legal effect unless and until the Board issues the stipulated Order.

**EFFECT OF BOARD'S REJECTION OF CONSENT AGREEMENT**

12. Should the Board not approve this Consent Agreement, presentation to and consideration of this Consent Agreement and other documents and matters by the Board shall not prejudice the Board or any of its members from further participation in the adjudication of this matter. This paragraph is binding on the participants even if the Board does not approve this Consent Agreement.

**ENTIRE AGREEMENT**

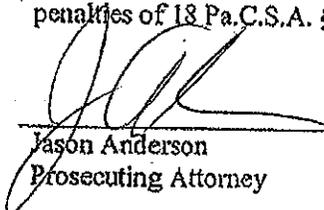

13. This agreement contains the whole agreement between the participants; provided however, that the captions printed in the various provisions of this agreement are for ease of reading only and are not to be interpreted as forming any part of this agreement. There are no other terms, obligations, covenants, representations, statements or conditions, or otherwise, of any kind whatsoever concerning this agreement.

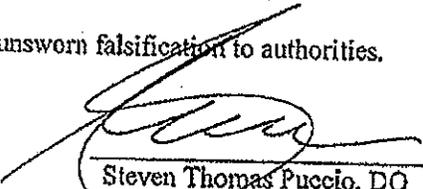

**AGREEMENT DOES NOT PREVENT ADDITIONAL DISCIPLINE BASED ON OTHER COMPLAINTS**

14. Nothing in this Order shall preclude the Prosecution Division for the Commonwealth from filing charges or the Board from imposing disciplinary or corrective measures for violations or facts not contained in this Consent Agreement;

VERIFICATION OF FACTS AND STATEMENTS

15. Respondent verifies that the facts and statements set forth in this Consent Agreement are true and correct to the best of Respondent's knowledge, information and belief. Respondent understands that statements in this Consent Agreement are made subject to the criminal penalties of 18 Pa.C.S.A. §4904 relating to unsworn falsification to authorities.

COURT OF COMMON PLEAS OF LEHIGH COUNTY  
CRIMINAL DIVISION

COMMONWEALTH OF PENNSYLVANIA )

v. )

Steven Puccio )

Case No. )

CR-4691-2016 )

GUILTY PLEA COLLOQUY

You or your attorney has indicated that you may want to plead guilty to some or all of the crimes charged against you. This paper lists questions connected with your guilty plea. Many of the questions go over your rights under the law as a person charged with a crime or with crimes. By pleading guilty, you give up many of these rights. It is important, then, that you understand your rights before pleading guilty. Please read each question carefully and then answer the question. If you do not understand the question, mark that down by the question. When you have finished answering the questions on a page, put your initials in the space at the bottom of the page. When you have finished all of the questions, sign the last page.

If there are questions that you do not understand, or if you do not believe you understand the rights mentioned in this paper, go to your attorney so that he/she can explain the question or your rights to you. You may also ask the Judge to explain your rights to you when you go before him or her.

③  
Pis

1. What is your full name? STEVEN T. Puccio
2. How old are you today? 53
3. How far did you go in school? POST GRADUATE
4. Have you discussed your citizenship status with your attorney?  
Yes  No
5. If you are not a U.S. citizen, by pleading guilty your Immigration status may be affected and you may be subject to removal from the United States. Do you understand this?  
Yes  No
6. Can you read, write and understand the English Language?  
Yes  No
7. Are you now being treated for a mental illness?  
Yes  No
8. If the answer to Number 7 is yes, explain the details. If the answer is no, go to question 10.  
compulsivity disorder
9. If you are now being treated for a mental illness, do you still feel that you are able to understand what you are doing today?  
Yes  No

Initials SPD

10. Do you know what crime or crimes are charged against you?

Yes  No

11. Each crime has a number of elements to it. Did your attorney (your lawyer) explain to you the elements of the crime or crimes that you are pleading guilty to?

Yes  No

12. When a person is charged with a crime, he has a right to defend himself in a trial by a jury. Do you understand this?

Yes  No

13. To defend yourself in a trial by jury, you would have to plead not guilty. Do you understand this?

Yes  No

14. By pleading guilty you admit you committed the crime or crimes charged and you give up your right to a trial by jury. Do you understand this?

Yes  No

15. If you want a trial by jury, you have the right to help select the jury with your attorney and you can remove any potential juror who cannot be fair and impartial. Twelve people must be selected to be your jury. Do you understand this?

Yes  No

Initials SP

16. Those people who may be in your jury are randomly selected by computer from people who are licensed drivers in Lehigh County or who have an official ID card issued by the Department of Transportation. Do you understand this?

Yes  No

17. If you have a trial by jury, the jury determines whether you are guilty or not guilty of the crimes charged against you. Do you understand this?

Yes  No

18. In a jury trial, the jury must presume that you are innocent until you are proven guilty. The Commonwealth of Pennsylvania represented by the District Attorney must prove every element of each crime or crimes charged against you and that you have committed such crime or crimes beyond a reasonable doubt before you can be found guilty. Do you understand these things?

Yes  No

19. In a jury trial you do not have to say anything at trial or do anything to defend yourself. If you do not say anything at trial, this cannot be held or used against you and the court will instruct the jury that this is the law which they are obligated to follow. Do you understand this?

Yes  No

20. In order for a jury to find you guilty, all twelve people on the jury must agree that you are guilty beyond a reasonable doubt. Do you understand this?

Yes  No

Initials SPD

21. If you wish to defend yourself and plead not guilty, you may also request a trial before a Judge instead of by a jury. In that case, there is no jury, and the Judge decides whether you are guilty or not guilty. As in a jury trial, the District Attorney must prove you guilty of each element of the crime or crimes charged against you beyond a reasonable doubt. Do you understand your right to a non-jury trial?

Yes  No

22. Do you understand that by pleading guilty you give up your right to a trial, either by jury or before a Judge?

Yes  No

23. By pleading guilty, you also give up the right to challenge the evidence the District Attorney wants to bring against you. If the District Attorney has physical objects or other evidence it has taken from you, or if you made any statements or confessions to the police, or if there are witnesses who identified you to the police you can challenge the use of this evidence at a hearing before the trial starts.

The District Attorney has the burden of showing that it may use this evidence against you. Do you understand that when you plead guilty, you give up this right to challenge the use of the evidence against you?

Yes  No

24. If you go to trial and are convicted you have the right to appeal the verdict to a higher court. Do you understand this?

Yes  No

Initials SYD

25. If you are successful in appealing a verdict of guilty after the trial, the verdict could be overturned and either you would be set free or you would be able to have another trial. Do you understand this and that you would be giving up these rights by pleading guilty?

Yes  No

26. But if you plead guilty, you give up your right to appeal your guilty plea except on three grounds:

1) That the guilty plea was not made voluntarily or you did not understand what you were doing when you pled guilty.

2) That the court could not accept your guilty plea because the crime or crimes did not occur in Lehigh County.

3) That the Judge's sentence is unlawful or improper.

Do you understand these three grounds of appeal?

Yes  No

27. You may also appeal your guilty plea if you believe your attorney was incompetent in representing you or otherwise acted improperly in advising you to plead guilty. Do you understand this?

Yes  No

28. If you wish to appeal your guilty plea based on these grounds, you must petition the court to withdraw your guilty plea either before you are sentenced or within 10 days after you are sentenced. If the court does allow you to withdraw your guilty plea, then you will go to trial on the charges against you. If the court

Initials SNP

does not allow you to withdraw your guilty plea, you may appeal the decision to the Superior Court within 30 days after you are sentenced. Do you understand this?

Yes  No

29. Has your attorney or anyone else told you what sentences you can receive for the crimes charged against you?

Yes  No

30. If you are pleading guilty as a part of a plea bargain, you should know that the Judge does not have to accept the plea bargain if he or she feels it is improper. If the Judge rejects the plea bargain, you will be able to withdraw your guilty plea and go to trial where your guilty plea cannot be mentioned. Do you understand this?

Yes  No

31. If the Judge accepts the plea bargain, you will be sentenced according to the plea bargain. Do you understand this?

Yes  No

32. If you had gone to trial instead of pleading guilty, you would have had the right to have witnesses testify for you, and you would have had the right to confront (face) and cross-examine all of the prosecution witnesses against you. But if you plead guilty, the District Attorney will be able to briefly give its evidence against you, and the Judge will accept this as true. Do you understand this?

Yes  No

Initials SJP

33. Now that you have been informed of these rights do you now wish to plead guilty to some or all of the crimes charged against you?

Yes  No

34. Has anybody forced you to enter this plea of guilty?

Yes  No

35. Are you doing this of your own free will?

Yes  No

36. Have any threats been made to you to enter a plea of guilty?

Yes  No

37. Have any promises been made to you to enter a plea of guilty other than any plea bargain made by you or your attorney?

Yes  No

38. Are you satisfied with the representation of your attorney?

Yes  No

39. Have you had enough time to talk with your attorney before reading this paper and entering your plea of guilty?

Yes  No

40. Has your attorney gone over with you the meaning of the questions in this paper?

Yes  No

41. Has your attorney explained to you the questions you didn't understand?

Yes  No

Initials SRP

42. Are you presently on probation or parole?

Yes \_\_\_\_\_ No  \_\_\_\_\_

43. If you are on probation or parole do you realize that your plea of guilty will mean a violation of that probation or parole and you can be sentenced to prison as a result of that violation caused by your guilty plea today?

Yes  \_\_\_\_\_ No \_\_\_\_\_

44. Do you understand that the decision to enter a guilty plea is yours and yours alone; that you do not have to enter a plea of guilty and give up all your rights as previously explained to you; and that no one can force you to enter a guilty plea?

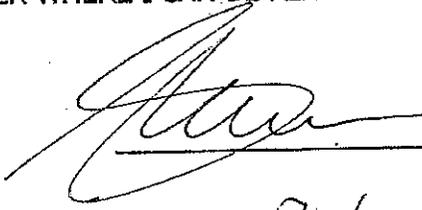

Yes  \_\_\_\_\_ No \_\_\_\_\_

The acts committed by the accused are described below with each Act of Assembly or statute allegedly violated, if appropriate. When there is more than one offense, each offense should be numbered chronologically. (Set forth a brief summary of the facts sufficient to advise the defendant of the nature of the offense(s) charged. A citation to the statute(s) allegedly violated, without more, is not sufficient. In a summary case, you must cite the specific section(s) and subsection(s) of the statute(s) or ordinance(s) allegedly violated. The age of the victim at the time of the offense may be included if known. In addition, social security numbers and financial information (e.g. PINs) should not be listed. If the identity of an account must be established, list only the last four digits. 204 PA.Code §§ 213.1 - 213.7.)

| <b>Statute Description (include the name of statute or ordinance):</b> The sale, dispensing, distribution, prescription or gift by any practitioner otherwise authorized by law so to do of any controlled substance to any person known to such practitioner to be or whom such practitioner has reason to know is a drug dependent person unless said drug is prescribed, administered, dispensed or given for the cure or treatment other than drug dependency.<br><b>Acts of the accused associated with this Offense:</b> TO WIT: On or about March 13, 2012 through February 23, 2014, the defendant, a Doctor of Osteopathic (D.O.), did knowingly prescribe methadone, a Schedule II Control Substance to Rachel Puccio, a known drug dependent person, on at least 28 different occasions. Rachel Puccio was not being treated for any treatment of some malady at the time. These prescriptions were filled in both Lehigh and Northampton Counties. |                                              |                                                   |                                               |                    |                                      |                                    |                   |                |  |

## AFFIDAVIT of PROBABLE CAUSE

1. Your Affiant, Brian Rimple is a sworn Narcotics Agent for the Pennsylvania Office of Attorney General (OAG), Bureau of Narcotics Investigation and Drug Control (BNIDC). Your Affiant has been with the OAG for over 13 years. Your Affiant has over 25 years of law enforcement experience. Your Affiant was a detective for the Anne Arundel County Police Department (Maryland) for over three years and a detective for the Lehigh County District Attorney's Office for two years.

2. The BNIDC investigates and prosecutes violations of the Pennsylvania Crimes Code including, but not limited to, Act # 64, the Pennsylvania Controlled Substance, Drug Device and Cosmetic Act of 1972.

3. On July 8, 2015, your Affiant received information through SDAG Christie Bonesch to contact Jennifer B. Dodwell, Northampton County Probation Office, in reference to a person she had on probation for DUI that had information about a doctor.

4. Your Affiant contacted Dodwell and was advised that Rachel Puccio is currently on probation for her second drug related DUI. During her initial interview, Rachel Puccio stated her ex-husband had prescribed her a lot of prescriptions between 2007 and 2014. Her ex-husband is Steven Puccio who is an orthopedic doctor for St. Luke's Bethlehem. Dodwell stated Rachel Puccio told her that Dr. Puccio would write her prescriptions to support her drug habits.

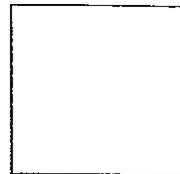

5. On August 18, 2015, your Affiant met with Rachel Puccio. Rachel Puccio stated she was married to Steven Puccio from 2003 through 2007. Dr. Puccio works for St. Luke's Bethlehem Orthopedics. Rachel Puccio stated that Dr. Puccio has been writing prescriptions for her since they been married. The first prescriptions were for benzodiazepines and she became addicted to them. Rachel Puccio stated she then moved to cocaine as her drug of choice. Rachel Puccio stated she went to rehabilitation and met a guy who was using Oxycodone. Rachel Puccio stated after she left rehabilitation she moved to Oxycodone. Rachel Puccio stated she then went to a rehabilitation center in Florida for detoxification. Rachel Puccio stated when she returned from Florida, she asked her ex-husband for prescriptions and he would provide her them.

I, BRIAN RIMPLE, BEING DULY SWORN ACCORDING TO THE LAW, DEPOSE AND SAY THAT THE FACTS SET FORTH IN THE FOREGOING AFFIDAVIT ARE TRUE AND CORRECT TO THE BEST OF MY KNOWLEDGE, INFORMATION AND BELIEF.

**AFFIDAVIT of PROBABLE CAUSE CONTINUATION**

Rachel Puccio stated she has gotten these prescriptions for the past seven years. Rachel Puccio stated about a year ago, Dr. Puccio cut her off from all prescriptions. Rachel Puccio stated she had filled prescriptions at the Rite Aids in Northampton and Walnutport; Newhard Pharmacy in Northampton and Bechtel's in Slatington. Rachel Puccio stated she was never a patient of Dr. Puccio and he did not maintain any medical records for her.

6. On August 25, 2015, your Affiant went to Bechtel's Pharmacy and contacted the pharmacist Edward Bechtel. Bechtel provided your Affiant a copy of Rachel Puccio's Patient Prescription List from January 12, 2012 through August 25, 2015. This report showed that Dr. Puccio had prescribed her Methadone three times and the prescriptions had been filled at this pharmacy.

7. On April 5, 2016, your Affiant executed a search and seizure warrant on St. Luke's University Health Network at 1110 American Parkway, Allentown, PA. Your Affiant was provided with a disk that contained the medical records for Rachel Puccio. This disk was provided on April 8, 2016. A review of this disk revealed only one patient record for Rachel Puccio during the time period of this case. This visit was for an emergency room with Dr. Shingles. There were no record of any prescriptions be issued to Rachel Puccio from Dr. Puccio.

8. On June 7, 2016, your Affiant requested records from Rite Aid Corporation for all prescriptions filled by Rachel Puccio that were authorized by Dr. Steven Puccio. The date range was from February 6, 2012 through June 7, 2016. A review of these prescriptions showed that twenty-five of them were for Methadone a Schedule II Controlled Substance from March 13, 2012 through February 23, 2014.

9. On August 5, 2016, Puccio and his lawyer Janet Jackson came to the DEA's Resident Office in Allentown to meet with this your Affiant. Dr. Puccio advised he did write prescriptions for his ex-wife Rachel. Dr. Puccio stated Rachel has fought with addiction for a long period of time and is currently in a rehabilitation facility in lieu of prison. Dr. Puccio stated during the time in question he did write prescriptions for Methadone while she was in a program in Philipsburg, New Jersey. Dr. Puccio stated that Rachel would over sleep and miss her appointment at the clinic. Dr. Puccio stated Rachel would call him crying that she was in pain and he felt sorry for her and would write her a prescription for the Methadone to get her through until the next day. Dr. Puccio stated he realized this was wrong but hated to see her in pain.

**RE: MITIGATING STATEMENT ON BEHALF OF STEVEN THOMAS PUCCIO,  
D.O.  
LICENSE NO. OS0077461 (INACTIVE)  
FILE NO. 16-53-13853  
DOCKET No. -53-17  
PHMP NO. 18703**

Dear Mr. Anderson:

In accordance with paragraph 3(h) of the Agreement, this letter is being submitted to the Board as a "mitigating statement", which should be attached as Exhibit B to the Agreement which is contemporaneously being submitted to the Board for approval.

Dr. Puccio has already entered into a Consent Agreement with the PA Health Monitoring Program's ("PHMP") Voluntary Recovery Program ("VRP"), which imposed an indefinite suspension of his license, but stayed that penalty conditioned upon his compliance with the VRP's requirements. Dr. Puccio respectfully requests, consistent with that VRP Consent Agreement, that the Board now impose a similar indefinite suspension of his license, and that such suspension be similarly stayed, retroactively, conditioned upon his satisfactory compliance with the requirements of the Disciplinary Monitoring Unit ("DMU") in lieu of the VRP.

Dr. Puccio pled guilty to a criminal charge of Sale or Giving a Controlled Substance to a Dependent Person, which is a misdemeanor (ungraded) under section 113(a)(13) of the Pennsylvania Controlled Substance, Drug, Device and Cosmetic Act ("Drug Act"), 35 PA.C.S.A. § 780.113(a)(13).<sup>1</sup> The Court imposed a sentence of one year of probation, without any fine.

As described below, the criminal charge arose from Dr. Puccio's clouded judgment in prescribing methadone and anti-anxiety medications for his ex-wife, in an effort to help her get treatment for her drug addiction problem. The criminal charge did not involve the sale of controlled substances.

Dr. Puccio requests that the Board take into consideration the following mitigating information:

**1. Dr. Puccio's Background.**

Dr. Puccio is a 52-year old orthopedic surgeon, who was well-respected by his colleagues and patients for his professional skills during his 18 years of medical practice, and for his service to the Allentown-Bethlehem community. Between 2012 and April 2016, he served as the Section Chief for Spinal Surgery of the Department of Orthopedic Surgery of St. Luke's Hospital in Bethlehem, PA. A copy of his Curriculum Vitae is attached hereto as Attachment 1. Character references from 36 physicians, other health care professionals, former patients, members of his community, and family members, are attached hereto as Attachment 2.

