Chair, Dr. Peter Johnson, called the meeting to order and welcomed all attendees.

Discussion ensued regarding making rule changes that would meet the Joint Administrative Procedures Committee (JAPC) approval. Direction was given, that any changes made would need to be clearly evident in the rule language to ensure JAPC's understanding of the intent.

A brief recap of the intent of the process was provided.

Board counsel informed the committee that every line of proposed changes should be reviewed and addressed, ensuring that the proposed changes state the committee's wishes exactly. She further noted that the challenge would be not to exceed statutory authority; therefore, it should be the overriding umbrella in the process.

Discussion continued, with detailed review of the proposed changes and identification of further revisions that are needed. Ms. Campbell stated she would make the identified changes.

Any new proposed language will be further discussed at the October 21, 2019 Ad Hoc committee meeting.