**2. Dr. Puccio's Acceptance of Criminal Responsibility for His Actions.**

On May 16, 2017, Dr. Puccio plead guilty to a criminal charge of Sale of Controlled Substances to a Dependent Person. His entry of a guilty plea, rather than contesting these charges, demonstrates an acceptance of responsibility, and a recognition that his actions in prescribing controlled substances were wrong, and that they violated the Commonwealth's criminal laws.<sup>2</sup> Similarly, his entry into a Consent Agreement with the Board, rather than seeking a hearing, demonstrates an acceptance of responsibility for his actions, and his recognition that this conduct violated the standards of conduct expected in his profession.

**3. Dr. Puccio's Misconduct Was Not Motivated by Financial Gain.**

Although the title of the formal criminal charge which Dr. Puccio plead guilty to is "Sale or Giving a Controlled Substance to a Dependent Person" it covers a broad range of conduct including the

---

<sup>1</sup> Prior to his arrest, Dr. Puccio cooperated with the Attorney General's Office ("OAG"), and voluntarily surrendered to the OAG when criminal charges were filed on September 30, 2016. On October 20, 2016, Dr. Puccio waived his right to a preliminary hearing, rather than contesting the charges.

<sup>2</sup> Dr. Puccio also properly complied with his obligations under the M-Care Act.

“sale... prescription or “gift” a controlled substance to a dependent person. **The facts in this case did not involve the “sale” of these controlled substances.** It involved the “prescription or gift” of the controlled substances. **Dr. Puccio did not profit financially from improperly writing these prescriptions.** His crime was not motivated by greed.

**4. Dr. Puccio’s Misconduct Was Motivated by a Misguided Desire to Help His Former Wife Cope with Her Addiction.**

His misconduct involved improperly writing prescriptions for controlled substances for his wife/former wife, during her many-years-long struggle to control her addiction and to help her obtain treatment. As his marriage broke down, he became involved in a pattern of improperly prescribing medications for her in connection with her drug addiction and need for treatment. Approximately half of these prescriptions were for methadone. Although she was scheduled to receive this medication as part of her withdrawal treatment at an out-patient clinic, she often failed to appear for her daily appointments to get that medication, and was suffering withdrawal symptoms. The other prescriptions were for anti-anxiety medications. Even after his marriage ended, he continued the pattern of improperly prescribing medications for her, in order to fill gaps in her treatment or to get her into treatment facilities (which he paid for), or to keep her from purchasing drugs on the street.

Dr. Puccio’s description of his attempts to help his former wife in dealing with her addiction problem are set forth in the Affidavit of Probable Cause supporting the criminal Complaint, which stated:

Dr. Puccio advised he did write prescriptions for his ex-wife, Rachel. Dr. Puccio stated Rachel has fought with addiction for a long period of time and is currently in a rehabilitation facility in lieu of prison. Dr. Puccio stated that during the time in question he did write prescriptions for Methadone while she was in a program in Philipsburg, New Jersey. Dr. Puccio stated that Rachel would over sleep and miss her appointment at the clinic. Dr. Puccio stated Rachel would call him crying that she was in pain and he felt sorry for her and would write her a prescription of the Methadone to get her through until the next day. Dr. Puccio stated that he realized this was wrong but hated to see her in pain.

Dr. Puccio’s 19-year old stepdaughter, Katlyn Scott, described his efforts to help her mother get drug treatment, in a reference letter which is attached as part of Attachment 2, which states:

Steve and my mother were divorced in 2008, and shortly after, my mother’s drug addiction began. During the next few years Steve helped her tremendously, even though they were divorced. He paid for her methadone, bought her a house, bought her a car, paid her bills. We all wanted her to get better, especially Steve. He paid over one hundred thousand dollars in treatment for her. He flew her to Florida to a

rehab amongst paying for others locally. He was always willing to do anything for her.... (emphasis added).

This excessive willingness to do anything to help his former wife clouded his judgment, and has now cost him his job at St. Luke's Hospital and his career, and left him with a criminal record.

**5. Dr. Puccio's Participation in the Voluntary Recovery Program ("VRP").**

Dr. Puccio has been participating in the VRP since October 2016. After his "willingness to do anything" to help his former wife caused him to lose his job and career, he became aware of the complexity of his own underlying psychological issues which contributed to this problem. In early July 2016, he began undergoing a voluntary forensic psychological evaluation by Frank D'Attilio Ph.D., a clinical and forensic psychologist who is a Diplomate in Clinical Psychology of the American Board of Professional Psychology. Dr. D'Attilio concluded that Dr. Puccio's conduct in improperly writing prescriptions for his former wife was directly related to a compulsive personality disorder. He recommended that Dr. Puccio voluntarily begin a counseling and treatment program with Thomas Vellela, ED.D, a psychologist who focuses on the evaluation, prevention, diagnosis, and treatment of mental, emotional and behavioral health issues. Dr. Puccio voluntarily commenced this therapeutic counseling and treatment with Dr. Vellela on August 4, 2016 (approximately two months before the criminal charges were filed against him).

Dr. Puccio initially contacted the Physician's Health Monitoring Program (PHMP) on September 23, 2016, to arrange to enroll in the VRP, and on October 5, 2016, he executed a "Participation Cooperation Form" for the VRP. On January 13, 2017, he signed a final Consent Agreement with the VRP, and his participation in the VRP was formally approved by the Board on February 8, 2017. He has been, and continues to be, in full compliance with the VRP's requirements. His case manager is Kevin Knipe (800-554-3428). Under the supervision of the VRP, Dr. Puccio has continued in treatment and counseling with Dr. Vellela, who has regularly reported to the VRP regarding Dr. Puccio's successful progress.

**6. Dr. Puccio's Recognition of His Obligations to the Public and to the Medical Community.**

Dr. Puccio's misconduct did not affect the quality of the medical care that he provided to his patients. As letters from his patients and colleagues which are attached as Attachment 2 demonstrate, they continue to hold him in high regard for his medical skill and compassion. However, as he became aware of his psychological issues that required treatment and counseling, he recognized that it was in the interest of the public and the medical community that he stop practicing medicine until he had dealt with these personal issues.

In July 2016, he made a formal decision to temporarily give up his medical career. He voluntarily contacted the Board to change his osteopathic medical license status from "active" to "inactive",

**MICHELMAN & BRICKER, P.C.**

June 13, 2017

Page No. -5-

---

and he ceased practicing medicine. (See his July 21, 2016 correspondence with the Board, attached as Attachment 3). He also voluntarily surrendered his DEA license to prescribe narcotics and other controlled substances. During the 10-month period from July 2016 through May 2017, he has worked as a car salesman, rather than as an orthopedic surgeon.

On May 22, 2017, Dr. Puccio contacted Mr. Knipe to determine what the PHMP's position was concerning whether and when he could return to practicing medicine. Mr. Knipe advised Dr. Puccio that, based upon his treatment progress, the PHMP was satisfied that he could begin to look for work as a physician again.

7. **Conclusion.**

For the foregoing reasons, Dr. Puccio respectfully requests that the Board include this letter and its attachments in the record, for consideration as part of its evaluation of whether or not the Board should accept the proposed consent agreement.<sup>3</sup> Dr. Puccio's treatment through the VRP program has addressed the issues which clouded his judgment and led to his conviction, and the VRP program has determined that he is fit to resume the practice of osteopathic medicine.

Yours truly,

DAVID F. MICHELMAN, ESQ.

---

<sup>3</sup> If for any reason, the Board initially determines that it lacks sufficient evidence to accept the Prosecutor's proposed consent agreement, Dr. Puccio also requests an opportunity to supplement the record with further factual and legal support.

Re: Steven T Puccio

To Whom It May Concern:

Please accept this character reference in support of Steven T Puccio, D.O.

I have known Steve for approximately 6 years both as a colleague and friend.

I know Steve to be a person of the highest character for truthfulness, decency, professionalism, dedicated, caring family man and physician.

In the time I have known him, he has always been a genuine good person. His passion for medicine, ethics, and care for patients is second to none. I have had the pleasure to work with him with many mutual patients.

I can be reached by telephone at 610-573-1154 if you wish to speak to me or if you need additional information.

Sincerely,

Johnny Chung, MD, FACS

RE: Steven T. Puccio, D.O.

To Whom It May Concern:

Please accept this character reference in support of Steven T. Puccio, D.O.

I have known Steven since June 2015, when I began working with his son and family by providing psychological counseling. Treatment focused on family stressors related to their relationship with Steven's ex-wife.

I know Steven to be a person of the highest character based on his dedication to providing the best possible care for his son. He drives over 40 minutes each direction to attend every scheduled counseling session. He has participated in counseling fully, with the willingness to implement and follow through with all recommendations.

In the time that I have known him, Steven prioritizes the needs of his family, consistently and without hesitation. He focuses on protecting his son from undue stress and turmoil. He works to create a home environment that provides nurturance and a consistent, positive structure for his son to thrive. Steven anticipates the needs of his son and responds accordingly. In my office, Steven demonstrates patience, appropriate boundary setting, and encouragement toward his son. These qualities contribute to a strong, loving relationship with him. His son, in turn, voices a strong admiration and respect for Steven.

I can be reached by telephone at 610-730-4755 if you wish to speak to me or if you need additional information.

Sincerely,

Jennifer Crall, Ph.D.  
Licensed Psychologist

Re: Steven T. Puccio, D.O.

To Whom It May Concern:

Please accept this character reference in support of Steven T. Puccio, D.O.

I have known Steve since July 1997 in both a professional and personal capacity. We trained together in spinal surgery in Boston from 1997 to 1998. We continued to be very close and practiced together in the Hudson Valley area of New York for approximately three to four years. He is the godfather to my son Ryan and trust him to the fullest to care for him should the need come.

We have continued to be friends to this day and I continue to rely on Steve, at times, to consult on patients that I may find to have unusual conditions and vs. versa. I find his insight into patients and treatments to be very well thought out and with authority due to his vast experience. I know Steve to be a person of the highest character for his truthfulness, decency and professionalism. I know him to be a very caring family man and an amazing dedicated father to his son, Aydan. I also know him to be dedicated to his patients and his work. I cannot count the times that I have called him, when most of us are at home eating, that he is caring for trauma patients or performing surgery.

I have personally witnessed his skill as a surgeon and his diagnostic acumen over the years. If myself or anyone in my family required orthopedic or spinal treatment, I would not hesitate to ask for his care. These same qualities that he provides to people with whom he has nothing more than a professional relationship with are also provided in his personal life. Over the years, he continued to provide support to his previous step-daughter and continues that relationship to this day.

I hope that this character reference gives some insight to the man that I call friend and my son calls Uncle Steve.

I can be reached by telephone at my office 860-361-6650 or on my cell 860-605-0258 anytime if you wish to speak to me or if you need additional information.

Sincerely,

Mitchell S. Garden, M.D.

To whom it may concern:

I've known Steve for over 10 years and have worked collaboratively with him caring for countless patients with traumatic injuries over that time. I've always known Steve to be a reliable, honest, and compassionate physician. Steve has even stepped outside of his typical job duties to help me implement process changes and clinical pathways that would ultimately improve the quality of care we provide for our patients.

In summary, Steve is an outstanding physician who cares deeply about his patients and his colleagues.

Respectfully,

Marc Portner, MD

To whom it May concern:

Please accept this character reference in support of Steven T. Puccio D.O.

I have known Steve since 1988 when we became friends in medical school and we have maintained a personal friendship since that time and furthermore we have been professional colleagues intermittently over the last 28 years. Steven and I were assigned to be internship partners our first year out of medical school, during this time we worked very closely together. Throughout the ensuing 25 years we have routinely discussed medical management of patients with complex medical and social issues. Steve has always represented that which is best in medicine. He is a dedicated physician who puts the needs of patients and their families ahead of the needs of himself. He is compassionate and caring for people from all walks of life and does not judge them based on their place in society. Steve is the type of physician that we rarely encounter in medicine today who is always available to his patients and provides the most up to date care that can be offered. He is the physician that other physicians send their family members to be cared for. Steve cares for my own sister who has chronic spinal issues. Steve was in my wedding because he has always been a true friend that has integrity, honesty and faith. When I discuss values with my children I use Steve as an example of what is good in a person.

Please feel free to contact me if there is any further information I can provide regarding this most outstanding physician.

Sincerely,

Charles W Raudat DO FACS

RE: Steven T. Puccio, D.O.

To whom it may concern:

I have volunteered to write a letter of reference for Dr. Steven T. Puccio. It is a pleasure to do so. I have known Dr. Puccio for almost 18 years, when we both joined practices in the Lehigh Valley at the same time. As I am a dedicated Neuroradiologist with strong background and continuing interest in trauma and spine imaging and research, over this time period I have worked closely with Dr. Puccio, at times on a daily basis, and am fully able to provide this letter of support.

Dr. Puccio is an excellent physician with an academic interest and friendly disposition. He demonstrates compassion and concern for his patients. He stays current on topics of importance in his field and in Medicine in general. He is clear and concise, and communicates well with those with whom he interacts.

In summary, I can recommend Dr. Puccio as an excellent physician and human being, without reservation, for any position that he should seek.

If I can be of further service, please do not hesitate to call my cell: 610-217-1150.

Sincerely,

Michael Rothman, MD

Stroudsburg, PA 18360

**RE: Steven T. Puccio, D.O.**

Dear Ms. Jackson:

I am dictating a reference letter in support of Steven T. Puccio, D.O.

I have known Dr. Puccio for 25 years if not longer years. We met in 1991 doing our rotating internship together at the Philadelphia College of Osteopathic Medicine associated with the osteopathic program in the Philadelphia area. From that time, we became friends. We actually developed a great relationship even though we were competing with each other for orthopedic surgical residency spots at that program, as well as other programs in the area. It just happened to be our fortune that we both did accomplish our goals and get in the orthopedic surgical residency program, and we both obtained that in the New York City area. We were residents together from 1992 to 1996 at Peninsula Hospital/Saint Vincent's/Saint Cabrini Hospital Health Systems for our orthopedic surgical residency program. We actually had to do general surgery for a year together, which is part of the program's prerequisite. After doing that for one year, then we did four years of general orthopedics together.

We became great friends and comrades. We shared many experiences together obviously in the training program, as well as socially. We actually lived together for several years, and then at the end of our program, we both decided to do spine fellowship training. He went to the Boston area in the New England Baptist program, and I went to the University of Colorado. Even during that time, we stayed in constant touch with each other sharing stories and experiences, as well as exchanging surgical cases to determine from each other what we would do and how we would handle those cases. Steve actually helped me move out to Colorado as I helped him move to Boston, and we maintained a great relationship and a friendship that would last forever.

Once finishing our fellowship program, we actually decided to take jobs together, and our first job we took ever out of our fellowship program was in the Bethlehem and Allentown area where he resides today. We went to Coordinated Health Systems where we were brought in to start a spine surgical program and attempted to the best we could for two years, and when it seemed that our ways of wanting to run that program and our development of the program did not match the ways and development of the owner of the group and system, we parted our ways. Steve went back up north in Boston to take on a

April 29, 2016

RE: Steven T. Puccio, D.O.

Page: 2

job, and I took a job in the Indianapolis area. Even during that time, we constantly kept in touch, shared each other experiences and shared cases with each other, and he has always been a confidant to me, not just for my personal life, but more importantly my professional life. Actually in my fellowship training program, we were a little bit weak and deficient in cervical spine than his program was, and thanks to Dr. Puccio that the two years I got to spend with him he mastered my skills and I tell everyone today that my cervical spine training obviously started with my fellowship program at University of Colorado, but it was really mastered and contoured into the cervical spine surgeon I am today because of Dr. Puccio, his skills and his teaching abilities and training abilities, which he has always been very good at and always willing to share with others.

It did not surprise me when Steve end up returning back to the Allentown and Bethlehem area when his job in Boston did not seem to materialize the way he wanted to. He always had wanted to be involved with academic medicine. In fact, what was interesting when we both resigned from Coordinated Health Systems before we took jobs and while we were searching for jobs. Steve and I actually were asked by Saint Luke's to be involved in their trauma program since they had a deficient amount of surgeons to help with it and until we found jobs. We did that for approximately six to eight months and enjoyed doing trauma for them as they were starting to develop a trauma program to where it is the trauma program as it has become today under the direction of Dr. Delong.

As far as what I know about this man's character professionally, there is no one I would ever have performed any surgery on myself or family, but Dr. Puccio. His hands are masterful, and he is always one step ahead of everyone in his thinking process and there is no one I ever respect more when it comes to having a very difficult case before I perform it or having complications after a case that I call first than Dr. Puccio. Through Dr. Puccio, I have met also other great relationships and friends, both in the industry of medicine and outside the industry of medicine. As a testament to his character and truthfulness, decency and professionalism, as well as socially and because he is so well liked, I have met wonderful people that I consider life long friends because of him that have adopted me as their friend and vice versa. There are many times where I have been with Steve both in medicine and outside medicine where he has shown me compassion and care for people. I have seen him help people out both financially, as well as emotionally in their times of need, and they were not even looking for that from him.

As far as anything else about his character, I can just tell you again that this man has become a brother to me. I would trust him with my life, and just an aside and as for fun, his driving skills are impeccable, and many times we tease him that he should have been just a driver for motorsports instead of taking a career in medicine.

Dr. Puccio is a very talented man. I have seen that even though he is talented that he has never become arrogant or presumptuous. He has never put himself above others. I have

April 29, 2016

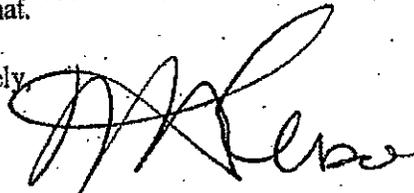

RE: Steven T. Puccio, D.O.  
Page: 3

known him for a long time so I know everything there is to know about him. I know when he makes mistakes. He is the first one to come to me and admit his mistakes even though he may be embarrassed. I know he is always sorry and wants to learn from that and become better, and he has always strived to do that. He has really impressed me when he had difficulties in his marriage and of course while trying to salvage the marriage and becoming a father. He had to take on several roles, and even though I stayed single during this process and there were times that I wanted him to go to a CME course or to play golf or spend time together, he constantly turned me down because his priorities had to be focused on his family and his son. These are qualities that obviously I have seen changed because in the beginning of the career of knowing him, we were single so we could work hard, but we could also play hard and do whatever we wanted to do. In the process of his maturity, becoming a man and then a husband and a father, he has shown me impeccable traits that I hope to emulate one day as I continue my maturation of life, and I look forward to having him next to me during the rest of my life to always give me advice and guidance when I need it.

In ending, I can speak nothing but of high respect and admiration for my friend. I do consider him not just my friend, which we discussed it before, we are family, and he has shown me that throughout my life. He has always been there for me with my good times to celebrate with me, pat me on the back and congratulate me, and the bad times. The great thing about him is he is the friend you want because in my bad times even when I was wrong as you would expect from a real friend he would tell me that I was wrong, but he would also let me know that he is by my side to support me through the process of when you make poor decisions and the consequences they bring. I can tell you that whatever decisions he has made good or bad they are always founded by sound thinking, and when ever he makes bad decisions like all of us, he always wants to recognize it and try to understand how he made that decision so he does not do it again. Again, these are great qualities that make him a great father, a great husband and a great leader in his community.

If you need to know anything else about Dr. Steve Puccio and wish to speak to me about it, feel free to contact me at any time. My cell phone number is (954) 774-1607. My office number is (954) 974-9101. I would be happy to spend time with you, and if you need me to be a character witness for him at any time, I would change my schedule immediately for him and come and represent him with you anywhere you would need me to do that.

Sincerely,

Steven J. Svabek, D.O.

RE: STEVEN T. PUCCIO, D.O.

To Whom It May Concern:

Please accept this character reference in support of Steven T. Puccio, D.O.

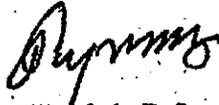

I have known Dr. Puccio for approximately 20 plus years both professionally and socially. I know him to be a person of the highest character for truthfulness, decency, and professionalism; he is a dedicated and caring family man. As a physician and surgeon, I do know no other like him beholden with the exceptional surgical skill, gifted hands, and the clinical intellect to match. He is truly a gifted surgeon.

Over the years I have known him, he has given me personal guidance and advice on many occasions. He is caring and always available to his friends and colleagues. I have worked with him side by side on many patients, and I have collaborated with him on many medical issues and projects. He has shown himself to be thoughtful and fair. He has dedicated himself in providing his own time teaching his fellow surgeons either directly or through our own professional academy.

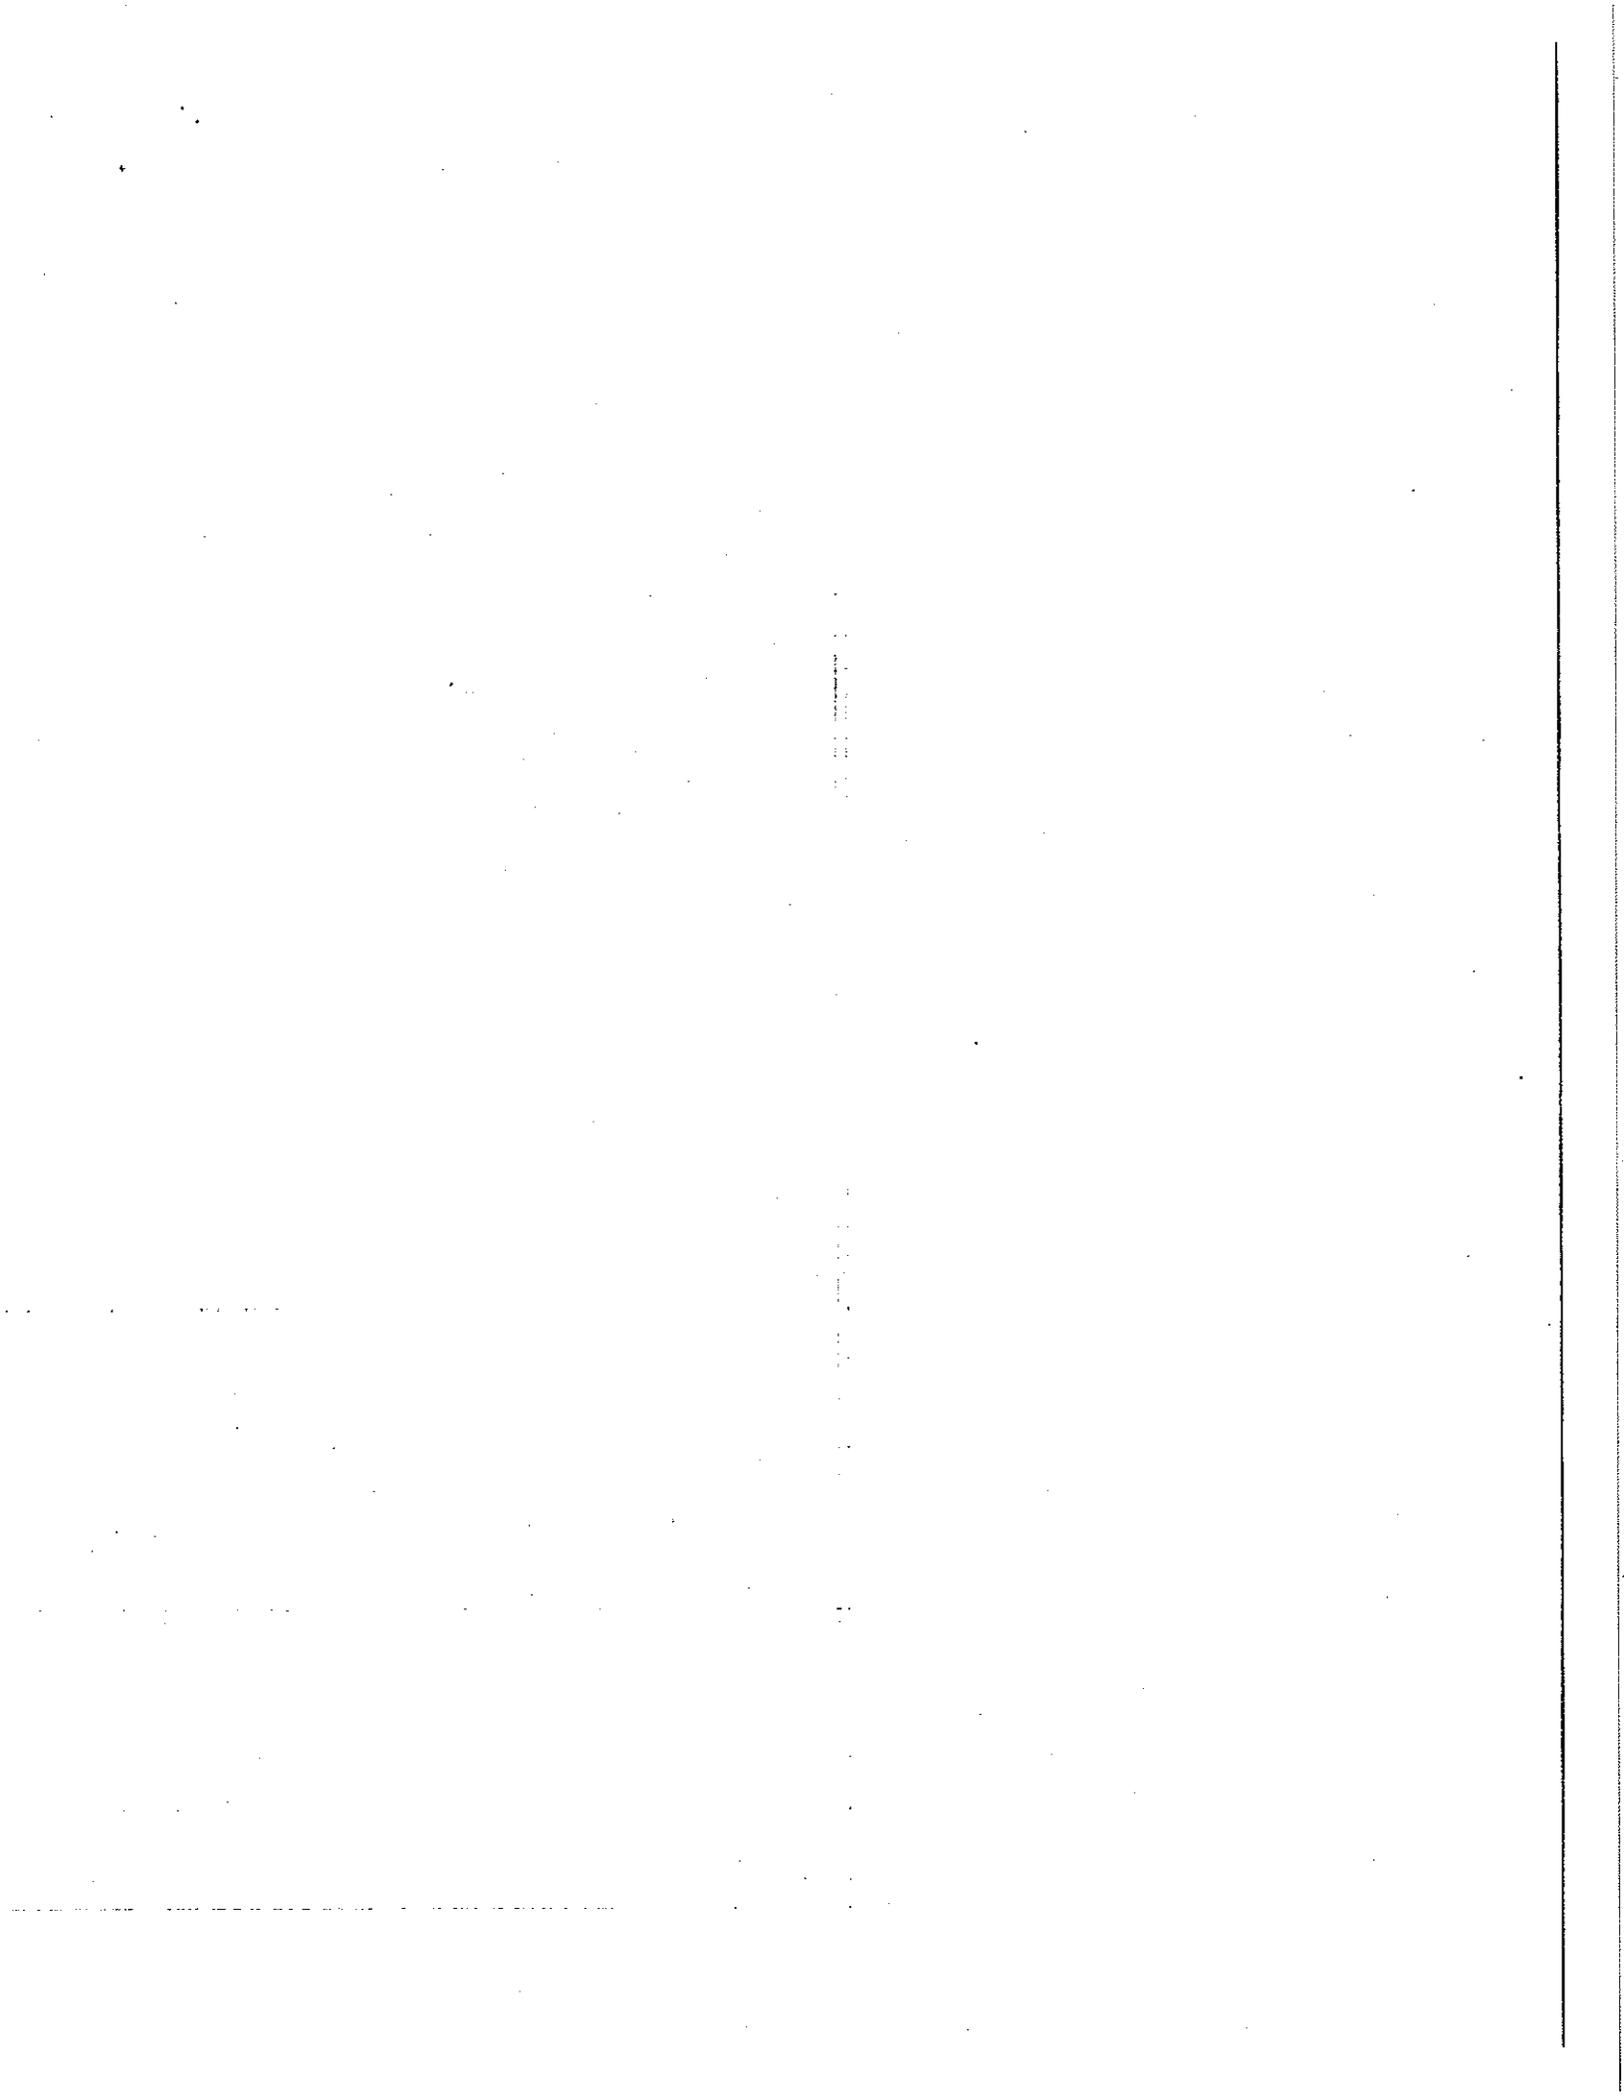

On a personal level, I have followed his progression through the years. During that time, he has demonstrated to me a strong commitment to the field of orthopedic surgery and to his family, especially his son. With this, he has a strong base of ethics. I have found him to be thoughtful and dependable, which he manifests with diplomacy.

I can be reached by telephone at (954) 978-8842 if you wish to speak to me or if you need additional information.

Very truly yours,

Steven Silberfarb, D.O.  
Board Certified Orthopedic Surgeon

RE: Steven T. Puccio, D.O.

To Whom It May Concern:

Please accept this character reference in support of Steven T. Puccio, D.O.

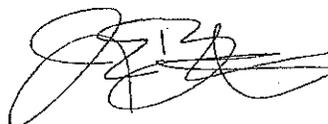

I have known Steve for approximately 8 years as personal friends as well as working together in the operating room at St Luke's Hospital.

I know Steve to be a person of the highest character for truthfulness, decency, professionalism; dedicated, caring family man and physician. He has the full trust of his colleagues with which he works and patients whom he treats.

In the time I have known him he always puts others needs first often sacrificing of his own time and personal benefit. I have known him to be nothing short of a compassionate and selfless person who wants to help his friends and patients. In the years that I've known him, we have partnered to help deliver spinal cord stimulation therapy to over one hundred patients in that time helping to alleviate their chronic pain. These patients are some of the most challenging patients a spine surgeon will work with and for that reason many never get involved with them. Steve embraces them and works to help them not only surgically, which is the straight forward part, but also with support and compassion for the psychological challenges that come with these patients. He spends as much time as necessary during visits ensuring that these patients feel comfortable and cared for, and will see them back as often as necessary until this is the case. Of all the surgeons I have the privilege of working with Steve is by far the most compassionate and caring I know.

I can be reached by telephone at (570) 301-8477 if you wish to speak to me or if you need additional information.

Respectfully,

Jonathan Bilbow

RE: Steven T. Puccio, D.O.

To Whom It May Concern:

Please accept this character reference in support of Steven T. Puccio, D.O.

I have known Dr. Puccio for approximately 4 years as an orthopedic surgeon and as a leader in the orthopedic department at St. Luke's University Health Network. Dr. Puccio and I work closely together and interact with each other on a weekly basis. In the time I have known Dr. Puccio, I have seen how he treats his patients, co-workers, and myself with the upmost respect and care. He has always been extremely professional with everyone he interacts with while at work. He always has a positive attitude in every situation and looks for the good in others. From the 4 years I've known him, he truly cares about the well-being of others. I am a perfect example because in 2012, I was diagnosed with an illness and when Dr. Puccio found out about this, he was very supportive of me and always asked how I was doing. I hosted an event for the general population and he came to support me and for the cause. Another example that shows his caring and compassionate personality was when I went to pick up a medical supply for myself that insurance would not cover, as I went to pay for the item, the staff explained to me that Dr. Puccio had already purchased it for me. I immediately broke down in tears and knew I had a guardian angel watching over me. In conclusion, Dr. Puccio is a wonderful, caring, honest, and genuine physician. He has displayed these characteristics to me on multiple occasions.

I wanted to write this letter today because I know what a great person and physician Dr. Puccio is and always has been. I can be reached by telephone at 484-560-6774 if you wish to speak with me or if you need additional information.

Sincerely,

Luz Brandon

May 4, 2016

To Whom It May Concern:

Please accept this character reference in support of Dr. Steven T. Puccio.

I have known Steve since I began my career as a physician assistant in 2001. As one of my mentors, he taught me the technical aspects of being a medical provider in the specialty of orthopedics. Steve modeled everything from evaluation and diagnosis of patients in the office setting to improving skills in the operating room. He allowed me to flourish by offering encouragement and guidance tempered with patience. Working side by side with Steve for the last fifteen years, he always treated me with the utmost respect.

As a skilled spine surgeon, he always strived to make improvements, not for himself, but for the benefit of his patients. But what I observed most about Steve was the manner in which he interacted with his patients. Each patient received his undivided attention. He took as much time as was needed to thoroughly explain the diagnosis, course of treatment and answer any questions. He treated each patient as an individual person.

In 2006, I transitioned to the role of orthopedic sales representative. I continued to work with Steve on a weekly basis and observe his dedication to both his patients and colleagues. He treated the hospital staff with the utmost respect. He was passionate about his work and dedicated to teaching the residents. Last year, Steve was kind enough to go out of his way to care for my father -in -law, during a medical emergency. When I reached out to him for advice and help, he did not hesitate. His quick response/ treatment aided in minimizing my father-in-law's pain and expedited his recovery.

In summary, it is difficult to find the type of talent and dedication that Steve Puccio possesses. He brings to his field the skill, dedication and passion, which improve the quality of life for so many people. I look forward to working with Steve for many years to come.

If you need any additional information, please do not hesitate to contact me at 484-358-4217.

Sincerely,

David Kane  
Orthopedic Sales Associate  
John Hall and Associates

5/3/2016

To Whom It May Concern,

Please accept this character reference in support of Steven T. Puccio, D.O.

I have known Steve for approximately four years as a personal friend and working together in the operating room and his offices at St. Luke's Hospital.

Steve is truly a one of a kind individual. As I have gotten to know him more and more each year; the more truly admirable character traits begin to shine through. The first character trait that best describes Dr. Puccio is his care of the well-being of others. As a physician, Steve truly cares about each of his patient's well-being. This includes their physical condition, as well as their comfort level in his office and his ability to listen and truly understand each of their personal needs. However, his care for others goes beyond his job as a healthcare professional into his personal life. I, along with countless others can always rely on Steve to be there to listen, or lend assistance when needed. He is a true humanitarian in his everyday life.

Steve is also an incredibly hard-working and dedicated individual. In getting to know Dr. Puccio in the operating room and in his practice, his endless desire to please others shines through. Many times, this means him sacrificing his personal and free time because he truly wants to. Dr. Puccio has also volunteered his time to assist local high school team's as their acting physician. It has truly been an joy to get to know Steve over these past four years and I look forward to continuing our friendship in the future.

I can be reached by telephone at (717) 682-5524, or by e-mail at [nate.mast6@gmail.com](mailto:nate.mast6@gmail.com) if you need any additional information, or if I can be of more assistance.

Respectfully,

E. Nathan Mast

RE: Steven T. Puccio, D.O.

To Whom It May Concern:

Please accept this character reference in support of Steven T. Puccio, D.O.

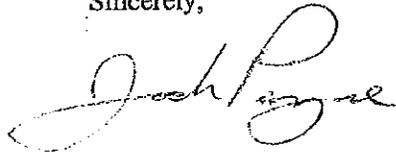

I have known Steven Puccio for approximately 12 years as both a business partner & friend.

I have known Steven in that time to be a person of the highest character for truthfulness, decency, professionalism and most importantly a loving family man to his son Aiden.

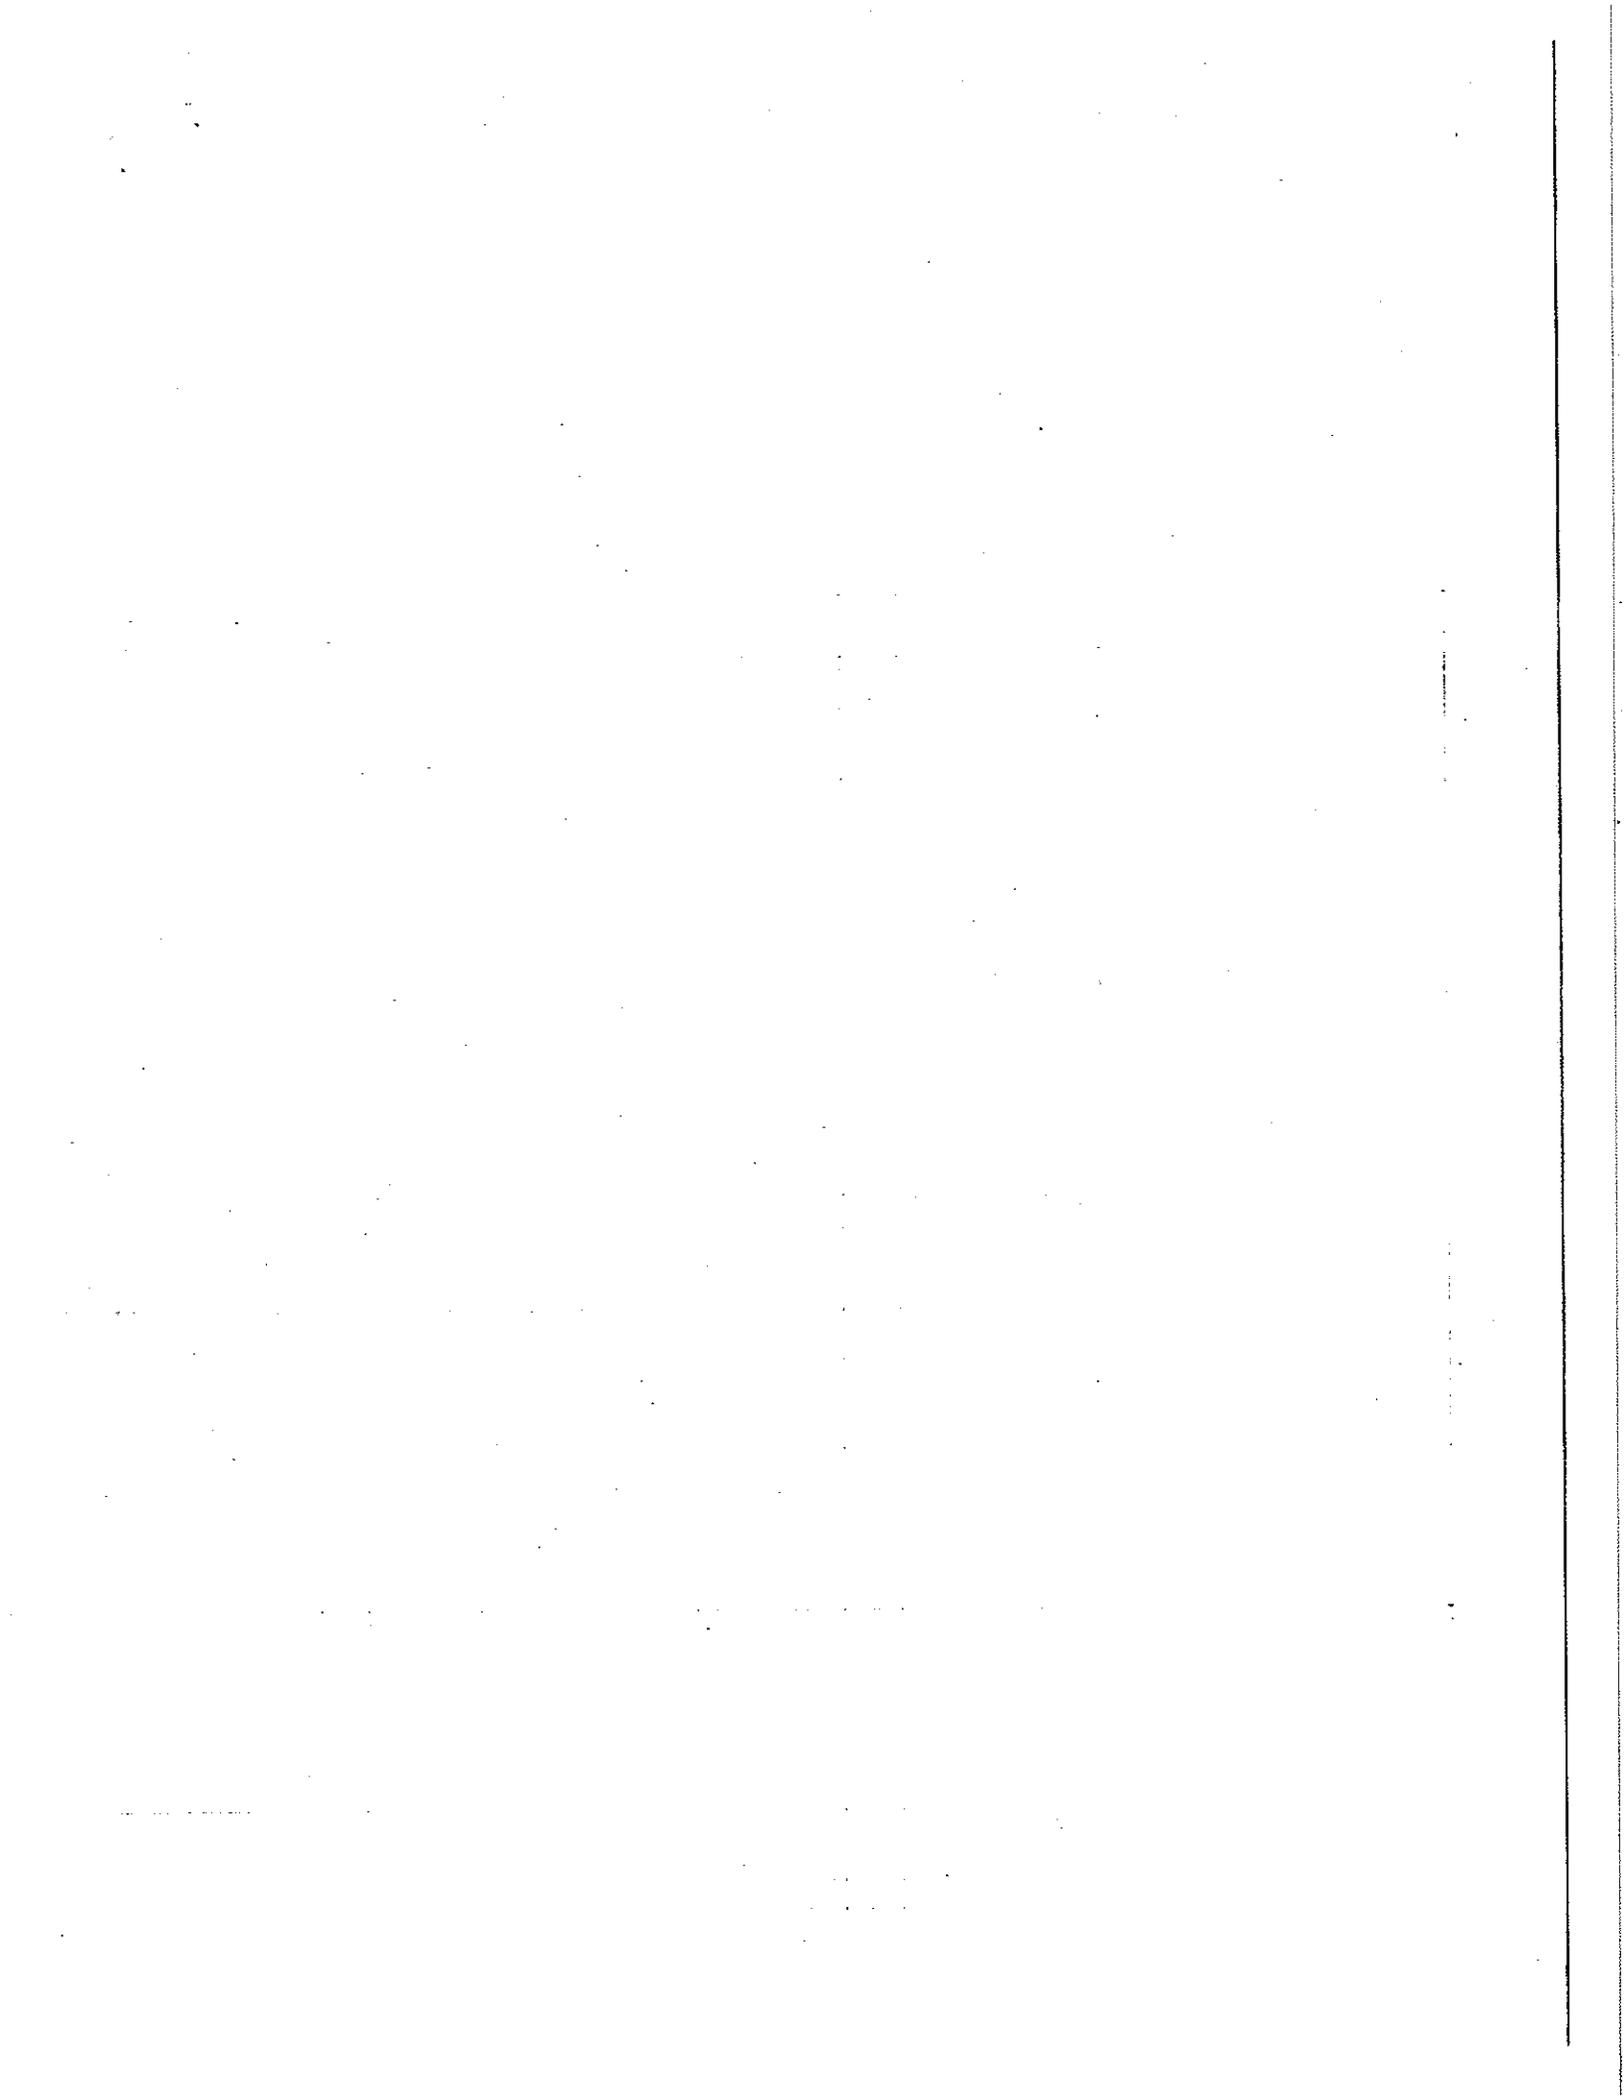

In the time I have known Steven he has made every effort to provide a stable home and lifestyle for his son Aiden. He has done so selflessly... and continues to do so despite these present circumstances. The only thing that truly matters to him is that Aiden grows up to be a well-rounded young man. Thusly we all know that this is no small task... as for the vast majority of Aiden's life Steven has had to do this as a single parent (without much support). I commend Steven's efforts in this capacity and know him to be a wonderful father.

I can be reached by telephone at (845)596-6056 if you wish to speak to me or if you need any additional information.

Sincerely,

A handwritten signature in cursive script that reads "Josh Payne". The signature is written in dark ink and is positioned below the word "Sincerely,".

Josh Payne

Re: Steven T. Puccio, D.O.

To Whom It May Concern:

Please see below my character reference of Steve.

I have known Steve since the late 1990s. I originally met him in a work capacity, as I was trying to gain his business and have him as one of my customers. We became friends very quickly, as Steve is one of the nicest, most down to earth, caring, sincere, and generous individual I have ever met. It took me several years, and a few companies later, to gain his business. Although we were friends, Steve wouldn't switch his business over to me until I had products that he believed were of a superior quality to ensure his patients would receive the absolute best care that he could provide. Steve's case load with me increased over time, and I can honestly say that he is among the very best surgeons I have worked with during my almost two decades in the operating room. What makes him the best is not just his skill as a surgeon, but his complete dedication to serving his patients. He always puts them above all else.

Over the years, Steve has served as our doctor and treated every member of my immediate family. We have complete trust in him, both as a physician, and as a person of utmost integrity. I know that at any time, day or night, whether a weekday, weekend, or holiday, Steve is available if I, or anyone I know, should need his assistance. This behavior is by no means limited to my family. He is an unbelievably great father, both to his son, Aydan, and to his step-daughter, Katlyn. Steve has put any differences aside regarding his ex-wife, Rachel, and has continued to support her, both financially and emotionally, many years after he had any legal obligation to do so.

I hope, from this very brief letter, I have been able to convey my thoughts as to what makes Steve such an outstanding person. I am extremely lucky, and proud, to call him my friend. Please feel free to contact me at any time regarding Steve.

Sincerely,

Brad Baum  
Territory Manager, Stryker Spine

Dear Sir or Madam:

Please accept this character reference in support of Steven T Puccio, D.O.

I have known Dr. Puccio for approximately 10 years as a physician with the orthopedic group within the St. Luke's University Health Network.

I know Steve to be a truly dedicated physician.

He has provided expert, professional and compassionate care to myself and family members. Steve is a competent and confident surgeon who devotes a great deal of time to understanding the needs of his patients. He has also continued to hone his skills through further education and training.

I can be reached by telephone at 610-867-4066 if you wish to speak to me or if you need additional information.

To: All Persons of Interest

I was very disappointed to discover that my Orthopedic Surgeon, Dr Steven T. Puccio would no longer be available to me at St.Lukes.

I have known Dr. Puccio since 2002 as a surgical patient and recipient of numerous major surgeries (neck, shoulder, lower spine, and hip) performed by him. I recognize him as being a compassionate, enthusiastic, competent, and understanding professional. He is, and has always been dedicated one hundred percent to his practice of medicine and surgery. He has always expressed empathy when evaluating my numerous problems. He listens closely to my complaints. He never rushes me through and spends the time to explain the issue in a manner that I can understand. He gives me options for the available procedures and recommended treatment. These are the reasons that I have complete trust and respect in him and find him to be outstanding. He had even released his private telephone number to me so that I could contact him with any issues I may be having about my medical situation. How many patients can say that about their physician?

I find Dr. Steven Puccio to be a highly skilled professional. He has always demonstrated the highest character for truthfulness, dedication, and professionalism as an individual and a physician.

If you would like to contact me, I can be reached by telephone at 610-838-9127.

Sincerely,

RE: Steven T. Puccio, D.O.

To Whom It May Concern:

Please accept this letter as a character reference in support of Steven T. Puccio, D.O.

I have known Steve for approximately 12 years, in both a professional and personal manner. First, in the capacity as my physician and surgeon, and then, as time went on, a personal friend.

I know Steve to be a person of the highest character for truthfulness, professionalism, dedication, decency, caring family man and physician.

In the time I have known Steve; I have seen him interact with other members of his practice, patients and family members. Again, he has earned my respect many times over. Not only has Steve treated me on numerous occasions, he has treated members of my family, all in the utmost professional and respectful manner. In fact, knowing Dr. Puccio as well as I do, if I needed cardiac related surgery and Steve said he could perform the procedure, I would want him to do so. I have the highest respect for this man.

Please feel free to contact me if you would like to speak directly to me or if you would need any additional information.

Attorney Janet Jackson  
Jackson Law, LLC  
607 Monroe Street  
Stroudsburg, PA 18360

Re: Steven T. Puccio, D.O.

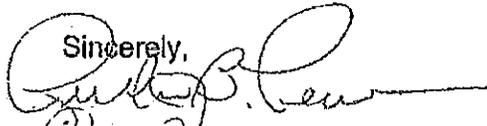

Dear Attorney Jackson,

It has been our privilege to have known Dr. Steven Puccio for over six years; as we are members together at Bethany Wesleyan Church, Cherryville. While considering Dr. Puccio as a close friend, he is also our orthopedic surgeon. In the six years we have known each other, Dr. Puccio has performed spinal fusion surgery, three orthoscopic knee surgeries and most recently bilateral knee replacement. While Rick was the beneficiary of Dr. Puccio's expert care, Dr. Puccio always made himself available to both Shelly and I with open communication regarding his condition and progress. As parents of five children, we would have no hesitation in entrusting their health to Dr. Puccio.

As a member of the Bethany Wesleyan Church Local Board of Administration; I, Richard, can attest to Dr. Puccio being held in high regard with the pastoral staff and church leadership. Dr. Puccio has treated many of our congregants and his reputation as a knowledgeable, honest and passionate physician speaks volumes about the true nature of his heart. Dr. Puccio has contributed generously to the church in so many ways.

If we can be of further assistance to you, please feel free to contact us at any time.

Sincerely,

Richard B. Pender

Richard & Shelly Pender

To Whom It May Concern:

Please accept this letter as a character reference in support of Dr. Steven Puccio.

I have known Dr. Puccio for approximately two years. I met him at a time when I was injured and experiencing serious back pain. I needed a physician I could rely on and trust, so I could overcome these issues. I did not want to miss work, take any more medications than needed, and also wanted to continue being active (e.g. running, working out, etc). Dr. Puccio made all that a reality. Following surgery, I returned to work after only a couple weeks and was also running and working out a short time later.

While dealing with my back injury and treatment I came to know Dr. Puccio. We have had many discussions; we've talked about our professions, families, and other things friends discuss (e.g. current events, sports, other friends). I firmly believe that he is a dedicated medical professional and devoted father and husband. He has always been an extremely honest, knowledgeable, trustworthy, and professional-as a doctor and friend to me. That is why I have nothing but support for him and would recommend him to anyone else that may be seeking a dedicated, knowledgeable, trustworthy doctor.

I can be reached at 484-619-0049 if you need any further information.

Sincerely,

A handwritten signature in black ink, appearing to read "Daniel J. Reagan". The signature is stylized with a prominent vertical stroke and a horizontal line extending to the right.

To whom it concerns:

Please accept this character reference in support of Steven T. Puccio, D.O.

I have known Dr. Puccio for approximately 6 years as a friend, Church member, and my Doctor.

He is the only Doctor that I can truly say has helped me and my family members with our ortho. Problems.

Dr. Puccio is very professional he tells you exactly what to is involved with the procedure and how he will do it. He is also kind, dedicated, decent and friendly professional Doctor.

As long as I personally know him he has never told me anything wrong, never treated me wrong, or for that matter I never have seen him treat any one badly. I want to have him fix my trigger finger, but now I have to wait or find someone that I can trust like Dr. Puccio.

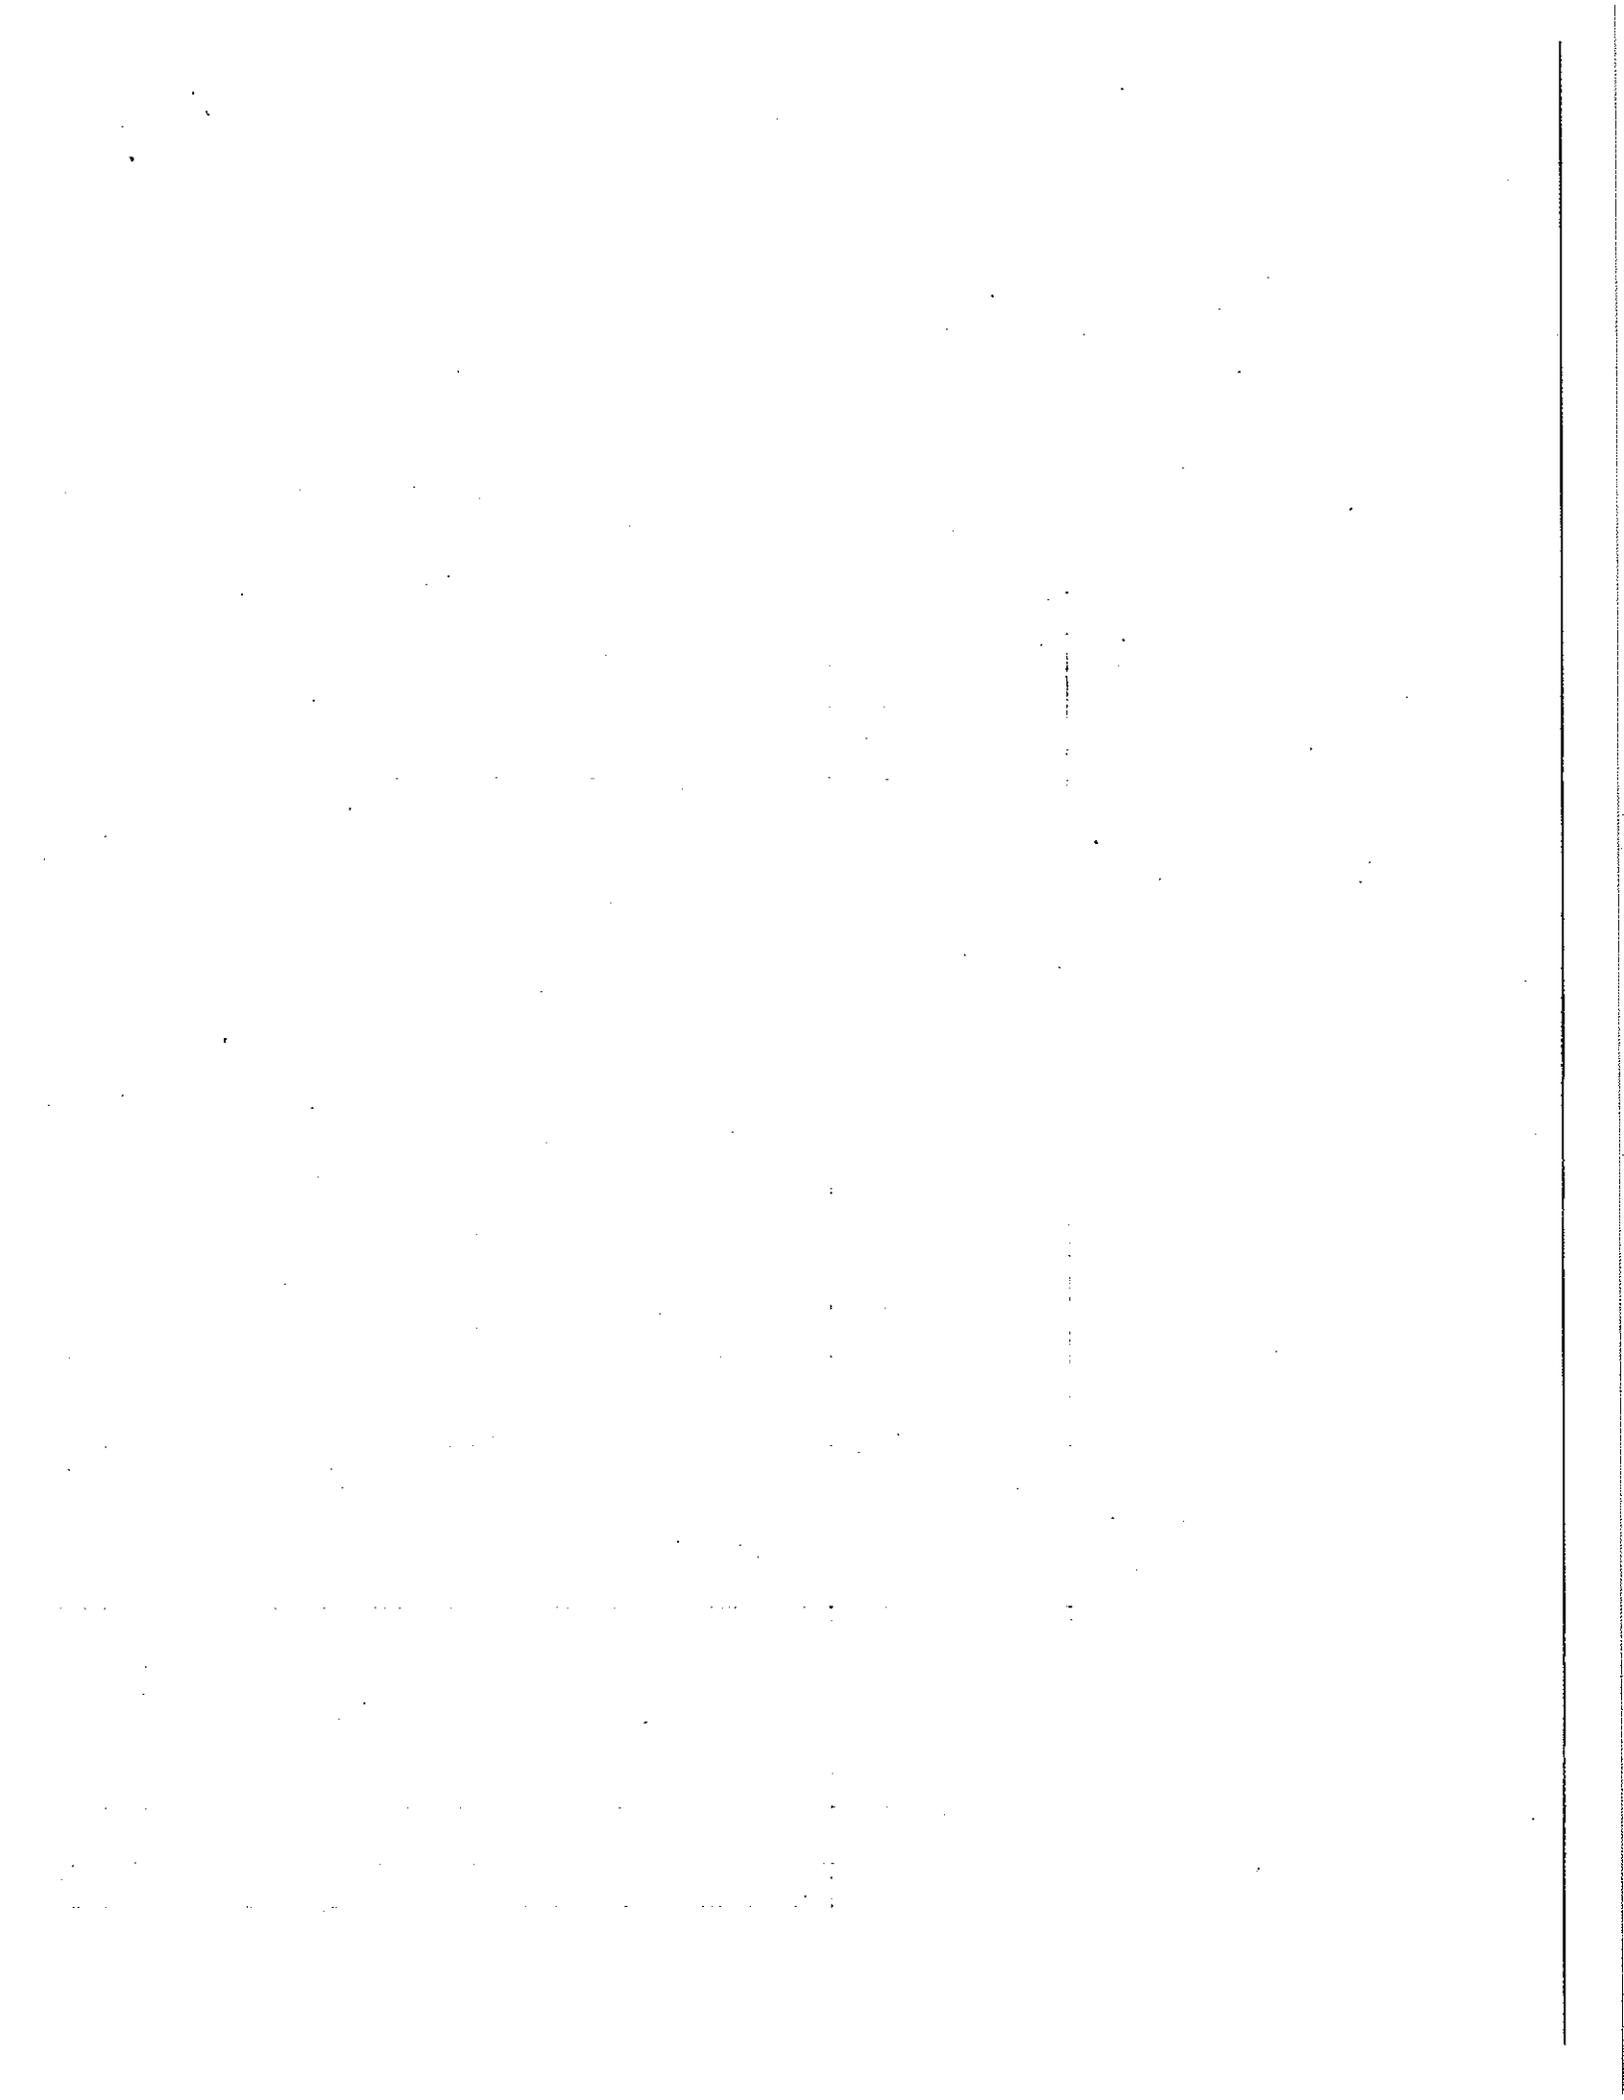

I can be reached by telephone at 610-349-7107 if you wish to speak to me or if you could us me in any way to help Dr. Puccio.

Thank you,

Barry J Weirback

RE: Steven T. Puccio, D.O.

To Whom It May Concern:

Please accept this character reference in support of Steven T. Puccio, D.O.

I have known Dr. Puccio for approximately 10 years as both a friend and a patient.

I know Dr. Puccio to be a person of the highest character for truthfulness, decency, professionalism; dedicated, caring family man and physician.

In the time I have known Dr. Steve, I have seen him as a very caring and compassionate person. His interaction with people on Sundays at church when they share their physical concerns is so very tender and caring. He always takes time to listen and do his best to assist them if possible. He's highly respected by many and people are so comfortable talking to him. As a person on the medical team during church services, he is very professional and so kind and compassionate to the individual having a medical issue.

Personally if Dr. Puccio had not intervened in my physical condition of my back, I do not believe I would be walking today. He has made himself available for questions or fears I may have had following surgery.

I have seen his involvement in his son's life through his volunteerism in the sports program at Bethany. Seeing his son snuggle up to him when sitting in service is priceless.

I can be reached by telephone at 484-241-5528 if you wish to speak to me or if you need additional information.

Sincerely,

Peggy Ziegenfuss

Thu, May 5, 2016 at 3:02 PM

To: Steven Puccio &lt;stevenpuccio@gmail.com&gt;, Jackson Law &lt;jacksonlaw607@gmail.com&gt;

To Whom It May Concern:

Please accept this character reference in support of Steven T. Puccio, D.O.

I have known Steve Puccio for the past 6 years as a parishioner of Bethany Wesleyan Church and as a friend.

I have found Steve to be very approachable and very helpful in a number of different areas. I have observed him assisting children and adults in many different situations.

An elderly couple in our church celebrated their 61st wedding anniversary last year. The wife was experiencing more and more pain and after attending the church each week for many, many years, she got to the point she could no longer attend services with her husband due to the pain in her back. Dr. Puccio had her come to his office and go through some testing and he performed an operation on her and her husband told me that following the surgery she was not experiencing any more back pain.

Although a busy physician, Steve found time to volunteer on a regular basis on the church medical team for our weekend services. One Sunday morning when we had approximately 1000 in our church, a man fell over in our lobby. Dr. Puccio immediately attended him and spoke to his wife to further assess the situation. By the time the ambulance and EMTs arrived, Steve had assisted him and he was able to be safely transported to the hospital.

I have also been able to observe Steve interacting with his son, Aydan at various times. Whether he is cheering for him on the sidelines at the football field or when he brings his son to church, Steve takes parenting Aydan very seriously. I personally believe that Steve has played an extremely important role in the life of his son, who will soon be entering the teen years. The next few years will play a critical role in the life of his son.

If you have additional questions for me, I can be reach at the office at (610) 767-1239 or on my cell phone at (717) 989-8000.

*Peggy Ziegenfuss*  
Administrative Assistant  
Bethany Wesleyan Church

May 3, 2016

To Whom It May Concern:

One of the first impressions I had of Dr. Steve was that he is a concerned, dedicated man. He volunteers to help in many of the ministries at Bethany Wesleyan Church in Cherryville. It is inspiring to see a highly skilled physician involved in so many volunteer ministries such as setting up/tearing down for events, coaching flag football, and coaching Upward basketball for children. He is involved in teaching them the fundamental rules of the game and good sportsmanship conduct.

Dr. Steve also serves as a volunteer on the medical staff at the church. I am always amazed how he treats everybody with compassion and concern when they need medical attention during the worship service. Little did I know that I also would be a recipient of Dr. Steve's help when after years of chronic pain, I, too, passed out during the service. Dr. Steve sent me by ambulance to St. Luke's Hospital on Sunday and he operated on me by Tuesday. That surgery literally changed my life for the better.

I watched him as the medical attendant of the Northampton football game give comfort to the parents of a player that was injured in the game. I am always impressed at how this highly-skilled physician treats everyone with respect, courtesy and compassion. His entire life is devoted to helping people whether it is volunteering in the church, in the community or providing service in his craft.

I am aware of the accusation that led to the termination of Dr. Steve at St. Luke's. This is a time when the law and the human element must be considered. Dr. Steve's termination has affected hundreds of lives, his patients, past, present and future, his fellow workers, friends, church members, family and most of all his precious 10 year-old son, Aydan, who idolizes his father. Aydan has, in his short life, seen his parents go through a divorce and his mother incarcerated multiple times. Now Aydan has a solid family with Steve's new wife, Caitlin, who loves and adores him. This has changed Aydan's life for the better.

Any further legal action against Steven T. Puccio, D.O., who is extremely remorseful, would be a travesty of justice and will only serve to bring more damage and harm to all concerned, especially his 10 year-old son.

Sincerely,

Ken Everett, Business Administrator  
Bethany Wesleyan Church

To Whom It May Concern:

May 3, 2016

Please accept this character reference in support of Steven T. Puccio, D.O.

I have known Steve Puccio for 12 years as a friend and as a parishioner of Bethany Wesleyan Church.

It has been my opportunity to be with Steve in social settings, church settings and I have visited him at his office.

Steve has stood out to me as a person that has made himself available for volunteer service at the church. He has served on the medical volunteer team for various large scale events as well as weekend services. We have approximately 900 attendees each weekend. There have been numerous times that Steve has assisted by assessing situations and by being a calming presence in various emergencies. One particular weekend he assisted an elderly parishioner whose family thought she had the flu. He assessed her situation and it became clear to him that she was suffering from a much greater issue and he recommended she go to the hospital for testing. It was discovered that she had an obstruction which required surgery. That day the helpful operation was performed and she recovered nicely.

One of our parishioners fell about 14 feet while trimming a tree and badly broke both hands and both wrists and sustained other injuries. Steve was able to do strategic surgery to put him back together. I was with this parishioner recently and asked him how he was doing. He showed me his range of motion, grip and I watched him help with all sorts of tasks we were doing that day.

The Business Administrator at my office had been suffering a lot from various issues in his lower back and hip. He was in pain daily and it was quite obvious. He went to see Steve and a plan of action was agreed upon. Steve performed a very helpful surgery for the BA. That surgery was quite beneficial as it relieved the majority of his discomfort. He returned to work and is now functioning in normal ways.

My Office Manager experienced excruciating discomfort in her back while pulling weeds and the pain would not go away. When Steve heard about this he adjusted his Sunday schedule and asked if she would meet at the hospital for x-rays. They saw that she had multiple fractures in the vertebrae in her back. The fractures were due to a condition the OM did not know she had. That Sunday Steve repaired the injured vertebrae and the OM was able to return to work and is doing well without pain.

I was having issues with my hip and went to see Steve. He performed a series of tests and deduced that my discomfort was due to one leg being slightly shorter than the other. No surgery needed. He scheduled me with a podiatrist and I am better off because of it.

The community where Steve serves as a physician is a better place because Steve is in practice there.

Many of my friends and acquaintances have met with him for health situations and have been greatly helped by him. I sincerely hope that Steve can remain a physician who is available to help hurting people. This is what he is gifted to do.

Steve's son, Aydan, is full of energy and quite sharp. I have watched Steve spend time at the football field watching and cheering on his son. I have seen them spend time interacting at family gatherings. Steve takes his son to church and has sought to provide a solid educational experience for him. I believe it is Steve's desire to serve as a positive influence on Aydan both now and in the days ahead.

I can be reached by phone at 610-360-0749 if you wish to speak to me or if you need additional information.

Sincerely,

Kevin Fetterhoff

To Whom It May Concern;

Please accept this character reference in support of Steven T. Puccio. D.O.

I have known Dr. Puccio for about 12 years as one of his pastors. I know him to be a man with a huge heart for people who are hurting physically, mentally, emotionally, and medically. He is a sensitive and caring father to his son. He listens carefully and acts decisively with a God-given instinct that moves patients toward healing. His name has become a household name in our large congregation for those needing surgery. As well as his own practice he also have given many hours to our church by being on call when he is on site. Once again, his presence has calmed and directed many medical emergencies at our church.

His value to the medical community and to those of us who know him is beyond estimating. He is obviously on the cutting edge of his profession, and it deeply concerns me that in any way his profession would be in jeopardy. He is needed as a father, as a surgeon, and as a friend to his church family. I believe he is worth all efforts that can be made to bring about full restoration of his medical career and his personal life.

I can be reached at 610.442.5587 if you desire additional information.

Sincerely yours,

Rev. Scott L. Weldon  
Staff Pastor  
Bethany Wesleyan Church  
Cherryville, PA

RE: Steven T. Puccio, D.O.

To Whom It May Concern:

Please accept this character reference in support of Steven T. Puccio, D.O.

I have known Steve for approximately 10 years as his pastor and counselor as well as friend and surgeon for my wife Nancy.

I know Steve to be a person of the highest character for caring about his family, decency, professionalism; dedication, and showing compassion to his patients.

In the time I have known him, he has struggled to protect his son from his former wife, who has managed through her addiction to abandon her son time and time again. He has struggled for many years to help her get the help she needs in order to be a decent mother, even at great personal risk and expense. He has negotiated difficult relationships with her family as well.

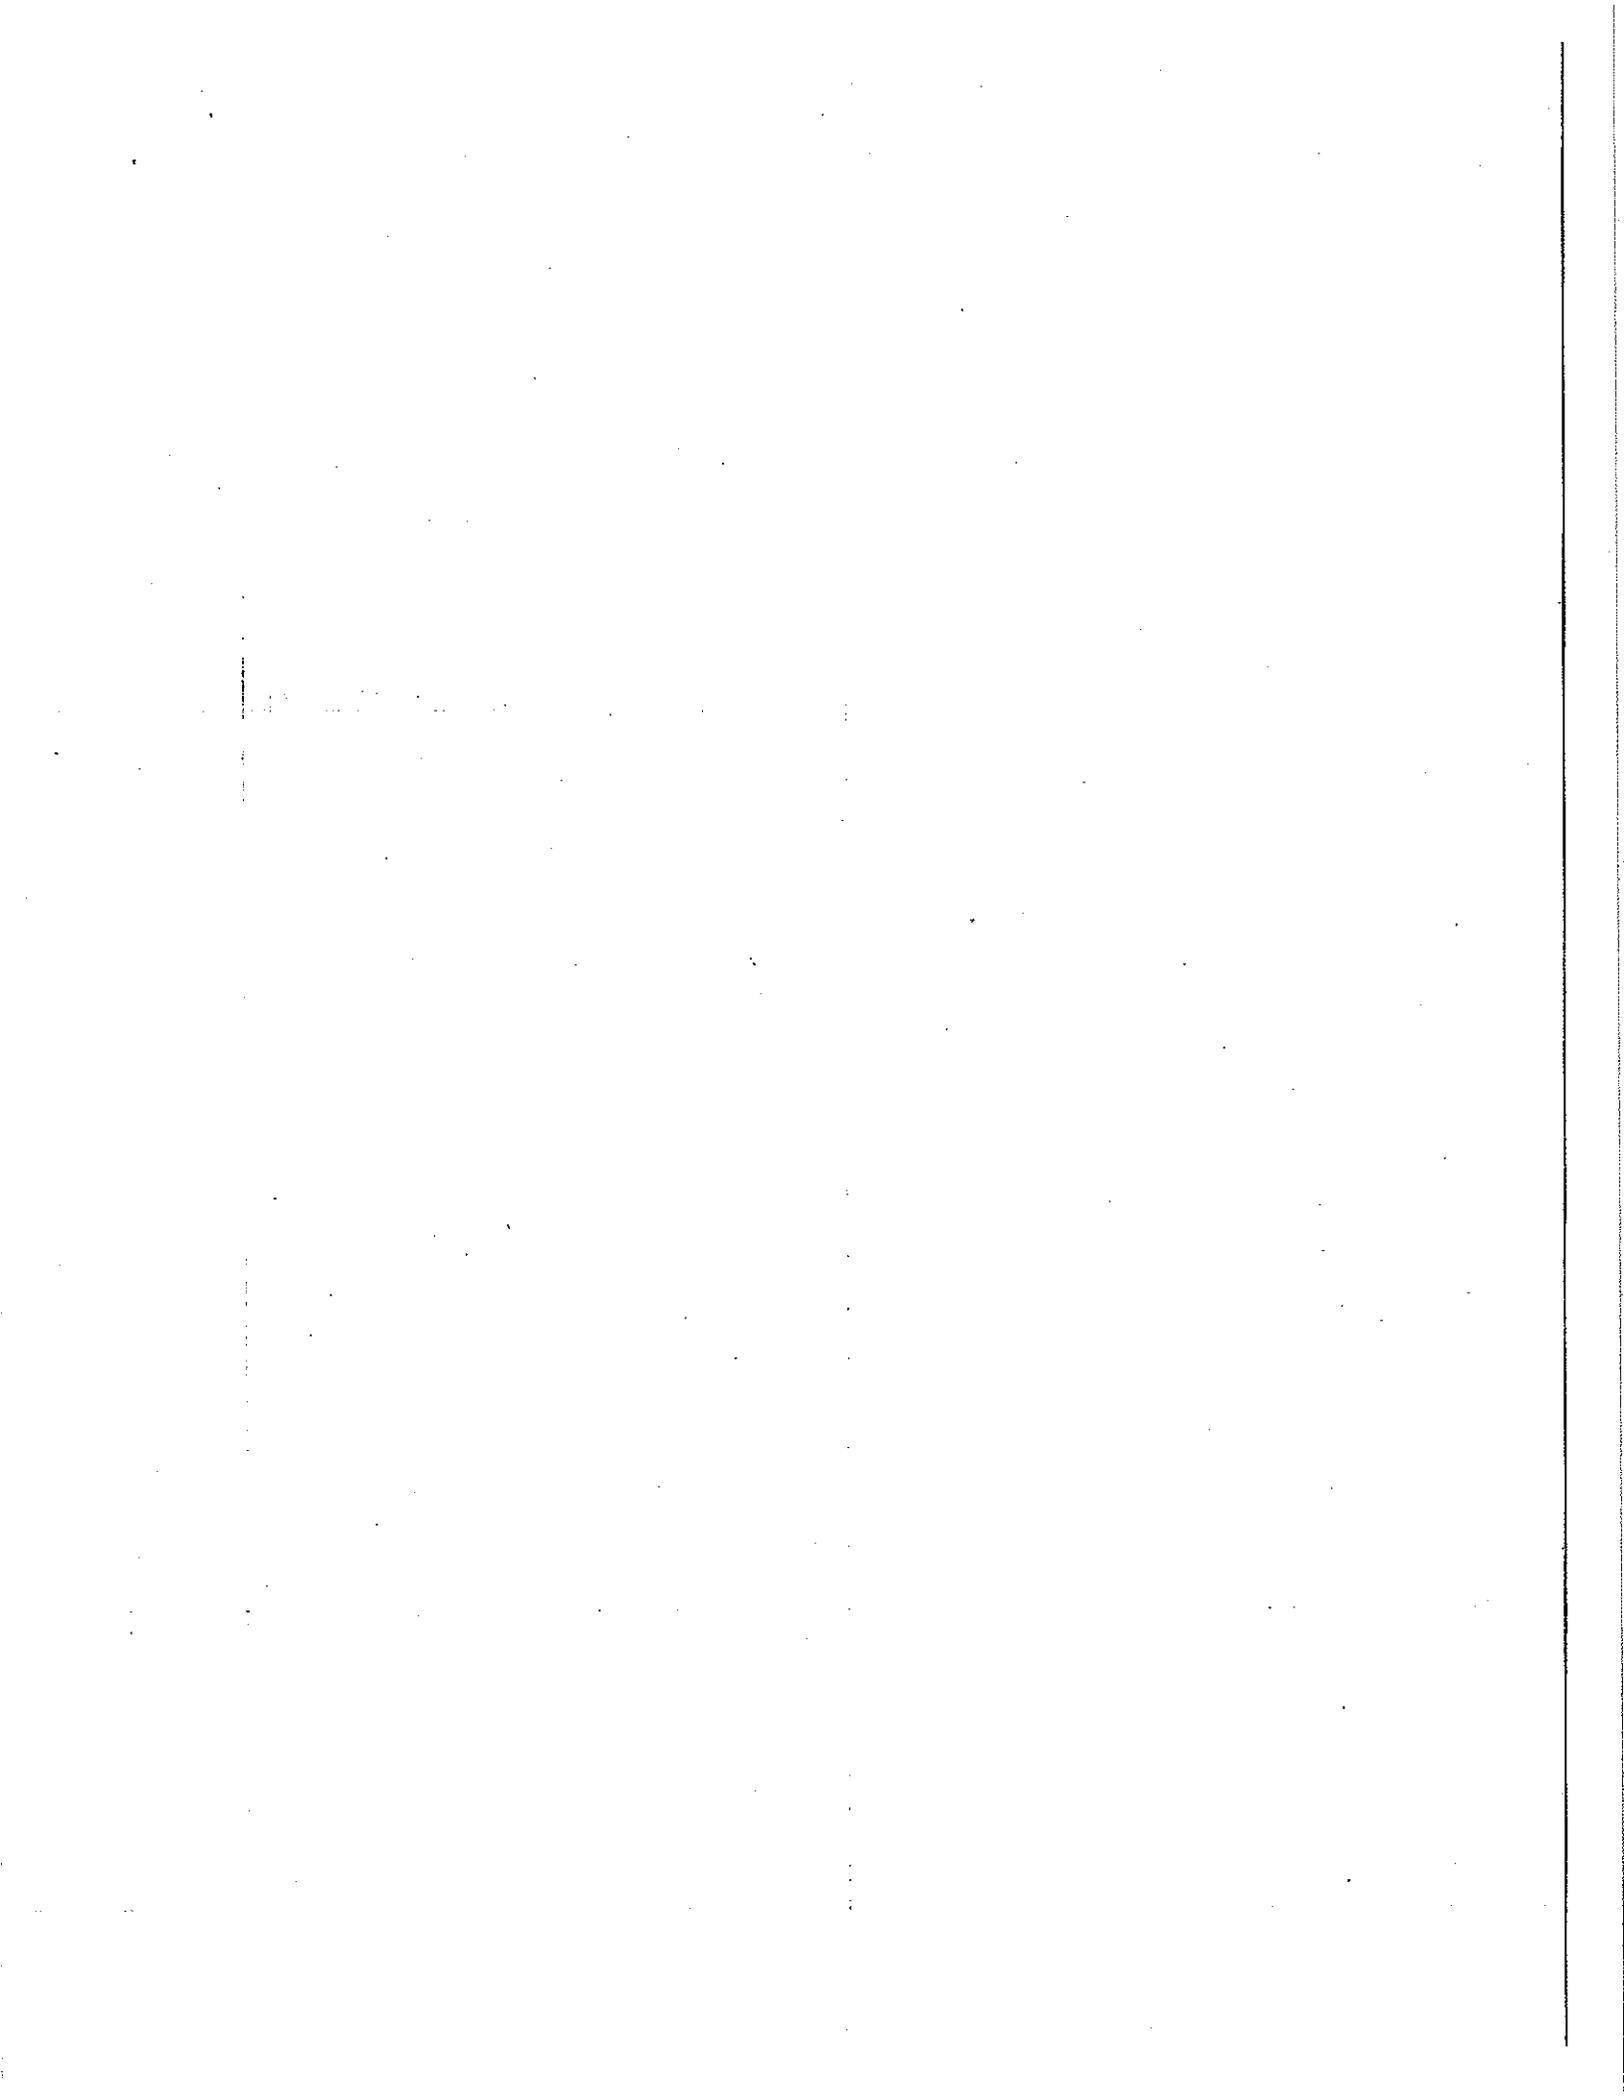

Steve has performed two critical surgeries on my wife Nancy, both back and neck fusion. She has been able to go from living on narcotics to being pain free through his giftedness and expertise.

I can be reached by telephone at 610-703-5090 if you wish to speak to me or if you need additional information.

Sincerely,

Rev. Rod M. Zottarelli MA MFT

RE: Steven T. Puccio, D.O.

To Whom It May Concern:

Please accept this character reference in support of Steven T. Puccio, D.O.

I have known Dr. Steven Puccio for approximately 12 years as a part of my family. Steven became a part of my family through the marriage to my cousin, Rachel Puccio.

I have always known Steven to be a generous, kind, hardworking and loyal family man.

Even through the hardships of the divorce, Steven always went out of his way to include his son, Aydan, in our family and Steven continues to be a loved member of our family. He has endlessly gone out of his way to help our family in any way possible. If he was not able to help, he would find someone who could. We will always be thankful for his generous heart.

Steven's generosity goes far beyond our family. I have always known Steven to help anyone in need. Steven volunteers his Sundays to help anyone in medical need at his church and is loved and appreciated by many for his care.

As a father, Steven has always put Aydan's well-being first and foremost. He has gone above and beyond to give Aydan a normal life through the hard situations he has had to go through in his life. Steven has done an amazing job raising a wonderful, loving, well-rounded boy despite the difficulties life has handed him.

It is from my personal experience that Steven is a man of good character and integrity. He has always been a loyal, trustworthy, hardworking, dedicated family man and I am proud to have him as my family.

I can be reached by telephone at 484-358-6996 if you wish to speak to me or need additional information.

RE: Steven T. Puccio, D.O.

To Whom It May Concern:

Please accept this character reference in support of Steven T. Puccio, D.O.

I have known Steven for approximately 12 years. Steven came into our family when he married my cousin, Rachel Puccio.

Over the past 12 years, I have gotten to know Steven on a more personal level. Steven has shown to be a trustworthy, dedicated family man, a good provider and a man of his word, to name a few. Steven has been a blessing to our family as a whole and I am personally thankful for him.

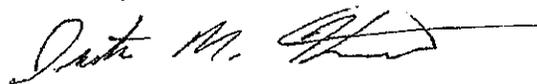

Steven has shown to be a man of good character. Over the years I have developed a solid friendship with Steven. I have been able to go to him with the struggles of everyday life and know that I can trust him. Steven has been there for me when I needed someone to talk to. He has earned my trust and shown how to be a friend. I have trusted him in watching my children. My son has had sleepovers at his residence and loved staying there with him and his family he has now.

Just as he cares for my family, he cares even more for his own. Steven is dedicated to his wife Caitlyn and his son Aydan. Steven has been a true role model for his son when his biological mother was not always around. Steven has shown an overabundant love for Aydan and has always been there for him even though his work schedule is hectic. I have learned from Steven that no matter how important work and life is, your family is a priority.

In all, it is from my personal experience that Steven is a man of good character and integrity. He has been there for his family through it all and continues to show these traits in tough times. Steven will always be a part of my family. I know Steven will always be there for me and my family whenever I need him. I am blessed to call him a friend, but I am more blessed to call him family.

I can be reached by telephone at 610-217-4551 if you wish to speak to me or if you need additional information.

Sincerely,

Justin M. Heisler

RE: Steven T. Puccio, D.O.

To Whom It May Concern :

Please accept this character reference in support of Steven T. Puccio, D.O.

I have known "Steve" or "Dr. Puccio for approximately 44 years and 10 months as I am his brother, David Puccio.

I know my brother to be a person of great character in high regards to being truthful, decency, being proud of his professionalism as a physician and his love for his family.

As being Steve's younger brother I believe i know him the best, he has guided me through life making me a better person. I just know my brother would never do anything intentional to hurt anyone especially with these false allegations put against him by his ex wife. I know she got involved with the wrong people and got hooked on prescription drugs on her own not by my brother. I even asked for him to write me a prescription and he said no, so I know she had my brother right where she wanted him and she threatened him with his job if he stopped writing her prescriptions. It's not my brother's fault, any person in this situation would have done the same thing.

My brother has worked hard his entire life to become what he is today, a successful Doctor with a wonderful loving family. I just want it to stay that way because he deserves it.

I can be reached by telephone at 856-870-3606 if you wish to speak to me if you need additional information.

Sincerely,

David Puccio

To whom it may concern:

Please accept this character reference in support of Steven T. Puccio, D.O.

We have known Steven all of his life. As a child he was caring and compassionate. From family, friends, neighbors, animals, he is always willing to help any way possible. This is what Steven is all about! He always gives 100% to whomever or whatever needs his help. I have seen him spend hours figuring out a compatible solution to a problem with a patient. Steven P loves his work. He is a son who makes us proud! We can be reached by telephone at (843-215-6949 if you need additional information, or if you wish to speak with us.

Puccio

Respectfully, David T., & Nancy J.

To Whom It May Concern:

Please accept this character reference in support of Steven T. Puccio, D.O.

I have known Steve for approximately fifteen years as not only a friend but also as a stepfather for four years.

I know Steve to be a person of the highest character for truthfulness, decency, professionalism; dedicated, caring, family man and physician.

In the time I have known him I have learned that he not only is a man of great character, but a loving, thoughtful and wonderful person and father. I was four years old when I first met Steve and was seven when he married my mom. Even before they were married, Steve would spend time with me and take me to do fun things such as buying me Hilary Duff concert tickets and sitting through the three hour concerts that I am sure did not entertain him much, all because he loved me. When him and my mom got married we moved to New York away from my father. Steve quickly became a real father figure to me. We would have family game nights, he would take me trick or treating and he taught me how to ride a bike. Not only did he provide for our family, he paid for me to go to private school for several years, which I greatly appreciate. He also took my mother and I on vacations to see his parents in South Carolina and once to the Bahamas. A few years passed and my mother and Steve told me the great news that I was getting a younger brother, Aydan. Steve was not only a wonderful father to me, but also to Aydan. He was so excited when Aydan was born and I believe anyone could see that. In 2007 we moved back to Pennsylvania when he got a job at St. Luke's Hospital. Steve has always been very close with my mother's parents as have all of us. The entire family loved Steve very much and considered him a part of the family. Steve and my mother were divorced in 2008, and shortly after, my mother's drug addiction began. During the next few years Steve helped her tremendously, even though they were divorced. He paid for her methadone, bought her a house, bought her a car, paid her bills. We all wanted her to get better, especially Steve. He paid over one hundred thousand dollars in treatment for her. He flew her to Florida to a rehab amongst paying for others locally. He was always willing to do anything for her, Aydan, and I.

On top of all of the help he has provided for my mother, he has also helped me in many ways. The years that he was my stepfather he taught me so much, and even though they divorced I have always considered him to be like a father to me. I have maintained a relationship with him and Aydan throughout the years and always will. Steve, his wife Caitlyn, and Aydan asked me to go to Florida with them January of 2015, which I very excitedly accepted the invitation. This was one of the best vacations I have been on and am very thankful to have gotten to do that. A few months later, Steve and Caitlyn asked if I would like to go to the Dominican Republic for their wedding, but unfortunately I was unable to do to schoolwork. I still talk to Steve very frequently and go out for meals with him. I hope what can be gathered from all of this information is that Steve is a thoughtful, and generous person who goes above and beyond for the people he loves.

I can be reached by telephone at 484-767-4922 if you wish to speak to me or if you need additional information

Sincerely,

Katlyn Smith

Docket No: 1486 -53-17

PROFHOINDACTARY  
2017 AUG 10 AM 10:42  
Department of State

## CONSENT AGREEMENT AND ORDER

### PARTIES

The Commonwealth of Pennsylvania, Department of State, Bureau of Professional and Occupational Affairs ("Commonwealth") and **Steven Thomas Puccio, DO** ("Respondent") stipulate as follows in settlement of the above-captioned case.

### APPLICABLE LAW

1. This matter is before the State Board of Osteopathic Medicine ("Board") pursuant to the Osteopathic Medical Practice Act, Act of October 5, 1978, P.L. 1109, No. 261, ("Act"), as amended, 63 P.S. §§ 263-271.17; the Medical Care Availability and Reduction of Error ("Mcare") Act, Act of March 20, 2002, P.L. 154, No. 13, as amended, 40 P.S. §§ 1303.101-1303.910; and/or the Act of July 2, 1993, P.L. 345, No. 48 ("ACT 48"), as amended, 63 P.S. §§ 2201-2207.

### LICENSURE STATUS

2. At all times relevant and material hereto, Steven Thomas Puccio, DO, ("Respondent") held a license issued by the State Board of Osteopathic Medicine ("Board") to practice as an osteopathic physician and surgeon in the Commonwealth of Pennsylvania, license number

OS007746L, which was issued on July 20, 1992 and has been inactive since on or about July 22, 2016.

**STIPULATED FACTS**

3. The Respondent admits that the following allegations are true:
  - a. Absent further Board action, Respondent's license may be continually reactivated, renewed, or reinstated upon the filing of the appropriate documentation and payment of the necessary fees.
  - b. Respondent's address on file with the Board is: 3981 Hunsicker Drive, Walnutport, PA 18088.
  - c. Pursuant to a September 30, 2016 Criminal Complaint, Respondent was charged in Lehigh County, PA with Administering a Controlled Substance by a Practitioner for Other than a Medical Purpose (F), Sale/Distribution of Controlled Substance to a Dependent Person (M), and Furnishing False/Fraudulent Material Information (M) (MJ-31301-CR-0000258-2016). On September 30, 2016, the charges were waived to Lehigh County Court of Common Pleas. **See Exhibit A.**
  - d. On November 23, 2016, the Criminal Information was filed which withdrew the charge of Sale Give Controlled Substance to Dependent Person (M) and charged Respondent with: 1) Administering a Controlled Substance by a Practitioner for Other than a Medical Purpose (F), 2) Administering a Controlled Substance by a Practitioner for Other than a Medical Purpose (M), and 3) Furnishing False/Fraudulent Material Information (M) (CP-39-CR-0004691-2016). **See Exhibit A.**

e. Pursuant to the May 16, 2017 Guilty Plea, the charges of Administering a Controlled Substance by a Practitioner for Other than a Medical Purpose (F) and Furnishing False/Fraudulent Material Information (M) were withdrawn, and the charge of Administering a Controlled Substance by a Practitioner for Other than a Medical Purpose (M) was changed to Sale or Giving of Controlled Substance to a Dependent Person (M). On May 16, 2017, Respondent entered into a plea of guilty to the charge of Sale or Giving of Controlled Substance to a Dependent Person (M), and he was sentenced to pay costs and one year of probation. **See Exhibit A.**

f. The Professional Health Monitoring Program recommended that Respondent receive credit for verified monitoring beginning on February 8, 2017 if his participate in the Disciplinary Monitoring Unit (“DMU”) of the Department of State’s Professional Health Monitoring Programs is approved pursuant to the terms of the within agreement. **See Exhibit A.**

g. A true and correct copy of the certified court records for Lehigh County Docket No. CP-39-CR-0004691-2016, including but not limited to the Criminal Complaint, Affidavit of Probable Cause, Criminal Docket, Criminal Information, Guilty Plea Colloquy, and Sentencing Order are incorporated as **Exhibit A.**

h. Without stipulating to the truth of the allegations contained therein, the Prosecution is amenable to Respondent’s inclusion of the mitigating statement, which has been attached hereto as **Exhibit B.**

## ALLEGED VIOLATIONS

4. The Commonwealth alleges that the Board is authorized to suspend, revoke, or otherwise restrict Respondent's license under Sections 11(c) and 15(a) of the Act, 63 P.S. §§ 271.11(c) & 271.15(a); or impose a civil penalty under Section 908 of the Mcare Act, 40 P.S. §§ 1303.908, and/or Section 5(b)(4) of ACT 48, 63 P.S. §2205(b)(4); and/or impose the costs of investigation under Section 5(b)(5) of ACT 48, 63 P.S. § 2205(b)(5), because Respondent violated the Act at Section 15(a)(3), 63 P.S. § 271.15(a)(3) because Respondent was convicted of a felony, a crime involving moral turpitude, or a crime related to the practice of osteopathic medicine.

## PROPOSED ORDER

5. The parties, intending to be legally bound, consent to the issuance of the following Order in settlement of this matter:

a. The Board finds that it is authorized to suspend, revoke, or otherwise restrict Respondent's license under Sections 11(c) and 15(a) of the Act, 63 P.S. §§ 271.11(c) & 271.15(a); or impose a civil penalty under Section 908 of the Mcare Act, 40 P.S. §§ 1303.908, and/or Section 5(b)(4) of ACT 48, 63 P.S. §2205(b)(4); and/or impose the costs of investigation under Section 5(b)(5) of ACT 48, 63 P.S. § 2205(b)(5), because Respondent violated the Act at Section 15(a)(3), 63 P.S. § 271.15(a)(3) because Respondent was convicted of a felony, a crime involving moral turpitude, or a crime related to the practice of osteopathic medicine.

b. For purposes of this Agreement and Order, the terms “*practice*”, “*practice of the profession,*” and “*practice the profession*” shall include any and all activities requiring a license, registration, certificate, approval, authorization, or permit from the Board to perform. It also includes attendance at any

educational program/course that includes a clinical practice component with patients and/or requires a current license to practice the profession.

c. On the date this Agreement is adopted by the Board, Respondent's license shall be indefinitely **SUSPENDED** for no less than three (3) years, such suspension shall be immediately **STAYED** in favor of no less than three (3) years of **PROBATION**, unless that period of probation is extended or modified for cause by mutual agreement of the Respondent and the Professional Health Monitoring Program ("PHMP"), Disciplinary Monitoring Unit ("DMU") case manager; however, the above referenced three (3) year period is deemed to be retroactive from and/or have taken effect as of February 8, 2017. In addition, said probation is subject to the following terms and conditions:

**GENERAL**

(1) Within ten (10) days of the approval of this Agreement by the Board, Respondent shall contact the Bureau of Professional and Occupational Affairs, Professional Health Monitoring Programs ("PHMP"), Disciplinary Monitoring Unit ("DMU") to begin monitoring. PHMP's DMU contact information is:

|                                                                                                                                                                     |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Professional Health Monitoring Programs<br>Disciplinary Monitoring Unit<br>P.O. Box 10569<br>Harrisburg, PA 17105-0569<br>Tele (717)783-4857 or in PA (800)554-3428 |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------|

(2) Respondent shall fully and completely comply and cooperate with the PHMP and its agents and employees

in their monitoring of Respondent's impairment under this Agreement.

(3) Respondent shall abide by and obey all laws of the United States, the Commonwealth of Pennsylvania and its political subdivisions and all rules and regulations and laws pertaining to the practice of the profession in this Commonwealth or any other state or jurisdiction in which Respondent holds an authorization to practice the profession. Summary traffic violations shall not constitute a violation of this Agreement; however, a violation of any conditions of a criminal probation and/or parole is a violation of this Agreement.

(4) Respondent shall at all times cooperate and comply with the PHMP and its agents and employees in the monitoring, supervision and investigation of Respondent's compliance with the terms and conditions of this Agreement. Respondent shall cooperate and comply with any requests for written reports, records or verifications of actions that may be required by the PHMP; the requested shall be obtained and submitted at Respondent's expense.

(5) Respondent's failure to fully cooperate and comply with the PHMP shall be deemed a violation of this Agreement.

(6) Upon request of the PHMP case manager, Respondent shall enroll in a peer assistance program, when available, including, but not limited to, Physician's Health Program ("PHP"), and shall fully and completely comply with all of the terms and conditions of Respondent's agreement with the peer assistance program. Respondent's failure to fully and completely comply with Respondent's agreement with the peer assistance program shall constitute a violation of this Agreement.

(7) Respondent shall not falsify, misrepresent or make material omission of any information submitted pursuant to this Agreement.

(8) Respondent may not be absent from the Commonwealth of Pennsylvania for any period exceeding twenty (20) days unless Respondent seeks and receives prior written permission from the PHMP subject to any additional terms and conditions required by the PHMP.

(9) Respondent may not engage in the practice of the profession in any other state or jurisdiction without first obtaining written permission from the PHMP. Once written permission is granted by the PHMP, Respondent shall notify the licensing board of the other state or jurisdiction that Respondent suffers from an impairment

and is enrolled in the DMU prior to engaging in the practice of the profession in the other state or jurisdiction.

(10) In the event Respondent relocates to another jurisdiction, within five (5) days of relocating, Respondent shall either enroll in the other jurisdiction's impaired professional program and have the reports required under this Agreement sent to the Pennsylvania PHMP, or if the other jurisdiction has no impaired professional program, notify the licensing board of the other jurisdiction that Respondent is impaired and enrolled in this Program. In the event Respondent fails to do so, in addition to being in violation of this Agreement, the periods of suspension and probation herein shall be tolled. It is a violation of this Agreement if Respondent violates and/or fails to fully and completely comply with the impaired professional program in another jurisdiction.

(11) Respondent shall notify the PHMP by telephone within forty-eight (48) hours and in writing within five (5) days of the filing of any criminal charges against Respondent; the final disposition of any criminal charges against Respondent; the violation of any terms and conditions of a criminal probation or parole; the initiation of any legal action pertaining to Respondent's practice of

the profession; the initiation of charges, action, restriction or limitation related to Respondent's practice of the profession by a professional licensing authority of any state or jurisdiction or the Drug Enforcement Agency of the United States Department of Justice; or any investigation, action, restriction or limitation related to Respondent's privileges to practice the profession at any health care facility.

(12) Respondent shall notify the PHMP by telephone within forty-eight (48) hours and in writing within five (5) days of any change of Respondent's home address, phone number, employment status, employer and/or change in practice at a health care facility. Failure to timely advise the PHMP under this subsection due to the PHMP office being closed is not an excuse for not leaving a voice mail message with this information.

(13) Respondent shall cease or limit Respondent's practice of the profession if the PHMP case manager directs that Respondent do so.

#### **EVALUATION - TREATMENT**

(14) As requested by the PHMP, Respondent shall have forwarded to the PHMP, a written mental and/or physical evaluation by a provider approved by the PHMP (hereinafter "treatment provider") assessing Respondent's

fitness to actively practice the profession. Unless otherwise directed by PHMP, the evaluation shall be forwarded to:

|                                                                                                                                                                     |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Professional Health Monitoring Programs<br>Disciplinary Monitoring Unit<br>P.O. Box 10569<br>Harrisburg, PA 17105-0569<br>Tele (717)783-4857 or in PA (800)554-3428 |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------|

If the treatment provider determines that Respondent is not fit to practice, Respondent shall immediately cease practicing the profession and not practice until the treatment provider and the PHMP case manager determine that Respondent is fit to resume practice with reasonable skill and safety to patients.

(15) The evaluation described in the previous paragraph is in addition to any other evaluation already provided.

(16) Respondent shall provide copies of any prior evaluations and counseling records and a copy of this agreement to the treatment provider.

(17) Respondent shall authorize, in writing, the PHMP to receive and maintain copies of the written evaluation reports of the treatment provider(s).

(18) If a treatment provider recommends that Respondent obtain treatment, Respondent must fully

comply with those recommendations as part of these probationary requirements.

(19) Respondent shall arrange and ensure that written treatment reports from all treatment providers approved by the PHMP are submitted to the PHMP upon request or at least every ninety (90) days after the effective date of this Agreement. The reports shall contain at least the following information:

(i) Verification that the treatment provider has received a copy of this Agreement and understands the conditions of this probation;

(ii) A treatment plan, if developed;

(iii) Progress reports, including information regarding compliance with the treatment plan;

(iv) Physical evaluations, if applicable;

(v) The results of any testing including any testing for therapeutic levels of prescribed medications when deemed appropriate by the treatment provider;

(vi) Modifications in treatment plan, if applicable;

(vii) Administration or prescription of any drugs to Respondent; and

(viii) Discharge summary and continuing care plan at discharge.

(ix) Any change in the treatment provider's assessment of the Respondent's fitness to actively practice the profession.

(20) Respondent shall identify a primary care physician who shall send written notification to the Respondent's PHMP case manager certifying Respondent's health status as requested.

#### **SUPPORT GROUP ATTENDANCE**

(21) Respondent shall attend and actively participate in any support group programs recommended by the treatment provider or the PHMP case manager at the frequency recommended by the treatment provider; however, Respondents with a chemical dependency or abuse diagnosis shall attend no less than twice a week.

(22) Respondent shall provide written verification of any and all support group attendance to the PHMP on at least a monthly basis or as otherwise directed by the PHMP.

#### **ABSTENTION**

(23) Respondent shall completely abstain from the use of controlled substances, caution legend (prescription) drugs, mood altering drugs or drugs of abuse

including alcohol in any form, except under the following conditions:

(i) Respondent is a bona fide patient of a licensed health care practitioner who is aware of Respondent's impairment and participation in the PHMP;

(ii) Such medications are lawfully prescribed by Respondent's treating practitioner and approved by the PHMP case manager;

(iii) Upon receiving the medication, Respondent must provide to the PHMP, within forty-eight (48) hours by telephone and within five (5) days in writing, the name of the practitioner prescribing the drug, the illness or medical condition diagnosed, the type, strength, amount and dosage of the medication and a signed statement consenting to the release of medical information from the prescribing practitioner to the PHMP or its designated representative for the purpose of verification; and

(iv) Upon refilling a medication, Respondent must provide to the PHMP, within forty-eight (48) hours by telephone and within five (5) days in writing, the name of the practitioner prescribing the drug, the illness or medical condition diagnosed, the type, strength, amount and dosage of the medication and a signed statement consenting to the

release of medical information from the prescribing practitioner to the PHMP or its designated representative for the purpose of verification.

#### **DRUG TESTING**

(24) Respondent shall submit to random unannounced and observed drug and alcohol tests (drug testing), inclusive of bodily fluid, breath analysis, hair analysis, or another procedure as selected by the PHMP, for the detection of substances prohibited under this Agreement as recommended by the treatment provider and as directed by the PHMP. A positive, adulterated or substituted result on a drug test shall constitute an irrefutable violation of this Agreement unless Respondent has complied with the provisions of this Agreement pertaining to the use of drugs. Failure to provide a specimen or a specimen of sufficient quantity for testing when requested will be considered a violation of this Agreement.

(25) Respondent shall avoid all foods that contain poppy seeds. Ingestion of poppy seeds will not be accepted as a valid explanation for a positive screen.

(26) Respondent shall avoid all substances containing alcohol, including alcohol in food or beverages, medications, chemical solutions, cleaning solutions,

gasoline, hand sanitizers, or other skin preparations.

Incidental use of alcohol will not be accepted as a valid explanation for a positive drug test unless Respondent has complied with the provisions of this Agreement pertaining to the use of drugs as set forth in the Abstention Section above.

#### **MONITORED PRACTICE**

(27) Respondent shall not practice the profession unless a provider approved by the PHMP approves the practice in writing and the PHMP Case Manager gives written permission to practice.

(28) Respondent shall not work in any practice setting without workplace monitoring as required by the PHMP.

(29) Workplace monitoring shall require control and personal direction exercised by the monitor over the services provided by Respondent. Constant physical presence of the monitor is not required so long as the monitor and the Respondent are, or can easily be, in contact with one another by radio, telephone, or telecommunications. Monitoring requires the availability of the monitor to the Respondent.

(30) If Respondent is practicing or attending any educational program/course that includes a clinical practice

component with patients and/or requires a current license to practice the profession, Respondent shall give any employer, supervisor, preceptor, or instructor (hereinafter referred to collectively as "supervisor") a copy of this Agreement within five (5) days of the effective date of this Agreement.

(31) Respondent shall give any prospective employer and supervisor a copy of this Agreement when applying for employment in the practice of the profession and to any prospective school/program when applying for any educational program/course that includes a clinical practice component with patients and/or requires a current license to practice the profession.

(32) Within five (5) days of the effective date of this Agreement, and by telephone within forty-eight (48) hours and in writing within five (5) days upon obtaining employment, or entering an educational program/course that includes a clinical practice component with patients and/or requires a current license to practice, Respondent shall provide the following to PHMP:

(i) Name and address of the supervisor responsible for Respondent's practice;

(ii) The name(s) and address(es) of the place(s) at which Respondent will practice the profession and a description of Respondent's duties and responsibilities at such places of practice; and

(iii) Any restrictions on Respondent's practice.

(33) Respondent shall ensure that Respondent's supervisor submits to the PHMP the following information in writing:

(i) Verification that the supervisor has received a copy of this Agreement and understand the conditions of this probation;

(ii) An evaluation of Respondent's work performance on a ninety (90) day or more frequent basis as requested by the PHMP; and

(iii) Immediate notification of any suspected violation of this probation by Respondent.

#### **REPORTING/RELEASES**

(34) Respondent, Respondent's treatment providers, supervisors, employers or other persons required to submit reports under this Agreement shall cause such reports, data or other information to be filed with the PHMP, unless otherwise directed, at:

Professional Health Monitoring Programs  
Disciplinary Monitoring Unit  
P.O. Box 10569  
Harrisburg, PA 17105-0569  
Tele (717)783-4857 or in PA (800)554-3428

(35) Respondent consents to the release by the PHMP of any information or data produced as a result of this probation, including written treatment provider evaluations, to any treatment provider, supervisor, Commonwealth's attorney, hearing examiner and Board members in the administration and enforcement of this Agreement.

(36) Respondent shall sign any required waivers or release forms requested by the PHMP for any and all records, including medical or other health related and psychological records, pertaining to treatment and monitoring rendered to Respondent during this probation and any corresponding criminal probation, and any employment, personnel, peer review or review records pertaining to Respondent's practice of the profession during this probation to be released to the PHMP, the Commonwealth's attorney, hearing examiner and Board members in the administration and enforcement of this Agreement.

## COSTS

(37) Respondent shall be responsible for all costs incurred in complying with the terms of this Agreement, including but not limited to psychiatric or psychotherapy treatments, and reproduction of treatment or other records. Respondent shall pay the costs for any drug testing and any subsequent reanalysis of specimens required by the PHMP. Failure of Respondent to pay any of these costs in a timely manner shall constitute a violation of this Agreement.

## BUREAU/PHMP EVALUATIONS

(38) Upon request of the PHMP, Respondent shall submit to mental or physical evaluations, examinations or interviews by a treatment provider approved by the PHMP or the PHMP. Respondent's failure to submit to such an examination, evaluation or interview when directed shall constitute a violation of this Agreement.

## VIOLATION OF THIS ORDER

d. Notification of a violation of the terms or conditions of this Agreement shall result in the **IMMEDIATE VACATING** of the stay order, **TERMINATION** of the period of probation, and **ACTIVATION** of the suspension in paragraph 5(d) above of Respondent's authorizations to practice the profession in the Commonwealth of Pennsylvania as follows:

(1) The prosecuting attorney for the Commonwealth shall present to the Board's Probable Cause Screening Committee ("Committee") a Petition that indicates Respondent has violated any terms or conditions of this Agreement.

(2) Upon a probable cause determination by the Committee that Respondent has violated any of the terms or conditions of this Agreement, the Committee shall, without holding a formal hearing, issue a preliminary order vacating the stay of the within suspension, terminating this probation and activating the suspension of Respondent's authorization(s) to practice the profession.

(3) Respondent shall be notified of the Committee's preliminary order within three (3) business days of its issuance by certified mail and first class mail, postage prepaid, sent to the Respondent's last registered address on file with the Board, or by personal service if necessary.

(4) Within twenty (20) days of mailing of the preliminary order, Respondent may submit a written answer to the Commonwealth's Petition and request that a formal hearing be held concerning Respondent's violation of probation, in which Respondent may seek relief from the preliminary order activating the suspension. **The answer**

**shall be set forth in numbered paragraphs**  
**corresponding to the numbered paragraphs of the**  
**Petition. Respondent shall admit or deny each of the**  
**allegations set forth in the paragraphs in the Petition.**

Respondent shall mail the original answer and request for hearing, as well as all subsequent filings in the matter, to:

|                                                                                       |
|---------------------------------------------------------------------------------------|
| Prothonotary<br>2601 North Third Street<br>P.O. Box 2649<br>Harrisburg, PA 17105-2649 |
|---------------------------------------------------------------------------------------|

Respondent shall also mail a copy of all filings to the prosecuting attorney for the Commonwealth.

(5) If the Respondent submits a timely answer and request for a formal hearing, the Board or a designated hearing examiner shall convene a formal hearing within forty-five (45) days from the date of the Prothonotary's receipt of Respondent's request for a formal hearing.

(6) Respondent's submission of a timely answer and request for a hearing shall not stay the suspension of Respondent's license under the preliminary order. The suspension shall remain in effect unless the Board or the hearing examiner issues an order after the formal hearing staying the suspension again and reactivating the probation.

(7) The facts and averments in this Agreement shall be deemed admitted and uncontested at this hearing.

(8) If the Board or hearing examiner after the formal hearing makes a determination against Respondent, a final order will be issued sustaining the suspension of Respondent's license and imposing any additional disciplinary measures deemed appropriate.

(9) If Respondent fails to timely file an answer and request for a hearing, the Board, upon motion of the prosecuting attorney, shall issue a final order affirming the suspension of Respondent's license.

(10) If Respondent does not make a timely answer and request for a formal hearing and a final order affirming the suspension is issued, or the Board or the hearing examiner makes a determination against Respondent sustaining the suspension of Respondent's license, after at least **three (3)** years of active suspension and any additional imposed discipline, Respondent may petition the Board for reinstatement based upon an affirmative showing that Respondent has at least **thirty-six (36)** months of sustained documented recovery, an evaluation by a treatment provider approved by the PHMP that Respondent is fit to safely practice the profession, and

verification that Respondent has abided by and obeyed all laws of the United States, the Commonwealth of Pennsylvania and its political subdivisions, and all rules and regulations pertaining to the practice of the profession in this Commonwealth.

(11) If the Board issues a Preliminary Order terminating the stay of the suspension and actively suspending Respondent's license to practice the profession in accordance with the procedure set forth above, Respondent shall immediately cease the practice of the profession. Respondent shall continue to comply with all of the terms and conditions of probation in this Consent Agreement and Order during the active suspension until the Board issues a Final Order. Continued failure by Respondent to comply with the unaffected terms and conditions of probation while awaiting the issuance of a Final Order by the Board may result in further disciplinary action against Respondent.

e. Respondent's failure to fully comply with any terms of this Agreement may also constitute grounds for additional disciplinary action.

f. Nothing in this Agreement shall preclude the prosecuting attorney for the Commonwealth from filing charges or the Board from imposing disciplinary or corrective measures for violations or facts not contained in this Agreement.

## COMPLETION OF PROBATION

g. After successful completion of the minimum period of probation, Respondent may petition the Board, upon a form provided by the PHMP, to reinstate Respondent's authorizations to practice the profession to unrestricted, non-probationary status upon an affirmative showing that Respondent has complied with all terms and conditions of this Agreement and that Respondent's resumption of unsupervised practice does not present a threat to the public health and safety. **Respondent is required to remain in compliance with all terms and conditions of this Agreement until the Board issues the order terminating Respondent's probationary status.**

h. Additionally, as a condition precedent to reinstatement of Respondent's license to practice osteopathic medicine and surgery in the Commonwealth of Pennsylvania,

(1) Respondent shall have the burden of demonstrating to the satisfaction of the Board that the Respondent bears the requisite honesty, trustworthiness, integrity, and competency to be entrusted to hold a license to practice osteopathic medicine and surgery; and

(2) Respondent acknowledges if the Respondent petitions for reinstatement of his license to unrestricted status, the Board may take actions, which include, but are not limited to a) requiring the Respondent to appear at a formal or informal hearing to determine the Respondent's

honesty, trustworthiness, integrity, and competency, and b) granting with conditions c) or denying the petition.

(3) Respondent shall have the burden of demonstrating to the satisfaction of the Board that the Respondent has completed all aspects of his sentencing in his underlying criminal case (CP-39-CR-0004691-16).

i. This Order constitutes disciplinary action by the Board and shall be reported to other licensing authorities and any applicable national licensing databank as a disciplinary action by the Board.

j. This case shall be deemed settled and discontinued upon the Board issuing an Order adopting this Consent Agreement, and Respondent's successful completion of any ordered Probation terms.

#### **ADMISSIBILITY OF CONSENT AGREEMENT IN FUTURE PROCEEDINGS**

6. Respondent agrees that if Respondent is charged with a violation of an Act enforced by this Board in the future, this Consent Agreement and Order shall be admitted into evidence without objection in that proceeding.

#### **ACKNOWLEDGMENT OF NOTICE AND WAIVER OF HEARING**

7. Respondent waives the filing of an Order to Show Cause in this matter. Respondent knowingly and voluntarily waives the right to an administrative hearing in this matter, and knowingly and voluntarily waives the following rights related to that hearing: to be represented by counsel at the hearing; to present witnesses and testimony in defense or in mitigation of any sanction that may be imposed for a violation; to cross-examine witnesses and to challenge evidence presented by the Commonwealth; to present legal arguments by means of a brief; and to take an appeal from any final adverse decision.

#### **ACKNOWLEDGMENT OF RIGHT TO ATTORNEY**

8. Respondent acknowledges that he is aware that he has the right to consult with, and/or be represented by, private legal counsel of Respondent's choosing and at Respondent's expense when reviewing, considering and accepting the terms of this Consent Agreement.

#### **WAIVER OF CLAIM OF COMMINGLING AND OTHER CONSTITUTIONAL CLAIMS**

9. Respondent expressly waives any constitutional rights and issues, such as commingling of prosecutorial and adjudicative functions by the Board or its counsel, which may arise or have arisen during the negotiation, preparation and/or presentation of this Consent Agreement. Respondent specifically agrees that if the Board rejects this agreement, it may assume that the facts and averments as alleged in this Consent Agreement are true and correct for the limited purpose of recommending a sanction, based on those assumed facts, that would be acceptable to the Board before hearing the case. In the event that the Board does assume the facts and averments as alleged in this Consent Agreement are true for purposes of making a recommendation as to an acceptable sanction, such action shall not constitute commingling of prosecutorial and adjudicative functions by the Board or its counsel, and the Respondent expressly waives any constitutional rights and issues related to alleged commingling, bias, or violation of due process rights to have an unbiased and impartial adjudicator in any subsequent hearing. If a hearing is subsequently held, neither this Consent Agreement nor the proposed terms of settlement may be admitted into evidence and any facts, averments, and allegations contained in the Consent Agreement must be proven at hearing unless otherwise separately stipulated. This paragraph is binding on the participants even if the Board does not approve this Consent Agreement.

**NO MODIFICATION OF ORDER**

10. Respondent agrees, as a condition of entering into this Consent Agreement, not to seek modification at a later date of the Stipulated Order adopting and implementing this Consent Agreement without first obtaining the express written concurrence of the Prosecution Division.

**AGREEMENT NOT BINDING ON OTHER PARTIES**

11. The Office of General Counsel has approved this Consent Agreement as to form and legality; however, this Consent Agreement shall have no legal effect unless and until the Board issues the stipulated Order.

**EFFECT OF BOARD'S REJECTION OF CONSENT AGREEMENT**

12. Should the Board not approve this Consent Agreement, presentation to and consideration of this Consent Agreement and other documents and matters by the Board shall not prejudice the Board or any of its members from further participation in the adjudication of this matter. This paragraph is binding on the participants even if the Board does not approve this Consent Agreement.

**ENTIRE AGREEMENT**

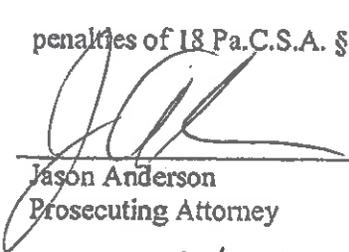

13. This agreement contains the whole agreement between the participants; provided however, that the captions printed in the various provisions of this agreement are for ease of reading only and are not to be interpreted as forming any part of this agreement. There are no other terms, obligations, covenants, representations, statements or conditions, or otherwise, of any kind whatsoever concerning this agreement.

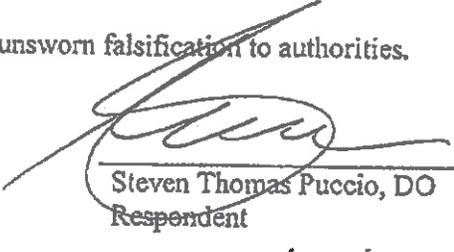

**AGREEMENT DOES NOT PREVENT ADDITIONAL DISCIPLINE BASED ON OTHER COMPLAINTS**

14. Nothing in this Order shall preclude the Prosecution Division for the Commonwealth from filing charges or the Board from imposing disciplinary or corrective measures for violations or facts not contained in this Consent Agreement;

VERIFICATION OF FACTS AND STATEMENTS

15. Respondent verifies that the facts and statements set forth in this Consent Agreement are true and correct to the best of Respondent's knowledge, information and belief. Respondent understands that statements in this Consent Agreement are made subject to the criminal penalties of 18 Pa.C.S.A. §4904 relating to unsworn falsification to authorities.

Case No. CR-4691-2016

GUILTY PLEA COLLOQUY

You or your attorney has indicated that you may want to plead guilty to some or all of the crimes charged against you. This paper lists questions connected with your guilty plea. Many of the questions go over your rights under the law as a person charged with a crime or with crimes. By pleading guilty, you give up many of these rights. It is important, then, that you understand your rights before pleading guilty. Please read each question carefully and then answer the question. If you do not understand the question, mark that down by the question. When you have finished answering the questions on a page, put your initials in the space at the bottom of the page. When you have finished all of the questions, sign the last page.

If there are questions that you do not understand, or if you do not believe you understand the rights mentioned in this paper, go to your attorney so that he/she can explain the question or your rights to you. You may also ask the Judge to explain your rights to you when you go before him or her.

Initials SP

5  
Pis

1. What is your full name? STEVEN T. Puccio

2. How old are you today? 53

3. How far did you go in school? POST GRADUATE

4. Have you discussed your citizenship status with your attorney?

Yes  No

5. If you are not a U.S. citizen, by pleading guilty your immigration status may be affected and you may be subject to removal from the United States. Do you understand this?

Yes  No

6. Can you read, write and understand the English Language?

Yes  No

7. Are you now being treated for a mental illness?

Yes  No

8. If the answer to Number 7 is yes, explain the details. If the answer is no, go to question 10.

compulsivity disorder

9. If you are now being treated for a mental illness, do you still feel that you are able to understand what you are doing today?

Yes  No

Initials SPD

10. Do you know what crime or crimes are charged against you?

Yes  No

11. Each crime has a number of elements to it. Did your attorney (your lawyer) explain to you the elements of the crime or crimes that you are pleading guilty to?

Yes  No

12. When a person is charged with a crime, he has a right to defend himself in a trial by a jury. Do you understand this?

Yes  No

13. To defend yourself in a trial by jury, you would have to plead not guilty. Do you understand this?

Yes  No

14. By pleading guilty you admit you committed the crime or crimes charged and you give up your right to a trial by jury. Do you understand this?

Yes  No

15. If you want a trial by jury, you have the right to help select the jury with your attorney and you can remove any potential juror who cannot be fair and impartial. Twelve people must be selected to be your jury. Do you understand this?

Yes  No

Initials SIP

21. If you wish to defend yourself and plead not guilty, you may also request a trial before a Judge instead of by a jury. In that case, there is no jury, and the Judge decides whether you are guilty or not guilty. As in a jury trial, the District Attorney must prove you guilty of each element of the crime or crimes charged against you beyond a reasonable doubt. Do you understand your right to a non-jury trial?

Yes  No

22. Do you understand that by pleading guilty you give up your right to a trial, either by jury or before a Judge?

Yes  No

23. By pleading guilty, you also give up the right to challenge the evidence the District Attorney wants to bring against you. If the District Attorney has physical objects or other evidence it has taken from you, or if you made any statements or confessions to the police, or if there are witnesses who identified you to the police you can challenge the use of this evidence at a hearing before the trial starts.

The District Attorney has the burden of showing that it may use this evidence against you. Do you understand that when you plead guilty, you give up this right to challenge the use of the evidence against you?

Yes  No

24. If you go to trial and are convicted you have the right to appeal the verdict to a higher court. Do you understand this?

Yes  No

Initials SNP

25. If you are successful in appealing a verdict of guilty after the trial, the verdict could be overturned and either you would be set free or you would be able to have another trial. Do you understand this and that you would be giving up these rights by pleading guilty?

Yes ✓ No \_\_\_\_\_

26. But if you plead guilty, you give up your right to appeal your guilty plea except on three grounds:

1) That the guilty plea was not made voluntarily or you did not understand what you were doing when you pled guilty.

2) That the court could not accept your guilty plea because the crime or crimes did not occur in Lehigh County.

3) That the Judge's sentence is unlawful or improper.

Do you understand these three grounds of appeal?

Yes ✓ No \_\_\_\_\_

27. You may also appeal your guilty plea if you believe your attorney was incompetent in representing you or otherwise acted improperly in advising you to plead guilty. Do you understand this?

Yes ✓ No \_\_\_\_\_

28. If you wish to appeal your guilty plea based on these grounds, you must petition the court to withdraw your guilty plea either before you are sentenced or within 10 days after you are sentenced. If the court does allow you to withdraw your guilty plea, then you will go to trial on the charges against you. If the court

Initials SNP

does not allow you to withdraw your guilty plea, you may appeal the decision to the Superior Court within 30 days after you are sentenced. Do you understand this?

Yes  No

29. Has your attorney or anyone else told you what sentences you can receive for the crimes charged against you?

Yes  No

30. If you are pleading guilty as a part of a plea bargain, you should know that the Judge does not have to accept the plea bargain if he or she feels it is improper. If the Judge rejects the plea bargain, you will be able to withdraw your guilty plea and go to trial where your guilty plea cannot be mentioned. Do you understand this?

Yes  No

31. If the Judge accepts the plea bargain, you will be sentenced according to the plea bargain. Do you understand this?

Yes  No

32. If you had gone to trial instead of pleading guilty, you would have had the right to have witnesses testify for you, and you would have had the right to confront (face) and cross-examine all of the prosecution witnesses against you. But if you plead guilty, the District Attorney will be able to briefly give its evidence against you, and the Judge will accept this as true. Do you understand this?

Yes  No

Initials SJP

33. Now that you have been informed of these rights do you now wish to plead guilty to some or all of the crimes charged against you?

Yes  No

34. Has anybody forced you to enter this plea of guilty?

Yes  No

35. Are you doing this of your own free will?

Yes  No

36. Have any threats been made to you to enter a plea of guilty?

Yes  No

37. Have any promises been made to you to enter a plea of guilty other than any plea bargain made by you or your attorney?

Yes  No

38. Are you satisfied with the representation of your attorney?

Yes  No

39. Have you had enough time to talk with your attorney before reading this paper and entering your plea of guilty?

Yes  No

40. Has your attorney gone over with you the meaning of the questions in this paper?

Yes  No

41. Has your attorney explained to you the questions you didn't understand?

Yes  No

Initials SRP

42. Are you presently on probation or parole?

Yes \_\_\_\_\_ No  \_\_\_\_\_

43. If you are on probation or parole do you realize that your plea of guilty will mean a violation of that probation or parole and you can be sentenced to prison as a result of that violation caused by your guilty plea today?

Yes  \_\_\_\_\_ No \_\_\_\_\_

44. Do you understand that the decision to enter a guilty plea is yours and yours alone; that you do not have to enter a plea of guilty and give up all your rights as previously explained to you; and that no one can force you to enter a guilty plea?

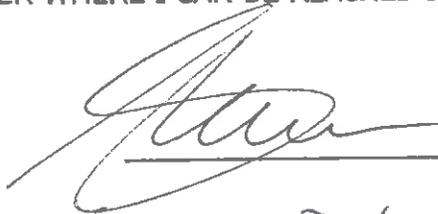

Yes  \_\_\_\_\_ No \_\_\_\_\_
